

Addendum to Clay and UNF Memorandum of Understanding

(Professional Development Schools Program)

The University worked in collaboration with District personnel to select partnership schools for the Fall 2018. For each selected partnership school, there is an attached addendum to be included with the MOU. This will be approved by both the District and the University, identifying the school, the courses taught, the student selection process, and the scope of activities.

Grove Park Elementary School: Fall 2018

Courses:

- EDF 3945 2 Field Lab I
- EDE 4943 12 Internship
- EEX 4861 12 EDIE Internship

Students: Undergraduate

Scope of Work: Professional Development School; Ms. Easter Brown will serve as the Resident Clinical Faculty member for Grove Park Elementary.

Selection: Students will self-select for the co-requisite courses offered at Grove Park. Students will be placed by the University and District at Grove Park for their internship.

Orange Park High School: Fall 2018

Courses:

- ESE 4943 12 Internship (Fall 2018)
- EDF 3945 2 Field Laboratory I (Fall 2018)

Students: Undergraduate

Scope of Work: Professional Development School; Ms. Shelley Lester will serve as the Resident Clinical Faculty member for Orange Park High School.

Selection: Students will self-select for the co-requisite courses offered at Orange Park High School. Students will be placed by the University and District at Orange Park High School for their internship.

* All onsite instruction will be provided by a UNF faculty member.
