Students	Operating Dates, 7/6/21-7/22/21, 8:00 a.m.-1:00p.m.* (Monday-Thursday)
Assistants	Operating Dates, 7/6/21-7/22/21, 8:00 a.m.-1:00p.m.* (Monday-Thursday)
Important Dates	No school or teacher contact 7/5/2021
Attendance	The district policy for Summer Science Camp attendance requires that students not miss more than two days of camp. In the event a student is absent more than two days he/she will be dropped from summer reading camp. In addition, repeated tardy or late pick-up (three or more) may also result in the student being dropped from the Summer Science Camp program. This attendance policy is in place to ensure that students are provided with maximum time for intensive instruction.

Student Registration

Eligibility

The District will provide the Summer Science Camp to fourth grade students who demonstrate a substantial science deficiency as determined by district assessments.

Notification

The district will identify eligible students by June 8th. Schools site administrators will contact students who qualify via a parent letter and/or phone call in order to establish the school of their attendance.

Registration

Once eligible students are invited, parents will complete the online registration, via the link below. School sites will assist parents with online registration if needed. If a parent does not have access to the internet, they can give verbal acknowledgement of attendance and the Student Records Secretary can enroll them.

Materials	Woz Education 3rd -5th grade Science Kits Performance Matters
Assessment	Screening: Performance Matters mid year assessment Progress Monitoring: Performance Matters data and teacher-developed records Summative: Performance Matters

Student Records

Initiating Summer School Records

Prior to the first day of the program, the district will provide Summer Science Camp teachers the Performance Matters diagnostic information of each student. The teachers will then take anecdotal notes on each student throughout Summer Science Camp to be placed in the student cumulative folder. The teachers will notify each school with student registration information.

For students with medical needs, refer to the process outlined in the Student Health Care Section of the ESY Task Instructions, which can be found in the Extended School Year section of this manual.

Closing Out Summer School Records

The summer school teacher will complete the Summer Science Camp Report Card to share with parents and to be sent to the home school to be included in the student's record.
