WHEREAS, Section 1007.271, Florida Statutes, specifies that articulation agreements pertaining to acceleration programs (dual enrollment) shall be executed between Florida College System institution presidents and District school superintendents in their respective school districts and Florida College System Institutions and defines specific eligibility requirements for participating students, defines the types of courses which can be taken by dual enrollment students, defines curriculum standards for dual enrollment courses taught on the high school campus, defines credentialing standards for secondary school faculty teaching dual enrollment courses on the secondary school campus, defines criteria for the participation of home and private school students in dual enrollment, defines the mandatory components of dual enrollment articulation agreements to include funding provisions for partners in dual enrollment articulation agreements, and provisions to provide support for students with disabilities who wish to participate in dual enrollment;

WHEREAS the State Board of Education must establish by rule the minimum test scores a student must achieve to demonstrate readiness; and

WHEREAS, Florida Statute 1007.23 (3) requires each student who is seeking an associate in arts degree to indicate a baccalaureate degree program offered by an institution of interest by the time the student earns 30 semester hours and that the institution in which the student is enrolled shall inform the student of the prerequisites for the baccalaureate degree program offered by an institution of interest; and

WHEREAS, the 2014 Legislature enacted HB 5101 amending 1007.271 F.S. requiring school districts to pay public postsecondary institutions tuition for courses offered on the college campus (including virtual campus) in the fall and spring terms, requiring school districts to pay only the costs of salary and benefits when instruction on the high school site is offered by a postsecondary instructor, but not requiring school districts to reimburse costs to the postsecondary institution for instruction on the high school sites delivered by high school instructors; and

WHEREAS, the 2014 Legislature enacted SB 850 creating 1007.273 F.S. requiring a Florida College System institution to work with each district school board in it designated service area to establish collegiate high school programs; providing options for participation in a collegiate high school program; requiring a local Florida College System institution to execute a contract with a district school board to establish the program; requiring the contract to be executed by a specified date for the purpose of implementation and components of the contract; requiring student performance contracts and specifications for participating students; requiring the State Board of Education to enforce compliance; and

WHEREAS, the 2012 Legislature enacted HB 7135 amending 1007.25 FS, mandating that all students entering state colleges and universities in the Fall semester of 2015 must have 15 credits identified as "core" general education as part of their Associate of Arts or Bachelor degree to be universally accepted by said institutions; and

WHEREAS, the 2016 Legislature enacted CS/HB 837 mandating that all postsecondary institutions participating in dual enrollment shall include in its dual enrollment articulation agreement, services and resources that are available to students with disabilities who register in a dual enrollment course at an eligible institution and provide information regarding such services and resources to the Florida Center for Students with Unique Abilities and that the Center will disseminate that information to students with disabilities and their parents or guardians; and

WHEREAS, the College and SBCC acknowledge the changes in federal and state law that demand secondary to postsecondary career training pathways linked to requirements in postsecondary Workforce Development.

NOW, THEREFORE, BE IT RESOLVED that SBCC and the College agree to the following:

The College and SBCC shall create systems and policies that align with the terms and assignments of responsibilities. These systems and policies may be adjusted when agreed to by both parties. Grants and any program that references/uses dual enrollment as a mechanism must be reviewed and approved by SBCC and the College's Office of Articulation.

N. General Collaboration Efforts: The College and SBCC agree to work toward initiatives that will reduce duplication, share resources, and otherwise enhance the activities and opportunities for each entity in areas such as Staff and Professional Development, Faculty to Faculty Articulation, Student Assessment, Counselor to Counselor Articulation, Research and Management Information, and Testing.

O. Student Records: The College and SBCC agree to share student data consistent with the restrictions imposed by state and federal laws and statutes. The purpose of this sharing will be to inform students of educational opportunities, monitor academic achievement and college readiness, measure program effectiveness and facilitate on-going research. Each organization agrees to treat such shared student information as confidential, and agrees not to release personally identifiable information to third parties, except as permitted by law. Technical details of data sharing will be determined by mutual agreement of the data processing departments of both the College and SBCC. All related enrollment projections, FTE reports, cost analyses and other elements required for the allocation of funds shall be the sole responsibility of the assigned party unless indicated otherwise herein.

- P. Faculty Records:** For initial screening and review of high school instructors who apply to teach college dual enrollment courses, SBCC agrees to allow the College access, copying, and review of faculty transcripts already on file with SBCC. It is understood that after initial screening, faculty who meet Southern Association of Colleges and Schools, Commission on Colleges (SACSCOC) credentialing standards must provide FSCJ with an official copy of their undergraduate and graduate transcripts prior to encoding of their dual enrollment classes.
- Q. Non-exclusivity:** The provision contained in this agreement shall not prevent whichever party is assigned responsibility for one or more of these programs from developing joint programs or contracting for specific instructional services with another entity or agency.
- R. Amendments and Modifications:** This agreement may be amended at any time through a Memorandum of Understanding signed, dated, and consented to by both parties and consistent with state and federal statutes, rules, and regulations. Amendments to any Exhibit included in this Agreement may be executed at any time with the signed consent of both parties and shall reflect the date of the amendment.
- S. Term:** The Agreement shall commence on the effective date and shall continue in full force until it is terminated, modified, or renewed by the parties. Pursuant to Section 1007.235(2), Florida Statutes, this dual enrollment articulation Agreement shall be reviewed each year for required modifications prior to high school registration for the fall term of the following year. Exhibit A. Dual Enrollment Acceleration Programs: Overview and Requirements

I. Dual Enrollment: Traditional, Career, Early Admission, Early College, Collegiate Career High School

A. Program Definitions

The dual enrollment program is the enrollment of an eligible secondary student or home education student pursuant to s.1007.271(2) in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. (s.1007.271 F.S.)

Traditional dual enrollment refers to coursework offered for dual enrollment that meets both high school graduation requirements and requirements for the Associate of Arts taken by eligible students enrolled on a part-time basis.

Career dual enrollment refers to coursework in college credit career programs and non-credit workforce certificates based upon state-approved frameworks that lead to industry certifications.

Early Admission is a form of dual enrollment in which eligible senior level high school students are permitted to enroll on the college campus on a full-time basis in fall and spring terms of the senior year, earning both college and high school graduation credit.

B. Process for Informing Students and Parents about Opportunities for Student Participation in Dual Enrollment

SBCC will inform students and parents about opportunities for participation in Traditional Dual Enrollment, Career Dual Enrollment, and Early Admission through presentations at middle and high school sites, on SBCC website, and SBCC-wide events for high school choice and acceleration mechanisms.

FSCJ will inform students about opportunities for participation in Traditional Dual Enrollment, Career Dual Enrollment, and Early Admission through the FSCJ Dual Enrollment website, and College Open House events.

C. Location and Scheduling

With the approval of the College and SBCC, eligible dual enrollment students may take the courses described herein during regular class periods at SBCC school sites in fall or spring terms, in approved times in fall or spring terms outside of the regular class

periods at SBCC school sites, or during any scheduled fall or spring term on the College campus or online.

Research by the College has demonstrated that students are most successful in full term classes. Consequently, student will be preferentially scheduled in those classes rather than a short term or hybrid classes when at all possible.

SBCC may not require students to register for only those dual enrollment classes offered at SBCC school sites, but may limit students from taking a course at an FSCJ campus if that same course is also offered at their home SBCC school.

If the College is physically closed or limiting on-campus class sizes through unexpected circumstances, courses which were originally scheduled as face-to-face or hybrid may be converted to online. In such circumstances, students and faculty members affected will be given all possible support to ensure students have the greatest chance of success.

D. Course Selection

College courses selected for this program shall meet and satisfy the requirements of s.1007.271 F.S. for awarding both high school credit and college credit. SBCC shall advise interested students and their parents or guardians of the application of the college credits earned to the credit required for a high school diploma, the ramifications, and responsibilities of initiating a permanent college transcript.

In accordance with s.1007.271 F.S., students may not earn dual enrollment credit for pre-collegiate instruction (including career/technical-preparatory instruction and college-preparatory courses), recreation or leisure, or physical education courses focusing on the physical execution of a skill.

Dual enrollment students may only enroll in those courses approved by SBCC and FSCJ. Courses offered at SBCC sites will be those exclusively available through FSCJ and will not duplicate courses offered through SBCC and their dual enrollment agreement with St. Johns River State College.

Students entering dual enrollment must complete the State-mandated 15 credit hours of "Core" General Education courses prior to earning 24 total hours of college credit. "Core" General Education courses are indicated in the advising guide listed in Exhibit B.

In accordance with HB1735 amending 1007.25 FL students entering a Florida College system institution or state university must demonstrate competency in civic literacy by achieving a passing score on an assessment and by successfully completing a civic literacy course.

The guide for courses to be offered through Dual Enrollment is the Dual Enrollment Course-High School Subject Area Equivalency List approved by the State Articulation Coordinating Committee which can be found on the State Articulation website at <https://www.fldoe.org/core/fileparse.php/5421/urlt/AcademicList.pdf>.

If SBCC wants to offer FSCJ dual enrollment courses on SBCC sites, the request for new courses and programs to be offered for dual enrollment will be made by SBCC, to the Executive Director of Articulations, FSCJ. Faculty certification, sufficient student enrollments, instructional materials, and appropriate classroom facilities must be available for the courses to be offered.

Dual enrollment courses offered at the high school site may not be stacked with any non-dual enrollment high school course. SBCC may not assign any non-dual enrollment students to class periods designated for dual enrollment students.

E. Course Equivalency

In general, three (3) college credit hours are equivalent to a 0.5 high school credit, with six (6) college credit hours equating to one (1) full high school credit. There are exceptions, however:

1. Florida Department of Education's articulation committee maintains a list of dual enrollment courses identified to meet high school graduation requirements. This list contains certain semester-length postsecondary courses deemed of sufficient rigor to earn a full high school credit. The current list can be found on the Florida Department of education website at <https://www.fldoe.org/core/fileparse.php/5421/urlt/AcademicList.pdf>.
2. High school credits shall be awarded per the status of the list at the time of student enrollment.
3. One (1) credit hour college music courses are equivalent to 0.5 high school credit.
4. Most two (2) hour college credit courses are equivalent to 0.5 high school credit.
5. College certificate program workforce credit courses are equivalent to a 0.5 high school career education credit.

F. Eligibility for Traditional Dual Enrollment

1. Dual Enrollment programs are designed for secondary students who demonstrate the ability to conduct themselves as mature, responsible students in a collegiate environment, and who understand the consequences of establishing a permanent

college transcript. Students taking individual Traditional Dual Enrollment courses who are not part of an Early Admission program must establish a qualifying cumulative unweighted GPA of 3.0 calculated based upon at least four (4) full high school credits.

2. For enrollment, students who enroll in Traditional Dual Enrollment courses must demonstrate readiness for college-level work with scores on a common placement test adopted by the State Board of Education under s.1007.27(5) F.S. such as the ACT, SAT, Accuplacer Next Gen, or Postsecondary Education Readiness Test (PERT) that exempts them from remedial work in reading and writing. If the PERT or Accuplacer Next Gen is used for this purpose, students must present for review scores in all three areas of reading, writing, and mathematics. This includes students wishing to take dual enrollment courses in Humanities or the Social and Behavioral Sciences. Students wishing to take dual enrollment courses in mathematics or science must also present test scores that exempt them from remedial work in mathematics. Qualifying test scores in the areas of Writing and Math must be dated within two (2) calendar years prior to the first day of the dual enrollment class.
3. Exception: Placement for SLS1103, or an acceptable SLS alternative course only may be achieved through the following:
 - a. senior and junior level students who have no posted college-ready reading scores may qualify with a cumulative unweighted 3.0 high school GPA calculated based upon at least four (4) full high school credits.
4. Students must meet all prerequisite requirements for any dual enrollment course prior to registration. Students using courses from another accredited postsecondary institution or test scores (such as AICE, AP, IB, or CLEP scores) must submit official documentation to FSCJ at least three (3) weeks prior to registration for courses on the college campus on at least three (3) weeks prior to the first day of class for courses offered on the high school campus.
5. Schools may schedule high school Level 3 world language classes as dual enrollment for qualified secondary students (including minimum GPA requirements based upon at least four full high school credits and college ready test scores) who have previously completed the competencies of the Level I and II classes in the same language, with a grade of "C" or better. The courses in which these students enroll must consist of only dual enrollment students.
6. State law requires that dual enrollment students may only enroll in 12 credit hours before achieving assessment scores that place them into college level courses in all three areas of reading, writing, and mathematics. This requirement pertains to all established assessment placement instruments: PERT, Accuplacer Next Gen, ACT, SAT, and any subsequent functional equivalents. A special exception to the 12 credit hour rule may be available to students who have met placement requirements in

reading and writing, and are enrolled in an academic course in mathematics at their high school or have completed a college level math course at another accredited postsecondary institution. Exceptions must be approved by SBCC and FSCJ's Office of Articulations and are valid for one semester only, after which appropriate test scores must be presented.

7. General Education Requirement: Students must complete the State-mandated 15 credit hours of "Core" General Education courses prior to earning 24 total hours of college credit. "Core" General Education courses are indicated in the advising guide listed in Exhibit B.
8. Maximum course enrollments will be as follows:
Fall and spring terms: Traditional Dual Enrollment students (those who are not participating in an Early Admission program) may enroll in no more than three (3) courses (11 credit hours) per 15 week semester.
9. Students must maintain a minimum 2.0 grade point average on their FSCJ transcript of college courses as well as a cumulative unweighted 3.0 high school GPA.
10. A grade of W, D, FN, or F or assignment of NA in a single term, regardless of cumulative unweighted high school or college GPA, will remove student eligibility to participate in dual enrollment.
11. Students who have lost eligibility by earning a single grade of W, D, FN, F or having been assigned NA, may apply for probationary status. Application for probationary status does not guarantee acceptance. Probationary status limits the number and location of courses the student is eligible to take. Successful completion of courses while on probation will return the student to full status as a traditional dual enrollment student. Students who do not successfully complete their probation courses will not be able to take any further coursework while a high school student but may apply to FSCJ after high school graduation.
12. Students who did not participate in probation may re-apply to take dual enrollment courses after the completion of two (2) consecutive semesters (including fall or spring) taking only high school coursework, if meeting all other eligibility requirements.
13. If a student posts a grade of W, D, FN or F in the same course on two attempts, the student will not be permitted to attempt the course a third time while a dual enrollment student.
14. Students and their parent or guardian must sign a contract delineating an understanding of both academic and behavioral expectations of the Dual Enrollment Program and adhere to the College Expectations for Student Conduct and SBCC Student Code of Conduct. Students who disrupt the educational process or in other ways violate the Expectations for Student Conduct and SBCC Code (including

issues of Academic Dishonesty) shall be referred to the appropriate Administrator for discipline in accordance with the Code and the College's policies and procedures. Discipline may include, but is not limited to, ineligibility for further dual enrollment participation as determined by a disciplinary committee including SBCC and FSCJ personnel. A copy of the Student/Parent Dual Enrollment Contract is included as Exhibit C.

15. Senior level students may not register under dual enrollment for courses on the College campus that conclude after their high school graduation.
16. Dual enrollment students may not perform any online change of registration status—dropping, adding, and withdrawal from courses. As stated in the Student/Parent Dual Enrollment Contract, performance of such activities will result in the student not being permitted to take dual enrollment classes. Students are expected to attend all classes in which they are registered. Students who are dropped for nonattendance will be subject to the requirement to apply for probationary status described in # 13.

G. Eligibility for Career Dual Enrollment—College Credit Courses

1. Dual Enrollment programs are designed for secondary students who demonstrate the ability to conduct themselves as mature, responsible students in a collegiate environment and who understand the consequences of establishing a permanent college transcript. Students taking individual Career Dual Enrollment courses who are not part of an Early College or Collegiate Career High School program must establish a qualifying cumulative unweighted GPA of 3.0 calculated based upon at least four (4) full high school credits.
2. Students who enroll in Career Dual Enrollment courses must demonstrate readiness for college-level work with scores on a common placement test adopted by the State Board of Education under s.1007.27(5) F.S. such as the ACT, SAT, Accuplacer Next Gen or Postsecondary Education Readiness Test (PERT) that exempts them from remedial work in reading and writing. If the PERT is used for this purpose, students must present for review scores in all three areas of reading, writing, and mathematics. This includes students wishing to take dual enrollment courses in Humanities or the Social and Behavioral Sciences. Students wishing to take dual enrollment courses in mathematics or science must also present test scores that exempt them from remedial work in mathematics. Qualifying test scores in the areas of Writing and Math must be dated within two (2) calendar years prior to the first day of the dual enrollment class.
3. Exception: Placement for SLS1103, IDS1107, or an acceptable SLS alternative course only may be achieved through the following:

senior and junior level students who have no posted college-ready reading scores may qualify with a cumulative unweighted 3.0 high school GPA calculated based upon at least four (4) full high school credits.

4. Students must meet all prerequisite requirements for any Career Dual Enrollment courses prior to registration.
5. Career Academy students who meet eligibility requirements based upon a qualifying cumulative unweighted GPA calculated on the successful completion of 1-3 full high school credits may enroll in dual enrollment courses identified as part of their career academy pathway approved by SBCC and FSCJ.
6. State law requires that dual enrollment students may only enroll in 12 credit hours before achieving assessment scores that place them into college level courses in all three areas of reading, writing, and mathematics. This requirement pertains to all established assessment placement instruments: PERT, Accuplacer, ACT, SAT and any subsequent functional equivalents. A special exception to the 12 credit hour rule may be available to students who have met placement requirements in reading and writing, and are enrolled in an academic course in mathematics at their high school. Exceptions must be approved by the Office of High School Acceleration and FSCJ's Office of Articulations three (3) weeks prior to May 1 for fall registration and three (3) weeks prior to December 1 for spring registration.
7. General Education Requirement: Students entering dual enrollment must complete the State-mandated 15 credit hours of "Core" General Education courses prior to earning 24 total hours of college credit. "Core" General Education courses are indicated in the advising guide listed in Exhibit B.
8. Maximum course enrollments will be as follows:
 - a. Fall and spring terms: Traditional Dual Enrollment students (those who are not participating in an Early Admission program) may enroll in no more than three courses (11 credit hours) per 15 week semester.
9. Students must maintain a minimum 2.0 grade point average on their FSCJ transcript of college courses as well as a cumulative unweighted 3.0 high school GPA.
10. A grade of W, D, FN, or F or assignment of NA in a single term, regardless of cumulative unweighted high school or college GPA, will remove student eligibility to participate in dual enrollment.
11. Students who have lost eligibility by earning a single grade of W, D, FN, F or having been assigned NA, may apply for probationary status. Application for probationary status does not guarantee acceptance. Probationary status limits the number and location of courses the student is eligible to take. Successful completion of courses while on probation will return the student to full status as a traditional dual enrollment student. Students who do not successfully complete their probation courses will not

be able to take any further coursework while a high school student but may apply to FSCJ after high school graduation.

12. Students who did not participate in probation may re-apply to take dual enrollment courses after the completion of two (2) consecutive semesters (including fall or spring) taking only high school coursework, if meeting all other eligibility requirements.
13. If a student posts a grade of W, D, FN or F in the same course on two attempts, the student will not be permitted to attempt the course a third time while a dual enrollment student.
14. Students and their parent or guardian must sign a contract delineating an understanding of both academic and behavioral expectations of the Dual Enrollment Program and adhere to the College Expectations for Student Conduct and SBCC Student Code of Conduct. Students who disrupt the educational process or in other ways violate the Expectations for Student Conduct and SBCC Code (including issues of Academic Dishonesty) shall be referred to the appropriate Administrator for discipline in accordance with the Code and the College's policies and procedures. Discipline may include, but is not limited to, ineligibility for further dual enrollment participation as determined by a disciplinary committee including SBCC and FSCJ personnel. A copy of the Student/Parent Dual Enrollment Contract is included as Exhibit C.
15. Senior level students may not register under dual enrollment for courses on the College campus that conclude after their high school graduation.
16. Dual enrollment students may not perform any online change of registration status—dropping, adding, and withdrawal from courses. As stated in the Student/Parent Dual Enrollment Contract, performance of such activities will result in the student not being permitted to take dual enrollment classes. Students are expected to attend all classes in which they are registered. Students who are dropped for nonattendance will be subject to the requirement to apply for probationary status described in #12.

H. Eligibility for Career Dual Enrollment: Non Credit Certificate Programs

1. Dual Enrollment programs are designed for secondary students who demonstrate the ability to conduct themselves as mature, responsible students in a collegiate environment and who understand the consequences of establishing a permanent college transcript. Students taking individual Non-Credit Career Dual Enrollment courses must establish a qualifying cumulative unweighted GPA of 2.0 calculated based upon at least 4 full high school credits. The deadline to apply is May 1 for fall and December 1 for spring.

2. Students enrolling in non-credit career/technical courses must take the Test of Adult Basic Education (TABE) within the first six (6) weeks of the first term of enrollment. Students must also meet other requirements established by the career program in which they wish to enroll.
3. Students must meet all prerequisite requirements for any non-credit Career Dual Enrollment courses prior to registration.
4. Career Academy students taking non-credit Career Dual Enrollment courses who meet eligibility requirements based upon a qualifying cumulative unweighted GPA calculated on the successful completion of 1-3 full high school credits may enroll in dual enrollment courses identified as part of their career academy pathway approved by District and FSCJ.
5. Non-Career Academy students eligible to take non-credit Career Dual Enrollment courses who meet eligibility requirements based upon a qualifying cumulative unweighted GPA calculated on the successful completion of 1-3 full high school credits may enroll in one (1) or two (2) dual enrollment courses at the college but may not participate in non-credit Career Dual Enrollment programs that require students to complete a certain number of contact (clock) hours.
6. Maximum course enrollments will be as follows:
 - a. College campus locations courses: Students enrolled in non-credit certificate programs are limited to no more than two dual enrollment courses offered on the College campus per semester.
 - a. Combination of college and high school site enrollments:
 - i. Fall and spring terms: Traditional Dual Enrollment students taking non-credit certificate program courses may enroll in no more than the clock equivalent of 11 credit hours per 15 week semester. This maximum includes all courses taken as dual enrollment for any postsecondary institution, including the college site or at a District school location.
 - b. Exception: Project Vertical or Transition Instruction and Employment Support (TIES) program personnel may exceed the two (2) course per term college campus limitation for their students, due to the inherent purpose and design of those programs. Fall and spring course maximums will not exceed four (4) courses per term.
7. Students must maintain a minimum 2.0 grade point average on their FSCJ transcript of college courses as well as a cumulative unweighted 2.0 high school GPA.
8. A grade of W, D, FN, or F or assignment of NA in a single term, regardless of cumulative unweighted high school or college GPA, will remove student eligibility to participate in dual enrollment.

9. Students who have lost eligibility by earning a single grade of W, D, FN, F or having been assigned NA, may apply for probationary status. Application for probationary status does not guarantee acceptance. Probationary status limits the number and location of courses the student is eligible to take. Successful completion of courses while on probation will return the student to full status as a traditional dual enrollment student. Students who do not successfully complete their probation courses will not be able to take any further coursework while a high school student but may apply to FSCJ after high school graduation.
10. Students who did not participate in probation may re-apply to take dual enrollment courses after the completion of two (2) consecutive semesters (including fall or spring) taking only high school coursework, if meeting all other eligibility requirements.
11. If a student posts a grade of W, D, FN or F in the same course on two attempts, the student will not be permitted to attempt the course a third time while a dual enrollment student.
12. Students and their parent or guardian must sign a contract delineating an understanding of both academic and behavioral expectations of the Dual Enrollment Program and adhere to the College Expectations for Student Conduct and SBCC Student Code of Conduct. Students who disrupt the educational process or in other ways violate the Expectations for Student Conduct and SBCC Code (including issues of Academic Dishonesty) shall be referred to the appropriate Administrator for discipline in accordance with the Code and the College's policies and procedures. Discipline may include, but is not limited to, ineligibility for further dual enrollment participation as determined by a disciplinary committee including SBCC and FSCJ personnel. A copy of the Student/Parent Dual Enrollment Contract is included as Exhibit C.
13. Senior level students may not register under dual enrollment for courses on the College campus that conclude after their high school graduation.
14. Dual enrollment students may not perform any online change of registration status—dropping, adding, and withdrawal from courses. As stated in the Student/Parent Dual Enrollment Contract, performance of such activities will result in the student not being permitted to take dual enrollment classes. Students are expected to attend all classes in which they are registered. Students who are dropped for nonattendance will be subject to the requirement to apply for probationary status described in #9.

I. Eligibility for Early Admission

1. Early Admission is a senior year program, allowing full time enrollment in fall and spring terms of a student's senior year.
2. Students who wish to enroll in early admission must demonstrate readiness for college-level work with a 3.5 unweighted cumulative high school grade point average at time of registration and scores on a common placement test adopted by the State Board of Education under s.1007.271 such as the ACT, SAT, Accuplacer Next Gen, or Postsecondary Education Readiness Test (PERT) that exempts them from remedial work in reading, writing, and mathematics.
3. Student eligibility must be approved by both the high school counselor and college campus dual enrollment coordinator during the spring semester of their junior year for full-time dual enrollment registration during their senior year. Students must be enrolled and maintain continuous enrollment in SBCC by November 1 of the junior year. The deadline to apply for Early Admission status is May 1 of the student's junior year.
4. Students whose cumulative unweighted high school grade point average falls below the required cumulative unweighted 3.5 GPA between application and start of Early Admission in the fall semester will not be permitted to participate in the program.
5. Students in Early Admission must take four courses per term (fall and spring) enrolling in a minimum of 12 credit hours and a maximum of 14 credit hours per 15 week semester. Any courses required for high school graduation must be taken in the fall semester.
6. Students must be advised in writing by SBCC that failure in or withdrawal from dual enrollment courses may jeopardize their high school graduation and their acceptance to a selective admission postsecondary institution.
7. Students must meet all prerequisite requirements for dual enrollment courses prior to registration.
8. General Education Requirement: Students entering dual enrollment must complete the State-mandated 15 credit hours of "Core" General Education courses prior to earning 24 total hours of college credit. General Education courses are indicated in the advising guide listed in Exhibit B.
9. Students must successfully complete all college courses attempted (as defined by a final course grade of A, B, or C) and maintain an FSCJ transcript reflecting a minimum 2.0 GPA and a cumulative unweighted high school GPA of 3.0 for continuing eligibility for the second semester of the senior year. If a student posts any grades of W, D, FN, F or has an assignment of NA in a single term, regardless of cumulative high school or college GPA, that student will not be permitted to continue as an early admission student, but may apply for probationary status to continue as a traditional dual enrollment student.

10. Students and their parent or guardian must sign a contract delineating an understanding of both academic and behavioral expectations of the Dual Enrollment Program and adhere to the College Expectations for Student Conduct and SBCC Student Code of Conduct. Students who disrupt the educational process or in other ways violate the Expectations for Student Conduct and SBCC Code (including issues of Academic Dishonesty) shall be referred to the appropriate Administrator for discipline in accordance with the Code and the College's policies and procedures. Discipline may include, but is not limited to, ineligibility for further dual enrollment participation as determined by a disciplinary committee including SBCC and FSCJ personnel. A copy of the Student/Parent Dual Enrollment Contract is included as Exhibit C.
11. Senior level students may not register under dual enrollment for courses on the College campus that conclude after their high school graduation.
12. Dual enrollment students may not perform any online change of registration status—dropping, adding, and withdrawal from courses. As stated in the Student/Parent Dual Enrollment Contract, performance of such activities will result in the student not being permitted to take dual enrollment classes. Students are expected to attend all classes in which they are registered. Students who are dropped for nonattendance will be subject to the requirement to apply for probationary status described in #10.

L. Transportation

Unless specifically provided for a designated program by SBCC, students attending dual enrollment classes at a location other than their public high school shall provide their own transportation.

M. Cost Sharing

In accordance with HB 5101 amending 1007.271 F.S. school districts are required to pay public postsecondary institutions tuition for courses offered on the college campus (including virtual campus) for the fall and spring terms, to pay only the costs of salary and benefits when instruction at the high school site is offered by a postsecondary instructor, but are not required to reimburse costs to the postsecondary institution for instruction on the high school sites delivered by high school instructors.

SBCC Shall:

1. Compensate SBCC personnel acting as dual enrollment adjunct faculty for FSCJ as part of their regular teaching load at the high school campus.
2. Compensate FSCJ per the current cost of adjunct faculty instruction, for the costs of College instructional personnel, who teach at the high school campus at SBCC request.
3. Compensate FSCJ at the current rate of instruction, for any college campus class specifically requested by SBCC for targeted groups of dual enrollment students.
4. Remit payment for college campus tuition.

The College Shall:

1. Compensate FSCJ faculty teaching a combination of regular FSCJ students and dual enrollment students on a college campus course if there are more than 16 SBCC dual enrollment students and the course was not specifically requested by SBCC.
2. Provide SBCC with rates of instruction on an annual basis.
3. Invoice SBCC for any class taught on the high school site by an FSCJ faculty member (full-time or adjunct) at the request of SBCC.
4. Submit to SBCC an invoice for tuition at the rate of \$71.98 per credit hour for all college credit courses Dual Enrollment and Early Admission students take through an FSCJ Campus/Center during the fall or spring term.

5. Submit to SBCC an invoice for tuition at the rate of \$2.33 per contact hour for all non-credit courses in programs leading to a career certificate or an applied technology diploma (PSAV) taken by Dual Enrollment students on the college campus during the fall or spring semesters.

N. Teacher Preparation and In-Service Training

FSCJ and SBCC will partner to provide teacher preparation and in-service training to District teachers and counselors to assist them in increasing the success of students in postsecondary education.

SBCC Shall:

1. Designate a day during the fall term professional development period for a comprehensive dual enrollment orientation/training for all prospective dual enrollment teachers.
2. Support SBCC teachers participating in required professional development training offered by FSCJ.

Each party agrees to protect the rights of students with respects to records created, maintained and used by each Party in accordance with state and federal law.

Shared data will be used to produce an annual evaluation report on implementation. The report shall include:

1. number and percentage of high school student participants by school, program type, and course;
2. agreed-upon demographic data;
3. student course performance; and
4. program improvement actions.

In alignment with the 2007 Council of Presidents' Statement of Standards, the following assessment and accountability measures will be established:

When choosing electives, refer to your intended transfer institution's prerequisite requirements for your intended major. Certain prerequisite courses may be required before you can transfer into a major at the junior level. Some major prerequisites may be used to meet the Associate in Arts General Education Requirements. The elective course options within the Associate in Arts degree consists of any combination of college-level courses or recommended/required courses for a specific upper-division major/or courses selected from the five core general education academic areas of general education: communication, humanities/social science, history, science and mathematics. Students are encouraged to pay careful attention to their major field of study and to the specific requirements of the institution to which they plan to transfer.

FLORIDA STATE COLLEGE AT JACKSONVILLE/CLAY COUNTY SCHOOLS
DUAL ENROLLMENT STUDENT CONTRACT

Success in dual enrollment college classes is dependent upon academic readiness, social maturity, and motivation. Students who choose to enter dual enrollment classes are subject to the same rules and regulations as other college students. Classes contain mature, adult students from diverse backgrounds, and life experiences. Additionally, course content is college level and may contain material, situations, and examples that may offend immature students. Students choosing to take college classes do so with the understanding that course rigor and content is intended for a mature, college-level student.

The high school student on the college campus experiences the same freedom and lack of direct supervision as any other college student; consequently, dual enrollment students are expected to conduct themselves as adults and follow both Clay County Public Schools' Code of Student Conduct and the College's Expectations for Student Conduct.

College course-level expectations include, but are not limited to the following:

- Students are expected to follow the guidelines in the course syllabus and retain that syllabus for reference.
- Students are expected to be in class on the first day and should attend all scheduled classes. Students may be assigned a grade of FN (Failure for Nonattendance) by the instructor for unexcused excessive absences.
- Students taking courses on the college campus are expected to have their texts and other course materials the first day of class.
- Two to three hours of homework or study should be completed for each hour spent in class.
- Assignment deadlines are firm.
- Students are expected to monitor their own progress in a course and to communicate regularly with their instructor if they have any questions about their progress or course material.
- Parents or guardians who have questions or concerns about their students' progress are subject to FERPA requirements and should direct their questions to the College Dual Enrollment Office and not to the course instructor.
- Students who take classes on the high school sites will have their final exams and program level assessments returned to the college and held for a period of one calendar year.

Program Level Requirements include, but are not limited to the following:

- Traditional Dual Enrollment students are limited to a maximum of 11 credit hours per fall or spring term.
- Early Admission students are limited to a maximum of 14 credit hours per fall or spring term.
- Final course grades of W (withdrawal), D, F, or FN, are permanent parts of a student's college transcript and may negatively impact transfer to other colleges and universities, scholarships, and eligibility for Federal Financial Aid.
- A grade of W, D, F or FN or assignment of NA (drop for nonattendance) in a single term will remove student eligibility for dual enrollment.
- Once a schedule has been entered for a semester, there will be no changes to the schedule unless a class is cancelled.
- Students whose college GPA drops below 2.0 or whose cumulative unweighted HS GPA drops below 3.0 will lose eligibility for participation.
- Students must complete the 15 credit hours of "State Core" General Education prior to attaining a total of 24 college credit hours.
- To drop or withdraw from a course, the student, parent, and high school designee must submit the appropriate documentation prior to the deadline.
- Students who violate the SBCC Code of Student Conduct or the College's Expectations for Student Conduct (including Academic Dishonesty) are subject to disciplinary action. Depending on the offense, this may include, but is not limited to, assignment or course failure, and suspension or removal from the dual enrollment program. Students are entitled to the College's Appeal Process in such circumstances.
- **Students are not permitted to independently perform any registration activity. Any student found in violation will not be allowed to continue in dual enrollment for subsequent terms.**
- Students may be asked to participate in educational research deemed exempt by the College's Institutional Research Board. This may include studies involving surveys and normal educational practices.

Students and Parents are expected to read the complete information regarding the dual enrollment program available in the Dual Enrollment Student Handbook online.

I have read and understand the above expectations and requirements for participation in the FSCJ/DCPS Dual Enrollment Program.
