Credit Acquisition, Positive Behavior Support Intervention (PBIS) – Focusing on Attendance, Behavior, and Coursework Completion, and High School Completion

Credit Acquisition:

Due to the reality that our population is comprised entirely of students who have already dropped out or were in the process of dropping out, the transient nature of students often complicates the data, however, the graph below depicts actual credits EARNED by district that we operate in.

County	Total Credits
Dougherty County	643
Duval County	929.5
Hernando County	164
Hillsborough County	457.5
Marion County	287.5
Muscogee County	530.5
Volusia County	203
Grand Total	3215

PBIS:

Piloted this past school year and scheduled to roll out in all districts this month for the 16-17 school year, our PBIS Point System focuses on acknowledging and rewarding students for “doing the right thing” with regards to attendance, behavior (both discipline and academic behaviors), and coursework completion. The chart below displays rewards for the accumulation of those points as well.

High School Completion:

Below is the 2015-2016 data related to High School Diplomas and Certificates of Completion (signifying that all graduation requirements EXCEPT passing the State Standardized Test in Florida have been met). A COC does allow the student to attend a college but not a university directly.

District	Diplomas	COCs	Total Completions
Marion	19	7	26
Hernando	11	2	13
Duval	93	40	122
