Community Meeting Objectives

- Discuss Proposed Rezoning Options for Discovery Oaks Elementary
- Provide Recommendation that will be presented to the Board with Rational and Variables
- Discuss Timeline for Construction and Important Dates
- Discuss Instructional Focus for Discovery Oaks Elementary & Leadership Placement
- Provide Opportunity for Discussion with the Goals of Obtaining Community Feedback

Theory of Change: Moving Clay into Action

If we…	**Build Positive, Learning-Focused School Communities**
by…	• Fostering a safe learning environment in all schools.

And if we…	**Develop Great Educators and Leaders**
by…	• Employing smart recruitment, staffing and retention strategies • Providing honest evaluations and meaningful support through • Providing educators with the professional development necessary to meet the demands of the Florida Standards and students' individual needs.

And if we…	**Ensure Excellent Instruction in All Classrooms**
by…	• Establishing a common vision for excellent instruction across all of our schools. • Ensuring students are completing appropriately rigorous work in class.

Then we will…	**Prepare All Students for Success in College and Career**
by…	• Improving student outcomes in all core subject areas, grades K-12. • Improving graduation and acceleration rates.

Relevant Information that Directed District Actions related to rezoning for Discovery Oaks Elementary

Parameters

- Rezoning is required due to the opening of Discovery Oaks Elementary
- Grade structure will be changed at POE and OVE from PK-5 to PK-6
- Grade structure at OLJ will be changed from 6-8 to 7-8

Goals

- Open Discovery Oaks with a sustainable student population and no relocatable classrooms
- Reduce enrollment at POE and OLJ
- Realign the grade structure at POE, OVE and OLJ
- Minimize disruption to all students/schools involved
- Minimize busing and provide safe walk/bike routes to school

Variables Considered when Determining Rezoning

- SAFETY CONSIDERATIONS
- CURRENT ENROLLMENT
- NEIGHBORHOOD PROXIMITY
- GEOGRAPHICAL BALANCE
- TRANSPORTATION NEEDS
- FUTURE GROWTH IN AREA

Side-by-Side Comparison of Oakleaf Schools

Plantation Oaks	Oakleaf Village	Oakleaf Junior
Enrollment: 1407 Students	Enrollment: 897 Students	Enrollment: 1556 Students
Capacity : 1362 Students	Capacity : 1109 Students	Capacity : 1568 Students
Utilization: **103%**	Utilization: **81%**	Utilization: **99%**

Growing Areas: Arbor Mill, Armstrong DRI, Eagle Landing, North of Roundabout

Discovery Oaks ES Attendance Zone Option 1

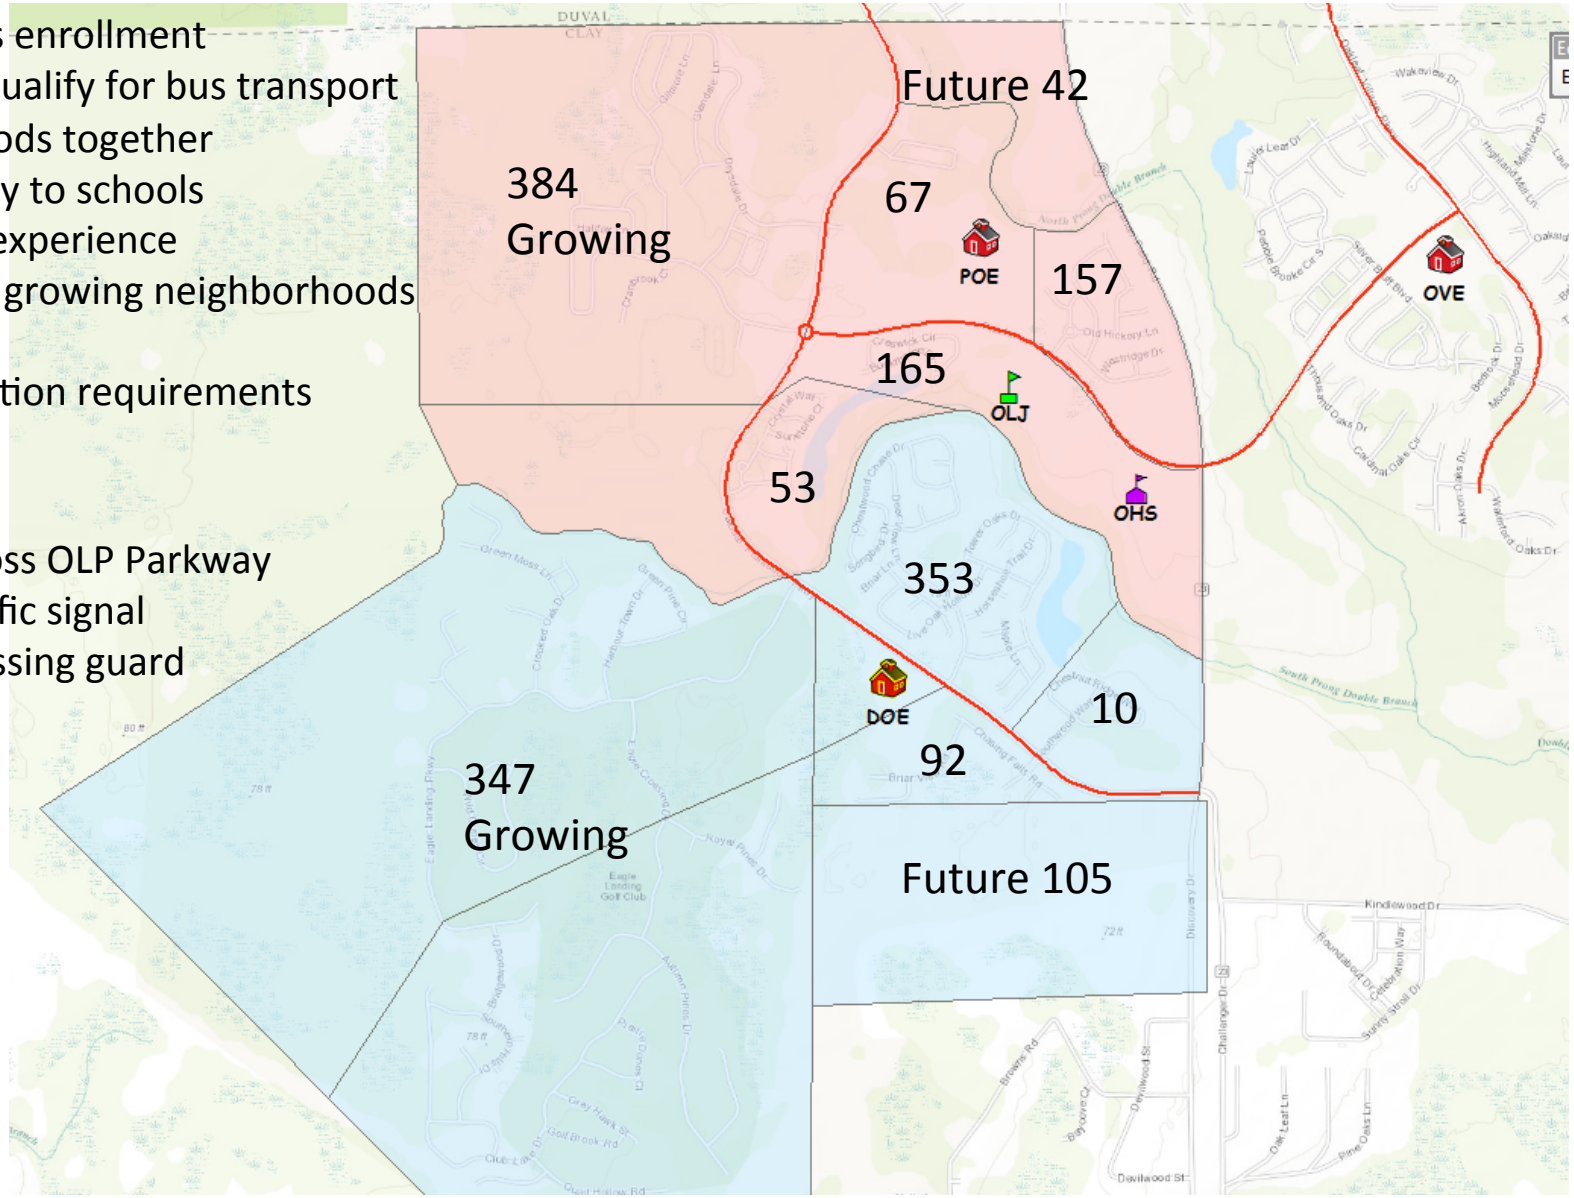

Recommended

Pros:

- DOE relieves POE's enrollment
- Students already qualify for bus transport
- Keeps neighborhoods together
- Boundary proximity to schools
- POE and DOE will experience equal growth: two growing neighborhoods in each zone
- Reduce transportation requirements

Cons:

- Walkers/bikers cross OLP Parkway
  - Requires traffic signal
  - Requires crossing guard

DOE attend: 802
Includes:
124 (6th graders)

POE attend: 826
Includes:
144 (6th graders)
12 (all grades) from OVE

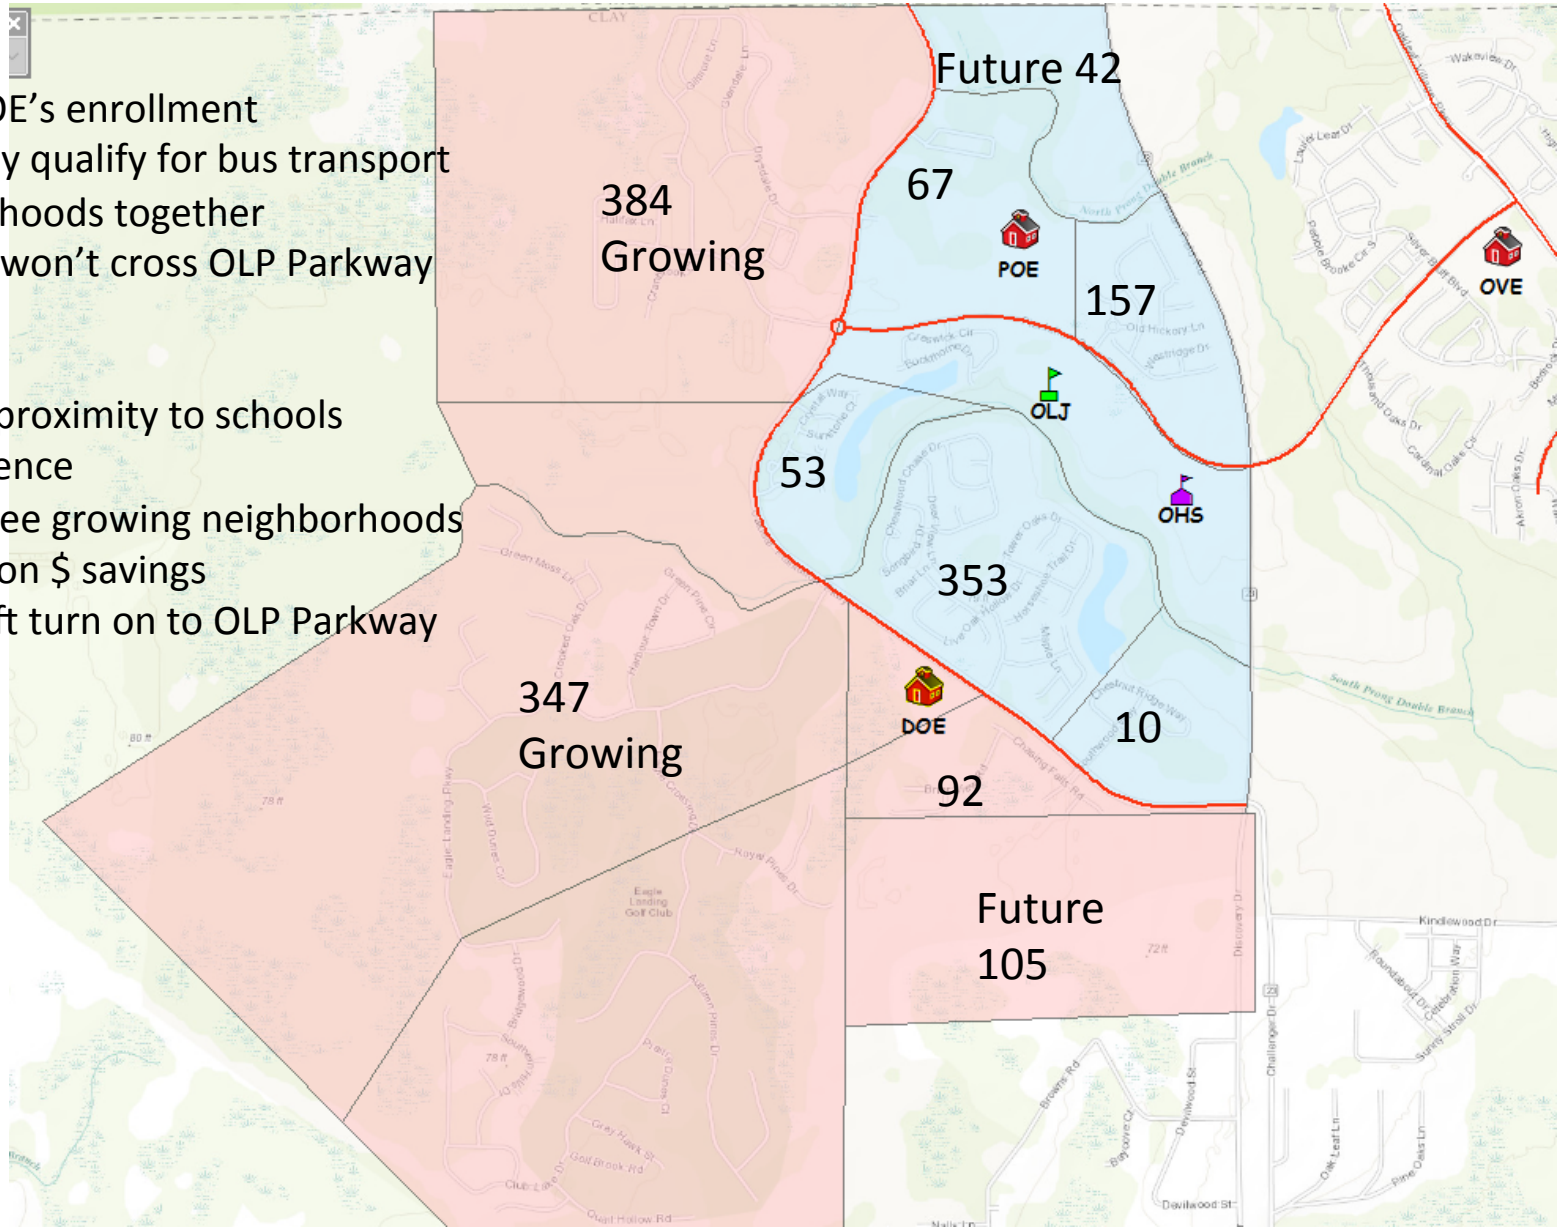

Discovery Oaks ES Attendance Zone Option 2

Pros:

- DOE relieves POE's enrollment
- Students already qualify for bus transport
- Keeps neighborhoods together
- Walkers/bikers won't cross OLP Parkway

Cons:

- Lose boundary proximity to schools
- DOE will experience growth with three growing neighborhoods
- No transportation $ savings
- Requires bus left turn on to OLP Parkway

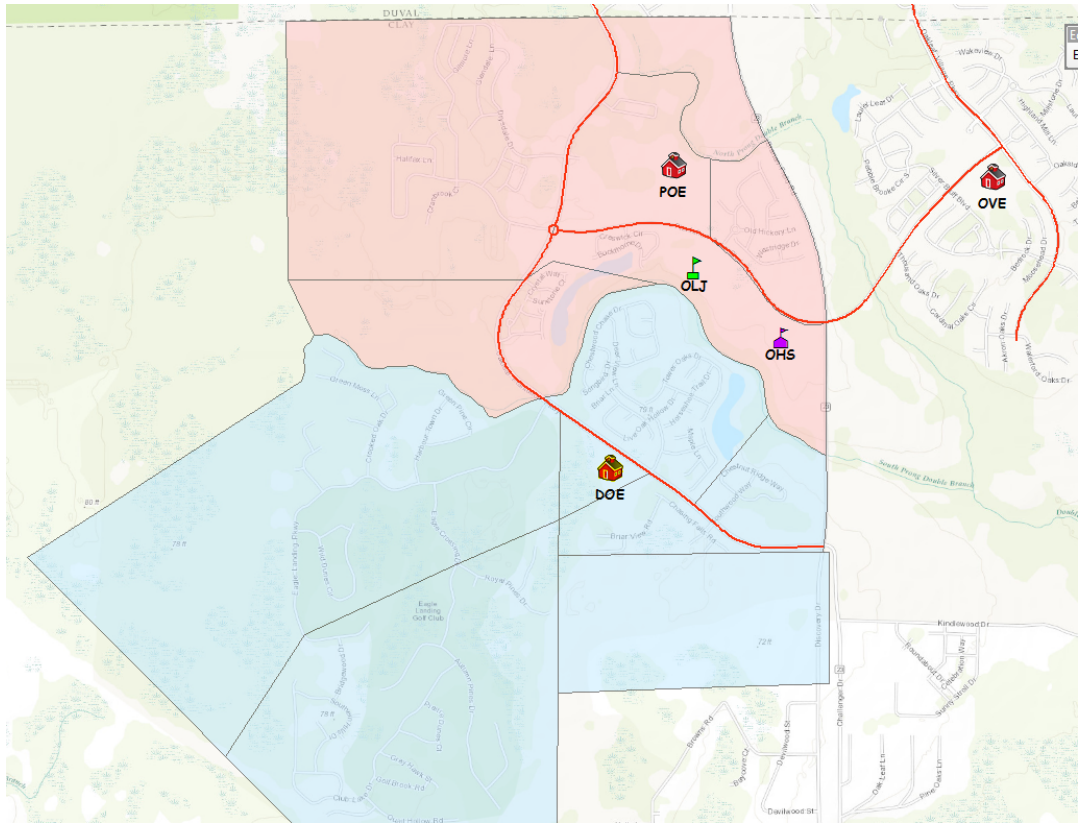

DOE attend: 823
Includes:
128 (6th graders) from OLJ

POE attend: 805
Includes:
145 (6th graders) from OLJ
12 (all grades) from OVE

Discovery Oaks ES Attendance Zone side by side comparison

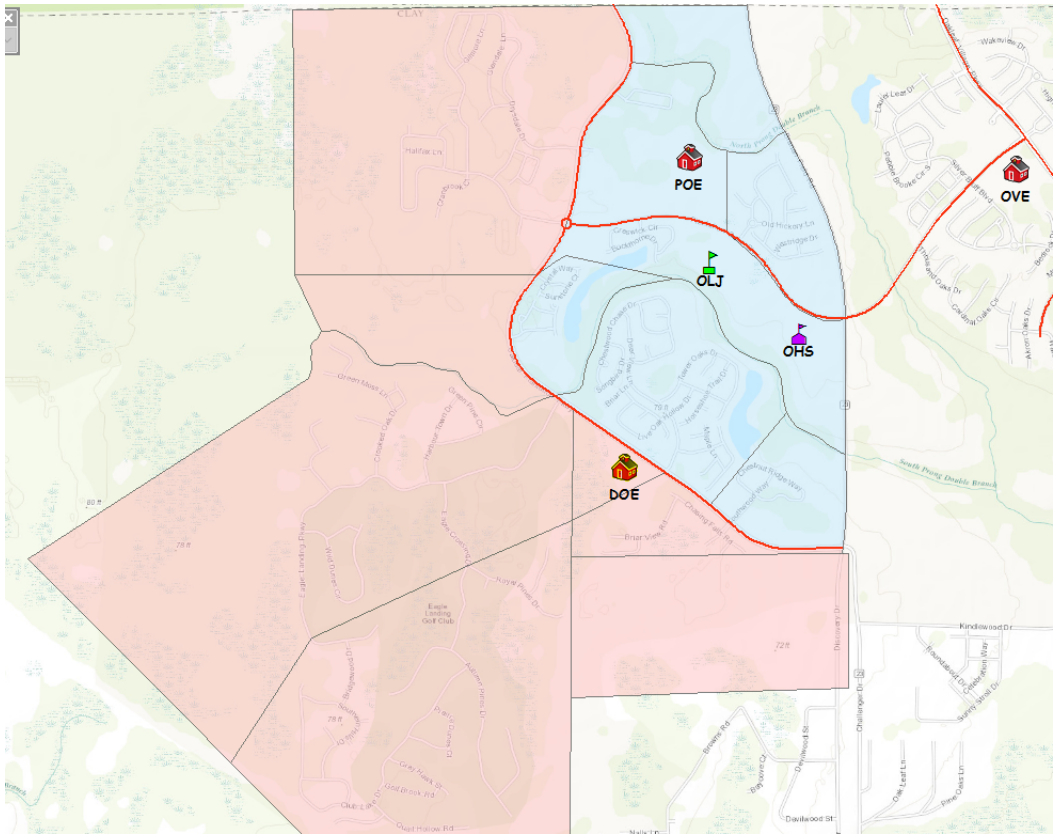

Option 1

POE attend: 802
DOE attend: 826

Option 2

POE attend: 823
DOE attend: 805

Recommended Option

Recommended Option for Rezoning

Goals	Option 1	Option 2
Opening Enrollment (balanced and sustainable)	✓	✓
Reduce Enrollment at POE and OLJ	✓	✓
Change Grade structure at POE, OVE and OLJ	✓	✓
Minimize disruption to students	✓	✓
Minimize transportation needs and provides safe walk paths	✓	
Neighborhood growth balanced	✓	

Side-by-Side Comparison of Oakleaf Schools with Option #1

Plantation Oaks	Oakleaf Village	Oakleaf Junior
Enrollment: 1407 Students	Enrollment: 897 Students	Enrollment: 1556 Students
Capacity : 1362 Students	Capacity : 1109 Students	Capacity : 1568 Students
Utilization: **103%**	Utilization: **81%**	Utilization: **99%**
Enrollment: 802 Students	**Enrollment: 995 Students**	**Enrollment: 1103 Students**

Rezoning Option #1 Impact

Neighborhoods Assigned to DOE

- Armstrong DRI
- Chestnut Ridge
- Creekview
- Eagle Landing
- Forest Brooke
- Hamilton Glen
- Oak Point
- Timber Lake

Neighborhoods Assigned to POE

- Arbor Mill
- Briar Oak
- Cambridge
- Coventry
- Fieldstone Village
- Forest Hammock
- Jennings Point
- Millstone Village
- The Preserve
- Whitfield
- Willow Brook

Discovery Oaks Elementary

Important Timeline and Projected Dates

- **December 2017:** Obtain Community Feedback
- **January 2018:** Take Rezoning Plan to Board
- **January 2018:** Name Principal for DOE
- **February 2018:** Complete Staff Allocation
- **March 2018:** Begin Hiring Process for DOE
- **July 2018:** Building Structure to be Completed
- **August 2018:** Open Doors for 2018-2019

Discovery Oaks Instructional Focus

- Science, Technology, Engineering, Arts and Mathematics **(STEAM)** Integration
- Project Based Learning linked to Real World Problems
- Computer Coding Integration school-wide
- State of the Art Science Labs for Student Inquiry & Problem Solving
- Art, Music, PE, and Media Integration of STEAM Culture
- One-to-One Clay Initiative

Discovery Oaks will implement four principles of excellent instruction that will highlight the importance of all students engaged with rigorous content.

Clay students are in pursuit of success in college and career when they are:

- Fully engaged in the work of the lesson
- Working on appropriately rigorous content
- Taking ownership of their learning
- Demonstrating their understanding
