All documents described above are kept on file in the office of the Clay County Purchasing Division. This Contract and all of the documents enumerated above together comprise this Contract.

SECTION 3. INDEMNIFICATION

- 3-1 The Contractor shall fully protect, indemnify and hold harmless the County and the School District and all of their principals, employees, officers, and servants (collectively, the Indemnitees), from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of Contractor and persons employed or utilized by Contractor in the performance of this Contract. The provisions of this paragraph shall survive any termination of this Contract.
- 3-2. With respect to any indemnification by the County provided under this Contract, any such indemnification shall be subject to and within the limitations set forth in Section 768.28, Florida Statutes, and to any other limitations, restrictions and prohibitions that may be provided by law, and shall not be deemed to operate as a waiver of the County's sovereign immunity. The School District shall not be required to indemnify any party to this Contract. Upon default of the Contractor, the County agrees to indemnify the School District for any loss or damage, including attorney's fees and costs, related to this Contract and shall ensure that the work which is the subject of this Contract shall be performed without any cost to the School District and that said work shall be completed as specified.
- 3-3. Nothing in this Contract or any of the documents identified in Section 2-1 shall be construed as providing any subcontractor, as defined in Section 9, with any rights or remedies against the County or the School District or any of their employees, principals, officers or agents for nonpayment or otherwise.

SECTION 4. CONTRACT AMOUNT

- 4-1. For purposes of this Contract, the Contract Amount is defined as the Contract Price set forth in subsection 4-2 as adjusted by approved supplemental Contracts (Supplemental Contracts).
- 4-2. In consideration of the premises, the County agrees to pay all associated construction costs, as identified in the Bid Solicitation and the Contractor's Response, to the Contractor for the Project herein when fully completed. The total price for the work of the Project is **\$168,750.00** (the Contract Price.) Payments are to be made upon presentation of the proper certificates detailing the work completed to the County Representative upon the terms set forth in the Specifications provided in the Bid Solicitation.
- 4-3. Whenever any change or combination of changes in the Specifications results in an increase or decrease in the original quantities set forth in the Specifications or the Bid Solicitation, and the work added or eliminated is of the same general character as that shown on the original Specifications, the Contractor shall accept payment in full at the

original Contract unit prices for the actual quantities of work performed.

- 4-4. Supplemental Contracts shall be used to clarify the Specifications to provide for major quantity differences which result in the Contractor's work effort exceeding the original Contract amount, to provide for unforeseen work, or alterations in the Specifications which could not reasonably have been contemplated or foreseen in the original Specifications, to provide a safe and functional facility, to settle Contract claims, and to make the Project functionally operational in accordance with the intent of the original Contract. No work covered by a Supplemental Contract shall be performed before the County Representative gives written authorization. Such written authorization shall set forth the prices agreed upon and other pertinent information and shall be reduced to a written Supplemental Contract promptly. No payment shall be made on a Supplemental Contract prior to County approval of the document. In addition, the County shall make no payment for any unauthorized work.
- 4-5. In that the County is a governmental agency exempt from sales and use taxes, the County shall pay no such taxes. The County shall provide proof of its exempt status upon reasonable request.

SECTION 5. TIMELY PERFORMANCE

- 5-1. The Contractor agrees to perform all necessary work as provided for in this Contract, the Specifications, and the Bid Solicitation.
- 5-2. The date on which days will begin to be charged to the Project (the Notice to Proceed Date) shall be either (1) the 10th calendar day from the date of issuance by the County Representative of the initial notice to begin work or, (2) the date on which the Contractor actually begins work, whichever date is the earlier.
- 5-3. The Contractor shall accomplish final completion of the Project on or before the 154th calendar day after the Notice to Proceed Date (the Final Completion Date). Any extension of the Final Completion Date will require a subsequent agreement of the parties.
- 5-4. The Contractor shall provide a certificate of insurance as required in the Bid Solicitation, naming Clay County, a political subdivision of the State of Florida and its Board of County Commissioners, and the School District of Clay County and its members of the School Board, as their interests may appear, as additional insureds under general liability.
- 5-5. A Supplemental Contract shall be used when a time extension is required due to any unforeseen circumstances; provided, Supplemental Contracts shall not be used for time extensions requested by the Contractor under circumstances or conditions attributable to the Contractor. Such Supplemental Contract shall set forth the agreed amount of time for such extension.

SECTION 6. DEFAULT

- 6-1. In case of default on the part of the Contractor, actions for all damages and expenses, including accounting, engineering and legal services, together with any and all other costs incurred in connection with such default, shall lie against the Contractor.
- 6-2. If the Contractor fails to begin the work under this Contract as of the Notice to Proceed Date or fails to perform the work with sufficient workmen and equipment or with sufficient materials to assure the prompt completion of this Contract or performs the work unsuitably or neglects or refuses to remove materials or to perform anew such work as may be rejected as unacceptable and unsuitable, or discontinues the prosecution of the work, or fails to resume work which has been discontinued within a reasonable time after notice to do so, or becomes insolvent or is declared bankrupt, or files for reorganization under the bankruptcy code, or commits any act of bankruptcy or insolvency, either voluntarily or involuntarily, or allows any final judgment to stand against it unsatisfied for a period of ten calendar days, or makes an assignment for the benefit of creditors, or for any other cause whatsoever fails to carry on the work in an acceptable manner, the County Representative will give notice in writing to the Contractor of such delay, neglect, default or opinion.
- 6-3. If the Contractor, within a period of ten calendar days after the notice described in subsection 6-2, shall not proceed to correct the conditions of which complaint is made the County shall, upon written certificate from the County Representative of the fact of such delay, neglect, default or opinion and the Contractor's failure to correct such conditions, have full power and authority, without violating this Contract, to take the prosecution of the work out of the hands of the Contractor and to declare this Contract to be in default.
- 6-4. This Contract is to be binding upon the County and upon the Contractor, their heirs, successors, administrators, or assigns and is voidable and may be terminated by the County if the provisions of the statutes and documents incorporated herein relative thereto are not complied with.
- 6-5. Termination of this Contract or a portion hereof under the provisions incorporated herein shall not relieve the Contractor of its responsibilities for the completed portion or concerning any just claims arising out of the work performed.

SECTION 7. TERMINATION

- 7-1. The County may terminate this Contract or any amendment hereto at its convenience without cause. In the event of termination the Contractor will be compensated for acceptable work authorized and completed prior to the date of termination.

SECTION 8. TIME

- 8-1. Time for completion of the work is of the essence. The parties hereto mutually understand and agree that time is of the essence in the performance of this Contract

for construction. The Contractor shall at all times carry out its duties and responsibilities as expeditiously as possible and shall begin, perform and complete its services so that the work is finally completed by the Completion Date.

SECTION 9. PARTIAL PAYMENTS

- 9-1. The Contractor may request payment no more than once monthly, based on the amount of work done or completed. All partial estimates and payments found to be in error shall be subject to correction in the estimates and payments subsequent thereto, and in the final estimate and payment. Payments will be made in accordance with the Local Government Prompt Payment Act. Payment requests by the Contractor shall be filed in accordance with the schedule provided by the County to match the meeting schedule of the Board.
- 9-2. The amount of such payments shall be the total value of the Project work completed to the date of the estimate, less an amount retained and less payments previously made. The amount retained shall be determined in accordance with Section 255.078, Florida Statutes, as follows:
- (a) The County may withhold from each progress payment due to be made to the Contractor under this Contract an amount not to exceed 10 percent of said payment as retainage until 50 percent completion of the work of the Project has been achieved.
 - (b) After 50 percent of the work of the Project has been achieved, the County may withhold from each progress payment thereafter due to be made to the Contractor under this Contract an amount not to exceed 5 percent thereof as retainage. The term "50 percent completion" means the point at which the County has expended 50 percent of the Contract Amount as adjusted by approved Supplemental Contracts, together with all costs associated with existing change orders and other additions or modifications to the construction services provided for in this Contract.
 - (c) After 50 percent of the work of the Project has been achieved, the Contractor may present to the County a payment request for up to one-half of the retainage held by the County. The County shall promptly pay such amount to the Contractor, unless the County has grounds, pursuant to subsection (6) of Section 255.078, Florida Statutes, for withholding such payment of retainage.
- 9-3. Prior to submitting any request for payment, the Contractor shall certify that all subcontractors and suppliers performing any of the work or supplying any of the materials with respect to the Project have received their pro rata share of previous periodic payments to the Contractor for all work completed and materials supplied. This certification shall be in the form designated by the County. The Contractor shall within 10 days of receipt of progress payments pay all subcontractors and suppliers performing any of the work or supplying any of the materials with respect to the Project their pro rata shares of the payment for all work completed and materials supplied. The term

“subcontractor”, as used herein, shall also include persons or firms supplying materials or equipment incorporated into the work or stockpiled in the vicinity of the Project for which partial payment has been made by the County, and work done under equipment rental Contracts.

- 9-4. Nothing in this Contract or in any of the documents identified in subsection 2-1 shall be construed as providing any subcontractor, as defined in subsection 9-3, with any rights or remedies against the County or any of its employees, principals, officers or agents for nonpayment or otherwise.
- 9-5. The Contractor acknowledges that in the budget for each fiscal year of the County during which the term of the Contract is in effect a limited amount of funds are appropriated which are available to make payments arising under the Contract. Any other provisions of the Contract to the contrary notwithstanding, and pursuant to the provisions of Section 129.07, Florida Statutes, the maximum payment that the County is obligated to make under the Contract from the budget of any fiscal year shall not exceed the appropriation for said fiscal year.

SECTION 10. RECOVERY RIGHTS AND RECORDS

- 10-1. The County reserves the right should an error be discovered in the partial or final estimates, or should proof of defective work or materials used by or on the part of the Contractor be discovered after the final payment has been made, to claim and recover from the Contractor by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials.
- 10-2. All records pertaining to the Project shall be retained by the Contractor for a period of five years from the date of final acceptance of the Project. Upon request, all such records shall be made available to the County or its representatives. For the purposes of this Contract, records shall include all books of account, supporting documents and papers deemed necessary by the County to assure compliance with the provisions of this Contract. Any other provisions of this Contract or any of the documents identified in subsection 2-1 to the contrary notwithstanding, in the event litigation pertaining to this Contract is commenced during the five year period, the records retention period provided herein shall be extended until the litigation, including any appeal proceedings related thereto, is finally concluded.
- 10-3. The Contractor acknowledges the County’s obligation under Art. 1, Section 24, Florida Constitution, and Chapter 119, Florida Statutes, as from time to time amended (together, the Public Records Laws), to release public records to members of the public upon request. The Contractor acknowledges that the County is required to comply with the Public Records Laws in the handling of the documents and materials created under the Contract and that the Public Records Laws control over any contrary terms in the Contract. In accordance with the requirements of Section 119.0701, Florida Statutes, the Contractor covenants to comply with the Public Records Laws, and in particular to:

- (a) Keep and maintain public records required by the County to perform the services required under the Contract;
- (b) Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract if the Contractor does not transfer the records to the County; and
- (d) Upon completion of the Contract, transfer, at no cost, to the County all public records in possession of the Contractor or keep and maintain public records required by the County to perform the services. If the Contractor transfers all public records to the County upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

The Contractor's failure to comply with the requirements of Section 10 shall be deemed a material breach of the Contract, for which the County may terminate the Contract immediately upon written notice to the Contractor.

10-4 The Contractor acknowledges the provisions of Section 119.0701(3)(a), Florida Statutes, which, as applicable to the County and the Contractor, require as follows:

- (a) A request to inspect or copy public records relating to the Contract must be made directly to the County. If the County does not possess the requested records, the County shall immediately notify the Contractor of the request, and the Contractor must provide the records to the County or allow the records to be inspected or copied within a reasonable time;
- (b) If the Contractor does not comply with the County's request for records, the County shall enforce the contract provisions in accordance with the Contract; and
- (c) If the Contractor fails to provide the public records to the County within a reasonable time, the Contractor may be subject to penalties under Section 119.10, Florida Statutes.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (904) 278-4754, publicrecords@claycountygov.com, POST OFFICE BOX 1366, GREEN COVE SPRINGS, FLORIDA 32043.

SECTION 12. AUTHORITY TO SUSPEND WORK

- 12-1. The County Representative shall have the authority to suspend the work, wholly or in part, for such period or periods as may be deemed necessary, due to unsuitable weather or other conditions which are considered unfavorable for the prosecution of the work. Should the County be prevented or enjoined from proceeding with work either before or after the start of construction by reason of any litigation or other reason beyond the control of the County, the Contractor shall not be entitled to make or assert claim for damage by reason of said delay, but time for completion of the work will be extended to such reasonable time as the County may determine will compensate for time lost by such delay with such determination to be set forth in writing.

SECTION 13. PRESERVATION OF PROPERTY

- 13-1. The Contractor shall preserve from damage all property along the line of work, or which is in the vicinity of or is in any way affected by the work, the removal or destruction of which is not called for by the Specifications. This applies to public and private property and whenever such property is damaged as a result from the performance of the work, or through the negligence of the Contractor, it shall be immediately restored to a condition similar or equal to that existing before such damage or injury was done by the Contractor, and at its own expense, or it shall make good such damage or injury in an acceptable manner.

SECTION 14. FAILURE TO RESTORE DAMAGED PROPERTY

- 14-1. In case of failure on the part of the Contractor to restore such property, or to make good such damage or injury, the County Representative may upon 48 hours notice, proceed to repair, rebuild or otherwise restore such property, as may be deemed necessary, and the cost thereof will be deducted from any moneys due or which may become due the Contractor under the Contract. Nothing in this clause shall prevent the Contractor

from receiving proper compensation for the removal, damage or replacement of any public or private property as long as such work is authorized by the County Representative, provided that such property has not been damaged as a result from the performance of the work or through fault of the Contractor, its employees or agents.

SECTION 15. AUDIT OF CONTRACTOR'S RECORDS

- 15-1. The County reserves the right to conduct any audit of the Contractor's records pertaining to the Project deemed necessary by the County. Such an audit, or audits, may be conducted at any time prior to final payment, or thereafter pursuant to Section 10. The County may also require submittal of the records from either the Contractor, or any of its subcontractors or both. The Contractor shall make the aforementioned requirement a provision in its Contracts with all subcontractors. For purposes of this Contract, records shall include all books of account, supporting documents and papers deemed necessary by the County to assure compliance with the provisions of this Contract.
- 15-2. Failure of the Contractor or subcontractor to comply with these requirements may result in disqualification or suspension from quoting and bidding for future contracts or disapproval as a subcontractor at the option of the County.
- 15-3. The Contractor shall assure that each of its subcontractors will provide access to the subcontractor's records pertaining to the Project upon request by the County.

SECTION 16. HEADINGS
