

**PROPOSAL TO THE SCHOOL BOARD OF CLAY COUNTY FROM
RESOLUTIONS IN SPECIAL EDUCATION (RISE) FOR PROFESSIONAL AND
TECHNICAL SERVICES FOR ESE CONSULTATIONS
2016-2017 SCHOOL YEAR**

I. BACKGROUND INFORMATION

The ESE Director is responsible for ensuring a free and appropriate public education (FAPE) to students with exceptionalities in Clay County. The Director has identified departmental needs in a number of areas in order to develop and implement policies and procedures, which meet the FAPE goal. Specifically, the Department has developed and maintained its Admissions and Placement Manual, and has identified the need to receive assistance in the review and revision of the Manual for **2016-2017** to keep it current based on State Board Rule revisions, as well as federal statutory/regulatory revisions, policy updates, and district experiences. Further, the State is in the process of developing a statewide IEP system, and the Consultant shall advise the ESE Director of the implications of this system with regard to the A&P manual and forms. In addition, the ESE Department identified the need to obtain assistance in the revisions/amendments to its Special Programs and Procedures (SP&P) Document.

From time to time, there are legal/compliance issues and parent concerns, which may result in SEA complaints (State DOE complaint process), Office for Civil Rights (OCR) complaints, Disability Rights (formerly Advocacy Center) complaints, and due process hearing requests. The Director has identified the need to receive backup technical assistance in the resolution of disputes and in the process of carrying out legal requirements of state and federal requirements, from an independent source not connected with enforcement responsibilities. The Consultant shall provide legal analyses and converse with the ESE Director on an as-needed basis. Likewise, there is the need to continue to build upon a family-friendly ESE Department, through its parent services component, and specifically the need to continue parent and professional education and training, and information initiatives.

The ESE Department has also identified the need to receive assistance in the development of plans and implementation of evaluation methodologies to address State Performance Plan Indicators. The district also has identified the need to receive assistance in the compliance self-assessment process, which is part of the BEESS monitoring plan.
