

DEFINE ENRICHMENT PROGRAM:

An enrichment activity is an experience where kids can extend their learning to improve or enhance skills, knowledge, and well-being. They help provide children with a rounded, culturally rich education through activities that enhance their learning, give them opportunities to try new and varied activities that may not strictly fit into the curriculum, but that develop character, resilience, and motivation, and encourage them to pursue wider goals. Such activities help to teach life skills that benefit children beyond the classroom, and can help develop an appreciation for cultural and community issues, teamwork, and social responsibility.

After-school enrichment activities can include academics, sports, arts, and more, and are offered with the goal of providing entertainment and enjoyment, while sharpening and fleshing-out student skill sets. Sample activities include:

- Robotics and S.T.E.M. Programs
- Writing, Poetry, Journalism
- Reading & Language
- Music & Movement
- Environmental Stewardship, Service Learning
- Public Speaking, Drama
- Athletics, Yoga
- Homework Support
- Chess
- Art
- Activities are tailored to the specific needs and interests of each school with input from school leadership, staff, and students.

Non-Profit Summer Enrichment Organizations Pricing
