

**AGREEMENT
BETWEEN THE SCHOOL DISTRICT OF CLAY COUNTY, FLORIDA
AND
ARCHITECT/ENGINEER**

THIS AGREEMENT made this _____ day of _____ in the year between the **SCHOOL DISTRICT OF CLAY COUNTY, FLORIDA**, hereinafter called the OWNER, and _____ hereinafter called the ARCHITECT/ENGINEER,

That WHEREAS OWNER intends to _____ hereinafter called the PROJECT, and

WHEREAS the ARCHITECT/ENGINEER affirms he is properly qualified and licensed to render the professional services required by this Agreement in the State of Florida and the County of Clay.

NOW, THEREFORE, the OWNER and the ARCHITECT/ENGINEER for the consideration of provisions, mutual promises, covenants and conditions hereinafter set forth or recited, agree as follows:

- I. The ARCHITECT/ENGINEER agrees to perform, for the above named project, professional services as herein set forth and in accordance with the GENERAL TERMS AND CONDITIONS of this AGREEMENT.

- II. THE OWNER agrees to compensate the ARCHITECT/ENGINEER for professional services rendered in accordance with the GENERAL TERMS AND CONDITIONS of this AGREEMENT as follows:
 - A. Fees for Basic Services as set forth in the GENERAL TERMS AND CONDITIONS OF THIS AGREEMENT shall be based on: _____
_____.

 - B. Period of Service: The ARCHITECT/ENGINEER shall commence work on the date of this contract and shall complete the Schematic/Preliminary Design Phases prior to _____ and the Final Design Phase prior to _____. The time schedules for each Phase will be mutually agreed to and attached to this contract.

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

- C. For the ARCHITECT/ENGINEER'S Additional Services (as described in the GENERAL TERMS AND CONDITIONS), a fee computed as described below. Consideration for payment must include a time log documenting the hours per individual and indicate the task involved.
1. Principal's time for the Architect/Engineer and the Architect/Engineer's consultants shall be at a fixed rate not to exceed seventy dollars (\$70.00) per hour. For the purpose of this Agreement, the Principals are limited to one (1) person from the Architect/Engineer and one (1) person from each of the Architect/Engineer's consultants. The principals are identified as follows: _____

 2. Employees' time computed at a multiple of two and one-half (2-1/2) times the direct payroll cost for the particular employee. (Not to exceed \$70.00 per hour.)
- D. For Travel beyond the confines of Clay County, performed at the request of and for the sole benefit of the OWNER, and not otherwise required in performing the services contracted for, the OWNER shall reimburse the ARCHITECT/ENGINEER for travel and per diem in accordance with the allowance authorized for employees of THE School District OF CLAY COUNTY, FLORIDA, at the time travel is performed.

III. The ARCHITECT/ENGINEER certifies that his wage rates, unit costs and other factual data which may have been furnished the OWNER to support the compensation are accurate, complete and current at the time of entering into this Agreement. It is also mutually understood between the ARCHITECT/ENGINEER and the OWNER that the original fee and any additions thereto shall be adjusted within one year following the end of this Agreement to exclude any significant sums wherein the OWNER determines the fee was increased due to

inaccurate, incomplete or non-current wage rates, unit costs and other factual data which may have been furnished by the ARCHITECT/ENGINEER.

IV. The ARCHITECT/ENGINEER warrants that he has not employed or retained any company or person, other than a bona fide employee working solely for the ARCHITECT/ENGINEER, to solicit or secure this Agreement, and that he has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for the ARCHITECT/ENGINEER, any fee, commission, percentage, gift, or any other consideration, contingent upon or resulting from the award or making of this Agreement.

V. The ARCHITECT/ENGINEER and OWNER agree that the GENERAL TERMS AND CONDITIONS of the AGREEMENT, pages four through twenty-eight, revised April 20, 2006, are hereby made a part of this Agreement as is included herein.

IN WITNESS WHEREOF the parties hereto have executed this AGREEMENT the day and year first above written.

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

**GENERAL TERMS AND CONDITIONS OF AGREEMENT BETWEEN
THE SCHOOL DISTRICT OF CLAY COUNTY, FLORIDA AND
ARCHITECT/ENGINEER**

ARTICLE I

RESPONSIBILITIES OF THE ARCHITECT/ENGINEER

- A. The Architect/Engineer shall apply the reasonable and proper skills, judgment and care which are customary and normal to professional practice. He shall adhere to approvals granted during the various stages of the work for all aspects of planning, exterior and interior design, structural systems, and proposed materials, and will not incorporate any significant deviation from such approvals without written approval by the School District.

- B. Approvals by the School District of Clay County, Florida, the State Department of Education or other governmental authority of any of the plans, drawings, specifications or other work performed under this Agreement shall be deemed to be an approval of the scheme as a whole and of the general features of such plans, drawings, specifications, documents or other work only. Such approvals shall not relieve the Architect/Engineer of responsibility for the sufficiency, practicability of details, except for such features therefore upon which the School District of Clay County, Florida, has specifically instructed or overruled the Architect/Engineer in writing, and to which modification the Architect/Engineer has specifically objected in writing.

- C. The Architect/Engineer shall comply with all directives and instructions issued by the School District of Clay County, Florida, and shall incorporate them into the Project if within the terms of this Agreement. He shall further comply with the State Requirements for Educational Facilities (SREF) of the State Board of Education and building codes

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

applicable to the construction of school plants in Clay County, Florida in effect at the time of entering into this Agreement.

- D. The Architect/Engineer shall retain at his expense professional engineers and other qualified consultants acceptable to the School District of Clay County, Florida, as his advisors for the structural, air conditioning, mechanical, electrical, sanitation and civil engineering portions of the Project as necessitated by its scope. The School District of Clay County, Florida, shall approve in writing all engineers and consultants prior to their involvement in the Project. Each such consultant shall be listed on the cover sheet of the final plans.

- E. The Architect/Engineer shall advise the School District of Clay County, Florida, of the necessity for conducting soil borings, tests and other necessary operations for determining subsoil, air and water conditions. Geotechnical, hydrological, consumptive use, and other necessary testing services shall be separately contracted by the School District of Clay County, Florida to the Engineering firm of its choice.

- F. The Architect/Engineer will be responsible for all permitting requirements from any governmental agency pertaining to storm water treatment and/or retention, potable water, except consumptive use, and sewage treatment systems. The above permitting requirements shall be included within the basic services rendered by the Architect/Engineer. All other permitting requirements shall not be included in the basic services and shall be separately compensated in a lump sum method mutually agreed to in writing between the Architect/Engineer and the School District's designee.

- G. The Basic Services to be rendered by the Architect/Engineer consist of the following:

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

1. Phase I Documents, Schematics

- a. Based on The School District of Clay County, Florida, or their designees, statements of the requirements of the Project, the Architect/Engineer shall prepare Schematic Design studies consisting of drawings and other documents illustrating the scale and relationship of Project components. He shall continue this process until one schematic is selected by the School District or their designee.
- b. The Architect/Engineer shall, during this phase, analyze as necessary the major aspects of State Board of Education requirements, requisite building codes, methods of providing utilities service, types of mechanical systems and other appropriate factors having major effect on the Project. The analyses shall be directed toward compliance with applicable standards and developing cost/benefit alternatives.
- c. The Schematic Design and analyses performed per Article I.G.1 a. & b. above shall be presented, together with a Statement of Probable Construction Costs, to the School District's designee for decisions as necessary, and approval.
- d. The Architect/Engineer shall be available for School Board presentation of Schematic Plans.

2. Phase II Documents, Preliminaries

- a. The Architect/Engineer shall prepare from the approved Schematic Design Documents, and from the School District or their designee, and the

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

Florida Department of Education, the Preliminary Documents to fix and describe the size and character of the entire Project as to structural, mechanical and electrical systems, materials and such other essentials as may be appropriate.

- b. The Architect/Engineer shall submit completed Preliminary Documents to the School District of Clay County, Florida, together with a further statement of Probable Construction Cost. The probable construction costs shall be subdivided into architectural, civil, mechanical and electrical costs.
- c. The Architect/Engineer shall be available for School Board presentation of preliminary plans.

3. Phase III Documents, Finals

- a. The Architect/Engineer shall prepare from the approved Preliminary Documents, and from the School District or their designee, and the Florida Department of Education, the Final Documents (working drawings and specifications) setting forth in detail the requirements for the construction of the entire Project.
- b. The Architect/Engineer shall exercise the standard of professional care generally required of Architects and Engineers in his or her efforts to comply with codes, regulations, ordinances and laws in effect as of the date of this contract.
- c. Documents shall be prepared with professional care. The various portions of the Work shall be checked, one against the other, to provide compatibility and, where conflicts may arise, drawings of adequate scale and detail to explain anticipated conditions shall be furnished. Professional attention to the detail necessary to

achieve such coordination and accuracy shall be provided.

- d. The Architect/Engineer shall not, except with the written permission of The School District of Clay County, Florida, knowingly specify for the Project, or use terms which imply the requirements of any article, product, material, fixtures, form or type of construction which limits or restricts competition to a specific brand or type or style as to which monopoly exists, or which is the exclusive property of any firm or group of firms.
- e. The Architect/Engineer shall furnish with Final Documents any adjustments to previous statements of Probable Construction Costs.
- f. The Architect/Engineer shall ensure that all mandatory/comments are satisfied to the Department of Education in a timely manner.
- g. The Architect/Engineer shall include in Final Documents the requirement that the Contractor maintain in current status during the course of construction, drawings, showing the status of the construction as it is constructed. He shall further require that the Contractor forward the completed "as built" drawings with the final Application for Payment.
- h. The Architect/Engineer shall be available for School District presentation of final Documents.
- i. The Architect/Engineer shall not include in any documents a provision for arbitration of any claims or disputes arising out of the construction contract.

4. Bidding Phase

- a. The Architect/Engineer shall be responsible for the development of bid advertisements, for all addendums, for bid clarifications, development of bid tabulations, for attendance at bid opening, and for attendance at the School District meeting of contract award.
- b. The Architect/Engineer shall prepare the bid documents for a base bid and alternate bids as may be necessary and/or appropriate. The base bid should constitute the original intent of the project and the project budget. Alternates are for those items which are not deemed absolutely necessary to the project at the time of award. The Architect/Engineer will be reimbursed through seventy percent (70%) of the design fees for all tasks completed through the Final Design stage. The Architect/Engineer will further receive five percent (5%) of their fees for bidding any component of the bid proposal be it base bid or alternates. Further, the Architect/Engineer will receive twenty-five percent (25%) of his fee for contract administration on all components of the bid awarded by the School District of Clay County, Florida.

Should the School District of Clay County, Florida, for whatever reason, not award a base bid and/or alternates and the base bid did not exceed the final budgeted amount by more than ten percent (10%), the Architect/Engineer will receive compensation based upon the amount known at the time of bid opening. This compensation will be equal to the phase completed; be it design, bidding or construction administration. If the School District of Clay County, Florida later rebids the same project, compensation will

be based upon the amount awarded regardless of the previous bids known values except the first bidding phase will be maintained on the original bid amount.

If, during the time from the original bid to the rebid, additional permitting is required due entirely to the time span. Costs for additional permitting shall be agreed to in advance and covered under Article III "Additional Services."

- c. If the lowest bona fide Base bid taken exceeds the final budgeted amount by more than 10%, the School District of Clay County, Florida, may accept the proposal, or may require the Architect/Engineer to change the Documents, at the Architect/Engineer's expense, to reduce the cost to an amount within the budget plus 10%. It shall be understood that changes in scope or quality will be approved, in advance in writing, by the School District of Clay County, Florida or their designee. In the event it becomes necessary to reject all bids and change the Documents due to the design costing more than 10% of the final budgeted amount, then in that event the Architect/Engineer shall bear the cost of all prints necessitated by the change, including those for rebidding purposes.

5. Construction Phase

- a. The construction phase may only be commenced after all contract, bond and insurance requirements have been met, and will be commenced thereafter with an "Official Notice To Proceed" from the Owner.
- b. The Architect/Engineer shall provide Administration of the Construction Contract as

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

set forth in the General, Supplemental and Special Conditions of the Contract, and the extent of his duties and responsibilities and the limitations of his authority as assigned thereunder shall not be modified without his written consent.

- c. The Architect/Engineer, as the representative of the School District of Clay County, Florida, during the Construction Phase, shall advise and consult with the School Board or their designee, and act on behalf of the School District of Clay County, Florida, to the extent provided in the General Conditions unless otherwise modified in writing.
- d. The Architect/Engineer shall at all times have access to the work wherever it is in preparation or progress.
- e. The Architect/Engineer shall make routine visits to the site to familiarize himself generally with the progress and quality of the work and to determine in general if the Work is proceeding in accordance with the Contract Documents. On the basis of his on-site observations, he shall endeavor to guard against defects and deficiencies in the Work of the Contractor. The Architect/Engineer shall not be required to make exhaustive or continuous on-site inspections but shall be required to make visits at least once per week. It shall also be required of the Architect's/Engineer's consultants, retained per Article I, Paragraph D, to make regular site visits in order to observe the work in progress as often as necessary to guard against defects and deficiencies and to observe testing of all equipment and systems. The Architect/Engineer as

well as the consultants shall be required to submit progress reports to the School District's designee on a monthly basis stating any observed contract deficiencies, the percentage completion, construction procedures or other general information that might be necessary to keep an accurate and updated file. The Architect/Engineer shall not be responsible for construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs in connection with the Work, and he shall not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract Documents, unless any such failure is due to negligence of the Architect/Engineer in the performance of his responsibilities.

- f. Based on such observations at the site and on the Contractor's Application for Payment, the Architect/Engineer shall determine the amount owing to the Contractor and shall issue Certificates of Payment in such amounts. The issuance of a Certificate for Payment shall constitute a representation by the Architect/Engineer to the School District of Clay County, Florida, based on his observations at the site as provided in Article I.G.5.e. above, and on the data comprising the Application for Payment that the Work has progressed to the point indicated; that to the best of his knowledge, information and belief the quality of the Work is in accordance with the Contract Documents (subject to an evaluation of the Work as a whole upon Substantial Completion to the results of any subsequent tests required by the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to

any specific qualifications stated in the Certificate for Payment); and that the Contractor is entitled to payment in the amount certified. The Architect/Engineer shall be required to obtain Affidavits of Payments from the Contractor to his Sub-Contractors and from Suppliers for materials and equipment received as each payment is made to the Contractor. By issuing a Certificate of Payment, the Architect/Engineer shall not be deemed to represent that he has made any examination to ascertain how and for what purpose the Contractor has used the monies previously paid on account of the Contract Sum.

- g. The Architect/Engineer shall review the "as built" drawings as being correct to the best of his knowledge and belief, and shall forward them to the School District of Clay County with the Certificate for Final Payment.
- h. The Architect/Engineer shall be, in the first instance, the interpreter of the requirements of the Contract Documents and the impartial judge of the performance thereunder by both the School District of Clay County, Florida, and Contractor relating to the execution and progress of the Work and on all other matters or questions relating thereto.
- i. The Architect/Engineer shall have authority to reject Work which does not conform to the Contract Documents. Whenever, in his reasonable opinion, he considers it necessary or advisable to insure the proper implementation of the intent of the Contract Documents, he has authority to require special inspection or testing of any work in accordance with the provisions of the Contract Documents whether or not such work be then

fabricated, installed or completed. He shall advise the Owner's representative to require the Contractor to stop the Work whenever in his reasonable opinion it may be necessary for the proper performance of the contract. The Architect/Engineer shall not be liable to the School District of Clay County, Florida, for the consequences of any decision made by him in good faith either to exercise or not to exercise his authority to reject Work, unless such decision was made negligently.

- j. The Architect/Engineer shall review and approve shop drawings, samples, and other submissions of the Contractor for conformance with the design concept of the Project and for compliance with the information given in the Contract Documents. All such submissions will be reviewed expeditiously to avoid delay of the Work. The Architect/Engineer shall maintain a transmittal log for shop drawings and other submissions requiring Architect/Engineer approval. This log is to have the description of the submittal, date it was received, date it was approved or disapproved, reason for disapproval and a date sent back to the Contractor.
- k. During the Construction Phase the Architect/Engineer or his designee shall attend Construction Conferences with the Contractor as required by the School District's representative for the purpose of coordinating details of the Project.
- l. Changes in the Project affecting cost, time or substitution regardless of character or magnitude, shall be authorized by Change Order only, prepared by the Architect/Engineer after

consultation with the School District or their designee. Change Orders shall comply with all conditions of State Board of Education Rule.

- m. The Architect/Engineer shall be compensated at the basic services rate as identified in Paragraph II. A. for all work occasioned by the preparation of change orders resulting from (1) the School District or their designee's requests; (2) errors in the information furnished to the Architect/Engineer by the School District or their designee; (3) revisions to other governmental agency rules after the project was bid; or (4) other circumstances not within the Architect/Engineer's control, including the Contractor's operations. Change orders shall always be considered on an additive basis for the Architect/Engineer. While deductive change orders are not common, the Architect/Engineer shall not have his basic service fees reduced as a result of a deductive change order, or deductive change order item within an additive change order.
- n. The Architect/Engineer shall not be compensated for the work occasioned by preparation of Change Orders resulting from the Architect's/Engineer's negligence.
- o. The School District of Clay County, Florida, shall pay for material, equipment or work only if such material, equipment or work is approved by The School District of Clay County, in the form of a Change Order and such material, equipment, or work is not a direct result of negligence on behalf of the Architect/Engineer. In the case of negligence, extra costs to the School District of Clay County, Florida, for corrections or modifications, or for demolition or removal of

installed Work which must be replaced because of negligence of the Architect/Engineer shall be assessed to the Architect/Engineer.

- p. The Architect/Engineer shall not be responsible for the acts or omission of the Contractor, or any Subcontractor's agents or employees, or any other persons performing any of the Work, unless negligent in failing to properly perform his duties and responsibilities as set forth in this Agreement.

6. Project Completion

- a. The Architect/Engineer shall at the time of substantial completion of the project, conduct an inspection and prepare a list of tasks needed to complete the work (substantial punch list). Substantial completion shall be defined as: A Certificate of Occupancy has been issued and the Facility/Project can be occupied and utilized for its intended purpose. All safety items are fully operational including: intercom, fire alarm, emergency lighting and emergency generation systems. Water plant and sewage treatment plant are approved by the appropriate permitting agencies and are operational.
- b. The Architect/Engineer shall be responsible for identifying whether the contractor has attained substantial completion in accordance with project timelines as amended by change order. This shall be established in writing by the Architect/Engineer to the School District or their designee.
- c. The Architect/Engineer shall at the time of final completion of the project, conduct an inspection

and prepare a list of tasks needed to complete the Work (final punch list). The Architect/Engineer shall at the time of final completion, confirm that the items on the substantial punch list are complete and establish any items that would be classified as warranty. The Architect/Engineer shall confirm that all systems and sub-systems are fully operational. The date of final completion shall be established by the Architect/Engineer in writing to the School District or their designee.

- d. The Architect/Engineer shall, upon final completion of the Project, including correction of the discrepancies on the substantial punch list and final punch list, prepare a Certificate of Final Inspection and submit to the designee for the School District of Clay County, Florida. The Architect/Engineer shall furnish such other Certificates as may be required by State laws and regulations.
- e. The Architect/Engineer shall require the contractor to develop operation and instructional manuals for the project. These manuals shall be thoroughly reviewed by the Architect/Engineer, and shall include all guarantees, bonds and related documents. The Architect/Engineer shall submit the as-built drawings (prepared by the Contractor and reviewed by Architect/Engineer), the operation and instruction manuals, the final application for payment, and other requirements to the School District or their designee. The Architect/Engineer shall require the contractor to certify to their correctness in writing.
- f. The Architect/Engineer shall, at the completion of the Project, certify that, to the best of his

knowledge, information and belief, the Project has been constructed in accordance with the Contract Documents, approved Change Orders, Chapter 1013 Florida Statutes and State Board of Education Rules for Educational Facilities (SREF) and appropriate codes in effect at the time.

- g. The Architect/Engineer shall, if requested, accompany the representative of the School District of Clay County, Florida on an inspection of the Project at a date not less than 30 days prior to the date of expiration of the Contractor's guarantee, for the purpose of preparing a list of deficiencies that the Contractor is to correct under the conditions of the warranties and guarantees. The School District of Clay County, Florida shall schedule this inspection and require the contractor to be present.

7. Additional Responsibilities

- a. In the event of malfunctioning of building systems or failure of building components (during the warranty one year period), the Architect/Engineer shall investigate to determine the cause(s) without delay using the resources of his office, the consultants originally retained and such other consultants as he may elect to retain. On completion of the investigation he will report his findings, conclusions and recommendations for corrective action to The School District of Clay County, Florida.
- b. In the event of continued malfunctioning of building systems or failure of building components (during the warranty one year period),

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

the cause(s) for which cannot be determined, an independent consultant may be retained to investigate the problem, determine causes and recommend corrective action. Consultant services shall be obtained as follows:

- (1) The School District of Clay County, Florida shall notify the Architect/Engineer in writing of the conditions of malfunctioning and/or failure, the facts and circumstances of remedies attempted, and shall request that consultant services be provided.
- (2) The Architect/Engineer may conduct additional investigations to determine the causes(s) of deficiency.
- (3) Alternatively the Architect/Engineer may retain an independent consultant acceptable to The School District of Clay County, Florida to conduct the requisite investigation.
- (4) In the event action is not taken by the Architect/Engineer per Article I G 7c (2) and (3) above within 15 days of his receipt of The School District of Clay County, Florida written notification, the School District of Clay County, Florida may retain an independent consultant to investigate the problem.
- (5) The School District of Clay County, Florida shall compensate independent consultants directly, whether retained by the Board or by the Architect/Engineer. The Architect/Engineer and School District may agree on the findings of the independent consultants or jointly agree to submit the question to arbitration under Florida Statutes.

- c. During the Contractor's one (1) year warranty period, the Architect/Engineer shall lend assistance to the School District of Clay County, Florida as needed to correct design deficiencies resulting from negligence of the Architect/Engineer. The corrective work shall include redesign, preparation of documents, and other work necessary for the award of a contract to correct deficiencies.
- d. Should any claim or action be brought against The School District of Clay County, Florida, related directly to the professional services provided by the Architect/Engineer under this Agreement, the Architect/Engineer shall render reasonable assistance to The Clay County School District.
- e. The Architect/Engineer agrees to indemnify and hold harmless the Clay County School District, Clay County, Florida from all loss, liability, claims, or expense including reasonable attorneys' fees, from bodily injury including death or property damage to any person or persons directly resulting from the negligence of the Architect/Engineer.

ARTICLE II

RESPONSIBILITIES OF THE School District OF CLAY COUNTY, FLORIDA

- A. The School District of Clay County, Florida, shall provide the requirements of educational planning specifications for the Project, to include the scope functional standards and material criteria to be attained.
- B. The School District of Clay County, Florida, shall appoint an employee to function as its single representative in all dealings between the School District of Clay County, Florida, and the Architect/Engineer. The Architect/Engineer shall be entitled to rely on all instructions and the

information furnished by the representative of The School District of Clay County, Florida issued in writing.

- C. The School District of Clay County, Florida, shall, in consultation with the Architect/Engineer, make the necessary budgetary revisions to accommodate any significant changes in educational planning specifications, scope, functional standards and/or material criteria directed by The School District of Clay County, Florida during the design process.
- D. The School District of Clay County, Florida, shall have the ultimate responsibility for obtaining approval by the State Department of Education for the program, for any desired deviation from mandatory standards, for Documents and for any other matter not within the scope of Basic and Additional Services of the Architect/Engineer.
- E. The School District of Clay County, Florida, shall furnish a certified land survey of the site giving, as applicable, grades and lines of streets, alleys, pavements, and adjoining property; right-of-way, restrictions, easements encroachments, zoning deed restrictions, boundaries, elevations and contours of the site, limits of any wetlands, locations, dimensions and complete data pertaining to existing building, other improvements and trees, and full information concerning available service and utility lines both public and private, above and below grade, including inverts and depths.
- F. The School District of Clay County, Florida, shall furnish the services of a soils engineer or other consultant when such services are deemed necessary by the Architect/Engineer, including reports, test borings, test pits soil bearing values, percolation tests, air and water pollution tests, ground corrosion and resistivity tests, and other necessary operations for determining subsoil, air and water conditions, with appropriate professional interpretations thereof.
- G. The School District of Clay County, Florida, shall furnish

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

structural, mechanical, chemical and other laboratory tests, inspections and reports as required by law or the Contract Documents.

- H. The School District of Clay County, Florida, shall furnish such legal accounting and insurance counseling services as may be necessary for the Project, and such auditing services as it may require to ascertain how or for what purposes the Contractor has used the monies paid to him under the Construction Contract.
- I. The services, information, surveys and reports required shall be furnished at the expense of the School District of Clay County, Florida and the Architect/Engineer shall be entitled to rely upon the accuracy and completeness thereof.
- J. The School District of Clay County, Florida shall pay all fees for regulatory permitting.
- K. For each new site, the School District of Clay County, Florida shall furnish a current environmental assessment which will address any environmental constraints on the site, such as wetlands, protected wildlife species, and/or other factors which may affect use of the site.
- L. If the School District of Clay County, Florida observes or otherwise becomes aware of any fault or defect in the Project or nonconformance with the Contract Documents, it shall give prompt written notice thereof to the Architect/Engineer.
- M. The School District of Clay County, Florida shall furnish information required of it as expeditiously as necessary for the orderly progress of the Work.
- N. The School District of Clay County, Florida shall furnish the Architect Engineer all approvals, changes, modifications and other instructions affecting the Work in writing.

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

- O. The School Board of Clay County shall cooperate with and participate in the user orientation as appropriate on the request of the Architect/Engineer.

ARTICLE III

MUTUAL RESPONSIBILITIES

- A. If any of the following Additional Services shall be required of the Architect/Engineer and cause the Architect/Engineer extra expense, The School District of Clay County, Florida or their designee and the Architect/Engineer shall agree in writing before the services are performed as to the amount and method of compensation. Additional services shall not be defined as any work provided for within approved change orders.
1. Providing design services relative to future facilities, systems, and equipment which are not intended to be constructed as part of the Project.
 2. Providing services to verify the accuracy of drawings or other information furnished by the School District of Clay County, Florida.
 3. Providing interior design and other services required for or in connection with the selection of furniture and furnishings.
 4. Making major revisions in Drawings, Specifications or other Documents when such revisions are inconsistent with written approvals or instructions previously given and are due to cause beyond the control of the Architect/Engineer.
 5. Providing consultation concerning replacement of any Work damaged by fire or other cause during construction, and furnishing professional services as may be required in connection with the replacement of such Work.

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

6. Providing professional services made necessary by the default of the Contractor in the performance of the Construction Contract.
7. Providing Contract Administration and observation of construction after the Construction Contract Time has been exceeded or extended by more than twenty-five percent (25%) beyond the original. Extensions through change order are considered as part of the original construction time except time extensions due to weather, pauses in the work and other causes beyond the control of the Architect/Engineer, including the contractor's failure to complete the project on time.
8. Preparing to service or serving as an expert witness in connection with any public hearing, arbitration proceedings or legal proceeding.
9. Providing any other services not otherwise included in this Agreement or not customarily furnished in accordance with generally accepted architectural or engineering practice.

B. Payments for Basic Services shall be submitted on the School District's Standard Payment Form and shall be made in proportion to services performed so that the compensation at the completion of each Phase shall equal the following percentages of the total basic fee:

Schematic Design Phase.....	10%
Preliminary Development Phase.....	30%
Final Documents Phase.....	70%
Bidding Phase.....	75%
Construction Phase.....	100%

C. The amount of retainage in an Architect/Engineer's Basic Services fee for a given Project, until Final acceptance of the Project, shall be on a sliding scale proportionate to the construction cost as follows:

General Terms and Conditions of Agreement between the School District of Clay County, FL and Architect/Engineer, revised April 20, 2006.

- | | | |
|-----|--|---|
| (1) | Construction Contracts
up to \$1,000,000.00 | Retain 10% of
Architect/Engineer's Fee |
| (2) | Construction Contracts
up to \$5,000,000.00 | Retain 5% of
Architect/Engineer's Fee |
| (3) | Construction Contracts
