At the school level you may give consideration for SPR based on current Board Policy 4.06 which includes: (documented) medical condition (of the student); keeping siblings together; Seniors (those students entering their senior year); students who reside in Clay County who currently have an approved SPR will not need to reapply to continue attending that school next year. Principals will have the right to rescind the SPR at anytime attendance, grades, behavior, etc. become issues and return students to their zoned schools if necessary.

PLEASE be sure that all rising 8th graders make course selections at the school they are zoned to attend, **not** school of choice.

GUIDELINES FOR APPROVAL: *Board Policy 4.06(C)*, keeping projected enrollment, current space available and staff allocations as a major focus, Principals will have the right to rescind the SPR at anytime attendance, grades, behavior, etc. become issues and return students to their zoned schools if necessary.

School Board Rule 4.06(B) **Employees** are approved for Special Pupil Request/Non-Resident Admissions following the guidelines stated. Please note that **substitute teachers are NOT employees of the CCSB** for the purposes of Special Pupil Request. Students of employees must maintain successful grades, regular attendance, and good discipline.

CHILD CARE: (Applicable to students Pre-K-6 ONLY) Parents desiring a special pupil request because of before/after school care may make application provided the day care provider is located within the attendance area of the requested school **AND** the requested school is open. NON-RESIDENT ADMISSIONS

NON-RESIDENT ADMISSIONS: Board Policy: 4.06(B) EMPLOYEES, 4.06(E) others. PLEASE **note non-resident employees** need only obtain release from their County of residence and write a letter requesting admission giving student's full name, grade, school to attend, and parents SDCC work location. **All others** need to obtain their County's release and complete the Non-Resident Request for Admission paperwork every year. Guidelines for consideration, when the appropriate paperwork is received, are as follows:

EMPLOYEES: Employees' children may attend where parent requests as long as satisfactory grades, attendance, and discipline are maintained.

SUBSTITUTES: Substitute teachers are NOT considered full-time employees; therefore, their request for admission must be based on residency requirements and are not automatically accepted.

“FUTURE” CLAY COUNTY RESIDENTS: Parents must provide the school a notarized copy of their contract, with a copy of the Building Permit, to apply for admission into **Clay County**. The Building Permit must be active and identify a reasonable completion date (not more than four (4) months).

KHE

CURRENT NON-RESIDENT STUDENTS: Students currently attending KHE for the 2010/2011 school year may reapply for admission into Clay County at KHE for the 2011-2012 school year. This procedure applies only to non-resident business owners and non-resident school board employees.

CURRENT NON-RESIDENT STUDENTS OF BUSINESS OWNERS: School District of Clay County will accept children of business owners who operate their business within the KHE school zone during the 2011-2012 school year. The children of business owners may receive NON-Resident status in the school zone in which the business operates. Business owners must supply the following when seeking Non-Resident status.

1. Student release from school district where residence is located.
2. Valid Keystone Heights business license.
3. Title or lease agreement of property indicating business location.

Note: This special consideration is not extended to holders of business licenses for seasonal sales, door to door sales, or vehicular vending sales.

The principal of KHE will request that all students currently enrolled provide **proof of residency** to continue their enrollment at KHE for the 2011-2012 school year.
