On the listed date and time I responded to 2025 Smith St, Orange Park Police Department, in reference to a burglary. Upon arrival I met with Kadian Moody (V1).

An investigation revealed that Moody drove her vehicle, FL tag BCSQ91, to her place of employment, 2105-25 Park Av, around 1000 hours on 6/10/2014. Moody parked her vehicle on the south side of the building. She had two 13" Apple Macbook Pro computers in her back seat area. She left her vehicle unlocked while she was at work. Moody was away from her office and called her sister, Kendra Moody (IO1), around 1300 hours and asked her to get her computer out of the back seat of her vehicle. K. Moody told her there were no computers in the back seat. Moody returned to her vehicle around 2030 hours and confirmed that the computers were stolen from her vehicle.

Moody described both computers as 13" Apple Macbook Pro computers worth approximately \$1200 each. One of the computers was her personal computer. Her personal computer (serial # C02F70J8DH2H) and computer charger was kept in a blue tote bag in plainview on the back seat. The tote bag was left in the vehicle. The other computer was on the floor behind the driver seat in plainview. She advised this computer was owned by Fleming Island High School. She advised she is associated with an audio/video club at Fleming Island High School and had the computer for use in an event over the weekend. She could not provide the serial number for the other computer. I advised her to contact Fleming Island High School and have them provide the police department with the serial number. Moody also advised there were other items of value in the vehicle that were not stolen.

There was no physical evidence to recover from the vehicle. I searched Linx for pawn information with negative results.

Moody was provided a case number.
