CLAY
District Name

In accordance with the provisions of Section (9)(d), Article XII, State Constitution, as amended (referred to as the School Capital Outlay Amendment), and Florida Administrative Code based thereon, relating to the order of priority of capital outlay projects financed from funds derived under the Amendment, approval of the State Board of Education is hereby requested for the attached list of school capital outlay projects.

The School Board of CLAY County certifies that this list of projects and the order of priority assigned are based on (a) a survey as set forth in Section 1013.31, F.S., dated: January 2006, as amended; (b) the Florida Administrative Code relating to priority of projects, as set forth in Section 2.1(5), State Requirements for Educational Facilities (SREF); and (c) other pertinent information relating to school capital outlay needs in this school district.

As said funds are made available, the said Board proposes to carry out these projects as nearly as practicable in the order given, subject to changes as provided in state law and Florida Administrative Code.

Projects are placed in the proper category according to the following:

- I. Completed - when a Certificate of Final Inspection has been issued, a project is placed in the completed category. This project will be eligible for the expenditure of state funds during the fiscal year in which the Certificate is issued and one additional fiscal year thereafter, after which it should not be listed unless there are outstanding encumbrances. Completed projects should be identified only by Project Priority List (PPL) number and date of Certificate of Final Inspection.
- II. Under Construction - when a contract or purchase order is executed for a project, the project is placed in the under construction category and remains there until the Certificate of Final Inspection is issued.
- III. Planned - when projects are in the planning stage and State Board of Education approval is being requested so that state capital outlay funds may be expended on the projects, they are placed in the planned category.
- IV. Deleted - when a project's source of funding has changed to other than that provided in accordance with provisions of Section (9)(d), Article XII, State Constitution, as amended, or projects are not under contract at the beginning of a New 5-Year Educational Plant Survey.

Adopted by the School Board of Clay County, Florida on August 21, 2008.
