

Bids to be awarded February 2007:

a. PURCHASE OF NEW PORTABLE CLASSROOMS #08-F-197

Bid opened February 1, 2007

11 bids solicited

7 bids received

Recommendation as follows:

Bids one through six are approved for award of Item 1 only. The contract shall be awarded to William Scotsman, Inc. as the first low bidder meeting specifications. If William Scotsman is unable to meet the requirements of the bid/contract, Work Space Plus, pending receipt of a letter from their bonding company, will be awarded the contract as the second low bidder. If Work Space Plus is unable to provide the letter from their bonding company or is unable to meet the requirements of the bid/contract, the contract shall be awarded to Mobile Modular as the third low bidder. If Mobile Modular is unable to meet the requirements of the bid/contract, the contract shall be awarded to MSpace as the fourth low bidder. In the event that MSpace is unable to meet the requirements of the bid/contract, the contract shall be awarded to ReSun as the fifth low bidder. In the event that ReSun is unable to meet the requirements of the bid/contract, the contract shall be awarded Spectrum Building Systems, Inc. The controlling terms of the bid/contract are the ability of the manufacturer to meet the time of delivery, price and specification requirements set forth in the bid specs and responses. The only reason for which the contract shall be awarded to a higher bidder is the inability of the lower bidder to meet these terms. The fact that a bid is approved for award herein does not guarantee that a contract will be executed or that orders will be placed.

It is recommended that there be no award for Item 2 as these units shall be purchased using other public entity bids.

b. REROOFING OF SHINGLED ROOFS #08-MA-286

Bid opened February 5, 2007

11 bids solicited

6 bids received

Recommend bid be awarded to Quality Construction of N.E. Florida, Inc., Orange Park, Florida, low bidder meeting specifications.
