Process for Starting an Academy

- **Survey Business and Industry (to include postsecondary institutions) to determine workforce demand.**
- **Keep abreast of the local Workforce Board and Chamber of Commerce for workforce needs and predictions.**
- **Survey students to discover their interests.**
- **Work with Facilities, Information Services, Instruction and School Administration to ensure resources can be met to start and maintain Academy.**
- **One year of Professional Development is provided to the Academy Team, which includes School Administrators, Guidance, and all Academic and Career Instructors.**

ANY PERSON. ANY PATH. ANY FUTURE.

THE EDUCATION YOU WANT AND THE SKILLS THEY NEED.
