

Final Comments....??

November 7, 2024

The election...

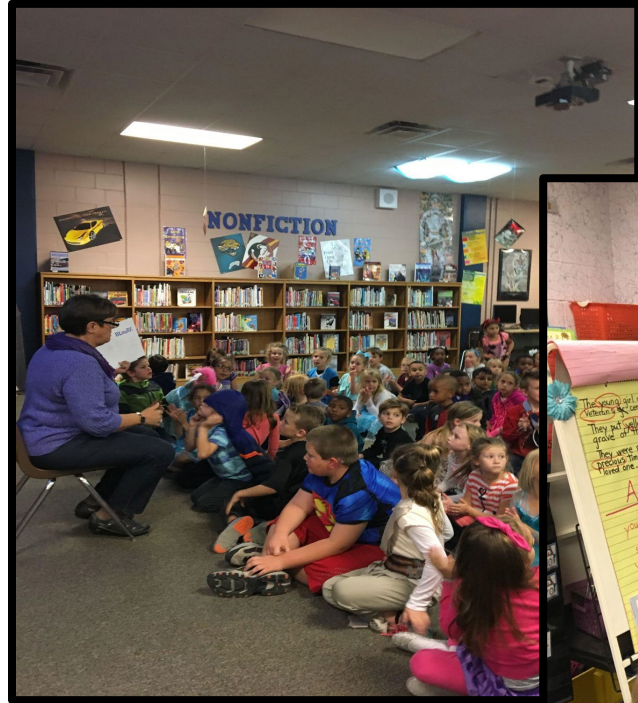

Leaving the classroom...

And the fun begins!

The challenge was to visit all 43 schools in the first year!

While enjoying my favorite events....

COME TO THE
MATH SIDE
WE HAVE
 π
SLE MATH TEAM

Sorry I'm Late

I took the
RHOMBUS

WHAT IF
DR. SEUSS
TAUGHT
 $\frac{1}{5}$ $\frac{2}{5}$ $\frac{1}{5}$ $\frac{1}{5}$
MATH?

Weapons of
Math Destruction

...and adding some new ones!!

It has always been a joy interacting with students...

...in class, or out!

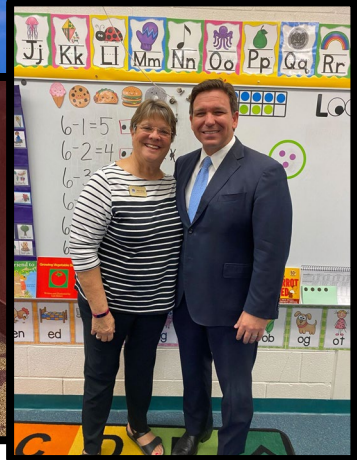

And working with the best of the best!!

While planning for the growth and building schools...

I've encountered a number of unique characters!

**But the ultimate goal
in all that I've done is
to help our students
become the best
version of
themselves!**

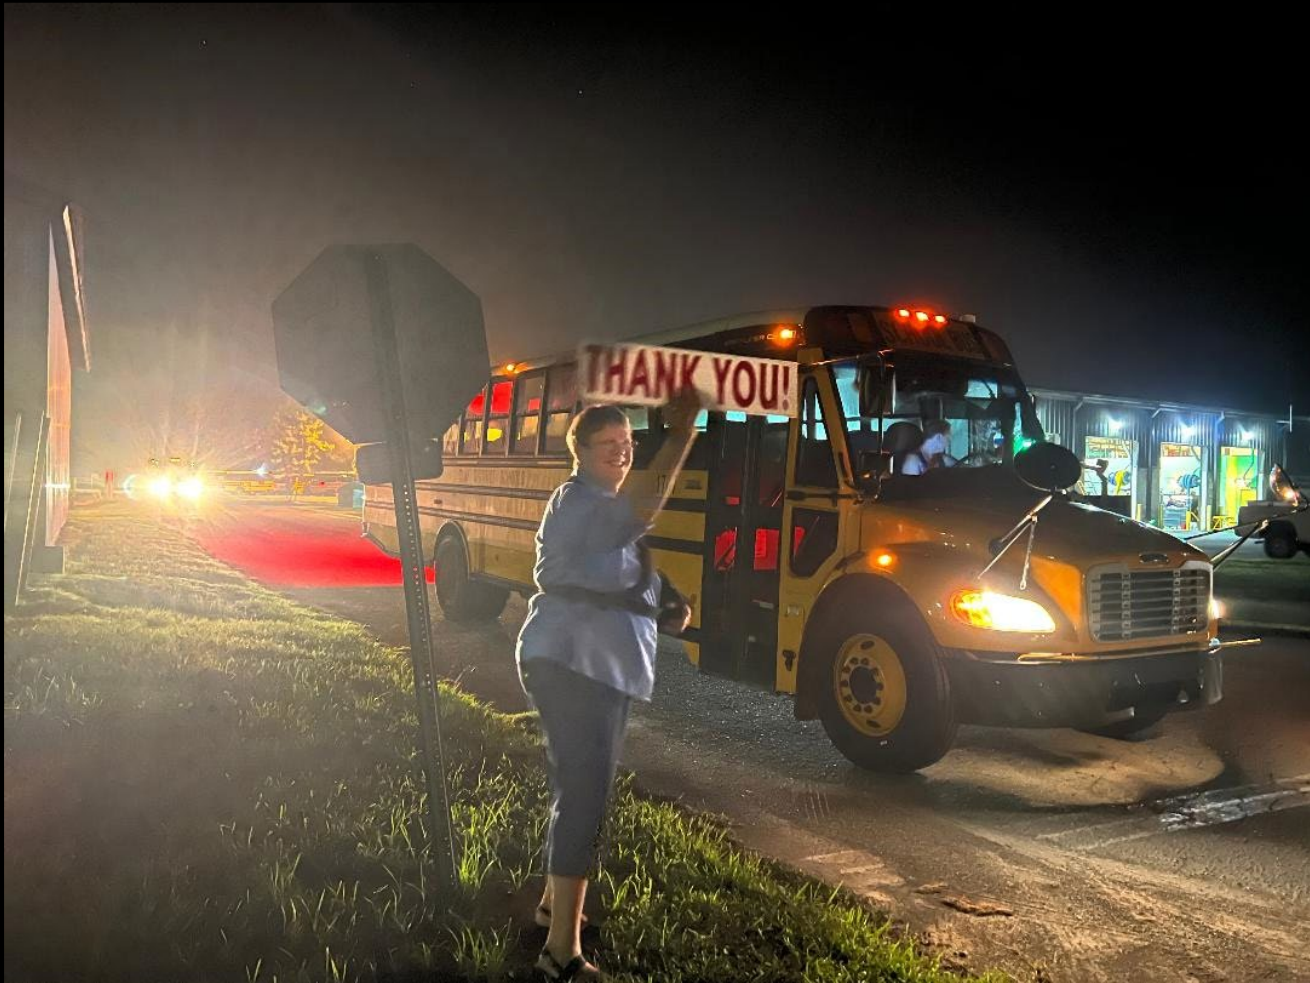

The Queen Irene

Thank You!
