The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

This year our overall ELA proficiency had the greatest growth, specifically 4th grade ELA proficiency, which increased from 57% in 23-24 to 71% in 24-25. Our overall proficiency increased three points in grades 3-6. In 4th grade, we saw a 14 point increase. This year, we had a new ELA team. One 4th grade teacher is a highly effective teacher who moved from 3rd grade to 4th. The other 4th grade teacher who joined our school this year has many years of experience. They implemented strong Tier I instruction and collaborated by developing common assessments and analyzing data at PLCs. The team developed two unit assessments based on state benchmarks and question stems. The team also developed writing assessments and exit tickets. The reading coach worked closely with this team during PLCs, helped develop assessments, and evaluate data as well. Students were provided with additional Tier I small group support from the reading coach who targeted students whose ELA scores in third grade were not proficient. These small groups focused on developing comprehension monitoring skills (summarizing, questions types, context clues, and building background knowledge). Title I assistants provided additional Tier I comprehension groups using CommonLit articles in order to practice reading the text closely, breaking down comprehension questions, and finding evidence to support their answers. The ESE teachers provided Tier II support using Spelling Mastery for students on MTSS. This program was conducted in the classroom and completed four times per week. Additional comprehension instruction was also provided. The Title I assistants provided Tier III support using Corrective Decoding five days per week.

Another focus this year in ELA was increasing the scores for the 5th grade cohort. In 4th grade, this cohort scored a 57% proficiency in ELA. This year, their proficiency increased five points to 62%. By prioritizing 4th and 5th grade, we saw significant gains. In 5th grade, the ELA teacher and reading coach closely collaborated on developing common unit assessments. These were rigorous assessments that aligned with the state benchmarks and question stems. Additionally, the reading teacher developed weekly exit tickets to focus on the standards that were covered and included vocabulary and summary questions for students to practice throughout the year. The Title I coach and assistants providing additional support in small group as well by providing Tier I and Tier III instruction using research-based practices and district-approved intervention programs. The ESE teacher collaborated with the classroom teacher and reading coach on areas to target in her small groups for

students with an IEP. The coach implemented groups that were based on the same strategies described above but tailored to 5th grade level content, reading passages, and questions.

At a school-wide level, the literacy team decided on Summarizing as our Essential Standard of focus for the year. The reading coach provided PD to the faculty on instructional strategies and provided graphic organizers and rubrics adapted to all grade levels. Teachers in grades Kindergarten through 6th implemented these strategies, evaluated them with their team in PLC using the rubrics, and brought students samples to whole group PLC in order to evaluate with the team as a whole, including ELA, social studies, and science teachers. The reading coach gathered feedback from the faculty on how to improve implementation of this school-wide standard next year.

The final area of improvement was 6th grade math, which increased from 64% in 23-24 to 80% in 24-25. We had teacher move from Kindergarten to 6th grade math this year. She provided strong Tier I instruction and collaborated closely with the math coach who also provided small group instruction multiple times a day, four days a week. The classroom teacher and math coach also collaborated with the ESE teacher by discussing research-based strategies and evaluating data. The Vertical Math team implemented a school-wide Essential Standard, which was monitored monthly using student data.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component that showed the lowest performance was 4th grade math lowest quartile learning gains at 42%. This is the second year in a row of this occurrence. Teachers will receive coaching on Tier I instruction that specifically targets students in the lowest quartile. The math coach will conduct coaching cycles with these teachers to model effective strategies and will monitor data at PLCs. The team will also prioritize teaching the standards rather than following the curriculum as a guide. One contributing factor is that we have a teacher new to the school in 4th grade math this year. Our two ESE math teachers are also new to ESE and to teaching math.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The greatest decline was in 2nd grade ELA. In 23-24, 2nd grade proficiency in ELA was 65%. This year it dropped to 46%. One of our highly effective 2nd grade teachers moved up to 3rd grade this year and was replaced by a beginning teacher. This teacher was supported through coaching cycles and continues to work on classroom management strategies. The cohort as a whole also decreased in proficiency, having achieved a 74% in 1st grade.

The 3rd grade teacher will return to 2nd grade next school year. The reading coach will support the teachers new to the teaching profession and/or new to ELA in 2nd grade next year by providing coaching cycles and focusing on Tier I instruction across the grade level.

Next year, this cohort will be a focus in 3rd grade. The reading coach will work closely with the classroom and ESE teachers to provide targeted support at the Tier I level as well as provide interventions at the Tier II and Tier III levels.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap was in 2nd grade ELA., which was 46%. The state proficiency was 52%. This is a six point difference. One of our reading teachers was a first year teacher. She struggled with classroom management and this resulted in loss of instructional time. Our reading coach completed an effective coaching cycle with continued support. She was also supported by the more experienced second grade reading teacher throughout the year. Historically, this cohort has received additional behavior and academic support.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

According to our EWS data, 99 students had an attendance rating below 90%. This is an area of concern that we will focus on next year for one of our SIP/Title I Goals. This year, administration held meetings with parents of students who had excessive absences. They sent home letters on a regular basis to inform parents of excessive absenteeism. Students were rewarded for good attendance at times of the year when frequent absences occur.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

- 4th Grade Math: Lowest Quartile Learning Gains and Overall Learning Gains (Tier I Instruction)
- 3rd Grade ELA: 2nd Grade (24-25) Cohort that scored 46%: Tier I Instruction and Small Group Instruction
- 1st Grade ELA: Tier I Instruction
- 1st Grade Math: Tier I Instruction
- 5th Grade ELA: Tier I Instruction

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

McRae's math proficiency for grades 3-6 was 70% for the 24-25 FAST PM3. This was an increase from the 24-25 school year, which was 69%. Learning gains for the lowest quartile averaged to 60%. Learning Gains in 4th grade were 42%. Because of this, our focus is to increase the learning gains for students in the lowest quartile.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

42% of 4th grade Bottom Quartile students made a Learning Gain on the final FAST assessment. This year, A minimum of 50% of 4th and 5th Grade Bottom Quartile students will demonstrate a Learning Gain in Math on the PM3 FAST.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Our focus this year will be on improving Tier 1 instruction using research-backed models to reach all learners and increase collaboration in math classrooms. We will also monitor this work by creating a small group schedule for our school. We will review data and form small groups of students to target areas in need of support with researched-based programs, specially designed instruction, and high leverage practices. Small groups will be monitored by administration with observation and walkthroughs and feedback will be provided during debriefs. Instructional coaches will provide model lessons, complete observations and give actionable feedback.

Person responsible for monitoring outcome

Tammy Winkler, Ashley Kibler, Tara Lybarger

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

We will strengthen classroom instruction by using Universal Design for Learning (UDL) and Specially Designed Instruction (SDI). UDL provides multiple ways for students to access information - such as visuals, hands-on activities, and technology - so every child can understand the lesson in a way that works best for them. SDI gives extra support and strategies tailored to students who need additional help, ensuring their unique learning needs are met. Along with these approaches, students will have more chances to collaborate with their peers, which builds confidence, allows directed math discord, and helps them practice new skills together. This will be monitored through PLC documentation, observations, walk thrus, and student data.

Rationale:

By using UDL and SDI, we ensure that all students, regardless of their learning needs, have equal opportunities to succeed. These strategies give every child access to the content in ways that fit their strengths while providing extra support when needed. Peer collaboration further strengthens learning by allowing students to share ideas, practice skills, and build confidence in a supportive and structured environment.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Strengthen Tier 1 Instruction

Person Monitoring:

Tammy Winkler - Ashley Kibler

By When/Frequency:

Walk-throughs, Observations, PLC meetings and binder reviews- Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Our focus this year will be on improving Tier 1 instruction using research-backed models to reach all learners and increase collaboration in math classrooms. We will also monitor this work by creating a small group schedule for our school. We will review data and form small groups of students to target areas in need of support with researched-based programs, specially designed instruction, and high leverage practices. Small groups will be monitored by administration with observation and walkthroughs and feedback will be provided during debriefs. Instructional coaches will provide model lessons, complete observations and give actionable feedback.

Action Step #2

Data Chats/Problem Solving Sessions

Person Monitoring:

By When/Frequency:

Tara Lybarger/Alex Scamahorn

Weekly and Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

At PLCs and at formal data chats, coaches will conduct problem solving sessions. With teachers, the coaches will analyze student data and make actionable plans on ways to strengthen Tier 1 instruction, build in structured, productive student collaboration, and build targeted small groups.

Action Step #3

Review Current Data from formative assessments- Mid Module, end of module assessments, exit tickets, FAST progress monitoring. Admin will participate in these Data Chats and review PLC binders for data, small group formations, and learning targets.

Person Monitoring:

Tammy Winkler, Tara Lybarger, Ashley Kibler

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will monitor the growth of our students and the mastery of skills through exit tickets and assessments.

Action Step #4

Professional Learning- Lesson Planning, Small Groups, Student Collaboration

Person Monitoring:

Tammy Winkler/Ashley Kibler, Tara Lybarger

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Thorough lesson planning will be completed during PLCs. The leader will question and the team will discuss to clarify expectations for lessons. They will review data to target students in need of remediation, practice, and enrichment. Teams will agree on activities that students will complete to master these skills. Lessons will be monitored through PLC meetings/binders and walk throughs. Teachers will be given specific/actionable feedback for improvement. Collaborative Techniques will be demonstrated throughout the year during Whole Group PLC and Team meetings.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA required by RAISE (specific questions)**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Instructional practice in ELA is one of our areas of focus because of the need to increase student literacy at McRae. According to the 24-25 FAST results, our overall school proficiency in ELA is 67%. This means that 33% of students are not performing on grade level in reading. Reading ability is essential for future success and impacts all areas of learning.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

Improving Tier I Instruction in all grades is our primary focus. In collaboration with the reading coach and ESE teachers, classroom teachers will strengthen Tier I Instruction by intentionally planning on how to embed UDL strategies into whole group lessons. They will also collaborate on ways to incorporate student collaborative techniques in both whole group and small group settings. Additionally, they will collaborate on how to differentiate guided and independent practice in Tier I Instruction.

In first and second grade, teachers will also provide Tier I Instruction on grade level fluency. They will model fluent reading and provide opportunities for guided and independent practice with partners. They will incorporate a comprehension component into fluency practice as well by having student students retell what they read and write summaries of the text.

Grades 3-5: Instructional Practice specifically related to Reading/ELA

Improving Tier I Instruction in all grades is our primary focus. In collaboration with the reading coach and ESE teachers, classroom teachers will strengthen Tier I Instruction by intentionally planning on how to embed UDL strategies into whole group lessons. They will also collaborate on ways to incorporate student collaborative techniques in both whole group and small group settings. Additionally, they will collaborate on how to differentiate guided and independent practice in Tier I Instruction.

Teachers will also provide Tier I Instruction on grade level fluency. They will model fluent reading and provide opportunities for guided and independent practice with partners. They will incorporate a comprehension component into fluency practice as well by having student students retell what they read and write summaries of the text.

Grades K-2: Measurable Outcome(s)

52% of 2nd Graders scored below Level 3 on the PM3 FAST. Our goal is to increase our Reading Proficiency to 55% for 3rd Grade, the cohort of students moving from 2nd to 3rd.

Grades 3-5: Measurable Outcome(s)

52% of 2nd Graders scored below Level 3 on the PM3 FAST. Our goal is to increase our Reading Proficiency to 55% for 3rd Grade, the cohort of students moving from 2nd to 3rd.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

We will monitor student progress using FAST PM1, PM2, and PM3. We will also use

Acadience Reading to assess three times a year and progress monitor. Our teachers will meet regularly with the reading coach to analyze data and respond to the data. Mrs. Winkler and Mrs. Kibler will monitor the implementation of teaching strategies and student collaboration through walk-throughs and formal observations.

Person responsible for monitoring outcome

Alexandra Scamahorn, Tammy Winkler, Ashley Kibler

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

We will strengthen Tier 1 instruction by using Universal Design for Learning (UDL) in order to design lessons that include multiple means of engagement, representation, and action and expression. According to CAST, "the goal of UDL is learner agency that is purposeful and reflective, resourceful and authentic, strategic and action oriented." The purpose of UDL is to design the learning environment to reach all learners, rather than attribute problems to learner deficits. When learning environments are planned using UDL, barriers are reduced and "every learner can engage in rigorous, meaningful learning." We will utilize UDL when planning our learning environments during PLCs so that Tier I instruction will be effective in all classrooms. This will be monitored through PLC documentation, observations, walk thrus, and student data. A second way that we will improve Tier I instruction is using Specially Designed Instruction (SDI) when planning both whole group and small group lessons. SDI is effective when teachers tailor instructional strategies and supports to meet the needs of individual students. While UDL aims to prevent learning gaps, SDI corrects learning gaps by designing instruction that is specific to individual students. The general education teacher will utilize SDI to plan lessons with the ESE teacher using student data and psychologicals to determine the individual student's area(s) of strength and need. Examples include but are not limited to graphic organizers, multi-sensory activities, chunking, visual aids, sentence starters, and pre-teaching. This will be monitored through PLC documentation, observations, walk thrus, and student data. The third intervention we will utilize to improve Tier I instruction is increased student collaboration. Collaborative learning helps develop higher-level thinking, improves communication skills, and prepares students for the future. We will increase effective student collaboration by teaching students how to define group roles, develop and abide by group norms, set clear goals, practice active listening, and hold themselves accountable for their learning. During PLC and other planning sessions, teachers will intentionally plan how student collaboration will take place. This will be monitored through PLC documentation, observations, walk thrus, and student data.

Rationale:

Strengthening Tier 1 instruction provides all students with equitable access and opportunity to master grade level standards and skills. By implementing UDL practices, classroom instruction is structured in a way to prevent students from needing interventions. For students who do require intervention, we will provide SDI in targeted small groups. Student collaboration provides students with the opportunity to verbalize their thinking, work out challenging content and skills in a low-risk environment, and practice these skills multiple times.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Implementing UDL

Person Monitoring:

Alexandra Scamahorn/Tara Lybarger/Tammy Winkler

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The instructional coaches will provide professional development on UDL in whole group PLC. The coaches will then attend weekly PLCs with teams to help them plan their UDL instruction, tailored to their classrooms. This will be monitored by attending weekly meetings and by using the PLC binder documentation.

Action Step #2

Providing SDI

Person Monitoring:

Alexandra Scamahorn

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The reading coach will collaborate with the classroom teacher and ESE teacher to develop SDI for students in a small group setting. This will extend to intervention groups as well. The coach will provide Title I assistants with training and plans for providing intentional scaffolded support (that reflect the support provided in the classroom) in the Tier 2 and Tier 3 intervention programs, including but not limited to PRIDE and Corrective Reading. The coach will monitor implementation by observing Title I small groups. She will also monitor student progress monitoring data.

Action Step #3

Increasing Student Collaboration

Person Monitoring:

Alexandra Scamahorn/Tammy Winkler

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The coaches will provide/coordinate for additional PD on student collaboration. The coaches will attend weekly PLCs to help teachers develop and plan for student collaboration in their lessons. The reading coach will also strategize on ways to increase student collaboration in small groups settings by helping classroom teachers, ESE teachers, and Title I assistants to implement student collaboration practices. This will be monitored by attending weekly PLCs, reviewing PLC binder documentation, evaluating student progress monitoring data, and classroom walk thrus.

Action Step #4

Monthly Data Review

Person Monitoring:**By When/Frequency:**

Alex Scamahorn/Tammy Winkler

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will monitor student progress using FAST PM1, PM2, and PM3. We will also use Acadience Reading to assess three times a year and progress monitor. Our teachers will meet regularly with the reading coach to analyze current data (unit assessments, exit tickets, student writing) and respond to the data with targeted support.

IV. Positive Learning Environment

Area of Focus #1

Positive Behavior and Intervention System (PBIS)

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

When reviewing our Walkthrough Data, our OneClay Leadership Team noticed that Collaborative Work was only observed 31% of the time. We would like to increase collaborative learning opportunities for our students for many reasons. These types of interactions have high effect sizes- Piagetian Programs= 1.28, Reciprocal Teaching = .74, and Cooperative Learning Vs. Individual Learning/Peer Tutoring = .55. Pre-K through 6th grade students will discuss their learning, share strategies, and solve problems together. These interactions will benefit all students, allowing them to share their ideas and learn from each other.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

24-25 Walk Through Data indicated that students were involved in Collaborative Work 31% of the time. During the 25-26 school year, PLC groups will plan collaborative activities when they lesson plan together. The OneClay Leadership Team created indicators for admin to complete during each walk through. Our goal is to increase student collaboration to 35%.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Student Collaboration will be monitored through PLC binder reviews. Administrators will review activities that PLC members plan for lessons. They will also indicate if students completed these activities during walk throughs, allowing us to monitor the percentage of time that students collaborate

during lessons.

Person responsible for monitoring outcome

Tammy Winkler/Ashley Kibler

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Directive Discourse, Reciprocal Teaching, Peer Tutoring- These activities allow students to build relationships as they discuss their learning. They will enhance learning by allowing students to explain their thinking and to learn from each other. Students will read together and discuss the information provided in the text. They will use academic vocabulary as they complete comprehension activities together. Students will solve problems together. During this process, they will listen to each other, agree/disagree with evidence, and solve problems using different strategies including building models. Students will be trained to provide support to peers in a respectful, productive manner. This will be monitored through PLC documentation, observations, walk thrus, and student data.

Rationale:

All of these strategies have high effect sizes. These activities allow students to build relationships. They will enhance learning by allowing students to explain their thinking and to learn from each other.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Student Collaboration - Research will be shared with our faculty on the benefits of collaborative activities during our Back to School meeting and during our monthly Whole Group PLC and Come Together Meetings. Teachers will complete the Directed Discourse trainings with our ESOL support, Amber Rockwell. Techniques will be modeled throughout the year. PLC groups will be encouraged to agree on a template for the lesson plans that will include a section to include the collaborative structure that will be used for the lesson.

Person Monitoring:

Tammy Winkler, Ashley Kibler, Alex Scamahorn,
Tara Lybarger

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Student Collaboration will be monitored through our walk through data. The impact of collaboration will be monitored through formal assessments, exit tickets, and progress monitoring.

Action Step #2

Teachers and Assistants will be trained in techniques to use to promote student engagement and collaboration during Pre-planning and during monthly Whole Group PLCs and Come Together Meetings. Model lessons will be provided for teachers to observe. We will complete the quarterly Directed Discourse trainings.

Person Monitoring:

Tammy Winkler, Ashley Kibler, Alex Scamahorn,
Tara Lybarger

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Student Collaboration will be monitored through our walk through logs. The impact of collaboration will be monitored through exit tickets, checks for understanding, unit assessments, and the FAST progress monitoring.

Action Step #3

Monthly Data Reviews- PLC Teams will review data- exit tickets, checks for understanding, rubric scores, assessments to monitor student progress toward the mastery of skills.

Person Monitoring:

Tammy Winkler, Ashley Kibler, Alex Scamahorn,
Tara Lybarger

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Student Collaboration will be monitored through walk throughs. The impact of collaboration will be monitored through exit tickets, checks for understanding, unit assessments, rubric scores, and FAST progress monitoring.

Action Step #4

Students will be given the opportunity to work collaboratively.

Person Monitoring:

Tammy Winkler, Ashley Kibler, Alex Scamahorn,
Tara Lybarger

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Students will be given the opportunity to learn from their peers through collaborative activities. Students will read passages together. They will discuss the information shared in the text and answer comprehension questions by sharing evidence from the text that supports their ideas. They will solve math problems by using different strategies including building models demonstrating their thought process. They will better understand science concepts by discussing systems and drawing models to explain these processes. Students will serve as tutors and will learn from each other.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

Our School Improvement Plan will be shared with our SAC committee. We will collaborate and share ideas for school improvement and family engagement. This plan will also be shared with our faculty and be posted on McRae Elementary's website.

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

McRae Elementary will continue to build positive relationships with the families that we serve and our community by keeping them informed of our accomplishments and our goals. These will be shared through our newsletter, during assemblies, and using our Facebook page. This information will also be shared with our SAC committee and members will contribute ideas for school improvement. Parents will have constant access to their student's data and grades through Synergy. Teachers will meet with parents to discuss their child's progress. Our school will have several Title 1 events throughout the school year to promote family participation and engagement.

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include

the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

Teachers will review curriculum maps created by district specialists. They will meet weekly during PLC time and will focus on grade level standards and on planning effective lessons based on UDL practices. They will implement Total Participation strategies to increase student engagement and collaboration. Data will be reviewed 3 times per year and small groups will be formed to meet the needs of students. Our coaches, general education/ESE teachers, and Title 1 assistants will provide targeted support to students using researched-based programs and strategies. These small groups will be strengthened using SDI and student collaboration techniques.

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections 1114(b)(5) and 1116(e)(4)).

No Answer Entered

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

Our counselor, social worker, behavior site coach, and nurse are available to serve students and families in need of extra support. Our Student Success Team meets with families to problem solve and to provide additional resources. We work with Vision is Priceless to provide glasses to our students. Waste Not, Want Not, the Reinhold Foundation, and other donors have supported our Weekend Feeding Program.

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

Our PBIS committee creates expectations for the common areas of our school. These procedures and rules are clearly explained to all students by Principal Winker the first week of school. The expectations are posted, reviewed, and modeled throughout the year. Students are reminded of procedures/rules, especially when we see misbehavior and after longer breaks. Employees are posted around campus to monitor behavior and to keep students on track. Teachers collaborate with students to create class procedures and rules. They provide models of these expectations, and students are recognized for doing the right thing. When we noticed that students need more support, we create behavior plans and students participate in social skills activities.

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other

school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

McRae is the Hidden Gem of Clay County. We are a family. We help and support each other. Everyone has someone to go to for support. Every team has a team lead. We have two instructional coaches. A team of teachers attend OneClay Leadership and the ESE Summit every summer to be prepared to share resources and strategies. Groups of teachers meet in PLCs every week and focus on standards, assessments, data, and small group targeted support. Every PLC has a leader trained in highly effective PLC work. Teachers attend ongoing OneClay Quarterly meetings. District Coaches offer Quarterly Meetings. All teachers are encouraged to complete LETRS training focused on researched-based practices. Our Title 1 assistants complete MicroCredentials trainings. Teachers know that they can reach out at any time for additional support. We offer collaborative lesson planning, data analysis, and provide model lessons. We debrief after walk-throughs and observations to celebrate great teaching strategies and to tweak instruction.

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

Our Pre-K teachers and assistants teach Pre-K students how to do school. They prepare them for kindergarten by helping them to learn how to listen to instruction and collaborate with peers. They help them to build independence by modeling effective, respectful communication and self care. They are given support as they learn basic skills and complete tasks independently. They are constantly reminded that they are moving up to Kindergarten and need to be ready. As they learn all of these skills and behaviors, their confidence grows.

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

The mission of Oakleaf High School is to provide a safe, appropriate, and effective learning environment that will meet the needs of the students and assist the students in accomplishing educational goals that are significant for the world of work and for higher learning pursuits.

Provide the school's vision statement

By providing the best education possible, we are giving our students the “armor” to succeed in their lifelong endeavors.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Justin Fluent

justin.fluent@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Evaluator for: Career Technical Education (CTE), Athletic Director, Deans, and Assistant Principals. Oversees the following areas: Budget, Hiring, Curriculum Council, SAC, School Improvement Plan, Teacher and Room Assignments, Field Trips, Contracts, and Workers' Comp. Rep.

Leadership Team Member #2

Employee's Name

Toyia Mills

toyia.mills@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Assistant Principal 12th Grade Administrator

Evaluator for: Science, ESE, and Credit Recovery Labs

Oversees the following areas: ESE Plans, Biology Proficiency, Graduation Rate, School Advisory Council & PTA, Principal Reviews, PBIS, Summer School Coordinator, Teacher of the Year, School Related Employee of the Year, Teacher Support/Appreciation, New Teacher Orientation, Parent Academy coordinator, Enrollment Issues, title IX Backup Administrator and Out-of-Field Teachers, and ESOL Out-of Field letters.

Leadership Team Member #3**Employee's Name**

Lance Linscomb

Lance.Linscomb@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Assistant Principal 10th Grade Administrator

Evaluator for: Math and Spanish.

Oversees the following areas: Math Proficiency, Math Learning Gains and Lower Quartile, Facilities, Work Orders, Custodians, Keys, Drills: Bus/Fire/Lockdown/Weather, Emergency Manual, Threat Assessments Leader, Student Success Leader, School Safety Leader.

Leadership Team Member #4**Employee's Name**

Brittany McKenzie

brittany.mckenzie@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Assistant Principal 11th Grade Administrator

Evaluator for: English, Intensive Reading, and Media Center

Oversees the following areas: ELA Proficiency, Learning Gains, Lower Quartile, FAST, and EOC Testing, AICE Department, Master Schedule, Literacy Leader, Social Media, Webmaster, Chromebooks, ESOL compliance, Guidance department, FTE compliance, Opening/closing of schools, Link Crew.

Leadership Team Member #5

Employee's Name

Norman Ritz

norman.ritz@myoneclay.net

Position Title

SAC Chair and Teacher

Job Duties and Responsibilities

Assistant Contributor of the School Improvement Plan, Teacher of AP English Language and Composition, AP Research, and English III. School Advisory Committee Chair, National English Honor Society Advisor, National Beta Club Sponsor, and Miss OHS Director.

Leadership Team Member #6

Employee's Name

Brett Rountree

Brett.Rountree@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Assistant Principal 9th Grade Administrator

Evaluator for: Social Studies, Fine Arts, NJROTC, and PE.

Oversees the following areas: US History Proficiency, US History Learning Gains and Lower Quartile, FAST and EOC Testing, Property, AP Program, Events Calendar, Title IX Lead, Roster Verification, Federal Impact Aid, School Safety Team Member, Textbooks, and Professional Development Points.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. §

6314(b)(2), ESEA Section 1114(b)(2).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

At Oakleaf High School, our School Advisory Council seeks input from our stakeholders, which include the school leadership team, teachers, staff, parents, students, and the community. At the start of the year, the SAC leader meets with the school leadership team to discuss potential target areas to focus on. After that initial meeting, the School Improvement Plan is drafted and presented to the leadership team. Once the leadership team approves the plan, it is introduced to the stakeholders at our first SAC meeting. Stakeholders are given an opportunity to voice comments and concerns before approving the plan.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The School Advisory Council at Oakleaf High School meets quarterly with stakeholders (school leadership team, teachers, staff, parents, and students) to discuss and monitor the implementation and impact of our Improvement Plan and make revisions as necessary.

C. Demographic Data

D. Early Warning Systems

1. Grades K-8

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

2. Grades 9-12 (optional)

Current Year (2025-26)

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|---|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| School Enrollment | | | | | 0 |
| Absent 10% or more school days | | | | | 0 |
| One or more suspensions | | | | | 0 |
| Course failure in English Language Arts (ELA) | | | | | 0 |
| Course failure in Math | | | | | 0 |
| Level 1 on statewide ELA assessment | | | | | 0 |
| Level 1 on statewide Algebra assessment | | | | | 0 |

Current Year (2025-26)

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Students with two or more indicators | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|---|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Absent 10% or more school days | | | | | 0 |
| One or more suspensions | | | | | 0 |
| Course failure in English Language Arts (ELA) | | | | | 0 |
| Course failure in Math | | | | | 0 |
| Level 1 on statewide ELA assessment | | | | | 0 |
| Level 1 on statewide Algebra assessment | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Students with two or more indicators | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|-------------------------------------|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Retained students: current year | | | | | 0 |
| Students retained two or more times | | | | | 0 |

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 69 | 66 | 59 | 66 | 64 | 55 | 60 | 57 | 50 |
| Grade 3 ELA Achievement | | | | | | | | | |
| ELA Learning Gains | 62 | 60 | 58 | 65 | 62 | 57 | | | |
| ELA Lowest 25th Percentile | 61 | 59 | 56 | 65 | 62 | 55 | | | |
| Math Achievement* | 74 | 59 | 49 | 70 | 61 | 45 | 51 | 50 | 38 |
| Math Learning Gains | 57 | 48 | 47 | 68 | 60 | 47 | | | |
| Math Lowest 25th Percentile | 62 | 42 | 49 | 72 | 61 | 49 | | | |
| Science Achievement | 85 | 82 | 72 | 81 | 80 | 68 | 77 | 74 | 64 |
| Social Studies Achievement* | 92 | 84 | 75 | 86 | 83 | 71 | 83 | 80 | 66 |
| Graduation Rate | 98 | 95 | 92 | 97 | 94 | 90 | 97 | 95 | 89 |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | 60 | 63 | 69 | 60 | 60 | 67 | 62 | 63 | 65 |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 67 | 69 | 52 | 68 | 51 | 49 | 61 | 52 | 45 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPI) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |
| OVERALL FPPI – All Students | | | | | | 72% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 0 |
| Total Points Earned for the FPPI | | | | | | 787 |
| Total Components for the FPPI | | | | | | 11 |
| Percent Tested | | | | | | 99% |
| Graduation Rate | | | | | | 98% |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 72% | 73% | 71% | 60% | 58% | | 61% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

The most improved academic area during the 2024–25 school year was our Social Studies assessment scores, which rose by 6 points. This significant growth was driven by the leadership of Lance Linscomb and the dedicated efforts of the U.S. History teaching team. Through consistent collaboration in their Professional Learning Communities (PLCs), the department analyzed data and implemented targeted improvements to support student success.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our lowest-performing area in the 2023–24 school year was Acceleration Points, which include our Career and Technical Education (CTE) program, Advanced Placement (AP) program, Dual Enrollment (DE), and the Advanced International Certificate of Education (AICE) program. This area underperformed primarily due to CTE and AP exam results falling below the state average.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The data component that showed the greatest decline from the previous year was Mathematics Learning Gains, which dropped 11 percentage points—from 68% to 57%. Several factors contributed to this decrease, including gaps in foundational math skills, challenges in addressing diverse learning needs, and a need for more targeted instructional strategies to support student growth across all proficiency levels.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data component with the greatest gap compared to the state average was College and Career

Acceleration, where we scored 6% below the state benchmark. This gap was primarily driven by underperformance in our Career and Technical Education (CTE) and Advanced Placement (AP) exam pass rates. A contributing trend includes lower participation and success rates in rigorous coursework, indicating a need for increased student support, targeted preparation, and expansion of access to acceleration opportunities.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

No Answer Entered

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Acceleration Points- CTE, AICE, AP, and DE.
2. Mathematics Learning Gains
3. ELA Learning Gains with our ELL students and lower 25%.
4. Science Proficiency
5. US History Proficiency

DRAFT

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Benchmark-aligned instruction

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

The Area of Focus for this year will prioritize improving the delivery of explicit, benchmark-aligned instruction across all grade levels, with a focus on ensuring consistent and high-quality teaching practices. Based on prior year data, we identified a need for improvement in how effectively benchmark-aligned content is being taught, as well as ensuring that students are consistently meeting proficiency targets. Walkthrough data will show a steady increase in teachers delivering this instruction, with an expectation of reaching 75% at mid-year and 100% by the end of the year. In conjunction with this, PM/EOC data will indicate that at least 60% of students achieve proficiency or higher in all content areas by year-end. Additionally, instructional practices identified by the school team at OLA will be consistently evident in 90% of classrooms, as measured by walkthroughs. This focus was determined as a crucial need through an analysis of prior year data, which highlighted gaps in instructional consistency and student performance, making this targeted improvement critical for student success.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

The implementation and impact of the Area of Focus will be measurable through multiple data points and ongoing observations. Walkthrough data will be collected regularly, with an initial target of 75% of classrooms demonstrating explicit, benchmark-aligned instruction by mid-year, and 100% by the end of the year. This will be tracked by the instructional leadership team, who will observe whether the identified instructional practices are evident in classroom instruction. In addition, PM and EOC data will be reviewed at key intervals throughout the year to monitor student proficiency across all content areas. A minimum of 60% proficiency in these areas by year-end will be the benchmark for success. By tracking these key metrics, adjustments will be made in real-time to ensure that the focus areas are being effectively implemented, leading to the desired outcomes.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

The implementation and impact of the Area of Focus will be closely monitored through multiple data points and ongoing observations. Walkthrough data will be collected regularly, with an initial target of 75% of classrooms demonstrating explicit, benchmark-aligned instruction by mid-year, and 100% by the end of the year. This will be tracked by the instructional leadership team, who will observe whether the identified instructional practices are evident in classroom instruction. In addition, PM and EOC data will be reviewed at key intervals throughout the year to monitor student proficiency across all content areas. A minimum of 60% proficiency in these areas by year-end will be the benchmark for success. Monthly review meetings will be held to analyze these data sets, discuss trends, and identify any areas where additional support or adjustments to instruction may be needed. Additionally, feedback from teachers during professional development sessions and collaborative planning times will be gathered to assess the quality of implementation and the effectiveness of support provided. By tracking these key metrics, adjustments will be made in real-time to ensure that the focus areas are being effectively implemented, leading to the desired outcomes.

Person responsible for monitoring outcome

Justin Fluent, Toyia Mills, Brittany Mckenzie and Brett Rountree

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Through the use of CCSD's Vision for Excellent Instruction, teachers will be expected to focus on four key areas of instruction: Rigor, Engagement, Student Ownership, and Student Demonstration of Understanding. We will emphasize the importance of small-group instruction and remediation techniques catered to individual student needs. Teachers will be given feedback through our walkthrough and evaluation instruments. They will also be provided with common planning time with teachers who teach the same subject-area. We will also carve out one hour weekly for teachers to work together through a Professional Learning Community. Small-groups are put together based on results from common assessments, and students are paired based on achievement. Teachers will work the room to ensure all groups are monitored and pull students in for one-on-one instruction.

Rationale:

These strategies were cultivated through collaboration with district leaders, curriculum specialists, administration, and teacher leaders. Small-group instruction (differentiation) is a research-backed strategy that has shown over time to be effective, especially with students who have struggled previously (e.g., lower-quartile students).

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Ongoing Walkthroughs

Person Monitoring:

Justin Fluent

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Mr. Fluent will have his leadership team complete at least 3 classroom Walkthroughs per day and per admin to ensure the Clay County Vision of Excellence is observed.

Action Step #2

Classroom Visits for Lesson Plans Review

Person Monitoring:

Justin Fluent

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Mr. Fluent will have his leadership team check teachers' lesson plans, lesson plans and success criterias during classroom walkthroughs.

Action Step #3

Data Meetings

Person Monitoring:

Justin Fluent

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Mr. Fluent will have his leadership team attend monthly data chats with their departments and dive into the data to look for trends.

Action Step #4

Ongoing PLCs

Person Monitoring:

Justin Fluent

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Administrators will engage in PLCs to support and provide teachers' professional development, focusing on aligning with benchmarks. Teachers will implement PD to create benchmark-aligned lessons, activities, and assessments through PLCs.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Students With Disabilities (SWD)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

This year, our Area of Focus will center on improving academic outcomes for Students with Disabilities (SWD) across all grade levels, with particular emphasis on ELA, Math, Biology, and History. Based on prior year data, SWD students demonstrated lower proficiency levels compared to their peers, particularly in core subjects like Math and ELA. In the 24-25 school year, SWD students showed significant gaps in proficiency, and as a result, a targeted focus on this group is essential to ensure equity in learning outcomes.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

For the 2025–2026 school year, students with disabilities (SWD) will demonstrate a 10% increase in proficiency on state assessments, improving in ELA from 34% to 44% and in Math from 58% to 68%. The instructional leadership team will monitor progress through district progress monitoring tools, quarterly data reviews of formative and summative assessments, and ongoing classroom walkthroughs. Walkthrough data will be collected regularly, with an initial target of 60% of classrooms demonstrating explicit, benchmark-aligned instruction by mid-year, and 100% by the end of the year. This will ensure that high-leverage instructional practices and data-driven interventions are being implemented with fidelity. Instructional adjustments and supports will be provided based on real-time data to ensure all students remain on track.

Additionally, we will improve overall proficiency on state assessments among SWD students, aiming for the following end-of-year targets:

- **ELA:** Increase proficiency from 34% to 44%
- **Math:** Increase proficiency from 58% to 68%
- **Biology EOC:** Increase proficiency from 52% to 62% proficiency
- **History EOC:** Increase proficiency from 84% to 89% proficiency.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

The implementation and impact of the Area of Focus will be closely monitored through multiple data points and ongoing observations. Walkthrough data will be collected regularly and tracked by the instructional leadership team, who will observe whether the identified instructional practices are

evident in classroom instruction

Person responsible for monitoring outcome

Toyia Mills

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Through the use of CCSD's Vision for Excellent Instruction, teachers will be expected to focus on four key areas of instruction: Rigor, Engagement, Student Ownership, and Student Demonstration of Understanding. We will emphasize the importance of small-group instruction and remediation techniques catered to individual student needs. Teachers will be given feedback through our

Rationale:

These strategies were cultivated through collaboration with district leaders, curriculum specialists, administration, and teacher leaders. Small-group instruction (differentiation) is a research-backed strategy that has shown over time to be effective, especially with students who have struggled previously (e.g., lower-quartile students).

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Push-In Support

Person Monitoring:

Toyia Mills

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

This action will be monitored through regular classroom walkthroughs, lesson plan reviews, and progress monitoring data. Student performance will be tracked using formative assessments, benchmark data, and Individual Education Plan (IEP) goal progress. Teachers and support staff will meet during PLCs to analyze data and adjust instruction as needed. The goal is to increase engagement, close skill gaps, and improve overall achievement for ESE students in the general education setting.

Action Step #2

PD Plan for SWD

Person Monitoring:

Toyia Mills

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional development sessions will be conducted monthly to align instructional practices with schoolwide expectations. Push-in teachers (Support Facilitators) and General Ed teachers will meet and plan weekly.

Action Step #3

Data Monitoring

Person Monitoring:

Toyia Mills

By When/Frequency:

Bi-Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teams will monitor data from formative checks and summative data to review student progress and adjust instruction to address identified learning gaps.

Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to English Language Learners (ELL)**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

The area of focus for the 2025–26 school year is improving academic achievement and progress for English Language Learner (ELL) students across all grade levels, with particular attention to ELA, Math, Biology, and U.S. History. This focus directly impacts student learning by addressing language barriers that often hinder content comprehension and assessment performance.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

For the 2025–26 school year, English Language Learner (ELL) students will demonstrate a 5% increase in Progress Monitoring (PM) gains in both ELA and Math compared to the 2024–25 school year. Additionally, the ELL subgroup will achieve a 45% proficiency rate on the Biology and U.S. History End-of-Course (EOC) assessments by the end of the year. Instructional walkthrough data will show that the targeted instructional practice identified by our school team through the OLA process is evident in at least 50% of classrooms.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

The implementation and impact of the ELL Area of Focus will be monitored through multiple data sources and ongoing review processes. Instructional walkthroughs will be conducted regularly to ensure the use of targeted ELL strategies, such as scaffolding, academic vocabulary instruction, and language supports, in at least 50% of classrooms. Progress Monitoring (PM) assessment data in ELA and Math will be analyzed at each benchmark window to track growth toward the 5% gain goal. Additionally, Biology and U.S. History EOC data for the ELL subgroup will be reviewed to measure progress toward the 45% proficiency target.

Teachers will participate in PLCs to review student work, adjust instruction, and share effective practices. Data from formative assessments, IEP/ELL plan reviews, and classroom observations will also inform instructional adjustments. Administration and instructional coaches will provide feedback and support to ensure fidelity of implementation and drive continuous improvement.

Person responsible for monitoring outcome

Brittany McKenzie

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Through the use of CCSD's Vision for Excellent Instruction, teachers will be expected to focus on four key areas of instruction: Rigor, Engagement, Student Ownership, and Student Demonstration of Understanding. We will emphasize the importance of small-group instruction and remediation techniques catered to individual student needs. Teachers will be given feedback through our

Rationale:

These strategies were cultivated through collaboration with district leaders, curriculum specialists, administration, and teacher leaders. Small-group instruction (differentiation) is a research-backed strategy that has shown over time to be effective, especially with students who have struggled previously (e.g., lower-quartile students).

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Ongoing Walkthroughs

Person Monitoring:

By When/Frequency:

Justin Fluent

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Mr. Fluent will lead his leadership team in conducting weekly classroom walkthroughs focused on key instructional elements that support student learning, particularly for ELL students. These walkthroughs will specifically look for: Explicit Vocabulary and Grammar Instruction: Evidence that teachers are intentionally integrating targeted vocabulary and grammar concepts into daily instruction. Development of Sentence Structures and Frames: Strategies that support students in using and expanding a variety of sentence structures to strengthen both their written and oral communication skills. Use of Multiple Learning Modalities: Implementation of diverse tasks that engage students in reading, writing, speaking, and listening to support language acquisition and content mastery.

Action Step #2

Professional Learning with ELL

Person Monitoring:

Justin Fluent

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Mr. Fluent will collaborate with his leadership team and the District ESOL Specialist to conduct focused classroom walkthroughs that assess language development, content-area connections, and use of visual scaffolds. Findings will inform targeted PD sessions to strengthen instructional strategies for ELL learners.

Action Step #3

Data Review for ELL

Person Monitoring:

Brittany McKenzie

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Conduct monthly data reviews of formative and summative assessments in ELA, Math, Biology, and US History for ELL students to track growth. Use findings to support and increase the implementation of targeted practices.

Area of Focus #4

Address the school's highest priorities based on any/all relevant data sources.

Graduation/Acceleration specifically relating to Graduation**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

The primary Area of Focus for the upcoming academic year is maintaining a high graduation rate of 99%, while increasing the percentage of students earning acceleration credits to 85% by the end of the year. This focus applies to students in grades 9–12, with targeted support across all grade levels to ensure they remain on track for both graduation and academic acceleration.

Acceleration credits—such as Advanced Placement (AP), Dual Enrollment, Industry Certification, or AICE—are essential for preparing students for post-secondary success. Increasing the percentage of students earning these credits enhances college and career readiness, promotes academic engagement, and strengthens student transcripts for future opportunities.

This area was identified as a crucial need based on the prior year's data, which showed that while the school successfully maintained a 99% graduation rate, only 76% of graduates earned an acceleration credit. This gap highlights a need to not only sustain graduation outcomes but also to improve the depth and rigor of students' academic experiences. By addressing this need, we aim to ensure that a greater proportion of graduates are leaving high school with a competitive edge in their post-secondary pursuits.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Building on the prior year's graduation rate of 98%, the school aims to maintain or improve this rate to 99% for the upcoming school year. This objective reflects a commitment to sustaining high student retention and successful completion of graduation requirements across all relevant grade levels.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Academically

- Seniors are passing all core and elective courses with a preferred 60% or higher.
- Seniors have completed or actively completing an acceleration credit.

Attendance/Behavior

- Seniors attendance is at a 90% or higher per quarter.
- There are zero OSS/ISS for seniors

Credit/Testing

- 24 or 18 (last option) credits are met
- ALL testing requirements are met (Alg 1 EOC, PM3) or concordant

Person responsible for monitoring outcome

Toyia Mills

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable

outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Through the use of CCSD's Vision for Excellent Instruction, teachers will be expected to focus on four key areas of instruction: Rigor, Engagement, Student Ownership, and Student Demonstration of Understanding. Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Graduation Readiness Reviews

Person Monitoring:

Justin Fluent and Toyia Mills

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Mr. Fluent and Ms. Mills will pull quarterly grade reports using Synergy to monitor student academic progress. Monthly meetings will be held with 12th-grade counselors to review senior data, including credits earned, early warning indicators, and attendance patterns. Additionally, the school will meet monthly with the College & Career Coach to coordinate senior post-secondary events and review graduation data trackers and acceleration rates.

Action Step #2

Senior Success Sessions

Person Monitoring:

12th Grade School Counselors and Toyia Mills

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Ensure seniors demonstrate mastery of core and elective academic subjects and confirm that seniors have either completed or are currently enrolled in a CTE, Dual Enrollment, AICE, or AP course to earn acceleration credits.

IV. Positive Learning Environment

Area of Focus #1

Positive Behavior and Intervention System (PBIS)

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Synergy discipline report data will indicate the impact of restorative justice practices and schoolwide incentive programmatic implementation on OSS/ISS data.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Incident Referrals will decrease overall by 20% next school year. SWD discipline referrals will decrease by 30% compared to last year.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

By incorporating PBIS expectations into our daily instructional practices, we will both directly and indirectly expose students and faculty to the 5 Social Emotional Competencies. Teaching self-awareness, Responsible Decision-Making skills, Relationship Skills, and Social Awareness Skills.

Person responsible for monitoring outcome

Justin Fluent, Toyia Mills & Deans

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes, explain the rationale for selecting this specific strategy, and describe how the identified interventions will be monitored for this Area of Focus (ESEA Section 8101(21)(B)).

Rationale:

According to the Collaborative for Academic, Social and Emotional Learning (CASEL), "Social and Emotional learning (SEL) enhances students' capacity to integrate skills, attitudes, and behavior to deal effectively and ethically with daily tasks and challenges. CASEL's integrated framework promotes intrapersonal, interpersonal and cognitive competence."

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Instructional Practice & Implementation

Person Monitoring:

Toya Mills, Justin Fluent & Deans

By When/Frequency:

Daily

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

PBIS expectations will be explicitly taught, modeled, and reinforced throughout all class routines and transitions daily. Educators will incorporate brief social-emotional learning activities—such as reflective journaling, role-playing, or student check-ins—to develop self-awareness, responsible decision-making, relationship skills, social awareness, and self-management.

Action Step #2

Professional Learning

Person Monitoring:

Toya Mills, Justin Fluent and Deans

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Provide ongoing professional development for staff, focusing on restorative justice techniques, effective implementation of PBIS, and social-emotional learning competencies to make sure teachers have the skills and resources needed to reduce discipline referrals and support SWD students effectively.

Action Step #3

Monthly Data Review

Person Monitoring:

Toya Mills, Justin Fluent and Deans

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Conduct monthly reviews of Synergy discipline reports and incident referral data to monitor progress toward reducing overall referrals by 20% and SWD referrals by 30%. Use this data to guide instructional adjustments, targeted interventions, and professional learning needs.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

The mission of Oakleaf High School is to provide a safe, appropriate, and effective learning environment that will meet the needs of the students and assist the students in accomplishing educational goals that are significant for the world of work and for higher learning pursuits.

Provide the school's vision statement

OLJH exists to prepare life-long learners for success in a global and competitive workplace and in acquiring applicable life skills.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Wilnitra Dixon

wilnitra.dixon@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

The School Principal is responsible to the Superintendent of Schools.

Responsibilities and duties of this position include:

1. Ensure compliance with established rules, and laws in the daily operation of the school.
2. Develop and foster good public relations, efficient school volunteer/partnership programs,

effective conferencing and communications with parents, students, and teachers.

3. Coordinate and monitor the curricular program of the school to maximize student learning; conduct faculty/staff meetings as needed to meet student instructional needs; implement Standards as established by the Florida Department of Education.
4. Coordinate school advisory council activities and implement a school improvement plan.
5. Coordinate efficient utilization of school facilities and ensure proper security, maintenance and cleanliness of the campus.
6. Be responsible for the timely and accurate submission of all required school records/reports and the accurate entry of information into the district database.
7. Provide leadership by participating in professional development activities and encouraging the professional development of instructional support and administrative staff including training to accurately report FTE participation, student performance, teacher appraisal, school safety, and discipline data.
8. Be responsible for effective business management operations, the development of a school budget and efficient cost accounting.
9. Maintain standards of appropriate student conduct through fair and equitable enforcement of the Clay County District Schools Code of Student Conduct.
10. Be responsible for faithfully and effectively implementing school/district personnel procedures including: interviewing, hiring, evaluating school staff and coordinating teacher induction programs, and administering master contracts.
11. Coordinate supervision of extra-curricular activities and duty assignments.
12. Provide a safe learning environment through preparation and implementation of emergency evacuation plans, fire drills, etc.
13. Be responsible for implementing programs designed to meet the needs of special student populations (Ex. ESE, Title I, 504s, Drop Out Prevention, etc.).
14. Assure that the school meets all State and Southern Association of Schools and Colleges accreditation standards.
15. Be responsible for proper receipt and accounting of all school board property and maintaining an accurate property inventory.
16. Provide for the purchase of appropriate textbooks, equipment and other instructional materials necessary to meet the needs of the students.
17. Serve on district wide committees when requested.
18. Be responsible for the development and implementation of a school technology plan.
19. Be responsible for the performance of all personnel employed by the School Board and assigned to the school site.
20. Provide leadership for the implementation of the Principles of Professional Conduct for the Education Profession.
21. Provide leadership in the implementation of the district and state assessments and other tests

designed and adopted to measure student achievement.

22. Communicate effectively, both orally and in writing, with parents, staff, students and community.
23. Maintain visibility and accessibility on the school campus.
24. Serve as coach/mentor to Assistant Principals, new Principals or others who are preparing for School Principal certification.
25. Provide leadership for all stakeholders in the development of school beliefs, vision, mission, and goals and align them with the district mission, school improvement, and curriculum.
26. Perform other duties as assigned by the Superintendent consistent with the goals and objectives of the position.

Chelsea Logsdon

chelsea.logsdon@myoneclay.net

Position Title

Dean of School Culture

Job Duties and Responsibilities

The Dean of School Culture is directly responsible to the school principal. He/She will serve in a staff relationship with other assistant administrators in the school. The primary function is to bridge the student-faculty relationship through research-based techniques and strategies. The Dean of School Culture will act as the proxy for the school principal in disciplinary matters.

Leadership Team Member #6**Employee's Name**

Rachel Brown

rachel.brown@myoneclay.net

Position Title

Career & Technical Education Department Chair

Job Duties and Responsibilities

General Responsibilities

Attend monthly meetings as a member of the School Based Leadership Team.

- Host department meetings at least once a month for all team members to attend. Send minutes to the principal monthly.
- Share minutes from SBLT meetings with the CTE department.
- Additional responsibilities throughout the year include attending monthly meetings, helping with the textbook inventory, ensuring that the grade level has needed supplies, assisting with scheduling when needed, helping with lesson plans access when a teacher is unexpectedly absent, passing information from administration to the teachers, bringing concerns from teachers to administration, being available and approachable to our teachers when they need help or need to be heard, serving as a liaison between departmental teachers and administration, serving as a calming force within the department.
- Serve as a member of the Curriculum Council if needed.
- Organize content specific activities and/or field trips for the team.
- Serve as the lead by collaborating with the bookkeeper and department members for purchasing.
- Attend district meetings as scheduled to support the needs of courses offered in the CTE department.
- Ensure certification assessments are completed as outlined by the district.
- Review budgeted funds and approve purchase order requests in alignment with district/state bookkeeping procedures for the CTE department. All purchase requests must be approved by

the principal at the school level. *Final review for approval may be required at the district level.

- Secure and organize CTE affiliated clubs for student participation. Maintain club organization and activities in alignment with district and program requirements.
- Actively communicate with district level specialists/program directors about the status of clubs within the program.
- Ensure appropriate supervision and guidance for CTE specific clubs/organizations.

Weekly PLC's

Collaboration (guidance) with the **District** contacts to ensure needs of the team are met.

- Singleton PLCs have been established by the District for each area within the department.
- Training will be provided to each department chair about the expectations of the updated PLC during the summer as well as throughout the school year with District and School-based professional development.

Model Teaching Support/Serve as a Mentor

Department chairs should reinforce their own learning by instructing others, leaders should be willing to model lessons and observe others. The job of the department chair is to lead by example and to offer support when needed.

- The department chair takes a vital role in the development of those within their content area. Whether this is a veteran teacher within the grade level, a veteran teacher new to the school, or a new teacher, the department chair must assist all teachers on their grade level in their growth.

Data

- Collaborate with your team on using curriculum and student data to inform and enhance teaching methods in reference to lesson planning within your team. *Primarily with students in classes earning acceleration points. Communicate assessment dates/all details with school administration, district program directors, and department members.
- Department chairs will model and coach their team into breaking down the data into subgroups to guide instructional moves. Team leaders will assist their team in identifying trends, clarifying, and understanding learning intentions in the data.
- Provide feedback based on data to determine master schedule section needs for each course offered.

Leadership Team Member #7

Employee's Name

Sara Bucklin

sara.bucklin@myoneclay.net

Position Title

English Language Arts/Reading Department Chair

Job Duties and Responsibilities

General Responsibilities

- Attend monthly meetings as a member of the School Based Leadership Team
- Additional responsibilities throughout the year include attending monthly meetings, helping with the textbook inventory, ensuring that the grade level has needed supplies, assisting with scheduling when needed, helping with lesson plans access when a teacher is unexpectedly absent, passing information from administration to the teachers, bringing concerns from teachers to administration, being available and approachable to our teachers when they need help or need to be heard, serving as a liaison between departmental teachers and administration, serving as a calming force within the department.
- Serve as a member of the Curriculum Council if needed.
- Organize content specific activities and/or field trips for the team.

Weekly PLC's

- Leading PLCs is a primary responsibility of the department chair. PLCs should be highly structured, engaging, and relevant. At the first PLC of the year, PLC norms should be established and always monitored and maintained. Each Tuesday the PLC agenda should go out with the list of what materials (student sample work, item specs, student performance data, etc.) that the teachers should bring to the Thursday PLC. It is the responsibility of the department chair to maintain highly-functioning PLCs.
- Training will be provided to each department chair about the expectations of the updated PLC during the summer as well as throughout the school year with District and School-based professional development.

Model Teaching Support/Serve as a Mentor

- Department chairs should reinforce their own learning by instructing others, leaders should be willing to model lessons and observe others. The job of the department chair is to lead by example and to offer support when needed.
- The department chair takes a vital role in the development of those within their content area. Whether this is a veteran teacher within the grade level, a veteran teacher new to the school, or a new teacher, the department chair must assist all teachers on their grade level in their growth.

Data

- Collaborate with your team on using curriculum and student data to inform and enhance teaching methods in reference to lesson planning within your team.
- Team leads will model and coach their team into breaking down the data (F.A.S.T., Lexia, ALEKS, common assessments, exit tickets, classroom assessments, etc.) into subgroups to guide instructional moves. Team leaders will assist their team in identifying trends, clarifying, and understanding learning intentions in the data.

Leadership Team Member #8**Employee's Name**

Alison Thompson

Alison.thompson@myoneclay.net

Position Title

Exceptional Student Education Department Chair

Job Duties and Responsibilities

General Responsibilities

- Attend monthly meetings as a member of the School Based Leadership Team
- Additional responsibilities throughout the year include attending monthly meetings, helping with the textbook inventory, ensuring that the grade level has needed supplies, assisting with scheduling when needed, helping with lesson plans access when a teacher is unexpectedly absent, passing information from administration to the teachers, bringing concerns from teachers to administration, being available and approachable to our teachers when they need help or need to be heard, serving as a liaison between departmental teachers and administration, serving as a calming force within the department.
- Serve as a member of the Curriculum Council if needed.
- Organize content specific activities and/or field trips for the team.
- Serve as the lead by collaborating with the bookkeeper and department members for purchasing.
- Collaborate with administration and counselors about student class placements as needed.
- Schedule and/or facilitate needed annual, interim, and manifestation meetings.

Weekly PLC's

- Leading PLCs is a primary responsibility of the department chair. PLCs should be highly structured, engaging, and relevant. At the first PLC of the year, PLC norms should be established and always monitored and maintained. Each Tuesday the PLC agenda should go

out with the list of what materials (student sample work, item specs, student performance data, etc.) that the teachers should bring to the Thursday PLC. It is the responsibility of the department chair to maintain highly-functioning PLCs.

- Training will be provided to each department chair about the expectations of the updated PLC during the summer as well as throughout the school year with District and School-based professional development.

Each Tuesday the PLC agenda should go out with the list of what materials (student sample work, item specs, student performance data, etc.) that the teachers should bring to the Thursday PLC. It is the responsibility of the department chair to maintain highly-functioning PLCs.
- Training will be provided to each department chair about the expectations of the updated PLC during the summer as well as throughout the school year with District and School-based professional development.

Model Teaching Support/Serve as a Mentor

- Department chairs should reinforce their own learning by instructing others, leaders should be willing to model lessons and observe others. The job of the department chair is to lead by example and to offer support when needed.
- The department chair takes a vital role in the development of those within their content area. Whether this is a veteran teacher within the grade level, a veteran teacher new to the school, or a new teacher, the department chair must assist all teachers on their grade level in their growth.

Data

- Collaborate with your team on using curriculum and student data to inform and enhance teaching methods in reference to lesson planning within your team.
- Team leads will model and coach their team into breaking down the data (F.A.S.T., Lexia, ALEKS, common assessments, exit tickets, classroom assessments, etc.) into subgroups to guide instructional moves. Team leaders will assist their team in identifying trends, clarifying, and understanding learning intentions in the data.

Leadership Team Member #13

Employee's Name

Kendra Baum

kendra.baum@myoneclay.net

Position Title

Social Studies Department Chair

Job Duties and Responsibilities

General Responsibilities

- Attend monthly meetings as a member of the School Based Leadership Team
- Additional responsibilities throughout the year include attending monthly meetings, helping with the textbook inventory, ensuring that the grade level has needed supplies, assisting with scheduling when needed, helping with lesson plans access when a teacher is unexpectedly absent, passing information from administration to the teachers, bringing concerns from teachers to administration, being available and approachable to our teachers when they need help or need to be heard, serving as a liaison between departmental teachers and administration, serving as a calming force within the department.
- Serve as a member of the Curriculum Council if needed.
- Organize content specific activities and/or field trips for the team.

Weekly PLC's

- Leading PLCs is a primary responsibility of the department chair. PLCs should be highly

structured, engaging, and relevant. At the first PLC of the year, PLC norms should be established and always monitored and maintained. Each Tuesday the PLC agenda should go out with the list of what materials (student sample work, item specs, student performance data, etc.) that the teachers should bring to the Thursday PLC. It is the responsibility of the department chair to maintain highly-functioning PLCs.

- Training will be provided to each department chair about the expectations of the updated PLC during the summer as well as throughout the school year with District and School-based professional development.

Model Teaching Support/Serve as a Mentor

- Department chairs should reinforce their own learning by instructing others, leaders should be willing to model lessons and observe others. The job of the department chair is to lead by example and to offer support when needed.
- The department chair takes a vital role in the development of those within their content area. Whether this is a veteran teacher within the grade level, a veteran teacher new to the school, or a new teacher, the department chair must assist all teachers on their grade level in their growth.

Data

- Collaborate with your team on using curriculum and student data to inform and enhance teaching methods in reference to lesson planning within your team.
- Team leads will model and coach their team into breaking down the data (F.A.S.T., Lexia, ALEKS, common assessments, exit tickets, classroom assessments, etc.) into subgroups to guide instructional moves. Team leaders will assist their team in identifying trends, clarifying, and understanding learning intentions in the data.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The purpose of this School Advisory Council shall be to promote communication, involvement, and understanding among the parents, faculty, students and community. The School Advisory Council will have none of the powers and duties now reserved by the Principal, the Superintendent and the

School Board. The School Advisory Council shall serve in the following ways:

1. School based group responsible for decision making with regard to school improvement plans and school accountability.
2. Assist the Principal and leadership team in development of the annual comprehensive plan and provide feedback concerning the budget in addition to school-wide initiatives. School-wide initiatives include community/family engagement, academic, and extra-curricular activities.
3. Provide assistance and feedback with climate surveys and family engagement activities.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The SIP will be monitored on a monthly basis using the following methods:

1. SAC meetings: school-wide data will be provided for review, discussion, and next steps (quarterly)
2. School committee meetings (PBIS, Literacy, SBLT)
3. The Oakleaf Junior High Professional Learning Community (weekly)
4. School Based Leadership Team Meetings(SBLT) (monthly)
5. School Data Reviews (quarterly)
6. Administration Team Meetings (weekly)

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|---|---|---|---|---|---|-----|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | | | | | | | | 493 | 477 | 970 |
| Absent 10% or more school days | | | | | | | | 75 | 83 | 158 |
| One or more suspensions | | | | | | | | 129 | 100 | 229 |
| Course failure in English Language Arts (ELA) | | | | | | | | 8 | 177 | 185 |
| Course failure in Math | | | | | | | | 21 | 19 | 40 |
| Level 1 on statewide ELA assessment | | | | | | | | 56 | 54 | 110 |
| Level 1 on statewide Math assessment | | | | | | | | 65 | 51 | 116 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | | | | | | | 97 | 88 | 185 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | | | | | | | | 0 | 2 | 2 |
| Students retained two or more times | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|---|---|---|---|---|---|-----|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | | | | | | | | 84 | 112 | 196 |
| One or more suspensions | | | | | | | | 103 | 128 | 231 |
| Course failure in English Language Arts (ELA) | | | | | | | | 4 | 19 | 23 |
| Course failure in Math | | | | | | | | 11 | 28 | 39 |
| Level 1 on statewide ELA assessment | | | | | | | | 54 | 82 | 136 |
| Level 1 on statewide Math assessment | | | | | | | | 57 | 58 | 115 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|----|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | | | | | | | 78 | 103 | 181 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | | | | | | | | 1 | | 1 |
| Students retained two or more times | | | | | | | | | 1 | 1 |

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 67 | 63 | 58 | 63 | 61 | 53 | 53 | 54 | 49 |
| Grade 3 ELA Achievement | | | 27 | | | 21 | | | |
| ELA Learning Gains | 61 | 58 | 59 | 63 | 57 | 56 | | | |
| ELA Lowest 25th Percentile | 50 | 51 | 52 | 54 | 47 | 50 | | | |
| Math Achievement* | 68 | 74 | 63 | 71 | 72 | 60 | 65 | 69 | 56 |
| Math Learning Gains | 57 | 60 | 62 | 61 | 60 | 62 | | | |
| Math Lowest 25th Percentile | 48 | 58 | 57 | 60 | 57 | 60 | | | |
| Science Achievement | 69 | 62 | 54 | 60 | 64 | 51 | 60 | 62 | 49 |
| Social Studies Achievement* | 88 | 85 | 73 | 80 | 83 | 70 | 79 | 81 | 68 |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | 59 | 64 | 77 | 57 | 61 | 74 | 57 | 63 | 73 |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 63 | 65 | 53 | 32 | 56 | 49 | 42 | 44 | 40 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |
| OVERALL FPPI – All Students | | | | | | 63% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 0 |
| Total Points Earned for the FPPI | | | | | | 630 |
| Total Components for the FPPI | | | | | | 10 |
| Percent Tested | | | | | | 99% |
| Graduation Rate | | | | | | |
| ESSA OVERALL FPPI HISTORY | | | | | | |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Science achievement is the area showing the most improvement with an increase from 60% to 69% for the 2024-2025 school year. Oakleaf Junior High performed 9% higher than the district with the following groups performing as follows:

Students in the **Pre-AICE program** : **100%**

Students in **Advanced Science Courses**: **93%**

Students in **Standard Courses**: **40%**

The overall achievement goal for the 2025-2026 school year is 74% with students in standard leveled courses to increase achievement to 60%.

The science department benefited from the following:

1. Common planning time was utilized as an extension of the PLC session for additional planning.
2. Lesson planning collaboration to maintain consistency with common instructional practices, language, and expectations across all classrooms.
3. Spiral reviews to include essential standards covered in 6th Grade classrooms throughout the 8th Grade year with relevant standards.
4. Departmental data analysis for 7th and 8th Grade with data collected from pre/post assessments, student reflection logs, and common assessments.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component showing the lowest performance for the 2024-2025 school year is Math Learning Gains for the lowest quartile with 48%. This is a decrease of 12% from the previous year. This area also includes the lowest performance of all groups and areas with 35% for Students With Disabilities, a 3% decrease from the 2023-2024 school year.

Factors contributing to this performance include:

1. Inconsistencies with teacher support schedules due to vacant positions that were not filled throughout the year.
2. Multiple changes to instructional and support staff needed to support students.
3. Behaviors resulting in loss of instructional time of students serving consequences out of class.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Math Learning Gains for black students in the lowest quartile showed the greatest decline of 17% from the previous year.

Factors contributing to this performance include:

1. Inconsistencies with teacher support schedules due to vacant positions that were not filled throughout the year.
2. Multiple changes to instructional and support staff needed to support students.
3. Students in this category are also part of the students with disabilities identified.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap when compared to the state average is Geometry achievement. Oakleaf Junior High earned 100% proficiency in Geometry, 46% higher than the state average.

Contributing factors include:

1. Consistency with the same teacher year to year for Geometry.
2. Students in Algebra 1 Honors on track for Geometry are cohorted together and have the same teacher for Algebra and Geometry.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Based on Early Warning Systems data, two areas of concern have been identified.

1. Students with one or more suspensions. During the 2024-2025 school year, 231 students earned one or more suspensions. Suspensions resulted in loss of instructional time and daily structured routines of core classes.
2. Students earning a level 1 on the F.A.S.T. Math and ELA F.A.S.T. assessments. The data identifies a total of 136 students earning a Level 1 in ELA and 115 students earning a Level 1 in Math.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Support Facilitation for Exceptional Education: Students with Individual Education Plans will receive increased levels of support in the math and ELA classrooms with the addition of two more Support Facilitators and intentional scheduling. Some students enrolled in dual certified classes will also benefit from the services of support facilitators in math and/or ELA classes. Whole group collaboration sessions through monthly "Consultation Breakfasts" provides all teachers with the opportunity to connect with the entire team of ESE Support Facilitators and school counselors

regarding student progress. Teachers have the opportunity to provide support facilitators with input about student progress while gathering any updates about student plans.

2. Student Behavior: Students with discipline referrals resulting in loss of instructional time has a direct impact on student achievement. During the 2024-2025 school year, 231 students earned discipline one or more discipline referrals resulting in time out of the classroom. Students with behavior concerns identified by parents, staff, and administration will be positively targeted early to identify barriers that prevent them from making positive choices to follow behavior expectations. Additionally, clear communication of expectations, PBIS incentives, with assistance from school counselors and Student Success Team meetings for families with input from teachers will be considered. The PBIS team will meet monthly to identify, discuss, and problem solve remedies to address trends that need to be addressed.

3. Math Support: Students are scheduled into math classes in accordance with the scheduling guidelines provided by the school district. Student data to include gradebook grades, Aleks performance, exit tickets, common assessments, and F.A.S.T. progress monitoring will be use to track student performance and plan next steps. Students needing additional support to demonstrate mastery after whole group activities will be addressed in small group sessions. Small group instruction can be completed for general education and collaborative Support Facilitators for exceptional education based on student need.

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Students With Disabilities (SWD)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Targeted small group instruction in math in order to identify learning gaps and identify the need for foundational math skills and math interventions identified by classroom assessments in addition to Tier 2 and Tier 3 interventions as defined by MTSS.

Impact on Student Learning: Increase overall proficiency and learning gains for the lowest 25% by using differentiation strategies.

Rationale: Math proficiency has decreased per data analysis. Targeted small group instruction will address student needs and improve student achievement.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Quarterly review of walkthrough data will show an increase on the implementation of small group instruction in all classes by at least 50% from quarter 1 to quarter 4. Data from F.A.S.T., F.A.A., common assessments, and exit tickets/student grades will be used to provide reflective data, guide instructional planning and decision making. Progress monitoring assessments will reflect a minimum of 60% student proficiency. Lower quartile students will show an overall 10% learning gains from quarter 1 to quarter 4.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

- walkthrough data (small groups and student engagement)
- monthly student data chats
- assessments
- progress monitoring

- quarterly content area data reviews
- gradebook grades
- F.A.S.T. progress monitoring checks

Data collected will be used by school administrators, curriculum specialists, school-based leadership team members, and PLC teams to inform ongoing feedback. Data will be used to determine grade-level and individual student needs. Content area teachers, ESE Support Facilitators, school administrators, school counselors, and curriculum specialists will be included in data chats. On a daily basis, classroom teachers will provided targeted support for students to increase student achievement in 7th and 8th grade math based on student performance data.

Person responsible for monitoring outcome

Wilnitra Dixon & Joshua Freeman

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

School walkthrough feedback, walkthrough log trends, and student data/work protocols during Professional Learning Community collaboration will focus on classroom learning environments to highlight high leverage practices and total participation techniques to increase active student engagement during whole group and small group differentiated learning opportunities during math classes.

Rationale:

Informal feedback will be used to maintain consistent dialogue between school administrators and classroom teachers about instructional practices observed during walkthrough visits. Data collected from classroom walkthroughs will be used to identify trends in instructional practice and student response to instruction across the school. Trends will allow opportunities for administrators to provide feedback for classrooms serving students with disabilities. Teachers will receive consistent, actionable feedback to incorporate in instructional practices that will impact student achievement.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Classroom Walkthrough Trends

Person Monitoring:

Wilnitra Dixon, Joshua Freeman, FLorence
Lafontant, Michael Elia

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will use walkthrough feedback and student data shared during Professional Learning Communities (PLCs) to collaboratively plan lessons and next steps for students. Teachers will collaborate to share practices proven to be effective based on active student engagement and data.

Action Step #2

Student Data

Person Monitoring:

Wilnitra Dixon, Joshua Freeman, FLorence
Lafontant, Michael Elia

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The review of data from common assessments, student work samples, check for understanding samples, gradebook grades, and F.A.S.T. progress monitoring will be used to plan lessons with differentiated support for students based on needs. School administrators will attend content area PLC sessions with teachers to provide instructional support and feedback based on identified needs. Collaborative sessions with Exceptional Education and content area teachers will be used to assist teachers with identifying key data from student work to effectively plan targeted support for Mathematics and English Language Arts instruction. This will be duplicated in additional content areas as needed.

Action Step #3

Student Work Protocols

Person Monitoring:

Wilnitra Dixon, Joshua Freeman, Florence
Lafontant, Michael Elia

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will use student work samples to include, but not limited to: checks for understanding, common assessments, collaborative classwork assignments, graded assessments, and/or projects used to students to demonstrate understanding to identify trends in student response to instruction. Members of the PLC will share strategies used and alternate ways to maximize opportunities for student learning. Trends identified will be used for reflective practices and planning of next steps with instruction (whole and small group). School administrators will monitor instructional practices and align teachers with differentiated support activities that match areas identified as opportunities for growth.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Small-group Instruction**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each

relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

The implementation of data driven small group instruction will improve student deepen and reinforce student understanding which in turn will increase student capacity to apply skills learned independently. The goal is to see a 50% increase in small group instruction from Quarter 1 to Quarter 4 based on walkthrough data logged by school administrators.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

The implementation of small groups in addition to whole group instruction will increase student achievement. Data from F.A.S.T. progress monitoring, Florida Alternate Assessment, content area common assessments, exit tickets, and student grades will be used as reflective data to guide instructional planning.

Goals:

1. Progress monitoring assessments will reflect an overall increase in student achievement/ proficiency of at least 5% for F.A.S.T. progress monitoring 1 to F.A.S.T. progress monitoring 3 assessments in reading and math.
2. Students in the lower quartile will show an overall increase in learning gains from the previous year based on F.A.S.T. assessment 3 as outlined below.

*Increase Math Lowest Quartile Learning Gains for Students with Disabilities from 35% (24-25) to 45% (25-26)

*Increase ELA Lowest Quartile Learning Gains from 50% (24-25) to 55% (25-26)

*Increase Math Lowest Quartile Learning Gains from 48%(24-25) to 55%

Monthly Progress Monitoring

1. Walkthrough logs - weekly administrator meetings to review and discuss trends with evidence of small group instruction.
2. Walkthrough logs - weekly administrator meetings to review evidence of student academic engagement based on the school-specific walkthrough indicator.
3. Professional Learning Community (PLC) meetings with content area groups to review and discuss student response to small group instruction.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

1. Classroom Walkthroughs
2. Student Data Dashboards

3. Content Area Data Chat Check-ins

4. Professional Learning Community for teachers and administrators to address the following essential questions:

*What do we want students to learn?

*How will we know when students have learned the material?

*What do we respond to students who do not learn the material?

*How will we push students who have mastered/learned the material?

Person responsible for monitoring outcome

Wilnitra Dixon, Joshua Freeman, Florence Lafontant, Michael Elia

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

School administrator and content area specialists will provide monthly professional development focused on student achievement outcomes.

Person Monitoring:

Wilnitra Dixon, Joshua Freeman, Florence Lafontant, Michael Elia

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Whole Group and Small Group Professional Development. *PLC sessions will be used for administrator professional development sessions for teachers based on areas of need. *Activity protocols will be used to guide teacher collaboration and problem solving. *Content driven professional development will focus on student work and increased rigor versus general content area standards. 2. Content Area Professional Development *Common grade level and vertical content area teams will problem solve by leveraging individual differences and strengths in instructional practice increase proficiency with a variety of instructional strategies for small group learning and student demonstration of knowledge. *Guide teachers with strategies in providing feedback that will improve instruction across the content areas by department and through vertical alignment in grades 6, 7, and 8.

Action Step #2

Data meetings will be held quarterly (individually and small group by content area) to reflect on how the implementation of small groups based on data is impacting student achievement administrators and professional learning communities. Data meetings will be used to determine the appropriate level of challenge and/or remediation needed to support student achievement and to provide feedback to assist teachers with the adjustments needed to level instruction using a variety of differentiation techniques.

Person Monitoring:

Wilnitra Dixon, Joshua Freeman, Florence Lafontant, Michael Elia

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. A data meeting schedule with quarterly meetings for each grade and content area. 2. Small group meetings to discuss grade level content area trends in data. Discuss current student progress, strategies implemented for small group support, and problem solve areas of concern. 3. Individual meetings with teachers needed individualized support to meet the needs of students. Provide feedback and reasonable next steps for differentiated support and student ownership of data/grades. 4. Outline ways teachers can guide students with active ownership of their own data/grades while providing opportunities for students to apply new learning to improve their performance in response to data tracking.

Action Step #3

Classroom walkthroughs and coaching cycles will be used to gather trends about student academic behavior in response to teacher instructional practices.

Person Monitoring:

Wilnitra Dixon, Joshua Freeman, Florence Lafontant, and Michael Elia

By When/Frequency:

Weekly/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Weekly administrator meetings to review trends to include student engagement/academic behaviors and small group activity occurring in classrooms. 2. Coaching cycles with teachers to include planning for small group instruction based on data collected from trends in student response during whole group lessons to include demonstration of knowledge, checks for understanding, and assessments.

IV. Positive Learning Environment

Area of Focus #1

Positive Behavior and Intervention System (PBIS)

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Establishing an effective school-wide discipline plan is to have well defined expectations, ensure

consistency with enforcement, and possess the ability to develop and emphasize proactive strategies rather than reactive ones along a continuum of positive behavior supports. An emphasis should be placed on utilizing an instructional and inclusionary approach to discipline, as opposed to reinforcing exclusionary disciplinary practices. Oakleaf Junior High has established H.I.V.E. (Honor, Integrity, Value, and Excellence) as a guide for all staff to outline and students to follow daily. Establishing and maintaining consistent school-wide expectations with classrooms in alignment will improve student achievement. The objective is to provide structure and consistency in addition to opportunities for student reflection about behaviors. Students will complete lessons and receive support/ mentorship throughout the school year in the form of Student Success Teams for any of the following areas: attendance, behaviors, and academic grades. The overall goal is to keep students within active learning environments to maximize learning.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

The objective is to decrease the number of student office referrals for "Inappropriate Conduct" from the previous school year. The PBIS team initiative for consistent school-wide behavior expectations is in place to outline steps for students that need to be redirected while rewarding students for making good choices while providing reinforcements for students needing additional assistance. During the 2024-2025 school year, more discipline referrals in the area were 7th grade students earning 71% of discipline referrals during the first quarter of school. Consequences for discipline resulted in loss of instructional time during the foundational quarter of the school year impacting necessary structures, social connections, and academic instruction.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

1. Discipline referrals will be tracked using Synergy reports.
2. School administrator weekly meetings to discuss trends observed in discipline and problem solve ways to remedy concerns.
3. Monthly PBIS team meetings consisting of instructional, support staff, and administrators.
4. Quarterly whole group PLC meetings to share school-wide data trends to include the amount and type of discipline referrals for grades 6, 7, and 8. The presentation will include opportunities for staff to ask questions, share ideas to consider to resolve problems, and feedback about student discipline.

Person responsible for monitoring outcome

Wilnitra Dixon, Joshua Freeman, Florence Lafontant, Michael Elia

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Outline of PBIS System Matrix for H.I.V.E. with Expectations

Person Monitoring:

Wilnitra Dixon, Joshua Freeman, Florence Lafontant, Michael Elia

By When/Frequency:

Yearly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Establish Positive Behavior Intervention Support Team with instructional and support staff members. 2. Post positive behavior expectations for specific areas: cafeteria, office areas, hallways, classrooms, cafeteria, and locker rooms for students to clearly see positive expectations. 3. Complete PBIS follow up training with team members. Monthly meetings will be used to follow up and provide additional support. 4. Introduce students to expectations during Buzz WEB Camp before school starts(July). Buzz WEB Camp provides an opportunity for students to connect with school staff and meet students attending Oakleaf Junior High. Two days of camp held: one day for 6th Grade and one day for 7th Grade to include any 8th Grade students new to Oakleaf Junior High School. 5. Student attendance for Buzz Camps is documented with a registration form for grade level counts to document student engagement/participation.

Action Step #2

School-wide H.I.V.E. Reward System for All Students

Person Monitoring:

Wilnitra Dixon, Joshua Freeman, Florence Lafontant, Michael Elia

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Share procedures and plan with staff during pre-planning week. 2. Conduct beginning of year assembly to outline positive expectations for students. 3. Provide staff members with H.I.V.E. Coins to reward positive student behavior. 4. H.I.V.E. Mart during lunch periods for students to use H.I.V.E. coins earned to purchase items. Items provided in the H.I.V.E. Mart for students are based on a student interest survey at the start of the school year. 5. Administration collaboration with Dean of Student Culture and PBIS Team to develop plan to track student discipline. 6. The number of H.I.V.E. student visits/coins collected in the H.I.V.E. Mart will be recorded to compared to the number of

student visits for discipline referrals will be compared.

Action Step #3

Student Recognition Based on H.I.V.E. Expectations

Person Monitoring:

Florence Lafontant

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Utilize surveys for staff to nominate students to be recognized as "Student of the Week". Surveys will align with positive student behavior expectations outlined in the H.I.V.E. matrix. 2. Students will receive H.I.V.E. coins for exhibiting positive behaviors as outlined in the behavior expectations matrix and during school-wide expectations assemblies. 3. Positive behavior expectations will be shared daily through morning announcements in addition to beginning and mid-year grade level behavior expectations assemblies. 4. Trends in student discipline data will be discussed during weekly administration meetings. Considerations to remedy concerns will be implemented. Trends in student behavior based on discipline referrals will be shared with all staff and feedback for next steps will be utilized to address concerns.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

DRAFT

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Our mission is to work collaboratively with all of our community resources and stakeholders. We will increase achievement among our students with opportunities surrounding learning that are relevant, rigorous, and will transcend beyond the boundaries of our school walls. Our working and learning environment will be built upon positivity, respect, integrity, determination, and engagement. With all of the above, Orange Park Elementary will maximize student potential and also promote individual responsibility.

Provide the school's vision statement

Orange Park Elementary exists to prepare lifelong learners for success in a global and competitive workplace and in acquiring all applicable life skills. We will provide an experience that is motivating, challenging, and rewarding for all children.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Tyler Wood

tyler.wood@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

The School Principal is responsible to the Superintendent of Schools. Our duties include but are not limited to compliance with established rules, and laws in the daily operation of the school. Develop

and foster good public relations, partnerships with all stakeholders, & communications with parents, students and teachers. We coordinate and monitor curricular programs to maximize student learning, efficient utilization of school facilities to insure proper security, and monitor the timely submission of required school records. We provide leadership and direction with respect to professional development through activities that encourage instructional growth, manage business operations, and provide a safe learning environment for all. We are also responsible for implementing programs designed to meet the needs of special student populations, proper receipt and accounting practices, and purchase of all instructional materials used by instructional employees.

Leadership Team Member #2

Employee's Name

Tracy Pfuntner

Position Title

Teacher, K-6

Job Duties and Responsibilities

Mrs. Pfuntner is responsible for establishing a classroom climate conducive to learning, demonstrating an interest in and willingness to assist students inside and outside the classroom environment, meeting the social/emotional and physical needs of her students, preparation of the classroom environment, understanding her content area, providing for students of varying ability through use of a variety of activities, exhibiting good judgement, communicating effectively with others and evaluating student's progress throughout the year. As department head, she is responsible for leading her department and setting a strong example of highly effective instruction for those she leads. Currently, Mrs. Pfuntner works with our kindergarten students at OPE.

Leadership Team Member #3

Employee's Name

Kaitlyn Dunn

Position Title

Teacher, K-6

Job Duties and Responsibilities

Mrs. Dunn is responsible for establishing a classroom climate conducive to learning, demonstrating an interest in and willingness to assist students inside and outside the classroom environment, meeting the social/emotional and physical needs of her students, preparation of the classroom environment, understanding her content area, providing for students of varying ability through use of a variety of activities, exhibiting good judgement, communicating effectively with others and evaluating student's progress throughout the year. As department head, she is responsible for leading

her department and setting a strong example of highly effective instruction for those she leads. Currently, Mrs. Dunn works with our second grade students at OPE.

Leadership Team Member #4

Employee's Name

Lee Anne Dougherty

Position Title

Teacher, K-6

Job Duties and Responsibilities

Mrs. Dougherty is responsible for establishing a classroom climate conducive to learning, demonstrating an interest in and willingness to assist students inside and outside the classroom environment, meeting the social/emotional and physical needs of her students, preparation of the classroom environment, understanding her content area, providing for students of varying ability through use of a variety of activities, exhibiting good judgement, communicating effectively with others and evaluating student's progress throughout the year. As department head, she is responsible for leading her department and setting a strong example of highly effective instruction for those she leads. Currently, Mrs. Dougherty works with our second grade students at OPE.

Leadership Team Member #5

Employee's Name

Amanda Pounds

Teacher, K-6

Job Duties and Responsibilities

Mrs. Pounds is responsible for establishing a classroom climate conducive to learning, demonstrating an interest in and willingness to assist students inside and outside the classroom environment, meeting the social/emotional and physical needs of her students, preparation of the classroom environment, understanding her content area, providing for students of varying ability through use of a variety of activities, exhibiting good judgement, communicating effectively with others and evaluating student's progress throughout the year. As department head, she is responsible for leading her department and setting a strong example of highly effective instruction for those she leads. Currently, Mrs. Pounds works with our third grade students at OPE.

Leadership Team Member #6

Employee's Name

Robin Doty

Position Title

Teacher, K-6

Job Duties and Responsibilities

Mrs. Doty is responsible for establishing a classroom climate conducive to learning, demonstrating an interest in and willingness to assist students inside and outside the classroom environment, meeting the social/emotional and physical needs of her students, preparation of the classroom environment, understanding her content area, providing for students of varying ability through use of a variety of activities, exhibiting good judgement, communicating effectively with others and evaluating student's progress throughout the year. As department head, she is responsible for leading her department and setting a strong example of highly effective instruction for those she leads. Currently, Mrs. Doty works with our fourth grade students at OPE.

Leadership Team Member #7**Employee's Name**

Molly Geeser

Position Title

Teacher, K-6

Job Duties and Responsibilities

Mrs. Geeser is responsible for establishing a classroom climate conducive to learning, demonstrating an interest in and willingness to assist students inside and outside the classroom environment, meeting the social/emotional and physical needs of her students, preparation of the classroom environment, understanding her content area, providing for students of varying ability through use of a variety of activities, exhibiting good judgement, communicating effectively with others and evaluating student's progress throughout the year. As department head, she is responsible for leading her department and setting a strong example of highly effective instruction for those she leads. Currently, Mrs. Geeser works with our fifth grade students at OPE.

Leadership Team Member #8**Employee's Name**

Christopher Harris

Position Title

Teacher, K-6

Job Duties and Responsibilities

Mr. Harris is responsible for establishing a classroom climate conducive to learning, demonstrating an interest in and willingness to assist students inside and outside the classroom environment, meeting

the social/emotional and physical needs of her students, preparation of the classroom environment, understanding her content area, providing for students of varying ability through use of a variety of activities, exhibiting good judgement, communicating effectively with others and evaluating student's progress throughout the year. As department head, she is responsible for leading her department and setting a strong example of highly effective instruction for those she leads. Currently, Mr. Harris works with our sixth grade students at OPE.

Leadership Team Member #9

Employee's Name

Karen Walker

Position Title

Media, K-6

Job Duties and Responsibilities

Mrs. Walker is responsible for establishing a classroom climate conducive to learning, demonstrating an interest in and willingness to assist students inside and outside the classroom environment, meeting the social/emotional and physical needs of her students, preparation of the classroom environment, understanding her content area, providing for students of varying ability through use of a variety of activities, exhibiting good judgement, communicating effectively with others and evaluating student's progress throughout the year. As department head, she is responsible for leading her department and setting a strong example of highly effective instruction for those she leads. Currently, Mrs. Walker works with all students at OPE.

Leadership Team Member #10

Employee's Name

Angela Palmore

Position Title

School Counselor

Job Duties and Responsibilities

Mrs. Palmore is responsible for establishing a classroom climate conducive to learning, demonstrating an interest in and willingness to assist students inside and outside the classroom environment, meeting the social/emotional and physical needs of her students, preparation of the classroom environment, understanding her content area, providing for students of varying ability through use of a variety of activities, exhibiting good judgement, communicating effectively with others and evaluating student's progress throughout the year. As department head, she is responsible for leading her department and setting a strong example of highly effective instruction for those she leads. Currently, Mrs. Palmore works with our all students at OPE.

Leadership Team Member #11

Employee's Name

Tracey Finley

Position Title

Assistant Principal

Job Duties and Responsibilities

Mrs. Finley serves OPE as the assistant principal and often works in the same capacity as the principal. She currently supervises the primary grade levels, works with and monitors the MTSS process, oversees all that involves ESE, and other administrative duties assigned.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Stakeholders including parents and businesses that surround our school community are an integral part of our success. As such, we have and will continue to engage those partners throughout the process. The SAC committee is comprised of a parent, teacher, support employee, principal and business partner. Parents received a survey soliciting involvement and, once all voluntary applications were submitted, parents of OPE voted on who would represent the parent candidate on our SAC committee. Same process is employed for both the support and instructional positions. Last year, all members completed their second year of service requiring us to fill all seats again this year.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

All goals developed will be connected to our assessment data and be driven by the progress monitoring that occurs quarterly at OPE. There will be intentionality regarding implementation and

revision both with our SAC committee and the teachers on our campus. We believe these goals will drive the work we do each day. Those who have the biggest gap with respect to progress and achievement will of course be a primary focus both in Tier 1 with formative assessment and in tier2/tier3. Additionally, because OPE has been widely successful with our previous goal related to intervention and extension, work in the latter will continue to evolve to ensure all in proficiency continue to show growth.

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | 2024 | | 2023** | | | | |
|--|--------|-----------|--------|--------|-----------|--------|----|----|----|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | | | |
| ELA Achievement* | 91 | 63 | 59 | 90 | 62 | 57 | 79 | 59 | 53 |
| Grade 3 ELA Achievement | 96 | 66 | 59 | 94 | 65 | 58 | 90 | 61 | 53 |
| ELA Learning Gains | 72 | 62 | 60 | 83 | 62 | 60 | | | |
| ELA Lowest 25th Percentile | 70 | 60 | 56 | 74 | 60 | 57 | | | |
| Math Achievement* | 96 | 67 | 64 | 95 | 67 | 62 | 82 | 64 | 59 |
| Math Learning Gains | 86 | 65 | 63 | 93 | 68 | 62 | | | |
| Math Lowest 25th Percentile | 87 | 57 | 51 | 92 | 59 | 52 | | | |
| Science Achievement | 97 | 62 | 58 | 97 | 61 | 57 | 90 | 65 | 54 |
| Social Studies Achievement* | | | 92 | | | | | | |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 72 | 63 | | 55 | 61 | | 55 | | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

The success we experienced in 2023-2024 in all areas including proficiency, gains overall, and in the lowest quartile was something to certainly celebrate. Compared to the 2022-2023 school year data, proficiency increased and gains were at an all time high providing our students and staff a major positive going into 2024-2025. We knew that meeting our students at the individual level no matter their historical performance was going to be the goal regardless and those cohorts targeted for growth and proficiency originally were now on their way to junior high school ready/able to continue their success even though they were no longer at OPE. Extension efforts for ALL students (no matter their past performance) showing mastery on individual benchmarks in ELA/math, the provision of interventions to ALL students (again, no matter their past performance), intentional work targeting essential standards, and the continuous growth we've had in our PLC (LTs, SC, CFUs, etc.) work have paid dividends as we work to get better even after experiencing the success we had the year prior.

Though marginal in the overall value of the percentage increase, massive is the work we've done when you consider that those percentages represent the very reason we do this work each day - our students. In 2022-2023, 46 of our 3rd - 6th grade students were performing at L1 (8) or L2 (38) in ELA (79% overall proficiency) with 53% at L4 or L5, and 37 students were performing at L1 (11) or L2 (26) in mathematics (82% overall proficiency) with 56% at L4 or L5. Through an intense focus on those intermediate grade levels coupled with a dedication to the foundational elements and experiences at the primary level, our kiddos and teachers have continued to see the fruits of their labor. Arguable here is that each cohort represents a different set of students; however, it's important to note the actions taken to strengthen tier 1 instruction, interventions, and extensions for all students no matter the grade level are making an impact. This year as compared to 2022-2023, 23 of our students are performing at L1 (4) or L2 (19) in ELA (92% overall proficiency) with 71% at L4 or L5 and 10 are performing at L1(0) or L2 (10) in mathematics (97% overall proficiency) with 86% at L4 or L5.

Moreover, all 4 high accountability grade levels (3rd - 6th) made gains in overall proficiency from the year prior with the exception of 3rd grade mathematics (though still high performing). In ELA, we saw an 8 point jump with an increase of 2 percentage points (90% - 92%) in our overall accountability

average and a 6 point jump with the same increase (95% - 97%) in our overall mathematics accountability average. Of note is the consistency in which our 5th grade science teacher has seen in her students' scores since my time here at OPE. In 2022-2023, her kiddos performed at 92% with the last two years maintaining at a strong 97% proficiency.

One final point of improvement can be found in the overall improvement of performance relevant to our students with IEPs. In 2022-2023, 44% of SWD were proficient in ELA. Though we didn't specifically target SWD in our SIP goals (though mentioned throughout), we saw the need to take action given the disparity in success. Over the last 3 years, we've worked intentionally to strengthen the SDI provided, maximize the time spent with their SF through scheduling, and continue to focus on providing ALL students including those on IEPs an opportunity to extend and push when there is mastery in benchmarks. Though certainly not perfect, the attention paid and the work done to improve teaching and learning has seen that 44% proficiency rate in ELA jump to 83% in 2023-2024 (26 students total) and 93% (30 students total) in 2024-2025.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our lowest performing area, though arguably still high performing for the 2023-2024 school year, can be found in our 6th grade math proficiency scores; however, when comparing those scores "Apples to Apples", we did see an 18 point increase from the year prior (70% proficient) and a 34% increase of those performing at L4 or L5 as compared. Mentioned in previous School Improvement Plans, teacher placements and the reorientation/reiteration of expectations played a major role when considering the need to improve performance over a long period of time. Though this group performed at 81% proficiency in their 4th grade year, their drop to 70% in 5th was surprisingly unexpected given the instructional strength our 5th grade teacher possesses. In reality and in my experience, trends exist in cohorts of students and while the teachers they experience year in and year out do make a major impact, I think it important to look at the data from a cohort specific standpoint. Though we've identified them as the lowest performance here, their growth from year to year and their success at 88% proficiency is still a highlight and celebration for our 6th grade teachers.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our greatest decline, and openly predictable, were our areas related to overall gains and lower quartile gains. For the 2023-2024 school year, these areas were most notably our areas of greatest

improvement with 83% of our students making overall ELA gains and 93% in mathematics. Moving into the data analysis protocol for 2024-2025, those percentages decreased by 10% in ELA and 6% in math respectively. While we will always actively work to improve teaching & learning for all that call OPE home, it has been increasingly difficult to either move students to the next level of proficiency or maintain those who are performing at such high levels. In disaggregating the data points by student, clear is the difficulty in maintaining the Level 5 performance from year to year or moving those at level 4 to 5 even with all the work we've done to extend and enrich our students in the day to day. There are also several outliers in performance this year which was unexpected. For example, a student who had historically performed at proficiency and maintained their level of learning based on classroom grades performed at L1. Though situational and far from a pattern, each student score impacts the overall percentages in performance and growth.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

As has been in previous years, there is no negative gap in performance compared to those released by the state. All areas K-6 outperform state proficiency and truly represent the incredible work done in all of our classrooms. Spinning this question, or at least interpreting it in a different way, does allow us to highlight and represent that work. Our 3rd grade cohort was particularly challenging in a myriad of ways and while we had some adversity, 3rd grade students performed at 96% proficiency in ELA with a 39% positive gap as compared to other 3rd graders in the State of Florida. In 4th, 5th, & 6th grade math - a 38+ percentage point gap exists with an average of 19+ points separating our K-2 classrooms from the state. One final note - on average, our students in K through 6th grade outperform the state in ELA and mathematics by a staggering 28+ percentage points.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Since last year, an intense focus has been paid to our attendance rate and while we've seen a reduction (36 students identified in 23-24 to 23 students in 24-25) in the total number of students absent 10% or more school days, there is still work to be done. We will continue to strengthen the accountability measures in place and work toward highlighting/rewarding those who are present everyday. Alternatively, we have seen an increase in the number of students with a substantial reading deficiency as defined by the rule/statute. We had anticipated the increase and did work to monitor interventions/outcomes as we progressed through the school year; however, we struggled to bring those identified to proficiency. As such, with the majority of those students identified enrolled in the K-2 band, we've worked to include our K-2 teachers in OLA for the purpose of a vertically aligned PLC focused on literacy for the 2025-2026 school year. See Area of Focus 1.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Though overall points decreased from 718 to a projected 697-702 (TBD) from 23-24 to 24-25, our students continued to show success in overall proficiency with 7 of the 8 grade levels (except 3rd grade mathematics) increasing proficiency in ELA and mathematics. 3rd grade saw a decrease, but 89% of our students were still proficient. Additionally, it should be noted that in 22-23, 46 students in 3rd through 6th were performing at level 1 or 2 in ELA and 37 in mathematics. This past year, 2024-2025, those numbers have decreased to 27 and 13 respectively.

A priority that has remained consistent since the 2023-2024 school year has been our work regarding extension for ALL students regardless of overall struggle or success. Whether the student is in MTSS, has an IEP, is gifted, or is highly successful/struggles academically; all students at some point could use some sort of **extension** and arguably intervention. This priority will be embedded in all areas of focus indirectly.

Discussed previously was a focus on **attendance**. Though comparing our attendance issues to other schools wouldn't raise any significant red flags, this is still an area of focus moving forward into the 2025-2026 school year. Arguable here is the consistency in instruction that is created when kiddos are on campus. It is difficult to teach and move students forward if they're not in the classroom setting for the majority of those instructional minutes.

Literacy at the K-2 grade levels will serve as one of our primary priorities. With a newly adopted curriculum and a difference in overall performance as compared to those in high accountability areas, time and attention should be paid to vertically aligning that focus so that matriculating groups will be as prepared as possible. Additionally, this work will allow teachers both above and below an opportunity to strengthen their benchmark knowledge so that all know what standards are present both before their grade level and after. This also presents opportunities for students to experience similar language, build on foundational literacy skills with little guesswork, and disaggregate data to make instructional decisions that could impact students for years to come.

Finally, **Climate and Culture** continues to be at the forefront of all that we do. This was a direct result of Climate and Culture survey data collected over the three years I've been here. In 2021-2022, the year after I began as principal, 46.9% of students indicated that they strongly agree/somewhat agreed that they liked coming to school everyday. With all we've done in the way of PBIS (Behavior Management Plan, Lessons, Guidelines for Success, Legacy Letters, etc.), last year (2024-2025) 77.4% of those surveyed strongly agree/somewhat agreed that they like coming to school. While I do think we've implemented some wonderful initiatives and that connected work is ongoing in classrooms, from a school-wide perspective I believe highlighting positive behavior and academic

success more frequently would continue to strengthen our climate and culture.

DRAFT

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

The process of data disaggregation and reflection have provided us a space to identify what we believe will make the most impact for our students. A pattern of challenge has emerged and though it has come from patterns of success, we do feel that shifting focus from cohorts of students to the foundational practice at our K-2 grade band will pay dividends while still tracking each group of students. This is of particular importance because a new curriculum will be introduced in Clay County - Benchmark Advance. We've also taken the opportunity to be intentional about the OneClay Leadership PD by only inviting the K-2 grade bands to work in developing a vertical alignment that will work toward the measurable outcome below and continue the work for years to come.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

In 2024-2025, on average, 78% of our students showed proficiency in ELA on the K-2 STAR literacy or reading assessment. As such, the percentage of K-2nd grade students with respect to average proficiency amongst all three cohorts will increase from 78% to 82% by the end of the 2025-2026 school years as measured by the STAR Assessment. Progress will be monitored through use of a vertically aligned and developed common assessment rooted in the essential standard (Foundational) chosen K-2. 100% of students will participate in taking the assessment with 100% of our K-2 teachers actively participating in the prescribed and intentional PLC plan created.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress will be monitored in a number of ways to include monthly data analysis (STAR, Lexia,

Acadience, etc.) through our literacy leadership team, a defined vertical approach to K-2 PLCs (agendas, walkthrough feedback, etc.), and quarterly data meetings exclusively scheduled for those grade level teams. Important to note is our choice to invite K-2 teachers to our OneClay Leadership Academy. Focus will be paid to setting goals, identifying common (vertical) essential standards, maximizing efforts related to the scheduled intervention/extension blocks, and to the analysis of student progress data. In our walkthrough log, we will highlight and provide feedback most closely related to the quarterly benchmarks determined and to the interventions/extensions provided during small group times.

Person responsible for monitoring outcome

K-2 Teacher Leaders (Literacy Leadership Team), Tyler Wood, & Tracey Finley

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

The purposeful and intentional design of vertical PLCs will allow K-2 teachers to consider and plan for vertically aligned benchmarks (foundational & conceptual), develop learning goals/semi-common assessments, disaggregate the resultant data to determine individual student needs, and collaboratively work to determine best instructional practice both in Tier 1 and small group. The work specific to data analysis and its connection to the identification of those in need of intervention/extension as a result will be monitored during PLCs each month (PLC Agendas).

Rationale:

With the success we've experienced at OPE, clear are the high expectations for teaching and learning across all grade levels and in individual classrooms. Opportunity exists in the formal planning phase and at a depth that allows conversation across vertical grade levels that can sustain over multiple years. Moreover, time spent in the data analysis phase and in cooperation with those outside their grade level teams (both below and above) will provide varying perspectives that can improve the interventions/extensions being used.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Given our measurable outcome is directly linked to the overall proficiency of students K-2 and the intentional work is dedicated to creating a vertically aligned PLC, focus with respect to ELA benchmark aligned instruction will be paramount. As such, and to create consistency among all three grade levels with respect to progress monitoring, the Literacy Leadership Team will consist of those

teachers identified in this goal. One of the two scheduled PLCs will be dedicated time to analyze student data resulting from PM assessments, Acadience, Lexia, and the common assessments developed during other PLC times.

Person Monitoring:

Literacy Leadership Team, Tracey Finley

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Monitoring will occur at multiple levels and through a myriad of artifacts. The primary vessel and platform for monitoring progress at the school level will occur through our Literacy Leadership Team meetings set to occur each month (grade level chairs). During this time, Mrs. Finley will collaborate with teachers, disaggregate and analyze all relevant data points, reflect on PLC agendas directly linked to the vertical PLC, and identify next steps for those in need of intervention or extension K-2.

Action Step #2

Vertically Aligned PLCs (Learning/Language Targets & Success Criteria): Professional learning will be provided monthly (twice through September) in the format of vertically aligned PLCs with a distinct plan and agenda attached to each. Focus initially will be paid to the appropriate process for identifying essential standards (1 foundational & 1 Conceptual) then shift to work dedicated to defining grade-appropriate common progress monitoring assessments & data analysis. The latter becomes the primary point of the work as those instructional decisions should be directly linked to the performance of our students. Additionally, within this PLC, conversations directly related to shifting or pivoting practice will need to take place if 80% or more show mastery in those benchmarks identified across the K-2 grade level bands. F.A.S.T. PM assessments and literacy-based program (STAR, Lexia, & Acadience) data will also be disaggregated and discussed at the individual student level when appropriate. Finally, it should be noted that LTs, SC, and vocabulary development will be a primary element of this work as it relates to the PLCs.

Person Monitoring:

K-2 Teachers, Tracey Finley

By When/Frequency:

Bimonthly (through November), monthly thereafter, and intermittent depending on school-wide PLC Schedule

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Progress will be monitored through the use of PLC Agendas and the agenda results of the Literacy Leadership Team Meetings. Though our measurable outcome is directly linked to the performance of this year's students, the long-term goal in creating a K-2 vertical PLC is to build on the common foundational and conceptual knowledge of our students as they move from one grade level band to the next. The agendas, and resulting reflections, will be a key piece in monitoring progress and in making decisions regarding the direction of each PLC after. Once the PLC is held and the agenda submitted, Mrs. Finley and Mr. Wood will work together, reflect, and provide feedback to grade level chairs as they move forward.

Action Step #3

Data Analysis: Data disaggregation and reflection will occur monthly and be directly linked to the progress of students based on the common monthly progress monitoring assessments connected to the essential standards identified. As mentioned in the previous action step, decisions regarding essential standards and instructional practice should be fluid and based on the performance of our students in both the grade level created assessments (monthly) and state assigned testing that occurs throughout the year. While all three action steps specifically identify best practice, it should be noted that all three need to work in unison to provide the best direction for our students. Data analysis, though defined here, will be a major part of each step encapsulated in the SIP and outside

of it. Moreover, a digital document will be created to document progress, provide a landscape for real time discussion, and be used as we track students from year to year.

Person Monitoring:

K-2 Teachers, Tracey Finley

By When/Frequency:

Monthly (Formally); Reality, this work will occur informally in each classroom daily

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

K-2 teachers (emphasis on grade level chairs) and administrators will work to create the document discussed above and will actively participate through monthly meetings (LLT & PLC Agendas) to diagnose results and make instructional decisions.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

The last three years, OPE students have performed exceptionally in all areas of high accountability. As noted in previous School Improvement Plans, math proficiency in specific cohorts of students became central to our focus and that intentional attention paid dividends. In 2022, 87% of students the year prior performed at proficiency with a drop to 82% the year following. With the 2023 School Improvement Plan, we addressed the concern and acknowledged the challenges we were tasked to overcome. In 2024, given the commitment of our teachers and staff including their dedication to the new curriculum introduced the year prior, our overall math proficiency increased from 82% to 95% with 93% of our students demonstrating learning gains. Powerful when you consider the time and energy our staff and students committed to the effort.

As predicted learning gains in mathematics decreased from 83% in 2023-2024 to 72% in 2024-2025; however, a point of celebration comes with the increase of overall proficiency (96%: 2024-2025) and 100% of our students in 4th grade earning a level 3 or higher. Moreover, and just as powerful, are the high levels of performance with 91% of those 4th graders performing at L4 or L5 and an average of 85% overall (74% - 77% was previous SIP goal). While these statistics are relevant to the current year, I'd be remiss if I didn't mention or acknowledge the profound work in building the foundation for math instruction K-6th. All means all and, over the course of the last three years, all have certainly contributed to the overall success.

Increasingly difficult each year is identifying areas of focus when considering the immense amount of success our students experience as a result of the strong instruction they receive. At the basic level

here, proficiency in the matriculating 4th graders is 89%. Diving deeper and creating a more defined/ developed outcome based on our students' positive performance, our goal moving forward should build on previous plans and intentionally target an increase in overall proficiency and gains as a result of the efforts connected to extension and enrichment. As a result of the outcomes this year and in comparison of all other grade levels, we will work microscopically and pay special attention to the 4th grade cohort. That said, as we continue to close the gap to proficiency for each and every student K-6, a shift in our mindset should occur and become more intentional with respect to higher levels of performance as well as maintaining gains for all.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

The percentage of students in 4th grade with respect to proficiency and to higher levels of math performance (L4 and L5) will increase from 89% to 94% proficiency and 74% to 81% (L4 or L5) respectively by the end of the 2025-2026 school year as measured by the F.A.S.T. Assessment tool. To monitor progress, walkthrough data will be paramount and the percentage of students observed in small group (receiving both intervention or extension) or differentiated instruction will be at 50% or higher.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

With the loss of iReady and now implementation of Khan Academy 3rd through 6th, monitoring progress will be a simple transition for OPE. For the past two years, this progress monitoring tool has been employed across all three 4th grade classrooms and will again be used this year. Though it is an optional resource and will not drive the entirety of the instructional decisions made in the 4th grade math classroom, it will be used to determine and provide both interventions and extension. To suitably monitor progress, we'll hold monthly data meetings with the 4th grade teacher which will include conversations centered around grades, module assessments, Khan data participation/monitoring, and PM assessments. In thinking about how this goal could impact and sustain our long term objective of all meeting the expectations of proficiency and higher levels of learning, it should be mentioned that OPE is also piloting a 3rd grade accelerated program which will eventually become a part of the pupil progression 3rd through 6th. We will also be monitoring these 24 students monthly in the 2025-2026 school year.

Person responsible for monitoring outcome

Tyler Wood

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Khan Academy and the systematic approach it brings to the math classroom will allow our teacher to make instructional decisions focused on intervention and the outcomes they're meant to address. Differentiation becomes a paramount point of emphasis and the results from the data collected will continue to drive the work.

Rationale:

While not new to OPE, the results of our 4th grade cohort's overall proficiency and percentage of students performing at L4 or L5 have provided us the platform to continue our work in differentiation. There is strength in our Tier 1 instructional practice across all K-6 classrooms and while differentiation focused on intervention and extension has benefited our students' growth, we will move forward with a specific cohort to ensure gaps and L4 or L5 scores are sustained. With 4th, 5th and 6th grade students performing at 98% or above, focusing on one group will be more impactful for the individual students (8) that performed at L1 or L2.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Data Meetings

Person Monitoring:

Tyler Wood

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Our 4th grade teacher will meet with the principal monthly to disaggregate data taken from Khan, Module assessments, and our F.A.S.T. PM1 and PM2 with an intentional focus on lifting those 19 students who performed at L2 or L3 last year. Additionally, time will be paid to the data from those students performing at L4 or L5 to ensure they're receiving the differentiation necessary to lift or sustain their previous performance.

Action Step #2

Classroom Visits and Feedback

Person Monitoring:

Tyler Wood & Tracey Finley

By When/Frequency:

Weekly to Biweekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Classroom visits will take place and feedback relevant to small group instruction as it's related to the practice of differentiation will be provided. This is an opportunity for the principal and assistant

principal with respect to growth and practice; as such, a schedule of visitation will be developed and shared to maximize the feedback relevant to the outcome.

Action Step #3

Professional Development: Small Group and Differentiation

Person Monitoring:

Tyler Wood & Tracey Finley

By When/Frequency:

Daily/Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Since 2022-2023, there has been a need to address differentiation in the way of extension. Our teachers are extremely skilled in lifting students and helping to improve their academic performance especially when there is a struggle or challenge at play. Aforementioned several times in this document and in our regular training each year is the open dialogue with respect to extension that has occurred. As such, this strategy and the instructional practice associated will continue to be a primary point of emphasis. Monitoring will occur both informally and formally through conversations, walkthroughs, feedback, and the evaluation process. The expectation is that our teachers continuously monitor this need no matter who the student is or whether they have traditionally struggled or not.

Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Professional Learning Communities

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

There is so much instructional strength on the OPE campus and while our grade level bands work well together, defining and designing meaningful PLCs continue to be a primary focus. PLCs and, in reality, Professional Development have become one in the same. Difficult on any campus is respecting the time teachers need to plan, fulfill tasks of compliance, collaborate, and grow in their craft and practice. As such, we have utilized several different platforms and mechanisms to work toward that growth but provide the time they need to plan and collaborate for the improvement of our kiddos. Through use of our Core Learning initiative (Eagle News Newsletter), Whole Group PLCs, our Open Lab Concept (think reverse of breakout sessions where PD is delivered; teachers attend a session and they bring the concerns/questions that allow for the individual growth based on the Open Lab Content), and grade band specific PLCs. This past year, though the information was wonderful and impactful, much of our time was spent in ESOL practice. While that will continue to be a major part of our overall efforts (especially the Language Target evolution, comprehensible input, and comprehensible output), we're looking forward to regaining some of that PLC time.

This year and as a result of the data analysis that occurred, we've shifted attention from the overall

PLC process to a more defined approach with our K-2 teachers who will vertically align. Openly, and vulnerably, designing an effective vertical PLC that is worthy of the time spent has been difficult. In 2023, we attempted to include a vertical element during flex PLCs but the direction or lack thereof resulted in the absence of deeper learning that could impact teacher and student learning. Early on, and in an effort to strengthen all PLCs, we vacated those vertically aligned efforts to ensure teacher time was respected.

With the strength that lies in our K-2 classrooms, the opportunity present in student data, and the new curriculum being introduced to Clay County, we felt like there was space to make another attempt. Through the OneClay Leadership Academy, we've been able to start the work with benchmarks, vertically aligned common assessments, and a common focus on vocabulary at the forefront of those conversations. Over the course of the next few months, time will be spent honing in on those areas and working to make sure those standards targeted truly are impactful moving into the year.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

85% of our K-2 teachers will actively participate in planned PLCs AND Literacy Leadership Team meetings with a focus on aligning content, curriculum, and creating a common measurable assessment so that the K-2 Average of ELA proficiency will increase from 78% to 82% by the end of the 2025-2026 school year as measured by the F.A.S.T. Assessment.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Monitoring will occur at multiple levels with the primary measurement being PLC agendas and student performance based on those common assessments developed. A relative hierarchy will be used with the majority of the work done collaboratively. Moreover, there will be monthly conversations with grade level leaders and with the Literacy Leadership Team (K-2 teachers) as a whole. Data Analysis has to be an element of measurement that will drive the decisions in how our PLC will run. To avoid the risk of "overloading" or overscheduling teachers given the immense responsibility they have in planning for their instruction, we will make appropriate and effective use of the prescheduled PLC times to do this work.

Person responsible for monitoring outcome

K-2 Teachers, Tyler Wood, & Tracey Finley

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

With failure there is opportunity. Though we have certainly made headway regarding intentional use of PLC time, our earlier efforts in providing meaningful and impactful PD in a vertical setting has been less than fruitful. Overall and in use of the "Core Learning" initiative as well as the onboarding of our Open Lab PLC structure, PLCs have provided a healthier balance with respect to time and professional growth; however, based on data and the goal in creating long-term, sustainable opportunities, the necessity in learning vertically is apparent. As such, we have utilized pieces of our former plan (identification of essential standards, work in LTs/CFUs/SC, and relative efforts in creating common assessments) coupled with a vertical approach to solely focus on early literacy at the K-2 level with the hope that building student capacity in benchmarks will provide a success both now and well into the future. It should be noted that intervention and our work in extension will continue and this PLC will provide our teachers the opportunity to do the work together.

Rationale:

Performance in ELA at the K-2 level is certainly strong with 78% of our kiddos at proficiency. That said, early literacy is arguably one of the most powerful indicators of student success. With the new curriculum in Benchmark Advanced being introduced and our overarching goal of creating a vertically aligned approach to PLCs for long-term gains, it made the most sense to focus on K-2 for the time being. Additionally, the past few years, our kiddos at the 3rd through 6th grade level have performed at high levels of proficiency in ELA each year (79% - 79% - 90% - 91%). To continue that upward trajectory, we need to reinforce and strengthen the foundational skills early to ensure their success later. Utilizing the vertical PLC model and tracking our students progress through the common assessment created and rooted in the foundational benchmark identified will, we believe, help our students thrive.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

PLC & Literacy Leadership Team Agendas/Objectives

Person Monitoring:

Tyler Wood & Tracey Finley

By When/Frequency:

Bimonthly (Initially) and Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

A deficit determined in our original vertical PLC attempt was the planning phase. Agendas are wonderful forms of accountability; however, if the objectives within do little to facilitate valuable professional growth and are disconnected to the performance of students, the agenda essentially becomes a check in the box. Important here is creating an intentional plan and progression collaboratively so that all involved find value in the time spent. With multiple opportunities to meet in

PLCs planned, the agendas will start with a general direction (discussed and developed at OLA) and transform as we work through the process. The key here has to be the fluidity and evolution of those agendas as we work through the process.

Action Step #2

Eagle News Newsletter - "Core Learning"

Person Monitoring:

Tyler Wood & Tracey Finley

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Each week for the 2025-2026 school year, we will continue our efforts as they pertain to our "core learning" initiative. District-driven objectives continue to evolve and focus on our Clay County Vision for Instruction will move back into the forefront. Again, time becomes a challenge and the utilization (so long as all understand and adhere to the expectations) of "core learning" has allowed us an informal way to be present in PD without consuming the time it takes to discuss or work in it whole group. Though our PLC concentration will be K-2, the associated work is certainly transferrable in pockets K-6.

Action Step #3

Data Analysis

Person Monitoring:

Tyler Wood & Tracey Finley

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

With the work associated and time spent in developing a cohesive, efficient, and productive vertical PLC comes the need to ensure the labor is impactful. With our benchmarks at the center of that work and the time spent in creating a common progress monitoring assessment, opportunities to disaggregate and analyze the data is necessary. For the purpose of monitoring and to ensure meetings are student-centered, the data taken will be used both in Literacy Leadership Team Meetings and PLCs to make the best instructional decisions possible.

IV. Positive Learning Environment

Area of Focus #1

Positive Behavior and Intervention System (PBIS)

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

In 2022-2023, OPE became the last elementary school in Clay County to be trained in PBIS. Since then, we have done a wonderful job in creating school-wide expectations, facilitating character education focused on those expectations through weekly PBIS lessons in each classroom, and in highlighting student performance/participation through our [Legacy Letter Program](#). Classroom-based

discipline and the progression of consequences has been established with the classroom management plans utilized in every instructional space which keeps referrals at a minimum. Climate and Culture Survey Results (4th - 6th) for the 2025 school year, which had been a point of focus in the last two School Improvement Plans (primarily the results specific to students finding joy in "coming to school everyday" and adults acknowledging "when they do the right thing") have increased from 60.3% to 77.4% and 76.1% to 89.2% respectively.

Attendance, which was targeted last year, saw a decrease in the number of students absent 10% or more of school (36 to 25); however, when diving deeper, an issue becomes relevant to this work and statewide assessments. Of the 17 students identified in EWS as Level 1 on the ELA assessment, 13 of those come from the K-2 Grade Band. Additionally, the largest portion of those absent 10% or more school days (10/23) are also found in that band. Given our efforts regarding PLCs and in increasing the proficiency at that grade level band, targeting attendance again overall but primarily in this band is priority again.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Of the 25 students absent 10% or more last year, 30% of those students will attend at a rate of 90% or higher as determined by Synergy in the 2025-2026 school year with 80% of those 12 students in the K-2 grade band attending at a rate of 90%.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Monitoring and accountability will occur with the record's secretary and assistant principal. Per policy and protocol in Clay County, teachers are initially responsible for communicating the importance of attendance and will make contact when the third absence occurs. Teachers will discuss the issues at hand, determine whether a concern exists, monitor the attendance, and make a recommendation to the attendance team should there be a consistent challenge. If the latter occurs, a certified letter will be sent with a date and time to meet with our Student Success Team. There, the conversation will be focused on the importance of attendance, the barriers to punctuality, and opportunities to discuss strategies ensuring students be on time and in attendance. The Assistant Principal will continue to monitor and, if necessary, will make a request to the District Level Attendance Team. Monitoring of those on the EWS list for the 2024-2025 school year will occur at the beginning of the year and continue throughout.

Person responsible for monitoring outcome

Tyler Wood/Tracey Finley

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Attendance is and will continue to be paramount for student success. Proactively, communication regarding the importance of attendance will also be key moving forward. We will set expectations through various platforms to include the Eagle News Newsletter, classroom newsletters, the commitments found in our Parent/Student Handbook and in various grade level meetings. Data (which has never really been shared) will be a part of those communications to monitor progress and connect our stakeholders to the goals we've set. Though we hadn't seen any empirical evidence to suggest that our Legacy Letter Program has made an impact on student attendance, our hope is (now that it has been introduced) the opportunity will motivate students to earn their letter or pin dedicated to attendance at the end of the year.

Rationale:

Instructional time is and will continue to be a factor for learning. Without our students in the seats, learning is more difficult to achieve.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Attendance Protocol (Student Success Team)

Person Monitoring:

Tracey Finley

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Described above in the monitoring section is the attendance protocol for our Student Success Team. Moving forward, Mrs. Finley will be tasked with monitoring student attendance (with a focus paid to those below the 10% threshold), sending home letters, and meeting with parents to ensure all students showing signs of attendance concerns are properly supported and are attending school regularly.

Action Step #2

Eagle News Newsletter and Other Communications (Classroom-based)

Person Monitoring:

Tyler Wood & Tracey Finley

By When/Frequency:

Bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

In all communications sent to parents, attendance will continue to be a point of focus. While we have

utilized intermittent communications to convey the importance of attendance, an unchanged and universal flyer will be created and used in every newsletter sent. Additionally, we will ask that all means of conveyance at the classroom level include a similar flyer to continuously encourage student attendance.

Action Step #3

Data Analysis and PLC Agendas

Person Monitoring:

Tracey Finley

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

As PLCs continue to evolve, data analysis has to continue to be at the forefront of all that we do. While many PLCs focus on the academic data taken from end of unit assessments, progress-monitoring, or other evaluations, we have not facilitated discussions on attendance or behavior data. For the purpose of this action step and to help in creating a PLC dedicated to the entirety of each individual student, we will begin including a section on our PLC agendas relevant to attendance and behavior.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Welcome to Orange Park High School where our mission is to work collaboratively with all stakeholders to provide a public education experience that is innovative, engaging, and empowering for all students. We will increase student achievement by providing students with learning opportunities that are rigorous, relevant and transcend beyond the boundaries of the school walls. We will ensure an educational environment built upon honesty, integrity and respect. Through these ideals, we will maximize student potential and promote individual responsibility.

Provide the school's vision statement

Preparing lifelong learners for success in a global and competitive workplace and acquiring applicable life skills is the purpose for the Clay County School District. To support the District's purpose, Orange Park High School serves all students with diligence to provide the academic, workforce and life skills needed for success. Providing a safe working and learning environment is a priority and a key to the success of OPHS. Continual professional development for teachers, support staff, and administrators provides assurance that the students of Orange Park High School will get the best education possible.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Ivin Gunder

ivin.gunder@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Responsibilities and duties of this position include: Ensure compliance with established rules and laws in the daily operation of the school. Develop and foster good public relations, efficient school volunteer/partnership programs, effective conferencing, and communications with parents, students, and teachers. Coordinate and monitor the curricular program of the school to maximize student learning; conduct faculty/staff meetings as needed to meet student instructional needs; implement the Sunshine State Standards. Coordinate school advisory council activities and implement a school improvement plan. Coordinate efficient utilization of school facilities and ensure proper security, maintenance, and cleanliness of the campus. Be responsible for the timely and accurate submission of all required school records/ reports and the precise information entered into the district database. Provide leadership by participating in professional development activities and encouraging instructional support and administrative staff development, including training to accurately report FTE participation, student performance, teacher appraisal, school safety, and discipline data. Be responsible for effective business management operations, a school budget, and efficient cost accounting. Maintain standards of appropriate student conduct through fair and equitable enforcement of the Clay County Public Schools Code of Student Conduct. Be responsible for faithfully and effectively implementing school/district personnel procedures, including interviewing, hiring, evaluating school staff, coordinating the Teacher Induction Program, and administering master contracts. Coordinate supervision of extra-curricular activities and duty assignments. Provide a safe learning environment through the preparation and implementation of emergency evacuation plans, fire drills, etc. Be responsible for implementing programs designed to meet the needs of special student populations (ex. ESE, Title I, Dropout Prevention, etc.). Assure that the school meets all State and Southern Association of Schools and Colleges accreditation standards. Be responsible for the proper receipt and accounting of all school board property and for maintaining an accurate property inventory. Provide for the purchase of appropriate textbooks, equipment, and other instructional materials necessary to meet the needs of the students. Serve on district-wide committees when requested. Be responsible for the development and implementation of a school technology plan. Be accountable for the performance of all personnel employed by the School Board and assigned to the school site. Provide for the development of an individual Teacher Training Plan for each teacher assigned to the school. Provide leadership for the implementation of the Florida Code of Ethics and Principles of Professional Conduct. Provide leadership in the performance of the Sunshine State Standards, Florida Standards Assessments, End-of-Course exams, and other tests designed and adopted to measure student achievement. Communicate effectively, both orally and in writing, with parents, staff, students, and the community. Maintain visibility and accessibility on the school campus. Serve as a coach/mentor to Assistant Principals, new Principals, or others preparing for School Principal certification. Provide leadership for all stakeholders in developing school beliefs, vision, mission, and goals, and align them with the district mission, school improvement, and curriculum. Perform other duties as assigned by the Superintendent consistent with the goals and objectives of

the position.

Leadership Team Member #2

Employee's Name

Bryan Boyer

bryan.boyer@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

The assistant principal/vice is directly responsible to the school principal. They serve in a staff relationship with other assistant administrators in the school. Assume all administrative duties in the absence of the principal. Assist in fulfilling any responsibilities outlined in the principal's job description and delegated by the principal.

Leadership Team Member #3

Employee's Name

Laura Mayberry

rebecca.james@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

The assistant principal/vice is directly responsible to the school principal. They serve in a staff relationship with other assistant administrators in the school. Assume all administrative duties in the absence of the principal. Assist in fulfilling any responsibilities outlined in the principal's job description and delegated by the principal.

Leadership Team Member #6

Employee's Name

Aleatha Martin

aleatha.martin@myoneclay.net

Position Title

Title I Lead

Job Duties and Responsibilities

The Title I Teacher is responsible directly to the principal and serves in a staff relationship with other teachers. Depending on the individual needs of each Title I School, responsibilities and duties will vary. Evaluate various data sets to determine where Title I, Part A funded supports will bring about the greatest return on investment. Manage the small group instruction program and practice at Title I, Part A funded schools. This includes evaluating student needs, collaborating with classroom teachers, scheduling student groups, assessing progress and providing instruction to students. Develop professional learning experiences for individual teachers, grade level groups, and the whole faculty. Manage positive behavior programs. Provide side-by-side coaching, mentoring, modeling of best-practices, and planning for teachers.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Our school meets with our School Advisory Committee. As a team, with stakeholder input, our school improvement plan was presented, discussed and approved. Our committee consists of instructional and support employees, parents, students, and community members.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

Our school improvement plan will be monitored by administration. Weekly meetings are held by our team to discuss student progress and teacher support and development. We will continually analyze State assessment data quarterly to monitor student progress and address ways in which we will revise the plan if needed.

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Greatest area of growth

- LQ ELA learning gains 10 point increase
- ELA achievement 5 point increase

Intentional collaborative planning with aligned benchmarks and assessments. Data chats with students. District-led meetings with the ELA department to break down item specs. Strategic scheduling of SWD and ELL based on student need through support facilitation and ELL supports.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Lowest performance area

- LQ Math Learning Gains 7 point decrease (Algebra 26.5% gains, Geometry 45.5% gains)
- Math Learning Gains 5 point decrease (Algebra 21% gains, Geometry 55.3% gains)

Factors:

- lack of rigor (tasks not aligned to the EOC)
- not implementing the curriculum pacing guide with fidelity

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

- LQ Math Learning Gains 7 point decrease (Algebra 26.5% gains, Geometry 45.5% gains)
- Math Learning Gains 5 point decrease (Algebra 21% gains, Geometry 55.3% gains)

Factors:

- some of our lower quartile in Algebra were in Algebra 1 Honors due to Algebra 1A & 1B taking our

lowest performing students out of the learning gains progression; many of these students dropped from Level 5 to 4 or 4 to 3

-for 25-26 we are looking at putting High Level 2s in Algebra 1 not 1A so that they do not lose momentum

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Positive gap - 9th grade ELA

Negative gap -Algebra 1

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

1. Increase ELA proficiency
2. Increase Algebra 1 proficiency
3. Increase overall ELL proficiency
4. Increase student attendance

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Increase ELA proficiency
2. Increase Algebra 1 proficiency
3. Increase overall ELL proficiency
4. Increase student attendance

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Differentiation, ELA, Small-group Instruction

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: While ELA in 9th and 10th grades was our greatest area of growth this last school year in all of our state indicators, targeted instruction for SWD and ELL students focusing on foundational skills and addressing specific learning gaps from the 24-25 school year.

Impact on Student Learning: To improve overall ELA proficiency, learning gains and lower quartile gains.

Rationale: Prior year data shows a gap in overall ELA proficiency, LG and BQT gains for students who are ELL or SWD. Through strategic, intentional scheduling of these students through support-facilitated classes with a focus on small group differentiated instruction and ESE/ELL supports, we will see an increase in this area of need.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

ELA 9th-10th 2024-2025 Outcomes:

Proficiency: 64% (was 59% 2023-2024)

Learning Gain: 62% (was 58% in 2023-2024)

Lower Quartile Learning Gains 67% (was 57% in 2023-2024)

Walkthrough data will demonstrate a 50% increase in differentiated small group instruction utilizing ESE/ELL supports. End of year FAST data will reflect a minimum of 65% students proficient and at least 1% increase in our overall learning gains and lower quartile gains moving to 63% learning gains and 68% for our lower quartile for the 25-26 school year.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

- Weekly Walkthrough Data (observing small groups utilizing differentiated instruction)
- ELL Walkthrough data for use of small groups and ELL supports
- Assessment monitoring, and data analysis of PM 1 and PM 2.
- Intentional collaborative planning with aligned benchmarks and assessments.
- Data chats with students. District-led meetings with the ELA department to break down item specs.
- Strategic scheduling of SWD based on student need through support facilitation.
- Strategic scheduling of ELL students based on WIDA scores

This data will be used by PLC learning teams each month to inform ongoing instructional adjustments and targeted support throughout the school year to maximize student achievement.

Person responsible for monitoring outcome

Bryan Boyer

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Individual & Small Group Instruction Explicit Direct Instruction Additional academic programs offered outside of school hours

Rationale:

Provide focused, intensive small-group interventions for English learners determined at risk for reading problems. Although the amount of time in small-group instruction and the intensity of this instruction should reflect the degree of risk, determined by reading assessment data and other indicators, the interventions should include the five core reading elements (phonological awareness, phonics, reading fluency, vocabulary, and comprehension). Explicit, direct instruction should be the primary means of instructional delivery.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Direct support through professional development: Small group instruction, explicit instruction, planning.

Person Monitoring:

Bryan Boyer/Title I Lead

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

All ELA teachers will receive direct support through professional development in small group instruction. Teachers will participate in collaborative lesson planning with Professional Learning Communities.

Action Step #2

Targeted Data Planning

Person Monitoring:

Bryan Boyer/Title I Lead

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will utilize and analyze data to monitor progress and create targeted small groups. Teachers will conduct data meetings to address struggling standards/skills after F.A.S.T data.

Action Step #3

Instructional Coach Support

Person Monitoring:

Bryan Boyer/Title I Lead

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Instructional coach will focus on improving instructional planning, delivery, data analysis, and student outcomes through targeted teacher supports.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Targeted instruction focusing on rigorous benchmark-aligned math content, focusing on foundational skills while addressing learning gaps from 24-25 school year

Impact on Student Learning: To improve overall Algebra 1 proficiency, learning gains and lower quartile gains.

Rationale: Our Algebra 1 proficiency scores dropped 3% from 2023-2024 to 2024-2025. Our Algebra 1 learning gains dropped from 26% in 2023-2024 to 21% in 2024-2025. Walkthrough data and conversations stemming from PLCs and Math Collaboratives have shown that all of our students are not being exposed to rigorous benchmark-aligned content to prepare them for the EOC.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Algebra 1 2024-2025 Outcomes:

Proficiency: 39% (was 42% 2023-2024)

Learning Gains 21% (was 26% in 2023-2024)

Lower Quartile Learning Gains 27% (was 26% in 2023-2024)

Walkthrough data will indicate a 70% increase in Algebra 1 classrooms demonstrating evidence of rigorous benchmark-aligned content. FAST data will reflect a minimum of 45% students proficient on the Algebra 1 EOC with overall learning gains and lower quartile learning gains at or above 30% for the 25-26 school year.

2025-2026 Measurable Outcomes:

Proficiency: 45%

Learning Gains 30%

Lower Quartile Learning Gains 30%

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

- Walkthrough data looking specifically at Bloom's Taxonomy and Questions stems related to level of rigor
- Walkthrough data observing benchmark rigorous lesson plans
- New district-created computer-adaptive progress monitor assessment
- Discussing and analyzing common formative and summative assessments during Content PLCs

This data will be used by PLC learning teams to inform ongoing instructional adjustments and targeted support throughout the school year to maximize student achievement.

Person responsible for monitoring outcome

Laura Mayberry

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Provide focused, intensive small-group interventions for English learners determined to be at risk for reading problems that effects their Math skills and subject area vocabulary. Provide Additional Programs Outside of the Regular School Day.

Rationale:

Provide explicit and systematic intervention instruction to struggling students should receive explicit instruction to ensure that they have the foundational skills and conceptual knowledge necessary for understanding grade level content.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Direct support through professional development in small group instruction, explicit instruction, and planning.

Person Monitoring:

Laura Mayberry/Title I Lead

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

All Math teachers will receive direct support through professional development in small group instruction.

Action Step #2

Collaborative Planning

Person Monitoring:

Laura Mayberry/Title I Lead

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will participate in collaborative lesson planning with Professional Learning Communities.

Action Step #3

Target Data Planning

Person Monitoring:

Laura Mayberry/Title I Lead

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will utilize and analyze data to monitor progress and create targeted small groups to close learning gaps. Teachers will conduct data meetings to address struggling standards/skills after Quarterly PM Synergy testing

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

The area of focus will be to reduce the number of unexcused absences from 6.64% to 5.5% by the end of the school year. Based on our historical trends, the students with higher unexcused absences have lower GPA's. Improving student attendance will directly support our goal to increase student achievement and overall proficiency in all academic areas. Through proactive interventions, student incentives, and consistent parent communication we can increase student attendance.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

2023-2024 Data: Present: 90.55% Excused: 2.27% Unexcused: 7.18%

2024-2025 Data: Present: 91.27% Excused: 2.09% Unexcused: 6.64%

GPA's for students who miss less than 5 days of school compared to those who miss 5+ days. Less than 10 compared to 10+ Less than 15 compared to 15+ Less than 20 compared to 20+

Monthly attendance reports will be reviewed for tracking.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

-Monthly Attendance meetings with the school's Social Worker to monitor attendance and work through the Attendance Decision Tree.

-Success team meetings will be held by grade level with school Social worker, administrator, and counselor.

-Parent communication and documentation will be updated and monitored through the attendance

team.

Person responsible for monitoring outcome

Caitlyn Hayes

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Our interventions aim to reduce unexcused absences by fostering a positive school environment through Positive Behavioral Interventions and Supports (PBIS), which builds strong student-staff connections and reinforces attendance. It also focuses on cultivating student success by personalizing learning and providing academic support, ensuring students feel capable and motivated to attend. Crucially, the plan emphasizes meaningful two-way communication between schools and families, engaging parents as partners and connecting them with vital resources. Finally, it promotes high student engagement through active, interactive classroom environments where learning is relevant and stimulating, inspiring students to be present and participate.

Rationale:

Unexcused absences pose a significant barrier to student academic success, social-emotional development, and overall well-being. When students are consistently absent from school without valid reasons, they miss crucial instructional time, fall behind in their coursework, and become disengaged from the learning process and the school community. This disengagement can lead to a cycle of further absences, academic failure, and increased risk of dropping out. Beyond individual student impact, high rates of unexcused absences negatively affect the entire school environment. They disrupt classroom instruction, strain teacher resources, and can indicate underlying issues within the school culture or community. Addressing unexcused absences is not merely about enforcing attendance policies; it is about creating a supportive and engaging environment where every student feels a sense of belonging, purpose, and motivation to attend school regularly.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Two Way Communication

Person Monitoring:

Caitlyn Hayes/Title I Lead

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Establish two way communication via Synergy, Weekly Robo Calls, and Weekly Newsletters from the Principal. Quarterly SAC Committee newsletter to share campus wide updates and school events.

Action Step #2

Success Team Meetings

Person Monitoring:

Caitlyn Hayes/Behavior Management Teacher

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Share District wide Attendance policies with families frequently through email and letters home. All teachers will enforce the policy following the 3 day- 5 day- 10 day protocol. Students identified with attendance concerns will be added to our Success Team Meetings and check ins with our behavior management teacher.

Action Step #3

PBIS Supports

Person Monitoring:

Rebecca James/Behavior Management Teacher

By When/Frequency:

Weekly/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Weekly highlight of our Rising Raiders through PBIS. Promote and share via social media pages. Continued work with PBIS team promoting school wide expectations. Professional development will be provided to teachers with a focus on Tier 1 behavior interventions and supports to create engaging and well managed classrooms. District provided resources will be made available to all staff during whole group PD session, and new teachers will receive additional support through their evaluating administrator, behavior management teacher, and PBIS lead.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

The mission and primary purpose of Orange Park Junior High School, along with parents and community members, is to make student learning our chief priority in a safe and physically comfortable environment where students are valued individuals with unique physical, social, emotional and intellectual needs.

Provide the school's vision statement

We believe that teachers, parents, and the community share the responsibility for the support of the school's mission. We believe that all students can learn. We believe that students learn in different ways. We believe a student's self-esteem is enhanced by positive relationships. We believe students learn best when they are actively in the learning

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Tania Auguste

tania.auguste@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Ensure compliance with established rules, and laws in the daily operation of the school. Develop and foster good public relations, efficient school volunteer/partnership programs, effective conferencing and communications

with parents, students, and teachers. Coordinate and monitor the curricular program of the school to maximize student learning; conduct faculty/staff meetings as needed to meet student instructional needs; implement the Sunshine State Standards. Coordinate school advisory council activities and implement a school improvement plan. Coordinate efficient utilization of school facilities and ensure proper security, maintenance, and cleanliness of the campus. Be responsible for the timely and accurate submission of all required school records/reports and the accurate entry of information into the district database. Provide leadership by participating in professional development activities and encouraging the professional development of instructional support and administrative staff including training to accurately report FTE participation, student performance, teacher appraisal, school safety, and discipline data. Be responsible for effective business management operations, the development of a school budget and efficient cost accounting. Maintain standards of appropriate student conduct through fair and equitable enforcement of the Clay County Public Schools Code of Student Conduct. Be responsible for effectively implementing school/district personnel procedures including interviewing, hiring, evaluating school staff and coordinating the Teacher Induction Program, and administering master contracts. Coordinate supervision of extra-curricular activities and duty assignments. Provide a safe learning environment through preparation and implementation of emergency evacuation plans, fire drills, etc.. Be responsible for implementing programs designed to meet the needs of special student populations (Ex. ESE, Title I, Dropout Prevention, etc.). Assure that the school meets all State and Southern Association of Schools and Colleges accreditation standards. Be responsible for proper receipt and accounting of all school board property and maintaining an accurate property inventory. Provide for the purchase of appropriate textbooks, equipment and other instructional materials necessary to meet the needs of the students. Serve on district-wide committees when requested. Be responsible for the development and implementation of a school technology plan. Be responsible for the performance of all personnel employed by the School Board and assigned to the school site. Provide for the development of an individual Teacher Training Plan for each teacher assigned to school. Provide leadership for the implementation of the Florida Code of Ethics and Principles of Professional Conduct. Provide leadership in the implementation of the Sunshine State Standards, Florida Standards Assessments, End-of-Course exams, and other tests designed and adopted to measure student achievement. Communicate effectively, both orally and in writing, with parents, staff, students, and community. Maintain visibility and accessibility on the school campus. Serve as coach/mentor to Assistant

Principals, new Principals or others who are preparing for School Principal certification. Provide leadership for all stakeholders in the development of school beliefs, vision, mission, and goals and align them with the district mission, school improvement, and curriculum. Perform other duties as assigned by the Superintendent consistent with the goals and objectives of the position.

Leadership Team Member #2

Employee's Name

Kristen Fite

kristen.fite@myoneclay.net

Position Title

Instructional Interventionist

Job Duties and Responsibilities

The Instructional Interventionist will focus primarily on the ELA/Reading Department to improve instructional planning, delivery, data analysis, and student outcomes. Research has shown that the top four factors that impact student achievement are: classroom management, teaching for learning, home and parent involvement, and believing that all students can learn (Hattie, 2010). The instructional coaches' work will strengthen each of these factors and is expected to translate into increase academic success.

Leadership Team Member #3

Employee's Name

Ansley Smith

ansley.smith@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

The assistant principal/vice is directly responsible to the school principal. He/she serves in a staff relationship with other assistant administrators in the school. Assume all administrative duties in the absence of the principal. Assist in fulfilling any duties outlined on the principal's job description and delegated by the principal.

Leadership Team Member #4**Employee's Name**

Shalonda Ravenell

shalonda.ravenell@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

The assistant principal/vice is directly responsible to the school principal. He/she serves in a staff relationship with other assistant administrators in the school. Assume all administrative duties in the absence of the principal. Assist in fulfilling any duties outlined on the principal's job description and delegated by the principal.

Leadership Team Member #5**Employee's Name****Position Title****Job Duties and Responsibilities**

No Answer Entered

Leadership Team Member #6**Employee's Name**

Tyler Sason

tyler.sason@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

The assistant principal/vice is directly responsible to the school principal. He/she serves in a staff relationship with other assistant administrators in the school. Assume all administrative duties in the absence of the principal. Assist in fulfilling any duties outlined on the principal's job description and delegated by the principal.

Leadership Team Member #7**Employee's Name**

Lauren Barbaro

lauren.barbaro@myoneclay.net

Position Title

Guidance Counselor

Job Duties and Responsibilities

Plan and develop the school counseling program of the school. Provide the opportunity for individual and group counseling to all students. Provide leadership and consultation in the school's program of pupil appraisal. Provide assistance to students and parents in educational and occupational planning for the student. Coordinate and initiate referrals of students to other specialists in student services and to public and private agencies in the community. May serve as a consultant for ESE screenings, staffing, and follow-up procedures. Provide placement services to students by assisting them in making appropriate choices of school subjects/courses of study, and in making transitions from one school level to another, one school to another, and from school to employment. Consult with parents and act as a resource person on the growth and development of their children. Work closely with members of the administrative/teaching staff to the end that all school resources are directed toward meeting individual students' needs. Assist in disseminating research findings to school staff members. Interpret counseling and guidance services of the school to school staff members, parents, and community. May plan with Occupational Specialists to implement their program. (Secondary Only) Perform other such duties as requested by the Principal.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The process for involving all stakeholders in regard to the School Improvement Plan, Orange Park

Junior High hosts a School Advisory Council meeting inviting community members, parents/guardians, and teachers to the school to discuss the contents of the Title I Plan that would then be added to the School Improvement Plan. OPJ allows for open dialogue that allows for questions, comments, and concerns to be addressed and change (if needed) the School Improvement Plan. OPJ also has a leadership team that will meet and discuss the components of the School Improvement Plan, as well as items made through the School Advisory Council, and adjust as needed. Once all stakeholders has been heard, the School Improvement Plan is finalized.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

During the school's monthly whole group PLC's, they will share the school progress and challenges and discuss ways to improve in the classroom. The administrators will do learning walks weekly to give the teacher's feedback on ways to improve and praise their great strides. Teacher's will do a pre and post test on materials learned. Teacher's are responsible for knowing what level their students are on and keeping up quarterly with their progress. The School Improvement plan will be updated quarterly during SAC meetings and discussed monthly during PBIS meetings to ensure continuous improvement.

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|---|---|---|---|---|---|-----|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | | | | | | | | 393 | 397 | 790 |
| Absent 10% or more school days | | | | | | | | 118 | 120 | 238 |
| One or more suspensions | | | | | | | | 98 | 105 | 203 |
| Course failure in English Language Arts (ELA) | | | | | | | | 2 | 10 | 12 |
| Course failure in Math | | | | | | | | 15 | 23 | 38 |
| Level 1 on statewide ELA assessment | | | | | | | | 110 | 107 | 217 |
| Level 1 on statewide Math assessment | | | | | | | | 106 | 102 | 208 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|-----|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | | | | | | | 129 | 128 | 257 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | | | | | | | | | | 0 |
| Students retained two or more times | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|---|---|---|---|---|---|-----|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | | | | | | | | 128 | 120 | 248 |
| One or more suspensions | | | | | | | | 137 | 124 | 261 |
| Course failure in English Language Arts (ELA) | | | | | | | | 23 | 18 | 41 |
| Course failure in Math | | | | | | | | 66 | 29 | 95 |
| Level 1 on statewide ELA assessment | | | | | | | | 115 | 87 | 202 |
| Level 1 on statewide Math assessment | | | | | | | | 92 | 73 | 165 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | TOTAL | |
|--------------------------------------|-------------|---|---|---|---|---|---|-----|-------|-----|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | | 8 |
| Students with two or more indicators | | | | | | | | 126 | 105 | 231 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | | | | | | | | 2 | | 2 |
| Students retained two or more times | | | | | | | | | | 0 |

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 54 | 63 | 58 | 52 | 61 | 53 | 44 | 54 | 49 |
| Grade 3 ELA Achievement | | | 27 | | | 21 | | | |
| ELA Learning Gains | 54 | 58 | 59 | 54 | 57 | 56 | | | |
| ELA Lowest 25th Percentile | 52 | 51 | 52 | 42 | 47 | 50 | | | |
| Math Achievement* | 61 | 74 | 63 | 55 | 72 | 60 | 54 | 69 | 56 |
| Math Learning Gains | 52 | 60 | 62 | 54 | 60 | 62 | | | |
| Math Lowest 25th Percentile | 54 | 58 | 57 | 56 | 57 | 60 | | | |
| Science Achievement | 43 | 62 | 54 | 33 | 64 | 51 | 47 | 62 | 49 |
| Social Studies Achievement* | 71 | 85 | 73 | 71 | 83 | 70 | 66 | 81 | 68 |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | 47 | 64 | 77 | 46 | 61 | 74 | 54 | 63 | 73 |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 63 | 65 | 53 | 66 | 56 | 49 | 46 | 44 | 40 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

| 2024-25 SPRING | | | | | | |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

There was a 10% increase in 8th grade math scores. Scores increased from 53% proficiency to 63% proficiency compared to 2024-2025 school year. As a school, we were intentional in our scheduling. Students were required to have a score of 4 or 5 in order to be placed in 7th grade accelerated math or Math 3 CLS. Additionally, we used support facilitation to provide targeted support in the 8th grade pre-algebra classes. Teachers attended a math collaborative session with district math coaches each semester. During these collaboratives, teachers and coaches worked to develop benchmark-aligned tasks and assessments. Finally, teachers also received support from OPJ's Title 1 math coach and instructional assistant for planning and implementing small group instruction.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

As a school, we were at 40% proficiency in 7th grade math. Students enrolled in 7th grade math this year, scored 1, 2, or 3 on their 6th grade math FAST assessment last year. 218 students were tested for 7th grade math. Of those, 74 students (33.9%) are classified as ELL students. The language barrier between the students and teachers is a significant contributing factor as to why our 7th grade math proficiency FAST achievement was low. Out of the 82 Level 1 scores, 32 of these students are at an ELP Level A.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our greatest decline this year, compared to last school year, was in 7th grade ELA. There was a decrease in student proficiency from 51% to 47%.

District coaches facilitated school-wide collaboratives to ensure benchmark aligned instruction and lesson planning. Our Title 1 coach and the district ELA coach piloted a ROAR success program to highlight students engaging in positive behavior and academic attributes in the ELA classrooms. Developed benchmark-aligned cumulative reviews and assessments which were used to expose students to FAST-style questions similar to what they encountered on the FAST assessments. Teachers used this information to learn from each other, during their collaboratives, to implement best instructional practices from different classrooms. We also experienced turnover with both of our ELL assistant positions and were without any ELL assistants in the school for several months.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

7th grade ELA students demonstrated the largest gap between OPJ and the state average.

30.6% of 7th grade students were chronically absent. 25.5% of 7th grade students received one or more suspension days.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Student absenteeism - 29.6% of students were absent for 10% or more of total school days. Those students have received letters from the student success team in an attempt to identify what barriers and potential supports our students/families need in order to increase their attendance.

Suspensions - 25.2% of all students were suspended for one or more school days

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Decrease percentage of students who are chronically absent by 10% for the 25-26 school year. (currently at 30%- 238 out of 804 students chronically absent). Determine what supports students/families need in order to decrease chronic student absenteeism. Develop a system to recognize students who attend school regularly.

2. Increase learning gains in ELA from 54% to 58% school-wide
3. Increase learning gains in math from 51% to 55% school-wide

DRAFT

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Students With Disabilities (SWD)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Targeted small group instruction in Math and ELA, focusing on the students that overlap in both the Math and ELA lowest quartile. We are also moving toward all support facilitation, with no dual-certified rooms. ELLs will be cohorted by ELP level, this will allow us to be more intentional with the ESOL assistants, Title 1 Coaches and Instructional Assistant support schedules. The lowest quartile will be identified by each teacher during pre-planning to ensure that intentional supports are planned for throughout the year. We will also focus on using TACA forms within our weeks 2 and 4 content area PLCs to analyze the lowest quartile data on a more frequent basis.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough Data for Small Group instruction will increase from 4.7% to at least 75% of Math and ELA classrooms. Our objective is to improve English Language Arts (ELA) learning gains from 54% to 58% and to increase Mathematics learning gains from 52% to 55% by PM 3.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Monitoring will occur monthly through classroom walkthroughs, data chats with students, during PLCs, and during our leadership meetings.

Person responsible for monitoring outcome

Admin Team

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Monitoring will occur through classroom walkthroughs, data chats with students, during PLCs, and during our monthly leadership meetings.

Rationale:

OPJ will utilize Small Group Instruction to target the Lower Quartile students and benchmarks that students have not mastered. Direct-Explicit Instruction and Teacher Modeling Strategy Instruction will be the main focus in all of the ELA and Math classrooms to allow for students to receive lessons that focus specifically on the B.E.S.T. standards. OPJ will also focus on ensuring benchmark-aligned curriculum is provided with fidelity to ensure goals are met.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Instructional Strategies

Person Monitoring:

Admin is responsible for training and monitoring.
Teachers are responsible for implementing and planning.

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement the following instructional strategies: Intentional planning, scaffolding, and strategies to integrate prior knowledge. Admin will monitor through classroom walkthroughs.

Action Step #2

Professional Learning Plan

Person Monitoring:

AdminTeam

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided monthly in the format of whole group, content area, and school choice by admin, specialists, and teacher leaders and will focus on intentional planning, small group planning, and implementation of SDI and ESOL strategies. Admin will monitor through classroom walkthroughs and feedback from PLC survey data.

Action Step #3

Data Meetings

Person Monitoring:

Admin team

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data Meetings will be held monthly to reflect on how small group strategies are impacting student achievement. Small group tracking sheet that will be reviewed within PLC and monthly leadership meeting.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to English Language Learners (ELL)**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Increase Targeted Instruction across all content areas to improve proficiency levels with our English Language Learners. Our ELLs will be cohorted by English Language Proficiency Levels, this will allow us to be more intentional with the ESOL assistants, Title 1 Coaches and Instructional Assistants' support schedules. The lowest quartile will be identified by each teacher during pre-planning to ensure that intentional supports are planned for throughout the year. We will also focus on using TACA forms within our weeks 2 and 4 content area PLCs to analyze the lowest quartile data on a more frequent basis.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough Data for Comprehensible Instruction for English Language Learners (ELLs) will increase from 3.5% to at least 50% across all content areas. In 24-25 our ELL students achieved 24% proficiency on the FAST ELA PM 3; Our objective for 25-26 is to increase to 30% proficiency.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Monitoring will occur monthly through classroom walkthroughs, data chats with students, PLCs, and leadership meetings.

Person responsible for monitoring outcome

Admin Team

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

To improve overall proficiency levels with our English Language Learners , OPJ will focus on the following evidence-based interventions: --small group instruction --teacher modeling--differentiated instruction--providing benchmarked-aligned curriculum with fidelity--scaffolding--explicit vocabulary instruction--frequent checks for understanding

Rationale:

OPJ will utilize Small Group Instruction to target the English Language Learners and standards that students have not mastered. Teacher Modeling and differentiated instruction will be the main focus of all classrooms to allow for students to receive lessons that focus specifically on the WIDA benchmarks. OPJ will also focus on continuous professional development with teachers to ensure that the delivery of instruction aligns language acquisition skills as well as WIDA benchmarks.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Instructional Strategies

Person Monitoring:

Administration

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Data-Driven Instruction-Use formative and summative data to identify learning gaps, Adjust instruction based on weekly or bi-weekly assessment results, Use TACA Form during PLCs. 2. Differentiated Instruction-Tailor lessons to meet the needs of diverse learners 3. Benchmark Aligned Planning and Instruction-Plan lessons that are aligned to state benchmarks and item specs. 4. Small Group Instruction-Implement consistent, data-informed small group instruction to provide remediation, reteaching, or enrichment, Rotate groups based on formative assessments, not just ability. 5. Structured Academic Talk & Vocabulary Development-Use protocols like Think-Pair-Share, Accountable Talk, and Sentence Frames to support oral language development for ELLs, Pre-teach and reinforce academic vocabulary across content areas. 6. Checks for Understanding-Use

strategies like exit tickets, thumbs up/down, whiteboards, or cold calling to gather real-time feedback, Adjust pacing or re-teach based on student responses.

Action Step #2

Small Groups and Progress Monitoring

Person Monitoring:

Administration

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Continue with Small Group instruction targeting strategies and skills related to Comprehensible Input and Language Acquisition.

Action Step #3

Quarterly Data Reviews

Person Monitoring:

Administration

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Administration will meet regularly with teachers and the School-based Leadership team to review data from the Walkthrough Dashboard, F.A.S.T. Assessment and TACA Forms to ensure proficiency progress with the target language.

Action Step #4

Professional Learning

Person Monitoring:

Admin

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided monthly in the format of whole group, content area, and school choice by admin, specialists, and teacher leaders and will focus on intentional planning, small group planning, and implementation of SDI and ESOL strategies. Admin will monitor through classroom walkthroughs and feedback from PLC survey data.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our area of focus for improving the learning environment at Orange Park Junior High School will be to decrease the percentage of students who are chronically absent (> 10% of school days) and decrease the percentage of students suspended for one or more school days.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

30.6% of 7th grade students, in 2024-2025, were chronically absent. 25.5% of 7th grade students, in 2024-2025, received one or more suspension days. Our goal would be to decrease the aforementioned percentages to 15% for the 25-26 school year.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

We will monitor student absences monthly through tracking of student attendance data and will monitor suspensions through student discipline data. By monitoring chronic student absences and suspensions, we will decrease the amount of time students spend out of class which will increase the amount of exposure students have to the curriculum.

Person responsible for monitoring outcome

Admin Team

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Our school will continue to provide a positive climate to assist in increasing student attendance. In addition, we will continue to ensure that students feel connected, supported and emotionally safe as well as work consistently to build strong teacher-student relationships. OPJ will work to build trust and inclusive classroom environments where all students feel valued.

Rationale:

OPJ will utilize strategies from the One Clay Culture Program to empower educators with the tools that they need to cultivate a positive and supportive learning environment they need for ALL students

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Monthly Attendance Team Meetings

Person Monitoring:

Administration

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Attendance Data Meetings will be held monthly to analyze attendance progress.

Action Step #2

Provide Academic Support for Frequently Absent Students

Person Monitoring:

Administration

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Students who have been identified as behind in coursework due to absences will be enrolled in Academic Support (Grade Recovery) in a effort to increase academic performance. Students will be monitored by Administration and engage in frequent progress monitoring chats.

Action Step #3

Instructional Strategies

Person Monitoring:

Amin

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will utilize monthly lessons from the OneClay Culture Program to create a sense of awareness and connectedness to our school as well as adherence to academic goals. In addition, teachers will complete a form after each lesson to account for all lessons taught.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

To disseminate information to all stakeholders in regard to the School Improvement Plan, Orange Park Junior High will use the digital School Newsletter, share on social media outlets that the plan is available for review in the front office of OPJ in the 25-26 Title I Binder, on our schools webpage at <https://opj.myoneclay.net/title-1>, and during the School Advisory Council meetings with stakeholders.

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

To build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission, support the needs of students, and keep parents informed of their child's progress, Orange Park Junior High plans to build the culture of the school through Positive Behavioral Interventions and Supports (PBIS). With a focus on positive behavior, high expectations, clear communication, and a structure for addressing misbehavior, OPJ will be able to work closely with families and make sure they understand that there must be a partnership in order for students to succeed. OPJ will also focus on inviting families to campus throughout the year to participate in Parent and Family Engagement Events to learn how to support their students education. The Family Engagement Plan can be found on our schools webpage at <https://opj.myoneclay.net/title-1>.

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

In order to strengthen the academic programs in Orange Park Junior High, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, OPJ plans to focus on growing our educators through Professional Development with the help of CCDS district support leaders. Our main goals this year is to increase proficiency in ELA/Reading and Mathematics. Utilizing district support leaders in those subjects will allow for teachers to gain more knowledge of their respective subjects, plan better, and understand more, especially during targeted Professional Learning Community meetings. OPJ also plans to provide students with more learning opportunities, such as tutoring services, to gain more knowledge and receive assistance when needed.

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections 1114(b)(5) and 1116(e)(4)).

Orange Park Junior Highs' School Improvement Plan is developed in coordination and integration with other Federal, State, and local services, to support all of the students at OPJ. The plan focuses on using resources that are specifically correlated to their needs therefore able to better support the students.

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

At Orange Park Junior High, we engage in a continuous data driven process with our District to review the effectiveness of resources in addressing student needs. The process typically includes but is not limited to:

1. Needs Assessment & Data Analysis

Conducting a comprehensive review of student data, progress monitoring, discipline, attendance and ELL & SWD progress to identify academic and behavioral trends. This analysis is shared with our District leadership to align on key priorities

2. Strategic Planning

Based on the identified needs, Orange Park Junior High will participate in district-led planning sessions to ensure alignment of our school-based goals and resource allocations that support initiatives like small group instruction, instructional coaching, ELL support and intervention blocks.

3. Implementation and Monitoring

We meet regularly with District Leadership, Specialists and Title 1 Coordinators to monitor the implementation of the aforementioned supports. This includes reviewing data effectiveness of instructional assistants, interventions and professional development.

4. Beginning of year & Mid-Year Reviews

We engage in formal checkpoints throughout the year with district leadership to review outcomes and make necessary adjustments

By maintaining open, data-driven collaboration with our district, we are able to adjust our approach and ensure that every resource is targeted to support the diverse needs of our students.

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

1. Need:

Support for ELA and Math Lower Quartile Students

Data:

- ELA Lower Quartile increased to 52% (↑10%), but continued support is needed.

- Learning gains in both ELA and Math remain a targeted area for growth.
- 59 students identified in the 8th grade who are in the lower quartile for both ELA and Math.

Resources & Timeline:

- Classroom Instructional Assistants funded through Title I will be strategically placed in ELA and Math classrooms beginning in August 2025.
- Small Group Tracking Forms will be used by teachers to monitor targeted instruction starting the first month of school.
- Monthly PD sessions (August–May) will focus on small group planning, bench-mark alignment and varied instructional strategies.

2. Need:**Increase English Language Learner (ELL) Proficiency****Data:**

- ELL proficiency was at 24% for the 2024–2025 school year.
- Monitoring showed a need for more targeted instructional time and support.

Resources & Timeline:

- Cohorting of ELL students by proficiency level for the 2025–2026 school year to enable tailored support.
- ESOL assistants, Title I coaches, and support staff schedules adjusted beginning August 2025 to provide differentiated support in content areas.
- Support facilitators will push into ESOL classes weekly beginning in September 2025.

3. Need:**Improve Student Behavior and Attendance (PBIS Focus)****Data:**

- Discipline referrals decreased from 2,110 → 1,190; however, 30.6% of 7th graders were chronically absent, and 25.5% had at least one suspension.

Resources & Timeline:

- Positive Behavior Reward System will be implemented starting in August 2025, with monthly student recognition.
- District-led “OneClay Culture” training on regulation/response strategies during pre-planning week (July 2025).
- Ongoing school-wide PD on classroom management and de-escalation strategies throughout

the year.

4. Need:

Strengthen Tier 1 Instruction Across Content Areas

Data:

- 7th grade ELA proficiency dropped from 50% to 47%.
- Science proficiency, while improved, remains below 50%.

Resources & Timeline:

- Monthly Professional Development for teachers begins in August 2025, focusing on:
 - Intentional lesson planning
 - Benchmark-aligned instruction
 - Small group and ESOL strategies
 - TACA Form (Team Analysis of Common Assessments) implementation will begin in September 2025 to help PLCs adjust instruction based on student data.

These targeted resource allocations and structured timelines are designed to address the specific academic and behavioral needs of our students and ensure measurable growth throughout the 2025–2026 school year.

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

No

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Our mission is to work collaboratively with all stakeholders to provide a public education experience that is motivating, challenging, and rewarding for all children. We will increase student achievement by providing students with learning opportunities that are rigorous, relevant, and transcend beyond the boundaries of the school walls. We will ensure a working and learning environment built upon honesty, integrity, and respect. Through these values, we will maximize student potential and promote individual responsibility.

Provide the school's vision statement

Oakleaf Village Elementary exists to prepare lifelong learners for success in a global and competitive workplace and in acquiring applicable life skills.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Jason Martin

jason.martin@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Ensure compliance with established rules, and laws in the daily operation of the school. Develop and foster good public relations, efficient school volunteer/partnership programs, effective conferencing, and communications with parents, students, and teachers. Coordinate and monitor the curricular

program of the school to maximize student learning; conduct faculty/staff meetings as needed to meet student instructional needs; implement the Sunshine State Standards. Coordinate school advisory council activities and implement a school improvement plan. Coordinate efficient utilization of school facilities and ensure proper security, maintenance, and cleanliness of the campus. Be responsible for the timely and accurate submission of all required school records/reports and the accurate entry of information into the district database. Provide leadership by participating in professional development activities and encouraging the professional development of instructional support and administrative staff including training to accurately report FTE participation, student performance, teacher appraisal, school safety, and discipline data. Be responsible for effective business management operations, the development of a school budget, and efficient cost accounting. Maintain standards of appropriate student conduct through fair and equitable enforcement of the Clay County Public Schools Code of Student Conduct. Be responsible for faithfully and effectively implementing school/district personnel procedures including interviewing, hiring, evaluating school staff, coordinating the Teacher Induction Program, and administering master contracts. Coordinate supervision of extra-curricular activities and duty assignments.

Provide a safe learning environment through the preparation and implementation of emergency evacuation plans, fire drills, etc. Be responsible for implementing programs designed to meet the needs of special student populations (Ex. ESE, Title I, Dropout Prevention, etc.). Assure that the school meets all State and Southern Association of Schools and Colleges accreditation standards. Be responsible for proper receipt and accounting of all school board property and maintaining an accurate property inventory. Provide for the purchase of appropriate textbooks, equipment, and other instructional materials necessary to meet the needs of the students. Serve on district-wide committees when requested. Be responsible for the development and implementation of a school technology plan. Be responsible for the performance of all personnel employed by the School Board and assigned to the school site. Provide for the development of an individual Teacher Training Plan for each teacher assigned to the school. Provide leadership for the implementation of the Florida Code of Ethics and Principles of Professional Conduct. Provide leadership in the implementation of the Sunshine State Standards, Florida Standards Assessments, End-of course exams, and other tests designed and adopted to measure student achievement.

Communicate effectively, both orally and in writing, with parents, staff, students, and the community. Maintain visibility and accessibility on the school campus. Serve as coach/mentor to Assistant Principals, new Principals or others who are preparing for School Principal certification. Provide leadership for all stakeholders in the development of school beliefs, vision, mission, and goals and align them with the district mission, school improvement, and curriculum. Perform other duties as assigned by the Superintendent consistent with the goals and objectives of the position.

Leadership Team Member #2

Employee's Name

Shelley Lester

shelley.lester@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Manage school facilities and staff to ensure student safety and grade-appropriate level instruction takes place.

Leadership Team Member #3

Employee's Name

Chernell Gilliam

chernell.gilliam@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Manage school facilities and staff to ensure student safety and grade-appropriate level instruction takes place.

Leadership Team Member #4

Employee's Name

Kimberly Lundy

kimberly.lundy@myoneclay.net

Position Title

School Counselor

Job Duties and Responsibilities

Disseminate information from the Administration. Manage grade-level activities. Ensure the team has materials to ensure grade-appropriate instruction takes place. Assist with collaborative groups to support OVE's Professional Learning Community.

Position Title

Teacher

Job Duties and Responsibilities

Disseminate information from the Administration. Manage grade-level activities. Ensure the team has materials to ensure grade-appropriate instruction takes place. Assist with collaborative groups to support OVE's Professional Learning Community.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Administration, emerging leaders, and the school advisory council (including parents) solicited advice on how they think the school should focus its improvement efforts.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

This plan will be monitored through weekly classroom walkthroughs. We will also convene as administration & grade level teams for quarterly data progression meetings to evaluate student growth based on I-Ready, Acadience, & FAST assessment scores, teacher-developed common assessment scores, MTSS students' progress monitoring data, and teacher-provided samples of student work on grade-level standards. We will conduct weekly gradual release administration-modeled PLCs focused on grade level-wide proficiency of essential ELA standards to ensure all staff are involved in the growth of students across the entire building.

DRAFT

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | 2024 | | 2023** | |
|--|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 65 | 63 | 59 | 62 | 62 | 57 |
| Grade 3 ELA Achievement | 67 | 66 | 59 | 77 | 65 | 58 |
| ELA Learning Gains | 64 | 62 | 60 | 59 | 62 | 60 |
| ELA Lowest 25th Percentile | 61 | 60 | 56 | 54 | 60 | 57 |
| Math Achievement* | 65 | 67 | 64 | 62 | 67 | 62 |
| Math Learning Gains | 65 | 65 | 63 | 65 | 68 | 62 |
| Math Lowest 25th Percentile | 54 | 57 | 51 | 58 | 59 | 52 |
| Science Achievement | 63 | 62 | 58 | 56 | 61 | 57 |
| Social Studies Achievement* | 92 | | | | | |
| Graduation Rate | | | | | | |
| Middle School Acceleration | | | | | | |
| College and Career Acceleration | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 76 | 72 | 63 | 64 | 55 | 61 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Fourth-grade ELA showed the most improvement. ELA proficiency increased from 48% to 57%. We were very intentional in our scheduling of our ESE population at this grade level. In addition, this grade level focused on common assessment and response to student learning through their collaborative teams. We utilized our Acadience screener to identify student strengths and opportunities for growth and designed small group lessons around the areas of identified need.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Overall, students in 5th Grade math showed a decrease in proficiency, falling to 45% proficient from 51% in the year prior. This was a 5% decrease in proficiency in this individual grade level, while a school increased in proficiency by 1% overall. Thus, this 5th-grade cohort decrease stands out even further. One of the contributing factors is teacher attendance and fidelity of the tier one instruction. Additional walkthroughs and feedback are needed in these classrooms to inform instructional practices. Additionally, we need to identify a teacher attendance incentive program.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

3rd grade ELA proficiency fell from 77% to 67%. A variety of factors contribute to this, such as the cohorts' 2nd grade PM3 data upon entering their respective 3rd grade instructional years were slightly lower from 78 to 75 percent proficient on entering the grade level. Additionally, there was a teacher change for the third-grade team, who then needed to work together to incorporate a new teacher into the 3rd grade ELA world. We could have used greater teacher training to ensure the newest member was provided the guidance to identify all possible avenues to success.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Compared to the state, the largest gap is in 5th-grade math. The gap is 12% between our school and the state. We had a four-way switch in fifth grade, which resulted in less instructional time with students in math.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Students with two or more early warning indicators increased from 78 to 167, specifically with an increase in the number of students scoring a level one.

There has been an increase in the number of level ones on the ELA and Math state assessments. In the past year, there has been an increase in ELA from 55 to 91 and in math from 68 to 99 within the 3-6 grade bands.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. 5th grade math achievement
2. 3rd grade ELA achievement
3. Lowest Quartile Math Gains

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Benchmark-aligned instruction

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Benchmark-aligned instruction in math and ELA with a focus on appropriate levels of rigor as identified in prior years' walkthrough data.

Impact on Student Learning: Aims to improve overall proficiency, accelerate learning for the lowest 25%, and close district/state achievement gaps through differentiated support.

Rationale: Prior year's walkthrough data shows a decline in math learning gains for our lowest 25%, with consistent negative gaps across grades 4-6 compared to district and state data.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will show a 50% increase in benchmark instruction that has the appropriate level of rigor. FAST data will reflect a minimum of 60% learning gains in our lowest quartile.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

- Weekly classroom walkthroughs observing for appropriate levels of rigor through benchmark-aligned instruction
- Semester Data Chats
- The use of common formative assessments across grade levels.

Person responsible for monitoring outcome

Jason Martin, School Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teacher Actions

Person Monitoring:

Grade-Level Teams with support from administration and district instructional coaches.

By When/Frequency:

Lesson planning and alignment checks will occur during PLCs; ongoing implementation begins in week 2 of the school year.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Grade-level teams will analyze benchmark standards to ensure alignment of instructional materials, tasks, and assessments to the appropriate level of rigor. Teachers will collaboratively plan lessons that incorporate higher-order questioning, complex text, and tasks aligned to grade-level expectations. The focus will be on ensuring instruction targets the cognitive complexity outlined in the standards. Administrators will conduct regular walkthroughs using an observation tool to capture trends in instructional practices, which asks specifically about academic rigor. Evidence of alignment will also be reviewed during monthly PLC meetings, through lesson plan reviews, and student work samples. These findings will inform coaching cycles and professional learning supports to improve implementation.

Action Step #2

Professional Learning

Person Monitoring:

Team Leads and Administration

By When/Frequency:

By the end of each Academic Quarter

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided quarterly in the format of whole group PLC, grade level PLCs, and peer feedback cycles by administration and teacher leaders and will focus on analysis of sample student tasks, modeling of rigorous instruction, and strategies for scaffolding to meet the needs of all learners, including those in the lowest quartile. The school leadership team will monitor impact by tracking walkthrough trends related to instructional rigor, reviewing teacher implementation of strategies in lesson plans, and analyzing formative assessment data for signs of increased student engagement and performance. Teacher feedback will also be collected to adjust future professional learning sessions as needed.

Action Step #3

Data Chats

Person Monitoring:

School-Based Leadership Team and Grade-Level Teachers

By When/Frequency:

Once per semester (mid-year and end-of-year)

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement the instructional priority by participating in structured data meetings each semester to analyze student performance data from common formative assessments and FAST results. During these meetings, teachers will identify trends, determine instructional adjustments needed to better align instruction to benchmark rigor, and develop targeted support plans for students. The leadership team will document action items from each data meeting and follow up through classroom walkthroughs and PLC observations to ensure adjustments are reflected in instruction. Changes in student performance data across semesters will be analyzed to determine the effectiveness of instructional shifts.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Targeted small group instruction in math, focusing on foundational skills and addressing specific learning gaps identified in prior year data.

Impact on Student Learning: Aims to improve overall proficiency, accelerate learning for the lowest 25%, and close district/state achievement gaps through differentiated support.

Rationale: Prior year data shows a decline in overall math proficiency and low 25% learning gains, with inconsistent negative gaps across grades 3-6 compared to district and state.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will show a 50% increase in small group instruction in math classes. FAST data will reflect a minimum of 60% of students proficient and at least 55% of students in the lowest quartile showing learning gains in Math.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

- Weekly classroom walkthroughs (observing small groups and engagement)
- Semester data chats
- weekly exit tickets
- mid-module and end-of-module assessments

This data will be used by collaborative learning teams to inform ongoing instructional adjustments and targeted support throughout the school year to maximize student achievement.

Person responsible for monitoring outcome

Jason Martin, School Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teacher Actions

Person Monitoring:

Grade level teachers

By When/Frequency:

Ongoing, beginning Week 2 of the school year with monthly regrouping based on data

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement the instructional priority by planning and delivering small group math instruction 3–5 times per week that targets foundational skills identified through prior year data and ongoing formative assessments. Students will be grouped by specific skill deficits, and instruction will include scaffolded tasks, hands-on activities, and differentiated supports to meet the needs of all

learners. School leadership will conduct weekly walkthroughs focused on the presence, frequency, and quality of small group instruction. PLCs will review formative data and student work to determine effectiveness and regroup students as needed.

Action Step #2

Professional Learning

Person Monitoring:

Team and math Leads on grade levels.

By When/Frequency:

End of each academic quarter

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement the instructional priority by participating in ongoing professional learning community sessions focused on strategies for effective small group math instruction. Topics will include using manipulatives to build conceptual understanding, leveraging formative assessments to group students, and using questioning to deepen thinking. PLCs will reflect on student work samples and assessment data to determine if student performance improves in areas directly targeted during professional development.

Action Step #3

Data Chats

Person Monitoring:

School-Based Leadership Team and Grade-Level Teachers

By When/Frequency:

Mid-year and end-of-year data chats

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement the instructional priority by participating in data chats each semester to review FAST scores, classroom assessments, and exit ticket data for students in the lowest quartile. Based on this analysis, teachers will revise small group plans and adjust instructional strategies to better target skill gaps. The leadership team will document decisions made during data chats and monitor implementation through walkthroughs and follow-up PLC discussions. Trends in student progress, especially for the lowest quartile, will be reviewed to evaluate impact and inform future supports.

IV. Positive Learning Environment

Area of Focus #1

Teacher Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Strengthen school-wide culture through the development of OVE and One Clay Culture characteristics. The culture will be focused on teacher attendance. This includes clear expectations, consistent monitoring, and a clear understanding by teachers of their impact on student achievement.

Impact on Student Learning: Increased teacher attendance aims to reduce instructional disruption

and inconsistency; increase student engagement, and improve safety that maximizes instructional time and learning

Rationale: Decreasing teacher absenteeism is a proven method for increasing student achievement. There is no substitute for the teacher; a substitute does the best they can, while the teacher provides clear, certified instruction. We have had an increase in teacher absenteeism over the last several years. While student absenteeism has decreased, teacher attendance has not.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

In the absence of finalized prior-year teacher attendance data, the school will establish a baseline from the 2023–2024 attendance records during the first quarter of 2024–2025. Based on this baseline, the school aims to reduce the average number of teacher absences by **at least 10%** by the end of the school year. This measurable outcome supports the school-wide goal of strengthening culture and improving instructional consistency for students.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Quarterly absentee reports will be pulled and reviewed by the administration and payroll secretary. We will review the report with a comparison of the targeted reduction in absenteeism by our instructional personnel. This ongoing monitoring will ensure effective support and implementation for our positive reinforcement strategies as well as proactive conversations. Data may provide information leading to the need for conversations with teachers who continue to have chronic absenteeism.

Person responsible for monitoring outcome

Jason Martin, School Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teacher Actions

Person Monitoring:

School-Based Leadership Team and Grade-Level Team Leads

By When/Frequency:

Initial expectations established by end of Quarter 1; revisited monthly in PLCs

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement the instructional priority by engaging in ongoing conversations and collaborative development of shared expectations around attendance during faculty meetings and PLCs. Teachers will reflect on how their attendance impacts student learning, classroom culture, and overall school performance. This shared understanding will promote accountability and ownership. The leadership team will collect and review feedback from PLC discussions and monitor attendance data trends across grade levels.

Action Step #2

Professional Conversations & Learning

Person Monitoring:

School Leadership Team and PBIS

By When/Frequency:

September 1st and then ongoing.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided during the first month of school in the format of whole group professional learning by administration and will focus on building a positive learning environment and contributing to a collaborative school culture, including the role of professional presence and reliability. Sessions will also explore strategies for maintaining instructional momentum during planned absences. Teacher attendance trends will be reviewed after each quarter.

Action Step #3

Data Chats

Person Monitoring:

School Leadership Team and Payroll Secretary

By When/Frequency:

Mid-year and end-of-year

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data meetings will be held in each semester to reflect on how individual and grade-level teacher attendance data is impacting student achievement by reviewing student work and accountability measures in teacher's room with more consistent attendance versus those with more frequent absences. Attendance reports will be shared during the data review sessions and documented through meeting notes. Follow-up conversations and coaching will occur with staff as needed. Progress toward the 10% reduction goal will be monitored and used to guide future reinforcement or support efforts.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

DRAFT

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

No

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Pace Center for Girls, Inc. (Pace) provides girls and young women an opportunity for a better future through education, counseling, training, and advocacy.

Provide the school's vision statement

Pace envisions a world where all girls and young women have POWER in a JUST and EQUITABLE society.

Pace's 9 Guiding Principles

1. Honor the Female Spirit
2. Invest in the Future
3. Value the Wisdom of Time
4. Act With Integrity and Positive Intent
5. Embrace Growth and Change
6. Focus on Strengths
7. Exhibit Courage
8. Seek Excellence
9. Create Partnerships

Pace values all girls and young women, believing each one deserves an opportunity to find her voice, achieve her potential and celebrate a life defined by responsibility, dignity, serenity, and grace.

It is the policy of PACE to serve girls ages 11-17 years old who are at risk of school failure and/or dropout and/or involvement in the Juvenile Justice system. To determine if Pace is the most appropriate placement, based on the girl's assessed needs, a designated staff member will administer a needs assessment which includes a suicide risk screening component to the girl during the Intake interview. Pace utilizes the Prevention Assessment Tool (PAT) as the needs assessment at intake. The PAT is an instrument designated and approved by the Department of Juvenile Justice.

Pace will make every attempt to provide services to at-promise girls. However, Pace may not be able to meet the needs of all girls referred effectively. In the event that Pace is not the most appropriate placement, a referral to a more suitable placement for the girl will be offered by designated Pace staff. Girls are accepted into the program regardless of race, color, religion, creed or sexual orientation.

The decision to attend Pace is voluntarily made by each individual girl and her parent/guardian. In some instances, Pace accepts court-ordered placements in accordance with local contracts and girls' needs. There is no charge for girls to attend Pace. When applicable, Pace may assist with necessary student expenses, including bus fare, school supplies, and personal needs.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Katelyn Stocks

katelyn.stocks@pacecenter.org

Position Title

Academic Manager

Job Duties and Responsibilities

As Pace Clay's primary instructional leader, she supports classroom instruction and supervises teachers. She develops schedules for students and cohorts for effective placement of the girls in the classroom setting. She coordinates state testing and serves as a liaison for ESE, ESOL, and all educational services provided by CCSD. She collaborates with the Social Service's manager to effectively manage the day program.

Leadership Team Member #2

Employee's Name

Dr. Carla Gonzalez Reynolds

carla.reynolds@pacecenter.org

Position Title

Program Director

Job Duties and Responsibilities

The Program Director oversees the daily management of the program. The PD directly supervises the Academic and Social Services Managers and is responsible for academic and social services compliance with DJJ and Pace's National Office.

Leadership Team Member #3

Employee's Name

Sylvia Woodberry-Adkins

sylvia.woodberry-adkins@pacecenter.org

Position Title

Social Service Manager

Job Duties and Responsibilities

Manages the social service staff and collaborates with the Academic Manager to effectively manage the day program. Updates and submits Juvenile Justice Information Systems data and reporting.

Leadership Team Member #4

Employee's Name

Dr. Genelle Thomas

genelle.thomas@pacecenter.org

Position Title

Executive Director

Job Duties and Responsibilities

Works with CCDS for the development of our district contract. She is also responsible for the areas of financial resources development for the entire program. Supervises middle management.

Leadership Team Member #5

Employee's Name

Deborah Reynoso

deborah.reynoso@pacecenter.org

Position Title

Business Manager

Job Duties and Responsibilities

She is responsible for financial management, contract management, facility, and vehicle management, staff training, and oversees most administrative tasks. She supervises the receptionist.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

We work with many stakeholders beyond staff, students, and board members. As a non-profit, we rely on volunteers and building community partnerships. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment is critical. Stakeholder

groups more proximal to the school include teachers, students, families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The SIP will be monitored through our quarterly progress monitoring (i.e., IXL and FAST). The Academic Manager monitors this data and RTI data to affirm achievement for students performing below grade level. RTI is revised quarterly for maximum growth. The committee will also complete a mid-year review. Through this monitoring and review, the plan may be revised, if necessary, to ensure continuous improvement.

C. Demographic Data

| | |

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | | | | | | | | 1 | 8 | 9 |
| Absent 10% or more school days | | | | | | | | | | 0 |
| One or more suspensions | | | | | | | | | | 0 |
| Course failure in English Language Arts (ELA) | | | | | | | | | 2 | 2 |
| Course failure in Math | | | | | | | | 1 | 2 | 3 |
| Level 1 on statewide ELA assessment | | | | | | | | 1 | 4 | 5 |
| Level 1 on statewide Math assessment | | | | | | | | 1 | 2 | 3 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | | | | | | | 1 | 4 | 5 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | | | | | | | | | | 0 |
| Students retained two or more times | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | | | | | | | | 3 | 8 | 11 |
| One or more suspensions | | | | | | | | | | 0 |
| Course failure in English Language Arts (ELA) | | | | | | | | | | 0 |
| Course failure in Math | | | | | | | | | | 0 |
| Level 1 on statewide ELA assessment | | | | | | | | 4 | 2 | 6 |
| Level 1 on statewide Math assessment | | | | | | | | 6 | 6 | 12 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | | | | | | | | 19 | 19 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |

| Students retained two or more times | | | | | | | | | | 0 |

2. Grades 9-12 (optional)

Current Year (2025-26)

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|---|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| School Enrollment | | | | | 0 |
| Absent 10% or more school days | | | | | 0 |
| One or more suspensions | | | | | 0 |
| Course failure in English Language Arts (ELA) | | | | | 0 |
| Course failure in Math | | | | | 0 |
| Level 1 on statewide ELA assessment | | | | | 0 |
| Level 1 on statewide Algebra assessment | | | | | 0 |

Current Year (2025-26)

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Students with two or more indicators | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|---|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Absent 10% or more school days | | | | | 0 |
| One or more suspensions | | | | | 0 |
| Course failure in English Language Arts (ELA) | | | | | 0 |
| Course failure in Math | | | | | 0 |
| Level 1 on statewide ELA assessment | | | | | 0 |
| Level 1 on statewide Algebra assessment | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Students with two or more indicators | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|-------------------------------------|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Retained students: current year | | | | | 0 |
| Students retained two or more times | | | | | 0 |

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 28 | 66 | 59 | 36 | 64 | 55 | 44 | 57 | 50 |
| Grade 3 ELA Achievement | | | | | | | | | |
| ELA Learning Gains | 56 | 60 | 58 | 29 | 62 | 57 | | | |
| ELA Lowest 25th Percentile | | 59 | 56 | | 62 | 55 | | | |
| Math Achievement* | 10 | 59 | 49 | 7 | 61 | 45 | 21 | 50 | 38 |
| Math Learning Gains | 44 | 48 | 47 | 30 | 60 | 47 | | | |
| Math Lowest 25th Percentile | | 42 | 49 | | 61 | 49 | | | |
| Science Achievement | 22 | 82 | 72 | 18 | 80 | 68 | 36 | 74 | 64 |
| Social Studies Achievement* | 50 | 84 | 75 | | 83 | 71 | | 80 | 66 |
| Graduation Rate | | 95 | 92 | 36 | 94 | 90 | | 95 | 89 |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | | 63 | 69 | | 60 | 67 | | 63 | 65 |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | | 69 | 52 | | 51 | 49 | | 52 | 45 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | CSI |
| OVERALL FPPI – All Students | | | | | | 35% |
| OVERALL FPPI Below 41% - All Students | | | | | | Yes |
| Total Number of Subgroups Missing the Target | | | | | | 2 |
| Total Points Earned for the FPPI | | | | | | 210 |
| Total Components for the FPPI | | | | | | 6 |
| Percent Tested | | | | | | 95% |
| Graduation Rate | | | | | | |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 35% | 26% | 34% | 10% | 30% | | 26% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| White Students | 10% | Yes | 1 | 1 |
| Economically Disadvantaged Students | 30% | Yes | 2 | 2 |

DRAFT

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

| 2024-25 ACCOUNTABILITY COMPONENTS BY SUBGROUPS | | | | | | | | | | | | | |

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

There is no assessment data available for this school.

DRAFT

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Our most notable academic gains this year occurred in middle school mathematics. The passing rate for FAST Math PM3 increased significantly—from 7% in the previous school year to 40% this year. This substantial growth is attributed to a strategic focus on foundational Pre-Algebra skills delivered through both whole-class instruction and targeted small group interventions. Contributing factors included the hiring of a highly qualified math teacher in the spring and the strategic use of UniSig funds to provide substitute coverage, enabling effective push-in and pull-out math intervention services.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our lowest academic performance was observed on the Algebra 1 End-of-Course (EOC) assessment, where none of our students achieved a passing score. This outcome aligns with previously identified gaps in foundational Pre-Algebra skills, as reflected in last year's data. In response, we will continue to prioritize the development of core Pre-Algebra competencies to strengthen students' readiness for Algebra 1 and support long-term academic success in mathematics.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our most significant decline occurred in 10th grade English Language Arts (ELA), where the passing rate dropped from 67% last year to 14% this year. While the cohort was smaller in size, the students entered the year with notable gaps in foundational literacy skills. Although all students demonstrated learning gains over the course of the year, these gains were not sufficient to meet the state's proficiency threshold. This group began the second semester working with the *Corrective Reading* program and will continue progressing through the next stage of the program to further develop their reading and comprehension skills. This structured, research-based approach is part of our continued effort to build foundational literacy and improve future outcomes.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Our greatest performance gap aligns with our lowest area of achievement: the Algebra 1 End-of-Course (EOC) assessment. While the state average for students scoring a Level 3 or higher was 54%, none of our students met this benchmark. This significant gap highlights the urgent need to address foundational skill deficits. As such, we will continue to prioritize the development of essential Pre-Algebra skills to strengthen students' mathematical understanding and improve Algebra 1 outcomes in the upcoming school year.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

N/A

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. ELA Scores
2. Pre-Algebra/Algebra skills
3. Attendance

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA, Intervention

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

In response to last year's low ELA performance, we are committed to ensuring that both instruction and intervention are comprehensive and well-rounded in the upcoming school year. Students who struggle with reading comprehension face challenges across all content areas, making literacy a critical foundation for overall academic success. Our focus will be on improving fluency, comprehension, and vocabulary, while also fostering students' confidence in their reading abilities. By addressing both skill development and self-efficacy, we aim to prepare students for stronger performance on the FAST PM3 assessment in the spring, approaching it with increased competence and confidence.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

By the end of May 2026, the percentage of girls scoring at or above the district and state level will increase from 26% to 35% using RTI, as measured by the FAST ELA.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

The IXL LevelUp diagnosis will be administered every 12 weeks.

Person responsible for monitoring outcome

Katelyn Stocks

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored

for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Reading Plus will be used with intervention groups 2-3 times a week by tier for 20-30 minutes a session.

Rationale:

Reading Plus is proven to improve learning outcomes as required by federal mandates under the Every Student Succeeds Act (ESSA). Reading Plus' research portfolio of studies meets the highest levels of evidence needed under ESSA to evaluate instructional programs. As a result of those studies, Reading Plus has been shown to significantly improve reading achievement for diverse populations of students in grades 3-12. It has been validated across a wide range of districts and schools, approaches to intervention, and major student subpopulations. Reading Plus is committed to continuing the development of innovative intervention that is grounded in evidence and efficacy.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #2:

Students will be assessed using the Corrective Reading Placement Test. Based on the results, students will be placed in groups according to their level and provided with Corrective Reading instruction.

Rationale:

Students at Pace have a low proficiency rate and lower reading gains than the state and district. Many struggle with reading decoding and comprehension. This program will support their needs and help support students in the reading area.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Reading Plus

Person Monitoring:

Katelyn Stocks

By When/Frequency:

May 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Reading Plus will be used with intervention groups 2-3 times a week by tier for 20-30 minutes a session. It will be reevaluated to show growth three times a year, August, December, and May.

Action Step #2

Corrective Reading

Person Monitoring:

By When/Frequency:

Katelyn Stocks

May 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Students will be evaluated for Corrective Reading upon enrollment and will be placed in the class as available.

Action Step #3

Professional Learning

Person Monitoring:

Katelyn Stocks

By When/Frequency:

May 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will engage in quarterly data review meetings to analyze student performance data and inform instructional practices, with the goal of improving FAST assessment outcomes.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Intervention, Math**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

While we have seen substantial growth in overall math performance, a decline in Algebra 1 scores remains a concern—particularly given its role as a graduation requirement. This highlights the critical need to build foundational math skills early and consistently across grade levels. Mathematics is a cumulative subject, with each concept building upon the last. When foundational skills are weak or incomplete, it creates achievement gaps that persist and expand as students advance. For example, if our 7th graders are performing below grade level, they enter 8th grade Pre-Algebra already at a disadvantage—ultimately leading to further deficits in 9th grade Algebra 1. To close this achievement gap, we are committed to early and targeted skill development, ensuring that students build the strong mathematical foundation necessary for long-term success. Our goal is to promote deeper understanding and sustained achievement in math as students progress through their academic journey.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

By the end of May 2026, the percentage of girls passing the Algebra 1 EOC will increase from 0% to 20% using RTI, as measured by the Algebra 1 EOC.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

The IXL LevelUp Diagnostic will be administered every 12 weeks.

Person responsible for monitoring outcome

Katelyn Stocks

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

IXL

Rationale:

IXL is aligned with state standards and offers personalized skill-building practice across grade levels. The program is designed to identify each student's individual learning level and adjust the content in real time, targeting gaps and reinforcing foundational skills through continuous, data-driven instruction. IXL is classified as a Tier 2 evidence-based intervention under the Every Student Succeeds Act (ESSA), supported by research that demonstrates statistically significant improvements in student achievement when the program is implemented with fidelity.

Tier of Evidence-based Intervention:

Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

IXL

Person Monitoring:

Katelyn Stocks

By When/Frequency:

May 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

IXL Math will be used with intervention groups 2-3 times a week by tier for 20-30 minutes a session. It will be reevaluated to show growth every 12 weeks.

Action Step #2

Professional Learning

Person Monitoring:

Katelyn Stocks

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will engage in quarterly data review meetings to analyze student performance data and inform instructional practices, with the goal of improving FAST assessment outcomes.

Action Step #3

Monthly Data Review

Person Monitoring:

Katelyn Stocks

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The math teacher, math tutor, and academic manager will hold monthly meetings to identify and plan targeted small group interventions based on student performance data to support improved math achievement.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

In the 2023–2024 school year, our overall student attendance rate was 72%. During the 2024–2025 school year, we achieved a notable increase, reaching an 80% attendance rate. While this meets the minimum threshold, consistent attendance remains a critical factor in student achievement and engagement. Therefore, we will continue to prioritize attendance as a key area of focus in the upcoming school year. Our goal is not only to sustain this improvement but to build on it through continued outreach, family engagement, and support strategies that promote daily, on-time attendance.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Center-wide attendance will improve from 80% to at least 82% for the school year with an attendance plan in place.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Daily attendance is taken, and attendance reports will be generated monthly in Impacts for review.

Person responsible for monitoring outcome

Sylvia Woodberry-Adkins

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Girls with 100% Monthly Perfect Attendance will be entered into a drawing for a gift card, recognized at Growth & Change ceremonies, and receive four dress-down passes for the following month. Girls with 80% and above attendance will be recognized at Growth & Change ceremonies and receive two dress-down passes for the following month. Girls who improve attendance by at least 10% in a month will receive one dress-down pass. Girls with three months of perfect attendance will be eligible to go to the salon with the ED. Girls with six months of perfect attendance will be eligible to go to lunch and the salon with a staff member of choice.

Rationale:

This strategy improved 2022's attendance by 11%.

Tier of Evidence-based Intervention:

Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Attendance

Person Monitoring:

Sylvia Woodberry-Adkins

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Daily attendance is taken, and attendance reports will be generated monthly in Impacts for review.

Action Step #2

Professional Learning

Person Monitoring:

Sylvia Woodberry-Adkins

By When/Frequency:

Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Provide ongoing professional learning for staff focused on building positive student-staff relationships, recognizing early warning signs of chronic absenteeism, and implementing engagement strategies to promote regular attendance.

Action Step #3

Individualized Support Plans

Person Monitoring:

Sylvia Woodberry-Adkins

By When/Frequency:

Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Implement the school-wide attendance monitoring system to identify students at risk of chronic absenteeism, followed by timely outreach from staff and the development of individualized support plans to address barriers to regular attendance.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

Members of the SIP Committee will meet with district members over school improvement monthly to review SIP efforts and expenditures.

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

At the beginning of the school year, members of the SIP Committee will meet with the district to determine what funding there is available and how we can utilize it. Members of the SIP Committee will meet with district members over school improvement monthly to review SIP efforts and expenditures. The members will also meet quarterly to look at the budget and how it is helping reach our goals.

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

No

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Our mission is to create and maintain a culture for all stakeholders to ensure their educational experience fosters high academic exposure, metacognition and is personally rewarding for all students. We will increase student achievement by providing students with learning opportunities that are rigorous, relevant and transcend to meet the expectations of the twenty-first century beyond the boundaries of the school walls. We will ensure a culture and learning environment built upon integrity, respect, and accountability. Through these values, we will maximize student potential and promote individual successes.

Provide the school's vision statement

For PES teachers to continue to improve their knowledge and enhance their teaching strategies through continuous resources, professional development, collaboration and personal growth in order to implement the best teaching practices in the classroom that will directly impact students' personal and academic growth, and prepare students for successful careers in the twenty-first century.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

John O'Brian

john.obrian@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Daily operations, safety and functions of the school, students and staff. The role of the SIP team is to ensure the goals, areas of focus, etc., are being carried out with fidelity. These processes and the monitoring of the processes will ensure that PES will meet their goals to promote students' personal and academic growth.

Leadership Team Member #2**Employee's Name**

Lori Stokes

lori.stokes@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Assist the Principal in the daily functions and operations of the school. The role of the SIP team is to ensure the goals, areas of focus, etc., are being carried out with fidelity. These processes and the monitoring of the processes will ensure that PES will meet their goals to promote students' personal and academic growth.

Leadership Team Member #3**Employee's Name**

Caitlin Curtis

Caitlin.curtis@myoneclay.net

Position Title

Guidance Counselor

Job Duties and Responsibilities

She is responsible for the well being mentally and academically for all students. The role of the SIP team is to ensure the goals, areas of focus, etc., are being carried out with fidelity. These processes and the monitoring of the processes will ensure that PES will meet their goals to promote students' personal and academic growth.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

We have monthly meetings with members of our PFA to discuss the school, community and overall progress of the school. We discuss opportunities, concerns, etc., to all aspects of our campus. Our goal is to ensure the school, students, staff, community, etc., have all the resources and opportunities to be a part of our campus through activities for students and parents, but also through expressing their voice and/or opinion.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The SIP will be monitored and reviewed at each SAC meeting. During those meetings, the Principal will communicate the updated school information, data, etc., as it pertains to the progress of our SIP goals. During that time, options, implementations, and revisions, if necessary, will be tabled and future adjustments will be developed.

C. Demographic Data

| | |

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|-----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | 76 | 68 | 72 | 91 | 83 | 88 | 108 | | | 586 |
| Absent 10% or more school days | 4 | 6 | 6 | 8 | 8 | 6 | 9 | | | 47 |
| One or more suspensions | 5 | 3 | 4 | 4 | 4 | 7 | 9 | | | 36 |
| Course failure in English Language Arts (ELA) | | | | | | | | | | 0 |
| Course failure in Math | | | | | | | | | | 0 |
| Level 1 on statewide ELA assessment | 5 | 4 | 3 | 1 | | | | | | 13 |
| Level 1 on statewide Math assessment | | | | | | | | | | 0 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 5 | 2 | 3 | 8 | 8 | 6 | 1 | | | 33 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 3 | 3 | 0 | 2 | 0 | 0 | 0 | | | 8 |
| Students retained two or more times | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|---|----|---|----|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 10 | 9 | 8 | 11 | 6 | 10 | 9 | | | 63 |
| One or more suspensions | 5 | 14 | 2 | 5 | 7 | 7 | 5 | | | 45 |
| Course failure in English Language Arts (ELA) | | | | | | | | | | 0 |
| Course failure in Math | | | | | | | 1 | | | 1 |
| Level 1 on statewide ELA assessment | 1 | 6 | 7 | 3 | 4 | 2 | | | | 23 |
| Level 1 on statewide Math assessment | 20 | 3 | 3 | 3 | 6 | 5 | | | | 40 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 1 | | | 2 | | | | | | 3 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 1 | | | | | | | | | 1 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | 2 | | 1 | 5 | 5 | 3 | | | 16 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 3 | 3 | | 3 | | | 1 | | | 10 |
| Students retained two or more times | | | | | | | 1 | | | 1 |

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | 2024 | | 2023** | | | | |
|--|--------|-----------|--------|--------|-----------|--------|----|----|----|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | | | |
| ELA Achievement* | 88 | 63 | 59 | 85 | 62 | 57 | 75 | 59 | 53 |
| Grade 3 ELA Achievement | 94 | 66 | 59 | 87 | 65 | 58 | 75 | 61 | 53 |
| ELA Learning Gains | 78 | 62 | 60 | 76 | 62 | 60 | | | |
| ELA Lowest 25th Percentile | 68 | 60 | 56 | 70 | 60 | 57 | | | |
| Math Achievement* | 93 | 67 | 64 | 93 | 67 | 62 | 81 | 64 | 59 |
| Math Learning Gains | 81 | 65 | 63 | 89 | 68 | 62 | | | |
| Math Lowest 25th Percentile | 81 | 57 | 51 | 84 | 59 | 52 | | | |
| Science Achievement | 86 | 62 | 58 | 92 | 61 | 57 | 81 | 65 | 54 |
| Social Studies Achievement* | | | 92 | | | | | | |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 82 | 72 | 63 | 61 | 55 | 61 | 43 | 55 | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

The third grade ELA data indicated a 10 point increase. It went from 84% to a 94% proficiency. The consistency of reviewing student data and having data discussions throughout the year kept the growth and progress consistent. Common assessments, PLC's, and progress monitoring was evident. This provided the teachers and students to maintain their area of focus as it parallels student growth.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our ELA lower quartile gains was 68% which was a 2% decrease from the previous year (70%.) The change in our inclusion teachers as well as new regular ed. inclusion teachers contributed to the teachers not being familiar with the expectations and processes. Our scores were still tops in our district and well above the district and state averages.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The 5th grade science scores showed a 5 point decrease. The state FAST science went to a new adaptive format. Our student scores were still top in our district and well above the district and state averages. But, for our expectations, it was a decrease. The new format, which was unknown, contributed to the need to increase student stamina for the test.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

N/A, All categories were well above the District and State averages.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

The continuous interventions to address student absences.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Maintaining high academic expectations and performance by students.
2. Ensure teachers and staff have the proper training, understanding and resources to facilitate students' success.
3. Address student certain students' consistent absences.
4. Maintaining a positive culture and environment that fosters success in all levels of an exemplary school.

DRAFT

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our ELA Lower Quartile score was 68%. This was a 2% drop from the previous year. The learning gains for all our students are important and especially students that face learning challenges for various reasons. We want to ensure we are providing them with all the interventions, resources, etc., to maximize their understanding of content and learning potential.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

PES ELA lower quartile gains for the 23 - 24 school year were 70%. This year 24 - 25 it dropped to 68%. We have included all ESE inclusion teachers and classroom teachers to develop their 25 - 26 schedules. We were strategic in deciding which teachers will have an inclusion setting and which inclusion teacher with their specific specialty to maximize student achievement within a specific content area such as ELA. If all strategies are consistent in their tier 1 and tier 2 instruction (when applicable), continuous small group instruction on a daily and weekly basis, and identification of each students' learning deficiencies; then PES should see data results of at least 80% or better proficiency level after PM3. These outcomes will be measured and evaluated by formal and informal observations, classroom data, PLC's, and walkthroughs with a consistent above 50% of small group instruction within the classroom intervention strategies. The data will show a progressive increase of at least 58% or better lower quartile proficiency after PM2.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach

the desired outcome.

New ELA curriculum, Weekly PLC's, differentiated small group instruction, ELA Progress monitoring via FAST assessments, Lexia. Core 5 and power up data, District ELA grade level collaborative meetings, Acadience data, School based data discussions and evaluations with Administration, formal and informal observations.

Person responsible for monitoring outcome

Lori Stokes

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teachers will continuously monitor instructional strategies through the evaluation of data and the effectiveness of tier 1 instruction. Formative assessments will be used to monitor students' progress.

Person Monitoring:

Lori Stokes

By When/Frequency:

May 29, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Through formal and informal observations, monitoring and evaluation of data. Collect data from Lexia, FAST and Acadience.

Action Step #2

Targeted professional learning will be provided monthly in the format of whole group PLCs, teacher conferences, content area PLC's, data discussions, and specific content planning. Data driven decision making will take place to ensure Tier 1 instructional practices are aligned to standards based instruction and specific student's needs.

Person Monitoring:

Lori Stokes

By When/Frequency:

May 29, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

PLC's, small group instruction, Data discussions and evaluations with Administration, formal and informal observations.

Action Step #3

Data meetings will be held Quarterly with each grade level. The data will reflect how the LQ students are progressing and the effectiveness of the current implemented strategies to enhance student growth. Collaboration will take place with common content and grade level teachers. Specific data will be evaluated based on certain content areas, topics, etc.

Person Monitoring:

Lori Stokes

By When/Frequency:

May 29, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Integrating small group instruction within the classroom with purpose using data to drive small groups and content of focus. Professional Development with peers, grade level and content PLCs, new content training, ESE department intervention and guidance, modeling instruction from peers and coaches to maximize students' understanding of the content.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our Math Gains were 80%. This was a 9% drop from the previous year. The learning gains for all our students are important for all our students and especially students that face learning challenges for various reasons. We want to ensure we are providing them with all the interventions, resources, etc., to maximize their understanding of content and learning potential.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

PES Math Gains for the 23 - 24 school year were 89%. This year 24 - 25 it dropped to 80%. We have included all ESE inclusion teachers and classroom teachers to develop their 25 - 26 schedules. We were strategic in deciding which teachers will have an inclusion setting and which inclusion teacher with their specific specialty to maximize student achievement within a specific content area such as Math. Teacher's specific data was evaluated and teachers were moved into grade and

content levels based on their knowledge, skills and previous students' results. If all strategies are consistent in their tier 1 and tier 2 instruction (when applicable), consistent use of small group on a daily/weekly basis, and identification of each students' learning deficiencies; then PES should see data results of at least 82%% or better proficiency level. These outcomes will be measured and evaluated by formal and informal observations, classroom data, PLC's, and walkthroughs with a consistent above 50% of small group instruction within the classroom intervention strategies. Data will demonstrate of at least a 70% overall proficiency and math gains after PM2.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

PM data, objective content and standards, parallel evaluation tools that promote rigor, data conversations with teachers, grade level and vertical content discussions, formal and informational observations, peer observations of teaching same content, discussion of student work and assessment preparation within PLC's and progress monitoring data via FAST assessments. In addition, i-Ready and ALEKS data will be evaluated and monitored to evaluate the effectiveness of Tier 1 teaching strategies.

Person responsible for monitoring outcome

John O'Brian

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teachers will continuously monitor instructional strategies through the evaluation of data and the effectiveness of tier 1 instruction. Formative assessments will be used to monitor students' progress. The collaboration and utilization of District Curriculum Specialists for guidance, modeling, etc.

Person Monitoring:

John O'Brian

By When/Frequency:

May 29, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Integrating small group instruction within the classroom with purpose using data to drive small groups and content of focus. Professional Development with peers, grade level and content PLCs, new content training, ESE department intervention and guidance, modeling instruction from peers and coaches to maximize students' understanding of the content.

Action Step #2

Professional learning will be provided monthly in the format of whole group PLCs, teacher conferences, content area PLC's, data discussions, and specific content planning. The utilization of District Curriculum Specialists.

Person Monitoring:

John O'Brian

By When/Frequency:

May 29, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Integrating small group instruction within the classroom with purpose using data to drive small groups and content of focus. Professional Development with peers, grade level and content PLCs, new content training, ESE department intervention and guidance, modeling instruction from peers and coaches to maximize students' understanding of the content. In addition, data analysis through formal and informal observations via FAST, common assessments, and District approved software and programs.

Action Step #3

Data meetings will be held Quarterly with each grade level. The data will reflect how the LQ students are progressing and the effectiveness of the current implemented strategies to enhance student growth. Collaboration will take place with common content and grade level teachers. Specific data will be evaluated based on certain content areas, topics, etc.

Person Monitoring:

John O'Brian

By When/Frequency:

May 29, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Integrating small group instruction within the classroom with purpose using data to drive small groups and content of focus. Professional Development with peers, grade level and content PLCs, new content training, ESE department intervention and guidance, modeling instruction from peers and coaches to maximize students' understanding of the content. In addition, data analysis through formal and informal observations via FAST, common assessments, and District approved software and programs.

IV. Positive Learning Environment

Area of Focus #1

Other: Positive Learning Environment

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

They regularly receive communication from my student's school regarding community partnerships that provide services from families during challenging times. The lack of communication and knowledge of resources that are available for families can have a negative impact on the support necessary and available for families. This can impact and impede a student's mental and emotional well being. This data was collected from the 2025 Spring Climate Survey results. It indicated 55% Strongly Agree and 35% Somewhat Agree to this survey question.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

To improve and enhance this communication and educate parents' understanding of the community partnerships and services provided for families during challenging times. The 2024 data indicated 69%STA and 23% SWA respectively. This indicates a 4.3 decrease from the previous year. After integrating our new parent communication platform, Apptegy, training and information provided by our Guidance Counselor, and School Social Worker, this area of focus should increase a total of at least 94% "Somewhat Agree."

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

PBIS team, Attendance Team, Building Resilience Curriculum, Character Education, Guidance Lessons, Attendance Team, Discipline Data, Teacher Input, SST(Student Success Team), and PES Social Media Platforms will be used to communicate available resources and services to parents. When applicable, specific interventions and meetings will be implemented based on data collected. Effective communication and interventions will increase awareness and support(s) for all stakeholders.

Person responsible for monitoring outcome

John O'Brian

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:**Rationale:****Tier of Evidence-based Intervention:****Will this evidence-based intervention be funded with UniSIG?**

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teachers will communicate and facilitate weekly with parents information that will enhance their knowledge of services offered to their students to support their families during challenging times.

Person Monitoring:

John O'Brian and Lori Stokes

By When/Frequency:

May 29, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Providing clear expectations for teachers through inservice opportunities, coaching opportunities, peer modeling and conferencing to ensure their understanding of how to establish clear rituals and routines within their classroom to provide the most successful learning environment. This knowledge will be disseminated to their students through exposure, charts, training and reminders. Students will also be exposed through classroom lessons facilitated by the school guidance counselor.

Action Step #2

Professional learning will be provided monthly in the format of classroom lessons, character counts luncheons and student recognitions by their teachers.

Person Monitoring:

John O'Brian and Lori Stokes

By When/Frequency:

May 29, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Providing clear expectations for teachers through inservice opportunities, coaching opportunities, peer modeling and conferencing to ensure their understanding of how to establish clear rituals and routines within their classroom to provide the most successful learning environment. This knowledge will be disseminated to their students through exposure, charts, training and reminders. Students will also be exposed through classroom lessons facilitated by the school guidance counselor.

Action Step #3

Data meetings will be held monthly on how student non-academic behavior, attendance, etc., are

going to reflect on how interventions, parent communications, etc., are impacting student achievement by showing an improvement in the concerned area's data. .

Person Monitoring:

John O'Brian and Lori Stokes

By When/Frequency:

May 29, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Through formal and non-formal observations, stake-holder meetings, student recognitions, parent surveys, and parent organizations.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Our mission is to work collaboratively with all stakeholders to provide a public education experience that is motivating, challenging and rewarding for all children. We will increase student achievement by providing students with learning opportunities that are rigorous, relevant and transcend beyond the boundaries of the school walls. We will ensure a working and learning environment built upon honesty, integrity and respect. Through these values, we will maximize student potential and promote individual responsibility.

Provide the school's vision statement

Plantation Oaks Elementary exists to prepare life-long learners for success in a global and competitive workplace and in acquiring applicable life skills.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Kim Marks

kim.marks@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Ensure compliance with established rules, and laws in the daily operation of the school. Develop and foster good public relations, efficient school volunteer/partnership programs, effective conferencing, and communications with parents, students, and teachers. Coordinate and monitor the curricular

program of the school to maximize student learning; conduct faculty/staff meetings as needed to meet student instructional needs; implement the Sunshine State Standards. Coordinate school advisory council activities and implement a school improvement plan. Coordinate efficient utilization of school facilities and ensure proper security, maintenance, and cleanliness of the campus. Be responsible for the timely and accurate submission of all required school records/ reports and the accurate entry of information into the district database. Provide leadership by participating in professional development activities and encouraging the professional development of instructional support and administrative staff including training to accurately report FTE participation, student performance, teacher appraisal, school safety, and discipline data. Be responsible for effective business management operations, the development of a school budget and efficient cost accounting. Maintain standards of appropriate student conduct through fair and equitable enforcement of the Clay County Public Schools Code of Student Conduct. Be responsible for faithfully and effectively implementing school/district personnel procedures including: interviewing, hiring, evaluating school staff, and coordinating the Teacher Induction Program, and administering master contracts. Coordinate supervision of extra-curricular activities and duty assignments. Provide a safe learning environment through preparation and implementation of emergency evacuation plans, fire drills, etc.. Be responsible for implementing programs designed to meet the needs of special student populations (Ex. ESE, Title I, Dropout Prevention, etc.). Assure that the school meets all State and Southern Association of Schools and Colleges accreditation standards. Be responsible for proper receipt and accounting of all school board property and maintaining an accurate property inventory. Provide for the purchase of appropriate textbooks, equipment, and other instructional materials necessary to meet the needs of the students. Serve on district-wide committees when requested. Be responsible for the development and implementation of a school technology plan. Be responsible for the performance of all personnel employed by the School Board and assigned to the school site. Provide for the development of an individual Teacher Training Plan for each teacher assigned to the school. Provide leadership for the implementation of the Florida Code of Ethics and Principles of Professional Conduct. Provide leadership in the implementation of the Sunshine State Standards, Florida Standards Assessments, End-of-Course exams, and other tests designed and adopted to measure student achievement. Communicate effectively, both orally and in writing, with parents, staff, students, and the community. Maintain visibility and accessibility on the school campus. Serve as coach/mentor to Assistant Principals, new Principals or others who are preparing for School Principal certification. Provide leadership for all stakeholders in the development of school beliefs, vision, mission, and goals and align them with the district mission, school improvement, and curriculum. Perform other duties as assigned by the Superintendent consistent with the goals and objectives of the position.

Leadership Team Member #2

Employee's Name

Casey Suhr

casey.suhr@myoneclay.net

Position Title

Teacher K-12

Job Duties and Responsibilities

The teacher is responsible directly to the principal for the instruction, supervision, and evaluation of students. Establish a classroom climate conducive to learning classroom management. Demonstrate an interest in and a willingness to assist students inside and outside the classroom. Demonstrate personal enthusiasm and generate student enthusiasm. Become alert to the physical needs of the students. Demonstrate preparation. Demonstrate general knowledge of the subject area. Provide for students of varying ability through the use of a variety of activities, techniques, questions, materials, and student input (compensate for individual deprivations). Exhibit good judgment with regard to personal feelings of colleagues, parents, and students. Communicate effectively with others and exhibit a willingness to share ideas and talents with colleagues. Evaluate student's progress and keep appropriate records. Perform other duties as requested by the Principal.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

All stakeholders are invited to attend and actively participate in our School Advisory Council. The School Advisory Council allows for a representative from each group of stakeholders to be represented during each meeting. There are representations of teacher, staff and parent/community members.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The SIP will be reviewed throughout the school year with faculty and staff. The school's vision and

mission supports the SIP. The SIP will help support the focus of the effective implementation and impact of increasing the academic achievement of students.

DRAFT

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | 2024 | | 2023** | |
|--|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 64 | 63 | 59 | 66 | 62 | 57 |
| Grade 3 ELA Achievement | 69 | 66 | 59 | 73 | 65 | 58 |
| ELA Learning Gains | 62 | 62 | 60 | 64 | 62 | 60 |
| ELA Lowest 25th Percentile | 60 | 60 | 56 | 63 | 60 | 57 |
| Math Achievement* | 59 | 67 | 64 | 68 | 67 | 62 |
| Math Learning Gains | 55 | 65 | 63 | 67 | 68 | 62 |
| Math Lowest 25th Percentile | 38 | 57 | 51 | 52 | 59 | 52 |
| Science Achievement | 70 | 62 | 58 | 57 | 61 | 57 |
| Social Studies Achievement* | | | 92 | | | 73 |
| Graduation Rate | | | | | | 65 |
| Middle School Acceleration | | | | | | 54 |
| College and Career Acceleration | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 66 | 72 | 63 | 70 | 55 | 61 |
| | | | | | 59 | 55 |
| | | | | | | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |
| OVERALL FPPI – All Students | | | | | | 60% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 0 |
| Total Points Earned for the FPPI | | | | | | 543 |
| Total Components for the FPPI | | | | | | 9 |
| Percent Tested | | | | | | 99% |
| Graduation Rate | | | | | | |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 60% | 64% | 63% | 62% | 58% | | 54% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| Students With Disabilities | 42% | No | | |
| English Language Learners | 59% | No | | |
| Asian Students | 83% | No | | |
| Black/African American Students | 55% | No | | |
| Hispanic Students | 61% | No | | |
| Multiracial Students | 69% | No | | |
| White Students | 62% | No | | |
| Economically Disadvantaged Students | 57% | No | | |

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

| 2024-25 ACCOUNTABILITY COMPONENTS BY SUBGROUPS | | | | | | | | | | | | | |

| Science | 5 | 68% | 61% | 7% | 55% | 13% |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

5th grade Science proficiency increased overall from 57% to 68% resulting in an 11 point increase. All subgroups, except SWD, increased in Science achievement. We focused on Science by providing hands-on activities, boot camps, tutoring, and utilizing Penda with fidelity.

5th grade Science teachers identified student strengths and opportunities for growth and designed lessons around these. Our weekend Science Boot Camp had tremendous participation from both students and teachers.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Overall, students in the lowest 25% in Math showed a decrease of 52% to 37%, which was a 15 percentage difference. Math achievement overall showed a decrease of 10% in proficiency from the past school year.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Students in the SWD subgroup showed a decrease in Math scores. Teachers in our self-contained classrooms need additional professional learning on content and more rigor to increase student achievement. Our VE teacher's schedules need to allocate additional time to impact a wider group of students within the specific classrooms they are assigned. Intentional planning is needed with their content area teachers to create Specially Designed Instruction for students.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Compared to the state, the largest gap for our school is in 5th grade ELA where we outperformed the state by 3%. Our School Improvement Plan last year focused on ELA which is where the positive growth occurred. Our PLC and PD were centered around reading strategies.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

There was an increase in student absences which is an area of concern for the upcoming school year. The decrease in attendance is a contributing factor in the decrease of student achievement.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Math achievement
2. Attendance
3. SWD achievement in reading and Math

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Small-group Instruction

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Targeted small group instruction in math, focusing on foundational skills and addressing specific learning gaps identified in prior year data. Aims to improve overall proficiency, accelerate learning for the lowest 25% and close district/state achievement gaps through differentiated support. Prior year data shows a significant decline in overall math proficiency and lower 25% learning gains, with consistent negative gaps across grades 3-6 compared to district and state. Given the previous focus on reading intervention and small groups in ELA, dedicated small group math instruction is now a crucial need to address this decline.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will show a 25% increase in small group instruction in math classes. FAST data will reflect a minimum of 60% of students proficient and at least 40% of students in the lowest quartile will show gains in Math.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

- Weekly exit tickets
- Mid-module and end-of-module assessments
- i-Ready growth

- PLC Data Chat
- Classroom walkthroughs (observing small groups)

This data will be used by PLC learning teams to inform ongoing instructional adjustments and targeted support throughout the school year to maximize student achievement.

Person responsible for monitoring outcome

Administration Team-Kim Marks, Shari Gouin, Montgomery Sloan

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Teachers will utilize the Eureka Squared curriculum, and Tier 2 and 3 interventions via the MTSS process to review and remediate for students demonstrating deficiencies utilizing small group instruction.

Rationale:

Teachers will collaborate with peers during common planning to discuss issues of practice and gain solutions via the curriculum. Professional Development opportunities will be provided during PLCs. District Curriculum Specialists will be available to support POE. Professional Development opportunities for the Eureka Squared curriculum will be available to teachers with an emphasis on small groups.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Small Group Instruction

Person Monitoring:

Kim Marks

By When/Frequency:

Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Common Planning Eureka Squared curriculum

Action Step #2

Professional Learning

Person Monitoring:

Kim Marks

By When/Frequency:

Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional Development during PLC Utilize District Curriculum Specialists

Action Step #3

Data Review

Person Monitoring:

Kim Marks

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will have monthly data reviews with grade level teams to dissect pertinent student data leading to standard mastery.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Student Engagement**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Engaging students in the learning process builds student ownership, responsibility, resiliency, and critical thinking. Learning tasks that provide students with the opportunity to make connections between Math, real-world applications and student interests will increase student achievement gains in Math. Using cooperative learning structures and participation strategies during instruction is important because it enhances student engagement, supports life skills, and improves academic outcomes.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will indicate that at least 25% of all Math classrooms demonstrate evidence of student engagement through active participation and respectful collaboration during learning activities. FAST data will reflect a minimum of 60% of students proficient and at least 40% of students in the lowest quartile will show gains in Math.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

An increase in student engagement directly relates to an increase in student achievement data. This progress will be measured through Math data in regards to:

- Weekly exit tickets
- Mid-module and end-of-module assessments
- i-Ready growth
- PLC Data Chat
- Classroom walkthroughs (observing S.2.

Person responsible for monitoring outcome

Administration Team-Kim Marks, Shari Gouin, Montgomery Sloan

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Engaging students in the learning process builds student ownership, responsibility, resiliency, and critical thinking. Learning tasks that provide students with the opportunity to make connections between Math, real-world applications and student interests will increase student achievement gains in Math.

Rationale:

Teachers will collaborate with peers during common planning to discuss issues of practice and gain solutions via the curriculum. Professional Development opportunities will be provided during PLCs. District Curriculum Specialists will be available to support POE. Professional Development opportunities for the Eureka Squared curriculum will be available to teachers.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Professional Learning

Person Monitoring:

Principal-Kim Marks

By When/Frequency:

Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Total Participation Techniques will be provided during Professional development and PLC times for teachers to help increase engagement strategies.

Action Step #2

Engagement

Person Monitoring:

Kim Marks

By When/Frequency:

Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

District trainers will be provided to assist with Total Participation Techniques in regards to the curriculum. Open classrooms will be available for peer visits.

Action Step #3

Data Review

Person Monitoring:

Kim Marks

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will have monthly data reviews with grade level teams to dissect pertinent student data leading to standard mastery.

Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA required by RAISE (specific questions)**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

ELA proficiency encompasses critical skills in reading, writing, speaking, and listening which are foundational for learning across all subjects. By enhancing ELA proficiency, students develop the ability to comprehend complex texts, articulate their thoughts clearly, and engage in critical thinking and analysis. Improving ELA proficiency also helps bridge achievement gaps ensuring all students have the necessary skills to succeed.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

Increasing foundational reading proficiency is essential for students' academic success and future

opportunities. ELA proficiency encompasses critical skills in reading, writing, speaking, and listening which are foundational for learning across all subjects. By enhancing ELA proficiency, students develop the ability to comprehend complex texts, articulate their thoughts clearly, and engage in critical thinking and analysis. This, in turn, supports their academic performance and boosts their confidence.

Grades 3-5: Instructional Practice specifically related to Reading/ELA

NA

Grades K-2: Measurable Outcome(s)

By the end of the 25-26 school year, 55% of our Kindergarten students will demonstrate proficiency in their ELA as measured by the district-wide standardized assessments and progress monitoring tools.

Grades 3-5: Measurable Outcome(s)

NA

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

We will monitor the progress toward our goals through classroom walkthroughs, progress monitoring, and student performance.

Person responsible for monitoring outcome

Kim Marks

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

We will use the provided curriculum by the county titled Benchmark Advanced. We will also implement the provided Tier 2 and 3 resources provided. We will especially work with retainees from K-5 who scored a level 1 to a mid level 2.

Rationale:

Students did not make a learning gain or some students even slid down a level based on the data. Research indicates that systematic and sequential instruction in phonics is more effective than nonsystematic or implicit approaches.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Small Group Instruction

Person Monitoring:

Kim Marks

By When/Frequency:

Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Common Planning Benchmark Advanced

Action Step #2

Professional Learning

Person Monitoring:

Kim Marks

By When/Frequency:

Ongoing

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional Development during PLC Utilize District Curriculum Specialists

Action Step #3

Data Review

Person Monitoring:

Kim Marks

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will have monthly data reviews with grade level teams to dissect pertinent student data leading to standard mastery.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

An area where we need to focus our attention that impacts our learning environment is attendance. We will work to increase student attendance across the school. In the past year, attendance has become an area where we need to focus our attention, due to the direct impact it has on our school

learning environment. We are using tangible incentives and creating excitement for student learning. We are also continuing our student success team meetings to work with families to increase student attendance.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Based on Synergy data, our area of focus will be increasing student attendance. By using the strategies and the action plan as described in the School Improvement Plan, we will reduce absenteeism 10% by the end of the 2025-2026 school year.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

We will continue to use Hawk Tickets. We will continue to implement the 100% attendance display for classes. This creates a positive competition across the school. Teachers will continue creating a positive engaging class environment where students don't want to miss school. Class certificates are awarded for the classes per grade level with the highest attendance each nine weeks.

Person responsible for monitoring outcome

Administration-Kim Marks, Shari Gouin, Montgomery Sloan

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Creating a positive school and class environment will impact students creating an environment they will want to attend. We will use positive reinforcements. This year we have also increased opportunities for activities (art club, robotics, music) which we hope to create experiences students will want to participate in which will have a positive impact on attendance. Creating a welcoming environment where students are greeted each morning in a positive manner, will also help boost attendance.

Rationale:

Creating a school atmosphere where students are engaged in lessons and the school environment, will help aid in reducing the number of absences. We want to create a school culture where students will want to come to school.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Absences

Person Monitoring:

Administration Team

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Soaring Hawk Tickets 2. 100% club 3. Teacher phone calls home 4. SST Meetings when necessary 5. PBIS Team will meet to create incentive initiatives based on the collected data

Action Step #2

Professional Learning

Person Monitoring:

Administration Team

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Buddy teachers will be paired with students who have been identified as having chronic absenteeism. This will help promote a sense of belonging and community within the school environment. It is our hope that this will help boost our attendance which will have a positive impact on student achievement.

Action Step #3

Data Review

Person Monitoring:

Kim Marks

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

By reviewing the attendance data monthly, it is our hope that with the implementation of specific positive school wide initiatives, we will see a decrease in chronic absences.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

DRAFT

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

The mission of Ridgeview High School is to develop lifelong learners who meet the global demands of 21st-century skills through a challenging educational program that embraces diversity and unity, instills integrity and character, and promotes Respect, Honor, and Scholarship.

Provide the school's vision statement

Preparing ALL Students for Success in A Global Economy.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Becky Murphy

becky.murphy@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Principal Becky Murphy serves as the facilitator of the school-based MTSS Leadership Team, providing a shared vision for data-based decision-making and ensuring effective implementation of the MTSS framework. She leads planning for schoolwide systems of intervention and professional development, manages the school budget and communications, and conducts teacher evaluations alongside regular classroom walkthroughs. Through the PLC process, she promotes shared decision-making by supporting collaborative teacher teams engaged in continuous cycles of inquiry aligned with district learning goals. Principal Murphy also ensures that all staff members consistently comply

with districtwide school site standards.

Leadership Team Member #2

Employee's Name

Rex Knight

rex.knight@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Assistant Principals support the Principal in a wide range of responsibilities, including data collection and analysis, implementation of Tier 1 interventions, and enforcement of schoolwide discipline plans. They play a key role in ensuring that adequate professional development is provided to support effective MTSS implementation.

To maintain instructional quality, Assistant Principals conduct frequent classroom walkthroughs and provide timely, actionable feedback to teachers, ensuring that instruction is standards-aligned, grade-level appropriate, and rigorous. As instructional leaders, they actively participate in Professional Learning Communities (PLCs), collaborate with teachers, and monitor departmental data to drive continuous improvement in student achievement.

Leadership Team Member #3

Employee's Name

Jillian Stoltzfus

jillian.stoltzfus@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Assistant Principals support the Principal in a wide range of responsibilities, including data collection and analysis, implementation of Tier 1 interventions, and enforcement of schoolwide discipline plans. They play a key role in ensuring that adequate professional development is provided to support effective MTSS implementation.

To maintain instructional quality, Assistant Principals conduct frequent classroom walkthroughs and provide timely, actionable feedback to teachers, ensuring that instruction is standards-aligned, grade-level appropriate, and rigorous. As instructional leaders, they actively participate in Professional Learning Communities (PLCs), collaborate with teachers, and monitor departmental data to drive continuous improvement in student achievement.

Leadership Team Member #4

Employee's Name

Kelly Williams

kelly.williams@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Assistant Principals support the Principal in a wide range of responsibilities, including data collection and analysis, implementation of Tier 1 interventions, and enforcement of schoolwide discipline plans. They play a key role in ensuring that adequate professional development is provided to support effective MTSS implementation.

To maintain instructional quality, Assistant Principals conduct frequent classroom walkthroughs and provide timely, actionable feedback to teachers, ensuring that instruction is standards-aligned, grade-level appropriate, and rigorous. As instructional leaders, they actively participate in Professional Learning Communities (PLCs), collaborate with teachers, and monitor departmental data to drive continuous improvement in student achievement.

Leadership Team Member #5

Employee's Name

Dannie Higginbotham

dannie.higginbotham@myoneclay.net

Position Title

Dean

Job Duties and Responsibilities

RHS dean is responsible for daily discipline, attendance and tardy tracking. Dean will also assist the Principal and Assistant Principals with duties as needed, which include, but are not limited to, participating in data collection and analysis, delivering Tier 1 interventions, and developing school-wide discipline plans.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The school leadership team played a key role in drafting individual sections and goal areas, utilizing student achievement data and trend analyses to inform their decisions. Department chairs provided input during this phase to ensure alignment with instructional priorities and departmental needs. As the school year begins, additional input will be gathered from teachers, students, and members of the School Advisory Council (SAC). Families and community stakeholders, including business and civic partners, will also have opportunities to review and provide feedback. This inclusive approach ensures the SIP reflects the needs and priorities of the entire school community. Input from each stakeholder group will be used to refine the SIP goals, action steps, and progress monitoring strategies. This continuous input cycle ensures that the SIP remains responsive, relevant, and focused on improving student outcomes.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The implementation and impact of the School Improvement Plan (SIP) will be regularly monitored through ongoing analysis of Progress Monitoring data and state assessment results. Particular attention will be given to student subgroups with the greatest achievement gaps to ensure that targeted interventions are driving measurable improvement.

SIP goal teams, in collaboration with the school leadership team, will meet on a scheduled basis to review student performance data and evaluate the effectiveness of action steps. These teams will adjust strategies as needed to stay aligned with the SIP goals and address any emerging needs. Stakeholder feedback, including input from teachers, students, families, and SAC members, will be solicited throughout the year. This feedback will inform ongoing revisions to the SIP to promote continuous schoolwide improvement and ensure that all students, especially those furthest from proficiency, are supported in meeting state academic standards.

D. Early Warning Systems

1. Grades K-8

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

2. Grades 9-12 (optional)

Current Year (2025-26)

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|---|-------------|-----|-----|-----|-------|
| | 9 | 10 | 11 | 12 | |
| School Enrollment | 482 | 448 | 465 | 469 | 1,864 |
| Absent 10% or more school days | 132 | 119 | 165 | 187 | 603 |
| One or more suspensions | 39 | 22 | 27 | 22 | 110 |
| Course failure in English Language Arts (ELA) | 40 | 23 | 47 | 4 | 114 |
| Course failure in Math | 23 | 7 | 8 | 5 | 43 |
| Level 1 on statewide ELA assessment | 53 | 59 | 39 | 15 | 166 |
| Level 1 on statewide Algebra assessment | 6 | 31 | 36 | 7 | 80 |

Current Year (2025-26)

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Students with two or more indicators | 65 | 47 | 59 | 26 | 197 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|---|-------------|-----|-----|-----|-------|
| | 9 | 10 | 11 | 12 | |
| Absent 10% or more school days | 107 | 137 | 167 | 173 | 584 |
| One or more suspensions | 40 | 55 | 24 | 10 | 129 |
| Course failure in English Language Arts (ELA) | 44 | 38 | 39 | 3 | 124 |
| Course failure in Math | 17 | 6 | 23 | 8 | 54 |
| Level 1 on statewide ELA assessment | | 50 | 1 | | 51 |
| Level 1 on statewide Algebra assessment | 31 | | | | 31 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Students with two or more indicators | 73 | 66 | 82 | 34 | 255 |

Prior Year (2024-25) As Last Reported (pre-populated)

| Retained students: current year | | | | | 0 |
| Students retained two or more times | | | | | 0 |

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 64 | 66 | 59 | 64 | 64 | 55 | 53 | 57 | 50 |
| Grade 3 ELA Achievement | | | | | | | | | |
| ELA Learning Gains | 56 | 60 | 58 | 62 | 62 | 57 | | | |
| ELA Lowest 25th Percentile | 49 | 59 | 56 | 58 | 62 | 55 | | | |
| Math Achievement* | 54 | 59 | 49 | 54 | 61 | 45 | 50 | 50 | 38 |
| Math Learning Gains | 51 | 48 | 47 | 58 | 60 | 47 | | | |
| Math Lowest 25th Percentile | 46 | 42 | 49 | 57 | 61 | 49 | | | |
| Science Achievement | 83 | 82 | 72 | 78 | 80 | 68 | 76 | 74 | 64 |
| Social Studies Achievement* | 79 | 84 | 75 | 86 | 83 | 71 | 83 | 80 | 66 |
| Graduation Rate | 96 | 95 | 92 | 94 | 94 | 90 | 97 | 95 | 89 |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | 50 | 63 | 69 | 53 | 60 | 67 | 59 | 63 | 65 |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 72 | 69 | 52 | 29 | 51 | 49 | 54 | 52 | 45 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |
| OVERALL FPPI – All Students | | | | | | 64% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 0 |
| Total Points Earned for the FPPI | | | | | | 700 |
| Total Components for the FPPI | | | | | | 11 |
| Percent Tested | | | | | | 98% |
| Graduation Rate | | | | | | 96% |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 64% | 63% | 68% | 55% | 55% | | 59% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| Students With Disabilities | 51% | No | | |
| English Language Learners | 50% | No | | |
| Asian Students | 83% | No | | |
| Black/African American Students | 61% | No | | |
| Hispanic Students | 62% | No | | |
| Multiracial Students | 62% | No | | |
| White Students | 65% | No | | |
| Economically Disadvantaged Students | 60% | No | | |

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

The Graduation Rate showed the most improvement, increasing by 2 percentage points. To support this growth, we implemented several strategic actions, including:

- Grad Tracker Meetings are held regularly to monitor each senior's progress toward graduation requirements.
- Individualized Support through meetings involving seniors, counselors, and parents to identify barriers and create action plans.
- CLT opportunities were offered for additional score opportunities.

Additionally, Science Achievement increased by 1 percentage point. Teachers contributed to this growth by:

- Engaging in intentional instructional planning aligned to essential standards.
- Implementing common assessments to monitor student understanding and adjust instruction accordingly.
- Participating in Professional Learning Communities (PLCs) with a focus on increasing student engagement and sharing best practices.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data components showing the lowest performance were the ELA Lowest 25th Percentile and the Math Lowest 25th Percentile. Several key factors contributed to the low performance in these areas:

- Inconsistent rigor and academic discourse across classrooms limited students' exposure to higher-order thinking and meaningful engagement with grade-level content.
- Gaps in Tier 2 and Tier 3 academic supports, resulting in delayed or insufficient intervention for students who needed intensive, targeted instruction.
- Variability in instructional practices, particularly in the use of differentiation and scaffolding strategies to meet the diverse needs of students in the lowest quartile.
- Chronic absenteeism and low engagement among struggling learners, which reduced access to consistent instruction and academic growth opportunities.

Trend data indicates that while there have been pockets of improvement in overall achievement, the

performance of the Lowest 25% in both ELA and Math continues to lag behind. This highlights a critical need for increased instructional coherence, data-driven interventions, and professional development focused on academic rigor and student-centered discourse.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The ELA Lowest 25th Percentile showed the greatest decline from the prior year.

Several factors contributed to this decline:

- Inconsistent delivery of rigorous, grade-level instruction, which limited opportunities for students in the lowest quartile to engage with challenging content that builds literacy skills.
- Lack of consistent, in-the-moment Tier 1 interventions, meaning that students were not regularly receiving the immediate support needed during core instruction to address misunderstandings or skill gaps.
- Insufficient differentiation and scaffolding, resulting in lessons that did not fully meet the diverse learning needs of struggling readers.

This decline highlights the importance of strengthening Tier 1 instructional practices, enhancing teacher capacity for delivering just-in-time supports, and ensuring that academic rigor is maintained across all classrooms.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

When compared to the state average, our Science data showed the greatest positive gap, with the school scoring 83%, which is 12 percentage points higher than the state average of 71%. The factors that contributed to this positive gap include:

- Intentional Planning - Teachers were strategic in identifying essential standards and prioritizing them in their lesson planning.
- The use of Common Assessments - Regular common assessments helped monitor student understanding and allowed for timely reteaching and intervention.
- Focused PLCs - Teachers participated in ongoing Professional Learning Communities (PLCs) with a focus on increasing student engagement and sharing effective instructional strategies.
- Collaborative Culture - The consistent use of data and collaboration contributed to more targeted, student-centered instruction, resulting in increased proficiency rates.

Over the past three years, we have consistently outperformed the state. This positive trend highlights the sustained growth in Science achievement, driven by strong instructional practices and a focus on teacher collaboration.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

One area of concern identified through Early Warning System (EWS) data is student attendance. Chronic absenteeism is a strong predictor of academic risk and has a direct impact on student achievement.

To address this concern, attendance data will be pulled and analyzed monthly, and targeted attendance review meetings will be held to identify patterns and intervene early. Special attention will be given to lower-quartile students who are at increased risk of falling further behind due to inconsistent school attendance.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Rigorous, scaffolded Tier 1 instruction across all content areas for ALL students.
2. Targeted intervention and progress monitoring for students in the bottom quartile
3. Increase attendance for ALL students.

DRAFT

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Benchmark-aligned instruction

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Rigorous, Scaffolded Tier 1 Instruction for All Students

Description: Increase the frequency and quality of rigorous, standards-aligned tasks with embedded scaffolds to ensure all students can access grade-level content.

Impact on Student Learning: Students will engage in cognitively demanding tasks that promote critical thinking and deeper comprehension, thereby increasing proficiency and achievement across various content areas.

Rationale: Only 29.6% of walkthroughs showed evidence of rigor. State assessment data show that Florida's L25 subgroup growth is a consistent statewide concern. 2023–2024 FAST results report L25 ELA gains at 53% and Math at 51%, showing that nearly half of these students did not meet expected growth. Improving Tier 1 instruction is essential to accelerating gains for these students.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Increase the percentage of observed rigorous, scaffolded tasks during instructional walkthroughs from 29.6% to at least 60%. Raise overall ELA proficiency from 63% to 65% and Math proficiency from 51% to 54%.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Instructional walkthroughs with calibration checks will be conducted twice monthly. PLCs will use task analysis protocols on a weekly basis to review the alignment and rigor of instructional materials.

Additional monitoring practices include the weekly review of exit tickets and formative checks in PLCs, quarterly student data chats to analyze proficiency and growth trends, and the collection of exemplary student work samples during common planning for calibration and reteaching design.

Impact will be monitored through twice-monthly walkthroughs, calibration sessions, and task reviews in PLCs. Weekly checks of student work, exit tickets, and lesson plans will ensure fidelity and rigor.

Person responsible for monitoring outcome

Becky Murphy, Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Instructional Priority

Person Monitoring:

Department Chairs, Instructional Coaches,
Content-Area Administrator

By When/Frequency:

Fully implemented by end of Quarter 1; ongoing
refinement through Quarter 4

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement the instructional priority by using weekly PLC-developed rigorous, standards-aligned tasks with embedded scaffolds, including exemplars, rubrics, and student modeling to ensure accessibility and high cognitive demand.

Action Step #2

Professional Learning

Person Monitoring:

Content-Area Administrators, Instructional Leaders Monthly from August through May

By When/Frequency:

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided monthly in the format of whole-group professional learning sessions, instructional coaching cycles, and peer observations facilitated by Instructional Coaches

and the Administrative Team. The focus will be on: Designing rigorous tasks aligned to the full depth of Florida B.E.S.T. and NGSSS standards; Embedding scaffolds such as sentence stems, chunked texts, and anchor charts; Modeling and think-aloud strategies to make learning visible; Increasing student academic discourse through accountable talk strategies and structured discussion protocols; Creating and using success criteria and exemplars to guide student learning; Using formative assessments (exit tickets, checks for understanding) to inform instruction. Attendance, engagement tracking, and reflection forms will be collected after each session. Instructional practice shifts will be verified via walkthroughs and lesson plan audits.

Action Step #3

Data Meetings

Person Monitoring:

Administration Team, Instructional Leaders

By When/Frequency:

Every two weeks throughout the year, beginning in August

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data meetings will be held biweekly to reflect on how rigorous and scaffolded Tier 1 instruction is impacting student achievement by analyzing student proficiency data, student work, and formative assessments. Meeting notes and data trackers will be maintained for each session. Trends will be documented in a centralized PLC tracker and reviewed quarterly for school-wide adjustments.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Differentiation

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Area of Focus 2: Learning Gains for Lowest Quartile Students Through Targeted Intervention and Monitoring

Description: Implement structured progress monitoring and responsive intervention cycles to meet the needs of L25 students.

Impact on Student Learning: Students in the lowest quartile will receive timely and tailored supports based on ongoing data, leading to increased growth and reduced achievement gaps.

Rationale: L25 students in both ELA and Math scored 47% in learning gains locally. Statewide FAST data reports only 53% of L25 students made gains in ELA and 51% in Math, demonstrating that this is a systemic issue. Our local trends mirror this and require intensified focus on small-group instruction, data-driven decisions, and timely interventions.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Increase L25 learning gains in ELA from 47% to 51% and in Math from 47% to 50%, surpassing state averages. Monthly walkthrough data will reflect that at least 60% of the ELA and Math classrooms are consistently implementing targeted small-group instruction and differentiation strategies for the L25 students. Trends from walkthroughs will be analyzed during instructional leadership team meetings to provide coaching and adjust support as needed.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

L25 subgroup performance will be reviewed monthly during data chats. FAST PM1, PM2, and PM3 scores will be disaggregated. MTSS documentation and progress monitoring plans will be reviewed every six weeks. Additional practices include a biweekly review of intervention group data during Professional Learning Communities (PLCs), walkthroughs targeting Tier 2 instruction, and quarterly student conferences to review growth and set learning goals. Intervention rosters will be updated regularly based on progress monitoring and teacher input.

Person responsible for monitoring outcome

Becky Murphy, Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:**Rationale:****Tier of Evidence-based Intervention:****Will this evidence-based intervention be funded with UniSIG?**

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Targeted Small Group Instruction

Person Monitoring:

Administration, Classroom Teachers

By When/Frequency:

Fully in place by the end of September; ongoing

monitoring through May

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement targeted small-group instruction during dedicated intervention time, based on weekly progress monitoring data. Lessons will focus on prerequisite skills and standards-aligned remediation tailored to each student's area of deficit. Student groups and instructional plans will be reviewed during weekly Professional Learning Community (PLC) meetings. Exit ticket trends, intervention data trackers, and formative assessments will guide weekly adjustments to groupings and instructional strategies.

Action Step #2

Data-driven coaching cycles

Person Monitoring:

Administrators, Instructional Leaders

By When/Frequency:

Monthly from August through May

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided monthly in the format of data-driven coaching cycles and targeted sessions facilitated by the MTSS team and Instructional Coaches. These sessions will focus on: Unpacking FAST and PM assessment strands; Using data protocols to identify and address L25 gaps; Differentiation strategies for scaffolding instruction High-leverage intervention routines for fluency, comprehension, and math reasoning; Fidelity of intervention program implementation and documentation. Attendance, follow-up walkthroughs, and teacher reflection logs will be used to gauge implementation. Coaching cycle feedback forms and student achievement data will guide mid-year adjustments.

Action Step #3

Data Meetings

Person Monitoring:

Administration, PLC Teams

By When/Frequency:

Monthly from September to May

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data meetings will be held monthly to reflect on how L25-focused interventions are impacting student achievement by reviewing PM data, formative assessments, and intervention fidelity logs. Meeting documentation will be collected in shared data folders. Impact will be assessed by comparing group progress data and refining Tier 2 and Tier 3 support structures based on trends.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Area of Focus 3: Reduce Chronic Absenteeism and Improve Student Engagement

Description: Build systems of recognition, mentoring, and early intervention to address attendance and behavioral barriers to learning.

Impact on Student Learning: Improved attendance ensures more consistent access to instruction, increasing students' ability to make learning gains.

Rationale: 607 students were absent 10% or more of the year, and 111 had one or more suspensions. Many of these students are also L25 or at risk of not graduating. Statewide data confirms that L25 students already experience the slowest growth (53% in ELA, 51% in Math); missing instruction further limits their access to intervention and high-quality Tier 1 learning.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Reduce the number of students with chronic absenteeism (10%+ absences) from 607 to fewer than 450. Increase daily average attendance to 93% or higher.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Weekly attendance reports will be reviewed with guidance and deans. Students missing five or more days will be flagged for intervention. Monthly Attendance Review Team meetings will assess trends and action plans. Additional practices include sending monthly home reports to the families of chronically absent students, implementing Tiered Attendance Interventions (including letters, parent calls, and meetings), and tracking attendance improvements during quarterly student data chats.

Person responsible for monitoring outcome

Becky Murphy, Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Proactive Attendance Monitoring

Person Monitoring:

Dean, Teachers, Attendance Clerk, Grade-Level AP, Counselors, Social Worker

By When/Frequency:

Begin in August; reviewed monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers and staff will implement proactive attendance monitoring and student engagement strategies to enhance student learning. This includes daily attendance tracking, positive reinforcement through incentives, and building mentor connections with high-absence students. Pull Attendance data weekly. Tier 1, 2, and 3 students will be flagged and tracked. Interventions and progress will be monitored via attendance review logs and mentor check-in records.

Action Step #2

Professional Learning on the impacts of chronic absenteeism

Person Monitoring:

Assistant Principals, Deans, School Counselors

By When/Frequency:

September, November, January, and March

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided quarterly through faculty meetings, team leader sessions, and grade-level AP-led small groups. Sessions will focus on: Understanding chronic absenteeism and its impact; Building classroom community and student-teacher relationships; Positive behavior interventions and recognition systems; Early warning indicators and intervention pathways. Attendance patterns and discipline data will be reviewed quarterly. Feedback surveys from staff will measure the implementation of strategies. Behavior referrals and engagement metrics (class participation, club involvement) will be analyzed for trends.

Action Step #3

Attendance patterns and Discipline Data Review

Person Monitoring:

Dean, Guidance Counselors, APs, and teachers

By When/Frequency:

Monthly from August to May

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Attendance patterns and discipline data will be reviewed quarterly. Feedback surveys from staff will measure the implementation of strategies. Behavior referrals and engagement metrics (class participation, club involvement) will be analyzed for trends. Monthly meeting minutes will document trends and follow-up actions. Data dashboards will display progress toward attendance goals. Adjustments will be made based on patterns and student voice.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Our mission is the increase the academic performance of all students. RideOut Elementary, working in conjunction with all stakeholders, will provide a public education experience that is motivating, challenging and rewarding for all children. Based on the premise that all students can learn, our teachers will provide opportunities for each child to experience maximized academic success within a safe and inviting environment.

Provide the school's vision statement

RideOut Elementary School exists to prepare life-long learners for personal success in a global and technologically advanced society.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Trisha Stewart

Trisha.Stewart@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

The principal will be responsible for providing leadership in the development, revision and implementation of the school improvement plan. Provide clear, strategic leadership aligned with the

goals of the School Improvement Plan. Collaborate with stakeholders (teachers, staff, parents, and district officials) to develop or revise the SIP. Use data (academic, behavioral, attendance, etc.) to identify areas of need and prioritize improvement goals. Assign roles and responsibilities to staff members to ensure accountability. Communicate SIP goals, strategies, and progress regularly to staff, parents, and the wider school community. Organize and facilitate training sessions aligned with school improvement strategies. Ensure SIP implementation addresses achievement gaps and promotes equity for all student groups.

Leadership Team Member #2

Employee's Name

Bree Hellwig

Bree.Hellwig@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Assist the principal in executing the strategies and objectives outlined in the School Improvement Plan. Collect, organize, and analyze student performance, behavior, attendance, and teacher instructional data. Monitor progress of special populations (ELLs, students with disabilities, economically disadvantaged students) to ensure SIP equity goals are being addressed. Lead efforts to improve student behavior, attendance, and engagement through initiatives such as PBIS, mentoring, or restorative practices. Track progress toward goals, prepare updates, and help prepare reports for district and state accountability. Participate in school improvement team meetings and assist with communication of SIP updates to stakeholders.

Leadership Team Member #3

Employee's Name

Ann Freeze

Ann.Freeze@myoneclay.net

Position Title

Kindergarten Team Leader

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify

needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #4

Employee's Name

Jana Jourdan

Jana.Jourdan@myoneclay.net

Position Title

First Grade Team Leader

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #5

Employee's Name

Denise Erwin

Denise.Erwin@myoneclay.net

Position Title

Second Grade Team Leader

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #6

Employee's Name

Erin Brown

Erin.Brown@myoneclay.net

Position Title

Third Grade Team Leader

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #7**Employee's Name**

Jennifer Olmstead

Jennifer.Olmstead@myoneclay.net

Position Title

4th Grade Teacher

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #8**Employee's Name**

Anna Pasternak

Anna.Pasternak@myoneclay.net

Position Title

5th Grade Team Leader

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in

developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #9

Employee's Name

Rick Kemmer

Richard.Kemmer@myoneclay.net

Position Title

5th Grade Teacher

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #10

Employee's Name

Tara Barnett

Tara.Barnett@myoneclay.net

Position Title

2nd Grade Teacher/ PBIS

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #11

Employee's Name

Michelle Robbins

Michelle.Robbins@myoneclay.net

Position Title

ESE Team Leader

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #12

Employee's Name

Kim Reneau

Kimberly.Reneau@myoneclay.net

Position Title

ELL Instructor/ Intervention Team Facilitator

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives. An the intervention team facilitator she will guide teachers in problem solving protocols to support the academic and behavior needs of students.

Leadership Team Member #13

Employee's Name

Carla Charbonneau

Carla.Charbonneau@myoneclay.net

Position Title

3rd Grade Teacher

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #14**Employee's Name**

Kasey Walker

Kasey.Walker@myoneclay.net

Position Title

ESE Inclusion teacher

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

Leadership Team Member #15**Employee's Name**

Ava Como

Ava.Como@myoneclay.net

Position Title

ESE inclusion teacher

Job Duties and Responsibilities

As a member of the school based leadership team each member will be able to collaborate in developing, reviewing, and revising the School Improvement Plan. They will use data to identify needs, set priorities, and establish realistic, measurable goals. Each member will monitor progress on SIP action steps, timelines, and goal achievement. They will serve as a resource for grade-level

or department teams to align instruction with SIP goals. An important aspect will be supporting the implementation of MTSS (Multi-Tiered System of Supports), PBIS, and other school wide initiatives.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

A diverse School Leadership Team (SLT) was established, including the principal, assistant principal, department/grade-level chairs, and representatives from various student services (e.g., special education, ELL support). As the Principal of the school I provided data components, from current and historical standardized test, attendance and behavioral records. We looked at data that would desegregate and identify gaps and prioritize needs. Grade-level and content-area teams review data and provide input on strengths, challenges, and instructional needs. The SLT met and discussed these areas and determined areas of focus and SMART goals that aligned with this area of focus. As the SIP is developed components are identified as resources and needs to improve practices. Once the SIP is completed, the plan is presented to our School Advisory Council that consists of staff, instructional and support, parents and business partners. This expresses the importance of full transparency of the process and inclusivity of all stakeholder.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

Our school leadership team along with our literacy leadership team, will meet to discuss the SIP monthly and our progress towards the goals set within the plan. As there is a need to adjust based on progress or lack of progress we will work as a team to develop adjustments to meet the needs of all students being served at RideOut Elementary. Each team will meet weekly for PLC work with an alignment to our SIP. This will allow teams to determine their specific needs and the progress towards our Areas of Focus and our goals for each one.

C. Demographic Data

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

RideOut Elementary demonstrated steady academic growth across multiple content areas based on recent assessment data.

- 3rd Grade ELA proficiency increased from 66% to 68%, reflecting continued progress in foundational literacy skills.
- Overall Math proficiency for the school improved from 62% to 63%, showing positive movement.
- 5th Grade Science proficiency rose significantly from 49% to 55%, highlighting gains in content knowledge and comprehension.
- Math Learning Gains increased from 59% to 67%, indicating that more students are making measurable academic progress in math.
- In particular, our Bottom Quartile Math Learning Gains improved from 39% to 51%, suggesting that targeted supports and interventions are effectively reaching our most at-risk learners.

These results reflect the ongoing efforts of our staff to use data-driven instruction and intentional supports to improve student outcomes schoolwide.

Our school saw significant academic growth among Students with Disabilities (SWD) across multiple areas, including ELA and Math.

- ELA proficiency among SWD increased from 35% to 47%, and ELA Learning Gains improved from 44% to 57%.
- In Math, SWD proficiency rose from 41% to 58%, with Learning Gains increasing from 50% to 65%.

To support this progress, the school implemented dedicated intervention blocks in grades 4, 5, and 6. Grade-level teams collaborated to develop targeted intervention groups based on PM1 assessment data. Student and grade-level needs were identified through ongoing data discussions, allowing for more strategic and responsive instruction.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

While our school has made gains in some areas, our overall ELA performance indicates a need for

targeted improvement.

- Overall ELA proficiency declined slightly from 61% to 59%.
- ELA Learning Gains remained steady at 58%, showing no year-over-year growth.

These results highlight the need for more intentional small group instruction and intervention groupings that are based on students' individual academic levels. Additionally, there is a need to increase the rigor of instruction and enhance student engagement during ELA lessons to better support learning outcomes.

Moving forward, we must identify Bottom Quartile students early in the school year and consistently monitor their academic progress. It is also critical to discuss any Early Warning Signs (EWS) that may be affecting their achievement, so that supports can be provided proactively.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

A review of cohort performance data revealed notable declines that are being proactively addressed through targeted instructional and leadership strategies.

- The 3rd grade ELA 2024 cohort dropped from 65% proficiency to 53% in 2025.
- The 4th grade Math 2024 cohort decreased from 60% to 56% proficiency in 2025.

These declines point to the need for a stronger belief in all students' potential and a renewed focus on adhering to the curriculum map. In the classrooms of concern, instruction was primarily delivered through whole-group teaching, with limited opportunities for collaborative learning or small group instruction—both of which are essential for differentiation and student engagement.

In response, teaching assignments have been adjusted to better align instructional strengths with student needs. Efforts are being made to increase instructional rigor and student engagement. These classrooms and educators will continue to receive support and monitoring through regular walkthroughs, as well as intentional planning during PLCs to ensure instructional practices are both strategic and student-centered.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Science proficiency at our school is currently at 54%, placing us 1% below the state standard of 55% and 7% below the county average of 61%.

A contributing factor to this gap has been scheduling and teacher placement, particularly related to allocated instructional minutes for Science. To address this, our school is implementing a more intentional and strategic approach to Science instruction across grades K–5.

Our focus will be on consistently teaching grade-level Science standards each year to ensure students build a strong foundation of scientific knowledge over time. This vertical alignment will better prepare our 5th grade students for the state assessment by allowing their teacher to concentrate on

current grade-level standards while efficiently reviewing key standards from previous years that are included on the test.

By strengthening Science instruction schoolwide, we aim to close the performance gap and raise student outcomes to meet or exceed both district and state expectations.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Through our analysis of Early Warning System (EWS) indicators, a clear correlation emerged between chronic absenteeism and low academic performance in ELA.

Students with more than 10% absences were disproportionately represented among those scoring at Level 1 in ELA. This data highlights the urgent need to address the connection between attendance and academic achievement.

Moving forward, we will identify specific students who meet these EWS criteria and develop targeted plans that address both attendance concerns and academic support needs. Our goal is to implement coordinated interventions that promote consistent attendance while also fostering academic growth, particularly in literacy.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Improvement of Small group and Intervention Supports

Overall BQ ELA/Math

Math/ ELA Overall Proficiency

Science

Attendance (reduce indicator "Absent 10% or more school days")

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Small-group Instruction

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Targeted small group instruction in Math and ELA focuses on providing intentional, skill-based teaching that addresses foundational gaps. This approach is particularly effective in supporting all learners, with a strong emphasis on accelerating growth for Bottom Quartile (BQ) students.

Impact on Student Learning: Through collaborative small group settings, students receive personalized instruction that builds their academic skills and confidence. This structure enables teachers to differentiate and scaffold instruction, provide immediate feedback, and respond directly to individual student needs. As a result, students gain access to more meaningful learning opportunities, helping close academic gaps more efficiently.

Rationale: Small group instruction is a research-based strategy that ensures students engage in rigorous, standard-aligned tasks while receiving support at their instructional level. It promotes active learning, allows for continuous formative assessment, and helps ensure that every student is "doing the thinking"—a key factor in improving achievement, especially among our most vulnerable populations.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Expected Outcomes and Measures of Success

- **Walkthrough Data:**

Instructional walkthroughs will show that small group instruction is occurring in at least 50% of observed classrooms, reflecting intentional implementation of differentiated teaching strategies in both ELA and Math.

- **FAST Assessment Data:**

By the end of the year, a minimum of 65% of students will demonstrate proficiency in both Math and ELA on the FAST assessments.

- **Bottom Quartile Gains:**

At least 60% of students in the Bottom Quartile will show measurable gains in Math and ELA, indicating effective support and progress in closing achievement gaps.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Implementation & Monitoring Plan

1. Weekly Classroom Walkthroughs

- Conducted by the leadership team.
- Use a school-specific indicator of success, collaboratively developed by the leadership team, to provide consistent feedback on instructional practices (e.g., small group instruction, student engagement, alignment to standards).
- Data collected will inform coaching, PD needs, and instructional adjustments.

2. Quarterly Student Data Chats – Bottom Quartile Focus

- Teachers and administrators will hold quarterly data chats with students in the Bottom Quartile (BQ) to review progress, set goals, and discuss strategies for growth.
- These conversations will empower students to take ownership of their learning while allowing staff to monitor academic trends and provide targeted interventions.

3. Weekly Exit Tickets

- Teachers will administer weekly exit tickets aligned to current standards and instructional goals.
- Samples will be brought to PLCs for collaborative analysis to identify student misconceptions, inform planning, and adjust instruction in real time.

4. Assessment Plan

- Mid-module/unit and end-of-module/unit assessments will be administered to measure student mastery of content and skills.
- Data from these assessments will be used to guide reteaching, group formation, and intervention planning.

Person responsible for monitoring outcome

Trish Stewart and Bree Hellwig

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Professional development provided to discuss the importance of explicit and systematic small group instruction. Providing teachers with examples and strategies of proper implementation while properly

collecting data for effectiveness.

Rationale:

Small group instruction is a research-based strategy that ensures students engage in rigorous, standard-aligned tasks while receiving support at their instructional level. It promotes active learning, allows for continuous formative assessment, and helps ensure that every student is "doing the thinking"—a key factor in improving achievement, especially among our most vulnerable populations.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #2:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #3:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Professional Development provided around explicit and systematic small group instruction.

Person Monitoring:

Administration

By When/Frequency:

Monthly as needed

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

As needed for school, grade levels or small groups of teachers PD will be provided to support each teacher on their understanding of the effectiveness and need for small group instruction.

Action Step #2

Walkthrough feedback using our school specific indicator identifying the small group instruction observed.

Person Monitoring:

Administration

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

As we complete walkthroughs we will identify the small group instructional opportunities observed and we will analyze this data to share progress with teachers.

Action Step #3

Monthly data check ins on Small group instruction, for the school, grade levels to determine next steps and how to continue to improve the practices.

Person Monitoring:

Administration

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

During whole group PLC's, , team leadership meetings as well as Literacy leadership monthly meetings we will discuss progress of implementation of small group instruction. We will also add ideas and strategies to our weekly staff newsletters. During the check-ins at PLC and team leadership meetings we will discuss what is working and what supports are needed. We will give tips, stats and strategies to use in small group instruction in our staff newsletters.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Science

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Targeted Science Instruction (Grades K–5)

Description:

Implement targeted Science instruction across grades K–5, with a focus on grade-level standards, explicit science vocabulary development, and instructional strategies that build deeper content knowledge over time. The goal is to ensure vertical alignment and cumulative understanding that prepares students for success on the 5th grade Science assessment.

Impact on Student Learning:

By strengthening Science instruction in earlier grades, students will build a strong foundation that supports increased proficiency by 5th grade. The emphasis on vocabulary, hands-on learning, and standards-based instruction will improve student comprehension and engagement, leading to improved achievement across all grade levels, with a particular impact on 5th grade performance.

Rationale:

Based on our most recent data, 5th grade Science proficiency was 54%, which falls 7 percentage points below the county average of 61%. This gap highlights the need for a schoolwide focus on early and consistent exposure to science standards to ensure students are adequately prepared by the time they reach the tested grade.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Measurable Outcomes:

- FSSA Science proficiency will increase from 54% to 62% by the end of the 2025–2026 school year.
- In grades K–4, at least 70% of students will perform at proficient levels on school-developed science assessments, indicating strong foundational knowledge and readiness for 5th grade expectations.
- This will be monitored through meaningful data discussions and walkthrough data during Science instruction.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Monitoring Plan: Science Instruction

The area of focus on Science instruction will be closely monitored through multiple ongoing strategies to ensure effective implementation and improved student outcomes.

1. Classroom Walkthroughs:

- Weekly walkthroughs will be conducted during scheduled science instructional time.
- Teachers will receive timely feedback focused on the alignment to content standards, student engagement, and the rigor of the learning experience.
- Trends identified through walkthrough data will guide coaching and support efforts.

2. Work Sample Analysis During PLCs:

- During intentional PLC time, teachers will collaboratively review student work samples to evaluate understanding of science concepts, identify misconceptions, and adjust instruction as needed.
- This process will promote shared ownership of student learning and consistency in expectations across grade levels.

3. Assessment Development & Review:

- Support in creating and refining Science assessments (both formative and summative) will be embedded into professional development sessions and PLCs.
- As assessment data is collected and shared, teams will analyze results to determine what instructional strategies are effective and identify areas requiring additional support or reteaching.

4. Data-Driven Next Steps:

- Ongoing review of assessment and walkthrough data will inform next steps in instruction, intervention planning, and professional learning to ensure continuous improvement in Science proficiency across grades K–5.

Person responsible for monitoring outcome

Trish Stewart and Bree Hellwig

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Incorporation of Literacy within our Science instruction, using text samples that meet the science standards and align with instructional practices in the classroom.

Rationale:

Based on our most recent data, 5th grade Science proficiency was 54%, which falls 7 percentage points below the county average of 61%. This gap highlights the need for a schoolwide focus on early and consistent exposure to science standards to ensure students are adequately prepared by the time they reach the tested grade. We also had a decrease in ELA proficiency from 61% to 59%, focusing on Science instruction through literacy will support each content area.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #2:

Benchmark aligned instruction, use of vertical planning to support and discuss the needs for each grade level standard being taught in K-4 prior to students enter 5th grade and are responsible for taking the FSSA at the end of the school year.

Rationale:

5th grade Science proficiency was 54%, which falls 7 percentage points below the county average of 61%. Our 5th grade teachers have indicated that there is a lack of background knowledge of standards taught in previous years.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Providing close reading of scientific text, student participate in experiments where they have to summarize and explain their thinking and learning.

Person Monitoring:

Administration

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action

step:

During walkthroughs while science is being instructed we will identify the strategies present. Infusing literacy in science instruction will be practiced and examples and suggestions will be addressed during professional development sessions.

Action Step #2

Science Assessments to determine growth of concepts taught. Third and Fourth grade will take Baseline, Mid Year and End of the Year assessments.

Person Monitoring:

Administration

By When/Frequency:

Per Unit taught

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Each grade level will take Beginning, Mid and end of the year assessments to determine growth of standards and content taught. Third and Fourth will also take Baseline, Mid Year and End of the Year assessments.

Action Step #3

Monthly data discussions per team and school, we will discuss science instruction and progress towards meeting instructional minutes/ standards each day. Talk about strategies that will allow teachers to use science within other content areas.

Person Monitoring:

Administration

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Progress data checks, discuss implementation of science instruction within the daily schedule in grades K-4 and during the science block in 5th grade. Encourage 5th Grade science teachers to work in vertical PLCs's to share the importance of Science standards being taught in K-4

Action Step #4**Person Monitoring:****By When/Frequency:****Describe the Action to Be Taken and how the school will monitor the impact of this action step:****Area of Focus #3**

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Intervention**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Targeted ELA and Math interventions will be implemented for students in grades 1–4 based on individual needs, with 5th grade interventions embedded within the classroom. The focus will be on students in the Bottom Quartile (BQ), those identified with substantial reading or math deficiencies, and students performing below proficiency.

Impact on Student Learning: Accurate identification of students in the BQ and those with significant academic gaps is critical to closing achievement gaps. These interventions will provide instructionally focused, skill-based support, addressing foundational and grade-level deficits in both ELA and Math. While Math BQ Learning Gains improved by 12%, targeted skill-based interventions are still necessary to ensure continued growth and build long-term mastery.

In ELA, BQ learning gains remain an area in need of improvement. The first step toward addressing this is properly identifying the students who need structured intervention and matching them with research-based, differentiated instructional supports.

Rationale:

Intervention is most effective when it's timely, targeted, and data-driven. By implementing consistent intervention structures and progress monitoring across grades 1–5, we ensure that all students—especially those in the BQ—receive the instruction needed to accelerate growth and close persistent achievement gaps.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Prior data indicates a decline in ELA Learning Gains for our Bottom Quartile (BQ) students, dropping from 57% to 53% in the 2024–2025 school year. Math BQ Learning Gains increased significantly, rising from 39% to 51%, reflecting the positive impact of targeted interventions. To continue this progress and address areas of decline, we will focus on increasing BQ Learning Gains to 60% in both Math and ELA during the 2025–2026 school year. This will be monitored by walkthrough data and intervention discussions during literacy leadership meetings once a month. As we discuss our BQ students during intervention data chats and monthly literacy leadership meetings, we will seek improvements in learning gains for each student in our BQ. We will be looking for an increase of learning gains from PM1 to PM2 with 50% of our BQ students and an increase from PM2 to PM3 in 75% of our BQ students.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Monitoring Intervention Supports

1. Walkthroughs During Intentional Intervention Blocks

- Leadership team will conduct walkthroughs specifically during designated intervention blocks to monitor instructional practices.
- Focus will be on fidelity of implementation, student engagement, and the alignment of instruction to identified student needs.

2. Use of District-Adopted ELA Curriculum

- Teachers will utilize the intervention components of the county-adopted ELA curriculum to

provide consistent, evidence-based literacy support.

- Materials will be selected based on student data and tailored to address specific skill deficits.

3. Benchmark-Aligned Math Interventions

- Math interventions will be aligned to grade-level benchmarks, targeting foundational and priority standards to ensure students build the skills needed for success in core instruction.
- Intervention groups will be flexible and data-driven.

4. Data Analysis and Collaborative Review

- Intervention data will be reviewed regularly during team meetings and school leadership meetings.
- Teams will discuss student progress, identify strategies that are effective, and make adjustments to grouping, instructional materials, or pacing based on students' demonstrated levels of achievement.

5. Continuous Improvement Process

- Intervention strategies will be refined through an ongoing cycle of planning, implementation, monitoring, and adjustment, ensuring that supports remain responsive to student needs.

Person responsible for monitoring outcome

Trish Stewart and Bree Hellwig

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Explicit and Systematic instruction is provided to students who either have substantial reading or math deficiency or students in need of foundational instructional practices to increase learning capacity.

Rationale:

Intervention is most effective when it's timely, targeted, and data-driven. By implementing consistent intervention structures and progress monitoring across grades 1–5, we ensure that all students—especially those in the BQ—receive the instruction needed to accelerate growth and close persistent achievement gaps.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Identify our Bottom Quartile Students in each classroom.

Person Monitoring:
Administration

By When/Frequency:
PM1

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

At the beginning of the year teacher is 4th and 5th grade will be provided a list of their Bottom Quartile students. Each teacher will then identify outliers from this list that are performing below grade level and need intervention supports. These students will be identified in order to develop an intentional instructional plan to support their specific needs. These students will be discussed during each School based literacy team meeting and reevaluated monthly for progress.

Action Step #2

Intervention Data points provided, based on intervention data collected. Data points if necessary for MTSS or students with Progress Monitoring Plans.

Person Monitoring:

Administration, grade level teams, school based
Literacy Leadership Team

By When/Frequency:

Beginning of each month

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

If a student is in an intervention group, there will be a collection of data to formulate a plan and to determine progress. These students will be monitored on progress monitoring plans of MTSS Tier 2-Tier 3 plans.

Action Step #3

Supports for teachers with intervention instruction

Person Monitoring:

Administration

By When/Frequency:

As needed, at least monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional Development and meetings to discuss intervention options and the biggest effect size for the needs of students or students. Training and support will be provided ongoing throughout the year for MTSS practices.

Action Step #4

Person Monitoring:

By When/Frequency:

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student

learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Implement a schoolwide focus on improving daily student attendance, with the goal of keeping the percentage of students who miss 10% or more school days below state-defined thresholds. This includes proactive tracking, family outreach, and support systems to address barriers to attendance.

Impact on Student Learning: Consistent attendance is critical to academic success. Students must be present daily to receive high-quality instruction, participate in learning activities, and benefit from interventions. When students miss 10% or more of the school year, especially in combination with other Early Warning Signs (EWS) such as low achievement, their academic performance is significantly impacted.

Rationale: Improving attendance directly supports teachers' ability to deliver consistent instruction and target academic supports effectively. In the previous school year, 121 students were identified as chronically absent (missing 10% or more days). Reducing this number will improve student access to learning opportunities and support overall school achievement.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Current Data: In the previous school year, 121 students missed more than 10% of school days. Chronic absenteeism at this level negatively impacts student achievement and instructional consistency.

Goal: With targeted interventions and incentives, the school aims to cut this number nearly in half, reducing the total to no more than 60 students with chronic absences in the 2025–2026 school year.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Monitoring

- **Biweekly Attendance Monitoring:** Student attendance will be reviewed every two weeks to track trends and identify students approaching the 10% threshold early.
- **Home Communication:** Attendance postcards will be mailed to families of students with concerning patterns to increase awareness and promote early intervention.
- **Parent Partnerships:** Encourage open communication with families to address attendance barriers and connect them with resources or support staff as needed.

Incentives & Recognition:

- **Daily & Random Rewards:** Students with strong or improved attendance may receive random daily incentives by announcing our Roadrunners who are ROE, Ready, On time and Engaged

to encourage ongoing attendance and engagement.

- **Classroom Competitions:** Weekly, monthly, and quarterly attendance incentives will be offered at the classroom level, promoting a culture of collective responsibility and motivation.
- **Student Recognition:** Students will be celebrated for improved or perfect attendance quarterly, reinforcing the value of consistent attendance.

Reducing chronic absenteeism is critical to ensuring students are present to receive high-quality instruction and participate in interventions. Early and ongoing support will help foster a culture of accountability, consistency, and success.

Person responsible for monitoring outcome

Trish Stewart and Bree Hellwig

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Our attendance evidence based intervention will incorporate clear, consistent messaging to students and families that attendance matters. We will create a strategic plan to communicate attendance celebrations like improvements and perfect attendance. We are going to focus on ways to support parents and students removing school attendance barriers.

Rationale:

Improving attendance directly supports teachers' ability to deliver consistent instruction and target academic supports effectively. In the previous school year, 121 students were identified as chronically absent (missing 10% or more days). Reducing this number will improve student access to learning opportunities and support overall school achievement.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Announce students on the daily announcements who are ROE (Ready On time and Engaged).

Person Monitoring:

Administration

By When/Frequency:

2-3 times a week

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

2-3 times a week we will announce students at random for ROE (Ready On time and Engaged) to come to the sunshine wall to be celebrated. We will take a group picture for SM and each child who is

Ready, On time and Engaged and will get a treat and then they will quickly be returned to class.

Action Step #2

Monthly Postcards Mailed

Person Monitoring:

Administration

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will send postcards home to celebrate attendance success (perfect attendance, attendance improvements) as well as attendance updates.

Action Step #3

Classroom and School Goal Attendance Monthly- Posted in the office and hallways

Person Monitoring:

Administration

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Each classroom will share their attendance goal for the month. The school will create a monthly attendance goal based on the classes goals and then we will plan a celebration if we meet our class and school goals. Classroom goal meeting could be extra recess, popsicle party. School goal celebration ideas can be 5 minute dance party, etc.

Action Step #4

9 weeks perfect attendance party

Person Monitoring:

Admins and record secretary

By When/Frequency:

9 Weeks

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will celebrate our students perfect attendance with a party. Lunch, treats, etc.

Action Step #5

Teacher and staff professional learning surrounding the importance of students attendance and the need to communicate with parents, students and the school attendance team for support.

Person Monitoring:

Administration/Attendance Team

By When/Frequency:

Monthly as needed

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

During Preplanning, the attendance plan will be shared with our staff. We will review to importance of communication with all stakeholders to increase attendance. We will discuss motivators that will be put in place to improve our overall school attendance as well as students who are having difficulty with daily attendance.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Our mission is to work collaboratively with all stakeholders to provide a public education experience that is motivating, challenging, and rewarding for all children. We will increase student achievement by providing students with learning opportunities that are rigorous, relevant and transcend beyond the boundaries of the school walls. We will ensure a working and learning environment built upon honesty, integrity, and respect. Through these values, we will maximize student potential and promote individual responsibility.

Provide the school's vision statement

Ridgeview Elementary School exists to prepare life-long learners for success in a global and competitive workplace and in acquiring applicable life skills.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Courtney Schumacher

courtney.schumacher@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

The Principal's duties include:

- Overseeing the daily operations of the school, including facilities management, scheduling, and ensuring a safe learning environment.

- Budget Management: Developing and managing the school budget, ensuring resources are allocated effectively.
- Ensuring that the curriculum meets educational standards and is effectively delivered.
- Supporting teachers in curriculum development and instructional strategies.
- Hiring, training, and evaluating teachers and staff. Providing professional development opportunities and support.
- Monitoring and promoting student academic performance. Implementing programs to improve student outcomes.
- Building strong relationships with parents and the community. Communicating regularly through meetings, newsletters, and other channels.
- Using data to inform decision-making and track progress toward school goals. Analyzing student performance data to identify areas for improvement. Developing and implementing emergency response plans. Conducting drills and ensuring the school is prepared for emergencies.

Leadership Team Member #2

Employee's Name

Lina Myers

lina.myers@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

To support the principal in all administrative, educational, and community engagement duties, ensuring the effective operation of the school and the academic success and well-being of the students.

Leadership Team Member #3

Employee's Name

Kristen Makar

kristen.makar@myoneclay.net

Position Title

ITF/ MTSS

Job Duties and Responsibilities

Responsible for leading and managing the implementation of a multi-tiered system of supports, ensuring that all students receive the appropriate level of academic and behavioral interventions.

data analysis, collaboration, and a commitment to continuous improvement.

Leadership Team Member #4

Employee's Name

Lacey Worsdell

lacey.worsdell@myoneclay.net

Position Title

Title 1 Lead

Job Duties and Responsibilities

Ensure Title I programs are effectively designed, implemented, and evaluated to support the academic success of students. program coordination, student support, staff collaboration, family engagement, data management, and continuous improvement efforts.

Leadership Team Member #5

Employee's Name

Stephanie Moran

stephanie.moran@myoneclay.net

Position Title

Guidance Counselor

Job Duties and Responsibilities

Addressing student emotional health, student well being and attendance issues. Promoting mental health within the school community. Collaborate with the leadership team to implement programs that support student well-being and create a positive school climate.

Leadership Team Member #6

Employee's Name

Edward Stevers

edward.stevers@myoneclay.net

Position Title

Team Lead

Job Duties and Responsibilities

Ensure effective collaboration, decision-making, and implementation of initiatives that support the school's mission and goals.

Facilitates meetings and PLCs, ensuring all members have opportunities to contribute, discussions

are productive, and decisions are made efficiently. Coordinate agendas, timelines, and action plans for the team.

Leadership Team Member #7

Employee's Name

Marlene Perea

marlene.perea@myoneclay.net

Position Title

Team Lead

Job Duties and Responsibilities

Ensure effective collaboration, decision-making, and implementation of initiatives that support the school's mission and goals.

Facilitates meetings and PLCs, ensuring all members have opportunities to contribute, discussions are productive, and decisions are made efficiently. Coordinate agendas, timelines, and action plans for the team.

Leadership Team Member #8

Employee's Name

Emily Williams

emily.williams@myoneclay.net

Position Title

Team Lead

Job Duties and Responsibilities

Ensure effective collaboration, decision-making, and implementation of initiatives that support the school's mission and goals.

Facilitates meetings and PLCs, ensuring all members have opportunities to contribute, discussions are productive, and decisions are made efficiently. Coordinate agendas, timelines, and action plans for the team.

Leadership Team Member #9

Employee's Name

Jamie Tufano

jamie.tufano@myoneclay.net

Position Title

Team Lead

Job Duties and Responsibilities

Ensure effective collaboration, decision-making, and implementation of initiatives that support the school's mission and goals.

Facilitates meetings and PLCs, ensuring all members have opportunities to contribute, discussions are productive, and decisions are made efficiently. Coordinate agendas, timelines, and action plans for the team.

Leadership Team Member #10**Employee's Name**

Miriam Bodie

miriam.bodie@myoneclay.net

Position Title

Team Lead

Job Duties and Responsibilities

Ensure effective collaboration, decision-making, and implementation of initiatives that support the school's mission and goals.

Facilitates meetings and PLCs, ensuring all members have opportunities to contribute, discussions are productive, and decisions are made efficiently. Coordinate agendas, timelines, and action plans for the team.

Leadership Team Member #11**Employee's Name**

Melissa Doukmak

melissa.doukmak@myoneclay.net

Position Title

Media Specialist

Job Duties and Responsibilities

- Ensure compliance with state law and district policy.
- Develop resources that support the academic goals of the school, ensuring that students have access to relevant and diverse materials.
- Develop resources that support the academic goals of the school, ensuring that students have access to relevant and diverse materials.
- Manage digital resources, provide technical support to staff and students, and promote digital citizenship and internet safety

Leadership Team Member #12

Employee's Name

Sarah Prichard

sarah.prichard@myoneclay.net

Position Title

Team Lead

Job Duties and Responsibilities

Ensure effective collaboration, decision-making, and implementation of initiatives that support the school's mission and goals.

Facilitates meetings and PLCs, ensuring all members have opportunities to contribute, discussions are productive, and decisions are made efficiently. Coordinate agendas, timelines, and action plans for the team.

Leadership Team Member #13

Employee's Name

Kelsie Austin

kelsie.austin@myoneclay.net

Position Title

Team Lead

Job Duties and Responsibilities

Ensure effective collaboration, decision-making, and implementation of initiatives that support the school's mission and goals.

Facilitates meetings and PLCs, ensuring all members have opportunities to contribute, discussions are productive, and decisions are made efficiently. Coordinate agendas, timelines, and action plans for the team.

Leadership Team Member #14

Employee's Name

Wendy Wade

wendy.wade@myoneclay.net

Position Title

Team Lead

Job Duties and Responsibilities

Ensure effective collaboration, decision-making, and implementation of initiatives that support the school's mission and goals.

Facilitates meetings and PLCs, ensuring all members have opportunities to contribute, discussions are productive, and decisions are made efficiently. Coordinate agendas, timelines, and action plans for the team.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

We use surveys and questionnaires to gather input from all stakeholders on key areas such as academic performance, school climate, resources, and community involvement. Quantitative data is collected and analyzed, including student performance metrics, attendance records, and behavioral reports. Data is shared with selected stakeholders to provide a comprehensive overview of the school's current status. A draft SIP will be shared with all stakeholders for review and feedback. Opportunities for stakeholders to suggest revisions and offer additional input will be provided through quarterly SAC meetings and Parent Engagement Nights.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

Monitoring the SIP plan will involve a structured approach that includes defining clear metrics, developing a monitoring plan, collecting and analyzing data, conducting regular progress reviews, making adjustments, communicating with stakeholders, conducting semi annual reviews, and providing ongoing professional development. We will involve our SAC committee to review data, provide input and feedback to assist with revisions and updates to our SIP during our semi annual and annual reviews. This comprehensive approach ensures that the SIP is effectively implemented and continuously improved to achieve the desired outcomes.

C. Demographic Data

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | 46 | 88 | 78 | 74 | 83 | 83 | 92 | | | 544 |
| Absent 10% or more school days | - | 13 | 14 | 15 | 18 | 16 | 15 | | | 91 |
| One or more suspensions | - | 7 | 6 | 6 | 15 | 11 | 14 | | | 59 |
| Course failure in English Language Arts (ELA) | - | - | - | - | - | - | 2 | | | 2 |
| Course failure in Math | - | - | - | - | - | - | - | | | 0 |
| Level 1 on statewide ELA assessment | - | - | - | 21 | 26 | 20 | 18 | | | 85 |
| Level 1 on statewide Math assessment | 22 | 21 | 24 | 26 | 46 | 25 | 4 | | | 168 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | - | - | - | 3 | - | - | - | | | 3 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | - | - | - | - | - | - | - | | | 0 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 7 | 7 | 8 | 17 | 35 | 21 | 11 | | | 106 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 1 | 1 | 3 | 6 | 1 | - | 1 | | | 13 |
| Students retained two or more times | - | - | - | - | - | - | - | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 15 | 18 | 13 | 15 | 14 | 14 | 18 | | | 107 |
| One or more suspensions | 2 | 5 | 11 | 7 | 5 | 5 | 15 | | | 50 |
| Course failure in English Language Arts (ELA) | 1 | 1 | | | 2 | 1 | 4 | | | 9 |
| Course failure in Math | | 1 | 2 | | 3 | | 2 | | | 8 |
| Level 1 on statewide ELA assessment | | | | 20 | 22 | 21 | 23 | | | 86 |
| Level 1 on statewide Math assessment | | | | 20 | 29 | 8 | 11 | | | 68 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 3 | 7 | 25 | 12 | | | | | | 47 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 5 | 2 | 7 | 14 | 20 | | | | | 48 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | 2 | 3 | 2 | 3 | 2 | 4 | | | 16 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | | 3 | 2 | 6 | 1 | | 1 | | | 13 |
| Students retained two or more times | | | | | | | | | | 0 |

DRAFT

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | 2024 | | 2023** | |

| | | | | | 70 | 55 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | |
|--|-----|
| ESSA Category (CSI, TSI or ATSI) | N/A |
| OVERALL FPPI – All Students | 67% |
| OVERALL FPPI Below 41% - All Students | No |
| Total Number of Subgroups Missing the Target | 0 |
| Total Points Earned for the FPPI | 604 |
| Total Components for the FPPI | 9 |
| Percent Tested | 99% |
| Graduation Rate | |

| ESSA OVERALL FPPI HISTORY | | | | | | |
|---------------------------|---------|---------|---------|-----------|----------|---------|
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 67% | 61% | 58% | 65% | 64% | | 65% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| Students With Disabilities | 46% | No | | |
| English Language Learners | 86% | No | | |
| Black/African American Students | 48% | No | | |
| Hispanic Students | 75% | No | | |
| Multiracial Students | 64% | No | | |
| White Students | 64% | No | | |
| Economically Disadvantaged Students | 65% | No | | |

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

| 2024-25 ACCOUNTABILITY COMPONENTS BY SUBGROUPS | | | | | | | | | | | | | |
|--|----------|------------------|--------|-------------|-----------|---------|--------------|----------|---------|-----------|-------------------|-------------------|--------------|
| | ELA ACH. | GRADE 3 ELA ACH. | ELA LG | ELA LG L25% | MATH ACH. | MATH LG | MATH LG L25% | SCI ACH. | SS ACH. | MS ACCEL. | GRAD RATE 2023-24 | C&C ACCEL 2023-24 | ELP PROGRESS |
| All Students | 55% | 57% | 61% | 66% | 63% | 69% | 60% | 78% | | | | | 95% |
| Students With Disabilities | 39% | 36% | 43% | 50% | 38% | 52% | 46% | 60% | | | | | |

| Science | 5 | 77% | 61% | 16% | 55% | 22% |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

ELA Learning Gains (54% to 63%) and ELA Bottom Quartile Learning Gains (53% to 65%)

Monthly MTSS Problem Solving Meeting where a teacher from each grade level met with our ITF, Admin and other grade levels to analyze data and align resources to support these students. Such as grade level intervention blocks where students received targeted instruction in identified areas of weaknesses. These students' data continued to be monitored in these monthly meetings and supports realigned when needed.

Another common practice is data transparency. Our Monthly MTSS meetings are open to any teacher and the agenda along with data is shared K-6 school wide with all teachers. Along with a student subgroup data tracking spreadsheet. This spreadsheet was rolled out through a PLC session where teachers were educated on how the school grades is calculated and went through practicing how to calculate learning gains for their students.

We also offered year round tutoring where we invited those students performing below benchmark as shown in the data. Meetings were held with staff members before tutoring began and we reviewed student data along with approved, aligned resources that would be used during these sessions.

Family Engagement Night was held where we partnered with New Worlds Reading initiative to provide education and resources to our students performing below benchmark. Individual invites were sent out to these families. We provided dinner. We have over 200 people in attendance at literacy night.

Aligned and realigned staff support throughout the year to help facilitate student intervention groups.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last

year's low performance and discuss any trends.

Overall ELA Achievement was at 55% and is our lowest performance indicator, specifically our students in fourth grade where only 47% were considered proficient on the PM 3 FAST assessment. This cohort is nine percentage points below the next lowest performing group, fifth grade where 56% of students are considered proficient.

While we saw an increase in overall ELA learning gains, gains in our bottom quartile, and multiple student subgroups including SWD, our overall ELA achievement has room for improvement.

We had a new teacher on each grade level that was either new to the profession or new to ELA on that grade level. At RVE we have smaller teacher teams so that impacts the collaboration of common grade level planning and professional learning communities. We also experienced extended absences with multiple third-sixth grade ELA teachers due to extended leave. Data shows we have needed to build consistency in establishing strong Tier 1 instruction K-6 and we are working towards that each year.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Math Bottom Quartile Learning Gains declined from 67% to 57%

Our school performed slightly above the district average. However, in analyzing our data, 5th grade had 82% BQ LG and 6th grade had 85% BQ LG. Unfortunately, 4th grade had 6% BQ LG. On the 4th grade team we had one new teacher and one teacher who was out for maternity leave throughout the year. Although we aligned supports throughout the year such as school based and district based coaches, specific PL, data meetings, etc we did not see the growth from this student subgroup that we had intended to see.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Our 4th grade math proficiency was 14 points below the state average.

On the 4th grade team we had one new teacher and one teacher who was out for maternity leave

throughout the year. Although we aligned supports throughout the year such as school based and district based coaches, specific PL, data meetings, etc we did not see the growth from this student subgroup that we had intended to see.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Fourth grade students who scored a Level 1 on statewide Math assessment were 46 students. That is almost double any other grade level. Fourth grade also has the highest number of students with two or more indicators at 35 students which again is double any other grade level. These EWS concerns are aligned to our achievement data concerns.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Overall ELA achievement
2. Math bottom quartile learning gains
3. Fourth grade ELA proficiency (R.A.I.S.E.)

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA, ELA required by RAISE (specific questions)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Overall ELA achievement is a continued area of focus. From 2021- 2023 (3 school years) the school overall ELA achievement declined 12 points. Since then, the 2024 school year ELA had an improvement of 3 points moving ELA to 55% proficiency. And most recently the 2025 school year had a slight drop to 54% proficiency in overall ELA achievement. With increased rigor and complexity as students progress through pre and post secondary education then on to college and careers, it is crucial that students leave the elementary setting with the skills and knowledge in English language arts necessary for future success.

2025 ELA grade level proficiencies:

Kinder- 57%

First- 61%

Second- 60%

Third- 57%

Fourth- 47%

Fifth- 56%

Sixth- 58%

In 2025 we saw increases in ELA learning gains and bottom quartile gains through data tracking transparency, monthly team data meetings, professional learning and family engagement. We will focus on foundational reading skills in K-2 and benchmark aligned instruction tasks and assessments in grades 3-6. This work will focus on content limits within the benchmark and item specs with teachers in vertical PLCs.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

Grades K-2 will implement vertical PLCs as well as strengthen Tier 1 and Tier 2 instruction by implementing high leverage practices such as explicit instruction to increase student engagement and ownership.

Grades 3-5: Instructional Practice specifically related to Reading/ELA

Grades 3-5 will implement vertical PLCs as well as strengthen Tier 1 and Tier 2 instruction by implementing high leverage practices such as explicit instruction to increase student engagement and ownership.

Grades K-2: Measurable Outcome(s)

Overall ELA achievement is a continued area of focus. From 2021- 2023 (3 school years) the school overall ELA achievement declined 12 points. Since then, the 2024 school year ELA had an improvement of 3 points moving ELA to 55% proficiency. And most recently the 2025 school year had a slight drop to 54% proficiency in overall ELA achievement.

Monthly walkthrough data will show a 50% increase in academic ownership in ELA classes from 17.9% at the end of 2025 to 67.9% by the end of the 2026 school year. FAST data will reflect a minimum of 62% students proficient in overall ELA achievement, an increase of eight percentage points.

2025 ELA grade level proficiencies and goal for 2026 school year:

Incoming Kinder- unknown% - 62%

Incoming First- 57% - 62%

Incoming Second- 61% - 65%

Grades 3-5: Measurable Outcome(s)

Overall ELA achievement is a continued area of focus. From 2021- 2023 (3 school years) the school overall ELA achievement declined 12 points. Since then, the 2024 school year ELA had an improvement of 3 points moving ELA to 55% proficiency. And most recently the 2025 school year overall stayed stagnant 55% proficiency in overall ELA achievement.

Monthly walkthrough data will show a 50% increase in academic ownership in ELA classes from 17.9% at the end of 2025 to 67.9% by the end of the 2026 school year. FAST data will reflect a minimum of 62% students proficient in overall ELA achievement, an increase of eight percentage

points.

2025 ELA grade level proficiencies and goal for 2026 school year:

Incoming Third- 60% - 65%

Incoming Fourth- 57%- 63%

Incoming Fifth- 47% - 58%

Incoming Sixth- 56% - 63%

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Continue Monthly Problem Solving Meetings with teachers to discuss data trends for students and how to respond.

Continue Data Tracking Spreadsheet for stakeholders to have access to data for their students.

Implement intentional and frequent vertical PLCs focused on how to align benchmarks to instruction, tasks and assessment.

Monitor through Walkthrough Data Dashboard- walkthrough data will show an increase in teachers and implementing academic ownership.

Acadience data - using Progress Monitoring materials- teachers will analyze the screener for potential areas of need to support students in decoding, fluency, comprehension, and language.

F.A.S.T. (PM1, PM2)- Data chats with teachers as well as teacher:student data chats to increase student ownership and set goals for intended outcomes. Teachers will use the data to determine benchmarks to be remediated or instructed and group students accordingly.

Person responsible for monitoring outcome

Courtney Schumacher, Principal; Lina Myers, Asst. Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Lexia Core 5 is a blended approach of digital and instructor led intervention. Students work on individual pathways that meet them where they are in the areas of word study, comprehension, and grammar. Student progress is monitored by the teacher regularly and small group or individual intervention is provided when identified.

Rationale:

Lexia Core 5 identifies learning gaps aligned with the five components of reading to strengthen and improve reading outcomes. Because of its adaptive programming, students progress or remediate skills at his/her rate of learning. If the student continues to struggle with an identified skill/concept, the teacher is made aware and provides a targeted lesson to the student.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Academic Ownership

Person Monitoring:

Courtney Schumacher / Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement high leverage practices by increasing academic ownership. This will be done by increasing rigor and using total participation techniques. This action step will be monitored by administrators during walkthroughs and that data will be shared with staff on a monthly basis.

Action Step #2

Tier 1 Core Instruction professional learning

Person Monitoring:

Courtney Schumacher / Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will engage in vertical content based PLCs to strengthen their understanding of the benchmarks and ensure common vocabulary and consistency in instructional practices is occurring. Whole group professional learning will center on total participation techniques to increase student participation and improve learning outcomes across content areas.

Action Step #3

Monthly Data Review

Person Monitoring:

Courtney Schumacher/ Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will participate in monthly data meetings hosted by admin to discuss strengths and weaknesses and problem solve areas of critical need in order to ensure students are meeting grade level expectations.

Action Step #4

Strengthen Instructional Practice

Person Monitoring:

Courtney Schumacher/ Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Literacy Leadership: Prioritizing literacy proficiency through increased support for rising fourth and fifth grade students. Admin will participate in content area professional learning communities. Literacy Coaching: Admin will provide coaching support in explicit instructional strategies, total participation techniques, and monthly data discussions. Assessment: Students will be monitored through various progress monitoring elements- FAST, Acadience fluency and retell, Lexia progress and classroom based assessments to track and improve student learning outcomes. Professional Development: Teachers will participate in whole group learning using total participation techniques, content area learning communities focused on grade level benchmarks with explicit instruction, and Lexia professional learning provided by Lexia.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Math Bottom Quartile Learning Gains declined from 67% to 57%

Our school performed slightly above the district average. However, in analyzing our data, 5th grade had 82% BQ LG and 6th grade had 85% BQ LG. Unfortunately, 4th grade had 6% BQ LG.

As a school we need our students to receive strong Tier 1 core instruction along with Tier 2 and Tier 3 supports when necessary to support continued further growth and mastery.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

RVE's Math BQ LG were 57% which was 9 points below the District average and a 10 percentage point decline from the previous school year. Our goal is to raise BQ LG from 57% to 67% to recover the loss from the previous school year.

Fourth grade math bottom quartile students had 6% learning gains for the 24-25 school year. We will support teachers in fifth grade to raise the cohort learning gains and support fourth grade core instruction to prevent further decline to improve our overall BQ LG.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress monitoring towards the desired outcome will be measured through data tracking sheets, student data chats and goal setting to increase student ownership, walkthroughs, monthly problem solving meetings with teachers, and aligning interventions to students based on relevant data.

Person responsible for monitoring outcome

Courtney Schumacher, Principal; Lina Myers, Asst. Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

In an effort to improve learning gains for students identified in the bottom quartile, teachers will use targeted small group instruction in math, focusing on foundational skills and addressing specific learning gaps identified in prior year data particularly for grades four and five.

Rationale:

Prior year data reflects a significant decline in learning gains for our students identified in the bottom quartile, a loss of 10 percentage points from the 23-24 to 24-25 school year. Students in the fourth grade cohort demonstrated only 6% learning gains for student identified in the bottom quartile indicating a crucial need to address this decline with explicit instruction in a small group setting.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Strengthening Tier 1 Core Instruction

Person Monitoring:

Courtney Schumacher / Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will strengthen tier 1 instruction through implementing vertical PLCs, as well as total participation techniques in the classroom. This will increase the level of academic ownership from students. This will be monitored by administrators during walkthroughs and shared with teachers on a monthly basis.

Action Step #2

Small Group Instruction / Intervention

Person Monitoring:

Courtney Schumacher / Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers and admin will analyze data to identify students below benchmark in the bottom quartile. We will ensure plans of support for these students including small group instruction and appropriate interventions. By working in smaller, more focused groups, students can receive more targeted support, participate more actively, and develop stronger collaboration and communication skills among peers and adults.

Action Step #3

Professional learning centered around total participation techniques for teachers to increase student engagement and improve academic ownership.

Person Monitoring:

Courtney Schumacher/ Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Whole group professional learning centered on Total Participation Techniques will be delivered by instructional leaders and administration monthly. Teachers will practice the instructional technique and reflect on its effectiveness on student learning in the follow up learning sessions. Administration will conduct walkthroughs using the school indicator for Total Participation Techniques. In monthly data meetings, we will reflect on and discuss the impact of instruction on student learning.

Action Step #4

We will conduct monthly data review meetings with teachers to discuss the progress of student achievement. We will discuss learning gains overall and hone in on learning gains for students identified in the bottom quartile and problem solve next steps to continue academic improvement.

Person Monitoring:

Courtney Schumacher/ Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Admin will pull student achievement data and learning gains data for students, specifically those identified in the bottom quartile, to discuss with teachers. We will share successes and problem solve areas of weakness to improve the overall learning gains in mathematics throughout the school year. Regular walkthroughs will be conducted to ensure strong tier one instruction is taking place and differentiation if utilized to meet individual student needs in class.

IV. Positive Learning Environment

Area of Focus #1

Positive Behavior and Intervention System (PBIS)

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

According to the 24-25 climate survey of students, two indicators on the climate survey (1) Students treat each other with kindness and respect at my school increased by 4.7% however, it is still a high priority; less than 50% of students agree that peers interact kindly and respectfully. (2) Behaviors in my classes are appropriate and allow my teachers to teach has also increased by 5.5% but is also an area of focus; less than 50% of students agree that teachers are able to teach. We would like to improve these areas of the learning environment to at least 50% in the 25-26 school year.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Student survey data will show an increase of five percentage points of students agreeing that students treat each other with kindness and respect at my school and agreeing that behaviors in their classes are appropriate and all teachers to teach. Kindness and respect will increase from 49.3 to 54.3. Appropriate behaviors will increase from 45.3 to 50.3.

Climate Survey Question 9. Students treat each other with kindness and respect at my school.

25-26 School Year **4-6 Strongly Agree % 8.5 | 4-6 Somewhat Agree % 40.8 | Total % 49.3**

24-25 School Year **4-6 Strongly Agree % 8.1 | 4-6 Somewhat Agree % 36.5 | Total % 44.6**

Spring 25 vs. Spring 24 Difference **4.7%**

Spring 26 Goal **54.3%**

Climate Survey Question 11. The behaviors in my classes are appropriate and allow teachers to teach.

25-26 School Year **4-6 Strongly Agree % 8.0 | 4-6 Somewhat Agree % 37.3 | Total % 45.3**
 24-25 School Year **4-6 Strongly Agree % 5.0 | 4-6 Somewhat Agree % 34.8 | Total % 39.8**
 Spring 25 vs. Spring 24 Difference **5.5%**
 Spring 26 Goal **50.3%**

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Progress monitoring towards the desired outcome will be measured through student surveys at the beginning, middle, and end of the year related to peer interactions and classroom behaviors that affect instruction to monitor progress in improving the learning environment. We will compare 24-25 and 25-26 Spring Climate Survey results to reflect on the instructional impact on positive behavior and monitor referrals monthly for student to student dispute and classroom disruption data. Data will be discussed and problem solved in PBIS team meetings.

Person responsible for monitoring outcome

Courtney Schumacher, Principal; Lina Myers, Asst. Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Strengthen school-wide culture through implementation of Tier 1 OneClay Culture characteristics with clear expectations, explicit teaching, consistent reinforcement, and clear consequences. Teachers will utilize PBIS lessons and incentives to promote high expectations for behavior and conduct. Social skills lessons will be used to target behaviors between peers to address the climate survey question regarding treating each other with kindness and respect. Impact on student learning: A positive learning environment aims to reduce disruptions, increase engagement, and improve safety, ultimately maximizing instructional time and learning.

Rationale:

Strengthening positive behaviors and supports through the OneClay Culture and Social Skills explicit instruction, in both whole and small groups, will provide a consistent framework for teaching and reinforcing positive behavior to improve the areas of peer relations and appropriate classroom behavior.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Provide social skills instruction for students identified with multiple discipline infractions.

Person Monitoring:

Administration, Interventionist, guidance counselor

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The interventionist and guidance counselor will pull small groups of students for social skills intervention related to interpersonal skills and self control/discipline.

Action Step #2

Tier 1 PBIS lessons will be designed to meet the criteria for conflict resolution and interpersonal skills as well as minimizing classroom disruptions with lessons geared towards respect of people and time.

Person Monitoring:

Administration, teachers

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

A school wide lesson will be planned and delivered where teachers will share a read aloud and discuss the learning target. Each lesson will include an activity and check for understanding for teachers to monitor success or need for remediation.

Action Step #3

Professional learning will be provided around the OneClay Culture expectations to build tier one supports.

Person Monitoring:

Courtney Schumacher/ Lina Myers

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will center on the OneClay Culture integrated system of support for students, de-escalation techniques, functions of behavior, and tier one behavior strategies. These sessions will empower teachers to use preventative measures to reduce discipline referrals and negative behaviors which disrupt learning.

Action Step #4

Discipline data will be reviewed monthly at Positive Behavior Intervention and Supports (PBIS) team meetings. The team will discuss the discipline matrix and flowchart for effectiveness and impact on desired outcomes and make adjustments as needed.

Person Monitoring:

Courtney Schumacher/ Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Admin will share discipline data with the PBIS team to determine the impact of action steps on

reducing the number of discipline referrals. The team will evaluate the discipline flowchart and matrix to determine if changes are necessary to increase positive behaviors on campus and in classrooms and if additional targeted instruction for students is necessary based on the types of frequent behaviors identified in the data.

Area of Focus #2

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Student attendance is below the 90% threshold with early warning indicators for all grade levels, kindergarten through sixth. The attendance rate for kindergartners measures the lowest with 83% average attendance followed by first grade with 85% attendance rate. Grades second through sixth average at least 88% attendance resulting in an overall average attendance rate of 87%. Student attendance is crucial for academic success in all grades. It is important that we instill the importance of attending school today to achieve his or her hopes and dreams tomorrow.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

We will increase overall student average daily attendance to meet the 90% present threshold.

Kindergarten- 90%

Rising first graders from 83% to 90%, an increase of 7 percentage points.

Rising second graders from 85% to 90%, an increase of 5 percentage points.

Rising third graders from 88% to 90%, an increase of 2 percentage points.

Rising fourth graders from 88% to 90%, an increase of 2 percentage points.

Rising fifth graders from 88% to 90%, an increase of 2 percentage points.

Rising sixth graders from 88% to 90, an increase of 2 percentage points.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Teachers and administration will monitor student attendance specifically for students identified in the 24-25 school year as absent 25 days or more as well as rising first and second grade students, with the exception of our medically compromised/vulnerable population. We will use Synergy attendance reports for students absent 3-5 days within a 30 day period to monitor absences according to Clay County School District policy and utilize the attendance decision tree to intervene when necessary. By improving students' attendance to at least 90%, we expect to see a positive impact on students'

learning and academic performance on state and local assessments.

Person responsible for monitoring outcome

Courtney Schumacher, Principal; Lina Myers, Assist. Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Prior year's attendance data shows 28 students having missed 25 days or more in a school year. Not only were these students missing instrumental core instruction but their presence was missed as well. Admin and school counselors will create a welcoming environment by personalizing interactions with the student body and by building strong relationships with students identified as absent 25 days or more.

Rationale:

Teachers and admin will create a welcoming environment where students are acknowledged and valued each day. Admin and school counselors will continue to build relationships with all students through a check in system to ensure students know their attendance is noticed and they are missed when not in school. These relationships will foster a feeling of connectedness and a sense of belonging which will lead to improved attendance.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teachers, school counselors, and administrators will specifically target frequently absent students through phone calls and student success team meetings.

Person Monitoring:

Administration, school social worker, guidance counselor, records secretary, and front office secretary

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will use Synergy attendance reports for students absent 3-5 days within 30 days to monitor absences. We will discuss attendance in students success team meetings to devise solutions and or supports for families and students.

Action Step #2

We will work with business partners to provide incentives to improve student attendance school wide

and relate attendance to our positive behavior intervention and supports plan.

Person Monitoring:

Administration, teachers, guidance counselors,
and front office secretary

By When/Frequency:

Weekly/ Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will record attendance by 9:00 am each day. The guidance counselor will run a report for classes with 100% attendance. At the end of the week, the front office secretary will announce the classes school wide as a celebration. We will continue our rewards for individuals each month who exhibit perfect attendance and add in a class reward for the class with the highest percent present.

Action Step #3

Student Success Teams, including teachers, school counselors, and administrators will collect and discuss student attendance in monthly meetings.

Person Monitoring:

Administrators, teachers, and counselors

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Administrators will conduct walkthroughs using the school designed indicator for total participation techniques and student engagement. Synergy reports for student attendance will be analyzed and discussed at monthly Student Success Meetings where teams will problem solve together additional strategies to improve student attendance. Teachers will communicate with families when students are absent over three consecutive days and refer frequently absent students to the success team for additional support. Administrative check ins will be documented in Synergy.

Action Step #4

Professional learning will be provided for total participation techniques which improves student engagement in class. When students are engaged, they want to be in attendance and succeed academically.

Person Monitoring:

Courtney Schumacher/ Lina Myers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Student attendance in all grade levels is below the 90% threshold and suggest a need to make improvements to the learning environment. Total participation techniques are strategies used to improve student engagement in the classroom. We expect that by improving the learning environment, we will increase attendance across all grade levels to meet the 90% threshold and have a positive impact on academic success overall.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

<https://www.oneclay.net/o/rve/page/family-resources>

Scroll down to School Related Links to access the School Improvement Plan

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

Ridgeview Elementary involves parents in the planning, review, and improvement of the Title 1 programs through the responses and comments on the annual Parent Climate Survey, recommendations submitted by the quarterly School Advisory Council meetings, and parent suggestions throughout the year gathered from feedback forms completed at parent involvement activities as well as the feedback provided on the Federal Programs Annual Parent Survey.

Title I funds will be used for parent/family engagement activities to provide parents with opportunities to support their children's academic progress. Funds will be utilized to purchase materials for take-aways, books, supplies, and other educational materials that will help parents support academics. Light refreshments will be provided at events offered during meal times only and pending covid restrictions. K-2 will also send home Summer Take Home Bags with learning activities for our families to engage in over the summer to prevent learning loss. We will also continue One Book One School -Home and School wide reading program for grades 3-6th in the spring.

Our school will ensure adequate representation of parents participating in the decision making progress through parent feedback forms, surveys, and input through the School Advisory Council - we'd like to look at combining PFA and SAC meetings to increase participation.

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

To strengthening the Academic Program we will

- Ensure that all instruction aligns with state and national standards, providing a rigorous and comprehensive academic program.
- Offer ongoing professional development for teachers to deepen their understanding of the curriculum and effective instructional strategies. Focus areas include differentiated instruction, data-driven instruction, and integrating technology.
- Implement regular assessments and use data to inform instruction, identify student needs, and tailor teaching strategies.

Intervention Programs

- Continue to implement a multi-tiered system of supports to identify and provide targeted interventions for students who are struggling academically.
- Offer before and after-school tutoring sessions led by qualified teachers and trained volunteers to provide additional academic support.
- Strengthen special education services to ensure students with disabilities receive the support and resources they need to succeed.

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections 1114(b)(5) and 1116(e)(4)).

No Answer Entered

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

RVE has a dedicated school counselor who provides individual and group counseling sessions to support students' social, emotional, and academic development. The Counselor, in conjunction with parents, completes BRAVE referrals for students in need. We employ licensed mental health professionals, including psychologists and social workers, to provide comprehensive mental health services.

These professionals conduct mental health assessments, individual and group therapy, and provide support for students dealing with trauma, anxiety, depression, and other mental health issues. We collaborate with local mental health organizations to offer additional resources and referrals for students needing intensive support. ESE teachers and support staff work closely with students who have Individualized Education Programs (IEPs) and 504 Plans to ensure they receive appropriate accommodations and modifications.

They provide specialized instruction, speech and language therapy, occupational therapy, and physical therapy as needed. They ensure integration when appropriate. We have implemented character education programs that focus on core values such as respect, responsibility, and empathy. This includes classroom lessons and school-wide initiatives to reinforce positive behavior and social skills. By ensuring comprehensive counseling, school-based mental health services, specialized support services, mentoring programs, and other strategies, our school aims to support the holistic development of students, equipping them with the skills they need to succeed both academically and personally.

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

At RVE, we are dedicated to ensuring our students are prepared for college and career success. To achieve this, we offer accelerated classes and Extended Studies (gifted) programs across all grade levels. Recognizing the importance of technological proficiency in today's world, we provide classes

in coding and technology, and we proudly support a highly successful Robotics Club.

Additionally, RVE benefits from strong partnerships with Orange Park Junior High and Ridgeview High School, which allow us to create a seamless educational pathway for our students. Through these collaborations, we offer advanced learning opportunities and resources that further enrich our students' academic experiences and readiness for future challenges.

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

For the past seven years, RVE has been dedicated to implementing and expanding our Positive Behavioral Interventions and Supports (PBIS) program. Each year, we strive to enhance the program, ensuring it effectively fosters a positive school culture. We offer weekly PRIDE lessons, where we intentionally teach and reinforce the behaviors and values we hold dear. Our PRIDE values are:

- Perseverance
- Respect
- Integrity
- Determination
- Empathy

The PBIS Team has created comprehensive resources, including signage, songs, videos, and lesson plans, to be used across all grade levels and school areas. These materials help ensure a consistent and engaging approach to promoting our PRIDE values. Our weekly PRIDE Academy also incorporates lessons from the 7 Mindsets program, further enriching our students' social-emotional learning and helping them develop a positive and growth-oriented mindset.

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

At RVE, we collaborate closely with the district to provide ongoing professional development (PD) and facilitate productive, focused Professional Learning Communities (PLCs). Our PLCs cater to a variety of learning opportunities, including grade-level teams, subject-specific vertical teams, and whole group sessions.

We also offer monthly PD sessions specifically designed for new teachers to support their growth and integration into our school community. Additionally, RVE encourages our academic support personnel to pursue microcredentials to expand their knowledge of the science of reading, further enhancing our

instructional capabilities and student outcomes.

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

Students entering Kindergarten at RVE are prescreened for school readiness in the weeks before the academic year begins. This screening process allows our team to accurately place students and identify the supports needed from the start.

At the beginning of the school year, our Speech Pathologists assess all Kindergarten students to identify any speech and language needs early on. To ensure a smooth transition, we implement a staggered start during the first week of school, allowing students to gradually acclimate to the school environment.

Additionally, an ESE (Exceptional Student Education) specialist is assigned to Kindergarten to provide support and assist in the early identification of any special needs. This comprehensive approach ensures that every student receives the appropriate resources and support from day one.

DRAFT

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

The faculty and staff of S. Bryan Jennings Elementary will collaboratively work with all stakeholders to establish an inclusive, equitable, and safe learning community to support high expectations and maximum achievement in all students by identifying and meeting the unique academic, social, and emotional needs of each individual student.

Provide the school's vision statement

S. Bryan Jennings Elementary School exists to prepare students to be adult-life ready by forming lifelong learners for success in a competitive global market.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Jocelyn Farber

jocelyn.farber@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Mrs. Farber is the instructional leader of the school. She leads the staff as they disaggregate all data sources to identify areas of strength and opportunities to grow. She is responsible for the implementation of all state, district, and school initiatives.

Leadership Team Member #2

Employee's Name

Debbie Chapman

debbie.chapman@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Mrs. Chapman is a school administrator responsible for supporting the principal in the instructional leadership of our school, as well as to the overall well-being and safety of the scholars and staff.

Leadership Team Member #3

Employee's Name

Jordan Ruckersfeldt

jordan.ruckersfeldt@myoneclay.net

Position Title

Title 1 Lead, Math Coach

Job Duties and Responsibilities

Mrs. Ruckersfeldt leads math interventions, assists with small group practices and data analyses for differentiation, and advances Eureka instruction and implementation of the B.E.S.T. standards. Additionally, she serves as the Title I Lead.

Leadership Team Member #4

Employee's Name

Nancy Gleneski

nancy.gleneski@myoneclay.net

Position Title

ITF, ELA Coach

Job Duties and Responsibilities

Mrs. Gleneski is a Title I reading intervention teacher, as well as the Intervention Team Facilitator. She also leads our school's PBIS committee and serves as our school SAC Chair.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

A School Advisory Council comprised of administrators, teachers, support staff, parents, and community members review and provide input to the School Improvement Plan. Additionally, teachers are made aware of School Improvement Plan goals- which are developed in conjunction with our Title I plan in response to student achievement data- at the start of the new school year in order to provide feedback.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

Progress towards SIP goals is monitored through regular School Advisory Council meetings, as well as quarterly data meetings with teachers. During these meetings, student progress towards these goals are analyzed, the status of students who are in most need are discussed, and action steps and resources to close achievement gaps and reach our SIP goals are vetted.

C. Demographic Data

| | |
|--|---|
| 2025-26 STATUS (PER MSID FILE) | ACTIVE |
| SCHOOL TYPE AND GRADES SERVED (PER MSID FILE) | ELEMENTARY PK-6 |

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | 74 | 77 | 79 | 82 | 73 | 76 | 73 | | | 534 |
| Absent 10% or more school days | 16 | 21 | 10 | 14 | 14 | 11 | 17 | | | 103 |
| One or more suspensions | 1 | 0 | 3 | 5 | 1 | 4 | 8 | | | 22 |
| Course failure in English Language Arts (ELA) | 1 | 0 | 0 | 0 | 0 | 0 | 2 | | | 3 |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | | | 0 |
| Level 1 on statewide ELA assessment | 0 | 35 | 24 | 11 | 15 | 8 | 12 | | | 105 |
| Level 1 on statewide Math assessment | 15 | 17 | 17 | 13 | 11 | 14 | 5 | | | 92 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 1 | 0 | 0 | 0 | 1 | 1 | 1 | | | 4 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 0 | 0 | 0 | 0 | 0 | 1 | 0 | | | 1 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 15 | 24 | 21 | 18 | 13 | 14 | 12 | | | 117 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 0 | 4 | 3 | 4 | 1 | 2 | 1 | | | 15 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 28 | 18 | 23 | 14 | 13 | 18 | 17 | | | 131 |
| One or more suspensions | | 5 | 5 | 1 | 6 | 7 | 6 | | | 30 |
| Course failure in English Language Arts (ELA) | | 3 | | 6 | | 1 | 6 | | | 16 |
| Course failure in Math | | 3 | | 7 | | 6 | | | | 16 |
| Level 1 on statewide ELA assessment | 7 | 23 | 34 | 10 | 13 | 18 | 17 | | | 122 |
| Level 1 on statewide Math assessment | 3 | 18 | 32 | 15 | 15 | 12 | 10 | | | 105 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 7 | 23 | 34 | 6 | | | | | | 70 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 3 | 18 | 32 | 15 | 15 | | | | | 83 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 1 | 3 | 6 | 4 | | | 1 | | | 15 |
| Students retained two or more times | | | | | | | | | | 0 |

DRAFT

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | 2024 | | 2023** | |
|--|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 59 | 63 | 59 | 58 | 62 | 57 |
| Grade 3 ELA Achievement | 56 | 66 | 59 | 68 | 65 | 58 |
| ELA Learning Gains | 61 | 62 | 60 | 65 | 62 | 60 |
| ELA Lowest 25th Percentile | 63 | 60 | 56 | 80 | 60 | 57 |
| Math Achievement* | 65 | 67 | 64 | 62 | 67 | 62 |
| Math Learning Gains | 74 | 65 | 63 | 78 | 68 | 62 |
| Math Lowest 25th Percentile | 64 | 57 | 51 | 72 | 59 | 52 |
| Science Achievement | 73 | 62 | 58 | 70 | 61 | 57 |
| Social Studies Achievement* | | | 92 | | | |
| Graduation Rate | | | | | | |
| Middle School Acceleration | | | | | | |
| College and Career Acceleration | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 77 | 72 | 63 | 54 | 55 | 61 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | |
|--|------|
| ESSA Category (CSI, TSI or ATSI) | N/A |
| OVERALL FPPI – All Students | 66% |
| OVERALL FPPI Below 41% - All Students | No |
| Total Number of Subgroups Missing the Target | 0 |
| Total Points Earned for the FPPI | 592 |
| Total Components for the FPPI | 9 |
| Percent Tested | 100% |
| Graduation Rate | |

| ESSA OVERALL FPPI HISTORY | | | | | | |
|---------------------------|---------|---------|---------|-----------|----------|---------|
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 66% | 67% | 57% | 59% | 46% | | 57% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| Students With Disabilities | 45% | No | | |
| English Language Learners | 57% | No | | |
| Black/African American Students | 58% | No | | |
| Hispanic Students | 73% | No | | |
| Multiracial Students | 70% | No | | |
| White Students | 63% | No | | |
| Economically Disadvantaged Students | 65% | No | | |

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

| 2024-25 ACCOUNTABILITY COMPONENTS BY SUBGROUPS | | | | | | | | | | | | | |
|--|----------|------------------|--------|-------------|-----------|---------|--------------|----------|---------|-----------|-------------------|-------------------|--------------|
| | ELA ACH. | GRADE 3 ELA ACH. | ELA LG | ELA LG L25% | MATH ACH. | MATH LG | MATH LG L25% | SCI ACH. | SS ACH. | MS ACCEL. | GRAD RATE 2023-24 | C&C ACCEL 2023-24 | ELP PROGRESS |

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

| 2024-25 SPRING | | | | | | |
|----------------|-------|--------|----------|-------------------|-------|----------------|
| SUBJECT | GRADE | SCHOOL | DISTRICT | SCHOOL - DISTRICT | STATE | SCHOOL - STATE |
| ELA | 3 | 56% | 65% | -9% | 57% | -1% |
| ELA | 4 | 56% | 59% | -3% | 56% | 0% |

| Science | 5 | 62% | 61% | 1% | 55% | 7% |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Our PBIS data component showed a dramatic decline, which is a huge improvement! In the 2023-2024 school, we had 138 discipline referrals, and our goal for this year was to have 80 or less. We are ending the 2024-2025 school year with only 58 referrals! This is all because of our strong PBIS committee who helped ensure consistent Tier 1 behavior expectations were communicated and implemented across campus. New actions that helped with this improvement were teachers utilizing a shared behavior tracker, as well as teachers learning more engagement and de-escalation techniques. Academically, ELA and Math data in grades 3-6 showed tremendous improvement from the PM1 to PM3. New actions that facilitated these improvements were a strong PLC structure for various teachers and supports to dig into data and collaborate intentionally, strategic and consistent small group instruction in both content areas, and the addition of our ELD teachers.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component that showed the lowest component was Mathematics for both kindergarten and 1st grade, as well as ELA for 1st grade. Kindergarten and 1st grade Mathematics, as well as 1st grade ELA, all grew just 36% this year. The biggest contributing factor to these low performances was an influx of ELL and ESE students. While these students receive tremendous support in ELA, there are not always the same supports in place for Mathematics. Another data component that showed low performance was 5th grade Math; there was only a 38% increase from PM1 to PM3. Factors such as a high ELL population and students missing foundational skills contributed to this low performance. Additional supports in planning, instruction, and data analysis will be in place for next school year.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that

contributed to this decline.

The data component that shows the greatest decline from the prior year is third grade ELA. Factors contributing to this include the current class missing foundational skills (academic and behavior) in the previous year. We have supports in place for next year's third grade student cohort, including looping with their teachers.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

First grade ELA (41% to 58%) and Math (39% to 61%) had the greatest gaps when compared to the state averages. The factors contributing to this gap include 3 of the 4 teachers being new, inconsistency with our most experienced teacher being out on FMLA, and high ELL populations.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

An EWS area of concern continues to be attendance. Our school has a core group of students that are either frequently absent or tardy (30 minutes or more) every day. These are typically the students who are struggling with classwork and/or are not meeting growth or proficiency expectations.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1) K-2 ELA; specifically, preparing 2nd graders for rigorous 3rd grade ELA standards/testing; 2) K-1 Math; 3) 3rd grade ELA; 4) 5th grade Math; 5) Student attendance/truancy

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA required by RAISE (specific questions)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Targeted small group instruction in ELA focusing on foundational skills and addressed learning gaps identified in prior year data.

Impact on Student Achievement: Increase proficiency, differentiated support for students needs, and decreasing the gap for students with reading deficiencies and for ELL students.

Rationale: Prior year data shows a decline in previous year proficiency. For the 2025-2026 school year, the curriculum will be new district wide.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

Targeted small group instruction based on data to determine and address student learning needs. District literacy support, professional learning provided by Lexia for K-2, learning walks with debrief, and Title 1 ELA coach to support with teacher needs.

Grades 3-5: Instructional Practice specifically related to Reading/ELA

Targeted small group instruction based on data to determine and address student learning needs. District literacy support, professional learning provided by Lexia for 3-5, learning walks with debrief, and Title 1 ELA coach to support with teacher needs.

Grades K-2: Measurable Outcome(s)

For 2024-2025 in PM3, K-2 ELA data was as follows: 49%, 41%, and 51%. By closely monitoring and responding to FAST and Acadience data, by PM3, 53% of students in grades K-2 will reach proficiency in ELA.

Grades 3-5: Measurable Outcome(s)

For 2024-2025 in PM3, 3-6 ELA data was as follows: 56%, 56%, 54%, and 56%. By closely monitoring and responding to FAST and Acadience data, by PM3, 60% of students in grades 3-6 will reach proficiency in ELA.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

- Monthly monitoring of PMPs / tiered interventions in grade 3, especially retainees
- Acadience screeners completed 3x/year. Work with Ms Gleneski to respond to data and monitor progress.
- Mid Year data meetings

Person responsible for monitoring outcome

Jocelyn Farber, principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Evidence-based program that addresses the identified gaps aligned with the 5 Components of Reading: adaptive blended learning program Systematic and structured approach to six areas of reading: phonological awareness, phonics, vocabulary, structural analysis, automaticity/fluency, and comprehension.

Rationale:

Lexia Core5 (Strong Evidence for All struggling students): Implementation Fidelity and student progress monitoring assessed through Acaadience

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teachers will intentionally plan to incorporate a variety of total participation techniques including summarization, metacognition, note taking, and jigsaw.

Person Monitoring:

Jocelyn Farber

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Interim check in with teachers Walkthroughs Content PLCs

Action Step #2

Professional learning will be provided in the format of whole group PL sessions, peer observations, coaching as needed, and flexible choice PLC dates (with support from district personnel and Lexia support).

Person Monitoring:

Jocelyn Farber

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Walkthroughs

Action Step #3

Data meetings will be held [frequency] to reflect on how [the instructional priority] is impacting student achievement by..... After PM1, teachers will have a PLC day to work on analyzing / triangulating data. Resources and help will be available if needed. After PM2, we will have ½ day grade level data meetings. This will impact student achievement by intentionally planning for student needs.

Person Monitoring:

Jocelyn Farber

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Notes from PLC and data meetings

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Targeted small group instruction in math focusing on foundational skills and closing learning gaps identified in the previous year data.

Impact on Student Achievement: Aim to close the gaps with the district and state proficiency averages in grades K-2.

Rationale: Our 24-25 data was lower than both the state and district averages. Small group

instruction and data analysis will be critical for student growth.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

STAR data will reflect a minimum of 50% proficiency by PM3, compared to 38%, 39%, and 57% this year. Monitor student growth percentile at PM2 data with a minimum of 25 growth points per student. Walkthrough data will indicate that at least 75% of math classrooms demonstrate evidence of differentiated instruction and targeted interventions.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Monitor STAR data to make instructional decisions. Look at each student's PM2 data to determine growth and needs. Mid Year Data meetings to plan for further instruction.

Person responsible for monitoring outcome

Debbie Chapman

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Teachers will provide learning targets and success criteria for lessons.

Rationale:

Sharing clear statements used throughout each lesson to help students understand what they are learning, why it's important, and how to measure their progress.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teachers will intentionally plan to provide differentiated small group instruction based on student assessment data.

Person Monitoring:

Debbie Chapman

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Interim check in with teachers Walkthroughs Content PLCs

Action Step #2

Whole group and small group content specific professional learning, including how to analyze and respond to data, will be provided through PLCs

Person Monitoring:

Debbie Chapman

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Walkthrough

Action Step #3

After PM2, we will have ½ day grade level data meetings / learning walks to include intentional planning and analyzing data. This will impact student achievement by intentionally planning for student needs.

Person Monitoring:

Debbie Chapman

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Notes from PLC and data meetings

Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

specifically relating to**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

No Answer Entered

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

No Answer Entered

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

No Answer Entered

Person responsible for monitoring outcome**Evidence-based Intervention:**

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:**Rationale:****Tier of Evidence-based Intervention:****Will this evidence-based intervention be funded with UniSIG?**

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1**Person Monitoring:****By When/Frequency:**

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

IV. Positive Learning Environment**Area of Focus #1**

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Our overall attendance rate is improving yet we have students with chronic absenteeism who also fall into the lower quartile of our students.

Impact on Student Achievement: If we can provide incentive for these students to attend school

through engagement, community, and positive relationships, we can improve their academic data by consistent exposure to rigorous instruction and support. This will also help when we need to start MTSS problem solving with a student since attendance can prevent them from qualifying for MTSS support.

Rationale: Learning gains and lowest quartile continue to be static with students whose attendance is low. Focusing on attendance with interventions and support for families would allow us to make a bigger impact on their learning.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Identify 10 students K-2 and 10 students 3-6 with the most habitual attendance issues. Monitor their attendance and their academic data 3x/ year. Decrease percentage of students with attendance below 90% from 19% to 12%.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Monitor attendance of the 20 identified students monthly. Contact families with celebrations and / or support to help overcome attendance barriers.

Person responsible for monitoring outcome

Jocelyn Farber and Debbie Chapman

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Metacognitive Strategies: Teaching students how to think about their own thinking and learning processes

Rationale:

With a Hattie effect size of 0.60, teaching students to think about their own learning processes and how attendance is critical for that will help build intrinsic motivation to be at school.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Identify target students and have an adult who will intentionally build positive relationships with them and incentivize them to come to school.

Person Monitoring:

Jocelyn Farber and Debbie Chapman

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

List students and their adults. Set attendance goals with students.

Action Step #2

Through whole group and flexible choice PLC professional learning: total participation techniques PD from district personnel to help ensure students are engaged in learning and want to attend and an optional book study on Flooded to help ensure we are responding to student emotional needs at school to reduce stress.

Person Monitoring:

Jocelyn Farber and Debbie Chapman

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Attendance will be tracked at professional learning and follow up learning provided as needed.

Action Step #3

Provide incentives when students meet their attendance goals.

Person Monitoring:

Jocelyn Farber and Debbie Chapman

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Provide incentives that are meaningful to students.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

The mission of St. Johns Classical Academy is to develop graduates in mind and character through a classical, content-rich curriculum that emphasizes the principles of virtuous living, traditional learning, and civic responsibility. We are building intelligent, virtuous American citizens.

Provide the school's vision statement

The vision of St. Johns Classical Academy is to offer a unique option that provides students with an American Classical education. Scholars will receive a cohesive K-12 education, which builds upon itself year after year, creating a successful foundation for learning. Scholars will be intentionally taught the benefits of a virtuous character and will be challenged through the lessons taught within the K-12 curriculum to develop and strengthen their character. Our teachers will provide the support and attention scholars require in order to meet the high expectations of a Classical education.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Carole McCullough

carole.mccullough@stjca.org

Position Title

Head of School

Job Duties and Responsibilities

The Head of School is tasked with overall school management to fulfill the mission, providing organizational and instructional leadership to assure positive scholar outcomes while maintaining the

integrity of the approved charter and the safety of the school population. She ensures compliance with established procedures and rules in daily operation of school, maintaining standards of conduct set forth by the school, the county, and the state. She is responsible for faculty/staff interviews, hiring, contracts, and evaluations. She provides leadership in developing and fostering positive community relationships and effective communication with all stakeholders, including students, faculty/staff, the governing Board, the Lions Council, and parents/guardians. She ensures security, cleanliness, and maintenance of facilities and coordinates their utilization. She coordinates the supervision of duty assignments and extra-curricular activities. She is responsible for timely reporting of school data and effective operation of the school, assisting in business management, budget development, and cost accounting. She provides effective leadership in implementing ethics and conduct found in the Teacher Procedural Manual and in assisting in professional development planning and delivery. She ensures safety of the school population by coordinating development and implementation of emergency plans and drills. She ensures the implementation of policies and programs for school technology and special needs populations. She ensures proper purchasing and accounting/inventory of all school property. She provides leadership in implementation of state standards and best practices that lead to student success.

Leadership Team Member #2

Employee's Name

Angie Casteel

angie.casteel@stjca.org

Position Title

Dean of Academics for Upper School

Job Duties and Responsibilities

The Dean of Academics upholds and supports the vision and mission of St. Johns Classical Academy. She provides teachers with coaching, mentoring, and training in implementing curriculum from the *K-12 Program Guide*, using "Hillsdale's Best Practices for K-12 Classical Schools," and integrating state standards. She helps develop the master schedule, conducts classroom observations, and develops and implements professional development for Upper School grades 6-12.

Leadership Team Member #3

Employee's Name

Amy Melquist

amy.melquist@stjca.org

Position Title

Dean of Academics for Grammar School

Job Duties and Responsibilities

The Dean of Academics upholds and supports the vision and mission of St. Johns Classical Academy. She provides teachers with coaching, mentoring, and training in implementing curriculum from the *K-12 Program Guide*, using “Hillsdale’s Best Practices for K-12 Classical Schools,” and integrating state standards. She helps develop the master schedule, conducts classroom observations, and develops and implements professional development for Upper School grades K-6.

Leadership Team Member #4**Employee's Name**

Matt Bowers

matt.bowers@stjca.org

Position Title

Dean of Student Culture

Job Duties and Responsibilities

Discipline, Attendance, Student Affairs.

Leadership Team Member #5**Employee's Name**

Hannah Patterson

hannah.patterson@stjca.org

Position Title

Dean of Student Culture

Job Duties and Responsibilities

Discipline, attendance, student affairs

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Stakeholder involvement is very important to the success of St. Johns Classical Academy. In its ninth

year of operations, involvement from all stakeholders continues to increase. The school leadership team, comprised of school administrators, grammar school team leads, and upper school department chairs meets regularly to discuss near-term and long-term school improvement issues. On a regular basis, teachers, school staff, and parents participate in surveys with the purpose of school improvement. Lions Council, the school's parent-teacher association, helps determine parent satisfaction using data from the survey. School administrators meet with Student Government to discuss student issues. Lions Council oversees the community partners program and helps gather input.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The school improvement plan will be monitored through quarterly analysis of measurable goals in the areas of focus, including data from both state (PM1/PM2) and internal testing. Bi-weekly or monthly administrator classroom walkthroughs, which ensure fidelity to the chosen interventions, will provide individual feedback, especially regarding sub-groups that exhibit the greatest achievement gaps. We will continue analyzing and observing to target the highest priorities for increasing student achievement. All data, including that from staff/parent/student surveys, will inform revisions that ensure continuous improvement.

C. Demographic Data

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | 85 | 92 | 95 | 87 | 86 | 80 | 80 | 88 | 75 | 768 |
| Absent 10% or more school days | 6 | 9 | 14 | 13 | 8 | 10 | 9 | 19 | 15 | 103 |
| One or more suspensions | 1 | 3 | 0 | 0 | 5 | 2 | 2 | 0 | 4 | 17 |
| Course failure in English Language Arts (ELA) | 0 | 0 | 0 | 0 | 0 | 0 | 1 | 1 | 0 | 2 |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 8 | 5 | 13 |
| Level 1 on statewide ELA assessment | 0 | 9 | 6 | 7 | 10 | 16 | 3 | 7 | 6 | 64 |
| Level 1 on statewide Math assessment | 8 | 6 | 7 | 0 | 10 | 15 | 5 | 10 | 5 | 66 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 0 | 1 | 3 | 1 | | | | | | 5 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 0 | 0 | 0 | 0 | 0 | | | | | 0 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|----|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 1 | 12 | 8 | 0 | 8 | 8 | 5 | 9 | 7 | 58 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 0 | 0 | 1 | 0 | 0 | 0 | 0 | 0 | 1 | 2 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|---|----|----|----|---|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 12 | 10 | 3 | 11 | 6 | 7 | 7 | 10 | 4 | 70 |
| One or more suspensions | | | | | | | | 6 | 4 | 10 |
| Course failure in English Language Arts (ELA) | | | | | | | | 6 | 1 | 7 |
| Course failure in Math | | | | | | | | 2 | 1 | 3 |
| Level 1 on statewide ELA assessment | | | | 8 | 17 | 8 | 7 | 12 | 13 | 65 |
| Level 1 on statewide Math assessment | | | | 7 | 10 | 11 | 6 | 8 | 2 | 44 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | 8 | | | | | | 8 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | 7 | 10 | | | | | 17 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | | | 4 | 6 | 4 | 2 | 4 | 2 | 22 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

| 2024-25 SPRING | | | | | | |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

The Students with Disabilities subgroup showed the most improvement. We focused on anchoring our one-to-one and small-group interventions in evidence-based literacy (Literacy Essentials) and numeracy (Singapore Math, IXL) programs. These research-based programs are proven effective in improving outcomes for students with disabilities. We increased and improved training for instructors in pull-outs and intensive classes in the prior year, which lead to overall gains in ELA, math, and science achievement. We also restructured our ELA and math intensive classes in grades 6-10 to decrease the number of students per class and group students more appropriately. In addition, we increased the number of teachers attending a more rigorous Literacy Essential summer training before the school year began.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Career and college acceleration is our lowest performing category. Our school uses Hillsdale's K-12 curriculum, which contains few elective classes and all honors classes in Upper School (7-12). Scholars are all required to take the same classes and to continue through the course progression until they graduate. For example, all scholars continue in math through pre-calculus; the only math class that is "elective" is calculus. Because the curriculum is rigorous and scholars have only 5-6 elective courses total in grades 9-12, we do not focus on AP and DE offerings, though we offer some. In addition, our curriculum does not include any CTE coursework. We plan to increase our AP and DE offerings in the future.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Both Hispanic and Multiracial student math achievement decreased by 5 percentage points. We had an influx of ESOL students this year and struggled with resources to effectively support them. We worked to increase training and personnel throughout the year, which should lead to improved scores in the coming year.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data component with the greatest gap comparing the school average to the state average was Math Learning Gains. The factors that contributed to this trend was new teachers in both 7th and 8th grade math and the influx of new 7th and 8th graders that were lower levels at the start of the school year. For the upcoming school year, experienced teachers have been placed in these grade levels and low level students will also have an intensive math class in addition to their grade level appropriate math course.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Absent 10% or more school days is at 13.4% of our population.

Middle school course failure in math as well as level 1 on statewide math assessment, where numbers increased significantly in grades 5, 7, and 8.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Improving math instruction and learning.
2. Decreasing absenteeism.

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

We have based this area of focus on state testing data in grades K-8, teacher input, and classroom walkthroughs/observations.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

The measurable outcome is a decrease to 15% or less in the number of level one scores of individual teachers in grades K-8 flagged with scores higher than 15% on the previous year's PM3, and a decrease to 20% in the number of level two scores of individual teachers in grades K-8 flagged with scores higher than 20% on the previous year's PM3

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

We will monitor IXL use, state testing data, classroom data, and effective instructional practices

Person responsible for monitoring outcome

Amy Melquist

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Fidelity to the Singapore Math methodology with required IXL for homework practice of standards-based content.

Rationale:

Both the Singapore Math methodology and IXL have strong, evidence-based data to support improved outcomes in math.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Daily, targeted practice using IXL

Person Monitoring:

Angie Casteel

By When/Frequency:

by the end of each month

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will provide administration with data to show identified areas of weakness and implementation of daily, targeted practice using IXL.

Action Step #2

Effective implementation of Singapore math curriculum

Person Monitoring:

Amy Melquist

By When/Frequency:

by the end of each month

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Administration will provide professional development in best practices for teaching Singapore math and recognizing/targeting gaps in knowledge, and perform classroom walkthroughs to monitor effectiveness of implementation. Walkthrough feedback will be used by Administration and teacher to create an action plan for improving instruction.

Action Step #3

Monitor state testing data through PM1 and PM2

Person Monitoring:

Kelsey Campbell

By When/Frequency:

within a week of data release

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data is presented to administration and admin meets with each grade level to analyze and create an action plan for struggling students.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

In grades 2, 3, 5, and 6 more than 10% of scholars had attendance below 90%, and in grades 7 & 8 more than 20% of scholars had attendance below 90%. Absence greatly affects learning at SJCA as we have very little computer-based work; teacher-led, whole-class instruction with a focus on Socratic questioning is the model at all grade levels in all subjects. Scholars not in attendance miss out on the whole-class discussion and guided practice that promote learning in a Classical model. In 2024-25, we did not have a strong attendance committee and did not effectively communicate excessive absences nor hold parents accountable.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Percent of scholars with attendance below 90%:

Gr 2 14.7%

Gr 3 14.9%

Gr 5 12.5%

Gr 6 11.3%

Gr 7 21.5%

Gr 8 20%

Our goal is to reduce these percentages to no more than 8% of scholars at any grade level with attendance below 90%.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

In addition to daily attendance notification, the attendance committee will compile weekly attendance data and communicate further with parents whose scholars are in danger of either exceeding 3 unexcused absences or overall attendance dropping below 95%. The admin team will analyze the data bi-weekly and set up in-person parent conferences as needed. As student attendance improves, we predict improvement in learning outcomes and overall student achievement due to increased opportunity to participate in the whole-class teaching and learning model.

Person responsible for monitoring outcome

Matt Bowers, Dean of Student Culture

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

We will improve attendance monitoring and parent communication by utilizing an attendance committee to track absences and communicate through weekly phone calls, email, and physical letters. Administration will analyze data and provide further communication.

Rationale:

SJCA has no buses, so parents who must drop off their scholars each day are ultimately responsible for attendance. Consistent communication reminds both parents and scholars that attendance matters. A face-to-face conference allows everyone to communicate their ideas and find solutions to overcoming obstacles.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #2:

We will identify K-6 scholars with poor attendance and place them in the "Reading Buddies" program involving Upper School scholars, with the goal of improving attendance through a greater sense of community.

Rationale:

Scholars with poor attendance can feel greater incentive to attend school when experience a strong personal relationship within the community.

Tier of Evidence-based Intervention:

Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Improved parent communication

Person Monitoring:

Matt Bowers

By When/Frequency:

bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

At three unexcused absences, parents will receive a phone call with follow-up email warning that after a total of five, the parent will be required to attend an in-person conference. At four unexcused absences, parents receive another phone call and email. At five unexcused absences, parents receive a phone call, a follow-up email, and a physical letter requiring them to attend an in-person conference with an administrator and teacher in order to find solutions to attendance issues.

Action Step #2

Reading Buddies program

Person Monitoring:

Angie Casteel

By When/Frequency:

Bi-weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Select Upper School scholars will form the Reading Buddies program to read with "attendance at-risk" K-6 scholars either before school in the morning or during studium times throughout the day. The Upper scholars will receive training in how to encourage the younger scholars to improve attendance.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

DRAFT

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

No

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

The mission of St. Johns Classical Academy is to develop graduates in mind and character through a classical, content-rich curriculum that emphasizes the principles of virtuous living, traditional learning, and civic responsibility. We are building intelligent, virtuous American citizens.

Provide the school's vision statement

The vision of St. Johns Classical Academy is to offer a unique option that provides students with classical education. Scholars will receive a cohesive Classical education, which builds upon itself year after year, creating a successful foundation for learning. Scholars will be intentionally taught the benefits of a virtuous character and will be challenged through the lessons taught within the curriculum to develop and strengthen their character. Our teachers will provide the support and attention scholars require in order to meet the high expectations of a Classical education

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Anthony Bradley

anthony.bradley@stjca.org

Position Title

Headmaster

Job Duties and Responsibilities

The Headmaster will implement a traditional, classical, liberal arts and sciences curriculum. The Headmaster makes final decisions on curriculum, subject to the approval of the Governing Board and

in accordance with the affiliation agreement with Hillsdale College's Barney Charter School Initiative (BCSI). The Headmaster, while chiefly the academic leader, is also responsible for the discipline, moral culture, operations, and financial oversight of SJCA

Leadership Team Member #2

Employee's Name

Sierra Scherer

Sierra.scherer@stjca.org

Position Title

Dean of Academics

Job Duties and Responsibilities

The Dean of Academics is expected to be a creative thought leader and should view their role as a coach, mentor, and standard-setter for educators. The Dean of Academics provides professional development in the areas of Literacy Essentials and Singapore Math. They conduct classroom walkthroughs and provides feedback to teachers on how best to improve instruction.

Leadership Team Member #3

Employee's Name

Kayla Flannagan

kayla.flannagan@stjca.org

Position Title

Dean of Students

Job Duties and Responsibilities

The Dean of Students is expected to be a creative thought leader and should view their role as a coach, mentor, and standard-setter for educators. The Dean of Academics provides professional development in the areas of school discipline, climate and culture. They conduct classroom walkthroughs and provides feedback to teachers on how best to improve instruction. Additionally, the Dean of Students will address discipline and leadership training among students.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

SJCA is a public, non-sectarian institution serving a diverse population. All members of the SJCA community—the administration, teachers, parents, business partners and scholars—should show profound respect and tolerance for the religious, political, and cultural traditions and perspectives of others. The administration and teachers will take the lead at SJCA in actively promoting academics, tolerance, civility, and sensitivity. They encourage a civil and tolerant discussion of ideas when such topics naturally arise in class or on campus. Input from stakeholders via annual surveys and annual meeting of the School Advisory Council.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The SIP will be monitored against the established State testing and performance standards. Areas of improvement will be developed based on the accessed need demonstrated by PM test results and teacher, administration observations on campus. Feedback will drive any needed changes after each PM cycle. Additional monitoring will be conducted based on school-based data-charts tracking student performance in the areas of literacy and math.

C. Demographic Data

| | |
|---|--|
| 2025-26 STATUS (PER MSID FILE) | ACTIVE |
| SCHOOL TYPE AND GRADES SERVED (PER MSID FILE) | COMBINATION KG-12 |
| PRIMARY SERVICE TYPE (PER MSID FILE) | K-12 GENERAL EDUCATION |
| 2024-25 TITLE I SCHOOL STATUS | NO |
| 2024-25 ECONOMICALLY DISADVANTAGED (FRL) RATE | 22.4% |
| CHARTER SCHOOL | YES |
| RAISE SCHOOL | NO |

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | | |
| School Enrollment | 103 | 78 | 48 | 41 | 43 | 40 | 31 | | | 384 | |
| Absent 10% or more school days | 13 | 8 | 4 | 2 | 2 | 4 | 2 | | | 35 | |
| One or more suspensions | 2 | 2 | 1 | 2 | 3 | 3 | 0 | | | 13 | |
| Course failure in English Language Arts (ELA) | 0 | 1 | 0 | 0 | 0 | 0 | 0 | | | 1 | |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | | | 0 | |
| Level 1 on statewide ELA assessment | 0 | 12 | 10 | 7 | 10 | 7 | 6 | | | 52 | |
| Level 1 on statewide Math assessment | 15 | 7 | 11 | 6 | 13 | 10 | 3 | | | 65 | |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 0 | 1 | 1 | 2 | 0 | 0 | 0 | | | 4 | |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 0 | 0 | 0 | 0 | 0 | 0 | 0 | | | 0 | |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|----|---|----|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 13 | 8 | 10 | 6 | 10 | 7 | 3 | | | 57 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 0 | 0 | 0 | 3 | 0 | 0 | 0 | | | 3 |
| Students retained two or more times | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|---|----|----|----|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 12 | 8 | 8 | 1 | 2 | 3 | | | | 34 |
| One or more suspensions | 4 | 4 | 2 | 3 | 2 | 1 | | | | 16 |
| Course failure in English Language Arts (ELA) | 1 | | | 1 | 1 | 1 | | | | 4 |
| Course failure in Math | | 1 | | | 1 | 1 | | | | 3 |
| Level 1 on statewide ELA assessment | | | | 18 | 13 | 23 | | | | 54 |
| Level 1 on statewide Math assessment | | | | 15 | 35 | 30 | | | | 80 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 9 | 12 | 7 | 8 | | | | | | 36 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 23 | 6 | | 2 | 4 | | | | | 35 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|----|----|----|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | | | 15 | 23 | 25 | | | | 63 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 2 | | | 1 | | | | | | 3 |
| Students retained two or more times | | | | | | | | | | 0 |

2. Grades 9-12 (optional)

Current Year (2025-26)

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|---|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| School Enrollment | | | | | 0 |
| Absent 10% or more school days | | | | | 0 |
| One or more suspensions | | | | | 0 |
| Course failure in English Language Arts (ELA) | | | | | 0 |
| Course failure in Math | | | | | 0 |
| Level 1 on statewide ELA assessment | | | | | 0 |
| Level 1 on statewide Algebra assessment | | | | | 0 |

Current Year (2025-26)

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Students with two or more indicators | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | TOTAL |
|---|-------------|----|----|----|-------|
| | 9 | 10 | 11 | 12 | |
| Absent 10% or more school days | | | | | 0 |

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 57 | 57 | 61 | 51 | 54 | 58 | | 52 | 53 |
| Grade 3 ELA Achievement | 61 | 66 | 62 | 51 | 58 | 59 | | 64 | 56 |
| ELA Learning Gains | 53 | 56 | 61 | 53 | 51 | 59 | | | |
| ELA Lowest 25th Percentile | 48 | 50 | 55 | 64 | 49 | 54 | | | |
| Math Achievement* | 50 | 58 | 62 | 45 | 57 | 59 | | 56 | 55 |
| Math Learning Gains | 51 | 54 | 60 | 35 | 57 | 61 | | | |
| Math Lowest 25th Percentile | 25 | 49 | 53 | 27 | 51 | 56 | | | |
| Science Achievement | 38 | 55 | 57 | 46 | 53 | 54 | | 61 | 52 |
| Social Studies Achievement* | | 75 | 74 | | 74 | 72 | | 74 | 68 |
| Graduation Rate | | 82 | 72 | | 77 | 71 | | 70 | 74 |
| Middle School Acceleration | | 67 | 75 | | 68 | 71 | | 69 | 70 |
| College and Career Acceleration | | 40 | 56 | | 43 | 54 | | 38 | 53 |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 66 | | 61 | | 59 | 59 | | 39 | 55 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | ATSI |
| OVERALL FPPI – All Students | | | | | | 48% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 3 |
| Total Points Earned for the FPPI | | | | | | 383 |
| Total Components for the FPPI | | | | | | 8 |
| Percent Tested | | | | | | 100% |
| Graduation Rate | | | | | | |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 48% | 47% | | | | | |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| Students With Disabilities | 39% | Yes | 2 | |
| Black/African American Students | 31% | Yes | 1 | 1 |
| Hispanic Students | 46% | No | | |
| Multiracial Students | 54% | No | | |
| White Students | 56% | No | | |
| Economically Disadvantaged Students | 40% | Yes | 2 | |

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

| 2024-25 ACCOUNTABILITY COMPONENTS BY SUBGROUPS | | | | | | | | | | | | | |
|--|----------|------------------|--------|-------------|-----------|---------|--------------|----------|---------|-----------|-------------------|-------------------|--------------|
| | ELA ACH. | GRADE 3 ELA ACH. | ELA LG | ELA LG L25% | MATH ACH. | MATH LG | MATH LG L25% | SCI ACH. | SS ACH. | MS ACCEL. | GRAD RATE 2023-24 | C&C ACCEL 2023-24 | ELP PROGRESS |

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

| 2024-25 SPRING | | | | | | |
|----------------|-------|--------|----------|-------------------|-------|----------------|
| SUBJECT | GRADE | SCHOOL | DISTRICT | SCHOOL - DISTRICT | STATE | SCHOOL - STATE |
| ELA | 3 | 61% | 65% | -4% | 57% | 4% |
| ELA | 4 | 51% | 59% | -8% | 56% | -5% |
| ELA | 5 | 54% | 56% | -2% | 56% | -2% |
| ELA | 6 | 61% | 67% | -6% | 60% | 1% |
| Math | 3 | 52% | 66% | -14% | 63% | -11% |
| Math | 4 | 42% | 63% | -21% | 62% | -20% |
| Math | 5 | 46% | 55% | -9% | 57% | -11% |
| Math | 6 | 68% | 77% | -9% | 60% | 8% |
| Science | 5 | 37% | 61% | -24% | 55% | -18% |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

The data component that showed the most improvement was the ELA achievement specifically for students with disabilities. We improved from 21% to 39%, resulting in an 18% increase. This increase was a result of monitoring the ELA area of focus quarterly. This was done by a combination of formative assessments in the Literacy coursework, as well as PM1 and PM2. Scholars identified as struggling with the Literacy content were provided additional remedial instruction and were prioritized for tutoring assistance.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component that showed the lowest performance was science achievement for our economically disadvantaged students. In the 24-25 school year we had 89 students that are economically disadvantaged which was an increase from 78 students in the 23-24 school year. As an Open Enrollment school we are continually expanding out enrollment throughout the school year. We are predicting the number of economically disadvantaged scholars will increase as our enrollment increases. We will provide additional instruction on integrating the state standards into our curriculum to better prepare scholars for the assessment. Additionally, we will purpose to provide greater hands-on experiences in the area of Science to help better instill the concepts being taught.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The data component that showed the greatest decline from the prior year was the ELA achievement of black/African American students. In the 24-25 school year, we had 24% black/African American student achievement, which was a decrease from 50% achievement in students in the 23-24 school year. We will provide additional targeted instruction in reading comprehension strategies for our scholars. Additionally, we will prioritize students with the greatest need for after-school tutoring programs.

There was also a decline in math achievement for our students with disabilities. In the 24-25 school year, we had 33% achievement in our students with disabilities, which was a decline from the 23-24 school year from 43% of achievement. We will provide additional targeted instruction in Singapore math strategies with the use of bar modeling for our scholars. Additionally, we will prioritize students with the greatest need for after-school tutoring programs.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data component that had the greatest gap when compared to the state average is 5th grade science resulting in a 22% gap. One out of our two 5th grade classrooms has several different teachers over the course of the school year resulting in an inconsistency within instruction. We also will provide additional instruction on integrating the state standards into our curriculum to better prepare scholars for the assessment, as well as improving hands on instruction in Science standards..

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

The particular area of concern based on the data is the student performance in the areas of ELA and Math achievement overall but also specifically with our students with disabilities and the lower quartile. Another area of concern is the performance of our lower quartile students in math and the teacher's use of bar modeling concepts to bridge the academic gaps.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Science achievement
2. Math achievement of the lower quartile
3. ELA achievement of Black/African American students
4. Math achievement of Black/African American students and students with disabilities

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Science

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Science instruction will be an area of focus for this academic year. Improving science instruction with each classroom will result in the academic achievement of students on the science F.A.S.T. assessment. The need to work in this area became apparent via the F.A.S.T. Science achievement results of 37% overall as well. Specific focus will also be placed on our hispanic and economically disadvantaged students which also had low achievement rates.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Science achievement results: 37% overall

Science achievement of Hispanic students: 30%

Science achievement of economically disadvantaged students: 17%

Heightened instructional focus on this academic area with additional strategies should show an improvement as follows:

Overall Science achievement increases to 41%

Science achievement for hispanic Students to 41%

Science achievement for economically disadvantaged students to 30%

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

The science area of focus will be monitored quarterly by a combination of formative assessments in the science coursework as well as standard focused assessments during the PM1 and PM2 windows. Students identified as struggling with science instruction will be prioritized for tutoring assistance.

Person responsible for monitoring outcome

Sierra Scherer

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

For science, we will actively conduct progress monitoring, use individual and small group instruction time, while encouraging classroom engagement. Teachers will also recommend scholars that are struggling in science instruction for after school tutoring. Additionally, teachers will monitor students IXL science progression.

Rationale:

Teachers will utilize the formative and progress monitoring standard focused assessments and responding to classroom instruction. Based on the data being monitored, teachers will determine rumination needs and gain knowledge on how to prioritize for tutoring resources.

Tier of Evidence-based Intervention:

Tier 3 – Promising Evidence

Will this evidence-based intervention be funded with UniSIG?

Yes

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

All scholars will be tracked using the classroom/grade level data trackers.

Person Monitoring:

Anthony Bradley

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Collect and analyze data from the school based and progress monitoring standard based assessments at a minimum of five times annually to inform instructions practices.

Action Step #2

All scholars will be tracked using IXL science progression.

Person Monitoring:

Sierra Scherer

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will assign IXL assignments from the 5th grade progression weekly and monitor student mastery of their performance on the standard strands.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Math instruction, more specifically to our lower quartile students, students with disabilities, economically disadvantaged, and black/African American students will be an area of focus for this academic year. Improving math instruction with each classroom and small group instruction will result in the academic achievement of our lower quartile students on the science F.A.S.T. assessment. The need to work in this area became apparent via the F.A.S.T. math achievement of our lower quartile students results of 25% overall, math achievement of students with disabilities of 33%, math achievement of Black/African American students of 24%, and math achievement of economically disadvantaged students of 40%.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Lower Quartile Math Data: 25%

Math achievement of students with disabilities: 33%

Math achievement of Black/African American students: 24%

Math achievement of economically disadvantaged students: 40%

Heightened instructional focus on this academic area with additional strategies should show an improvement as follows:

Science achievement increases to 41%

Math achievement of students with disabilities: 41%

Math achievement of Black/African American students: 35%

Math achievement of economically disadvantaged students: 41%

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

We will assess formative assessments and F.A.S.T. progress monitoring data. Scholars identified as struggling with the Math content will be provided additional remedial instruction and be prioritized for tutoring assistance.

Person responsible for monitoring outcome

Anthony Bradley

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

For Math we will actively conduct progress monitoring, use individual and small group instruction time, while encouraging classroom engagement. Additionally, teachers will monitor scholars IXL Math progression.

Rationale:

Teachers will utilize the formative, Progress Monitoring data, and IXL data to understand how students are performing and responding to classroom instruction. Based on data being monitored, teachers will determine remediation needs and gain knowledge on how to prioritize for tutoring resources.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

Yes

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

All scholars will be tracked using classroom/ grade level data trackers.

Person Monitoring:

Anthony Bradley

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Collect and analyze data from school based and PM assessments at a minimum of five times annually to inform instructional practices.

Action Step #2

All scholars will be tracked using IXL math progression.

Person Monitoring:

Sierra Scherer

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will assign IXL assignments from the 5th grade progression weekly and monitor student mastery of their performance on the standard strands.

Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Black/African American Students (BLK)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Black/African American students in the area of ELA will be an area of focus during the academic year. The low performance in the ELA area affects all areas of learning due to struggles in reading literature texts, History, Science and even the word problems in Math. The need to work in this area became apparent via the F.A.S.T. ELA results showing Black/African American at 26%.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

24-25 Black/African American ELA data: 26%

Heightened instructional focus on these subgroups with additional strategies should show an improvement as follows:

Black/African American increase to 41%

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

The ELA Area of Focus will be monitored quarterly by a combination of formative assessments in the Literacy coursework, as well as PM1 and PM2. Scholars identified as struggling with the Literacy content will be provided additional remedial instruction and be prioritized for tutoring assistance.

Person responsible for monitoring outcome

Sierra Scherer

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Literacy Essentials Because English has a deep orthography, students in kindergarten through sixth grade will learn how to break the code of the language through direct instruction of the phonograms,

also known as spelling patterns, and rules of the English language. Beginning in October of the first grade, students will begin to read each story in McCall-Harby Test Lessons in Primary Reading and answer the comprehension questions. McCall-Crabbs Standard Test Lessons in Reading: 2nd through 6th Grade: Progress Monitoring Data, in the form of grade score norms, will be used to evaluate and monitor student growth in reading fluency and comprehension throughout the year. Test lessons will be used approximately three times a week. The McCall-Crabbs passages are used with all students, but are individualized at the student level based on their reading level and comprehension ability. Additionally, teachers will use the grade score norms to determine scholars who need remediation and additional support. Teachers will review their monthly data to monitor progress and the need for remedial reading 2nd - 6th grade: . Primarily, the grade score norms are intended to enable teachers to monitor reading fluency and comprehension progress. When administering this assessment, students will have a three-minute time limit to read and answer the questions. Initially, each student is given five of the three-minute timed tests. The scores are averaged to determine a fairly accurate grade score norm. The grade score norms provide the teacher with an estimate of the score obtained by an average student at a particular grade level. There are six books in the McCall-Crabbs series. The McCall-Crabbs format allows for considerable individualization across different reading levels due to the graduated-level format. The continuous scale nature of the grade score norms permits the comparison of scores from different book levels. The monthly average of scores obtains Grade score norms to determine that it is accurate. Teachers will analyze grade score norms monthly to ensure adequate progress in fluency and comprehension is being made or if additional support is necessary.

Rationale:

Kindergarten teachers will monitor students' progress at the beginning of the fifth week of the year. From the fifth through tenth weeks, students will receive direct instruction in the first 26 phonograms/spelling patterns (a.k.a letters of the alphabet). Teachers will give oral and written assessments to determine if students have the ability to both say and write the phonograms. Remediation will be provided as necessary based on the results of this assessment. Beginning in the seventh week, kindergarten students will be progress monitored on their ability to blend two and three sounds to read both real and nonsense words. During this same week, teachers will begin to progress monitor the area of phonemic awareness skills (i.e. segmenting, blending, and isolating sounds). McCall-Harby Test Lessons in Primary Reading: Progress Monitoring Beginning in October of the first grade, students will begin to read each story in McCall-Harby Test Lessons in Primary Reading and answer the comprehension questions. The test questions are a mix of explicit and inferential questions. Students can reread the story and questions as many times as they wish. Teachers will use the data to determine which students can read independently and who need continued instructional support. Teachers will monitor the data monthly to show independent reading comprehension progress as the year progresses. Additionally, teachers will use the Mc-Call Harby Test Lessons in Primary Reading to monitor first-grade reading fluency beginning at the end of the second quarter by having students do a cold read of the reading passage and calculating the total number of words read correctly per minute. The teachers will compare the total number of words correct per minute to fluency norms. Teachers will use this data to determine the type of reading errors students make and incorporate this into their small group and individualized instruction. In McCall-Harby, test lessons will show a general picture of progress.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

Yes

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Literacy Essentials Phonemic Awareness

Person Monitoring:

Sierra Scherer

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will administer a baseline assessment at the beginning of the school year to determine each student's ability in writing and saying the phonograms correctly. Students will be monitored throughout the year to track their progress toward proficiency. Any student who shows signs of struggling will receive individualized remediation in the phonograms. The data will be added to the school-wide Literacy data spreadsheet that is checked and discussed with the grade-level teams during grade-level meetings.

Action Step #2

McCall-Crabbs and McCall Crabbs Comprehension

Person Monitoring:

Sierra Scherer

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

McCall-Harby Test Lessons in Primary Reading: Progress Monitoring Beginning in October of the first grade, students will begin to read each story in McCall-Harby Test Lessons in Primary Reading and answer the comprehension questions. The test questions are a mix of explicit and inferential questions. Students can reread the story and questions as many times as they wish. Teachers will use the data to determine which students can read independently and who need continued instructional support. Teachers will monitor the data monthly to show independent reading comprehension progress as the year progresses. Additionally, teachers will use the McCall Harby Test Lessons in Primary Reading to monitor first-grade reading fluency beginning at the end of the second quarter by having students do a cold read of the reading passage and calculating the total number of words read correctly per minute. The teachers will compare the total number of words correct per minute to fluency norms. Teachers will use this data to determine the type of reading errors students make and incorporate this into their small-group and individualized instruction. In McCall-Harby, test lessons will show a general picture of progress. This data will be added to the school-wide data spreadsheet that is checked and discussed with the grade-level teams during grade-level meetings.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data

reviewed.

During 2024/25 school year 36 students were absent 10% or more of the school days, which represented 10% of our student population. Student absents play a significant part in hindering student learning which could translate to life long failures.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

By using positive encouragement and strong academic standards we will provide an engaging curriculum that will draw students into the academic setting. Additionally, we will provide periodic notices of attendance failures to the families of our scholars.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Student attendance will be monitored bi-weekly; parent conferences as needed when scholars have excessive absences. The increased focus on attendance will help scholars and parents improve attendance during the school year.

Person responsible for monitoring outcome

Anthony Bradley

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

We look to improve student attendance to improve students outlooks by providing a structured, safe environment with an engaging curriculum. The monitoring program, along with parent meetings will significantly improve student attendance. Attached link addresses many of the negative effects of student absences: <https://www2.ed.gov/datastory/chronicabsenteeism.html#four>

Rationale:

We believe that a positive outlook toward school will be directly related to the level of student enjoyment, engagement with the curriculum. Reduced absences will result in the students being able to engage more with the curriculum and the teaching staff.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

Yes

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Professional Development in A.C.E.S. (Adverse Childhood Experiences)

Person Monitoring:

Anthony Bradley

By When/Frequency:

Quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Staff will be provided PD in ACES, enabling them to be more attuned to social and emotional aspects that affect student attendance, performance, and the culture of the school. Student referrals to the attendance team will be tracked and reviewed quarterly.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

The focus for the 25-25 academic year will be focusing on the needs of Black/African American students and students with disabilities in the areas of math, science, and ELA. In order to meet the needs of these students, we will be using a combination of formative assessments, F.A.S.T. progress monitoring data, after-school tutoring, small group instruction, and IXL. We will also provide teacher support through professional development on classroom instruction of ELA, math, and science to ensure they have the knowledge necessary to successfully teach all students.

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

In order to meet the needs of our Black/African American students and students with disabilities in the areas of math, science, and ELA we will be using the following timeline to ensure the needs of our students are met:

August/September:

- Each teacher will be provided with a list of their lower quartile students within their classrooms to pay close attention to as the school year starts off
- PM1 assessments will be given
- PM1 assessment data will be reviewed by the classroom teacher and administration
- Recommendations for tutoring will be distributed

December/January

- PM2 assessments will be given
- PM2 assessment data will be reviewed by the classroom teacher and administration
- New recommendations for tutoring will be distributed if needed based on new data

February

- Teachers and administration will start preparing for state test tutoring programs by compiling a list of scholars to recommend for tutoring after school twice a week for the duration of the school year until testing has been completed. Students can be recommended for ELA, math,

or 5th grade science tutoring.

- Tutoring will begin and targeted interventions will be taken place for all struggling students including the lower quartile, Black/African American, and economically disadvantaged students

Weekly/ As needed

- IXL strands in ELA, Math and science (5th grade only) will be assigned to students and the data will be reviewed by the classroom teacher to check for mastery or struggle
- Small group will be provided during stadium to struggling students as needed based on the data gained from formative assessments, Ixl, and PM1/PM2 data
- Professional development will be provided to teachers each Wednesday to provide training to better best practices in the classroom
- Any student that teachers identify as struggling can be recommended for tutoring at any time

DRAFT

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

No

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Shadowlawn Elementary exists to prepare life-long learners for success in a global and competitive workplace and in acquiring applicable life skills.

Provide the school's vision statement

Shadowlawn Elementary's mission is to work collaboratively with all stakeholders to provide a public education experience that is motivating, challenging and rewarding for all children. We will increase student achievement by providing students with learning opportunities that are rigorous, relevant and transcend beyond the boundaries of the school walls. We will ensure a working and learning environment built upon honesty, integrity and respect. Through these values, we will maximize student potential and promote individual responsibility.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Whitney Johnson

Whitney.johnson@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

1. Ensure compliance with established rules, and laws in the daily operation of the school.
2. Develop and foster good public relations, efficient school volunteer/partnership programs,

effective conferencing and communications with parents, students, and teachers.

3. Coordinate and monitor the curricular program of the school to maximize student learning; conduct faculty/staff meetings as needed to meet student instructional needs; implement Standards as established by the Florida Department of Education.
4. Coordinate school advisory council activities and implement a school improvement plan.
5. Coordinate efficient utilization of school facilities and ensure proper security, maintenance and cleanliness of the campus.
6. Be responsible for the timely and accurate submission of all required school records/reports and the accurate entry of information into the district database.
7. Provide leadership by participating in professional development activities and encouraging the professional development of instructional support and administrative staff including training to accurately report FTE participation, student performance, teacher appraisal, school safety, and discipline data.
8. Be responsible for effective business management operations, the development of a school budget and efficient cost accounting.
9. Maintain standards of appropriate student conduct through fair and equitable enforcement of the Clay County District Schools Code of Student Conduct.
10. Be responsible for faithfully and effectively implementing school/district personnel procedures including: interviewing, hiring, evaluating school staff and coordinating teacher induction programs, and administering master contracts.
11. Coordinate supervision of extra-curricular activities and duty assignments.
12. Provide a safe learning environment through preparation and implementation of emergency evacuation plans, fire drills, etc.
13. Be responsible for implementing programs designed to meet the needs of special student populations (Ex. ESE, Title I, 504s, Drop Out Prevention, etc.).
14. Assure that the school meets all State and Southern Association of Schools and Colleges accreditation standards.
15. Be responsible for proper receipt and accounting of all school board property and maintaining an accurate property inventory.
16. Provide for the purchase of appropriate textbooks, equipment and other instructional materials necessary to meet the needs of the students.
17. Serve on district wide committees when requested.
18. Be responsible for the development and implementation of a school technology plan.
19. Be responsible for the performance of all personnel employed by the School Board and assigned to the school site.
20. Provide leadership for the implementation of the Principles of Professional Conduct for the Education Profession.
21. Provide leadership in the implementation of the district and state assessments and other tests

designed and adopted to measure student achievement.

22. Communicate effectively, both orally and in writing, with parents, staff, students and community.
23. Maintain visibility and accessibility on the school campus.
24. Serve as coach/mentor to Assistant Principals, new Principals or others who are preparing for School Principal certification.
25. Provide leadership for all stakeholders in the development of school beliefs, vision, mission, and goals and align them with the district mission, school improvement, and curriculum.
26. Perform other duties as assigned by the Superintendent consistent with the goals and objectives of the position.

Leadership Team Member #2

Employee's Name

William Moore

William.moore@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

1. Assume all administrative duties in absence of the principal.
2. Assist in fulfilling any duties outlined on the principal's job description and delegated by the principal.

Leadership Team Member #3

Employee's Name

Angel Decordova

angel.decordova@myoneclay.net

Position Title

Teacher-K

Job Duties and Responsibilities

1. Establish a safe, respectful and inclusive classroom climate conducive to learning.
2. Demonstrate an interest in and a willingness to assist students inside and outside the classroom.
3. Maintain a growth mindset toward student learning, teaching practice, and personal/collective

professional development.

4. Demonstrate preparation of standards-based lessons in alignment with measures of student progress.
5. Demonstrate general knowledge of the subject area.
6. Adapt instruction through a multi-tiered system of support to meet the learning needs of all students.
7. Maintain a positive relationship and ongoing communication with students, families, colleagues, and supervisors.
8. Communicate effectively with others and exhibit a willingness to share ideas and talents with colleagues.
9. Evaluate students' progress through a variety of informal and formal assessments on an ongoing basis to inform instruction.
10. Maintain and update appropriate documentation of student progress.
11. Perform other duties as requested by the Principal.

7. Maintain a positive relationship and ongoing communication with students, families, colleagues, and supervisors.
8. Communicate effectively with others and exhibit a willingness to share ideas and talents with colleagues.
9. Evaluate students' progress through a variety of informal and formal assessments on an ongoing basis to inform instruction.
10. Maintain and update appropriate documentation of student progress.
11. Perform other duties as requested by the Principal.

Leadership Team Member #8

Employee's Name

Elizabeth Cyrus

Elizabeth.cyrus@myoneclay.net

Position Title

Teacher- 4th

Job Duties and Responsibilities

1. Establish a safe, respectful and inclusive classroom climate conducive to learning.
2. Demonstrate an interest in and a willingness to assist students inside and outside the classroom.
3. Maintain a growth mindset toward student learning, teaching practice, and personal/collective professional development.

4. Demonstrate preparation of standards-based lessons in alignment with measures of student progress.
5. Demonstrate general knowledge of the subject area.
6. Adapt instruction through a multi-tiered system of support to meet the learning needs of all students.
7. Maintain a positive relationship and ongoing communication with students, families, colleagues, and supervisors.
8. Communicate effectively with others and exhibit a willingness to share ideas and talents with colleagues.
9. Evaluate students' progress through a variety of informal and formal assessments on an ongoing basis to inform instruction.
10. Maintain and update appropriate documentation of student progress.
11. Perform other duties as requested by the Principal.

9. Evaluate students' progress through a variety of informal and formal assessments on an ongoing basis to inform instruction.
10. Maintain and update appropriate documentation of student progress.
11. Perform other duties as requested by the Principal.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Shadowlawn Elementary uses their School Advisory Council to involve stakeholders in the development of the School Improvement Plan. The School Advisory Council is composed of elected teachers, support staff, parents and community partners.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The School Improvement Plan will be monitored by the Leadership Team to ensure goals are continuing to be met. Teachers and staff across the school will be working together to make the improvements needed to meet goals. Information will be shared with stakeholders at regular SAC (School Advisory Council) meetings.

DRAFT

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | 2024 | | 2023** | | | | |
|--|--------|-----------|--------|--------|-----------|--------|----|----|----|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | | | |
| ELA Achievement* | 69 | 63 | 59 | 68 | 62 | 57 | 65 | 59 | 53 |
| Grade 3 ELA Achievement | 90 | 66 | 59 | 88 | 65 | 58 | 83 | 61 | 53 |
| ELA Learning Gains | 57 | 62 | 60 | 54 | 62 | 60 | | | |
| ELA Lowest 25th Percentile | 58 | 60 | 56 | 58 | 60 | 57 | | | |
| Math Achievement* | 78 | 67 | 64 | 84 | 67 | 62 | 82 | 64 | 59 |
| Math Learning Gains | 62 | 65 | 63 | 74 | 68 | 62 | | | |
| Math Lowest 25th Percentile | 52 | 57 | 51 | 70 | 59 | 52 | | | |
| Science Achievement | 70 | 62 | 58 | 78 | 61 | 57 | 75 | 65 | 54 |
| Social Studies Achievement* | | | 92 | | | | | | |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 80 | 72 | 63 | | 55 | 61 | | 55 | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

The data component that showed the most improvement was in ELA Learning Gains in 3rd-6th. Shadowlawn improved from 54% to 57% in ELA Learning Gains. We focused on standards-based instruction throughout our ELA lessons and utilized small groups to facilitate intentional, standards-based teaching. Focusing on our struggling learners in small groups (MTSS, ESE, 504, bubble) through strategic grouping also proved successful.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component that showed the lowest performance was Math Lowest 25th Percentile (56%). Lower quartile math took a 14-point decrease impacting learning gains overall. After analyzing anecdotal factors, we found that a lack of consistency of established instructional personnel caused an inequity in systems and expectations among students. An additional factor of low performance was nonstrategic use of intervention time for struggling learners.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Math Lowest 25% quartile. Lower quartile math took a 14-point decrease impacting learning gains overall. After analyzing anecdotal factors, we found that a lack of consistency of instructional personnel caused an inequity in systems and expectations among students. Nonstrategic use of intervention time for struggling learners.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap between SLE and the state is 5th-grade Science. Our score has consistently been

higher than the state's.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Students that have been absent more than 10% or more school days. K 27, 1st 33, 2nd 23, 3rd 33, 4th 26.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. Learning Gains
3. Lower Quartile (Math, ELA, SWD)
2. Attendance

DRAFT

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Differentiation

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Targeted small group intervention instruction in math and ELA focusing on foundational skills and addressing specific learning gaps identified by prior year data.

Impact of Student Learning: The goal is improve overall learning gains, proficiency, and accelerate learning of the lowest 25%, and close district/state achievement gaps through intentional planning.

Rationale: Intervention groups will be determined by prior year data in ELA and math. Dedicated small group intervention planning and data analysis will occur weekly by designated teachers and staff. This will address the need for improved learning gains in the lowest quartile students.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will indicate that at least 75% of ELA and Math classrooms demonstrate evidence of differentiated instruction and targeted interventions specifically designed for SWD students (based on indicator S.2). The proficiency of SWD students in both ELA and Math will increase by at least 5 percentage points.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Monitoring will be completed through District Benchmarks, FAST Assessments, and walkthrough data.

Person responsible for monitoring outcome

Whitney Johnson

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the

evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Students intervention groups will focus on evidence-based interventions. These interventions will include: Corrective Reading, Corrective Reading Comprehension, Spelling through Morphology, and Ufli.

Rationale:

Students need to have a strong reading foundation so they are able to be proficient readers in order to be college and/or career ready. By providing these evidence-based interventions students will improve in their reading abilities.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #2:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Professional Learning: Teachers will complete professional learning centered around Benchmark aligned instruction. This will be implemented during intervention time. The focus will be on foundational skills in both ELA and math.

Person Monitoring:

Classroom teachers and Whitney Johnson

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

School will monitor the impact by weekly walkthroughs ensuring targeted small group. Progress checks and PM data will monitor the impact of student gains.

Action Step #2

Instructional Practice: Professional learning will be provided weekly] in the format of vertical, whole group PL sessions, coaching cycles, peer observations by Johnson, Moore, District Specialist, and Teacher Leader and will focus on data analysis, standards based teaching, benchmark clarifications, and TBD best practices.

Person Monitoring:

Whitney Johnson

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The school based leadership team will track progress through UFLI progression, PM scores, IReady data, Lexia data. Walkthrough observations will determine the implementation of data-driven intervention in small groups with an emphasis on growth of the lowest quartile and overall learning gains. During designated small group PLC days, teacher collected data will be presented and evaluated for effectiveness and if changes need to be made. Insight into student learning and progress will be evaluated and necessary adjustments to instruction will be made.

Action Step #3

Data Chats: Data chats for instructional practice involve teachers using student data to inform and adjust their teaching strategies, fostering a collaborative and data-informed approach to instruction.

Person Monitoring:

William Moore

By When/Frequency:

bi-monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data chats will facilitate conversations with teachers on strategic instructional practices using PM data, Acadience data, and classroom-based assessments to monitor student progress and next steps to ensure grade-level growth and proficiency.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Students With Disabilities (SWD)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Based on our recent data, SWD students are still struggling to perform at the proficiency levels of their non-disabled peers. We are seeing many students lacking in foundational skills needed for proficiency. Our SWD are requiring more individualized instruction through techniques that focus on differentiation in order to meet their needs and close instructional gaps.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Our lower quartile students, including our Students with disabilities (SWD), will increase by 3 points in proficiency from 59% to 62%. To reach the desired outcome, we will focus on instructional practice, professional learning, and data chats. Shadowlawn will utilize the Lexia Skill Builder lessons, Heggerty Bridge the Gap, Corrective Reading and Spelling Through Morphology and 70% of students using these programs will make satisfactory progress each month.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach

the desired outcome.

Monitoring will be completed using Lexia diagnostic and progress along with FAST progress monitoring assessments.

Person responsible for monitoring outcome

Whitney Johnson and William Moore

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Shadowlawn will utilize the Lexia Skill Builder lessons, Heggerty Bridge the Gap, Corrective Reading and Spelling Through Morphology to differentiate instruction through product, process and content based on the student's instructional profiles and needs.

Rationale:

Due to need within our lower quartile and SWD students, students will require individualized instruction to meet their foundational skills and reading needs.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Data chats

Person Monitoring:

Whitney Johnson

By When/Frequency:

Action steps will be monitored and tracked weekly and monthly.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Progress will be monitored through strategic instructional practices, utilizing PM data, Acadience data, and classroom-based assessments to track student progress and identify next steps, ensuring grade-level growth and proficiency.

Action Step #2

Professional Learning

Person Monitoring:

William Moore

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional Learning will be provided to teachers on best practices for the SWD population. The SLE team will utilize the ESE department through our assigned support facilitator to ensure growth and proficiency.

Action Step #3

Instructional Practice

Person Monitoring:

Whitney Johnson

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Instructional practices will be monitored through walkthrough data, professional learning outcomes, and data. Utilizing PM data, Acadience data, and classroom-based assessments, we will monitor student progress and next steps to ensure grade-level growth and proficiency. Shadowlawn will utilize the Lexia Skill Builder lessons, Heggerty Bridge the Gap, Corrective Reading and Spelling Through Morphology to differentiate instruction through product, process and content based on the student's instructional profiles and needs.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our school will create and uphold an Attendance Team, which will include the principal, school support social worker, counselor, Records secretary, and additional staff designated by the principal. This initiative aims to foster positive partnerships and relationships to combat chronic absenteeism.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Shadowlawn will increase its current attendance rate from 92.91% to 95% increasing by 2% in our overall yearly attendance average.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Synergy Attendance Analytics

- Monthly attendance team meetings
- Counselor/Social Worker Check-ins
- Attendance Recognition

Person responsible for monitoring outcome

Whitney Johnson

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

The Attendance Team will convene on a monthly basis to: Analyze attendance data Identify students for the Attendance Tree intervention Evaluate current active strategies Coordinate any additional necessary support Incentives for attendance will be offered weekly, organized by grade level.

Rationale:

If our attendance team focuses on monitoring and creating incentives to alleviate absenteeism, then our overall attendance percentage rate will increase.

Tier of Evidence-based Intervention:**Will this evidence-based intervention be funded with UniSIG?**

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Data Chats: During the attendance team, the principal will monitor the implementation of the planned interventions.

Person Monitoring:

Whitney Johnson

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Attendance data will be reviewed monthly, and adjustments will be made to our intervention incentives and attendance tree follow-through using the data generated.

Action Step #2

Professional Learning

Person Monitoring:

Teachers

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will receive professional learning on attendance expectations and procedures. Upon reviewing monthly data from the attendance team's meetings, teachers will follow the communicative steps under the attendance tree.

Action Step #3

Instructional Practice: Student Attendance Incentives

Person Monitoring:

Stacy Murphree

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Attendance data will be reviewed monthly, and student incentives will be awarded based on monthly data.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

DRAFT

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Swimming Pen Creek Elementary is committed to working collaboratively with all stakeholders to provide students with an educational experience that is motivating, challenging, and rewarding.

Provide the school's vision statement

At SPC we empower students by providing an innovative and engaging learning environment that prepares students for future success.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Cheryl Larson

cheryl.larson@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

The School Principal is responsible to the Superintendent of Schools. Duties include guiding curriculum implementation, supporting teachers in improving instruction, and using student achievement data to inform decisions. In addition, the Principal oversees daily school operations, including scheduling, staffing, budgeting, and facility maintenance, ensuring everything runs smoothly and efficiently. Responsibilities consist of developing and fostering good public relations, partnerships with all stakeholders, & communications with parents, students and teachers. Building strong communication with families and establishing community partnerships are also essential, as the

Principal encourages parent involvement and external support for the school. Through strategic planning, the Principal sets goals aligned with district priorities, leads school improvement initiatives, and cultivates a safe, inclusive, and equitable learning environment for all students.

Leadership Team Member #2

Employee's Name

Laura Smith

laura.smith1@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

The Assistant Principal (AP) supports the principal in overseeing the daily operations of the school, ensuring a safe and productive learning environment. The AP assists with supervising teachers and staff, conducting classroom observations, and helping to evaluate instructional practices. A key responsibility includes managing student discipline by enforcing school policies and working with students, parents, and staff to address behavioral issues constructively. The AP often oversees attendance monitoring, coordinates student support services, and contributes to the development and implementation of school improvement plans. The AP helps organize school events, testing schedules, and emergency procedures, while also fostering communication with families and the broader school community. Additionally, the AP may lead professional development initiatives and support efforts to promote equity, inclusion, and academic achievement for all students.

Leadership Team Member #3

Employee's Name

Nicole Madine

nicole.madine@myoneclay.net

Position Title

Teacher, k-12

Job Duties and Responsibilities

Our kindergarten lead teacher is responsible for planning, organizing, and delivering developmentally appropriate lessons that foster academic, social, and emotional growth in young children. She creates a safe, nurturing classroom environment that encourages curiosity, creativity, and a love of learning. As the instructional leader in the classroom, the lead teacher designs lesson plans aligned with B.E.S.T. standards, assesses student progress, and adjusts teaching strategies to meet individual needs. She also manages classroom behavior, establish routines, and model positive interactions. In

addition to teaching, the lead teacher leads professional learning with other teachers, providing guidance, delegating tasks, and ensuring consistent instructional practices. She communicates regularly with parents to share student progress and address concerns, and participates in school-wide meetings, trainings, and curriculum planning efforts. Ultimately, our kindergarten lead teacher plays a vital role in laying the foundation for lifelong learning and school readiness.

Leadership Team Member #4

Employee's Name

Faith Ohlendorf

faith.ohlendorf@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Our first grade teacher leader is responsible for delivering high-quality instruction to young learners while also serving as a mentor and collaborator among first grade team members. In the classroom, she plans and implements engaging, standards-based lessons that support students' academic, social, and emotional development. She assesses student progress using formal and informal tools and adjust instruction to meet diverse learning needs. In the leadership role, she helps coordinate grade-level planning, facilitate professional learning communities (PLCs), and support colleagues with instructional strategies, curriculum alignment, and classroom management practices. As a teacher leader, she also analyzes student data to inform team decisions and promotes consistent, effective teaching across classrooms. She often serves as a liaison between teachers and school administration, contributes to school improvement initiatives, and models professionalism and continuous growth. By balancing teaching responsibilities with leadership, our first grade teacher leader plays a key role in student achievement and team development.

Leadership Team Member #5

Employee's Name

Leanne Richard

leanne.richard@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Our second grade teacher leader is responsible for delivering high-quality instruction to young learners while also serving as a mentor and collaborator among second grade team members. In the

classroom, she plans and implements engaging, standards-based lessons that support students' academic, social, and emotional development. She assesses student progress using formal and informal tools and adjust instruction to meet diverse learning needs. In the leadership role, she helps coordinate grade-level planning, facilitate professional learning communities (PLCs), and support colleagues with instructional strategies, curriculum alignment, and classroom management practices. As a teacher leader, she also analyzes student data to inform team decisions and promotes consistent, effective teaching across classrooms. She often serves as a liaison between teachers and school administration, contributes to school improvement initiatives, and models professionalism and continuous growth. By balancing teaching responsibilities with leadership, our second grade teacher leader plays a key role in student achievement and team development.

Leadership Team Member #6

Employee's Name

Regina Bragg

regina.bragg@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Our third grade teacher leader is responsible for delivering high-quality instruction to young learners while also serving as a mentor and collaborator among third grade team members. In the classroom, she plans and implements engaging, standards-based lessons that support students' academic, social, and emotional development. She assesses student progress using formal and informal tools and adjust instruction to meet diverse learning needs. In the leadership role, she helps coordinate grade-level planning, facilitate professional learning communities (PLCs), and support colleagues with instructional strategies, curriculum alignment, and classroom management practices. As a teacher leader, she also analyzes student data to inform team decisions and promotes consistent, effective teaching across classrooms. She often serves as a liaison between teachers and school administration, contributes to school improvement initiatives, and models professionalism and continuous growth. By balancing teaching responsibilities with leadership, our third grade teacher leader plays a key role in student achievement and team development.

Leadership Team Member #7

Employee's Name

Amy McCord

amy.mccord@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Our third grade teacher leader is responsible for delivering high-quality instruction to young learners while also serving as a mentor and collaborator among third grade team members. In the classroom, she plans and implements engaging, standards-based lessons that support students' academic, social, and emotional development. She assesses student progress using formal and informal tools and adjust instruction to meet diverse learning needs. In the leadership role, she helps coordinate grade-level planning, facilitate professional learning communities (PLCs), and support colleagues with instructional strategies, curriculum alignment, and classroom management practices. As a teacher leader, she also analyzes student data to inform team decisions and promotes consistent, effective teaching across classrooms. She often serves as a liaison between teachers and school administration, contributes to school improvement initiatives, and models professionalism and continuous growth. By balancing teaching responsibilities with leadership, our third grade teacher leader plays a key role in student achievement and team development.

Leadership Team Member #8

Employee's Name

Kimberly Davis

kimberly.davis@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Our fifth grade teacher leader is responsible for delivering high-quality instruction to young learners while also serving as a mentor and collaborator among fifth grade team members. In the classroom, she plans and implements engaging, standards-based lessons that support students' academic, social, and emotional development. She assesses student progress using formal and informal tools and adjust instruction to meet diverse learning needs. In the leadership role, she helps coordinate grade-level planning, facilitate professional learning communities (PLCs), and support colleagues with instructional strategies, curriculum alignment, and classroom management practices. As a teacher leader, she also analyzes student data to inform team decisions and promotes consistent, effective teaching across classrooms. She often serves as a liaison between teachers and school administration, contributes to school improvement initiatives, and models professionalism and continuous growth. By balancing teaching responsibilities with leadership, our fifth grade teacher leader plays a key role in student achievement and team development.

Leadership Team Member #9

Employee's Name

Andrew Heitman

andrew.heitman@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Our sixth grade teacher leader is responsible for delivering high-quality instruction to young learners while also serving as a mentor and collaborator among sixth grade team members. In the classroom, he plans and implements engaging, standards-based lessons that support students' academic, social, and emotional development. He assesses student progress using formal and informal tools and adjust instruction to meet diverse learning needs. In the leadership role, he helps coordinate grade-level planning, facilitate professional learning communities (PLCs), and support colleagues with instructional strategies, curriculum alignment, and classroom management practices. As a teacher leader, he also analyzes student data to inform team decisions and promotes consistent, effective teaching across classrooms. He serves as a liaison between teachers and school administration, contributes to school improvement initiatives, and models professionalism and continuous growth. By balancing teaching responsibilities with leadership, our sixth grade teacher leader plays a key role in student achievement and team development.

Leadership Team Member #10

Employee's Name

Ariel Villegas

ariel.villegas@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Our Montessori teacher leader is responsible for creating a prepared, student-centered learning environment that follows the Montessori philosophy and encourages independence, exploration, and self-directed learning. She designs and facilitates lessons using Montessori materials and individualized learning plans that support the intellectual, social, and emotional development of each child while also adhering to the B.E.S.T. standards. In addition to teaching, the teacher leader plays a key leadership role by mentoring other Montessori teachers, guiding instructional practices, and promoting fidelity to Montessori methods. She helps coordinate curriculum planning, leads her professional learning community, and assists with onboarding new staff. Our Montessori teacher

leader also collaborate with school administration to align classroom practices with the school's mission and goals, analyze student progress, and contribute to school-wide decision-making. She models reflective practice, nurtures a respectful and inclusive classroom culture, and engages families in their children's learning journey. Her leadership ensures consistency and high standards across the Montessori learning community.

Leadership Team Member #11

Employee's Name

Katlyn Mills

katlyn.mills@myoneclay.net

Position Title

Teacher, ESE

Job Duties and Responsibilities

Our ESE teacher leader is responsible for delivering high-quality, individualized instruction to students with disabilities, ensuring their academic, behavioral, and social-emotional needs are met in accordance with their Individualized Education Programs (IEPs). She collaborates with general education teachers to support inclusive practices, provides accommodations, and helps differentiate instruction. As a leader, she mentors other ESE teachers and support staff, facilitates IEP meetings, and ensures accurate documentation and compliance with federal, state, and district regulations. She analyzes student data to inform instruction and interventions and may lead professional development related to special education strategies, behavior management, and legal compliance. Additionally, she serves as a liaison between families, staff, and administration, advocating for students and promoting an inclusive, supportive learning environment for all learners. She also serves as our ESE Intervention Committee Facilitator.

Leadership Team Member #12

Employee's Name

Dawn Paternoster

dawn.paternoster@myoneclay.net

Position Title

Teacher, ESE

Job Duties and Responsibilities

Our ESE teacher leader is responsible for delivering high-quality, individualized instruction to students with disabilities, ensuring their academic, behavioral, and social-emotional needs are met in accordance with their Individualized Education Programs (IEPs). She collaborates with general

education teachers to support inclusive practices, provides accommodations, and helps differentiate instruction. As a leader, she mentors other ESE teachers and support staff, facilitates IEP meetings, and ensures accurate documentation and compliance with federal, state, and district regulations. She analyzes student data to inform instruction and interventions and may lead professional development related to special education strategies, behavior management, and legal compliance.

Leadership Team Member #13

Employee's Name

Michelle Bravo

michelle.bravo@myoneclay.net

Position Title

Teacher, Resource

Job Duties and Responsibilities

Our PE teacher leader is responsible for planning and delivering engaging, developmentally appropriate physical education lessons that promote physical fitness, motor skills, teamwork, and healthy lifestyles. She ensures that all students, regardless of ability level, participate in inclusive and safe physical activities aligned with state and national PE standards. In addition to her teaching responsibilities, the PE teacher leader supports the professional growth of other staff by modeling effective instructional strategies, sharing best practices, and mentoring new or less experienced teachers. She may lead department planning meetings, coordinate school-wide fitness programs or events, and assist in developing and aligning curriculum across grade levels. She also promotes school wellness initiatives, collaborates with administrators on safety and facility use, and helps analyze student performance data to improve outcomes. By combining strong instructional skills with leadership and collaboration, she helps ensure a high-quality, comprehensive physical education program that benefits the entire school community.

Leadership Team Member #14

Employee's Name

Katherine Dryden

Katherine.dryden@myoneclay.net

Position Title

Media Specialist

Job Duties and Responsibilities

Our media specialist is responsible for managing the school library media center, curating print and digital resources, and fostering a culture of reading, research, and responsible technology use. She

collaborates with teachers to support curriculum goals by integrating information literacy, research skills, and digital tools into classroom instruction. As a leader, the media specialist mentors staff in using educational technology effectively, provides training on digital citizenship, and helps implement innovative teaching practices using multimedia and online platforms. She also oversees library operations, including budgeting, collection development, and maintaining a welcoming and inclusive space for all students. Additionally, our media specialist supports school-wide literacy initiatives, coordinates reading programs or book fairs, and may guide technology integration efforts aligned with district goals. Her dual role as an educator and instructional leader ensures that both students and teachers are equipped with the tools and skills needed to thrive in a digital, information-rich world.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Our School Improvement Plan has been created based on multiple sources of data and stakeholder input and vetted through our leadership team.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

Our SAC team will meet quarterly to review data and refine the plan in order to achieve our goals in meeting the State's academic standards. We will be highly focused on our subgroups to ensure growth is occurring for all students.

C. Demographic Data

| | |
|--|---|
| 2025-26 STATUS (PER MSID FILE) | ACTIVE |
| SCHOOL TYPE AND GRADES SERVED (PER MSID FILE) | ELEMENTARY PK-6 |
| PRIMARY SERVICE TYPE (PER MSID FILE) | K-12 GENERAL EDUCATION |
| 2024-25 TITLE I SCHOOL STATUS | YES |
| 2024-25 ECONOMICALLY DISADVANTAGED (FRL) RATE | 59.5% |
| CHARTER SCHOOL | NO |

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | | |
| School Enrollment | 63 | 56 | 66 | 58 | 72 | 54 | 63 | | | 432 | |
| Absent 10% or more school days | 9 | 10 | 10 | 9 | 10 | 9 | 13 | | | 70 | |
| One or more suspensions | 2 | 5 | 2 | 8 | 6 | 4 | 2 | | | 29 | |
| Course failure in English Language Arts (ELA) | 0 | 0 | 0 | 0 | 0 | 0 | 1 | | | 1 | |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | | | 0 | |
| Level 1 on statewide ELA assessment | 3 | 8 | 11 | 15 | 18 | 10 | 8 | | | 73 | |
| Level 1 on statewide Math assessment | 4 | 15 | 12 | 16 | 16 | 16 | 3 | | | 82 | |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | 1 | 8 | | | | | | 9 | |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | 2 | | | | | | 2 | |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | 1 | 2 | 5 | 3 | 2 | 1 | | | 14 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 4 | | 3 | 6 | | | | | | 13 |
| Students retained two or more times | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|---|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 17 | 16 | 4 | 14 | 15 | 9 | 17 | | | 92 |
| One or more suspensions | 7 | | 1 | 7 | 4 | 4 | 9 | | | 32 |
| Course failure in English Language Arts (ELA) | | | 1 | 2 | 4 | 1 | | | | 8 |
| Course failure in Math | | | 1 | 5 | 4 | | | | | 10 |
| Level 1 on statewide ELA assessment | | | | 10 | 12 | 18 | 7 | | | 47 |
| Level 1 on statewide Math assessment | | | | 12 | 12 | 20 | 6 | | | 50 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | 3 | | | | | | 3 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|----|---|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 1 | | 1 | 5 | 10 | 3 | 11 | | | 31 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | | | | 8 | | | | | | 8 |
| Students retained two or more times | | | | | | | | | | 0 |

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | 2024 | | 2023** | | | | |
|--|--------|-----------|--------|--------|-----------|--------|----|----|----|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | | | |
| ELA Achievement* | 55 | 63 | 59 | 56 | 62 | 57 | 52 | 59 | 53 |
| Grade 3 ELA Achievement | 51 | 66 | 59 | 62 | 65 | 58 | 57 | 61 | 53 |
| ELA Learning Gains | 57 | 62 | 60 | 65 | 62 | 60 | | | |
| ELA Lowest 25th Percentile | 58 | 60 | 56 | 68 | 60 | 57 | | | |
| Math Achievement* | 54 | 67 | 64 | 53 | 67 | 62 | 54 | 64 | 59 |
| Math Learning Gains | 66 | 65 | 63 | 60 | 68 | 62 | | | |
| Math Lowest 25th Percentile | 58 | 57 | 51 | 61 | 59 | 52 | | | |
| Science Achievement | 54 | 62 | 58 | 48 | 61 | 57 | 50 | 65 | 54 |
| Social Studies Achievement* | | | 92 | | | | | | |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 72 | 63 | | 55 | 61 | | 55 | | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |
| OVERALL FPPI – All Students | | | | | | 57% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 0 |
| Total Points Earned for the FPPI | | | | | | 453 |
| Total Components for the FPPI | | | | | | 8 |
| Percent Tested | | | | | | 100% |
| Graduation Rate | | | | | | |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 57% | 59% | 53% | 62% | 69% | | 63% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| Students With Disabilities | 48% | No | | |
| Black/African American Students | 49% | No | | |
| Hispanic Students | 61% | No | | |
| Multiracial Students | 57% | No | | |
| White Students | 57% | No | | |
| Economically Disadvantaged Students | 50% | No | | |

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

| 2024-25 ACCOUNTABILITY COMPONENTS BY SUBGROUPS | | | | | | | | | | | | | |
|--|----------|------------------|--------|-------------|-----------|---------|--------------|----------|---------|-----------|-------------------|-------------------|--------------|
| | ELA ACH. | GRADE 3 ELA ACH. | ELA LG | ELA LG L25% | MATH ACH. | MATH LG | MATH LG L25% | SCI ACH. | SS ACH. | MS ACCEL. | GRAD RATE 2023-24 | C&C ACCEL 2023-24 | ELP PROGRESS |
| All Students | 55% | 51% | 57% | 58% | 54% | 66% | 58% | 54% | | | | | |
| Students With Disabilities | 37% | 53% | 47% | 56% | 37% | 63% | 61% | 29% | | | | | |
| Black/African American Students | 26% | | 63% | | 42% | 63% | | | | | | | |
| Hispanic Students | 53% | 62% | 62% | | 50% | 77% | | | | | | | |

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

| 2024-25 SPRING | | | | | | |
|----------------|-------|--------|----------|-------------------|-------|----------------|
| SUBJECT | GRADE | SCHOOL | DISTRICT | SCHOOL - DISTRICT | STATE | SCHOOL - STATE |
| ELA | 3 | 52% | 65% | -13% | 57% | -5% |
| ELA | 4 | 53% | 59% | -6% | 56% | -3% |
| ELA | 5 | 50% | 56% | -6% | 56% | -6% |
| ELA | 6 | 59% | 67% | -8% | 60% | -1% |
| Math | 3 | 41% | 66% | -25% | 63% | -22% |
| Math | 4 | 57% | 63% | -6% | 62% | -5% |
| Math | 5 | 37% | 55% | -18% | 57% | -20% |
| Math | 6 | 73% | 77% | -4% | 60% | 13% |
| Science | 5 | 50% | 61% | -11% | 55% | -5% |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Our Science Achievement increased 7 percentage points, from 48% to 55%. We focused on differentiated small group instruction and utilized district created progress monitoring assessments to analyze fair game benchmarks and intentionally target instruction.

Our Math Learning Gains increased 6 percentage points, from 60% to 66%. Our 6th grade Math Learning Gains were 98%. This is attributed to strong collaboration between general education teacher and ESE Support Facilitator along with supported inclusion of SWDs. We also implemented a focus on Math Fact Fluency the 2nd Semester.

Our ELA Achievement among our SWD subgroup increased substantially from 39% to 54%. Our Math Achievement among our SWD subgroup increased substantially from 33% to 52%. We focused on targeted intentional instruction in ELA Success Block daily, in addition to Specially Designed Instruction and Tier 1 supports provided by our Support Facilitators.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Grade 3 ELA Achievement is our lowest accountability component at 51%. This component also represented the most significant drop from 23-24 from 62%.

Our overall Math Achievement remained stagnant at 53%, 4th Grade Math Achievement dropped 7 points and 3rd grade dropped 11 points.

The African American Subgroup showed 0 growth as well as a decrease in proficiency over the past few years.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Grade 3 ELA Achievement is our lowest accountability component at 51%. This component also represented the most significant drop from 23-24 from 62%. 2 new teachers served on the 3rd grade team. A lack of engagement as evidenced by student behavior and attendance as well as teacher attendance also contributed to the decline in proficiency.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

5th Grade Math has an approximately 20% gap between school and state achievement. This was the first year with a new Math curriculum and we had a first year math teacher. Of the 54 5th graders, 9 were absent 10% or more of the year. More than 10% of our 5th grade students were also served in the self-contained Positive Behavior Support setting.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Our 3rd Grade students with two or more EWS indicators is an area of concern.

3rd Grade students had more suspension days and discipline referrals compared to all other grades.

Attendance continues to be a concern for our lower achieving students.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Overall Math Achievement

ELA Achievement with an emphasis on 3rd and 5th grade

Bottom Quartile learning gains

Free Reduced Lunch Subgroup

Student Engagement to improve behavior and attendance

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Economically Disadvantaged Students (FRL)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Tier 1 instruction and targeted interventions across both ELA and Math specifically designed to address the needs of students who are Economically Disadvantaged.

Impact on Student Learning: By focusing on instruction that is explicit, systematic, and differentiated across ELA and Math, we ensure students are learning what they need to be proficient on grade level assessments as well as encouraging students to develop critical thinking skills and to think deeply and apply their knowledge.

We aim to increase proficiency, reducing the significant achievement gap for students who are Economically Disadvantaged.

This focused support will foster greater academic and behavioral success and equity for this subgroup.

Rationale: Prior year data shows a decline in overall ELA and Math Achievement for our Economically Disadvantaged students

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will indicate that at least 75% of core classrooms demonstrate evidence of students being supported and held accountable through academic and behavioral scaffolds (T.2. on CCCDS Walkthrough Feedback).

The percentage of 2025-26 overall ELA proficiency of Economically Disadvantaged students will increase from 45% to 49% by the end of 2025-26 school year based on the FAST ELA PM3

Assessment..

The percentage of 2025-26 overall Math proficiency of Economically Disadvantaged students will increase from 43% to 47% by the end of 2025-26 school year based on the FAST ELA PM3 Assessment..

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

- Weekly classroom walkthroughs
- quarterly student data chats
- teacher data chats
- lexia/iready/Aleks progress monitoring

This data will be used by PLC learning teams to inform ongoing instructional adjustments and targeted support throughout the school year to maximize student achievement.

Person responsible for monitoring outcome

Cheryl Larson, Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

In order to improve proficiency for all students, our team will tailor small group instruction to meet the needs of students using multiple data sources. The groups will be carefully selected to address specific learning needs. These differentiated groups will be fluid as we progress monitor monthly to ensure we are focused on the root cause to close skill gaps.

Rationale:

By tailoring lessons, activities and feedback to the unique needs of each group, teachers can create a more equitable and effective learning environment.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Targeted small group instruction for 3-6 grade ELA students

Person Monitoring:

Cheryl Larson

By When/Frequency:

Success Block begins the second week of school through May, 2026. Monthly data meetns are planned on the meeting matrix to progress monitor students identified as having a substantial reading deficit.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Using formative and diagnostic assessments, 3-6 grade students will receive targeted instruction in small groups based on students' needs. All ESE, general education teachers and trained paraprofessionals will be assigned a group and will use district approved material that addresses the area of need. The Success Block is scheduled in the master calendar daily and is sacred time to close gaps and enrich learners.

Action Step #2

Collaborative Planning

Person Monitoring:

Katlyn Mills

By When/Frequency:

Teachers meet weekly throughout the school year.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

ESE support facilitators and general education teachers have common planning times and will meet weekly to plan for Specially Designed Instruction for our students identified as having substantial deficits in reading and math. The master schedule provides time for teachers to design and implement lessons and curriculum, aiming to leverage diverse expertise and improve student outcomes.

Action Step #3

MTSS Meetings

Person Monitoring:

School Based Problem Solving Team, Katlyn Mills

By When/Frequency:

Monthly throughout the school year

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will conduct regular MTSS meetings with the School-Based Problem Solving Team (SBPST) to identify students in need of academic, behavioral, or social-emotional support and develop targeted intervention plans. These meetings will include administrators, general and special education teachers, school counselor, and other relevant staff. The team will review student performance data, attendance, behavioral records, and teacher concerns to determine appropriate tiered interventions. Individual student plans will be created, implemented, and monitored, with clear goals, progress measures, and timelines. The team will ensure that interventions are evidence-based and delivered with fidelity.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Benchmark-aligned instruction

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Benchmark-aligned content with tasks that meet the rigor of the standard for the grade level.

Impact on Student Learning: By using benchmark-aligned content and rigorous tasks, we ensure students are learning what they need to succeed at their grade level and beyond as well as develop critical thinking and problem solving skills.

Rationale: Actively engaging students in rigorous tasks that meet the rigor of the standard creates an environment conducive to learning.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will demonstrate evidence of benchmark-aligned instruction and tasks from 40.4% to 75% (C.1, C.2, C.3 on CCCDS Walkthrough Feedback) based on the 2025-26 SPC Walkthrough Feedback form.

The percentage of 2025-26 overall ELA proficiency will increase from 54% to 59% by the end of 2025-26 school year based on the FAST ELA PM3 Assessment..

The percentage of 2025-26 overall Math proficiency will increase from 53% to 57% by the end of 2025-26 school year based on the FAST ELA PM3 Assessment..

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

- Weekly classroom walkthroughs
- quarterly student data chats
- teacher data chats
- lexia/iready/Aleks progress monitoring

This data will be used by PLC learning teams to inform ongoing instructional adjustments and targeted support throughout the school year to maximize student achievement.

Person responsible for monitoring outcome

Cheryl Larson, Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Teachers will use techniques to help students activate and connect existing knowledge to new learning. PLC work will focus on various strategies to integrate prior knowledge to strengthen instructional practice.

Rationale:

To effectively integrate prior knowledge will help students bridge the gap between what they already know and new information, making learning more meaningful and enhancing comprehension and engagement.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Professional Learning Communities

Person Monitoring:

Cheryl Larson

By When/Frequency:

Weekly PLC meetings throughout the school year

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will deepen understanding of standards based academic instruction to increase proficiency in all subject areas. We will focus on intentional planning using benchmark aligned tasks in order to meet the rigor of the standard. PLC work will equip teachers with tools and strategies for rigorous tasks that promote deeper learning, encourage critical thinking, and develop problem-solving skills.

Action Step #2

Collaborative Planning

Person Monitoring:

Katlyn Mills

By When/Frequency:

Weekly planning throughout the school year

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Our ELA teachers will work collaboratively with the ESE support facilitators to develop small groups based on data from Acadience Screener, FAST and Lexia. Third - sixth grade students will participate in the Success Block to receive targeted instruction whether to close skill gaps as enrichment. These groups are fluid and will be adjusted based on monthly progress monitoring. General education and ESE support facilitators work collaboratively and leverage their strengths to benefit all students across grade levels.

Action Step #3

Data Meetings

Person Monitoring:

Cheryl Larson

By When/Frequency:

Monthly throughout the school year

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will implement monthly grade-level data meetings involving classroom teachers and administration to analyze student performance data, identify instructional needs, and plan targeted interventions. During these meetings, teachers will bring current assessment data (e.g., formative assessments, benchmark tests, progress monitoring results) to collaboratively review trends, discuss student progress, and share strategies for instruction. Administration will facilitate the meetings, provide guidance on data interpretation, and help ensure alignment with school-wide goals. The focus will be on using data to make informed decisions, adjust instruction, and support all learners, especially those who are struggling or exceeding expectations.

IV. Positive Learning Environment

Area of Focus #1

Multiple Early Warning Signs

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Chronic absenteeism and suspensions contribute to below-grade-level ELA and Math scores and are areas for concern. We will continue to strengthen the implementation of our tier 1 behavior supports by scheduling a training during preplanning and monthly behavior PLCs facilitated by teacher leaders. All students with 2 or more Early Warning Indicators attended below 90% of the year. Students who feel safe in their learning environments will have a desire to come to school each day.

Impact on Student Learning:

Students who are chronically absent have reduced exposure to foundational literacy instruction and mathematical fluency, which is critical for proficiency. Disruptive behaviors reduce instructional time

and affected classroom climate, leading to disengagement in core content areas

Rationale: Students with attendance concerns, suspensions, and low academic achievement suggest a need to target students who have Multiple Early Warning Signs. If we increase student engagement and investment in learning through the use of a schoolwide positive behavior support program with a trauma informed approach, our overall attendance and discipline will improve. Having a common language across the campus will positively impact school culture, which is critical in supporting sustainable schoolwide improvement initiatives.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Our 2025 Climate Survey, some of the greatest areas of need are setting clear behavior expectations (45%) and students demonstrating appropriate behavior (42.4%), which demonstrates a need for a consistent, systematic plan, so we expect at least a 10% increase in the 2026 Climate Survey. A decrease of at least 15% in the total number of suspensions will be evident by the end of the school year. The percentage of students with Chronic Absenteeism will be reduced by 10%.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

The Otter Value Team will monitor discipline data monthly to address areas of concern and plan for behavior PLC.

The School Based Problem Solving Team will meet monthly to monitor students at risk using discipline, attendance and academic data and identify strategies to engage these students.

Person responsible for monitoring outcome

Laura Smith, Assistant Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Our team will use evidence-based strategies from the [attendanceworks.org](https://www.attendanceworks.org) platform in order to intervene with chronic absentee students.

Rationale:

Students who have regular school attendance perform stronger in overall proficiency and learning gains.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Otter Values Team Meetings

Person Monitoring:

Laura Smith

By When/Frequency:

Monthly team meetings and monthly PLC with all teachers

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teacher leaders meet monthly to analyze discipline data and plan for behavior PLCs in order to support the classroom learning environment. Teachers will implement strategies for addressing behavioral disruptions in the moment as well as implement proactive strategies to anticipate behavioral disruptions. Teachers will implement a daily check-in system with students identified in previous years as being chronically absent. As a school we will use the OneClay Culture model as a resource to strengthen our tier 1 behavior supports.

Action Step #2

MTSS Meetings

Person Monitoring:

Cheryl Larson, Principal

By When/Frequency:

monthly meetings throughout the school year

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data meetings will be held monthly to reflect on how students are responding to tier 1 supports academically and behaviorally. The team will triangulate data and discuss strategies and interventions to support each individual learner. The team will monitor how students are responding to the interventions in place and determine instructional moves that will leverage learning.

Action Step #3

Behavior PLC

Person Monitoring:

Otter Value Team, Laura Smith

By When/Frequency:

3rd Thursday of each month

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We will establish Behavior PLCs where teachers will regularly meet in collaborative groups to focus on building their capacity to manage and prevent student behavioral disruptions. These PLCs will be facilitated by behavior specialists, administrators, or trained staff and will include professional development on evidence-based behavior management strategies. Topics will include in-the-moment responses to disruptions (e.g., de-escalation techniques, positive redirection) and proactive classroom practices (e.g., routines, relationship-building, reinforcement systems). Teachers will

engage in collaborative problem-solving, reflect on real classroom scenarios, review student behavior data, and share best practices. Each session will include time for action planning, implementation, and follow-up.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

n/a

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

n/a

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

n/a

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs,

adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections 1114(b)(5) and 1116(e)(4)).

n/a

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

n/a

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

n/a

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

n/a

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

n/a

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

n/a

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

DRAFT

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Our mission is to create the foundation for literate, productive members of society. Spring Park Elementary, working collaboratively with all stakeholders will provide a public education experience that is motivating, challenging and rewarding for all children. Our teachers will provide rigorous and relevant learning opportunities for each child to experience academic and social success within a safe and inviting environment.

Provide the school's vision statement

Spring Park Elementary exists to prepare lifelong learners for personal success in a global and diverse society.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Tiffany Outman

tiffany.outman@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

The principal is responsible for ensuring quality instruction in the school, ensuring facilities and operations are in order, recruit and retain highly effective faculty and staff, building the culture of the school and ensuring that financial rules, procedures and regulations are followed with fidelity.

Leadership Team Member #2

Employee's Name

Michelle Caricato

michelle.caricato@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

The assistant principal is responsible for instructional leadership, providing professional development to teachers based on data and needs and working collaboratively with all stakeholders to ensure high levels of instruction. Furthermore, the assistant principal is responsible for tracking and implementing safety drills, responding to student discipline issues and other operational functions of the school.

Leadership Team Member #3

Employee's Name

Angela Love

angela.love@myoneclay.net

Position Title

School Advisory Council Chairperson

Job Duties and Responsibilities

It is the responsibility of the School Advisory Council (SAC) Chairperson to gather all stakeholders monthly to disseminate information about the school's current programs, upcoming events and needs. Furthermore, the SAC chairperson connects business partners with educators to meet aforementioned needs.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

All stakeholders are encouraged to come alongside Spring Park Elementary through social media and monthly newsletters. Once agreeable to being involved with the mission and vision of Spring

Park Elementary, stakeholders are invited to School Advisory Council monthly meetings where information is shared and new ideas are discussed.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

Our School Improvement Plan will be revised as needed through our School Based Leadership Team meetings as well as our School Advisory Council Meetings. We will revisit our goals after each assessment period.

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|-----|----|-----|----|-----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | 105 | 108 | 88 | 104 | 84 | 100 | 87 | | | 676 |
| Absent 10% or more school days | 18 | 19 | 15 | 14 | 7 | 19 | 19 | | | 111 |
| One or more suspensions | 3 | 11 | 8 | 15 | 7 | 8 | 15 | | | 67 |
| Course failure in English Language Arts (ELA) | 0 | 13 | 2 | 13 | 0 | 1 | 1 | | | 30 |
| Course failure in Math | 4 | 3 | 4 | 0 | 0 | 1 | 3 | | | 15 |
| Level 1 on statewide ELA assessment | | | | 33 | 15 | 17 | 19 | | | 84 |
| Level 1 on statewide Math assessment | | | | 36 | 42 | 25 | 19 | | | 122 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | 9 | 1 | 3 | | | | | | 13 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | 1 | | | | | | | | 1 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 15 | 26 | 16 | 34 | 19 | 22 | 20 | | | 152 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|----|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 2 | 9 | 0 | 13 | 0 | 0 | 2 | | | 26 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 24 | 16 | 16 | 8 | 18 | 17 | 15 | | | 114 |
| One or more suspensions | 3 | 7 | 5 | 9 | 5 | 20 | 12 | | | 61 |
| Course failure in English Language Arts (ELA) | 6 | 7 | 2 | | | | 1 | | | 16 |

| College and Career Acceleration | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 70 | 72 | 63 | 34 | 55 | 61 | 55 | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |
| OVERALL FPPI – All Students | | | | | | 67% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 0 |
| Total Points Earned for the FPPI | | | | | | 599 |
| Total Components for the FPPI | | | | | | 9 |
| Percent Tested | | | | | | 99% |
| Graduation Rate | | | | | | |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 67% | 60% | | | | | |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| Students With Disabilities | 51% | No | | |
| English Language Learners | 58% | No | | |
| Black/African American Students | 62% | No | | |
| Hispanic Students | 59% | No | | |
| Multiracial Students | 67% | No | | |
| White Students | 72% | No | | |
| Economically Disadvantaged Students | 62% | No | | |

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Our school saw the most notable improvement in Science, with proficiency increasing from 43% to 73%. This significant gain is largely attributed to a strategic teacher change that positively impacted instruction and student outcomes.

In ELA, overall achievement increased from 62% to 69%, learning gains rose from 58% to 63%. These gains reflect the impact of our ongoing vertical PLC work, which strengthened instructional alignment and collaboration across grade levels.

Math learning gains for the lowest quartile also improved, increasing from 53% to 62%. This progress is connected to the additional support services we implemented to better meet the needs of our struggling learners.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The lowest-performing data component was ELA learning gains for the lowest quartile, which declined from 51% to 43%. A contributing factor to this decrease was that many students in this subgroup were performing at the high end of Level 2 or mid-Level 3. As a result, they did not demonstrate enough measurable growth to count toward learning gains, despite maintaining or slightly improving their performance. This trend suggests a need to better differentiate and target instruction for students on the cusp of proficiency to ensure continued academic progress is captured.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The data component with the greatest decline was overall Math learning gains, which dropped from 71% to 58%, reflecting a 13-point decrease. This decline was largely influenced by a high concentration of English Language Learners (ELLs) in 5th and 6th grade. While substantial support was provided in these grade levels, language barriers likely impacted students' ability to demonstrate

measurable growth on the assessment. This highlights a need for more targeted, language-integrated math instruction to better support ELL students' academic progress.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data component with the greatest gap when compared to the state average is **Math Learning Gains**. While the state average is 63%, our school's percentage is 60%, reflecting a 3-point gap. This gap is further supported by trends in our Early Warning System data, which show a high number of students performing at Level 1 in math.

Several factors likely contribute to this gap, including unfinished learning in foundational math skills, inconsistent progress monitoring, and limited opportunities for targeted small-group instruction. The alignment between this state comparison and internal performance data indicates a need for intensified supports in math instruction, particularly for students demonstrating the most significant struggles. We will use this information to guide intervention planning and professional learning in evidence-based math strategies.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Two potential areas of concern identified in our Early Warning System (EWS) data are **student attendance** and the **high number of students performing at Level 1 in math**. Chronic absenteeism impacts student engagement and learning continuity, especially in foundational subjects like math. The number of students at Level 1 in math aligns with schoolwide performance data and suggests a need for targeted interventions and instructional support. Addressing these concerns will be a key focus of our school improvement efforts.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. **5th Grade Math Learning Gains**

Math learning gains in 5th grade were notably low at 44%, making this a top priority for targeted instructional support and intervention.

2. **ELA Lowest Quartile Learning Gains**

Improving ELA outcomes for students in the lowest quartile is critical. Scores were especially low in:

- 4th Grade: 33%
- 5th Grade: 53%
- 6th Grade: 44%
- Overall Average: 43%

3. **Tier 1 Behavior – Classroom Management and Engagement**

Several grade levels (1st, 3rd, and 5th) had one or more suspensions, indicating a need to strengthen Tier 1 behavior systems to improve classroom climate, engagement, and reduce disruptive behaviors.

DRAFT

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our primary area of focus is improving ELA learning gains for students in the lowest quartile across grades 4, 5, and 6. In the 2023–2024 school year, data revealed that these students did not demonstrate adequate growth when compared to their peers. Specifically, ELA learning gains for the lowest quartile averaged only 43% overall, with particularly low performance in 4th grade (33%) and 6th grade (44%).

This area of focus was identified through a comprehensive review of school-wide data, which highlighted a consistent gap in growth for our most struggling readers. These students are at risk of falling further behind without targeted support, which directly impacts their long-term academic success and readiness for future grade-level expectations.

Addressing this need will require a multi-tiered approach, including differentiated instruction, progress monitoring, and professional development for teachers on effective interventions for literacy growth. Improving outcomes for our lowest quartile learners is critical to ensuring equity and raising overall achievement.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Increase the percentage of students in the lowest quartile on the previous year's reading assessment who demonstrate a minimum of one year's growth (or more) on the current year's standardized reading assessment from 43% to 50% by the end of the academic year.

Progress Monitoring Plan:

Progress toward this goal will be monitored monthly through multiple measures, including:

- **Classroom walkthrough data** with a focus on evidence-based reading instruction and

targeted small-group interventions.

- **Formative assessment data**, such as running records, progress monitoring tools, and student work samples.
- **Data chats** and **PLCs** to review trends, adjust instructional strategies, and ensure alignment to student needs.

Walkthrough trends will be analyzed for instructional alignment to the standards, student engagement, and scaffolding for students in the lowest quartile. This ongoing monitoring will inform coaching cycles and instructional supports throughout the year.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

We will use PM1 and PM2 data, Lexia, and teacher-based assessments to monitor the progress of our LQ scholars.

Progress toward this goal will be monitored monthly through multiple measures, including:

- Classroom walkthrough data with a focus on evidence-based reading instruction and targeted small-group interventions.

Walkthrough data will show a 50% increase in small group instruction in ELA classes

Person responsible for monitoring outcome

Tiffany Outman & Michelle Caricato

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Evidence-based strategies that we will implement are the use of small group instruction with remediation, as well as the use of effective, district adopted materials which include Benchmark and Lexia Core 5.

Rationale:

With increased rigor and the implementation of grade-level appropriate materials our scholars will show improvement in the area of ELA. The resources that we will implement are the skill set of highly effective teachers in addition to the use of district adopted materials which include Benchmark Advanced and Lexia Core 5.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teachers will participate in professional development in the area of our new curriculum, Benchmark, in order to teach state standards with the grade-level expectation of rigor. (PLC, peer observations)

Person Monitoring:

Team Leaders, Administrators

By When/Frequency:

September/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional development for teachers in the area of using Benchmark curriculum and peer observations to grow intentional academic and social practices with grade level expectations and using learning targets, success criteria along with measurable criteria.

Action Step #2

Review data at quarterly Data Meetings to adjust instruction and supports based on student growth

Person Monitoring:

Grade level teams, Administrators

By When/Frequency:

End of each quarter

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

PLC meeting notes, updated action plans

Action Step #3

Implement the new Benchmark Curriculum with fidelity.

Person Monitoring:

Tiffany Outman & Michelle Caricato

By When/Frequency:

Weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The school will monitor the impact of implementing the Benchmark Curriculum with fidelity through a multi-tiered approach: Monthly classroom walkthroughs focused on alignment to the Benchmark Curriculum, instructional delivery, and student engagement with grade-level texts. Student work samples and writing tasks will be reviewed regularly for evidence of standards-based instruction and growth in reading comprehension and written expression. Coaching cycles and professional development will be informed by trends from walkthroughs and data reviews to support continuous improvement in curriculum implementation. This ongoing monitoring will help ensure that the Benchmark Curriculum is being used effectively and that all students—especially those in the lowest quartile—are making meaningful progress in ELA.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Recent performance data shows that a significant number of students are not meeting proficiency benchmarks in math. Analysis of classroom practices and assessment results highlights a need for more consistent alignment between instruction and standards. Strengthening standards-based instruction will ensure that all students receive equitable access to rigorous content, improve instructional coherence across classrooms, and increase the percentage of students achieving grade-level proficiency on end-of-year math assessments.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Increase the percentage of students meeting or exceeding grade-level proficiency on the state math assessment from **52% to 62%** by the end of the 2025 academic year through the implementation of consistent, standards-based math instruction.

We will use PM1 and PM2 data and teacher-based assessments to monitor the progress of our scholars.

Progress toward this goal will be monitored monthly through multiple measures, including:

- Classroom walkthrough data with a focus on math instruction and targeted small-group interventions.

Walkthrough data will show a 50% increase in small group instruction in math classes.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Vertical PLC meetings, grade-level teams will administer and analyze standards-aligned common assessments to track student progress and identify areas of instructional need. Progress monitoring to measure growth and proficiency across math domains.

Administrators will conduct classroom walk-throughs using a standards-based observation tool to assess lesson alignment, student engagement, and math discourse.

By using real-time data to guide decisions, instruction becomes more responsive and differentiated,

which increases the likelihood of students meeting or exceeding proficiency benchmarks by year's end.

Person responsible for monitoring outcome

Grade level Teams, Administrators

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Evidence-based strategies that we will implement are the use of small group instruction with remediation, as well as the use of effective, district adopted materials, iReady, and ALEKS.

Rationale:

With increased rigor and the implementation of grade level appropriate materials our scholars will show increased overall proficiency in mathematics. The resources that we will implement are the skill set of highly effective teachers in addition to the use of district adopted materials which include Eureka Squared, iReady, and ALEKS.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Teachers will participate in vertical planning in order to develop and maintain a common language across grade levels.

Person Monitoring:

Team Leads, Administrators

By When/Frequency:

September/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

PLC agendas, Walkthroughs with specific look fors such as the rigor of instruction, interventions, and benchmark aligned instruction.

Action Step #2

Develop and administer quarterly common math assessments aligned to priority state standards to monitor student progress and instructional effectiveness.

Person Monitoring:

grade level teams, administrators

By When/Frequency:

1st quarter/quarterly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Common assessment results, PLC data analysis forms, pacing guide adjustments

Action Step #3

Facilitate monthly math data review meetings within PLCs to analyze formative and summative assessment results, identify trends in student performance, and monitor alignment between instruction and grade-level standards. These reviews will guide instructional planning, identify students in need of targeted intervention or enrichment, and ensure consistent, standards-based instruction across grade levels.

Person Monitoring:

Tiffany Outman & Michelle Caricato

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The impact of monthly math data review meetings will be monitored through: PLC documentation and agendas, which will be reviewed by instructional leaders to ensure data analysis is occurring and being used to inform planning and instructional adjustments. Student performance trends on common formative assessments, district progress monitoring tools, and end-of-unit assessments to track growth and identify areas needing further support. Classroom walkthrough data to observe whether instructional shifts discussed in PLCs are being implemented and aligned to the standards. This layered approach ensures that the action step is not only implemented but also meaningfully connected to student outcomes and instructional improvement.

IV. Positive Learning Environment

Area of Focus #1

Other: Enhance Student Ownership and Critical Thinking Through Teacher Inquiry

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

This area of focus aims to deepen student learning by fostering ownership, metacognition, and critical thinking through intentional shifts in instructional practice. Teachers will engage in structured inquiry cycles—such as lesson study, action research, or collaborative inquiry—focused on exploring and refining strategies that promote student agency. These strategies include goal setting, student-led discussions, reflective practices, and problem-based learning.

The goal is to create classroom environments where students take responsibility for their learning, ask higher-order questions, and demonstrate critical thinking through application, analysis, and reasoning. Teacher inquiry will serve as the foundation for continuous instructional improvement and will be supported through coaching, professional learning communities (PLCs), and peer collaboration.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

By the end of the 2025 academic year, at least **75% of students** will demonstrate growth in ownership and critical thinking skills, as measured by a 20% increase in scores on a school-wide student engagement and critical thinking rubric, student self-assessments, and performance-based tasks.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

The progress of enhancing student ownership and critical thinking through teacher inquiry will be monitored using a combination of student-centered and teacher-driven tools. This includes the regular collection of student work artifacts, reflective practices, teacher inquiry documentation, and rubric-based assessments that measure growth in ownership and higher-order thinking skills.

Person responsible for monitoring outcome

Administrators & PLC facilitators

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Simple, repeatable structures (e.g., “Think-Pair-Share”, “See-Think-Wonder”, “Claim-Support-Question”) used to scaffold critical thinking and PLC work.

Rationale:

Promotes reflective practice and student-centered instruction that increases critical thinking and ownership.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Use professional learning time to learn about teacher inquiry and analyze student work samples from performance tasks to assess levels of reasoning/inquiry, creativity, and ownership over time.

Person Monitoring:

Administrators, teacher leaders, PLC facilitators

By When/Frequency:

Vertical PLC Cycles/monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will engage in student work protocols, creating rubrics as evidenced by PLC notes.

Action Step #2

Use an observation tool with "look-fors" aligned to student ownership and critical thinking (e.g., student-led discussion, choice, reasoning tasks).

Person Monitoring:

Administrators

By When/Frequency:

weekly walk-through feedback forms

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Walk-through forms, trend data summaries, teacher feedback

Action Step #3

Facilitate monthly teacher-led collaborative inquiry cycles during PLCs, where teams pose questions about their practice, implement strategies to promote student ownership and critical thinking, and reflect on student outcomes.

Person Monitoring:

Tiffany Outman

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Monitoring the impact of this action step will include: PLC artifacts (e.g., inquiry planning templates, reflection notes, student work samples) will be collected and reviewed to ensure teams are engaging in meaningful inquiry and applying strategies in the classroom. Instructional leadership team check-ins will occur quarterly to review progress and provide feedback or additional support. Classroom walkthroughs will be aligned with the inquiry focus to look for evidence of shifts in practice and student engagement in critical thinking tasks. Teacher reflections and surveys will be used periodically to gauge confidence, learning, and perceived impact of the inquiry cycles on instructional growth and student outcomes.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

The mission statement of Thunderbolt Elementary is to provide a safe academic environment in which children and staff are encouraged to strive for excellence in scholarship and sociability while showing respect for themselves and others.

Provide the school's vision statement

Thunderbolt Elementary prepares lifelong learners to acquire academic and practical life skills that foster success in a global and competitive workplace.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Amy Bathurst

amy.bathurst@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

- Ensure compliance with established rules and laws in the daily operation of the school.
- Develop and foster good public relations, efficient school volunteer/partnership programs, effective conferencing, and communications with parents, students, and teachers.
- Coordinate and monitor the curricular program of the school to maximize student learning; conduct faculty/staff meetings as needed to meet student instructional needs; implement the Sunshine State Standards.

- Coordinate school advisory council activities and implement a school improvement plan.
- Coordinate efficient utilization of school facilities and ensure proper security, maintenance, and cleanliness of the campus.
- Responsible for the timely and accurate submission of all required school records/reports and the accurate entry of information into the district database.
- Provide leadership by participating in professional development activities and encouraging the professional development of instructional support and administrative staff, including training to accurately report FTE participation, student performance, teacher appraisal, school safety, and discipline data.
- Responsible for effective business management operations, the development of a school budget, and efficient cost accounting.
- Maintain standards of appropriate student conduct through fair and equitable enforcement of the Clay County District Schools Code of Student Conduct.
- Responsible for faithfully and effectively implementing school/district personnel procedures, including interviewing, hiring, evaluating school staff, coordinating the Teacher Induction Program, and administering master contracts.
- Coordinate supervision of extra-curricular activities and duty assignments.
- Provide a safe learning environment through the preparation and implementation of emergency evacuation plans, fire drills, etc.
- Responsible for implementing programs designed to meet the needs of special student populations
- Assure that the school meets all State and Southern Association of Schools and Colleges accreditation standards.
- Responsible for proper receipt and accounting of all school board property and maintaining an accurate property inventory.
- Provide for the purchase of appropriate textbooks, equipment, and other instructional materials necessary to meet the needs of the students.
- Serve on district-wide committees when requested.
- Responsible for the development and implementation of a school technology plan.
- Responsible for the performance of all personnel employed by the School Board and assigned to the school site.
- Provide for the development of an individual Teacher Training Plan for each teacher assigned to the school.
- Provide leadership for the implementation of the Florida Code of Ethics and Principles of Professional Conduct.
- Provide leadership in the implementation of Florida's B.E.S.T. Standards, Florida Writes, Florida Comprehensive Assessment Test, and other tests designed and adopted to measure student achievement.
- Communicate effectively, both orally and in writing, with parents, staff, students, and the community.

- Maintain visibility and accessibility on the school campus. -Serve as a coach/mentor to Assistant Principals, new Principals, or others who are preparing for School Principal certification.
- Provide leadership for all stakeholders in the development of school beliefs, vision, mission, and goals, and align them with the district mission, school improvement, and curriculum.
- Perform other duties as assigned by the Superintendent consistent with the goals and objectives of the position.

Leadership Team Member #2

Employee's Name

Carly Pacheco

carly.pacheco@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

- Ensure compliance with established rules and laws in the daily operation of the school.
- Develop and foster good public relations, efficient school volunteer/partnership programs, effective conferencing, and communications with parents, students, and teachers.
- Coordinate and monitor the curricular program of the school to maximize student learning; conduct faculty/staff meetings as needed to meet student instructional needs; implement the Sunshine State Standards.
- Coordinate school advisory council activities and implement a school improvement plan. -Coordinate efficient utilization of school facilities and ensure proper security, maintenance, and cleanliness of the campus.
- Responsible for the timely and accurate submission of all required school records/reports and the accurate entry of information into the district database.
- Provide leadership by participating in professional development activities and encouraging the professional development of instructional support and administrative staff, including training to accurately report FTE participation, student performance, teacher appraisal, school safety, and discipline data.
- Responsible for effective business management operations, the development of a school budget, and efficient cost accounting.
- Maintain standards of appropriate student conduct through fair and equitable enforcement of the Clay County District Schools Code of Student Conduct.
- Responsible for faithfully and effectively implementing school/district personnel procedures, including interviewing, hiring, evaluating school staff, coordinating the Teacher Induction Program, and administering master contracts.
- Coordinate supervision of extra-curricular activities and duty assignments.

- Provide a safe learning environment through the preparation and implementation of emergency evacuation plans, fire drills, etc.
- Responsible for implementing programs designed to meet the needs of special student populations
- Assure that the school meets all State and Southern Association of Schools and Colleges

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The Thunderbolt Leadership Team meets monthly and is comprised of the two administrators, team leaders from every grade, as well as a representative from our resource team, ESE team, and support staff. We problem-solve around any concerns with a student-first mindset. Based on our Spring 2025 data, it was agreed that we needed to focus on reading.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

To ensure continuous improvement, we will regularly monitor our SIP for effective implementation after each assessment window closes, as well as through our grade-level data meetings and monitoring of our quarterly data sheets.

C. Demographic Data

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|-----|-----|-----|-----|-----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | 70 | 99 | 110 | 111 | 117 | 112 | 147 | | | 766 |
| Absent 10% or more school days | 9 | 7 | 8 | 20 | 3 | 22 | 19 | | | 88 |
| One or more suspensions | 2 | 2 | 7 | 7 | 8 | 8 | 9 | | | 43 |
| Course failure in English Language Arts (ELA) | 0 | 0 | 0 | 0 | 0 | 0 | 1 | | | 1 |
| Course failure in Math | 0 | 0 | 0 | 0 | 0 | 0 | 1 | | | 1 |
| Level 1 on statewide ELA assessment | 0 | 0 | 0 | 6 | 12 | 18 | 7 | | | 43 |
| Level 1 on statewide Math assessment | 0 | 0 | 0 | 5 | 8 | 11 | 5 | | | 29 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 3 | 0 | 1 | 8 | 0 | 0 | 0 | | | 12 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 0 | 0 | 2 | 7 | 0 | 0 | 0 | | | 9 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|----|---|----|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 5 | 2 | 6 | 18 | 9 | 20 | 7 | | | 67 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 3 | 4 | 2 | 3 | 0 | 0 | 1 | | | 13 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 10 | 15 | 22 | 14 | 15 | 27 | 20 | | | 123 |
| One or more suspensions | 5 | 4 | 7 | 8 | 6 | 10 | 12 | | | 52 |
| Course failure in English Language Arts (ELA) | 2 | | 2 | | | 2 | 3 | | | 9 |
| Course failure in Math | | | 1 | | | 1 | 6 | | | 8 |
| Level 1 on statewide ELA assessment | | | | 2 | 7 | 10 | 2 | | | 21 |
| Level 1 on statewide Math assessment | | | | 3 | 9 | 11 | 7 | | | 30 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | 4 | 4 | | | | | | 8 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | 2 | 1 | | | | | | 3 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 1 | 1 | 5 | 3 | 3 | 9 | 6 | | | 28 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 2 | 1 | 1 | | | | 1 | | | 5 |
| Students retained two or more times | | | | | | | | | | 0 |

DRAFT

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | 2024 | | 2023** | |
|--|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 74 | 63 | 59 | 79 | 62 | 57 |
| Grade 3 ELA Achievement | 79 | 66 | 59 | 81 | 65 | 58 |
| ELA Learning Gains | 61 | 62 | 60 | 72 | 62 | 60 |
| ELA Lowest 25th Percentile | 53 | 60 | 56 | 64 | 60 | 57 |
| Math Achievement* | 80 | 67 | 64 | 84 | 67 | 62 |
| Math Learning Gains | 75 | 65 | 63 | 81 | 68 | 62 |
| Math Lowest 25th Percentile | 67 | 57 | 51 | 65 | 59 | 52 |
| Science Achievement | 68 | 62 | 58 | 75 | 61 | 57 |
| Social Studies Achievement* | | | 92 | | | 76 |
| Graduation Rate | | | | | | 65 |
| Middle School Acceleration | | | | | | 54 |
| College and Career Acceleration | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 79 | 72 | 63 | 71 | 55 | 61 |
| | | | | | 67 | 55 |
| | | | | | | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |
| OVERALL FPPI – All Students | | | | | | 71% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 0 |
| Total Points Earned for the FPPI | | | | | | 636 |
| Total Components for the FPPI | | | | | | 9 |
| Percent Tested | | | | | | 98% |
| Graduation Rate | | | | | | |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 71% | 75% | 75% | 68% | 70% | | 72% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| Students With Disabilities | 56% | No | | |
| English Language Learners | 64% | No | | |
| Asian Students | 77% | No | | |
| Black/African American Students | 63% | No | | |
| Hispanic Students | 67% | No | | |
| Multiracial Students | 80% | No | | |
| White Students | 71% | No | | |
| Economically Disadvantaged Students | 65% | No | | |

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

| 2024-25 ACCOUNTABILITY COMPONENTS BY SUBGROUPS | | | | | | | | | | | | | |

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

| 2024-25 SPRING | | | | | | |
|----------------|-------|--------|----------|-------------------|-------|----------------|
| SUBJECT | GRADE | SCHOOL | DISTRICT | SCHOOL - DISTRICT | STATE | SCHOOL - STATE |
| ELA | 3 | 79% | 65% | 14% | 57% | 22% |

| Science | 5 | 69% | 61% | 8% | 55% | 14% |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Fourth grade ELA proficiency increased from 72% to 76%. The new action that took place was an increase in the collaboration/planning with the team, as well as a 'walk-to-learn' 30-minute instruction schedule that allowed teachers to focus on either small group targeted instruction to fill gaps, extend learning, or address misconceptions/reteach with our 'bubble' scholars.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our fifth-grade ELA lowest 25th percentile was 53%. Contributing factors are the result of inconsistent use of small-group, targeted instruction and inconsistent use of our school-wide intervention block.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Fifth grade ELA proficiency dropped 18 points as a result of inconsistent use of small-group, targeted instruction and our school-wide intervention block.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

A key strength of Thunderbolt Elementary is that we consistently outperform district and state averages in ELA and Maths.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

One potential area of concern is that 43 students scored a Level 1 in ELA; the majority were in grades 4 and 5.

A second area of concern is that 88 students were chronically absent, k-6, 10% or more days of

school. The highest attendance concerns were experienced in the 3rd and 5th grades, with both at 22 absences.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

- 1) ELA Proficiency
- 2) ELA L25% Learning Gains
- 3) Small group instruction

DRAFT

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Small-group Instruction

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Targeted small group instruction in content areas, focusing on and addressing specific learning gaps identified in prior and current year data.

Impact on Student Learning: To improve overall proficiency and close achievement gaps for the lowest 25%.

Rationale: In 2025, the ELA learning gains for our lowest 25% were 55% and the math learning gains for our lowest 25% were 65%.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will show a 50% increase in small group instruction in all content area classes. (The 24/25 TBE walk-through data indicates 39 counts of teacher small group instruction.)

Learning Gains for the lower 25% for FAST ELA PM3 will increase to 65%. The Learning Gains for the lower 25% for FAST Math PM3 data will increase to 67%.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

- weekly classroom walkthroughs
- Acadience Screeners
- weekly exit tickets
- Fast PM1 - PM2 - previous years PM3

- Lexia Growth
- Data Chats

This data will be used by PLC learning teams (all content areas) to inform ongoing instructional adjustments and targeted support throughout the school year to maximize student achievement.

Person responsible for monitoring outcome

Principal Bathurst, Asst Principal Pacheco, team leads, teacher teams, School-based leadership team.

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Small group instruction

Person Monitoring:

Administrators and teachers.

By When/Frequency:

By Monday, August 18th and then a minimum of 3 out of 5 days, during the 25/26 school year.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Grade-level teams will implement their designated small group instructional time with intentional planning. -Admin walkthroughs -Student data (screeners, diagnostics, assessments, exit tickets, journal entries) -Teacher schedules/lesson plans -Teacher and student conferences

Action Step #2

Professional Learning

Person Monitoring:

Administrators, Team Leaders, and grade-level team members.

By When/Frequency:

Monthly, throughout the 25/26 school year.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided monthly in the format of PL sessions by coaches, administrators, and/or grade-level teams and will focus on intentional planning, common goals, common assessments, student needs, effective instructional strategies, and available/approved resources.

Action Step #3

Monthly data meetings

Person Monitoring:

Administrators, teachers, grade-level, and school-based leadership team members.

By When/Frequency:

Monthly and quarterly, throughout the 2025/2026 school year.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Administrators will observe classrooms to provide ongoing feedback on whether the adjustments discussed are visible in instructional practices and walk-through data. The school-based leadership team will analyze the data quarterly, and grade-level teams will analyze their data monthly. Teachers will be given the opportunity to conduct peer observations and provide feedback to each other.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: ELA instruction

Impact on Student Learning: To improve overall proficiency and close achievement gaps for the lowest 25%.

Rationale: In 2025, the ELA proficiency for 3rd and 5th grades dropped. Fourth increased by 4 points, and sixth stayed the same as 2024. Overall, our ELA gains for our bottom quartile dropped from 64% to 55%.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

ELA proficiency dropped in the 3rd and 5th grades.

Fourth grade increased by 4 points. Sixth grade remained the same.

LQ ELA learning gains decreased from 64% to 55%.

For the 25/26 SY, we will increase overall ELA proficiency by 5% in 3rd grade and by 10% in 5th

grade. We will maintain or exceed growth in the 4th and 6th grades.

We will improve ELA learning gains for the LQ from 55% to at least 64%, restoring prior progress levels and supporting equitable ELA achievement.

The administrative, grade-level teams, and ESE support facilitators will monitor ELA proficiency in kindergarten - fifth grades using monthly unit Benchmark e-assessments.

Sixty percent of kindergarten - fifth grade students will score at least 70% on the monthly Benchmark e-assessments.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Specific progress monitoring tools (Acadience Screeners, FAST PM data, reading fluency probes, phonics assessments, comprehension checks) will be administered according to the district's curriculum guides and assessment calendars, as well as through common assessments, quizzes, "Benchmark" created exit tickets, and teacher anecdotal notes.

The administrative team will also monitor through the district's walk-through log, data chats with teachers, and grade-level teams.

Person responsible for monitoring outcome

Administrators, Team Leads, Teachers, ESE Support Facilitators, our ELL Teacher, and our ESE Site Specialist.

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Total Participation Techniques

Person Monitoring:

Administrators, Team Leads, Teacher Leaders, and District Curriculum Coaches.

By When/Frequency:

By September 26, 2025, to ensure the effective implementation of TPT strategies.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will effectively utilize a minimum of one Total Participation Technique (for example, think-pair-share with a written response, quick writes, categorizing and sorting, etc). We will monitor the impact of this action step through our PM 2 data, PLCs, quarterly teacher data sheets, as well as our Mid-Year and End-of-Year Acadience data. We will also monitor the impact through MTSS data.

Action Step #2

Monthly data meetings

Person Monitoring:

Administration, school-based leadership team, grade level teams, content teams.

By When/Frequency:

Monthly, throughout the 2025/2026 school year.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The school-based leadership team will meet monthly to review schoolwide data, data by grade level, and the progress of students in the lowest quartile. Based on this data, the team will collaborate with teachers to make necessary adjustments.

Action Step #3

Data analysis

Person Monitoring:

Administration, teachers.

By When/Frequency:

Data analysis will occur during content PLCs. Implementation of small group instruction focused on data-informed needs will occur 3-5 times a week, throughout the 2025/2026 school year.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The school-based leadership team will track progress through focused classroom walkthroughs, observing the implementation of data-driven small groups and differentiated instruction. Additionally, FAST data analysis will be reviewed at PM2, specifically examining the growth of the lowest quartile and overall proficiency. Within PLC learning teams, teacher-collected formative assessment data will provide ongoing insights into student learning within these targeted groups, informing necessary adjustments to instruction and groupings.

IV. Positive Learning Environment

Area of Focus #1

Positive Behavior and Intervention System (PBIS)

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Strengthen school-wide culture through implementation of Tier 1 One Clay Culture characteristics with clear expectations, explicit teaching, consistent reinforcement, and clear consequences.

Impact on student learning: The goal of a positive learning environment is to improve safety, reduce disruptions, and increase engagement of students, resulting in maximizing instructional time and improved learning.

Rationale: A significant increase in disciplinary incidents from the 2023-24 school year to the 2024-25 school year. In 23-24, TBE had a total of 141 incidents (24 major and 117 minor incidents); however, in 24-25, the total number of incidents increased to 170 (41 major and 129 minor incidents). Strengthening positive behaviors and supports will provide a consistent framework for teaching and reinforcing positive behaviors while addressing these negative trends.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data (indicators C.3, S.3, and T.3) will indicate a school-wide average of at least 75% of observed areas, demonstrating a consistent display of school-wide expectations. A decrease of at least 20% in the total number of disciplinary incidents will be evident by the end of the school year, compared to the 24-25 school year.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Weekly walkthroughs will monitor the implementation and reinforcement of Tier 1 One Clay Culture characteristics. The ongoing monitoring of disciplinary incidents will ensure effective behavioral supports. This data will provide a timely impact on behavior and learning.

Person responsible for monitoring outcome

Administrators, teachers, guidance, ESE school site specialist.

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable

outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Update behavioral expectations

Person Monitoring:

School-based Leadership Team, all staff members

By When/Frequency:

School-wide behavior expectations will be shared during the week of pre-planning and taught to students by August 22, 2025. The Discipline Flow Chart will be used throughout the year as needed.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The school-based leadership team will update our school-wide matrix outlining behavioral expectations (safe choices, own learning, act responsibly, respect) with specific, observable examples for each setting (hallway, cafeteria, playground, bathroom), and develop a plan to explicitly teach these expectations to all students within the first two weeks of school during resource time. When behavior disruptions occur, teachers will refer to the Discipline Flow Chart to address them appropriately.

Action Step #2

Professional learning

Person Monitoring:

Administrators, SBLT, Teachers

By When/Frequency:

The Professional learning will take place during pre-planning, and the classroom visits will occur throughout the school year.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will participate in a professional learning session during pre-planning for strategies to explicitly teach school-wide behavioral expectations and appropriately implement disciplinary actions using the Discipline Flow Chart.

Action Step #3

Data Meetings

Person Monitoring:

Administrators, SBLT, Teachers, Guidance, ESE
School Site Specialist

By When/Frequency:

Monthly, throughout the 2025/2026 school year.

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The School-based Leadership Team will meet monthly to review walkthrough data for indicators C.3., S.3., and T.3., and disciplinary incidents by grade level and teacher. The team will work with grade levels and teachers to make adjustments as needed to reach the goal of 75% consistent display of schoolwide behavior expectations and a decrease in incident referrals.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

DRAFT

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

No

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Tynes Elementary School in partnership with its children, families, and community will provide a superior education by providing quality instruction in a safe and orderly environment. Through their education at school, all students will gain the skills, strategies, and desire necessary for continued learning. They will also develop a strong sense of responsibility for themselves, their community, and each other. Our hope is to foster life-long learners and responsible citizens.

Provide the school's vision statement

The School District of Clay County exists to prepare lifelong learners for success in a global and competitive workplace and in acquiring applicable life skills.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Position Title

Job Duties and Responsibilities

No Answer Entered

Leadership Team Member #2

Employee's Name

Sarah Brennan

sarah.brennan@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Develop and Monitor SIP including all relevant data and instructional practices related to improvement.

Leadership Team Member #3

Employee's Name

Nakia Christopher

nakia.christopher@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Develop and Monitor SIP including all relevant data and instructional practices related to improvement.

Leadership Team Member #4

Employee's Name

Raymond Schaefer

raymond.schaefer@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Develop and Monitor SIP including all relevant data and instructional practices related to improvement.

Leadership Team Member #5

Employee's Name

Shelley Huggins

shelley.huggins@myoneclay.net

Position Title

Dean of Culture and Intervention Team Facilitator

Job Duties and Responsibilities

Monitor and implement MTSS plans and processes. Provide interventions and assess students to determine needs and support. Member of the SBLT and SLLT.

Leadership Team Member #6

Employee's Name

Michelle Cambron

michelle.cambron@myoneclay.net

Position Title

Teacher

Job Duties and Responsibilities

Monitor SIP and hold meetings to collaborate with all stakeholders.

Leadership Team Member #7

Employee's Name

Eric Wright

eric.wright@myoneclay.net

Position Title

School Counselor

Job Duties and Responsibilities

Monitor SIP and hold meetings to collaborate with all stakeholders.

Leadership Team Member #8

Employee's Name

Karen Green

karen.green@myoneclay.net

Position Title

Front Office Secretary

Job Duties and Responsibilities

Attend SAC meetings as a representative and provide support related to the SIP and job description.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or

community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

School based leadership team (admin and teachers) met on 6/17 and 6/18 to analyze data

Other stakeholders provided input via Climate Surveys and PFA

Draft will be shared during pre-planning with full faculty and PFA

SAC Committee will meet on 9/15 to review draft SIP and provide feedback

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The SIP will be monitored via the School Based Leadership Team (SBLT), and the School Literacy Leadership Team (SLLT) which both meet monthly, as well as by the administrative leadership team which meets weekly.

The SAC Committee meets quarterly and the PFA meets monthly. Both of these groups will provide feedback and monitoring of progress.

C. Demographic Data

| | |

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|-----|-----|-----|-----|-----|-----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | 134 | 144 | 114 | 159 | 140 | 146 | 150 | | | 987 |
| Absent 10% or more school days | 30 | 23 | 27 | 26 | 31 | 16 | 19 | | | 172 |
| One or more suspensions | 0 | 4 | 0 | 2 | 2 | 2 | 4 | | | 14 |
| Course failure in English Language Arts (ELA) | 0 | 8 | 4 | 0 | 0 | 0 | 0 | | | 12 |
| Course failure in Math | 0 | 6 | 2 | 0 | 0 | 0 | 0 | | | 8 |
| Level 1 on statewide ELA assessment | 25 | 33 | 43 | 16 | 31 | 28 | 22 | | | 198 |
| Level 1 on statewide Math assessment | 23 | 34 | 47 | 13 | 21 | 33 | 9 | | | 180 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 12 | 32 | 14 | 16 | | | | | | 74 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 6 | 10 | 17 | 13 | | | | | | 46 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|----|---|----|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 5 | 11 | 9 | 13 | 6 | 4 | 6 | | | 54 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|----|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 0 | 8 | 5 | 11 | 0 | 0 | 0 | | | 24 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 29 | 33 | 24 | 39 | 30 | 23 | 16 | | | 194 |
| One or more suspensions | 1 | 2 | | 7 | 1 | 5 | 7 | | | 23 |
| Course failure in English Language Arts (ELA) | 3 | 4 | 2 | 2 | 1 | | 4 | | | 16 |

DRAFT

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 60 | 63 | 59 | 61 | 62 | 57 | 57 | 59 | 53 |
| Grade 3 ELA Achievement | 70 | 66 | 59 | 71 | 65 | 58 | 52 | 61 | 53 |
| ELA Learning Gains | 60 | 62 | 60 | 62 | 62 | 60 | | | |
| ELA Lowest 25th Percentile | 52 | 60 | 56 | 59 | 60 | 57 | | | |
| Math Achievement* | 65 | 67 | 64 | 69 | 67 | 62 | 67 | 64 | 59 |
| Math Learning Gains | 56 | 65 | 63 | 65 | 68 | 62 | | | |
| Math Lowest 25th Percentile | 50 | 57 | 51 | 53 | 59 | 52 | | | |
| Science Achievement | 69 | 62 | 58 | 64 | 61 | 57 | 50 | 65 | 54 |
| Social Studies Achievement* | | | 92 | | | | | | |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 75 | 72 | 63 | 46 | 55 | 61 | 44 | 55 | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |
| OVERALL FPPI – All Students | | | | | | 62% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 0 |
| Total Points Earned for the FPPI | | | | | | 557 |
| Total Components for the FPPI | | | | | | 9 |
| Percent Tested | | | | | | 99% |

| Science | 5 | 67% | 61% | 6% | 55% | 12% |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Our 5th grade science proficiency increased from 64% to 68%. The biggest change was in personnel by adding a new teacher to our 5th grade team. She was a leader on the team, providing hands-on instructional practices for her students and sharing those materials with her peers. There was also increased emphasis on progress monitoring and student ownership in science. Teachers emphasized spiral review of previously learned concepts to solidify their understanding of big ideas in science. The teachers shared the responsibility for attending the professional learning quarterly collaboratives. Additionally, the average daily attendance for grade 5 was higher than the other grades with the lowest number of students missing more than 10% of the school days.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Learning gains in mathematics, specifically the lowest quartile. The fourth grade mathematics learning gains were especially lagging as compared to both the school and the district level data. Historically our 4th and 5th grade math scores gradually decrease as compared to their performance in Grade 3. This year we implemented a 30 minute intervention block which focused on reading. This may have resulted in a missed opportunity with our math teachers also pulling a small group for reading.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Math learning gains overall declined the most with an 8% drop. Our overall school population grew over the course of the school year from roughly 850 in August to nearly 1100 by May. This high mobility rate creates a challenge for teachers to accurately identify and monitor the lowest quartile learners. In addition, many of our new entrants are coming from out of state or out of district with significant learning gaps and minimal time to remediate those missing math skills.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap when compared to the state was first grade math. There is a 12% gap in the data. Contributing factors are lack of rigor and individual accountability for students.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

High correlation between attendance and academic performance. The largest group of students with Early Warning Indicators was in Grade 1. We had 11 students in first grade who had attendance below 90% and were Level 1 in both reading and math. Looking at historical attendance data, many of those same students also had chronic absenteeism in kindergarten, which created a pattern of inattendance and learning gaps in reading and math during their foundational years.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Foundational Reading and Math Skills

Improve daily attendance

Focus on the instructional core

Monitor progress of the lowest 25% more closely

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Students With Disabilities (SWD)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Intervention in foundational reading and math skills to address learning gaps identified by prior year's assessment data. This will include targeted small group instruction for our ESSA subgroups to ensure that we close the gap between all students and those subgroups.

Impact on Student learning: Historically our SWD and FRL subgroups have had lower proficiency and learning gains as compared to the entire school population.

Rationale: The data from the past several years shows improvement in our SWD subgroup, many of who are also in our LQ due to significant gaps in their foundational reading and math skills. By focusing our attention on those students and creating flexible small groups for intervention, we can better intervene and monitor the progress of those students.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will indicate that at least 75% of ELA and Math classrooms demonstrate evidence of differentiated instruction and targeted interventions specifically designed for SWD students (based on indicator S.2). The proficiency of SWD students in both ELA and Math will increase by at least 5 percentage points, reaching 50% proficiency in ELA and 55% proficiency in Math by PM3.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

Weekly PLCs

Quarterly student data chats
 Monthly MTSS check-ins with ITF and administrators
 Walkthrough data
 Monthly Attendance Meetings

Person responsible for monitoring outcome

Sarah Brennan

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Engagement Strategies

Person Monitoring:

Sarah Brennan

By When/Frequency:

January 2026/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement a variety of developmentally appropriate engagement strategies in their daily lesson plans to increase student engagement as evidenced by walk through data. We expect to see 90% of our teachers implementing engagement strategies based on our walkthroughs. Walkthrough data will be reviewed weekly by admin team and shared monthly with team leaders. We will correlate that with student attendance data and achievement data showing improvement from PM 1 to PM 2.

Action Step #2

Professional Learning

Person Monitoring:

Sarah Brennan

By When/Frequency:

April 2026/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning for 25-26 will focus on engagement, especially Total Participation Techniques. The schools' professional learning calendar will start with a teacher-led session on TPTs during

preplanning, with several additional whole group sessions scheduled to layer on more professional learning on engagement. At least two of the whole group sessions will be differentiated for teachers to select their level or expertise and/or area of interest for additional training. The school professional learning calendar was co-created with our school leadership team at OLA, and will be reviewed at summer team lead meeting in July. We have teacher leaders who have already volunteered to deliver the first two sessions during preplanning and in August. At our monthly team leader meetings we will solicit feedback from their PLC and review the midyear professional learning survey data as provided by the district.

Action Step #3

Data Analysis

Person Monitoring:

Sarah Brennan

By When/Frequency:

April 2026/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data meetings will be held after each progress monitoring assessment. Grade levels will analyze growth and needs of their individual classrooms as compared to the entire grade level, district and state comparison. The data will be further disaggregated to ensure robust monitoring of subgroups. The master calendar has time embedded for admin and ITF to meet with each grade level team including our multigrade self contained teachers. In addition, the literacy team will meet monthly and will include representatives from every grade level rather than grade bands.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Intervention

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Description: Intervention in foundational reading and math skills to address learning gaps identified by prior year's assessment data. This will include targeted small group instruction for our ESSA subgroups to ensure that we close the gap between all students and those subgroups.

Impact on Student learning: Historically our SWD and FRL subgroups have had lower proficiency and learning gains as compared to the entire school population.

Rationale: The data from the past several years shows improvement in our SWD subgroup, many of who are also in our LQ due to significant gaps in their foundational reading and math skills. By focusing our attention on those students and creating flexible small groups for intervention, we can better intervene and monitor the progress of those students.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will indicate that at least 75% of reading and math classrooms demonstrate evidence of differentiated instruction and power practices/targeted interventions for subgroup students (based on indicator S.2).

FRL subgroup FAST PM 3 data will show an increase to a minimum of 50% proficiency in ELA from the current 43%. Math will increase from 51% to 55% proficiency.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress towards the desired outcome will be measured through:

Weekly PLCs

Quarterly student data chats

Monthly MTSS check-ins with ITF and administrators

Walkthrough data

Monthly Attendance Meetings

Person responsible for monitoring outcome

Sarah Brennan

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:**Rationale:****Tier of Evidence-based Intervention:****Will this evidence-based intervention be funded with UniSIG?**

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Power Practices/Small Group Instruction

Person Monitoring:

Sarah Brennan

By When/Frequency:

May 2026/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement power practices and differentiate their instruction through small groups to ensure that learners are met at their instructional level and provided access to rigorous, grade level instruction in an accessible manner. Walkthrough data will indicate that at least 75% of reading and math classrooms demonstrate evidence of differentiated instruction and power practices/targeted interventions for subgroup students (based on indicator S.2).

Action Step #2

PLC Meetings

Person Monitoring:

Sarah Brennan

By When/Frequency:

May 2026/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Content and vertical PLC meetings (held 5 times per year on school choice weeks) will center around leveraging power practices through small group instruction as a response to class level and individual student data. The data from the past several years shows improvement in our SWD subgroup, many of who are also in our LQ due to significant gaps in their foundational reading and math skills. By focusing our attention on those students and creating flexible small groups for intervention, we can better intervene and monitor the progress of those students

Action Step #3

Data analysis

Person Monitoring:

Sarah Brennan

By When/Frequency:

January 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data meetings will be held after each progress monitoring assessment. Grade levels will analyze growth and needs of their individual classrooms as compared to the entire grade level, district and state comparison. The data will be further disaggregated to ensure robust monitoring of subgroups. The master calendar has time embedded for admin and ITF to meet with each grade level team including our multigrade self contained teachers. In addition, the literacy team will meet monthly and will include representatives from every grade level rather than grade bands.

Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA required by RAISE (specific questions)**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as

a crucial need from the prior year data reviewed.

According to the National Early Literacy Panel (2020), the two most important phonemic awareness skills are segmenting and blending. This is because these two skills have a causal effect on learning how to read and spell. Blending causes children to read words. Segmenting causes children to spell words. Blending is being able to hear the individual sounds in a word and blend those sounds together to produce the correct word. Segmenting is being able to hear a word and break it apart into its individual sounds. Blending facilitates the ability to read and segmenting facilitates the ability to spell. The ability to perform the skills of blending and segmenting require that a student is able to detect individual phonemes in words. Since this is not a natural skill it needs to be explicitly taught to most children. When a child is successful at both blending and segmenting, their chances at being proficient readers in the future are significantly increased.

During the 24-25 school year, our 1st and 2nd grade students (now our 2nd and 3rd graders) demonstrated weakness in oral reading fluency, phoneme segmentation fluency, and nonsense word fluency. By focusing on the foundational skills of segmenting and blending with the students who are still not proficient, we will improve oral reading fluency which will improve reading comprehension.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

No Answer Entered

Grades 3-5: Instructional Practice specifically related to Reading/ELA

No Answer Entered

Grades K-2: Measurable Outcome(s)

During the 2025-2026 school year our 2nd and 3rd graders will score at or above district and state benchmarks for ELA on the end of year FAST assessment. They will show an improvement in their oral reading fluency from BOY to EOY based on Acadience.

Grades 3-5: Measurable Outcome(s)

During the 2025-2026 school year our 2nd and 3rd graders will score at or above district and state benchmarks for ELA on the end of year FAST assessment. They will show an improvement in their oral reading fluency from BOY to EOY based on Acadience.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Monthly literacy leadership team meetings will analyze student performance based on Acadience and classroom based assessments. Our ITF, Shelley Huggins, will support the team in their progress monitoring along with administration.

Person responsible for monitoring outcome

Sarah Brennan, Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:**Rationale:****Tier of Evidence-based Intervention:****Will this evidence-based intervention be funded with UniSIG?**

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1**Person Monitoring:****By When/Frequency:**

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

During the 2024-2025 school year, average daily attendance improved to 93.18% from 92.62% in 2023-24. Although this appears to be a small improvement and overall a robust daily attendance, we still had 172/1062 students who missed 18 or more school days, putting them at an average attendance rate of less than 90%. Of those 172 students, 20 of them were enrolled in one of our ASD/SC classes. Again, although this represents an improvement from 2023-24 when we had 208 (20% of our total enrollment) students missing 10% or more of the school year, 36 of them from our ASD/SC classrooms, Tynes still has too many students missing a high percentage of school days. Many of those students who miss more than 10% also fit at least one other Early Warning category such as

a Level 1 in ELA or Math or a substantial reading deficiency. Furthermore, since our demographic of SWD has tended to miss a higher number of days, there is a cumulative effect on their progress when they are not in school to receive their SDI.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

During the 2025-2026 school year, the number of students missing more than 10% of the school year will continue to decrease from 16% to 10% or less.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Daily attendance averages will be reviewed weekly by our administrative team and shared with staff. This data will be shared with families monthly. On a monthly basis, the attendance team will convene to identify students who are at risk based on a pattern of absences to ensure that the classroom teacher has made an initial phone contact and documented it in Synergy. The attendance team will then take appropriate next actions based on the student and the individual needs of that student and family.

Person responsible for monitoring outcome

Sarah Brennan

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rationale:

Tier of Evidence-based Intervention:

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Student Engagement

Person Monitoring:

Sarah Brennan

By When/Frequency:

January 2026/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will implement a variety of developmentally appropriate engagement strategies in their daily lesson plans to increase student engagement as evidenced by walk through data. We expect to see 90% of our teachers implementing engagement strategies based on our walkthroughs. Walkthrough data will be reviewed weekly by admin team and shared monthly with team leaders. We will correlate that with student attendance data and achievement data showing improvement from PM 1 to PM 2.

Action Step #2

Student Data Meetings

Person Monitoring:

Sarah Brennan

By When/Frequency:

January 2026/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data meetings with students will be held after each Progress Monitoring period to engage students in reflection and goal setting. Students in multiple subgroups will be closely monitored by classroom teacher, literacy leadership team, and admin/ITF to ensure that those students who are most at risk are making adequate progress. Best practices/exemplars of student data chat protocols will be shared at PLC so that teachers can learn from one another and improve their practice in collaborative goal setting with students.

Action Step #3

Data Sharing with Families

Person Monitoring:

Sarah Brennan

By When/Frequency:

April 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Attendance data will be shared with families in monthly newsletter along with ideas for improving attendance/statistics about the impact of attending school regularly. This information will be shared weekly with staff to identify trends and attempt to intervene more promptly. Principal will meet with families of the students in our self-contained settings during orientation to convey the importance of regular school attendance and of timely communication with school about absences due to medical appointments and/or therapies so that students missing for ABA, OT, etc. are not marked as unexcused.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Our mission is to work collaboratively with all stakeholders to provide a public education experience that is motivating, challenging, and rewarding for all children. We will increase student achievement by providing students with learning opportunities that are rigorous, relevant, and transcend beyond the boundaries of the school walls. We will ensure a working and learning environment built upon honesty, integrity and respect. Through these values, we will maximize students potential and individual responsibility.

Provide the school's vision statement

W. E. Cherry Elementary and the School District of Clay County exist to prepare lifelong learners for success in a global and competitive workplace and in acquiring applicable life skills.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Angela Whiddon

angela.whiddon@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

The duties of the School-Based Leadership Team (SBLT) is to analyze school-wide data to determine the effectiveness of Tier 1 instruction for all students. Data to be analyzed includes grade 3-5 Khan Academy Math, grade 6 ALEKS Math, and K-6 Lexia Reading diagnostics as well as formal assessments such as F.A.S.T. assessments. The principal leads the meetings and provides a common vision for members in order to make data informed decisions.

Leadership Team Member #2

Employee's Name

Joshua Hogmire

joshua.hogmire@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

The duties of the School-Based Leadership Team (SBLT) is to analyze school-wide data to determine the effectiveness of Tier 1 instruction for all students. Data to be analyzed includes grades 3-5 Khan Academy Math, grade 6 ALEKS Math, and K-6 Lexia Reading diagnostics as well as formal assessments such as F.A.S.T. assessments. The assistant principal co-leads the meetings and provides a common vision for members in order to make data informed decisions.

Leadership Team Member #3

Employee's Name

Kristie Lee

kristie.lee@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Title I teachers participate in student data collection, deliver Tier 1 instruction in a small-group setting, collaborate with staff to provide Tier 2 interventions, and integrate Tier 1 materials/instruction with Tier 2/3 support.

Leadership Team Member #4

Employee's Name

Katheryn Cummings

katheryn.cummings@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Title I teachers participate in student data collection, deliver Tier 1 instruction in a small-group setting, collaborate with staff to provide Tier 2 interventions, and integrate Tier 1 materials/instruction with Tier 2/3 support.

Leadership Team Member #5**Employee's Name**

Emmalee Ganey

emmalee.ganey@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

General education teachers provide information about core instructional practices and curriculum, participate in student data collection, deliver Tier 1 instruction, collaborate with staff to provide Tier 2 interventions, and integrate Tier 1 materials/instruction with Tier 2/3 support.

Leadership Team Member #6**Employee's Name**

Angela Conley

angela.conley@myoneclay.net

Position Title

Teacher, ESE

Job Duties and Responsibilities

The Chair of the SAC committee shall assist the principal in leading the committee to develop the SIP, PFEP, and the school's annual budget. ESE teachers provide information about the accommodations made for the ESE students to be successful with the core curriculum.

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. §

6314(b)(2), ESEA Section 1114(b)(2).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The school based leadership team develops a draft SIP based on the previous year's F.A.S.T. data and is then presented to the SAC members for feedback and additional suggestions.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

Grade-level teams meet weekly to review current data and develop targeted interventions for students who are in the lowest quartile. The school leadership team will meet with each grade level following the scheduled progress monitoring cycle (PM1, PM2, PM3). Once data is assessed, and if revision is needed, the administration will request a SAC meeting to present proposed revisions to the SIP.

C. Demographic Data

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | 71 | 77 | 88 | 78 | 81 | 81 | 89 | | | 565 |
| Absent 10% or more school days | 28 | 10 | 22 | 19 | 20 | 18 | 17 | | | 134 |
| One or more suspensions | 6 | 2 | 3 | 2 | 8 | 1 | 5 | | | 27 |
| Course failure in English Language Arts (ELA) | 8 | 2 | 1 | 2 | 2 | 0 | 5 | | | 20 |
| Course failure in Math | 8 | 1 | 0 | 0 | 0 | 0 | 4 | | | 13 |
| Level 1 on statewide ELA assessment | 30 | 20 | 27 | 6 | 21 | 14 | 13 | | | 131 |
| Level 1 on statewide Math assessment | 20 | 22 | 24 | 4 | 9 | 9 | 10 | | | 98 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | 11 | 8 | 11 | 6 | | | | | | 36 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | 11 | 12 | 14 | 4 | 9 | | | | | 50 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|----|----|----|---|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 12 | 3 | 12 | 10 | 15 | 7 | 14 | | | 73 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 11 | 5 | 1 | 2 | 3 | 0 | 3 | | | 25 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 26 | 24 | 22 | 21 | 31 | 24 | 26 | | | 174 |
| One or more suspensions | 2 | 3 | 3 | 8 | 3 | 4 | 7 | | | 30 |
| Course failure in English Language Arts (ELA) | 4 | 6 | 6 | 5 | 4 | | | | | 25 |
| Course failure in Math | 5 | 3 | 1 | 1 | 3 | 1 | | | | 14 |
| Level 1 on statewide ELA assessment | | 23 | 22 | 13 | 16 | 18 | 12 | | | 104 |
| Level 1 on statewide Math assessment | 25 | 17 | 16 | 8 | 5 | 21 | 5 | | | 97 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | 1 | 2 | | | | | | 3 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 14 | 17 | 21 | 16 | 13 | 18 | 11 | | | 110 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|----|----|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 13 | 8 | 10 | 12 | 6 | | 5 | | | 54 |
| Students retained two or more times | 1 | | | | | | | | | 1 |

DRAFT

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 65 | 63 | 59 | 58 | 62 | 57 | 55 | 59 | 53 |
| Grade 3 ELA Achievement | 72 | 66 | 59 | 59 | 65 | 58 | 60 | 61 | 53 |
| ELA Learning Gains | 63 | 62 | 60 | 61 | 62 | 60 | | | |
| ELA Lowest 25th Percentile | 61 | 60 | 56 | 61 | 60 | 57 | | | |
| Math Achievement* | 69 | 67 | 64 | 69 | 67 | 62 | 54 | 64 | 59 |
| Math Learning Gains | 70 | 65 | 63 | 78 | 68 | 62 | | | |
| Math Lowest 25th Percentile | 63 | 57 | 51 | 72 | 59 | 52 | | | |
| Science Achievement | 53 | 62 | 58 | 55 | 61 | 57 | 69 | 65 | 54 |
| Social Studies Achievement* | | | 92 | | | | | | |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 57 | 72 | 63 | 55 | 55 | 61 | 46 | 55 | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

E. Grade Level Data Review – State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested or all tested students scoring the same.

| 2024-25 SPRING | | | | | | |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Fifth Grade ELA showed the most improvement going from 48% proficiency in 23-24 to 65% proficiency in 24-25. This shows a 17% increase. Title I pushed in to form small groups based on data from PM1 and PM2. Our county personnel also came and planned with the 5th grade teachers.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Fifth Grade Science showed a 53% proficiency, dropping 2% points from the previous year. We have a second year teacher that teaches all of the Science for fifth grade students.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Fourth Grade Math showed a decline from 75% proficiency in 23-24 school year to 70% proficiency in 24-25 school year. However, there was an increase for this third grade cohort coming into fourth grade. Due to our personnel being pulled to concentrate on fifth grade ELA and Math, we feel that hindered our scores because of less personnel to pull small groups.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Fifth Grade Science showed the biggest gap in proficiency scores. The state is 55% proficiency and WEC is 51% proficiency. This is a gap of 4%. Not enough hands on experiences with science standards contributed to this gap.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Attendance continues to be an area of concern. Our attendance rate (absences and tardies)

continues to be lower than before COVID. During the 24-25 school year 134 students missed 10% or more days which is 23.7% of our students missing 10 or more days of the school year.

Another area of concern is our Kindergarten students that show the highest percentage among each grade level with two or more indicators (attendance & scoring a Level 1 on the ELA statewide assessment). 42% of our kindergarten students scored a Level 1 on the ELA statewide assessment.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

ELA

Science

Attendance

DRAFT

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our Fourth Grade ELA will be an area of focus for us in the 25-26 school year. Only 53% of our 4th graders showed proficiency on the statewide assessment. This affects student learning because low performance in reading can significantly impact student learning across all academic areas including math and science and can potentially lead to behavioral issues and even disengagement from school. 4th grade ELA proficiency is a crucial need because they scored below the state and county proficiency scores. State proficiency rate was 56% and our county's proficiency rate for 4th grade ELA was 60%.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

According to state data for the 2024-2025 school year, only 53% of our fourth graders were proficient on the ELA FAST assessment. We plan to raise that proficiency level to 56% for the 2025-2026 school year. Walkthrough data will show a 50% increase in small group instruction in ELA groups.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Teachers and administration will analyze FAST PM1 and PM2 data to determine strengths and areas of growth. Teachers and Administration will meet monthly to discuss data findings and plan accordingly to meet students needs. In addition, Administration will utilize classroom walkthroughs to ensure grade level benchmarks are being taught consistently and that small group instruction is taking place.

Person responsible for monitoring outcome

Angela Whiddon, Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

The following evidence-based interventions will be implemented: Monthly data review: administration and the fourth grade ELA teachers will meet monthly to review PM data, Lexia data and classroom performance. Small group instruction: based on PM data small groups will be formed and targeted standards based lessons will be completed with Title I teachers pushing-in to assist the classroom teachers with small groups. Providing additional programs outside of the school day (after school tutoring): Fourth grade students who score below Level 3 on the PM assessments will be invited to attend our after school tutoring program. Professional Learning: During PLC's our teachers will collaborate with each other (as well as our county ELA resource teacher) discussing the new Reading series and how effective it is with the students.

Rationale:

Monthly Data Review- by consistently monitoring a child's progress, teachers can gather the information they need to match lessons and supplementary instruction to an individual child's level of understanding. Small group instruction - providing data-based, intentional support to students. Provide additional programs outside of the regular school day (After-school tutoring) - supplementing learning from the school day and providing targeted assistance to students whose needs extend beyond what they can receive via classroom instruction must be focused and targeted. Professional Learning-when teachers collaborate and share ideas, not only students, but teachers will benefit from these interactions.

Tier of Evidence-based Intervention:

Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Progress Monitoring

Person Monitoring:

Angela Whiddon

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will monitor daily student work. Teachers and administration will analyze F.A.S.T. PM1 and PM2 data to determine strengths and areas of growth. Teachers and administration will meet monthly to discuss data findings and plan accordingly to meet student needs. In addition, administration will utilize classroom walkthroughs to ensure grade level benchmarks are being taught consistently.

Action Step #2

Small group Instruction

Person Monitoring:

Kristie Lee and Beth Cummings

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Title I teachers will meet with classroom teachers and discuss data in order to create small-group and individual assignments. Small groups will change depending on student data. Title I teachers will push-in during ELA academic time and assist the classroom teacher with monitoring results from these small groups. Small group data notebooks will be created to monitor progress.

Action Step #3

Provide additional programs outside of the school day.

Person Monitoring:

Kristie Lee and Beth Cummings

By When/Frequency:

Spring 2026/2 days per week

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Our focus will be on Fourth Grade ELA when offering outside tutoring. Should funds allow, we will add other grade levels. We will offer 4th grade ELA groups of 10 or less. Students will be given a pretest at the beginning of tutoring and lessons will be based on these results. Tutoring teachers will keep track of data each week. A posttest will be given at the end of tutoring to gauge the effectiveness of the lessons.

Action Step #4

Professional Learning

Person Monitoring:

Angela Whiddon and Josh Hogmire

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The district resource ELA teacher will meet with ELA teachers monthly to discuss data and share appropriate instructional strategies that will enhance the effectiveness of the new ELA curriculum.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Science**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Proficiency in Science will be an Area of Focus for the 2025-2026 school year. Based on 2024-2025 FAST Science data, 53% of our 5th grade students showed proficiency in Science. This is a decline of 2% from the previous year. We feel this is a crucial need due to the decline in scores. Student lack of proficiency can negatively impact critical thinking; problem solving skills and the ability to understand and evaluate information.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Our Science proficiency score is 53%. We plan to raise this to the state average of 55% for the 2025-2026 school year. Administration will utilize walkthrough data to ensure that small group instruction is being effectively used in science classes.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Title I, Administration and Science teacher will meet monthly to discuss classroom and walkthrough data and Science Benchmark tests. This data will drive small group instruction.

Person responsible for monitoring outcome

Mr. Conley, Kristie Lee, Beth Cummings and Administration

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Monthly Data Review: Title I will meet with Science teachers and county resource teacher monthly to discuss areas of concern. Small group instruction: Small groups will be formed based on data review of Benchmark assessments. Professional Learning: District Science Specialist will meet with science teachers monthly throughout the year.

Rationale:

Monthly Data Review - by consistently monitoring a child's progress, teachers can gather the information they need to match lessons and supplementary instruction to an individual child's level of understanding. Small group instruction - providing data-based, intentional support to students whose needs must be focused and targeted. Closely aligning the intended benchmark and pacing of instruction with student needs will result in higher student performance. Professional Learning-to provide an extra knowledgeable source for reassurance, guidance and help.

Tier of Evidence-based Intervention:

Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Monthly Data Review

Person Monitoring:

Mr. Conley, Kristie Lee, Beth Cummings and Administration

By When/Frequency:

PLC/Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

We can meet to discuss strengths and weaknesses so that we can create small group instruction to better meet the needs of the students.

Action Step #2

Small group instruction

Person Monitoring:

Mr. Conley, Kristie Lee and Beth Cummings

By When/Frequency:

After Benchmark Assessment 1/weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Title I will push in as needed to form small groups so that students will be in smaller settings in hopes of increasing understanding of benchmarks.

Action Step #3

Professional Learning

Person Monitoring:

Mr. Conley, Kristie Lee and Beth Cummings

By When/Frequency:

After Benchmark Assessments/monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will meet monthly to reflect on the positives and negatives of their efforts and learn more about the science benchmarks and effective instructional strategies for each benchmark. Title I will lead these meetings and reflect on the impact it is having with the student data.

Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA required by RAISE (specific questions)**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our Kindergarten and First grade ELA will be an area of focus for us in the 25-26 school year. Only 29% of our Kindergarten students showed proficiency on the statewide assessment and only 49% of our 1st graders showed proficiency on the statewide assessment. This affects student learning because low performance in reading can significantly impact student learning across all academic areas including math and science and can potentially lead to behavioral issues and even disengagement from school. Kindergarten and 1st grade ELA proficiency is a crucial need because

they scored below the state and county proficiency scores. State proficiency rate for Kindergarten ELA was 56% and 1st grade ELA was 58% and our county's proficiency rate in Kindergarten was 60% and 1st grade was 62%.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

Small group instruction will take place with our new Benchmark Advance reading series. The instructional practice will focus on explicit instruction of the 6 components of Florida's formula for reading success, (oral language, phonological awareness, phonics, fluency, vocabulary and comprehension.) Each component will be addressed in whole group as well as small group instruction during a 90 minute ELA block. This instruction will be differentiated to best meet the needs of the students.

Grades 3-5: Instructional Practice specifically related to Reading/ELA

No Answer Entered

Grades K-2: Measurable Outcome(s)

According to state data for the 2024-2025 school year, only 29% of our Kindergarten students and 49% of our 1st graders were proficient on the ELA FAST assessment. We plan to raise that proficiency level to 50% for Kindergarten and 1st grade students for the 2025-2026 school year. Walkthrough data will show a 50% increase in small group instruction in ELA groups.

Grades 3-5: Measurable Outcome(s)

No Answer Entered

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Teachers and administration will analyze FAST PM1 and PM2 data to determine strengths and areas of growth. Teachers and Administration will meet monthly to discuss data findings and plan accordingly to meet students needs. In addition, Administration will utilize classroom walkthroughs to ensure grade level benchmarks are being taught consistently and that small group instruction is taking place.

Person responsible for monitoring outcome

Angela Whiddon and Josh Hogmire

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored

for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

The following evidence-based interventions will be implemented: Monthly data review: administration and the K and 1 ELA teachers will meet monthly to review PM data, Lexia data and classroom performance. Small group instruction: based on PM data small groups will be formed and targeted standards based lessons will be completed with Title I teachers pushing-in to assist the classroom teachers with small groups. Professional Learning: During PLC's our teachers will collaborate with each other (as well as our county ELA resource teacher) to discuss the new Reading series and how effective it is with the students.

Rationale:

Monthly Data Review- by consistently monitoring a child's progress, teachers can gather the information they need to match lessons and supplementary instruction to an individual child's level of understanding. Small group instruction - providing data-based, intentional support to students. Professional Learning-when teachers collaborate and share ideas, not only students, but teachers will benefit from these interactions.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Monthly Data Review

Person Monitoring:

Angela Whiddon

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will monitor daily student work. Teachers and administration will analyze F.A.S.T. PM1 and PM2 data to determine strengths and areas of growth. Teachers and administration will meet monthly to discuss data findings and plan accordingly to meet student needs. In addition, administration will utilize classroom walkthroughs to ensure grade level benchmarks are being taught consistently.

Small Group Instruction

Person Monitoring:

Kristie Lee and Beth Cummings

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Title I teachers will meet with classroom teachers and discuss data in order to create small-group and individual assignments. Small groups will change depending on student data. Title I teachers will push-in during ELA academic time and assist the classroom teacher with monitoring results from these small groups. Small group data notebooks will be created to monitor progress.

Action Step #3

Professional Learning

Person Monitoring:

Angela Whiddon

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

The district resource ELA teacher will meet with ELA teachers monthly to discuss data and share appropriate instructional strategies that will enhance the effectiveness of the new ELA curriculum.

IV. Positive Learning Environment

Area of Focus #1

Teacher Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Teacher Attendance is crucial for a thriving student environment. Creating a positive relationship with students requires consistent involvement in daily academics as well as nurturing the whole child. A lack of this can interfere with the student learning outcome as well as a high cost for substitutes. According to our bookkeeper's records, the number of teacher absences increased significantly this year with over 1500 absences in one school year.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

During the 2024-2025 school year we had 1,578 teacher absences. Our goal for the 2025-2026 school year is to decrease teacher absences to 1,000 or less.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Our administration and bookkeeper will run reports monthly so that we can discuss findings at our PLC meetings. We believe that less teacher absences will promote a positive learning environment and thus increase student academic learning.

Person responsible for monitoring outcome

Angela Whiddon, Josh Hogmire, Michelle Solomon

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the

evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Teachers will be recognized monthly for regular attendance. Administration will provide clear expectations in our back to school meeting as well as in our whole group PLC meetings. This will be monitored throughout each month according to the needs that arise. Should the need arise, our administration will identify and address the chronic absenteeism.

Rationale:

By recognizing and promoting consistent attendance, teachers will feel valued and know that their efforts will produce a positive and nurturing environment.

Tier of Evidence-based Intervention:

Tier 3 – Promising Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Clear expectations: Establish clear expectations for teacher attendance, procedures for reporting absences

Person Monitoring:

Angela Whiddon

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Clear expectation for our faculty and staff will be given at our Welcome Back to School meeting. Procedures to follow for reporting absences will also be clearly explained. Teachers will be directed to peruse the teacher contract for further understanding of attendance procedures and policy.

Action Step #2

Professional Learning

Person Monitoring:

Kristie Lee and Beth Cummings

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Teachers will learn strategies for collaboration and mentorship during our monthly PLC meetings. Teachers will learn ways to work together to plan for lessons, as well as time management tips for before, after and outside of school hours. Team leads will share new ideas their team comes up with to encourage teacher attendance. Each month a list of ideas be placed in our faculty lounge to share.

Action Step #3

Monthly Data review

Person Monitoring:

Angela Whiddon, Michelle Solomon

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Whole group PLC meetings will consistently address the teacher attendance rate. The bookkeeper will run monthly reports that will monitor attendance of all teachers.

DRAFT

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

At Wilkinson Elementary School, we provide high levels of learning for all scholars. We increase student achievement by having high standards and expectations in which students value and develop a drive, desire and passion for learning. This is achieved by students being actively engaged in the learning process. By creating an optimal learning environment built on respect, safety and kindness, all students are achievers.

Provide the school's vision statement

Wilkinson Elementary School exists to provide a safe, caring and stimulating environment to prepare life long learners for success by assisting them in acquiring the necessary skills to achieve their fullest potential in a competitive global workplace.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Dr. Carolyn Hayward

carolyn.hayward@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

Instructional leader/supervisor of the school and all school activities.

Leadership Team Member #2

Employee's Name

Kara Hoffmann

Kara.hoffmann@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

Leader of PBIS and staff professional development; head of discipline

Leadership Team Member #3

Employee's Name

Alice VanVactor

alice.vanvactor@myoneclay.net

Position Title

Teacher, ITF

Job Duties and Responsibilities

SAC chair

Leadership Team Member #4

Employee's Name

M. LeAnne Jones

Mary.jones@myoneclay.net

Position Title

Title I Lead Teacher

Job Duties and Responsibilities

Title I compliance

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The School Advisory Council, including administrators, teachers and school staff, parents and community members, meets regularly throughout the year to evaluate the needs of the school and its stakeholders. During the first meeting of the year, SAC members will review the data and evaluate the goals and action steps proposed in the draft of the SIP. Suggested changes will be voted upon by the members present.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

SIP monitoring will occur at least quarterly. Data from all sources (FAST/STAR, Acadience, Lexia, classroom performance, etc.) will be reviewed regularly by teachers and administrators in data meetings and PLCs. The school problem-solving team comprised of teachers and school and district level administrators and specialists, will meet monthly to review the progress of tier 1 instruction and interventions. The ITF and school psychologist will meet monthly with teachers of scholars in MTSS to review their progress. If the data indicates the SIP requires revision, this will be done through our School Advisory Council.

C. Demographic Data

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | | TOTAL |
|---|-------------|----|----|-----|----|----|----|---|---|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | | |
| School Enrollment | 104 | 85 | 94 | 105 | 91 | 89 | 96 | | | 664 | |
| Absent 10% or more school days | 24 | 15 | 20 | 16 | 19 | 16 | 25 | | | 135 | |
| One or more suspensions | | | | 2 | 1 | 2 | 2 | | | 7 | |
| Course failure in English Language Arts (ELA) | | | | | | | | | | 0 | |
| Course failure in Math | | | | | | | | | | 0 | |
| Level 1 on statewide ELA assessment | 12 | 20 | 21 | 20 | 24 | 24 | 11 | | | 132 | |
| Level 1 on statewide Math assessment | 8 | 5 | 21 | 10 | 30 | 26 | 8 | | | 108 | |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | 6 | | | | | | 6 | |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | 2 | | | | | | 2 | |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 13 | 6 | 9 | 28 | 36 | 22 | 15 | | | 129 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|----|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 2 | 0 | 0 | 15 | 0 | 0 | 0 | | | 17 |
| Students retained two or more times | | | | 2 | | | 1 | | | 3 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|----|----|----|----|----|----|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Absent 10% or more school days | 28 | 29 | 17 | 33 | 23 | 25 | 17 | | | 172 |
| One or more suspensions | 1 | | | | | 1 | 1 | | | 3 |
| Course failure in English Language Arts (ELA) | | | | | 2 | | | | | 2 |
| Course failure in Math | | | | | | | 1 | | | 1 |
| Level 1 on statewide ELA assessment | 2 | 10 | 17 | 15 | 19 | 22 | 7 | | | 92 |
| Level 1 on statewide Math assessment | | 1 | 6 | 9 | 26 | 22 | 10 | | | 74 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | 2 | 3 | 2 | 4 | | | 1 | | | 12 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | 2 | 3 | 2 | 4 | | | 1 | | | 12 |
| Students retained two or more times | | | | | | | | | | 0 |

DRAFT

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 51 | 63 | 59 | 53 | 62 | 57 | 51 | 59 | 53 |
| Grade 3 ELA Achievement | 54 | 66 | 59 | 57 | 65 | 58 | 63 | 61 | 53 |
| ELA Learning Gains | 54 | 62 | 60 | 56 | 62 | 60 | | | |
| ELA Lowest 25th Percentile | 53 | 60 | 56 | 61 | 60 | 57 | | | |
| Math Achievement* | 56 | 67 | 64 | 58 | 67 | 62 | 53 | 64 | 59 |
| Math Learning Gains | 58 | 65 | 63 | 58 | 68 | 62 | | | |
| Math Lowest 25th Percentile | 60 | 57 | 51 | 53 | 59 | 52 | | | |
| Science Achievement | 53 | 62 | 58 | 59 | 61 | 57 | 49 | 65 | 54 |
| Social Studies Achievement* | | | 92 | | | | | | |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | | | | | | | | | |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 72 | 63 | | 55 | 61 | | | 55 | 59 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | ATSI |
| OVERALL FPPI – All Students | | | | | | 55% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 1 |
| Total Points Earned for the FPPI | | | | | | 439 |
| Total Components for the FPPI | | | | | | 8 |
| Percent Tested | | | | | | 99% |
| Graduation Rate | | | | | | |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 55% | 57% | 54% | 59% | 52% | | 54% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

Our lowest 25th percentile in math increased overall from 53% to 59%. This includes an increase for our SWD subgroup going up from 47% to 55%. One contributing factor is our 6th grade math teacher who intentionally plans engaging lessons that meet grade-level standards with rigor while also addressing the individual needs of each scholar, whether approaching, on, or beyond grade-level. This is done with careful utilization of all resources available, such as Title I staff including teachers and assistants.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our lowest 25th percentile in ELA only scored 54% proficiency. The previous year they were at 61%. These scholars were pulled out of small group time in their classroom to receive Corrective Reading instruction. This intervention was beneficial for them in developing their reading skills, however, they were missing the practice with the grade level skills being taught by their ELA teacher.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The greatest decline was with our ELA lowest 25th percentile. They dropped from 61% to 54%. These scholars were pulled out of small group time in their classroom and went to Corrective Reading groups. This invention was beneficial for them in developing their reading skills, however, they were missing the practice with grade level skills being taught by their ELA teacher.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Our greatest gap when compared to the state average was ELA achievement. The state average was 57% proficiency, compared to our 51%. This is primarily due to deficits in grades 4 and 5 which have been trending downward for the past 2 years.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Number of scholars scoring Level 1 in ELA has increased from 118 to 132, K-6.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

1. ELA and Math achievement in grades 4 and 5
2. SWD achievement in ELA and Math
3. ELA learning gains
4. Attendance

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Students With Disabilities (SWD)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

English/Language Arts skills are crucial for success across every content area. Our data from last year indicates that our grades 3-6 Students with Disabilities had an average ELA proficiency of 19%, with K-6 SWD proficiency being 28%; therefore, we have identified our SWD ELA proficiency as a crucial need at every grade level.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

For K-6th, Walk through data will show an increase from 15.2% to 60% in rigorous tasks in ELA, Math, and Science classes. End of unit assessments will show a class average of 80% or higher to show evidence of Strong Tier 1 Instruction.

Scholar proficiency will increase from 51% to 60% proficiency and SWD scholars proficiency will increase from 46% in grades 3-6 to 50%.

Using the action steps described below, we expect to see our overall ELA proficiency as follows:

- Kindergarten will increase from 67% to 75%
- Grade 1 will increase from 59% to 65%
- Grade 2 will increase from 52% to 60%
- Grade 3 will increase from 53% to 60%
- Grade 4 will increase from 45% to 50%
- Grade 5 will increase from 39% to 50%
- Grade 6 will increase from 61% to 65%

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

- Weekly walkthroughs - observing rigor, scholar engagement, and small group instruction.
- Data chats -
- MTSS - Problem Solving Team Meetings - Monthly
- Evidence of Tier 1 instruction - Universal Data, Title Team with teacher support

Scholars will be assessed using STAR (k-2) or FAST (3-6) beginning, middle and end of year to monitor implementation and the progress toward desired outcome.

Person responsible for monitoring outcome

Carolyn Hayward - Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Along with the district, WES will utilize a new high-quality curriculum (Benchmark) which is evidence-based and addresses the identified gaps aligned with the 5 components of reading. This will be monitored through administrative observation, lesson plans, and data evidence from STAR (K-2) and FAST (3-6) progress monitoring, along with the Acadience Reading Benchmark Screener (K-6).

Rationale:

This has a high level of tier 1 evidence of success and is in our district CERP.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #2:

K-2 scholars will receive explicit and systematic phonological awareness and phonics instruction through Foundations. Foundations instruction will be monitored by the district reading coach and our school-based Title I literacy coach throughout the year. Each student will complete a baseline assessment and progress data will be collected at the end of each unit of instruction. A foundational skill essential for reading success is phonics. Our scholars in grades K-2 will receive phonics instruction through the Foundations curriculum which is aligned to the science of reading. This is a multi-sensory core curriculum designed to meet the needs of all scholars including those with disabilities. Data from end of unit assessments will be analyzed by K-2 teachers in PLC, along with guidance from our district and school-based coaches and administrators.

Rationale:

This has a high level of tier 1 success and is in our district CERP.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #3:

All scholars will receive targeted small group instruction designed to meet their individual needs. Targeted small group instruction will allow for the needs of every scholar to be met by highly qualified instructors, including ESE, Title I, and general education teachers. Groups will be formed based upon data or topic and will be carefully designed to advance student achievement. Monitoring of this instruction will be done by administrative observations and lesson plan documentation. Additionally, the progress of SWD will be documented in the IEP goals.

Rationale:

This has a high level of tier 1 success and is in our district CERP.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Strengthen Tier 1 instruction

Person Monitoring:

Carolyn Hayward/Kara Hoffmann

By When/Frequency:

by 9/2025

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

All ELA teachers will be trained to implement the Benchmark core with proficiency and fidelity. Using High Leverage Practices for Inclusive Classrooms, ESE and general education teachers will collaboratively meet the needs of all scholars through consistent opportunities to work on benchmark-aligned assignments, providing strong instruction, cultivating deep engagement, and holding high expectations for all scholars. Additionally, ESE and general education teachers of grades K-2 will be trained to deliver Foundations core instruction with the support of our District and school-based coaches. As a part of our rigorous tier 1 instruction, all ELA teachers will plan interactive small group lessons designed to meet the needs of every scholar. ESE and general education teachers (as well as paraprofessionals when applicable) will be actively engaged in meeting the needs of their students during this crucial learning time. This instruction will be monitored through administrative observation, lesson plan documentation, and all data sources which will be reviewed at least monthly.

Action Step #2

Professional Learning

Person Monitoring:

Carolyn Hayward/Kara Hoffmann

By When/Frequency:

by 8/2025, on-going

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided monthly in the format of whole group or grade-level instruction

by administrators and/or district personnel and will focus on rigorous Tier 1 instruction. Our inservice coordinator will maintain records of attendance and feedback of all participants, as well as any additional needs teachers may have so that these needs may be met as expeditiously as possible.

Action Step #3

Student Achievement

Person Monitoring:

Carolyn Hayward/Kara Hoffmann

By When/Frequency:

10/2025, Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data meetings will be held monthly to reflect on how tier 1 instruction is impacting student achievement as evidenced by STAR, FAST, Acadience, Lexia and other data sources.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Mathematics is a foundational skill directly related to real-world problem solving required for the development of the well-rounded scholar ready for future success. Our data from last year indicates 56% of scholars in grades 3-6 were proficient, with K-6 proficiency being 60%; therefore, we have identified math as a crucial need at every grade level.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

With intentional benchmark aligned rigorous tier 1 instruction, we will increase our overall proficiency in math from 56% to 65%.

Using the strategies and action steps described below, we will increase our proficiency in each grade level as follows:

- Kindergarten will increase from 69% to 75%
- Grade 1 will increase from 67% to 75%
- Grade 2 will increase from 64% to 70%
- Grade 3 will increase from 62% to 70%
- Grade 4 will increase from 39% to 50%
- Grade 5 will increase from 35% to 50%
- Grade 6 will increase from 80% to 85%

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Scholars will be assessed on STAR (K-2) or FAST (3-6) progress monitoring beginning, middle and end of year to monitor for the desired outcome.

Person responsible for monitoring outcome

Carolyn Hayward, Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

We will implement small group instruction (lesson plans, master schedule), have a dedicated time for math instruction, (master schedule) and monitor and reflect on the problem-solving process in all math classrooms (administrative walk throughs). Data from STAR (K-2) and FAST (3-6) progress monitoring, along with the District K-5 Mathematics Assessment and the Acadience Math Benchmark Screener (grades 4 and 5), as well as Eureka end of module assessments and classroom performance will be monitored in PLCs, monthly problem-solving meetings and grade-level data meetings.

Rationale:

Small group instruction allows students multiple opportunities to respond to questions, practice different question types, receive clear and immediate feedback from the teacher, and the opportunity to learn from peers. A dedicated, daily time for math instruction is essential for the practice and development of math facts and application of concepts. Opportunity to apply and reflect upon the problem solving process allows the scholar to develop confidence with increasingly rigorous material.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Strengthen Tier 1 Instruction

Person Monitoring:

Carolyn Hayward/Kara Hoffmann

By When/Frequency:

09/2025

Describe the Action to Be Taken and how the school will monitor the impact of this action

step:

Math teachers will be trained to implement Eureka2 core with proficiency and fidelity. The master schedule will provide a dedicated time for engaging tier 1 instruction as well as small group instruction designed to address the needs of all scholars. Administrators will monitor the implementation and impact of this strategy during classroom walk throughs, observations, and lesson plan review.

Action Step #2

Professional Learning

Person Monitoring:

Carolyn Hayward/Kara Hoffmann

By When/Frequency:

08/2025, on-going

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Professional learning will be provided monthly in the format of whole group PL sessions, coaching cycles, peer observations, etc. by administrators and/or district personnel and will focus on rigorous tier 1 instruction. Our inservice coordinator will maintain records of attendance and feedback of all participants, as well as any additional needs teachers may have so that these needs may be met as expeditiously as possible.

Action Step #3

Student Achievement

Person Monitoring:

Carolyn Hayward/Kara Hoffmann

By When/Frequency:

10/2025, monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Data meetings will be held monthly to reflect on how implementation of the plan is impacting student achievement as evidenced by STAR, FAST, and other pertinent data sources.

Area of Focus #3

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA required by RAISE (specific questions)**Area of Focus Description and Rationale**

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

ELA proficiency for scholars in grades 4 and 5 is a crucial need. Data from 2024-25 school year indicate that scholars in grade 4 were 45% proficient (down from 51% in the previous year) and those in grade 5 were 39% proficient (up from 37% the previous year). An intentional focus will be placed upon these scholars so that their proficiency is increased. An increase in ELA proficiency will positively impact proficiency across all subjects for these scholars.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

A foundational skill essential for reading success is phonics. Our scholars in grades K-2 will receive

phonics instruction through the Foundations curriculum which is aligned to the science of reading. This strength of phonics instruction will prepare our scholars to be reading at grade level entering grade 3.

Grades 3-5: Instructional Practice specifically related to Reading/ELA

Scholars in grades 3-5 will receive high quality ELA instruction through the use of the Benchmark core curriculum (new for the 25-26 school year) which addresses the BEST Florida standards. Scholars will be engaged in rigorous tier 1 instruction which will be designed to meet the needs of every learner.

Grades K-2: Measurable Outcome(s)

With intentional benchmark aligned rigorous tier 1 instruction, we will increase our overall proficiency in ELA from 51% to 60%.

Using the strategies and action steps described below, we will increase our proficiency in each grade level as follows:

- Kindergarten will increase from 67% to 75%
- Grade 1 will increase from 59% to 65%
- Grade 2 will increase from 52% to 60%

Grades 3-5: Measurable Outcome(s)

With intentional benchmark aligned rigorous tier 1 instruction, we will increase our overall proficiency in ELA from 54% to 60%.

Using the strategies and action steps described below, we will increase our proficiency in each grade level as follows:

- Grade 3 will increase from 53% to 60%
- Grade 4 will increase from 44% to 50%
- Grade 5 will increase from 38% to 50%

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Scholars will be assessed on STAR (K-2) or FAST (3-6) progress monitoring beginning, middle and end of year to monitor for the desired outcome. Additionally, all scholars will be assessed using the

Acadience Reading Screener beginning, middle and end of year, as well as end of module Benchmark assessments and Lexia. All data sources will be analyzed regularly during PLC, data meetings, and monthly problem solving meetings.

Person responsible for monitoring outcome

Carolyn Hayward, principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

We will utilize a new high-quality curriculum (Benchmark and Foundations) which are evidence-based and addresses the identified gaps aligned with the 5 components of reading. This will be monitored through administrative observation, lesson plans, and data evidence.

Rationale:

This new curriculum has been vetted by the District and has strong evidence of success.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Implement new Benchmark Curriculum

Person Monitoring:

Carolyn Hayward, principal

By When/Frequency:

9/1/25; weekly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

ELA teachers will be trained to utilize the Benchmark curriculum with fidelity and rigor by district specialists and/or vendors. On-going staff development will occur during Wildcat U. Records of attendance at trainings, as well as feedback from the participants will be maintained by our in-service coordinator so that staff needs may be addressed as expeditiously as possible. Administrators will observe instruction and provide support as needed. Teachers requesting or requiring coaching will be assigned a school or district based coach.

Action Step #2

PLC

Person Monitoring:

Carolyn Hayward/Kara Hoffmann

By When/Frequency:

08/25; 3 times per month

Describe the Action to Be Taken and how the school will monitor the impact of this action

step:

ELA teachers of grades 4 and 5 will meet in a joint PLC to increase their depth of knowledge of best teaching practices and the impact on student achievement. In addition to these teachers, a school-based Title I coach and ESE teachers for those grades, as well as our ELA curriculum specialist will be assigned to this professional community. An administrator will attend the meetings regularly to support this work. As a part of this work, student data will be monitored at every meeting as well as during data and problem solving meetings.

Action Step #3

Student Achievement Data Review

Person Monitoring:

Hayward/Hoffmann

By When/Frequency:

9/25, monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action**step:**

Data meetings will be held monthly to determine our progress toward the goal of student achievement as evidenced by STAR, FAST, Acadience, Benchmark end of module assessments and other pertinent data.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

An intentional effort to reduce absences will increase instructional time. Current data indicates that school wide attendance for last year was 93%. An increase in attendance should increase proficiency across all curriculums and allow us to close achievement gaps.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

School wide attendance for the 2024/25 school year was 93% Our goal is to increase this to 95%.

Using the action steps described below, we expect to increase our attendance as follows:

- Kindergarten will increase from 85% to 88%
- Grade 1 will increase from 73% to 80%
- Grade 2 will increase from 82% to 88%
- Grade 3 will increase from 95% to 96%
- Grade 4 will increase from 82% to 88%
- Grade 5 will increase from 81% to 88%

- Grade 6 will increase from 84% to 90%

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

The school secretary will maintain a record of student absences and parental correspondence weekly through the use of Synergy. Attendance will be monitored as part of the early warning systems at monthly problem-solving meetings. Should a Student Success Meeting be required, the principal will invite the parents, as well as social worker, counselor, and other school-based personnel.

Person responsible for monitoring outcome

Carolyn Hayward

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

The Wildcat 200 program will be used to establish positive connections with students and families. This is a school-based PBIS program which fosters positive relationships between school and scholars and their families. Scholars are taught the guidelines for success which are being honest, kind, responsible and respectful and are recognized by school staff for demonstration of these characteristics. When all are demonstrated, an administrator makes a positive phone call to the child's parent (or adult) to praise them and thank the child's family for their support. We have found that this program has been instrumental in decreasing referrals and negative parental interactions, and in increasing scholar attendance, as well as parental involvement.

Rationale:

Children who feel safe, wanted and welcomed at school will want to attend.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Staff will be trained in and use the Wildcat 200 PBIS program.

Person Monitoring:

Kara Hoffmann

By When/Frequency:

08/2025, on-going

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

In order for this school-wide initiative to be successful, staff will be trained in the implementation of the program, including the teaching of the 4 guidelines for success, development of strong personal connections to the scholars and their families and the impact a positive learning environment can have upon student attendance. Monitoring will be done through the completion of the pawprint card which is how scholars are recognized for demonstration of the guidelines for success.

Action Step #2

Connection Combine

Person Monitoring:

Carolyn Hayward

By When/Frequency:

08/2025, on-going

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Staff will select a scholar or scholars who had a high incidence of absences last year with whom they have an established relationship to mentor during the year. This should create a positive effect on the attendance of those identified scholars.

Action Step #3

Data Review

Person Monitoring:

Hoffmann

By When/Frequency:

September/monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

PBIS data including attendance, numbers of Wildcat 200 Club members to date, and numbers of referrals is reviewed at PBIS team meetings which are held monthly. A representative from each grade level attends and reports the information to their colleagues. Additionally, attendance is reviewed in monthly data and problem-solving meetings.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

<https://www.oneclay.net/o/wes/>

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

<https://www.oneclay.net/o/wes/>

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

Wilkinson Elementary is committed to strengthening the tier 1 instruction every scholar receives. To this end, we have employed highly effective educators and staff who will be supported through on-going professional development designed to address the needs of the staff and the scholars entrusted to us. We will place intentional focus on the ELA and Math instruction of all scholars, with an emphasis on those in grades 4 and 5, as well as our SWD population.

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections 1114(b)(5) and 1116(e)(4)).

Stakeholders developing the plan utilize all data sources and resources available to address scholar needs. We rely upon coordination and integration of services with our partners in ESE, social services, Title III, and the school nutrition plans which provide free breakfast and lunch to 100% of our scholars.

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

In addition to our school counselor, Wilkinson Elementary is fortunate to have an on-site mental health therapist to support our scholars and their families in need. We also offer a number of clubs such as art, chorus, robotics and 6th grade leadership, which serve to enrich our scholars outside the academic subject areas.

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

Wilkinson is a proud PBIS model school! Additionally, we have developed our own school wide Wildcat 200 program in which our scholars are educated about school expectations and rewarded for compliance. Should a scholar require intervention in the area of behavior, we utilize the MTSS model, including the child, their family, their teachers and other appropriate personnel such as the ITF and the psychologist to develop a meaningful plan designed to meet the scholar needs.

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

Teachers are engaged in relevant professional development at least monthly. In addition to this, professional learning communities within grade or subject area occur 3 times per month and are essential for the in-depth disaggregation of data and improvement upon teaching practice. Opportunity for professional growth and collegial support are most often stated as reasons teachers are attracted to Wilkinson and choose to remain.

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

Wilkinson is fortunate to house 2 pre-k and 2 VPK classes. Our VPK scholars attend enrichment provided by our resource teachers and join the other students in the cafeteria for breakfast and lunch. All rising Kindergarteners and their families are invited to a school tour in the spring before their enrollment.

DRAFT

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

District staff are invited to our monthly data/problem solving meetings where we review all data sources and our teaching practices to determine the distribution and utilization of all available resources. This allows us to closely monitor student achievement and to make any necessary adjustments to meet the identified needs of our scholars.

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

The following data will be used to address the needs of our scholars: beginning, middle and end of year progress monitoring (STAR/FAST); Acadience; Lexia; Benchmark End of Module Assessments.

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

No

School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

Our mission at Wilkinson Junior High is to provide learning opportunities that increase academic achievement and cultivate a sense of self respect, accountability, and resilience within every student. As a school, we are dedicated to ensuring that every student receives a high quality education in a safe, supportive, and effective learning environment.

Provide the school's vision statement

At Wilkinson Junior High we believe it takes the collective effort among families, students, and the school staff to ensure a positive learning environment and successful outcomes for all students. As a school, we want to see parents committed to holding their student accountable and becoming an active participant in their student's education. Respectively, we want to see students acknowledge that their attitude, participation, and efforts determine their success in school. Lastly, we want to see our school staff continue to deliver high impact practices in an environment that promotes inclusivity and high expectations for all students.

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

1. School Leadership Membership

School Leadership Team

For each member of the school leadership team, enter the employee name, and identify the position title and job duties/responsibilities as they relate to SIP implementation for each member of the school leadership team.

Leadership Team Member #1

Employee's Name

Nate Warmouth

nathan.warmouth@myoneclay.net

Position Title

Principal

Job Duties and Responsibilities

All things related to running an effective school, all principal duties

Leadership Team Member #2

Employee's Name

Jessica Rockwell

jessica.rockwell@myoneclay.net

Position Title

Dean of Climate and Culture

Job Duties and Responsibilities

Dean, Title I Coordinator, Co-Dept Head SS

Leadership Team Member #3

Employee's Name

Josh Burghart

joshua.burghart@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

All things related to running an effective school, all assistant principal duties

Leadership Team Member #4

Employee's Name

Micheala Moriarty

micheala.moriarty@myoneclay.net

Position Title

Assistant Principal

Job Duties and Responsibilities

All things related to running an effective school, all principal duties

Leadership Team Member #5

Employee's Name

Robin Campbell

robin.campbell@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Science, Dept Head, Science Fair Coordinator

Leadership Team Member #6

Employee's Name

Steven Doughty

steven.doughty@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Math, Dept Head, Academic Team sponsor and Math coach

Leadership Team Member #7

Employee's Name

Linda Ford

linda.ford@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Support Facilitator, ESE Dept Head

Leadership Team Member #8

Employee's Name

Kristin Zommer

kristin.zommer@myoneclay.net

Position Title

Parent Engagment Liason

Job Duties and Responsibilities

Principal Secretary, Community and Parent Engagment Liason

Leadership Team Member #9

Employee's Name

Samantha Eaton

samantha.eaton@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

PE Teacher, Physical Education/Fine Arts Dept Head

Leadership Team Member #10

Employee's Name

Mylon Pope

mylon.pope@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

Social Studies, Dept Head

Leadership Team Member #11

Employee's Name

Mia Meakins

mia.meakins@myoneclay.net

Position Title

Paraprofessional

Job Duties and Responsibilities

ESE Classroom Assistant

Leadership Team Member #12

Employee's Name

Robin Ogden

Job Duties and Responsibilities

ELA, Co-Dept Head

Leadership Team Member #13**Employee's Name**

Jessica Mosley

jessica.mosley@myoneclay.net

Position Title

Teacher, K-12

Job Duties and Responsibilities

ELA, Co-Dept Head

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. § 6314(b)(2), ESEA Section 1114(b)(2)).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Over the course of the 2024-2025 school year parents, teachers, staff, and students were surveyed for potential leadership, extracurricular, and SAC opportunities. Based on interests and results from the survey, the individuals on SAC were selected. All stakeholders were involved in the approval of the plan.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The SIP will be consistently monitored and revised for continuous improvement on a quarterly basis through data analysis during bi-weekly PLC groups, as well as data chats with administration team. Each quarter data from F.A.S.T PM's and/or district designed performance matters will be reviewed

and utilized to drive further instructional decisions at the school level and within the classroom.

D. Early Warning Systems

1. Grades K-8

Current Year 2025-26

Using 2024-25 data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|---|-------------|---|---|---|---|---|---|-----|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| School Enrollment | | | | | | | | 369 | 399 | 768 |
| Absent 10% or more school days | | | | | | | | 92 | 141 | 233 |
| One or more suspensions | | | | | | | | 100 | 77 | 177 |
| Course failure in English Language Arts (ELA) | | | | | | | | 4 | 5 | 9 |
| Course failure in Math | | | | | | | | 7 | 5 | 12 |
| Level 1 on statewide ELA assessment | | | | | | | | 68 | 50 | 118 |
| Level 1 on statewide Math assessment | | | | | | | | 38 | 22 | 60 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Current Year 2025-26

Using the table above, complete the table below with the number of students by current grade level that have two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | | | | | | | 12 | 20 | 32 |

Current Year 2025-26

Using the table above, complete the table below with the number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | | | | | | | | 4 | 10 | 14 |
| Students retained two or more times | | | | | | | | 1 | | 1 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by grade level that exhibited each early warning indicator:

| INDICATOR | GRADE LEVEL | | | | | | | | TOTAL | |
|---|-------------|---|---|---|---|---|---|-----|-------|-----|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | | 8 |
| Absent 10% or more school days | | | | | | | | 124 | 144 | 268 |
| One or more suspensions | | | | | | | | 57 | 53 | 110 |
| Course failure in English Language Arts (ELA) | | | | | | | | 15 | 27 | 42 |
| Course failure in Math | | | | | | | | 35 | 5 | 40 |
| Level 1 on statewide ELA assessment | | | | | | | | 63 | 71 | 134 |
| Level 1 on statewide Math assessment | | | | | | | | 47 | 24 | 71 |
| Number of students with a substantial reading deficiency as defined by Rule 6A-6.053, F.A.C. (only applies to grades K-3) | | | | | | | | | | 0 |
| Number of students with a substantial mathematics defined by Rule 6A-6.0533, F.A.C. (only applies to grades K-4) | | | | | | | | | | 0 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students by current grade level that had two or more early warning indicators:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|--------------------------------------|-------------|---|---|---|---|---|---|-----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Students with two or more indicators | | | | | | | | 105 | 95 | 200 |

Prior Year (2024-25) As Last Reported (pre-populated)

The number of students retained:

| INDICATOR | GRADE LEVEL | | | | | | | | | TOTAL |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | |
| Retained students: current year | | | | | | | | 2 | 5 | 7 |
| Students retained two or more times | | | | | | | | 1 | 2 | 3 |

2. Grades 9-12 (optional)

This section intentionally left blank because it addresses grades not taught at this school or the school opted not to include data for these grades.

DRAFT

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

DRAFT

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2024-25 had not been fully loaded to CIMIS at time of printing.

| ACCOUNTABILITY COMPONENT | 2025 | | | 2024 | | | 2023** | | |
|--|--------|-----------|--------|--------|-----------|--------|--------|-----------|--------|
| | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† | SCHOOL | DISTRICT† | STATE† |
| ELA Achievement* | 58 | 63 | 58 | 56 | 61 | 53 | 46 | 54 | 49 |
| Grade 3 ELA Achievement | | | 27 | | | 21 | | | |
| ELA Learning Gains | 54 | 58 | 59 | 53 | 57 | 56 | | | |
| ELA Lowest 25th Percentile | 43 | 51 | 52 | 40 | 47 | 50 | | | |
| Math Achievement* | 76 | 74 | 63 | 71 | 72 | 60 | 67 | 69 | 56 |
| Math Learning Gains | 64 | 60 | 62 | 61 | 60 | 62 | | | |
| Math Lowest 25th Percentile | 60 | 58 | 57 | 57 | 57 | 60 | | | |
| Science Achievement | 72 | 62 | 54 | 68 | 64 | 51 | 65 | 62 | 49 |
| Social Studies Achievement* | 88 | 85 | 73 | 80 | 83 | 70 | 82 | 81 | 68 |
| Graduation Rate | | | | | | | | | |
| Middle School Acceleration | 65 | 64 | 77 | 56 | 61 | 74 | 59 | 63 | 73 |
| College and Career Acceleration | | | | | | | | | |
| Progress of ELLs in Achieving English Language Proficiency (ELP) | 65 | | 53 | | 56 | 49 | | 44 | 40 |

*In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPi) than in school grades calculation.

**Grade 3 ELA Achievement was added beginning with the 2023 calculation.

† District and State data presented here are for schools of the same type: elementary, middle, high school, or combination.

B. ESSA School-Level Data Review (pre-populated)

| 2024-25 ESSA FPPI | | | | | | |
|--|---------|---------|---------|-----------|----------|---------|
| ESSA Category (CSI, TSI or ATSI) | | | | | | N/A |
| OVERALL FPPI – All Students | | | | | | 64% |
| OVERALL FPPI Below 41% - All Students | | | | | | No |
| Total Number of Subgroups Missing the Target | | | | | | 0 |
| Total Points Earned for the FPPI | | | | | | 580 |
| Total Components for the FPPI | | | | | | 9 |
| Percent Tested | | | | | | 98% |
| Graduation Rate | | | | | | |
| ESSA OVERALL FPPI HISTORY | | | | | | |
| 2024-25 | 2023-24 | 2022-23 | 2021-22 | 2020-21** | 2019-20* | 2018-19 |
| 64% | 60% | 64% | 54% | 52% | | 58% |

* Any school that was identified for Comprehensive or Targeted Support and Improvement in the previous school year maintained that identification status and continued to receive support and interventions in the 2020-21 school year. In April 2020, the U.S. Department of Education provided all states a waiver to keep the same school identifications for 2019-20 as determined in 2018-19 due to the COVID-19 pandemic.

** Data provided for informational purposes only. Any school that was identified for Comprehensive or Targeted Support and Improvement in the 2019-20 school year maintained that identification status and continued to receive support and interventions in the 2021-22 school year. In April 2021, the U.S. Department of Education approved Florida's amended waiver request to keep the same school identifications for 2020-21 as determined in 2018-19 due to the COVID-19 pandemic.

C. ESSA Subgroup Data Review (pre-populated)

| 2024-25 ESSA SUBGROUP DATA SUMMARY | | | | |
|-------------------------------------|---------------------------------|--------------------|---|---|
| ESSA SUBGROUP | FEDERAL PERCENT OF POINTS INDEX | SUBGROUP BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 41% | NUMBER OF CONSECUTIVE YEARS THE SUBGROUP IS BELOW 32% |
| Students With Disabilities | 45% | No | | |
| English Language Learners | 51% | No | | |
| Asian Students | 86% | No | | |
| Black/African American Students | 63% | No | | |
| Hispanic Students | 63% | No | | |
| Multiracial Students | 62% | No | | |
| White Students | 64% | No | | |
| Economically Disadvantaged Students | 59% | No | | |

D. Accountability Components by Subgroup

Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

| 2024-25 ACCOUNTABILITY COMPONENTS BY SUBGROUPS | | | | | | | | | | |
|--|----------|------------------|--------|-------------|-----------|---------|--------------|----------|---------|-----------|

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

We showed the most growth in our Civics scores, an 8% increase overall. We focused on standard and benchmark questions and assessments, school wide ACE strategy (answer/cite/explain), school wide annotation anchor charts, school wide vocabulary.com with specific Civics vocabulary once per month. Additionally, we had a district Social Studies Curriculum Coach visit campus two times per month to work with our Civics team, during our PLC's, on targeted standards and benchmarks.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

7th grade math showed the lowest performance. Overall proficiency dropped from 59% to 41%. We had more students placed in Math 7 Accelerated (8th grade assessment) so we tested less students on the 7th grade assessment. Of those students tested, the majority were level 1 and 2 students. Five of our seven sections of standard 7th Math were also ESE Push-In classrooms with Support Facilitation present.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

In addition to our lowest performance on our 7th grade Math, our 7th grade ELA dropped 4%, from 58% to 54%. Our 7th grade ELA teacher team scores were 32%, 42%, 74%, and 75%. We have identified our two lowest performing teachers and will implement additional support, including district training, ELA coaching cycles, and mentor teachers. Additionally, our two lowest performing classrooms were ESE Push-In classrooms with Support Facilitation.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

7th grade math showed the greatest gap when compared to the state average. We were 10% lower than the state average and 8% lower than the district average. Overall proficiency dropped from 59%

to 41%. We had more students placed in Math 7 Accelerated (8th grade assessment) so we tested less students on the 7th grade assessment. Of those students tested, the majority were level 1 and 2 students. Five of our seven sections of standard 7th Math were also ESE Push-In classrooms with Support Facilitation present.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

We would like to focus on improving attendance. We had 233 of our students miss more than 10% or more of school days. This equates to 33% of our total student population missing 10% or more of school days.

We also would like to focus on reducing the total number of level 1's on statewide ELA and Math assessments. 116 ELA students (17% total population) earned a 1 on the statewide ELA assessment, while 60 Math students (9% total population) earned a 1 on the statewide Math assessment.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

- 1) Increase ELA from 58% to 62% overall
- 2) Increase Math from 74% to 77% overall
- 3) Increase attendance
- 4) Decrease the overall total number of students who earned a level I on ELA and/or Math on the state assessment

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our area of focus is to increase our ELA scores from 58% to 62% overall. Reading and writing are fundamental to our success in all facets of instruction. Although we have had a 17% gain over the past three years, including 2% gain in '24-'25, we are looking for ways to improve in order to get more students up to passing grade level reading/writing.

Our ELL population dropped from 45% to 27% for ELA in the '24-'25 school year. This will also need to be an additional area of focus for ELA.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data and vocabulary.com reports will show a 90% or greater increase in school-wide usage and instruction focused on vocabulary across all content areas. FAST data will show an increase in proficiency levels from 54% to 56% in 7th grade, 62% to 64% in 8th grade, and 43% to 48% in lower quartile gains in ELA.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

This will be monitored through monthly PD, PLC's, department meetings. Data used to track and monitor will be through FAST PM1, PM2, PM3

Person responsible for monitoring outcome

Nate Warmouth, Principal, oversees ELA team

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Explicit Vocabulary Instruction

Rationale:

Research shows that explicit vocabulary instruction is linked to vocabulary knowledge/acquisition and reading comprehension.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence, Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #2:

Provide Additional Tutoring Programs Outside of the Regular School Day

Rationale:

Research shows that tutoring can provide significant learning gains for a wide range of students with varied abilities.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence, Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #3:

Progress Monitoring

Rationale:

Research has demonstrated that when teachers use student progress monitoring, students learn more, teacher decision making improves, and students become more aware of their own performance.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Explicit Vocabulary Instruction

Person Monitoring:

Nate Warmouth

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action

step:

1. School-wide implementation of Vocabulary.com as a supplemental part of our ELA/Reading Curriculum. Therefore, all core subjects will utilize Vocabulary.com as a supplement to address vocabulary benchmarks within their own classrooms. 2. Teachers, support facilitators, and assistants will provide small group instruction relative to explicit vocabulary and comprehension instruction. As the building principal and evaluator of the ELA and Social Studies Departments, Mr. Warmouth will monitor these action steps through participation in bi weekly PLC and Quarterly Data chats.

Action Step #2

Provide Additional Programs Outside of the Regular School Day

Person Monitoring:

Nate Warmouth/Title I Lead

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Target Lower Quartile, SWD, and bubble students through after school tutoring (focus on Reading skills and other struggling standards/benchmarks). Mr. Warmouth and Title I Lead will monitor student tutoring enrollment, participation/attendance, as well as, cross reference student progress on PMI and PM2 as a result of tutoring.

Action Step #3

Progress Monitoring

Person Monitoring:

Nate Warmouth

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Teachers will utilize PLC's and data chats to analyze data and create plans for standard- base lessons and remediation/extension. 2. Support student achievement through Parent/Teacher conferences to discuss data and determine solutions as a partnership to better serve all students. Mr. Warmouth will participate in ELA PLC groups bi weekly.

Action Step #4

Quarterly Professional Learning ELA

Person Monitoring:

Nate Warmouth

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Teacher's will receive professional learning around the principles and strategies or increasing student discourse in all content areas for all subgroups of students. Administration will monitor impact and practices within weekly walkthroughs and debriefing. 2. ELA teachers will attend quarterly ELA collaboratives with district specialist, coaches, and other secondary ela teachers. Teachers and Mr. Warmouth will reflect, discuss, and action plan during PLCs after each quarterly collaborative. Quantitatively, data from common formative/summative assessments, as well as PM data should indicated a positive impact if best practices are being done with fidelity.

Area of Focus #2

Address the school's highest priorities based on any/all relevant data sources.

Instructional Practice specifically relating to Math

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Our area of focus is to increase our Math scores from 74% to 78% overall. In particular, we will be looking to improve our 7th grade scores, as those dropped 18% this past school year. Although we had an overall 3% gain this past year, we are looking for ways to improve in order to get more students up to passing grade level.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Walkthrough data will show an increase in the number of days small group instruction in math classes will be provided (i.e., at least 2 days a week). FAST data will show an increase in proficiency levels from 41% to 43% in 7th grade, 74% to 76% in 8th grade, and 60% to 64% in lower quartile gains in math.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

This will be monitored through PD, PLC's, department meetings.

Data used to track and monitor will be through FAST PM1, PM2, PM3

Person responsible for monitoring outcome

Nate Warmouth/ Michaela Moriarty

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Individual and Small Group Instruction

Rationale:

Research indicates that small group instruction supports differentiation, engagement, deeper understanding, and confidence building.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence, Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #2:

Progress Monitoring

Rationale:

Research has demonstrated that when teachers use student progress monitoring, students learn more, teacher decision making improves, and students become more aware of their own performance.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #3:

Provide Additional Tutoring Programs Outside of the Regular School Day

Rationale:

Research shows that tutoring can provide significant learning gains for a wide range of students with varied abilities.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence, Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Individual and Small Group Instruction

Person Monitoring:

Nate Warmouth/ Michaela Moriarty

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Teachers, support facilitators, and assistants will provide small group instruction. 2. Math team will utilize PLC groups to focus and plan intentional small group instruction for remediation. 3. Incorporate Interactive TV's (enhanced classroom equipment) to enhance student engagement, assist teachers with engaging and interactive lessons, and provide visual representations Mr. Warmouth and Ms. Moriarty will complete walkthroughs and provide instructional feedback each week; bi weekly, Mrs. Moriarty will participate in math PLCs.

Action Step #2

Progress Monitoring

Person Monitoring:

Nate Warmouth/ Michaela Moriarty

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Teachers will utilize PLC's and data chats to analyze data and create plans for standard- base lessons and remediation/extension. 2. Support student achievement through Parent/Teacher conferences to discuss data and determine solutions as a partnership to better serve all students. Ms. Moriarty will participate in Math PLC groups bi weekly and quarterly data chats.

Action Step #3

Additional Support Outside of the Regular School Day

Person Monitoring:

Nate Warmouth/ Title I Lead

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Target Lower Quartile, SWD, and bubble students through after school tutoring (focus on mathematical concepts and other struggling standards/benchmarks). Mr. Warmouth and Title I Lead will monitor student tutoring enrollment, participation/attendance, as well as, cross reference student progress on PMI and PM2 as a result of tutoring.

Action Step #4

Professional Learning Math

Person Monitoring:

Nate Warmouth/ Micaela Moriarty

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Teacher's will receive professional learning around the principles and strategies or increasing student discourse in all content areas for all subgroups of students. Administration will monitor impact and practices within weekly walkthroughs and debrief. 2. Math teachers will attend quarterly math collaboratives with district specialist, coaches, and other secondary math teachers. Teachers and Ms. Moriarty will reflect, discuss, and action plan during PLCs after each quarterly collaborative. Quantitatively, data from common formative/summative assessments, as well as PM data should indicated a positive impact if best practices are being done with fidelity.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

We would like to focus on improving attendance. We had 233 of our students miss more than 10% or more of school days. This equates to 33% of our total student population missing 10% or more of school days throughout the school year. By identifying these students and improving their attendance, they will be present on campus and in class, allowing more learning to take place.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Through weekly/monthly recognition and rewards for zero tardies and outstanding attendance we will see a decrease in absences from 233 to below 200 for students who have missed 10% or more days.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Synergy Systems, monthly attendance reports will be observed. We will include our initiative in parent newsletters, social media, and will provide PBIS incentives throughout the year to reward for attendance.

Person responsible for monitoring outcome

Administration, Nate Warmouth, Principal

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Active Classroom (High Student Engage)

Rationale:

Research shows a positive correlation between student engagement and student achievement.

Tier of Evidence-based Intervention:

Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Description of Intervention #2:

Establish Positive Connections

Rationale:

Research indicates partnerships between schools and families can improve students' grades, attendance, persistence, and motivation.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence, Tier 2 – Moderate Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Active Classroom (High Engagement)

Person Monitoring:

Administration Team

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Equip and utilize technology supplemental materials (i.e., Penda and Pear Assessment) as well as technology devices consisting of viewsonic interactive tvs, chromebooks, and chromebook carts to support visual, clear, and engaging learning opportunities for students. 2. Equip and utilize hands on learning materials in classrooms. 3. Teachers will utilize Total Participation Techniques within their classroom instruction Title I Lead will survey for needs and administration will monitor utilization and effectiveness through walk throughs.

Action Step #2

Establish Positive Connections

Person Monitoring:

Administration Team/ Dean

By When/Frequency:

Monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. School personnel (i.e., instructional and classroom support) will send a minimum of 2 positive postcards home each month 2. Teachers and administrators will conduct regular communication through email, phone calls, letters, and flyers. 3. Teachers will conduct parent teacher conferences (before or after school hours included). *Outside of required events. 4. Weekly highlights of our Eagles of the week. 5. Attend professional development (i.e., FASA or Get Your Teach On) to learn strategies for increasing positive connections and culture on a campus. School will use monthly newsletters, social media, school website, marquee, and fliers to inform parents of important events. The school will collectively monitor the impact through surveys and/or feedback, and monthly discipline and academic reports.

Action Step #3

Professional Learning around discourse and creating positive relationship with students

Person Monitoring:

Nate Warmouth/ Title I Lead

By When/Frequency:

monthly

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

1. Teacher's will receive professional learning around the principles and strategies or increasing student discourse in all content areas for all subgroups of students. This will be monitored weekly through walkthroughs and debriefs with teachers. 2. Faculty and staff will receive professional learning regarding school-wide behavioral expectations, provide support and feedback with school wide initiative to increase attendance, and strategies to build positive relationships with students. This will be monitored through monthly leadership meetings, PBIS meetings, and beginning of school year presentations.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

No Answer Entered

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

No Answer Entered

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

No Answer Entered

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections

1114(b)(5) and 1116(e)(4)).

No Answer Entered

DRAFT

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

No Answer Entered

Preparing for Postsecondary Opportunities and the Workforce

Describe the preparation for and awareness of postsecondary opportunities and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (20 U.S.C. § 6314(b)(7)(A)(iii)(II), ESEA Section 1114(b)(7)(A)(iii)(II)).

No Answer Entered

Addressing Problem Behavior and Early Intervening Services

Describe the implementation of a schoolwide tiered model to prevent and address problem behavior and early intervening services coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. § 6314(b)(7)(A)(iii)(III), ESEA Section 1114(b)(7)(A)(iii)(III)).

No Answer Entered

Professional Learning and Other Activities

Describe the professional learning and other activities for teachers, paraprofessionals and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects (20 U.S.C. § 6314(b)(7)(A)(iii)(IV), ESEA Section 1114(b)(7)(A)(iii)(IV)).

No Answer Entered

Strategies to Assist Preschool Children

Describe the strategies the school employs to assist preschool children in the transition from early childhood education programs to local elementary school programs (20 U.S.C. § 6314(b)(7)(A)(iii)(V), ESEA Section 1114(b)(7)(A)(iii)(V)).

No Answer Entered

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

No Answer Entered

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

No Answer Entered

DRAFT

VII. Budget to Support Areas of Focus

Check if this school is eligible for 2025-26 UniSIG funds but has chosen NOT to apply.

No

DRAFT

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C7 - K-12 Academic Services Out of State and Overnight Student Travel

DRAFT

Description

The School Board recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Properly planned and executed field trips supplement and enrich classroom instruction by providing learning experiences that will enhance mastery of the curriculum standards of the State of Florida. A field trip is defined as any planned, student-travel activity which is approved as part of the district's educational program and is under the direct supervision and control of an instructional staff member or any advisor as designated by the Superintendent.

Field Trips Details

| School | Date | Destination | Group | Purpose |
|---------------------|------------------|----------------------|-------------------|---|
| Oakleaf Junior High | 12/4 - 12/5/25 | Kissimmee, FL | FFA | Middle School Leadership Conference |
| Oakleaf Junior High | 1/10 - 2/14/26 | Washington, DC | AICE Soc. Studies | Visit historical sites relating to Social Studies Standards |
| Clay High | 8/23 - 8/24/25 | Mayport, FL | NJROTC | Sealift Command Opportunities |
| Clay High | 10/4/25 | Blythe Island, GA | NJROTC | NJROTC Competition |
| Clay High | 11/7 - 11/8/25 | Cairo, GA | NJROTC | NJROTC Competition |
| Clay High | 9/12 - 9/14/25 | Camp Blanding, FL | NJROTC | Orienteering instruction and practice |
| Keystone Heights | 11/21 - 11/22/25 | Tallahassee, FL | Girls Basketball | Basketball competition |
| Keystone Heights | 11/20 - 11/11/25 | Keystone Heights, FL | Boys Basketball | North Florida Christian Camp |
| Middleburg High | 9/18 - 9/20/25 | Venice, FL | Volleyball | Volleyball Competition |
| Middleburg High | 10/17- 10/18/25 | Tampa, FL | NJROTC | NJROTC Competition |
| Middleburg High | 1/9 - 1/10/26 | Valdosta, GA | NJROTC | NJROTC Drill Competition |
| Middleburg High | 11/7 - 11/9/25 | Orlando, FL | Marching Band | Band performances |
| Orange Park High | 8/22 - 8/23/25 | Blount Island, GA | NJROTC | Visit Military Sealift Command |
| Orange Park High | 10/4/25 | Brunswick, GA | NJROTC | NJROTC Orienteering meet |
| Ridgeview High | 2/6 - 2/7/26 | Douglas, GA | NJROTC | Close Order Drill Championship |
| Ridgeview High | 9/12 - 9/14/25 | Starke, FL | NJROTC | Instructional orienteering program |
| Ridgeview High | 10/4 - 10/5/25 | Brunswick, GA | NJROTC | Orienteering meet |
| Ridgeview High | 10/25/25 | Cairo, GA | NJROTC | Air Rifle competition |

Gap Analysis

Field trips provide students with a window to the real world that they don't get in the classroom, and they can help students understand real-world applications to abstract concepts.

Previous Outcomes

All out of county activity trips are selected, planned, evaluated, and approved or rejected in conformity with written district policy.

Expected Outcomes

It is important to recognize that learning outcomes from field trips can range from cognitive to affective outcomes. Exposing students to new experiences and can increase interest and engagement in academics regardless of prior interests.

Strategic Plan Goal

Ensure that every classroom provides a quality and rigorous instructional experience in order to elevate student outcomes.

Recommendation

That the Clay County School Board approve out of county student travel.

| Destination: | Fleming Island Military Sealift Command |
| Education Value | Overnight ship orientation with Military Sealift Command. Students will experience ship board life and see employment opportunities with MSC |
| FLDOE Standards/Benchmarks | <p>Subject Area: ScienceGrade: 912 Body of Knowledge: Physical ScienceIdea: Level 3: Strategic Thinking & Complex Reasoning Standard: Motion -</p> <p>A. Motion can be measured and described qualitatively and quantitatively. Net forces create a change in motion. When objects travel at speeds comparable to the speed of light, Einstein's special theory of relativity applies.</p> <p>B. Momentum is conserved under well-defined conditions. A change in momentum occurs when a net force is applied to an object over a time interval.</p> <p>C. The Law of Universal Gravitation states that gravitational forces act on all objects irrespective of their size and position.</p> <p>D. Gases consist of great numbers of molecules moving in all directions. The behavior of gases can be modeled by the kinetic molecular theory.</p> <p>E. Chemical reaction rates change with conditions under which they occur. Chemical equilibrium is a dynamic state in which forward and reverse processes occur at the same rates.</p> |

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C8 - Affiliation Agreement between Clay County District Schools and St. Leo University.

Description

This agreement is between Clay County District Schools and St. Leo University for SLU students to participate in internships, practicums, and observations under the direction of a certified educator in Clay County schools.

Gap Analysis

Without this agreement, interns and pre-interns cannot be placed in Clay County District Schools and would thereby prevent potential teacher candidates from choosing Clay to begin their career.

Previous Outcomes

Clay County District Schools currently has agreements with 26 Colleges/Universities, and the current agreement with St. Leo University is expiring. This agreement is a renewal of the previous contract.

Expected Outcomes

Placement of interns provides teacher candidates with real-world experiences that better prepares them for the rigors of classroom teaching. St. Leo University requests the placement of multiple teacher candidates, including those in the Para-to-Pro Program designed for paraprofessionals employed by CCDS to earn a teaching degree.

Strategic Plan Goal

Goal 2: Talent Recruitment, Development, and Retention

Strategy 1.1: Develop strategic partnerships with organizations and universities to source new talent for a diverse workforce that is effective and highly-qualified for non-instructional, instructional, and administrative positions throughout CCDS

Recommendation

That the Clay County School Board approve the agreement between Clay County District Schools and St. Leo University

CONTRACT REVIEW PROCESS FOR "ALL" CONTRACTS

A contract is defined as an agreement between two or more parties that is intended to have legal effect. This may include MOUs, Interlocal Agreements, Service Agreements and Contracts. Contracts document the mutual understanding between the parties as to the terms and conditions of their agreement, contain mutual obligations, and clearly state the agreement's consideration. The term consideration includes the cost of the services and/or products to be provided by second party (vendor or service provider) and any non-monetary performance. No school, department, or other organizational unit has authority to contract in its own name. All Board contracts must be made in the legal name of the Board, "The School Board of Clay County, Florida". The School or Department may extend this name to include the school or department as follows, "The School Board of Clay County, Florida o/b/o _____ (insert the school or department name)" where o/b/o means "on behalf of".

All contracts shall be reviewed and approved by the School Board Attorney and/or the Supervisor of Purchasing to ensure legality, compliance with Board policy, and to ensure the Board interests are protected before the authorized signatory may execute the contract.

All contracts having a value of \$100,000 or more shall be authorized by the Board at a regular or special meeting and signed by the Board Chairman. All approved contracts having a value of less than \$100,000 may be executed by the Superintendent or appropriate District administrator based on the value of the contract.

1. All approved contracts having a value of \$50,000 or more, but less than \$100,000 shall be signed by the Superintendent, or the person who has been designated, in writing by the Superintendent, as the Superintendent's Designee at the time of the contract signing. All contracts executed pursuant to this subparagraph shall be reported to the School Board in a separate entry as part of the monthly financial report.
2. All approved contracts having a value of \$25,000 or more, but less than \$50,000, shall be signed by the Superintendent, or the Assistant Superintendent for Business Affairs.
3. All approved contracts having a value of less than \$25,000 and contracts of any value described in Board Authorized Contracts above that are exempt from the requirement for Board approval, may be signed by the Superintendent, or the Assistant Superintendent for their Division, or Chief Officers, or Directors, or Principals.
4. The Superintendent is authorized to approve contract amendments or change orders for the purchase of commodities and services up to the amount of ten (10) percent or \$50,000, whichever is less, of the original contract amount that was previously approved by the Board.

Employees who enter into agreements without authority may be personally liable for such agreements, whether oral or written.

Step 1: Contract Initiator and Vendor prepare draft contract
(School Board Attorney Office (SBAO) Template Contracts available on SBAO webpage are strongly encouraged)

Step 2: Complete Contract Review Form, attach Required Documents to include the UNSIGNED Contract by the District / School.

For Contracts using Budgeted Funds or For No Cost / Master (County Wide) Contracts:
Initiator submits Contract Review Package to Purchasing Department - See Step 3

For Contracts using Internal Funds Individual to each School:
Initiator submits Contract Review Package direct to SBAO - See Step 4

IMPORTANT

Step 3: If Funded by Budgeted Funds, submit the Contract Review Package to the Purchasing Department. Purchasing will begin the contract review process and submit the contract to the SBAO for review. SBAO may reach out to Initiator and/or other Departments (Risk, IT,) with questions or concerns and will assist with contract revisions. SBAO will send the Contract Review Package back to the Purchasing Department for final processing and the return to Initiator.

Purchasing will log "District" Contracts (Cost/No Cost) on Contract Review Log and save copy of the Contract Review Package PLUS the Final Signed Contract you've return to Purchasing in the Contract Review Team Drive.

Step 4: If Funded by Internal Account (IA), submit the Contract Review Package directly to SBAO.
Email: contractreview@myoneclay.net
The SBAO will begin the contract review process and return it directly to Initiator

Step 5: The Initiator is responsible for finalizing the Contract which includes:
Addressing Comments/Revisions, Obtaining Required Signatures, Send District Final Signed Contract to Purchasing OR Retain Internal Accounts Final Signed Contract at School per School Board Record Policy.
If there is a Cost associated with Contract, the Initiator must work with their Bookkeeper to finalize the Purchasing Process.

STUDENT TEACHING AFFILIATION AGREEMENT

This Student Teaching Affiliation Agreement (“Agreement”) is entered into on this 4th day of August, 2025, by and between SAINT LEO UNIVERSITY, INCORPORATED, located at 33701 State Road 52, Saint Leo, Florida 33574 (“SLU”) and THE SCHOOL BOARD OF CLAY COUNTY, FLORIDA, located at 900 Walnut Street, Green Cove Springs, Florida 32043 (“the District”).

1. **Purpose.** The purpose of this Agreement is to establish the terms and conditions under which SLU students (“SLU Students”) may participate in Student Teaching Internships, Practicums, and Observations at the schools located in the District.

2. **SLU Student Placements.** The District shall accept SLU students
Placement in Student Teaching Internships, Practicums, and Observations on the terms and conditions set forth herein.

3. **Policies Governing SLU Student Placements.**
a. Placements for all clinical field experiences will be arranged by The designated representatives of the District in collaboration with representatives of SLU. SLU Student applications for final internship will be submitted to the District by the appropriate SLU representative according to the following dates or as otherwise agreed upon by the parties:

April 15 – Submission of applications for final internships for Fall Semester

October 15 – Submission of applications for final internships for Spring Semester

b. Under no circumstances will SLU students be allowed to contact
Principals, administrators, or teachers to request a specific preferred placement.

c. SLU student applicants for college practicums or final internships cannot be placed in a school in which the applicant has a relative who is an employee or a student.

4. SLU RESPONSIBILITIES.

a. SLU will provide a university supervisor for each practicum student or final intern placed in a District school. Each university supervisor will meet the minimum qualifications set forth by the Florida Department of Education which presently include the following:

- i. Three or more years of K-12 teaching experience
- ii. Evidence of Clinical Educator Training or commensurate clinical training
- iii. A Master's Degree or higher in an appropriate educational field

5. Confidentiality. SLU and the District shall inform each SLU student of federal and state laws governing the confidentiality of District student information, including FERPA. The parties agree that any breach of confidentiality by an SLU student shall be grounds for immediate termination of the student's clinical experience.

7. Indemnification and Hold Harmless. Neither party shall be responsible for the other for personal injury or property damage or for other loss except that resulting from its own negligence or the negligence of its employees or others for whom the party is legally responsible. The District will provide SLU students with immediate first aid for work-related injuries or illnesses, such as blood or bodily fluid exposure.

8. Insurance. During the term of this Agreement, SLU shall maintain in full force and effect commercial general liability insurance in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 aggregate.

9. Notices. Notices under this Agreement shall be mailed or delivered to the parties as follows:

To the District:

Ms. Jennifer Shepard
THE SCHOOL BOARD OF CLAY COUNTY, FLORIDA
900 Walnut Street
Green Cove Springs, Florida 32043

To SLU:

Saint Leo University
Attention: Chair, Education Department
33701 State Road 52
Saint Leo, Florida 33574

10. Terms and Termination. The term of this Agreement begins August 4, 2025 and ends on July 31, 2028. Either party may, either with or without cause, upon thirty (30) days' written notice to the other party, terminate this Agreement. Terminating this Agreement as set forth herein shall not operate to interrupt the progress of any student who has been assigned to a teaching internship, practicum or observation. A student who is assigned to any student teaching or practicum pursuant to this contract shall be allowed to complete their assignment.

11. Assignment. The provisions of this Agreement shall inure to the benefit of and shall be binding upon the successors of the parties hereto. Neither this Agreement nor any of the rights or obligations hereunder may be transferred or assigned without prior written consent of the other party.

12. Modification of Agreement. This Agreement may be modified only by written amendment executed by all parties.

13. Partnership/Joint Venture/Employment. Nothing herein shall in any way be construed or intended to create a partnership or joint venture between the parties or to create the relationship of principal and agent between or among any of the parties.

14. Nondiscrimination. The parties shall comply with Title VI and VII of the Civil Rights Act of 1964, Title IS of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Americans with Disabilities Act of 1990 and the regulations related thereto. The parties will not discriminate against any individual, including but not limited to employees or applicants for employment and/or students because of race, religion, creed, color, sex, age, disability, veteran status, or national origin. This section shall not apply to discrimination in employment on the basis of religion that is specifically exempt under the Civil Rights Act of 1964 (42 U.S.C. 2000 e).

IN WITNESS THEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by their respective officials thereunto duly authorized as of the date first above written.

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C9 - Affiliation Agreement between Clay County District Schools and Florida State College of Jacksonville (FSCJ).

Description

This agreement is between Clay County District Schools and Florida State College of Jacksonville for FSCJ students to participate in internships, practicums, and observations under the direction of a certified educator in Clay County schools.

Gap Analysis

Without this agreement, interns and pre-interns cannot be placed in Clay County District Schools and would thereby prevent potential teacher candidates from choosing Clay to begin their career.

Previous Outcomes

Clay County District Schools currently has agreements with 28 Colleges/Universities, and the current agreement with FSCJ is expiring. This agreement is a renewal of the previous contract.

Expected Outcomes

Placement of interns provides teacher candidates with real-world experiences that better prepares them for the rigors of classroom teaching. FSCJ requests the placement of multiple teacher candidates each year.

Strategic Plan Goal

Goal 2: Talent Recruitment, Development, and Retention

Strategy 1.1: Develop strategic partnerships with organizations and universities to source new talent for a diverse workforce that is effective and highly-qualified for non-instructional, instructional, and administrative positions throughout CCDS

Recommendation

That the Clay County School Board approve the agreement between Clay County District Schools and FSCJ.

CONTRACT REVIEW PROCESS FOR "ALL" CONTRACTS

A contract is defined as an agreement between two or more parties that is intended to have legal effect. This may include MOUs, Interlocal Agreements, Service Agreements and Contracts. Contracts document the mutual understanding between the parties as to the terms and conditions of their agreement, contain mutual obligations, and clearly state the agreement's consideration. The term consideration includes the cost of the services and/or products to be provided by second party (vendor or service provider) and any non-monetary performance. No school, department, or other organizational unit has authority to contract in its own name. All Board contracts must be made in the legal name of the Board, "The School Board of Clay County, Florida". The School or Department may extend this name to include the school or department as follows, "The School Board of Clay County, Florida o/b/o _____ (insert the school or department name)" where o/b/o means "on behalf of".

All contracts shall be reviewed and approved by the School Board Attorney and/or the Supervisor of Purchasing to ensure legality, compliance with Board policy, and to ensure the Board interests are protected before the authorized signatory may execute the contract.

All contracts having a value of \$100,000 or more shall be authorized by the Board at a regular or special meeting and signed by the Board Chairman. All approved contracts having a value of less than \$100,000 may be executed by the Superintendent or appropriate District administrator based on the value of the contract.

1. All approved contracts having a value of \$50,000 or more, but less than \$100,000 shall be signed by the Superintendent, or the person who has been designated, in writing by the Superintendent, as the Superintendent's Designee at the time of the contract signing. All contracts executed pursuant to this subparagraph shall be reported to the School Board in a separate entry as part of the monthly financial report.
2. All approved contracts having a value of \$25,000 or more, but less than \$50,000, shall be signed by the Superintendent, or the Assistant Superintendent for Business Affairs.
3. All approved contracts having a value of less than \$25,000 and contracts of any value described in Board Authorized Contracts above that are exempt from the requirement for Board approval, may be signed by the Superintendent, or the Assistant Superintendent for their Division, or Chief Officers, or Directors, or Principals.
4. The Superintendent is authorized to approve contract amendments or change orders for the purchase of commodities and services up to the amount of ten (10) percent or \$50,000, whichever is less, of the original contract amount that was previously approved by the Board.

Employees who enter into agreements without authority may be personally liable for such agreements, whether oral or written.

Step 1: Contract Initiator and Vendor prepare draft contract
(School Board Attorney Office (SBAO) Template Contracts available on SBAO webpage are strongly encouraged)

Step 2: Complete Contract Review Form, attach Required Documents to include the UNSIGNED Contract by the District / School.

For Contracts using Budgeted Funds or For No Cost / Master (County Wide) Contracts:
Initiator submits Contract Review Package to Purchasing Department - See Step 3

For Contracts using Internal Funds Individual to each School:
Initiator submits Contract Review Package direct to SBAO - See Step 4

IMPORTANT

Step 3: If Funded by Budgeted Funds, submit the Contract Review Package to the Purchasing Department. Purchasing will begin the contract review process and submit the contract to the SBAO for review. SBAO may reach out to Initiator and/or other Departments (Risk, IT,) with questions or concerns and will assist with contract revisions. SBAO will send the Contract Review Package back to the Purchasing Department for final processing and the return to Initiator.

Purchasing will log "District" Contracts (Cost/No Cost) on Contract Review Log and save copy of the Contract Review Package PLUS the Final Signed Contract you've return to Purchasing in the Contract Review Team Drive.

Step 4: If Funded by Internal Account (IA), submit the Contract Review Package directly to SBAO.
Email: contractreview@myoneclay.net
The SBAO will begin the contract review process and return it directly to Initiator

Step 5: The Initiator is responsible for finalizing the Contract which includes:
Addressing Comments/Revisions, Obtaining Required Signatures, Send District Final Signed Contract to Purchasing OR Retain Internal Accounts Final Signed Contract at School per School Board Record Policy.
If there is a Cost associated with Contract, the Initiator must work with their Bookkeeper to finalize the Purchasing Process.
Budgeted Funds require a District Purchase Order. Internal Accounts require an IA Purchase Order.

For assistance with insurance-related matters, please visit the [Business Affairs - Risk Management webpage](#) or call 904-336-6745
For assistance with District Purchasing, please visit the [Business Affairs - Purchasing webpage](#) or call 904-336-6736

**CLINICAL EXPERIENCE AGREEMENT BETWEEN
FLORIDA STATE COLLEGE AT JACKSONVILLE
AND
THE SCHOOL BOARD OF CLAY COUNTY, FLORIDA**

THIS AGREEMENT is entered into this 7th day of August 2025, between THE SCHOOL BOARD OF CLAY COUNTY, FLORIDA (hereinafter referred to as the "SITE") and the DISTRICT BOARD OF TRUSTEES OF FLORIDA STATE COLLEGE AT JACKSONVILLE, a public body corporate of the State of Florida, whose address is 101 West State Street, Jacksonville, Florida (hereinafter referred to as the "COLLEGE").

WHEREAS, the COLLEGE provides approved program of study in the field of Initial Teacher Preparation-ITP in Early Childhood Education PK-3rd (hereinafter referred to as the "Program"), and desires its teacher candidates (hereinafter referred to as "Teacher Candidates") in the Program to obtain educational experiences by utilizing appropriate facilities and personnel of third parties;

WHEREAS, the SITE has SITES and personnel for Program Teacher Candidates, and has agreed to make such SITES and personnel available to COLLEGE;

WHEREAS, the SITE and COLLEGE desire to cooperate to establish and implement the Program;

NOW, THEREFORE, in consideration of the recitals and the respective promises contained herein, SITE and COLLEGE agree that the Program described herein be established and implemented by the SITE and the COLLEGE pursuant to the following terms and conditions ("Agreement"):

I. PURPOSE

1. The purpose of this Agreement is to provide educational experiences in the form of hands-on experimental learning at select SITE locations for selected COLLEGE Teacher Candidates which take place at schools within the SITE under the guidance of a fully certified professional (hereinafter referred to as "Cooperating Teacher") and a COLLEGE assigned supervisor (hereinafter referred to as "Faculty Supervisor").

2. The following criteria, instituted by the Florida Department of Education are to be used in the selection of the SITE Cooperating Teachers who will provide supervision to Teacher Candidates during field experience or internship and must have the following.

- a. A valid professional educator certificate
- b. At least 3 years of teaching experience in prekindergarten through grade 12
- c. Earned an effective or highly effective rating on the prior year's performance evaluation or be a peer evaluator under the SITE's evaluation system

- d. Evidence of “clinical educator” training (CET);
- e. a certificate or endorsement in reading.

II. OBLIGATIONS OF THE COLLEGE

1. The COLLEGE will offer education programs accredited by appropriate organizations; and will determine standards of education, hours of instruction, learning experiences, administration, matriculation, promotion, and graduation.
2. The COLLEGE will keep all records and reports on Teacher Candidate’s experiences in accordance with COLLEGE policy and regulatory requirements.
3. The COLLEGE will plan with the SITE in advance of commencement of the Program, its schedule of Teacher Candidates assignments to the designated areas within the SITE.
4. The COLLEGE agrees to inform Teacher Candidates that Teacher Candidates shall be responsible for following the rules and regulations of the SITE school, including recognition of the confidential nature of information regarding pupils and their records.
5. The COLLEGE will provide to the SITE a copy of course objectives for the learning experience.
6. The COLLEGE will assign a Faculty Supervisor who will collaborate with the SITE school’s Cooperating Teacher. The Faculty Supervisor is required to have a level 2 (state and national/FBI background check and meet the SITE’s reasonable guidelines for clearance. For purposes of this Agreement, the term "Cooperating Teacher" shall be defined as the SITE school educator who has been assigned by COLLEGE and the SITE to supervise the Teacher Candidate.
7. Teacher Candidates shall not be considered as employees or agents of the COLLEGE or SITE and shall not be entitled to any compensation or employee benefits by nature or their participation in the Program.

III. ROLE/SUPERVISION OF COOPERATING TEACHER

1. The COLLEGE will provide a student-teacher handbook/practicum guideline (the “handbook”) to each Cooperating Teacher on or before reporting date of the Teacher Candidate. The handbook will define the explicit responsibilities of the Cooperating Teacher and the Faculty Supervisor relative to instructions, observation, conferencing, licensure requirements, and evaluation instruments.
2. Upon a reasonable request by the COLLEGE, the SITE’s Cooperating Teachers shall participate in a brief overview of the FLDOE’s state framework for its “State-Approved Educator Preparation Programs.”

3. The COLLEGE will provide Cooperating Teachers training through a Canvas Learning Module prior to the start of the semester they will host a Teacher Candidate.

4. During the Teacher Candidate teaching period, the SITE school's Cooperating Teachers shall complete a minimum of four observations of the Teacher Candidate within the Program, each for a minimum of 45 minutes. Each observation should include timely and meaningful feedback with Teacher Candidate(s).

5. The COLLEGE Faculty Supervisor and the SITE Cooperating Teachers shall use a survey instrument provided by the COLLEGE for the assessment of the Teacher Candidate(s).

IV. OBLIGATIONS OF THE SITE

1. The SITE shall maintain sole responsibility for the instruction, education, and welfare of its pupils.

2. The SITE agrees that Teacher Candidates assigned to the SITE for counseling, administration teaching, and/ or observation experiences are under the supervision, control, and responsibility of the SITE.

3. The SITE shall retain the right, in its sole discretion, to request the removal of any individual from any area of the SITE premises. Teacher Candidates shall be instructed by the COLLEGE to promptly, and without protest, leave an area within the SITE premises whenever they are requested to do so by an authorized SITE representative.

4. The SITE shall provide qualified site supervision for Teacher Candidates via one or more "Cooperating Teacher(s)". Cooperating Teachers will be the resource person(s) for Teacher Candidates and COLLEGE Faculty Supervisor while at SITE location. Cooperating Teachers selected by the SITE will: a) assist in orienting Teacher Candidates to the assigned SITE location, classroom, and pupils; b) explain all SITE policies, rules, and regulations to Teacher Candidates; c) provide prompt and substantive feedback to Teacher Candidates regarding all performance activities and interactions with SITE personnel, pupils, and parents; d) complete evaluations of Teacher Candidates' progress and submit them to the COLLEGE Faculty Supervisor, after reviewing them with the applicable Teacher Candidate; immediately inform the COLLEGE Faculty Supervisor of any concerns regarding a Teacher Candidate; f) establish time to meet and discuss with Teacher Candidate their activities, impressions, reflections, and suggestions for goals and areas of improvement; g) supervise Teacher Candidates on a daily basis. However, if the Cooperating Teacher is absent from the Teacher Candidate's assigned classroom for any reason, a certified substitute must be assigned to the classroom. Under no circumstance can a Teacher Candidate serve as the substitute of record during the Teacher Candidate teaching experience within the Program unless a separate agreement has been negotiated in writing by the SITE and the COLLEGE.

5. Teacher Candidates must complete a Level 2 (state and national/F.B.I.) background check, at their cost, according to the pertinent requirements of the State of Florida. Fingerprinting must be done by the SITE. The SITE is responsible for clearing Teacher

Candidates based upon SITE guidelines for Teacher Candidates prior to the Teacher Candidates entering any classroom of the SITE.

V. INSURANCE

1. The COLLEGE agrees that Teacher Candidates shall assume responsibility for their own medical care and hospitalization. However, the SITE will provide Teacher Candidates with emergency care for injuries or illnesses of an acute nature incurred while on duty at a SITE location, or provide transportation to the nearest medical care facility. Teacher Candidates shall be personally responsible for any costs or expenses related to medical treatment and/or transportation to the nearest medical facility if an ambulance is required.

2. The SITE acknowledges that COLLEGE is self-insured for workers' compensation, general liability, and other coverage, with said protection being applicable to the COLLEGE's officers, employees, and agents while acting within the scope of their employment by the COLLEGE. The COLLEGE's self-insured fund and various policies are authorized pursuant to Florida Statutes and the College's District Board of Trustees. The COLLEGE agrees to maintain its self-insurance fund and excess policies for the duration of this Agreement. Furthermore, nothing contained herein shall be construed or interpreted as: (i) denying to either party any remedy or defense available to such party under the laws of the State of Florida; (ii) the consent of the COLLEGE to be sued; or (iii) a waiver of sovereign immunity of the College beyond the waiver provided in Section 768.28, Florida Statutes.

VI. GENERAL PROVISIONS

1. Neither the SITE nor the COLLEGE will discriminate against any person because of race, color, religion, sex, veteran or marital status, national origin, or any other federally-protected class of individual, nor discriminate against any Teacher Candidate or Teacher Candidate applicant with a disability pursuant to law as set forth in the Americans With Disabilities Act.

2. This Agreement is not intended and shall not be construed to create the relationship of agent, servant, employee, partnership, joint venture, or association between the COLLEGE and the SITE and their employees, students, or agents but an Agreement by and between two independent contractors. Each Teacher Candidate within the Program is placed in a SITE location in order to receive education experience as part of the Program and duties performed by a Teacher Candidate are not performed as an employee of the SITE, but rather in fulfillment of the academic requirements of the Program and are performed under direct supervision by SITE personnel. Neither the SITE nor the COLLEGE shall have the power to bind the other party or contract in the name of the other party. All persons employed by the SITE or the COLLEGE in connection with this Agreement shall be considered employees of

that party. Teacher Candidates shall participate in the Program hereunder for the sole consideration of obtaining an educational experience.

3. The SITE shall timely notify the COLLEGE when any COLLEGE employee or student has been involved in a reported incident and the COLLEGE shall have the opportunity to participate in any ongoing investigation and shall have access to any oral or written reports and any other documentation related to the reported incident.

4. Neither the SITE nor its employees shall be entitled to compensation from the COLLEGE for services or actions which benefit the COLLEGE, but which are part of, or are related to the Program or the terms of this Agreement.

5. This Agreement constitutes the entire agreement as to the rights and obligations of the parties hereto and supersedes all prior and contemporaneous agreements and undertakings of the parties pertaining to the referenced subject matter referenced herein. Except as may otherwise be expressly set forth in this Agreement, neither COLLEGE nor SITE make any representations, warranties, covenants, or undertakings of any kind, expressed or implied.

6. Amendments to this Agreement may be made at any time, provided, however, that any amendments, modifications, or alterations to this Agreement shall be effective only if they are made in writing and signed by both parties hereto. Further, this Agreement may not be assigned by either party without prior written approval of the other party.

7. No waiver or breach of any term or provision of this Agreement shall be construed to be, nor shall be, a waiver of any other breach of this Agreement. No waiver shall be binding unless the waiver is in writing and signed by the party alleged to have waived the breach.

8. In the event that any provision of this Agreement shall be held void, voidable, or unenforceable by a court of competent jurisdiction, the remaining provisions of this Agreement shall remain in full force and effect, disregarding such unenforceable or invalid provision.

9. This Agreement is not intended to create any rights or interest for any other person or entity other than the SITE or the COLLEGE.

10. This Agreement will be governed by the laws of the State of Florida and shall in all respects be interpreted, enforced, and governed by Florida law.

11. The parties acknowledge that many student educational records are protected by the Family Educational Rights and Privacy Act ("FERPA"), and that student permission must be obtained before releasing specific Teacher Candidate data to anyone other than the COLLEGE. The COLLEGE agrees, upon a reasonable request by the SITE, to provide guidance to the SITE with respect to complying with FERPA.

12. The parties hereto acknowledge and agree that COLLEGE and SITE are each a political subdivision of the State of Florida. As such, the COLLEGE's and SITE's performance under this Agreement, and any amendments hereto or attachments herewith, shall at all times be subject to

any and all Florida laws, Florida regulations, and the College's Rules which are applicable to the COLLEGE'S operations, commitments and/or activities, relevant to this Agreement and SITE's rules applicable to the SITE's operations relevant to this Agreement. The parties acknowledge that the COLLEGE's and/or SITE's performance under this Agreement is subject to the provisions and limitations of Section 762.28, Florida Statutes, the provisions and limitations of which are not waived, altered, or expanded by anything herein. Furthermore, nothing contained herein shall be construed or interpreted as: (i) denying to either party any remedy or defense available to each party under the laws of the State of Florida, (ii) the consent of the COLLEGE and/or SITE to be sued; or (iii) a waiver of sovereign immunity of the COLLEGE and/or SITE beyond the waiver provided in Section 768.28, F.S. As COLLEGE and SITE are political subdivisions of the State of Florida, this Agreement is subject to the applicable provisions of Florida Statutes regarding public access and other issues.

13. Both parties acknowledge and agree that as political subdivisions of the State of Florida, they are subject to the provisions of Chapter 119, *Florida Statutes*, regarding public access to records. The parties agree to comply with the applicable Florida Statutes as it relates the maintenance, generation and provision of access to all public records related to this Agreement.

14. The parties agree to keep a current written record of the specific SITES where Teacher Candidates are actually placed.

VII. DISPUTES RESOLUTION

1. The parties agree to periodically review and discuss the operation of the Agreement to ensure that each party's objectives hereunder are being satisfied. The parties shall confer as otherwise necessary to the administration of this Agreement.

2. In cases of conflict between a Teacher Candidate and a Cooperating Teacher that cannot be resolved, an appeal shall be made to the COLLEGE Faculty Supervisor. If resolution is not achieved, an appeal shall be made to the SITE principal or his/her designee and the COLLEGE administrator. If resolution is still not achieved, an appeal shall be made to the COLLEGE and SITE liaisons. Final resolution of conflicts, if necessary, shall be made by the SITE superintendent in consultation with the Dean of Education and Human Services or his/her designee.

VIII. TERMS; TERMINATION; NOTICE

1. This Agreement shall commence on the Effective Date and shall remain in effect for five (5) years, unless sooner terminated by either party in accordance with this section. Either party may terminate this Agreement without cause by giving ninety (90) days' prior written notice to the other party of its intention to terminate. Notwithstanding any such termination, all Teacher Candidates already enrolled in and participating in education experiences at SITE at the time of the notice of termination shall be given a period of time not to exceed six (6) months from the date of the notice of termination during which to complete their education experiences at SITE.

2. Any notice given under this Agreement may be given by personal delivery, overnight air express, or certified United States mail, return receipt requested. Notice shall be deemed to be given either (a) upon actual receipt, if notice is by personal delivery or by overnight air express; or (b) five (5) business days after mailing, if the notice is by United States mail, return receipt requested. Notice under this Agreement shall be given in writing to the parties at the addresses stated below, or to such other persons or places as either party may from time to time designate by written notice to the other party.

If to the COLLEGE:

Name: Dr. Brian Dopson
Title: Interim Dean of Education and Human Services
College/Institution: Florida State College at Jacksonville

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C10 - Affiliation Agreement between Clay County District Schools and St. Johns River State College.

Description

This agreement is between Clay County District Schools and St. Johns River State College for SJRSC students to participate in internships, practicums, and observations under the direction of a certified educator in Clay County schools.

Gap Analysis

Without this agreement, interns and pre-interns cannot be placed in Clay County District Schools and would thereby prevent potential teacher candidates from choosing Clay to begin their career.

Previous Outcomes

Clay County District Schools currently has agreements with 28 Colleges/Universities, and the current agreement with SJRSC is expiring. This agreement is a renewal of the previous contract. No changes have been made between the previous contract and this renewal contract.

Expected Outcomes

Placement of interns provides teacher candidates with real-world experiences that better prepares them for the rigors of classroom teaching. SJRCC requests placement for multiple interns each year.

Strategic Plan Goal

Goal 2: Talent Recruitment, Development, and Retention

Strategy 1.1: Develop strategic partnerships with organizations and universities to source new talent for a diverse workforce that is effective and highly-qualified for non-instructional, instructional, and administrative positions throughout CCDS

Recommendation

That the Clay County School Board approve the agreement between Clay County District Schools and St. Johns River State College.

CONTRACT REVIEW PROCESS FOR "ALL" CONTRACTS

A contract is defined as an agreement between two or more parties that is intended to have legal effect. This may include MOUs, Interlocal Agreements, Service Agreements and Contracts. Contracts document the mutual understanding between the parties as to the terms and conditions of their agreement, contain mutual obligations, and clearly state the agreement's consideration. The term consideration includes the cost of the services and/or products to be provided by second party (vendor or service provider) and any non-monetary performance. No school, department, or other organizational unit has authority to contract in its own name. All Board contracts must be made in the legal name of the Board, "The School Board of Clay County, Florida". The School or Department may extend this name to include the school or department as follows, "The School Board of Clay County, Florida o/b/o _____ (insert the school or department name)" where o/b/o means "on behalf of".

All contracts shall be reviewed and approved by the School Board Attorney and/or the Supervisor of Purchasing to ensure legality, compliance with Board policy, and to ensure the Board interests are protected before the authorized signatory may execute the contract.

All contracts having a value of \$100,000 or more shall be authorized by the Board at a regular or special meeting and signed by the Board Chairman. All approved contracts having a value of less than \$100,000 may be executed by the Superintendent or appropriate District administrator based on the value of the contract.

1. All approved contracts having a value of \$50,000 or more, but less than \$100,000 shall be signed by the Superintendent, or the person who has been designated, in writing by the Superintendent, as the Superintendent's Designee at the time of the contract signing. All contracts executed pursuant to this subparagraph shall be reported to the School Board in a separate entry as part of the monthly financial report.
2. All approved contracts having a value of \$25,000 or more, but less than \$50,000, shall be signed by the Superintendent, or the Assistant Superintendent for Business Affairs.
3. All approved contracts having a value of less than \$25,000 and contracts of any value described in Board Authorized Contracts above that are exempt from the requirement for Board approval, may be signed by the Superintendent, or the Assistant Superintendent for their Division, or Chief Officers, or Directors, or Principals.
4. The Superintendent is authorized to approve contract amendments or change orders for the purchase of commodities and services up to the amount of ten (10) percent or \$50,000, whichever is less, of the original contract amount that was previously approved by the Board.

Employees who enter into agreements without authority may be personally liable for such agreements, whether oral or written.

Step 1: Contract Initiator and Vendor prepare draft contract
(School Board Attorney Office (SBAO) Template Contracts available on SBAO webpage are strongly encouraged)

Step 2: Complete Contract Review Form, attach Required Documents to include the UNSIGNED Contract by the District / School.

For Contracts using Budgeted Funds or For No Cost / Master (County Wide) Contracts:
Initiator submits Contract Review Package to Purchasing Department - See Step 3

For Contracts using Internal Funds Individual to each School:
Initiator submits Contract Review Package direct to SBAO - See Step 4

IMPORTANT

Step 3: If Funded by Budgeted Funds, submit the Contract Review Package to the Purchasing Department. Purchasing will begin the contract review process and submit the contract to the SBAO for review. SBAO may reach out to Initiator and/or other Departments (Risk, IT,) with questions or concerns and will assist with contract revisions. SBAO will send the Contract Review Package back to the Purchasing Department for final processing and the return to Initiator.

Purchasing will log "District" Contracts (Cost/No Cost) on Contract Review Log and save copy of the Contract Review Package PLUS the Final Signed Contract you've return to Purchasing in the Contract Review Team Drive.

Step 4: If Funded by Internal Account (IA), submit the Contract Review Package directly to SBAO.
Email: contractreview@myoneclay.net
The SBAO will begin the contract review process and return it directly to Initiator

Step 5: The Initiator is responsible for finalizing the Contract which includes:
Addressing Comments/Revisions, Obtaining Required Signatures, Send District Final Signed Contract to Purchasing OR Retain Internal Accounts Final Signed Contract at School per School Board Record Policy.
If there is a Cost associated with Contract, the Initiator must work with their Bookkeeper to finalize the Purchasing Process.
Budgeted Funds require a District Purchase Order. Internal Accounts require an IA Purchase Order.

For assistance with legal-related matters, please visit the [School Board Attorney's Office \("SBAO"\) webpage](#) or call 904-336-6507
For assistance with insurance-related matters, please visit the [Business Affairs - Risk Management webpage](#) or call 904-336-6745
For assistance with District Purchasing, please visit the [Business Affairs - Purchasing webpage](#) or call 904-336-6736

STUDENT TEACHING AFFILIATION AGREEMENT

This Student Teaching Affiliation Agreement ("Agreement") is entered into on this 1st day of July 2025, by and between ST. JOHNS RIVER STATE COLLEGE, located at 5001 St. Johns Avenue, Florida, 32177 ("SJR STATE"), and THE SCHOOL BOARD OF CLAY COUNTY, FLORIDA, located at 900 Walnut Street, Green Cove Springs, Florida, 32043 ("the District").

1. **Purpose.** The purpose of this Agreement is to establish the terms and conditions under which SJR STATE students ("SJR State Students") may participate in Student Teaching Internships, Practicums, and Observations at the schools located in the District.

2. **SJR STATE Student Placements.** The District shall accept SJR STATE students for placement in Student Teaching Internships, Practicums, and Observations on the terms and conditions set forth herein.

3. **Policies Governing SJR STATE Student Placements.**

a. Placements for all clinical field experiences will be arranged by the designated representatives of the District in collaboration with representatives of SJR STATE. SJR STATE Student applications for final internship will be submitted to the District by the appropriate SJR STATE representative according to the following dates or as otherwise agreed upon by the parties:

April 15 – Submission of applications for final internships for Fall Semester

October 15 – Submission of applications for final internships for Spring Semester

b. Under no circumstances will SJR STATE students be allowed to contact principals, administrators, or teachers to request a specific preferred placement.

c. SJR STATE student applicants for college practicums or final internships cannot be placed in a school in which the applicant has a relative who is an employee or a student.

4. **SJR STATE Responsibilities.**

a. SJR STATE will provide a college supervisor for each practicum student or final intern placed in a District school. Each college supervisor will meet the minimum qualifications set forth by the Florida Department of Education which presently include the following:

- i. Three or more years of K-12 Teaching Experience
- ii. Evidence of Clinical Educator Training or commensurate clinical training
- iii. A Master's Degree or higher in an appropriate educational field

5. **Confidentiality.** SJR STATE and the District shall inform each SJR STATE student of federal and state laws governing the confidentiality of District student information, including FERPA. The parties agree that any breach of confidentiality by an SJR STATE Student shall be grounds for immediate termination of the student's clinical experience.

7. **Indemnification and Hold Harmless.** Neither party shall be responsible to the other for personal injury or property damage or other loss except ,subject to section 768.28 Florida Statutes, that resulting from its own negligence or the negligence of its employees or others for whom the party is legally responsible. The District will provide SJR STATE Students with immediate first aid for work-related injuries or illnesses, such as blood or bodily fluid exposure.

8. **Insurance.** During the term of this Agreement, SJR STATE shall maintain in full force and effect commercial general liability insurance in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 aggregate.

9. **Notices.** Notices under this Agreement shall be mailed or delivered to the parties as follows:

To the District:

Director of Professional Learning
THE SCHOOL BOARD OF CLAY COUNTY, FLORIDA
900 Walnut Street
Green Cove Springs, Florida 32043

To SJR STATE:

St. Johns River State College
Attention: Dean of Arts and Sciences
5001 St. Johns Avenue
Palatka, Florida 32177

10. **Term and Termination.** The term of this Agreement begins upon signature by both parties and ends on July 31, 2028. Either party may, either with or without cause, upon thirty (30) days' written notice to the other party, terminate this Agreement. Terminating this Agreement as set forth herein shall not operate to interrupt the progress of any student who has been assigned to a teaching internship, practicum or observation. A student who is assigned to any student teaching or practicum pursuant to this contract shall be allowed to complete their assignment.

11. **Assignment.** The provisions of this Agreement shall inure to the benefit of and shall be binding upon the successors of the parties hereto. Neither this Agreement nor any of the rights or obligations hereunder may be transferred or assigned without prior written consent of the other party.

12. **Modification of Agreement.** This Agreement may be modified only by written amendment executed by all parties.

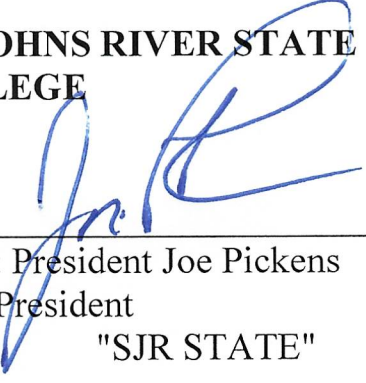

13. **Partnership/Joint Venture/Employment.** Nothing herein shall in any way be construed or intended to create a partnership or joint venture between the parties or to create the relationship of principal and agent between or among any of the parties.

14. **Nondiscrimination.** The parties shall comply with Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Americans with Disabilities Act of 1990 and the regulations related thereto. The parties will not discriminate against any individual, including but not limited to employees or applicants for employment

and/or students because of race, religion, creed, color, sex, age, disability, veteran status, or national origin. This section shall not apply to discrimination in employment on the basis of religion that is specifically exempt under the Civil Rights Act of 1964 (42 U.S.C. §2000 e).

IN WITNESS THEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by their respective officials thereunto duly authorized as of the date first above written.

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C11 - 2025-2026 Uniform Statewide Assessment Calendar

Description

Per Rule 6A-1.094224, districts must add their district information to the uniform assessment calendar for the school year, submit the calendar for district school board approval, and then publish the approved, populated uniform assessment calendar on the district's website and submit it to the state department of education.

Gap Analysis

Approval of this agenda item will satisfy the district's obligations to approve a uniform assessment calendar to submit to the state.

Previous Outcomes

The board approved the 2024-2025 Uniform Statewide Assessment Calendar on September 5, 2024.

Expected Outcomes

The district will provide organized and structured implementation of state and local assessments in order to gather actionable data on which to base instructional decisions tailored to student's individual needs.

Strategic Plan Goal

Goal 1: Student Success

Recommendation

That the School Board will approve the 2025-2026 Uniform Assessment Calendar.

2025–26 Uniform Statewide Assessment Calendar

According to Section (s.) 1008.22(7)(b), Florida Statutes (F.S.), and State Board of Education Rule 6A-1.094224, Florida Administrative Code (F.A.C.), the uniform assessment calendar must be published on the Florida Department of Education (FDOE) website by January of each year for, at a minimum, the following two school years. Prior to posting, FDOE will complete sections 1 through 4 with the appropriate information.

Each school district must then complete the uniform calendar with district-required assessment information, publish the calendar to the district website, and provide it to the FDOE by October 1 of each school year. Districts must provide completed calendars to schools and include the calendar in their parent guides. In addition, each school must publish the completed calendar on its website.

The statewide assessment information provided by the Department in sections 1 through 4 should not be altered; however, districts may otherwise modify and populate this template to accurately indicate their assessment schedules for the school year.

1. Glossary of Assessment Terms

The following glossary includes definitions of assessment terms and explanations of acronyms used throughout this template. The FDOE will populate this section with state-level terms in addition to those specified in s. 1008.22(7)(i), F.S. Districts may add rows as needed for additional glossary terms that are specific to district-required assessments but should not modify any FDOE-provided information.

| Acronym/Term | Definition |
|-----------------------------------|---|
| WIDA ACCESS | Assessment to measure English language acquisition of English Language Learners (ELLs). |
| Accommodation | Per Rule 6A-1.0943, F.A.C., “Accommodations are defined as adjustments to the presentation of the statewide, standardized assessment questions, methods of recording examinee responses to the questions, scheduling for the administration of a statewide, standardized assessment to include amount of time for administration, settings for administration of a statewide, standardized assessment, and the use of assistive technology or devices to facilitate the student’s participation in a statewide standardized assessment.” |
| ASVAB | Armed Services Vocational Aptitude Battery |
| B.E.S.T. | Benchmarks for Excellent Student Thinking |
| CBT | Computer-Based Test |
| CLT | Classic Learning Test |
| Concordant and Comparative Scores | Concordant and comparative scores refer to scores that have been determined by establishing a relationship between assessments that measure similar (but not identical) constructs, such as the Algebra 1 End-of-Course Assessment and the SAT. In statute, concordant refers to scores associated with the ELA assessment and comparative refers to scores associated with the Algebra 1 assessment. A student can meet assessment graduation requirements by earning a concordant or comparative score, as specified in Rule 6A-1.09422, F.A.C. |
| Diagnostic | Assessments that measure students’ understanding of a subject area or skills base, which allow teachers and educators to evaluate student learning, focusing on strengths and areas of need. |
| District Window | The selected dates within the statewide window during which a district will administer a given assessment. |
| District-Required Assessments | Assessments required by the school district for students in a specific grade or course. |
| ELA | English Language Arts |
| EOC | End-of-Course |

2025–26 Uniform Statewide Assessment Calendar

| Acronym/Term | Definition |
|-------------------------------------|--|
| Evaluative | Assessments that measure student proficiency at selected intervals in order to compare change over time and to compare state-level results. |
| FAA | Florida Alternate Assessment; The FAA—Datafolio is designed to provide meaningful information about students with the most significant cognitive disabilities who typically do not have a formal mode of communication and are working at pre-academic levels. The FAA—Performance Task is a performance-based assessment for students with the most significant cognitive disabilities aligned to the state’s alternate academic achievement standards. |
| FAST | Florida Assessment of Student Thinking |
| FCLE | Florida Civic Literacy Exam |
| Formative | Formative assessments are the formal and informal ways that teachers and students gather and respond to evidence of student learning. Formative assessments are part of teaching in the classroom. Formative assessments will not result in a score that will appear on a student's report card, but they serve the greater purpose of informing both students and teachers on what changes need to happen in classroom instruction to better serve the needs of individual students. |
| Interim | Interim assessments are administered on a smaller scale (i.e., school or district) with results that can be used at the classroom level or aggregated at the school- or district-level. Depending on the design, interim assessments can be used to predict a student’s ability to succeed on a summative assessment, to evaluate a program, or to diagnose student learning gaps. |
| NAEP | National Assessment of Educational Progress |
| PBT | Paper-Based Test |
| PM1 | The baseline administration of FAST progress monitoring in the beginning of the school year. |
| PM2 | The midyear administration of FAST progress monitoring in the middle of the school year. |
| PM3 | The summative administration of FAST progress monitoring at the end of the school year; the statewide, standardized ELA assessment for students in grades 3 through 10 and the statewide, standardized Mathematics assessment for students in grades 3 through 8. |
| Progress Monitoring | The process used to determine whether a student’s academic performance is improving, at what rate it is improving, and how effective instruction has been. In accordance with s. 1008.25(9)(b)1., F.S., the progress monitoring assessments for VPK through grade 2 must be administered at least three times within a program year or school year, as applicable, with the first administration occurring no later than the first 30 instructional days after a student’s enrollment or the start of the program or school year, the second administration occurring midyear, and the third administration occurring within the last 30 days of the program or school year. In accordance with s. 1008.25(9)(b)2., F.S., the progress monitoring assessments for grades 3 through 10 must be administered at the beginning, middle, and end of the school year. |
| PSAT/NMSQT | Preliminary SAT/National Merit Scholarship Qualifying Test |
| Summative | Assessments that evaluate student mastery of Florida’s state academic standards at or near the conclusion of the course of instruction. |
| Statewide, Standardized Assessments | All assessments required by s. 1008.22, F.S. |
| Statewide Window | The range of dates during which districts and/or schools may choose to administer a given assessment. |
| Testing Time | The amount of time individual students are each given to respond to test items on each test. |
| VPK | Florida’s Voluntary Prekindergarten Education Program |

2025–26 Uniform Statewide Assessment Calendar

2. Test, Type, and Purpose/Use

FDOE will populate this section with information related to state-level tests. Districts may add rows as needed to define district-required tests, test type, and their purpose/use in the district, but they should not modify any FDOE-provided information. If additional types are added, define applicable types in the glossary.

| Test | Type | Purpose/Required Use | Statutory Authority/Required Use Citation |
|-----------------------|--------------------------------|---|--|
| WIDA ACCESS | Diagnostic | Measure English language acquisition of ELLs | s. 1003.56, F.S. |
| WIDA Alternate ACCESS | Diagnostic | Measure English language acquisition of ELLs with the most significant cognitive disabilities | Rule 6A-6.0902, F.A.C. Rule 6A-6.09021, F.A.C. Rule 6A-6.0903, F.A.C. Rule 6A-1.09432, F.A.C. |
| ACT | Summative | Inform course placement; can be used as a concordant or comparative score to meet assessment graduation requirements; provide postsecondary opportunities | s. 1008.22, F.S. Rule 6A-1.09422, F.A.C. Rule 6A-10.0315, F.A.C. Rule 6A-20.028, F.A.C. |
| ASVAB | Evaluative | Determine whether a student is qualified to enlist in the military and to assign an appropriate military job | s. 1003.451, F.S. s. 1008.34, F.S. Rule 6A-1.09981, F.A.C. |
| CLT | Summative | Inform course placement; can be used as a concordant or comparative score to meet assessment graduation requirements; provide postsecondary opportunities | s. 1008.22, F.S. Rule 6A-1.09422, F.A.C. Rule 6A-10.0315, F.A.C. Rule 6A-20.028, F.A.C. |
| CLT10 | Summative | Inform course placement; can be used as a concordant or comparative score to meet assessment graduation requirements | s. 1007.35, F.S. s. 1008.22, F.S. Rule 6A-1.09422, F.A.C. Rule 6A-10.0315, F.A.C. |
| FAST PM1 and PM2 | Diagnostic/Progress Monitoring | Provides information in mastering the appropriate grade-level standards and provides information on students' progress to parents, teachers, and school and program administrators. Used to provide data for accountability of the Voluntary Prekindergarten Education Program. | s. 1002.68, F.S. s. 1008.25(9), F.S. Rule 6M-8.601, F.A.C. |
| FCLE | Summative | If passed, exempts students from the postsecondary civic literacy assessment requirement established by s. 1007.25(5), F.S. | s. 1003.4282(3)(d), F.S. s. 1007.25(5)(b), F.S. |
| B.E.S.T. Writing | Summative | Purpose: statewide, standardized assessments, including FAST PM3, measure student achievement of Florida's state academic standards Required uses: third grade retention; high school standard | s. 1002.38, F.S. |
| EOC | Summative | | s. 1002.394, F.S. |
| FAST PM3 | Progress Monitoring/Summative | | s. 1002.395, F.S. |
| FAA—Performance Task | Summative | | s. 1002.40, F.S. |

3. Required Statewide Assessments

The following assessments are required for students as indicated in the **Students to Be Tested** column. FDOE will complete this section with the required statewide assessments. Districts should then populate the **District Window** column for each assessment in the table but should not modify any FDOE-provided information.

When calculating total test time in Section 6, do not include times for assessments indicated by grey rows, which indicate duplicate assessment windows (e.g., EOCs), assessments that take the place of another assessment, or assessments that do not have a specified testing time.

| Assessment | Students to Be Tested | Statewide Window | District Window | Mode | Testing Time | Results Expected |
|--------------|---|--|-------------------------|------------------|-------------------------|---------------------------------------|
| VPK FAST PM1 | Students enrolled in VPK | First 30 instructional days after a student's enrollment or the start of a program year or school year | 08/11/2025 – 09/22/2025 | CBT | 10–20 minutes | Immediately following test completion |
| FAST PM1 | Kindergarten–Grade 1 ELA Reading ¹ | August 4–September 26, 2025 | 08/11/2025 – 09/20/2025 | CBT ² | 10–20 minutes | Immediately following test completion |
| FAST PM1 | Grade 2 ELA Reading ¹ | August 4–September 26, 2025 | 08/11/2025 – 09/20/2025 | CBT ² | 15–20 minutes | Immediately following test completion |
| FAST PM1 | Kindergarten–Grade 2 Mathematics ¹ | August 4–September 26, 2025 | 08/11/2025 – 09/20/2025 | CBT ² | 20–30 minutes | Immediately following test completion |
| FAST PM1 | Grades 3–10 ELA Reading | August 11–September 26, 2025 | 08/11/2025 – 09/20/2025 | CBT ² | 90 minutes ³ | Immediately following test completion |
| FAST PM1 | Grades 3–5 Mathematics | August 11–September 26, 2025 | 08/11/2025 – 09/20/2025 | CBT ² | 80 minutes ³ | Immediately following test completion |

2025–26 Uniform Statewide Assessment Calendar

| Assessment | Students to Be Tested | Statewide Window | District Window | Mode | Testing Time | Results Expected |
|----------------------------|--|---|-------------------------|------------------|--------------------------|---------------------------------------|
| FAST PM1 | Grades 6–8 Mathematics | August 11–September 26, 2025 | 08/11/2025 – 09/20/2025 | CBT ² | 100 minutes ³ | Immediately following test completion |
| FAA—Datafolio ⁴ | Grades 3–10 ELA (Reading and Writing); Grades 3–8 Mathematics; Grades 5 and 8 Science; and Algebra 1, Biology 1, Civics, Geometry, and U.S. History EOCs | Collection Period 1: September–October 2025 | 09/2025 – 10/2025 | PBT | Varies/Untimed | June 2026 |
| PSAT/NMSQT ⁷ | Grade 10 students in districts that selected PSAT/NMSQT | October 2025 | | CBT/PBT | 134 minutes | 4–6 weeks after testing |
| PreACT ⁷ | Grade 10 students in districts that selected PreACT | October 2025–April 2026 | | CBT/PBT | 150 minutes | Approximately 2 weeks after testing |
| FAA—Datafolio ⁴ | Grades 3–10 ELA (Reading and Writing); Grades 3–8 Mathematics; Grades 5 and 8 Science; and Algebra 1, Biology 1, Civics, Geometry, and U.S. History EOCs | Collection Period 2: November–December 2025 | 11/2025 – 12/2025 | PBT | Varies/Untimed | June 2026 |
| FCLE | Students enrolled in associated courses | November 3–December 19, 2025 | 11/03/2025 – 12/19/2025 | CBT ² | 160 minutes ⁵ | Immediately following test completion |
| VPK FAST PM2 | Students enrolled in VPK | Midyear | 11/21/2025 – 02/04/2026 | CBT | 10–20 minutes | Immediately following test completion |
| FAST PM2 | Kindergarten–Grade 1 ELA Reading | December 1, 2025–January 23, 2026 | 12/01/2025 – 01/23/2026 | CBT ² | 10–20 minutes | Immediately following test completion |
| FAST PM2 | Grade 2 ELA Reading | December 1, 2025–January 23, 2026 | 12/01/2025 – 01/23/2026 | CBT ² | 15–20 minutes | Immediately following test completion |
| FAST PM2 | Kindergarten–Grade 2 Mathematics | December 1, 2025–January 23, 2026 | 12/01/2025 – 01/23/2026 | CBT ² | 20–30 minutes | Immediately following test completion |
| FAST PM2 | Grades 3–10 ELA Reading | December 1, 2025–January 23, 2026 | 12/01/2025 – 01/23/2026 | CBT ² | 90 minutes ³ | Immediately following test completion |

| Algebra 1, Geometry, Biology 1, Civics, and U.S. History EOCs | Students enrolled in associated courses | May 1–29, 2026 | 05/01/2026 – 05/29/2026 | CBT ² | 160 minutes ³ | Immediately following test completion |
| Statewide Science | Grades 5 and 8 | May 1–29, 2026 | 05/01/2026 – 05/29/2026 | CBT ² | 120 minutes ³ | Immediately following test completion |

¹ K–2 FAST assessments for PM1 must be administered within the first 30 instructional days of the school year.

² Paper-based accommodations (e.g., regular print, large print, braille, one-item-per-page) for computer-based tests are available to eligible students if indicated as an accommodation on an IEP or Section 504 plan.

³ Any student who has not completed the session by the end of the allotted time may continue working; however, testing must be completed within the same school day.

⁴ The FAA—Datafolio is designed for students with the most significant cognitive disabilities for whom participation in the general statewide assessment or the FAA—Performance Task is inappropriate, even with accommodations.

⁵ Any student who has not completed the test by the end of the allotted time may continue working up to half the length of a typical school day.

⁶ The FAA—Performance Task is designed for students with the most significant cognitive disabilities for whom participation in the general statewide assessment is inappropriate, even with accommodations.

⁷ Each district must choose to administer the CLT10, PreACT, or PSAT/NMSQT for grade 10 and the ACT, CLT or SAT for grade 11. Complete the row for the assessments chosen by your district and then change the background for the assessment not chosen to gray and leave the district window cell blank.

⁸ K–2 FAST assessments for PM3 must be administered within the last 30 instructional days of the school year.

2025–26 Uniform Statewide Assessment Calendar

4. Statewide Assessments for SELECT Students

The following assessments are only intended for selected students/students in certain sub-groups. The FDOE will complete this section with the applicable statewide assessments. Districts should then populate the **District Window** column for the assessments in the table below but should not modify any FDOE-provided information. If an assessment is not being administered in your district, indicate “N/A” in the District Window column.

Because the tests included in this section are not administered to all students or, in some cases, are optional for students, the testing time for these tests should not be included in the total testing time calculated in Section 6.

| Assessment | Students to Be Tested ³ | Statewide Window | District Window | Mode | Testing Time | Results Expected |
|---|--|-------------------------------|-------------------------|------------------|---|---------------------------------------|
| ASVAB | | August 2025–May 2026 | | CBT/PBT | CBT: 198 minutes PBT: 149 minutes | Approximately 2 weeks after testing |
| FAST Grade 10 ELA Reading Retake | | September 8–October 3, 2025 | 09/08/2025 – 10/03/2025 | CBT ¹ | 120 minutes ² | Immediately following test completion |
| Algebra 1, Geometry, Biology 1, Civics, and U.S. History EOCs | | September 8–October 3, 2025 | 09/08/2025 – 10/03/2025 | CBT ¹ | 160 minutes ² | Immediately following test completion |
| FAA—Performance Task ⁴ Grade 10 ELA and Algebra 1 EOC Makeup | | September 22–October 10, 2025 | 09/22/2025 – 10/10/2025 | PBT | Varies/Untimed | December 2025 |
| NAEP Reading and Mathematics | Select grades 4 and 8 students | January–March 2026 | | CBT | 120 minutes | Fall 2026 |
| NAEP Civics and U.S. History | Select grade 8 students | January–March 2026 | | CBT | 120 minutes | Spring 2027 |
| FAST Grade 10 ELA Reading Retake | | December 1–19, 2025 | 12/01/2025 – 12/19/2025 | CBT ¹ | 120 minutes ² | Immediately following test completion |
| Algebra 1, Geometry, Biology 1, Civics, and U.S. History EOCs | | December 1–19, 2025 | 12/01/2025 – 12/19/2025 | CBT ¹ | 160 minutes ² | Immediately following test completion |

¹ Paper-based accommodations (e.g., regular print, large print, braille, one-item-per-page) for computer-based tests are available to eligible students if indicated as an accommodation on an IEP or Section 504 plan.

² Any student who has not completed the session by the end of the allotted time may continue working; however, testing must be completed within the same school day.

³ If indicated, “applicable students” relates to the sub-group(s) of students who *may* take that assessment; it does not indicate that all students throughout the state in that sub-group will take that assessment. Assessments for which no applicable student group is listed are available to students as needed but are not limited to any specific sub-group.

⁴ The FAA—Performance Task is designed for students with the most significant cognitive disabilities for whom participation in the general statewide assessment is inappropriate, even with accommodations.

5. District-Required Assessment Information

Complete the table below with assessments that are required for all schools in the district.

| Assessment | Students to Be Tested | District Window | Mode | Testing Time | Results Expected |
|---|---|-------------------------|------|------------------|------------------|
| District PM 1: Algebra 1, Algebra 1A, Algebra 1B & Geometry | Algebra 1, Algebra 1A, Algebra 1B, and Geometry | 08/18/2025 - 09/05/2025 | CBT | 90 minutes | Instantly |
| ALEKS Initial Knowledge Check | Grades 6 - 8 Math, Algebra 1, Algebra 1A, Algebra 1B, Geometry & Foundations 9 - 12 | 08/11/2025 - 09/26/2025 | CBT | 45 minutes | Instantly |
| Baseline Biology 1, Civics, US History | Content Areas | 08/12/2025 – 08/29/2025 | CBT | 90/50/75 minutes | Instantly |
| Baseline Science | Grades 5 and 8 | 08/12/2025 – 08/29/2025 | CBT | 60/100 minutes | Instantly |

2025–26 Uniform Statewide Assessment Calendar

| Assessment | Students to Be Tested | District Window | Mode | Testing Time | Results Expected |
|--|---|-------------------------|------|------------------|------------------|
| Clay PM2: Algebra 1, Algebra 1A, Algebra 1B & Geometry | Algebra 1, Algebra 1A, Algebra 1B and Geometry | 12/01/2025 – 12/19/2025 | CBT | 90 minutes | Instantly |
| Midyear Biology 1, Civics, US History | Content Areas | 12/01/2025 – 12/19/2025 | CBT | 90/50/75 minutes | Instantly |
| Midyear Science | Grade 5 and 8 | 12/01/2025 – 12/19/2025 | CBT | 60/60 minutes | Instantly |
| ALEKS Knowledge Check | Grades 6 - 8 Math, Algebra 1, Algebra 1A, Algebra 1B, Geometry & Foundations 9 – 12 | 05/01/2026 – 05/29/2026 | CBT | 45 minutes | Instantly |
| End of Year Algebra 1A | Algebra 1A | 05/01/2026 – 05/29/2026 | CBT | 45 minutes | Instantly |
| | | | | | |

6. Estimates of Total Testing Time by Grade Level

Estimates of average time for administering state-required and district-required assessments (listed in Sections 3 and 5 above) by grade level. Subject-based assessments should be included with the grade level to which they are most likely to be administered (e.g., Biology 1 with grade 9).

| Grade Level | Statewide Assessments | District Assessments | Approximate Total Testing Time (In Minutes) |
|-------------|------------------------------|----------------------|---|
| VPK | 60 | 0 | 60 |
| K | 150 | 0 | 150 |
| 1 | 150 | 0 | 150 |
| 2 | 150 | 0 | 150 |
| 3 | 560 | 0 | 560 |
| 4 | 680 | 0 | 680 |
| 5 | 840 | 120 | 960 |
| 6 | 740 | 90 | 830 |
| 7 | 900 | 190 | 1090 |
| 8 | 900 | 250 | 1150 |
| 9 | 740 | 315 | 1055 |
| 10 | 580+120/150/134 ¹ | 450 | |

Rule 6A-1.094224, F.A.C.

Form ARM 001

Effective August 2025

Updated July 18, 2025

2025–26 Uniform Statewide Assessment Calendar

| | | | |
|----|------------------------------|-----|--|
| 11 | 160+175/120/134 ² | 240 | |
| 12 | 160 | 90 | |

¹The amount of time for grade 10 statewide assessments will depend on whether a district selects CLT10, PreACT, or PSAT/NMSQT. If CLT10, use 700 minutes (580 + 120) for the grade 10 Statewide Assessments cell. If PreACT, use 730 (580 + 150) for the grade 10 Statewide Assessments cell. If PSAT/PSAT/NMSQT, use 714 (580 + 134) for the grade 10 Statewide Assessments cell.

²The amount of time for grade 11 statewide assessments will depend on whether a district selects ACT, CLT or SAT. If ACT, use 335 minutes (160 + 175) for the grade 11 Statewide Assessments cell. If CLT, use 280 minutes (160 + 120) for the grade 11 Statewide Assessments cell. If SAT, use 294 minutes (160 + 134) for the grade 11 Statewide Assessments cell.

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C12 - Proclamation for September National Attendance Awareness Month

Description

Attendance Awareness Month, held annually in September, serves as a reminder of the importance of prioritizing school attendance for academic success. By promoting consistent presence in the classroom, we empower students to stay on track with their coursework and reach their full potential.

Gap Analysis

While attendance tracking remains a key tool for identifying student engagement and potential barriers to learning, high absenteeism rates indicate a need for increased focus. This proclamation continues to elevate the issue of student absenteeism and signal its importance to all stakeholders.

Previous Outcomes

Persistent rates of chronic absenteeism within Clay County District Schools are a serious concern and can negatively impact student academic performance, graduation rates, and the overall school climate. While current attendance policies and procedures exist, this proclamation highlights the need for increased awareness and a collaborative approach to address this pressing issue.

Expected Outcomes

The Attendance Awareness Month proclamation will have a significant, positive impact on our schools. We anticipate raising awareness among students, families, and the community about the crucial connection between attendance and academic success. This heightened understanding, coupled with increased community engagement, will foster a positive and supportive school environment. Ultimately, we expect to see a measurable reduction in chronic absenteeism, resulting in higher grades, improved graduation rates, and enhanced student well-being. This proclamation serves as a public commitment from the District, promoting shared responsibility and paving the way for ongoing efforts to ensure every student reaches their full potential.

Strategic Plan Goal

Goal 3: Engage families and the community in the educational process to create robust learning opportunities and partnerships that support and prepare students to become successful throughout the K-12 educational experiences, leading to graduation and beyond. Goal 4: Safe and Positive Learning Environment: Strengthen the overall physical and emotional environment to foster an environment of safety and belonging for students, staff, and all stakeholders.

Recommendation

The Clay County School Board will approve the proclamation to support National Attendance Awareness Month.

🔗 [Proclamation of September 2025 as Attendance Awareness Month in Clay County District Schools.pdf](#)

SCHOOL BOARD OF CLAY COUNTY, FLORIDA
PROCLAMATION #26-03

WHEREAS, the nation is experiencing a school absenteeism crisis, making good attendance more essential than ever to student well-being, achievement, and graduation;

WHEREAS, students and families are more likely to show up and engage when there are positive conditions for learning at school, including physical and emotional health and safety; a sense of belonging, connection, and support; academic challenges and engagement; and adults and peers with social-emotional competency;

WHEREAS, reducing chronic absence (missing 10% or more of school for any reason) requires a comprehensive approach that starts with prevention and early intervention, including developing routines and trusting relationships that create a sense of belonging, rather than responding with punitive action, which research finds is not particularly effective;

WHEREAS, improving attendance and engagement takes schools, families, elected leaders, and other community partners working together to rebuild regular and trusting communications and to identify and address barriers to being in school;

WHEREAS, taking attendance daily in a caring, consistent manner is essential to identifying when students begin to miss too much school and for engaging students and families with needed support and resources as soon as possible;

NOW, THEREFORE, BE IT RESOLVED that the Clay County District School Board stands with the nation and our community in recognizing September as "Attendance Awareness Month" under the theme of "Attend Today, Achieve Tomorrow." We hereby commit to focusing on reducing absenteeism and addressing the factors that cause students to miss school to ensure all children an equal opportunity to learn, grow, and thrive academically, emotionally, and socially. We recognize that we must work together to build an engaging school environment that motivates attendance and sends the message that learning can and must continue.

Duly adopted and approved by the Clay County District School Board this 4th day of September 2025.

ATTEST:

David S. Broskie
Superintendent of Schools
Clay County, Florida

Erin Skipper, School Board Chair

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C13 - RATIFY 260017 LUTHERAN SERVICES FLORIDA (LSF HEALTH SYSTEMS) CONTRACT

Description

SEDNET is an acronym for The Multi-Agency Network for Students With Emotional and Behavioral Disabilities, which agency is under the supervision and control of Clay County District Schools. Lutheran Services Florida, Inc. d/b/a LSF Health Systems, LLC ("LSF") has maintained a contractual relationship with the School Board of Clay County, Florida through SEDNET for several years. The contract allows LSF, a non-profit corporation that obtains funds from both federal sources and pursuant to a contract with the State of Florida, to then contract with regional SEDNET units, of which the Clay County School District is one, to provide mental and behavioral health resources to students in need throughout the Northeast Florida region which consists of Duval, Clay and Nassau counties. SEDNET acts as an independent contractor to LSF and provides the contracted behavioral and mental health services through its employees, agents, and responsibility, as well as the requirements binding SEDNET are the subject of the attached contract. The total commitment by LSF, which theoretically should equal the expenditures by SEDNET for the 2025-2026 fiscal year are \$219,333.60. This amount, as well as all terms, are set forth in the attached contract which is in fact a five (5) year contract, ending with the 2029-2030 fiscal year for a total of \$1,096,668.00. There are minor amendments to this contract submitted periodically as required by LSF. Most amendments increase the total amount of the contract by 5% or less. It is expected that the School Board will ratify this contract, thereby allowing the Superintendent to execute the minor amendments to the contract that occur routinely. Without such ratification, each minor amendment to the contract will have to be brought to the Board, which action will create a lag in the availability of resources. The Board Attorney, in collaboration with the Supervisor of SEDNET, the Supervisor of Purchasing, the Assistant Superintendent of Finance, and the Superintendent of Schools, all occur that it is imperative for the Board to be aware of the existence of this contract and that the Board ratify the contract in order for the month to month operations of SEDNET and its implementation of the contract with LSF to continue without interruption. Pursuant to current School Board Policy all future Master contracts between LSF and SEDNET would require approval by the School Board.

Gap Analysis

The attached contract is a five (5) year contract, starting with the 2025-2026 school year and ending with the 2029-2030 fiscal year for a total of \$1,096,668.00. The yearly amount is \$219,333.60.

Previous Outcomes

These funds have been used to meet the individualized needs of students requiring supportive mental health and behavioral services.

Expected Outcomes

It is expected that the School Board will ratify this contract, thereby allowing the Superintendent to execute the minor amendments to the contract that occur routinely.

Strategic Plan Goal

To allow SEDNET to continue to provide the programs and services of the youth-focused group See You At The Top (SYATT). SEDNET will continue to provide individualized mental health services and devise individualized plans for students with significant mental health needs.

Recommendation

Approve the attached contract.

Contact

Kathryn Lawrence, SEDNET, kathryn.lawrence@myoneclay.net, (904) 336-4400.

Financial Impact

This contract is a total of \$1,096,660.00 for a total of 5 years. The per year amount is \$219,333.60.

DRAFT

LUTHERAN SERVICES FLORIDA STANDARD CONTRACT

THIS CONTRACT is entered into between Lutheran Services Florida, Inc., d/b/a LSF Health Systems (a Florida non-profit corporation), hereinafter referred to as the "Managing Entity" and **School District of Clay County - SEDNET** herein after referred to as the "Network Service Provider." The Managing Entity and Network Service Provider agree as follows:

1. ENGAGEMENT, TERM AND CONTRACT DOCUMENT

1.1. Purpose and Contract Amount

The Managing Entity is engaging the Network Service Provider for the purpose of behavioral health services, as further described in Attachment I hereto, thereby providing a comprehensive array of Behavioral Health Services to individuals, including emergency, acute care, residential, outpatient, recovery support, consumer support and prevention services, and as further identified in this Contract, with payment as provided in **Section 3**, in an amount not to exceed **\$1,096,668.00** (Contract Amount).

1.2. Effective and End Date

This Contract shall be effective **July 1, 2025** or the last party signature date, whichever is later (Effective Date). The service performance period under this Contract shall commence on **July 1, 2025** or the Effective Date of this Contract, whichever is later, and shall end at midnight, **Eastern** time, on **June 30, 2030** (End Date), subject to the survival of terms provisions of **7.4**. Any earlier termination of this Contract amends the End Date. This Contract may be renewed in accordance with §287.057(14) or 287.058(1)(g), Florida Statutes (F.S.).

1.3. Official Payee and Party Representatives

The name, address, telephone number and e-mail address of the Managing Entity and the Network Service Provider's representatives for this Contract are as follows:

| | |
|---|---|
| <p>1.3.1. Network Service Provider: Official Payee</p> <p>Name: <u>School District of Clay County - SEDNET</u></p> <p>Address: <u>2306 Kingsley Avenue</u></p> <p>City: <u>Orange Park</u></p> <p>State: <u>FL</u> Zip Code: <u>32073</u></p> <p>Phone/Ext: <u>(904) 336-4400</u></p> <p>E-mail: <u>kathryn.lawrence@myoneclay.net</u></p> | <p>1.3.2. Network Service Provider: Financial & Administrative</p> <p>Name: <u>Kathy Lawrence</u></p> <p>Address: <u>Refer to 1.3.1.</u></p> <p>City: <u>Refer to 1.3.1.</u></p> <p>State: <u>FL</u> Zip Code: <u>Refer to 1.3.1.</u></p> <p>Phone/Ext: <u>(904) 336-4400</u></p> <p>E-mail: <u>kathryn.lawrence@myoneclay.net</u></p> |
| <p>1.3.3. Network Service Provider: Program Administrator & Primary Point of Contact</p> <p>Name: <u>Kathy Lawrence</u></p> <p>Address: <u>Refer to 1.3.1.</u></p> <p>City: <u>Refer to 1.3.1.</u></p> <p>State: <u>FL</u> Zip Code: <u>Refer to 1.3.1.</u></p> <p>Phone/Ext: <u>(904) 336-4400</u></p> <p>E-mail: <u>kathryn.lawrence@myoneclay.net</u></p> | <p>1.3.4. 1.3.5. Changes to contact information for persons identified in 1.3 can be by Notice.

1.4. Notices

Unless stated otherwise, Notices between the Network Service Provider and the Managing Entity and/or Department regarding this Contract shall be in writing and directed to the Contract Manager or Network Service Provider Representative by certified mail, courier service, email, personal delivery, or as identified by the Managing Entity and/or Department. Notices will be deemed received upon actual receipt.

1.5. Contract Documents

1.5.1. The headings contained in this Contract are for reference purposes only and shall not affect the meaning of this Contract.

1.5.2. Any telephone numbers and hyperlinks in this Contract are supplied to put the Network Service Provider on notice, such telephone numbers and hyperlinks existed at the time of this Contract's entry. It is the Network Service Provider's duty to stay abreast of any updates to such telephone numbers and hyperlinks without amending this Contract.

1.5.3. In this Contract "business days" refers to those days that are not weekends, do not fall under §110.117(1) – (2), F.S., or are administrative closures declared by the Governor. "Days," without modification, are calendar days.

1.5.4. The terms and conditions set forth in this Contract that conflict with PUR 1000 constitutes special Contract conditions as contemplated by Rule 60A-1.002, Florida Administrative Code (F.A.C.).

1.6. Contract Composition

1.6.1. This Contract is composed of the documents listed in this section. In the event of any conflict between the documents, the documents shall be interpreted in the following order of precedence:

1.6.1.1. This Standard Contract;

1.6.1.2. Attachment I - IV and other attachments, if any;

1.6.1.3. Appendix A outlines all Exhibits and Incorporated Documents for program specific;

1.6.1.3.1. All Exhibits and Incorporated Documents, which can be found on the
LSF Health Systems website:
<https://www.lsfhealthsystems.org/contract-documents>;

1.6.1.4. Appendix B outlines all of the exemptions pertaining to this contract;

1.6.1.5. Appendix C outlines all special attachments, beyond Attachment IV, pertaining to this contract;

1.6.1.6. Appendix D outlines all negotiated performance measure targets pertaining to this contract;

1.6.1.7. Any documents incorporated into this Contract by reference.

1.6.2. Notwithstanding the order of precedence indicated, for purchases based on a state term Contract or an enterprise alternative Contract source procured for state agency use by the

Department of Management Services, the terms of the underlying state term Contract or Department of Management Services enterprise alternative Contract source agreement shall prevail over conflicting terms in other documents in the order of precedence, unless by the terms of that underlying state term Contract or alternative Contract source agreement the "Customer" is explicitly authorized to vary the terms to the State's detriment.

1.7. MyFloridaMarketPlace Transaction Fee

This Contract is **exempt from** the MyFloridaMarketPlace transaction fee.

2. STATEMENT OF WORK

The Network Service Provider shall perform all tasks and provide units of deliverables, including reports, findings, and drafts, as specified in this Contract. Unless otherwise provided in the procurement document or governing law, the Managing Entity reserves the right to increase or decrease the volume of services and to add tasks incidental or complimentary to the original scope of services. When such increase or decrease occurs, except where the method of payment is prescribed by law, compensation under **Section 3** will be equitably adjusted by the Managing Entity to the extent it prescribes a fixed price payment method or does not provide a method of payment for added tasks.

2.1. Scope of Work

The Scope of Work is described in Attachment I, Scope of Work.

2.2. SECTION INTENTIONALLY LEFT BLANK

2.3. Deliverables

The deliverables are described in Attachment I, Deliverables.

2.4. Performance Measures

To avoid Contract termination, the Network Service Provider's performance must meet the minimum acceptable level of performance set forth in Attachment I, Deliverables, regardless of any other performance measures in this Contract. During any period in which the Network Service Provider fails to meet these measures, regardless of any additional time allowed to correct performance deficiencies, the Managing Entity may delay or deny payment for deliverables and also apply financial consequences.

3. PAYMENT, INVOICE AND RELATED TERMS

The Managing Entity pays for services performed by the Network Service Provider during the service performance period of this Contract according to the terms and conditions of this Contract in an amount not to exceed this Contract Amount, subject to the availability of funds and satisfactory performance of all terms by the Network Service Provider. Except for advances, if any, provided for in this Contract, payment shall be made only upon written acceptance of all services by the Managing Entity per **3.1** and shall remain subject to subsequent audit or review to confirm Contract compliance. The State of Florida's performance and obligation to pay under this Contract is contingent upon an annual appropriation by the Legislature. Any costs or services paid for under any other Contract or from any other source are not eligible for payment under this Contract.

3.1. Prompt Payment and Vendor Ombudsman

Per §215.422, F.S., the Managing Entity has five business days to inspect and approve goods and services unless the bid specifications, purchase order, or this Contract elsewhere specifies otherwise. The Managing Entity determination of acceptable services shall be conclusive. The Managing Entity receipt of reports and other submissions by the Network Service Provider does not constitute acceptance thereof, which occurs

only through a separate and express act of the Contract Manager. For any amount that is authorized for payment but is not available within 40 days, measured from the latter of the date a properly completed invoice is received by the Managing Entity or the goods or services are received, inspected, and approved (or within 35 days after the date eligibility for payment of a health care provider is determined), a separate interest penalty as described in §215.422, F.S., will be due and payable in addition to the amount authorized for payment. Interest penalties less than one dollar will not be paid unless the Network Service Provider requests payment. A Vendor Ombudsman has been established within the Department of Financial Services and may be contacted at (850) 413-5516.

3.2. Method of Payment

The Network Service Provider shall be paid in accordance with Attachment I, Method of Payment.

3.3. Invoices

- 3.3.1.** The Network Service Provider shall submit invoices for payment, including any permitted travel expenses in this Contract, in accordance with §287.058(1)(a) – (b), F.S.
- 3.3.2.** The Managing Entity will not pay any invoice for payment received more than 30 days after this Contract ends or is terminated. Any payment due may be withheld until performance of services and a Contract ends or is terminated. Any payment due may be withheld until performance of services and all reports due from the Network Service Provider and necessary adjustments thereto, have been approved by the Managing Entity. **Requirements for the Final Invoice are further described in Attachment I, Invoice Requirements.**
 - a.** The Network Service Provider shall submit service data for fees or other compensation for services or expenses in sufficient detail for proper pre-audit and post-audit. Where itemized payment for travel expenses is permitted in this Contract, the Network Service Provider shall submit bills for any travel expenses in accordance with §112.061, Fla. Stat., or at such lower rates as may be provided in this Contract. The Network Service Provider is required to submit monthly service data into the Managing Entity's data system no later than the eighth (8th) of each month following the month of when the services were rendered as identified and set forth in Attachment I, Invoice Requirements.
 - b.** In the event that the Managing Entity has funds remaining after paying the annual contract amount outlined in the current year's Exhibit H – Funding Detail and/or there are available funds in the Network, and the Network Service Provider has delivered additional units of service in accordance with the terms and conditions of this contract for which the Network Service Provider has not been paid, the Managing Entity may, in its sole discretion, pay the Network Service Provider for some or all of the additional units of service entered into the Managing Entity's data system by the Network Service Provider.

3.4. Financial Consequences

If the Network Service Provider fails to perform in accordance with this Contract or perform the minimum level of service required by this Contract, the Managing Entity will apply, at a minimum, financial consequences under §§287.058(1)(h) and 215.971(1)(c), F.S., as well as those provided for in **6.1. Other financial consequences directly related to the deliverables under this Contract are defined in Attachment I, Deliverables.** The foregoing does not limit the Managing Entity's use of additional financial consequences, including refusing payment, withholding payments until deficiency is cured, tendering only partial payments, applying payment adjustments for additional financial consequences or for liquidated damages to the extent that this Contract so provides, or termination of this Contract per **6.2** and requisition of services from an

alternate source. Any payment made in reliance on the Provider's evidence of performance, which evidence is subsequently determined erroneous, is immediately due as an overpayment in accordance with **3.5**, to the extent of such an error.

3.5. Overpayments and Offsets

The Network Service Provider shall return erroneous payments, overpayments, or payments disallowed by this Contract (including payments made for services subsequently determined by the Managing Entity to not be in full compliance with this Contract's requirements) or law, including interest at a rate established per §55.03(1), F.S., within 40 days after discovery by the Network Service Provider, audit, or the Managing Entity. The Managing Entity and/or Department may recover against such payments by deduction from subsequent payments under this or any other Contract with the Network Service Provider, or any other lawful method. If this Contract involves federal or state financial assistance, the following applies: The Network Service Provider shall return to the Managing Entity unused funds, accrued interest earned, and unmatched grant funds, as detailed in the Final Financial Report, within 60 days of the End Date.

3.6. Rural Opportunities

If the Network Service Provider is a county or municipality that is a rural community or rural area of opportunity as those terms are defined in §288.0656(2), F.S., the payment of submitted invoices may be issued for verified and eligible performance that has been completed in accordance with the terms and conditions set forth in this Contract to the extent that federal or state law, rule, or other regulation allows such payments. Upon meeting the criteria, the Network Service Provider may elect in writing to exercise this provision as defined in §215.971(1)(h), F.S.

4. GENERAL TERMS AND CONDITIONS GOVERNING PERFORMANCE

4.1. Legal Compliance

- 4.1.1.** The Network Service Provider shall comply with, and ensure its subcontractors, subgrantees, and others it arranges to provide deliverables comply with:
 - 4.1.1.1.** Applicable laws, rules, ordinances, certifications, and licensing requirements, and the Department's Children and Families Operating Procedures (CFOP);
 - 4.1.1.2.** Department of Financial Services' (DFS) "Reference Guide for State Expenditures" and active DFS Comptroller or Chief Financial Officer Memoranda. If this Contract is funded by state financial assistance, those funds may only be used for allowable costs between the Effective Date and the End Date. Absent the Managing Entity's authorization, unused state financial assistance funds must be returned to the Managing Entity;
 - 4.1.1.3.** Support for individuals with a disability or with limited English proficiency. The Network Service Provider and its subcontractors shall comply with CFOP 60-16, located at: <https://www.myflfamilies.com/resources/policies-procedures/cfop-060-human-resources>, which includes completing the Civil Rights Compliance Checklist, (Form CF 946) within 30 days of the Effective Date and annually by the date specified in CFOP 60-16, thereafter;
 - 4.1.1.4.** For Nutritional Programs and Activities funded through the Department's Office of Economic Self-Sufficiency, the Network Service Provider and its subcontractors shall also comply with USDA Food & Nutrition Service Instruction FNS-113-1 to ensure civil rights compliance and prohibit discrimination in nutrition programs and activities;
 - 4.1.1.5.** Funds provided under this Contract for the purchase of or improvements to real property are contingent upon the Network Service Provider granting the State a

security interest in the property at least to the amount of the State funds provided for at least five years from the date of purchase or the completion of the improvements or as further required by law. As a condition of receipt of funds for this purpose, if the Network Service Provider disposes of the property before the State's interest is vacated, the Network Service Provider shall refund the pro-rata share of the State's initial investment [(initial investment) x (length of time from purchase to disposal/the term of the security interest)]; and

4.1.1.6. If the Network Service Provider has one or more Contracts for services with the Agency for Persons with Disabilities, or the Departments of Health, Elderly Affairs, or Veteran's Affairs, the Network Service Provider shall provide the following by Notice on each of those Contracts:

- 4.1.1.6.1.** The name of the issuing state agency and the applicable office or program;
- 4.1.1.6.2.** Identifying name and number;
- 4.1.1.6.3.** Starting and ending date;
- 4.1.1.6.4.** Total dollar amount;
- 4.1.1.6.5.** Purpose and the types of services provided; and
- 4.1.1.6.6.** Name and contact information for the state agencies' Contract Manager.

4.2. Certifications and Attestations

4.2.1. Common Carrier. If the Network Service Provider is a common carrier or any of its subcontractors are a common carrier, the Provider and/or its subcontractors must complete an attestation (PUR 1808) as required by §908.111, F.S. and Rule 60A-1.020, F.A.C. A violation of the attestation by the Network Service Provider or subcontractor shall be grounds for termination with cause. Extensions, amendments, and renewals are subject to the requirements of §908.111, F.S.

4.2.2. Foreign Countries of Concern Prohibition. If the Network Service Provider has access to an individual's Personal Identifying Information as defined in Rule 60A-1.020, F.A.C. and §501.171, F.S. the Network Service Provider and/or its subcontractors must complete an attestation (PUR 1355) as required by §287.138, F.S. and Rule 60A-1.020, F.A.C. A violation by the Network Service Provider or subcontractor shall be grounds for consequences as provided in §287.138, F.S. Extensions and renewals are subject to the requirements of §287.138, F.S.

4.2.3. Sudan, Iran, Cuba, Syria, and Israel Certifications. Where applicable, in compliance with §287.135(5), F.S., the Network Service Provider certifies the Network Service Provider is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in Iran Terrorism Sectors List and that it does not have business operations in Cuba or Syria, and is not participating in a boycott of Israel.

4.2.4. Certification Regarding Lobbying. If this Contract contains Federal funding in excess of \$100,000, the Network Service Provider certifies clauses **4.2.4.1 – 4.2.4.3**. If an Amendment to this Contract causes the Federal funding to exceed \$100,000, the Network Service Provider must, prior to amendment execution, complete the Certification Regarding Lobbying form, and return it to the Network Manager.

4.2.4.1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal Contract, the making of any Federal grant, the making of

any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal Contract, grant, loan, or cooperative agreement.

- 4.2.4.2.** If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal Contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- 4.2.4.3.** The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and Contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

4.3. Use of Funds for Lobbying Prohibited

Contract funds are not used for lobbying the Legislature, the judicial branch, or a State Agency. §§11.062 and 216.347, F.S.

4.4. Use of Funds for Diversity, Equity, and Inclusion Prohibited

No State funding under this Contract is being provided for, promoting, advocating for, or providing training or education on "Diversity, Equity, and Inclusion" (DEI). DEI is any program, activity, or policy that classifies individuals on the basis of race, color, sex, national origin, gender identity, or sexual orientation and promotes differential or preferential treatment of individuals on the basis of such classification, or promotes the position that a group or an individual's action is inherently, unconsciously, or implicitly biased on the basis of such classification.

4.5. Coercion for Labor or Services Prohibited

In accordance with §787.06(13), F.S., under penalty of perjury, the Network Service Provider's duly authorized official and signatory hereof, declares the Network Service Provider does not use coercion for labor or services as those terms are defined in §787.06(2), F.S.

4.6. Independent Contractor, Subcontracting, and Assignments.

- 4.6.1.** In performing its obligations under this Contract, the Network Service Provider is an independent Contractor and not an officer, employee, or agent of the Managing Entity or the State of Florida, except where the Network Service Provider is a State Agency. The Network Service Provider, its agents, employees, subcontractors or assignees shall not represent to others they are agents of or have the authority to bind by virtue of this Contract, unless specifically authorized in writing to do so. This Contract does not create any right in any individual to State retirement, leave benefits or any other benefits of State employees due to performing the duties or obligations of this Contract.
- 4.6.2.** The Managing Entity will not furnish services of support (e.g., office space, office supplies, telephone service, secretarial, or clerical support) to the Network Service Provider, or its subcontractor or assignee, unless specifically agreed to by the Managing Entity in this Contract. All deductions for social security, withholding taxes, income taxes, contributions to unemployment compensation funds and all necessary insurance for the Network Service Provider, the Network Service Provider's officers, employees, agents, subcontractors, or

assignees are the sole responsibility of the Network Service Provider and its subcontractors. No joint employment is intended and regardless of any provision directing the manner of provision of services, the Network Service Provider and its subcontractors alone are responsible for the supervision, control, hiring and firing, rates of pay and terms and conditions of employment of their own employees.

4.6.3. The Network Service Provider shall not assign its responsibilities under this Contract to another party, in whole or in part, without prior written approval of the Managing Entity. Such assignment occurring without prior approval of the Managing Entity shall be null and void.

4.6.4. The State of Florida may assign, in whole or part, its rights, duties, or obligations under this Contract to another governmental agency in the State of Florida or to a Network Service Provider of the Managing Entity's selection.

4.6.5. Additional Terms if Subcontracting is Permitted

4.6.5.1. The Network Service Provider cannot subcontract for any of the work contemplated under this Contract without the Managing Entity's prior written approval. The Network Service Provider shall take all actions necessary to ensure each subcontractor of the Network Service Provider is an independent Contractor and not an officer, employee, or agent of the Managing Entity or State of Florida.

4.6.5.2. The Network Service Provider is responsible for all work performed and for all commodities produced pursuant to this Contract whether actually furnished by the Network Service Provider or by its subcontractors. Any subcontracts shall be evidenced by a written document. The Network Service Provider further agrees that the Managing Entity and/or Department shall not be liable to the subcontractor in any way or for any reason relating to this Contract.

4.6.5.3. The Network Service Provider shall include the substance of all clauses contained in this Contract relevant to subcontractor compliance in all subcontracts and any sub-subcontracts.

4.7. Indemnity

4.7.1. This is the sole term covering indemnification. No other indemnification clause applies to this Contract. The Network Service Provider shall indemnify the Managing Entity and/or Department, where indemnification is not limited by law, as follows:

4.7.1.1. Personal Injury and Damage to Real or Tangible Personal Property. The Network Service Provider shall be fully liable, and fully indemnify, defend, and hold harmless the State, the Department, Managing Entity, and their officers, agents and employees, from any suits, actions, damages, attorneys' fees, and costs of every name and description, arising from or relating to personal injury and damage to real or personal tangible property allegedly caused in whole or in part by the Network Service Provider, provided however, the Network Service Provider need not indemnify, defend and hold harmless the State, Department, Managing Entity, for that portion of any loss or damages proximately caused by the negligent act or omission of the State, Department, Managing Entity, and their officers, agents, and employees. However, should conflict arise between the terms of this agreement and §§39.011, 394.9085, and 409.993, F.S., these statutory provisions control.

4.7.1.2. Intellectual Property Liability. The Network Service Provider shall fully indemnify, defend, and hold harmless the State, the Department, Managing Entity, and their officers, agents, and employees from any suits, actions, damages, attorneys' fees, and costs of every name and description, arising from or relating to violation or infringement of a trademark, copyright, patent, trade dress, trade secret or other intellectual property right. This intellectual property liability indemnification obligation will not apply to the Managing Entity and/or

Department's misuse or modification of the Network Service Provider's products or the Managing Entity and/or Department's operation or use of the Network Service Providers' products in a manner not contemplated by this Contract. If any product is the subject of an infringement suit, or in the Network Service Provider's opinion, is likely to become the subject of such a suit, the Network Service Provider shall, at its sole expense, procure for the Managing Entity the right to continue using the product or to modify it to become non-infringing. If the Network Service Provider is not reasonably able to modify or otherwise secure the Managing Entity the right to continue using the product, the Network Service Provider shall remove the product and refund the Managing Entity the amounts paid more than a reasonable rental for past use. The State, the Department, and Managing Entity will not be liable for any royalties, or licensing fees, not including in this Contract.

4.7.1.3. Actions Related to this Contract. The Network Service Provider shall fully indemnify, defend, and hold harmless the State, the Department, Managing Entity, and their officers, employees, and agents from any suits, actions, damages, fines, claims, assessments, attorney's fees, and costs of every name and description, arising from or relating to any acts, actions, breaches, neglect, or omissions of the Network Service Provider related to this Contract, as well as for any determination arising out of or relating to this Contract that the Network Service Provider is not an independent Contractor vis-à-vis the Managing Entity.

4.7.2. Subcontracts. The Network Service Provider shall include in all subcontracts and ensure all resulting Contracts include the requirement that such resulting Contractors indemnify, defend, and hold harmless the State and the Department, Managing Entity and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including any and all attorney's fees, arising from or relating to any alleged act or omission by subcontractors, their officers, employees, agents, partners, subcontractors, assignees, or delegees alleged caused in whole or in part by Contracted entities, their agents, employees, partners or subcontractors; provided, however, that Contracted entities will not indemnify for that portion of any loss or damages proximately caused by the negligent acts or omissions of the Managing Entity and/or Department. The Network Service Provider shall indemnify, defend, and hold harmless the Managing Entity, State and the Department from the consequences of such a breach.

4.7.3. The indemnification requirement in **4.7.1** does not apply if the Network Service Provider is a governmental entity, prohibited by law, or constrained by lack of legal authority, from indemnifying the Managing Entity, the State, the Department, or other party. In such instances, the Network Service Provider remains liable for the Network Service Provider's own actions to the extent such liability exists in the absence of the legally impermissible indemnification.

4.7.4. Nothing in this Contract constitutes a waiver of sovereign immunity or consent by the Managing Entity, Department, or the State, or its subdivisions to suit by third parties or an agreement by the Managing Entity, the Department, the State, or its subdivisions to indemnify any person.

4.8. Insurance.

4.8.1. Workers' Compensation Insurance (WCI). To the extent and degree required by law, the Network Service Provider shall self-insure or maintain WCI covering its employees connected with the services provided hereby. The Network Service Provider shall require subcontractors provide WCI for its employees absent coverage by the Network Service Provider's WCI.

4.8.2. General Liability Insurance. The Network Service Provider shall secure and maintain, and ensure subcontractors secure and maintain, Commercial General Liability Insurance, including bodily injury, property damage, personal and advertising injury, and products and

completed operations. This insurance will provide coverage for all claims that may arise from the services completed under this Contract, whether such services are by the Network Service Provider or anyone employed by it. Such insurance shall include the State as an additional insured for the entire length of this Contract. The Network Service Provider shall set the limits of liability necessary to provide reasonable financial protections to the Network Service Provider, the Managing Entity, Department, and the State under this Contract. **Insurance coverage and limits are described in Attachment I, Insurance Requirement.**

4.8.3. Cyber/Network Security and Privacy Liability Insurance. The Network Service Provider will, for itself if providing Cyber/Network solutions or handling confidential information, secure and maintain, and ensure any subcontractor providing Cyber/Network solutions or handling confidential information, secure and maintain liability insurance, written on an occurrence basis, covering civil, regulatory, and statutory damages; Contractual damages; data breach management exposure; and any loss of income or extra expense as a result of actual or alleged breach, violation or infringement of right to privacy, consumer data protection law, confidentiality or other legal protection for personal information with minimum limits. The Network Service Provider shall set the limits of liability necessary to provide reasonable financial protections to the Network Service Provider, the Managing Entity, Department and the State under this Contract.

4.8.4. Authorized Insurers and Documentation. All insurance policies will be with insurers authorized, and through insurance agents licensed, to transact business in the State, as required by chapter 624, F.S., or upon approval of the Managing Entity with a commercial self-insurance trust fund authorized under §624.462, F.S. The Network Service Provider shall provide 30 calendar days written notice of cancellation of any insurance required by 4.8 to the Managing Entity. The Network Service Provider shall submit certificates of insurance coverage, or other evidence of insurance coverage acceptable to the Managing Entity, prior to this Contract execution, and provide the Managing Entity 10 days prior Notice of any cancellation or nonrenewal.

4.9. Notice of Legal Actions.

The Network Service Provider shall Notice the Managing Entity within 10 days after becoming aware of potential legal upon notice of actual legal actions against the Network Service Provider related to services provided by this Contract, that may impact deliverables or the Managing Entity.

4.10. Intellectual Property Transition Activities. When services that are the subject of the Contract continue through another provider, or the Managing Entity, after the End Date, the Network Service Provider shall, without additional compensation, complete all actions necessary to smoothly transition service to the new provider. This includes the transfer of relevant data and files, as well as property funded or provided pursuant to this Contract. The Network Service Provider shall be required to support an orderly transition to the next provider, or the Managing Entity, no later than the End Date and shall support the requirements for transition as specified in the Managing Entity approved Transition Plan, which shall be develop a consultation with the Managing Entity. **Requirements for the Transition Plan are further described in Attachment I, Data Collection, Reporting, and Analysis.**

4.11. Publicity.

The Network Service Provider and its employees, agents, and representatives shall not, without prior written consent of the Managing Entity in each instance, use in advertising, publicity or any other promotional endeavor any State mark, the name of the State's mark, the name of the State or any State agency or affiliate or any officer or employee of the State, or any State program or service, or represent, directly or indirectly, that any product or service provided by the Network Service Provider has been approved or endorsed by the State, or refer to the existence of this Contract in press

releases, advertising or materials distributed to the Network Service Provider's prospective customers.

4.12. Sponsorship.

As required by §286.25, Fla. Stat., if the Network Service Provider is a non-governmental organization which sponsors a program financed wholly or in part by State funds, including any funds obtained through this Contract, it shall, in publicizing, advertising, or describing the sponsorship of the program state: "Sponsored by (Network Service Provider's name), LSF Health Systems, and State of Florida, Department of Children and Families." If the sponsorship reference is in written material, the words "LSF Health Systems, and State of Florida, Department of Children and Families" shall appear in at least the same size letters or type as the name of the organization.

4.13. Employee Gifts.

The Network Service Provider agrees it shall not offer to give or give any gift to any Managing Entity and/or Department employee during the service performance period of this Contract and or two years thereafter. In addition to any other remedies available to the Managing Entity, any violation of this provision will result in a referral of the Network Service Provider's name and description of the violation of this term to the Department of Management Services for the potential inclusion of the Network Service Provider's name on the suspended vendors list for an appropriate period. The Network Service Provider shall ensure that its subcontractors comply with these provisions.

4.14. Mandatory Reporting Requirements.

The Network Service Provider and any subcontractor must comply with and inform its employees of the following mandatory reporting requirements. Each employee of the Network Service Provider, and of any subcontractor, providing services in connection with this Contract who has any knowledge of a reportable incident shall report such incident as follows:

4.14.1. A reportable incident is defined in CFOP 180-4.

4.14.2. Reportable incidents that may involve an immediate or impending impact on the health or safety of a client shall be immediately reported to the Department's Office of Inspector General and the Network Manager.

4.14.3. Other reportable incidents shall be reported to the Department's Office of Inspector General within two business days of discovery through the Internet at: <https://www.myflfamilies.com/about/additional-services-offices/office-inspectorgeneral/investigations/inspector-general> or by completing a Notification/Investigation Request (Form CF 1934) and emailing the request to the Office of Inspector General at IG.Complaints@myflfamilies.com. The Network Service Provider and subcontractor shall mail or fax the completed forms to the Managing Entity and the Department of Children and Families, Office of Inspector General, The Center, 2415 Monroe Street, Suite 400 - I, Tallahassee, Florida, 32303-4190; or via fax at (850) 488-1428.

4.15. Employment Screening.

4.15.1. As described in CFOP 60-25, Chapter 2 (implementing §110.1127, F.S.), as a condition of initial and continued employment, the Network Service Provider shall ensure all staff, whether employees or independent Contractors, are screened by the Department in accordance with chapter 435, F.S., are of good moral character and meet the Level 2 Employment Screening standards in §§435.04, 110.1127, and 39.001(2), F.S., including:

4.15.1.1. Employment history check;

4.15.1.2. Fingerprinting for all criminal record checks;

4.15.1.3. Statewide criminal and juvenile delinquency records checks through the Florida Department of Law Enforcement (FDLE);

- 4.15.1.4.** Federal criminal records checks from the Federal Bureau of Investigations via the FDLE; and
 - 4.15.1.5.** Security background investigation, which may include local criminal records checks through local law enforcement agencies.
 - 4.15.1.6.** Attestation by each employee, subject to penalty, to meeting the requirements for qualifying for employment pursuant to chapter 435, F.S., and agreeing to inform the employer immediately if arrested for any of the disqualifying offenses while employed by the employer.
 - 4.15.2.** The Network Service Provider shall sign the Florida Department of Children and Families Employment Screening Affidavit each State fiscal year (no two such affidavits shall be signed more than 13 months apart) for the term of the Contract stating that all required staff have been screened or the Network Service Providers is awaiting the results of the screening.
 - 4.15.3.** The Managing Entity requires the use of the Office of Inspector General's Request for Reference Check (Form CF 774), stating: "As part of the screening of an applicant being considered for appointment to a career service, selected exempt service, senior management, or OPS position with the Managing Entity, Department of Children and Families (Department) or employed with a Contract or Subcontract Network Service Provider, a check with the Office of Inspector General (OIG) is required to determine if the individual is or has been the subject of an investigation with the OIG. The request will only be made on the individual that is being recommended to be hired for the position, if that individual has previously worked for the Managing Entity, Department or a Contract or Subcontract Network Service Provider, or if that individual is being promoted transferred, or demoted within the Managing Entity and/or Department Contract or Subcontract Network Service Provider."
- a.** Additional guidance regarding background screening is incorporated herein by reference and may be located at: www.dcf.state.fl.us/programs/backgroundscreening/
- b.** Employment Eligibility Verification (E-Verify) requirements are identified and set for in Attachment I, Employment Eligibility Verification (E-Verify).

Any human subject research within this Contract within the scope of 45 Code Federal Regulations (CFR), Part 46, and 42 United States Code (U.S.C.) § 289, et seq., and may not commence until review and approval by a duly constituted Institutional Review Board.

5.1. Records, Retention, Audits, Inspections and Investigations

- 5.1.2.** Retention of all client records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this Contract shall be maintained by the Network Service Provider during the term of this Contract and retained for a period of six (6) years after completion of the Contract or longer when required by law. In the event an audit is required under this Contract, records shall be retained for a minimum period of six (6) years after the audit report is issued or until resolution of any audit findings

or litigation based on the terms of this Contract, at no additional cost to the Managing Entity and/or the Department.

- 5.1.3. At all reasonable times for as long as records are maintained, persons duly authorized by the Managing Entity, the Department, and Federal auditors, pursuant to 2 CFR §200.337, shall be allowed full access to and the right to examine any of the Network Service Provider's Contracts and related records and documents, regardless of the form.
- 5.1.4. A financial and compliance audit shall be provided to the Managing Entity as specified in this Contract **and in Attachment III**.
- 5.1.5. The Network Service Provider shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (§20.055, F.S.).
- 5.1.6. The Network Service Provider shall not withhold any record or attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record.

5.2. The Network Service Provider's Confidential Information

- 5.2.1. By executing this Contract, the Network Service Provider acknowledges that, having been provided an opportunity to review all provisions hereof, all provisions of this Contract not specifically identified in writing by the Network Service Provider prior to execution hereof as "confidential" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to §215.985, F.S. The Network Service Provider, upon written request of the Managing Entity and/or Department, shall promptly provide a written statement of the basis for the exemption applicable to each provision identified by the Network Service Provider as "confidential", including citation to a protection created by statute, and state with particularity the reasons the provision is confidential.
- 5.2.2. Any claim by the Network Service Provider of trade secret confidentiality for any information contained in the Network Service Provider's documents (reports, deliverables or workpapers, etc., in paper or electronic form) submitted to the Managing Entity in connection with this Contract will be waived, unless the claimed confidential information is submitted in accordance with the following standards:
 - 5.2.2.1. The Network Service Provider must clearly label any portion of the documents, data, or records submitted it considers confidential pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts authorizing exemption of the information from public disclosure. If different statutes or facts are claimed applicable to different portions of the information, the Network Service Provider shall include information correlating the nature of the claims to the particular information.
 - 5.2.2.2. The Managing Entity, when required to comply with a public records request including documents submitted by the Network Service Provider, may require the Network Service Provider to expeditiously submit redacted copies of documents marked as trade secret, in accordance with 5.2.2.1. Accompanying the submission shall be an updated version of the justification under 5.2.2.1, corresponding specifically to redacted information, either confirming the statutory and factual basis originally asserted remains unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions claimed trade secret. If the Network Service Provider fails to promptly submit a redacted copy, the Managing Entity is authorized to produce the records sought without any redaction of trade secret information.

- 5.2.3.** The Network Service Provider shall be responsible for defending its claims that every portion of the redactions of trade secret information are exempt from inspection and copying under Florida's Public Records Law.

5.3. Health Insurance Portability and Accountability Act (HIPAA)

Should this Contract involve Network Service Provider access to protected health information (PHI) the Network Service Provider shall be a "Business Associate" limited to the following permissible uses and disclosures. Reference to a section in the HIPAA Rules means the section as in effect or as amended. The Network Service Provider shall assist the Managing Entity and/or Department in amending this Contract to maintain compliance with HIPAA Rules and any other applicable law requirements. Any ambiguity in **5.3** will be interpreted to permit compliance with the HIPAA Rules. Within the Department, the Human Resources Manager for Civil Rights has been designated the HIPAA Privacy Officer.

- 5.3.1. Catch-all Definitions.** The following terms as used in **5.3** have the same meaning as those terms in the HIPAA Rules: Breach, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of Privacy Practices, Protected Health Information, Required by Law, Security Incident, Unsecured Protected Health Information, and Use.

5.3.2. Specific Definitions for 5.3

- 5.3.2.1.** "Business Associate" has the same meaning as the term "business associate" at 45 CFR §160.103.
- 5.3.2.2.** "Covered Entity" has the same meaning as the term "covered entity" at 45 CFR 160.103, and for purposes of this Contract includes the Managing Entity and/or Department.
- 5.3.2.3.** HIPAA Rules" will mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Parts 160 and 164.
- 5.3.2.4.** "Subcontractor" has the same meaning as the term "Subcontractor" at 45 CFR §160.103 and includes individuals to whom a Business Associate delegates a function, activity, or service, other than as a member of the workforce of such Business Associate.

5.3.3. Obligations and Activities of the Network Service Provider

The Network Service Provider shall:

- 5.3.3.1.** Not use or disclose PHI except as permitted or required in by **5.3** or law;
- 5.3.3.2.** Use the appropriate administrative safeguards in 45 CFR §164.308, physical safeguards in 45 CFR §164.310, and technical safeguards in 45 CFR §164.312; including policies and procedures regarding the protection of PHI in 45 CFR §164.316 and the provisions of training on such policies and procedures to applicable employees, independent providers, and volunteers, that reasonably and appropriately protect the confidentiality, integrity, and availability of the PHI Network Service Provider may create, receive, maintain or transmit on the Managing Entity and Department's behalf;
- 5.3.3.3.** Acknowledge that the foregoing safeguards, policies and procedures requirements apply to the Network Service Provider in the same manner as such requirements apply to the Managing Entity and Department; and the Network Service Provider and Subcontractors are directly liable under the civil and criminal enforcement provisions of §§13409 and 13410 of the HITECH Act, 45 CFR §§164.500 and 164.502(E) of the Privacy Rule (42 U.S.C. 1320d-5 and 1320d-6), as amended, for failure to comply with the safeguards, policies and

procedures requirements and resulting U.S. Health and Human Services (HHS) guidance thereon;

- 5.3.3.4.** Report to the Managing Entity and Department any use or disclosure of PHI not permitted by **5.3**, including breaches of unsecured PHI as required at 45 CFR §164.410, and any security incident;
- 5.3.3.5.** Notify the Managing Entity and Department's HIPAA Security Officer, HIPAA Privacy Officer, and Contract Notify the Department's HIPAA Security Officer, HIPAA Privacy Officer, and Contract data of the Department; and
- 5.3.3.6.** Notify the Managing Entity and Department's HIPAA Privacy Officer and Contract Manager within 24 hours of Notify the Department's HIPAA Privacy Officer and Contract Manager within 24 hours of HIPAA;
- 5.3.3.7.** Provide additional information requested by the Managing Entity and/or the Department for investigation of or response to a breach;
- 5.3.3.8.** Provide at no cost: Notice to affected parties within 30 days of determination of any potential breach of personal or confidential data of the Managing Entity and/or Department (§501.171, F.S.); implementation of the Managing Entity and/or Department's prescribed measures to avoid or mitigate potential injury to any person due to a breach or potential breach of personal and confidential data of the Department; and, immediate actions limiting or avoiding recurrence of any breach or potential breach and any actions required by applicable federal and state laws and regulations regardless of the Managing Entity and/or Department's actions.
- 5.3.3.9.** In accord with 45 CFR §§164.502(e)(1)(ii) and 164.308(b)(2), as applicable, ensure all entities creating, receiving, maintaining, or transmitting PHI on the Network Service Provider's behalf are bound to the same restrictions, conditions, and requirements as the Network Service Provider by written Contract or other written agreement meeting the applicable requirements of 45 CFR §164.504(e)(2) that the entity will appropriately safeguard the PHI. For prior Contracts or other arrangements, the Network Service Provider shall provide written certification its implementation complies with 45 CFR §164.532(d);
- 5.3.3.10.** Make PHI available in a designated record set to the Managing Entity and/or Department as necessary to satisfy the Managing Entity's and/or Department's 45 CFR §164.524 obligations;
- 5.3.3.11.** Make any amendment to PHI in a designated record set as directed or agreed to by the Managing Entity and/or Department per 45 CFR §164.526, or take other measures as necessary to satisfy the Managing Entity's and/or Department's 45 CFR §164.526 obligations;
- 5.3.3.12.** Maintain and make available the information required to provide an accounting of disclosures to a covered entity as needed to satisfy the Managing Entity's and/or Department's 45 CFR §164.528 obligations;
- 5.3.3.13.** To the extent the Network Service Provider carries any obligation under 45 CFR Subpart E, comply with the requirements of Subpart E that apply to the Managing Entity in the performance of that obligation; and
- 5.3.3.14.** Make internal practices, books, and records available to HHS for determining HIPAA rule compliance.

5.3.4. Network Service Provider and its Subcontractors may only use or disclose PHI as listed below:

- 5.3.4.1.** To perform obligations under **5.3**;
- 5.3.4.2.** For archival purposes;

- 5.3.4.3.** If necessary, for (a) proper management and administration or (b) to carry out legal responsibilities;
- 5.3.4.4.** To disclose only if the disclosure is required by law; or (a) reasonable assurances are obtained from the disclose that PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed, and (b) the disclose agrees to notify the Network Service Provider of any instances in which the confidentiality and security of PHI has been breached;
- 5.3.4.5.** To aggregate with PHI of other covered entities in its possession through its capacity as a Business Associate of such covered entities only to provide Managing Entity data analyses relating to Managing Entity health care operations (as defined in 45 C.F.R. §164.501);
- 5.3.4.6.** To conform with 45 CFR §164.514(b) in de-identifying PHI; or
- 5.3.4.7.** follow marketing, fundraising and research guidance in 45 CFR §164.501, 45 CFR follow marketing, fundraising and research guidance in 45 CFR §164.501, 45 CFR.

5.3.5. Managing Entity and/or Department Notifications Affecting Network Service Provider Disclosure of PHI

The Managing Entity will notify the Network Service Provider, to the extent it may affect Network Service Provider's use or disclosure of PHI: of 45 CFR §164.520 limitations in the Notice of Privacy Practices; of changes in, or revocation of, an individual's permission to use or disclose PHI; or of any restriction on the use or disclosure of PHI information the Managing Entity has agreed to or is required to abide by under 45 CFR §164.522.

5.3.6. Termination Regarding PHI

5.3.6.1. Termination for Cause. Upon the Managing Entity's knowledge of a material breach of the Network Service Provider's duties under 5.3, the Managing Entity may: (a) Provide the Network Service Provider opportunity to cure the breach within the Managing Entity and/or Department's specified timeframe; (b) Immediately terminate Contract or discontinue access to PHI; or (c) If termination or cure are not feasible, the Managing Entity will report the breach to the Secretary of HHS.

5.3.6.2. Network Service Provider Obligations Upon Termination. Upon termination, the Network Service Provider, with respect to PHI received from the Managing Entity, or created, maintained, or received on behalf of the Managing Entity, will: (a) retain only PHI necessary to continue proper management and administration or to carry out legal responsibilities; (b) return PHI not addressed in (a) to the Managing Entity, or its designee; (c) upon the Managing Entity's permission, destroy PHI the Network Service Provider maintains in any form; (d) continue to use appropriate safeguards and comply with Subpart C of 45 CFR 164 with respect to electronic PHI to prevent use or disclosure of PHI, other than as provided for in (a) for retained PHI; (e) not use or disclose retained PHI other than for purposes for which PHI was retained and subject to the same conditions which applied prior to termination; and (f) comply with (b) and (c) when retained PHI is no longer needed under (a).

5.3.6.3. Obligations under **5.3.6.2** survive termination.

a. Training Requirements

- i. The Network Service Provider shall provide the latest Departmental DCF HIPAA Basics Training to all persons prior to granting access to the Managing Entity and/or Department's information systems or any client or other confidential information.

5.4. Information Security

The Network Service Provider shall comply, and be responsible for ensuring subcontractor compliance as if they were the Network Service Provider, with the following information security requirements whenever the Network Service Provider or its subcontractors have access to Managing Entity and/or Department information systems or maintain any client or other confidential information in electronic form:

- 5.4.1. The Network Service Provider shall designate an Information Security Officer competent to liaise with the Managing Entity and/or Department on security matters and maintain an appropriate level of information security for the Managing Entity and/or Department's information systems, or any client or other confidential information the Network Service Provider is collecting or using in the performance of this Contract. An appropriate level of security includes approving and tracking all who request or have access, through the Network Service Provider's access, to any Managing Entity and/or Department information systems or any client or other confidential information. The Information Security Officer will ensure that any access to the Managing Entity and/or Department information systems or any client or other confidential information is removed immediately upon such access no longer being required for Network Service Provider's performance under this Contract.
- 5.4.2. The Network Service Provider shall provide the latest Departmental Security Awareness Training to all persons prior to granting access to the Managing Entity and/or Department's information systems or any client or other confidential information. The Network Service Provider shall require all persons granted access to comply with, and be provided a copy of CFOP 50-2, and will sign the Department's Security Agreement (Form CF 0112) annually.
- 5.4.3. The Network Service Provider shall prevent unauthorized disclosure or access, from or to Managing Entity and/or Department information systems or client or other confidential information. Clients of other confidential information on systems and network capable devices shall be encrypted per CFOP 50-2. **The Network Service Provider shall require the same of all subcontractors.**
- 5.4.4. The Network Service Provider shall notify the Network Manager within 120 hours, following the determination of any potential or actual unauthorized disclosure or access to the Department's information systems or to any client or other confidential information. **The Network Service Provider shall require the same of all subcontractors.**
- 5.4.5. The Network Service Provider shall, at its own cost, comply with §501.171, F.S. The Network Service Provider shall also, at its own cost, implement measures deemed appropriate by the Managing Entity to avoid or mitigate potential injury to any person due to potential or actual unauthorized disclosure or access to Managing Entity and/or Department information systems or to any client or other confidential information. **The Network Service Provider shall require the same of all subcontractors.**
- 5.4.6. The Network Service Provider's confidentiality procedures shall be at least as protective as the most recent version of the Department's security policies and comply with any applicable professional confidentiality standards.

5.5. Public Records

- 5.5.1. The Network Service Provider shall allow public access to all documents, papers, letters, or other public records as defined in §119.011(12), F.S., made or received by the Network Service Provider in conjunction with this Contract except that public records which are made confidential by law must be protected from disclosure. Should the Network Service

Provider's fail to comply with this provision the Managing Entity may unilaterally terminate the Contract.

5.5.2. As required be §119.0701., F.S., to the extent the Network Service Provider is acting on behalf of the Managing Entity the Network Service Provider shall:

5.5.2.1. Maintain public records that ordinarily and necessarily would be required by the Managing Entity to perform the service.

5.5.2.2. Upon request from the Managing Entity's custodian of public records, provide to the Managing Entity a copy of requested records or allow the records inspected or copied within a reasonable time at a cost that does not exceed the cost provided in chapter 119, F.S., or as otherwise provided by law.

5.5.2.3. Ensure public records exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law during this Contract term and following completion of this Contract if the Network Service Provider does not transfer the records to the Managing Entity.

5.5.2.4. Upon completion of this Contract, transfer, at no cost, to the Managing Entity all public records in possession of the Network Service Provider or keep and maintain public records required by the Managing Entity to perform the service. If the Network Service Provider transfers all public records to the Managing Entity upon completion of this Contract, the Network Service Provider shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Network Service Provider keeps and maintains public records upon completion of this Contract, the Network Service Provider shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Managing Entity, upon request from the Managing Entity's custodian of public records, in a format compatible with the information technology systems of the Managing Entity.

5.5.3. IF THE PROVIDER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, F.S., TO THE PROVIDER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 850-487-1111, OR BY EMAIL AT DCFCustodian@MYFLFAMILIES.COM, OR BY MAIL AT: DEPARTMENT OF CHILDREN AND FAMILIES, 2415 NORTH MONROE STREET, TALLAHASSEE, FL 32303.

6. INSPECTIONS, PENALTIES, AND TERMINATION

6.1. Financial Penalties for Failure to Take Corrective Action.

6.1.1. In accordance with the provisions of §402.73(1), F.S., and Rule 65-29.001, F.A.C., should the Managing Entity require a corrective action to address noncompliance under this Contract, incremental penalties listed in **6.1.2** through **6.1.3** shall be imposed for the Network Service Provider's failure to achieve the corrective action. These penalties are cumulative and may be assessed upon each separate failure to comply with instructions from the Managing Entity to complete corrective action, but shall not exceed 10% of the total Contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made. These penalties do not limit or restrict the Managing Entity's application of any other remedy available to it under law or this Contract.

6.1.2. The increments of penalty imposition that shall apply, unless the Managing Entity determines that extenuating circumstances exist, shall be based upon the severity of the noncompliance, nonperformance, or unacceptable performance that generated the need for corrective action plan, in accordance with the following standards.

- 6.1.2.1.** Noncompliance that is determined by the Managing Entity to have a direct effect on client health and safety shall result in the imposition of a 10% penalty of the total Contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made.
 - 6.1.2.2.** Noncompliance involving the provision of service not having a direct effect on client health and safety shall result in the imposition of a 5% penalty.
 - 6.1.2.3.** Noncompliance as a result of unacceptable performance of administrative tasks shall result in the imposition of a 2% penalty.
- 6.1.3.** The deadline for payment shall be as stated in the Managing Entity order imposing financial penalties. Financial penalties will be deducted from the Network Service Provider invoice in the month following imposition.

- 6.2.1.** The Managing Entity may terminate this Contract without cause upon no less than 30 days' Notice in writing to the Network Service Provider unless another time is mutually agreed upon in writing.
- 6.2.2.** The Network Service Provider may terminate this Contract upon no less than 120 days' Notice in writing to the Managing Entity unless another time is mutually agreed upon in writing.
- 6.2.3.** In the event funds for payment pursuant to this Contract becomes unavailable, the Managing Entity may terminate this Contract upon no less than 24 hours' Notice in writing to the Network Service Provider. The Managing Entity is the final authority as to the availability and adequacy of funds.
- 6.2.4.** In the event the Network Service Provider fails to fully comply with the terms and conditions of this Contract, the Managing Entity may terminate the Contract upon no less than 24 hours' Notice to the Provider, excluding Saturday, Sunday, and Holidays. Such Notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, Notice of termination will be issued after the Network Service Provider's failure to fully cure such noncompliance within the time specified in a Notice of noncompliance issued by the Managing Entity and/or Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. The Managing Entity's failure to demand performance of any provision of this Contract shall not be deemed a waiver of such performance. The Managing Entity's waiver of any one breach of any provision of this Contract is a waiver of any other breach and neither event is a modification of the terms and conditions of this Contract. **6.2** does not limit the Managing Entity's right to legal or equitable remedies.
- 6.2.5.** Failure to have performed any Contractual obligations under any other Contract with the Managing Entity in a manner satisfactory to the Managing Entity shall be sufficient cause for termination. Termination shall be upon no less than 24 hours' Notice to the Network Service Provider and only if the Network Service Provider:
- 6.2.5.1.** Previously failed to satisfactorily perform in a Contract with the Managing Entity, was notified by the Managing Entity of the unsatisfactory performance, and failed to timely correct the unsatisfactory performance to the satisfaction of the Managing Entity; or
- 6.2.5.2.** Had any other Contract terminated by the Managing Entity for cause.

- 6.2.6.** In the event of termination under **6.2.1** or **6.2.3.**, the Network Service Provider shall be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.
- 6.2.7.** If this Contract is for an amount of \$1 million or more, the Managing Entity may terminate this Contract at any time the Network Service Provider is found to have falsely certified under §287.135, F.S., or been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Regardless of the amount of this Contract, the Managing Entity may terminate this Contract at any time the Network Service Provider is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

7. OTHER TERMS

7.1. Governing Law and Venue

This Contract is executed and entered into in the State of Florida, performed and enforced in all respects in accordance with Florida law, without regard to Florida provisions for conflict of laws. Courts of competent jurisdiction in Florida shall have exclusive jurisdiction in any action regarding this Contract and venue shall be in Leon County, Florida. Unless otherwise provided in other provision or amendment hereof, any amendment, extension or renewal (when authorized) may be executed in counterparts.

7.2. No Other Terms

There are no provisions, terms, conditions, or obligations other than those contained herein, and this Contract shall supersede all previous communications, representations, or agreements, either verbal or written between the parties. This Contract does not include any resulting invoice, website, "click through", online, or other agreement absent specific reference in this Contract and then only the version extant the date of the first Contract signature.

7.3. Interpretation, Severability of Terms

Contract terms are not more strictly construed against any party. If a term is struck by a court, the balance is voidable only by the Managing Entity.

7.4. Survival of Terms

Absent a provision expressly stating otherwise, provisions concerning obligations of the Network Service Provider and remedies available to the Managing Entity survive the End Date. The Network Service Provider's performance pursuant to such surviving provisions is without further payment.

7.5. Modifications

Modifications of provisions of this Contract are valid only when they have been reduced to writing and duly signed by both parties. The rate of payment and the total dollar amount may be adjusted retroactively to reflect price level increases and changes in the rate of payment when these have been established through the appropriations process and subsequently identified in the Managing Entity's operating budget and approved by the Department.

7.6. Anticompetitive Agreements

The Network Service Provider shall not offer, enter into nor enforce any formal or informal agreement with any person, firm or entity under which the parties agree to refrain from competing for any future service Contract or limit in any manner the ability of either party to obtain employment by or provide services to the Managing Entity or a provider of services to the Managing Entity.

7.7. SECTION INTENTIONALLY LEFT BLANK

7.8. Unauthorized Aliens.

- 7.8.1.** Unauthorized aliens shall not be employed. Employment of unauthorized aliens shall be cause for unilateral cancellation of this Contract by the Managing Entity for violation of §274A of the Immigration and Nationality Act. The Network Service Provider and its subcontractors will enroll in and use the E-Verify system established by the U.S. Department of Homeland Security to verify the employment eligibility of its employees and its subcontractors' employees performing under this Contract. Employees assigned to the Contract means all persons employed or assigned (including subcontractors) by the Network Service Provider or a subcontractor during the Contract term to perform work pursuant to this Contract within the United States and its territories.
- 7.8.2.** The Network Service Provider represents and warrants that no part of the funding under this Contract will be used in violation of any federal or state law, including, but not limited to, 8 U.S.C. §1324 or 8 U.S.C. §1325, or to aid or abet another in violating federal or state law. The Managing Entity may terminate this Contract at any time if the Network Service Provider violates, or aids or abets another in violating, any state or federal law.

7.9. Public Entity Crime and Discriminatory Contractors

Pursuant to §§287.133 and 287.134, F.S., the following restrictions are placed on the ability of persons placed on the convicted vendor list or the discriminatory vendor list. When a person or affiliate has been placed on the convicted vendor list following a conviction for a public entity crime, or an entity or affiliate has been placed on the discriminatory vendor list, such person, entity or affiliate may not submit a bid, proposal, or reply on a Contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a Contract with a public entity for the construction or the repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a Contractor, supplier, subcontractor, or consultant under a Contract with any public entity; and may not transact business with any public entity; provided, however, the prohibition on persons or affiliates placed on the convicted vendor list is limited to business in excess of the threshold amount provided in §287.017, F.S., for CATEGORY TWO for 36 months from the date of being placed on the convicted vendor list.

7.10. PRIDE

It is expressly understood and agreed that any articles which are the subject of, or required to carry out, this Contract shall be purchased from the corporation identified under chapter 946, F.S., in the same manner and under the same procedures set forth in §§946.515(2) and (4), F.S.; and for purposes of this Contract the person, firm, or other business entity carrying out the provisions of this Contract shall be deemed to be substituted for this agency insofar as dealings with such corporation are concerned.

7.11. Continuing Oversight Teams

The Network Service Provider shall comply with the provisions of §287.057(26), F.S., as applicable, establishing and governing conduct of Continuing Oversight Teams for Contracts of \$5 million or more.

7.12. Major Disasters and Emergencies

The Stafford Act allows federal assistance for major disasters and emergencies upon a declaration by the President. Upon the declaration, the Managing Entity and/or Department is authorized to apply for federal reimbursement from the Federal Emergency Management Agency (FEMA) to aid in response and recovery from a major disaster. The Network Service Provider shall request reimbursement for eligible expenses through the Department with payment subject to FEMA approval and reimbursement.

7.13. Executive Compensation Reporting

- 7.13.1.** Annually on or before May 1 Network Service Provider shall complete and return the Executive Compensation Annual Report (Form PCMT-08), located at: <https://www.myflfamilies.com/generalinformation/Contracted-client-services/library>

7.13.2. In accordance with §216.1366, F.S., if the Network Service Provider is a nonprofit as defined in §215.97(2)(m), F.S., the Network Service Provider must provide documentation to the Managing Entity and/or Department that indicates the amount of state funds:

7.13.2.1. Allocated to be used during the full term of the Contract for remuneration to any member of the board of directors or an officer of the Contractor.

7.13.2.2. Allocated under each payment by the public agency to be used for remuneration of any member of the board of directors or an officer of the Contractor. The documentation must indicate the amounts and recipients of the remuneration.

7.13.3. If the Network Service Provider maintains a website, information provided pursuant to **7.13.2** must be posted on the Network Service Provider's website.

7.14. Federal Whistleblower Requirements

Pursuant to §11(c) of the OSH Act of 1970 (29 USC §660(c)) and the subsequent federal laws expanding the act, the Network Service Provider is prohibited from discriminating against employees for exercising their rights under the OSH Act. Details of the OSH Act are located at: <http://www.whistleblowers.gov>.

7.15. Post-Award Notice Dissemination

If the Network Service Provider receives federal or state financial assistance, the Network Service Provider will receive a Post-Award Notice (PAN) from the Managing Entity, which will contain information required to meet the Managing Entity's obligations in accordance with 2 CFR Part 200, §215.97 F.S., and Rule 69I-5, F.A.C. Network Service Providers with subrecipients receiving federal or state financial assistance are required to derive from the PAN information required by the regulations cited in this clause, and properly disseminate to subrecipients of federal and state financial assistance funds. This requirement follows federal and state financial assistance to subrecipients at every tier.

7.16. Recycled Products

The Network Service Provider shall procure any recycled products or materials, which are the subject of or are required to carry out this Contract, in accordance with the provisions of §403.7065, F.S.

8. FEDERAL FUNDS APPLICABILITY

8.1. Federal Law

8.1.1. The Network Service Provider shall comply with Federal law and regulations including, 2 CFR, Part 200, and other applicable regulations.

8.1.2. If this Contract contains \$10,000 or more of Federal Funds, the Network Service Provider shall comply with Executive Order 11246, Equal Employment Opportunity, as amended by Executive Order 11375 and others, and as supplemented in 41 CFR, Part 60 if applicable.

8.1.3. If this Contract contains over \$150,000 of Federal Funds, the Network Service Provider shall comply with all applicable standards, orders, or regulations issued under §306 of the Clean Air Act, as amended (42 U.S.C. §7401 et seq.), §508 of the Federal Water Pollution Control Act, as amended (33 U.S.C. §1251 et seq.), Executive Order 11738, as amended and where applicable, and Environmental Protection Agency regulations (2 CFR, Part 1500). The Network Service Provider shall report any violations of the above to the Managing Entity.

8.1.4. If this Contract contains federal funds and provides services to children up to age 18, the Network Service Provider shall comply with the Pro-Children Act of 1994 (20 U.S.C. §6081 et seq). Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation or the imposition of an administrative compliance order on the responsible entity, or both.

8.1.5. If the Network Service Provider is a federal subrecipient or pass-through entity, then the Network Service Provider and its subcontractors who are federal subrecipients or pass-

through entities are subject to the following: A Contract award (see 2 CFR §180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines in 2 CFR, Part 180 that implement Executive Orders 12549 and 12689, "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

8.1.6. If the Network Service Provider is a federal subrecipient or pass through entity, the Network Service Provider and its subcontractors who are federal subrecipients or pass-through entities, must determine whether or not its subcontract are being awarded to a "Contractor" or a "subrecipient," as those terms are defined in 2 CFR, Part 200. If a Network Service Provider's subcontractor is determined to be a subrecipient, the Network Service Provider must ensure the subcontractor adheres to all the applicable requirements in 2 CFR, Part 200.

8.1.7. Drug Free Workplace. If the Network Service Provider is a subrecipient or pass-through entity of federal funds originating from HHS, the Network Service Provider must comply with drug-free workplace requirements in Subpart B (or Subpart C, if the recipient is an individual) of 2 CFR part 382, which adopts the governmentwide implementation (2 CFR Part 182) of sec. 5152-5158 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701-707).

9. CLIENT SERVICES APPLICABILITY

9.1. Client Risk Prevention.

If services to clients are to be provided under this Contract, the Network Service Provider and any Subcontractors shall, in accordance with the client risk prevention system, report those reportable situations listed in Department of Children and Families Operating Procedure (CFOP) 215-6 in the manner prescribed in CFOP 215-6 as identified and set forth in **Attachment I, Incident Reporting**. The Network Service Provider shall immediately report any knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled adult to the Florida Abuse Hotline on the statewide toll-free telephone number 1-800-96ABUSE (1-800-962-2873). As required by Chapters 39 and 415, F.S., this provision is binding upon both the Network Service Provider and its employees.

9.2. Emergency Preparedness Plan

If the tasks to be performed pursuant to this Contract include the physical care or supervision of clients, the Network Service Provider shall, within 30 days of the execution of this Contract, submit to the Network Manager an emergency preparedness plan which shall include provisions for records protection, alternative accommodations for clients in substitute care, supplies, and a recovery plan that shall allow the Network Service Provider to continue functioning in compliance with the executed Contract in the event of an actual emergency. For disaster planning, the term "supervision" includes a child who is under the jurisdiction of a dependency court. Children may remain in their homes, be placed in a non-licensed relative/non-relative home or be placed in a licensed foster care setting. No later than twelve (12) months following the Managing Entity's original acceptance of a plan and every twelve (12) months thereafter, the Network Service Provider shall submit a written certification that it has reviewed its plan, along with any modifications to the plan, or a statement that no modifications were found necessary. The Managing Entity agrees to respond in writing within 30 days of receipt of the original or updated plan, accepting, rejecting, or requesting modifications. In the event of an emergency, the Managing Entity may exercise oversight authority over such Network Service Provider in order to assure implementation of agreed emergency relief provisions.

9.3. Confidential Client and Other Information

The Network Service Provider shall maintain the confidentiality of all confidential data, files, and records related to deliverables and comply with all state and federal laws, including, §§471(a)(8) of

the Social Security Act, 106(b)(2)(B) of the Child Abuse Prevention and Treatment Act, 7 U.S.C. §2020(e)(8), 42 U.S.C. §602, 2 CFR §200.303, 2 CFR §200.337, 7 CFR §272.1(c), 42 CFR §§2.1-2.3, 42 CFR §§431.300-306, and 45 CFR §205. Summaries of Florida Statutes providing for confidentiality of this and other information are found in Part II of the Attorney General's Government in the Sunshine Manual.

10. PROPERTY

- 10.1.** The following only applies to this Contract if funded by state financial assistance.
- 10.2.** The word "property" in this section means equipment, fixtures, and other property of a nonconsumable and nonexpendable nature, the original acquisition cost or estimated fair market value of which is \$5,000 or more and the normal expected life of which is one year or more. This definition also includes hardback-covered bound books circulated to students or the general public, the original acquisition cost or estimated fair market value of which is \$25 or more, hardback-covered bound books, the cost or value of which is \$250 or more, and all computers. Each item of property which it is practicable to identify by marking will be marked in the manner required by the Auditor General. Each custodian will maintain an adequate record of property in his or her custody, which record will contain such information as will be required by the Auditor General. Once each year, on July 1 or as soon thereafter as is practicable, and whenever there is a change of custodian, each custodian will take an inventory of property in his or her custody. The inventory will be compared with the property record, and all discrepancies will be traced and reconciled. All publicly supported libraries will be exempt from marking hardback-covered bound books, as required by this section. The catalog and inventory control records maintained by each publicly supported library is the property record of hardback-covered bound books with a value or cost of \$25 or more included in each publicly supported library collection and is a perpetual inventory in lieu of an annual physical inventory. All books identified by these records as missing will be traced and reconciled, and the library inventory shall be adjusted accordingly.
- 10.3.** If any property is purchased by the Network Service Provider with funds provided by this Contract, the Network Service Provider will inventory all nonexpendable property including all computers. A copy of the inventory will be submitted to the Managing Entity along with the expenditure report for the period in which it was purchased. At least annually the Network Service Provider will submit a complete inventory of all such property to the Managing Entity whether new purchases have been made or not.
- 10.4.** The inventory will include: the identification number; year and/or model, a description of the property, its use and condition; current location; the name of the property custodian; class code (use state standard codes for capital assets); if a group, record the number and description of the components making up the group; name, make, or manufacturer; serial number(s), if any, and if an automobile, the Vehicle Identification Number (VIN) and certificate number; acquisition date; original acquisition cost; funding source; and, information needed to calculate the federal and/or state share of its cost.
- 10.5.** The Network Manager must provide disposition instructions to the Network Service Provider prior to the End Date. The Network Service Provider cannot dispose of any property reverting to the Department without the Network Manager's approval. The Network Service Provider will furnish a closeout inventory no later than 30 days before the completion or termination of this Contract. The closeout inventory will include all nonexpendable property including all computers purchased by the Network Service Provider. The closeout inventory will contain the same information required by the annual inventory.
- 10.6.** The Network Service Provider hereby agrees all inventories required by this Contract will be current and accurate and reflect the date of the inventory. If the original acquisition cost of a property item is not available at the time of inventory, an estimated value will be agreed upon by both the Network Service Provider and the Managing Entity and will be used in place of the original acquisition cost.

- 10.7.** Title (ownership) to and possession of all property purchased by the Network Service Provider pursuant to this Contract vests in the Managing Entity upon completion or termination of this Contract. During the term of this Contract, the Network Service Provider is responsible for insuring all property purchased by or transferred to the Network Service Provider is in good working order. The Network Service Provider hereby agrees to pay the cost of transferring title to and possession of any property for which ownership is evidenced by a certificate of title. The Network Service Provider is responsible for repaying to the Managing Entity, the replacement cost of any property inventoried and not transferred to the Department upon completion or termination of this Contract. When property transfers from the Network Service Provider to the Managing Entity, the Network Service Provider is responsible for paying for the title transfer.
- 10.8.** If the Network Service Provider replaces or disposes of property purchased by the Network Service Provider pursuant to this Contract, the Network Service Provider is required to provide accurate and complete information pertaining to replacement or disposition of the property as required on the Network Service Provider's annual inventory.
- 10.9.** The Network Service Provider will indemnify the Managing Entity against any claim or loss arising out of the operation of any motor vehicle purchased by or transferred to the Provider pursuant to this Contract.
- 10.10.** An amendment is required prior to the purchase of any property item not specifically listed in the approved budget.

11. AMENDMENT IMPACT

Any amendment replacing or deleting this page will not affect the below execution.

Managing Entity Contract with The Department. The Contract between the Managing Entity, LSF Health Systems, and The Department is incorporated herein by reference. The Contract is available on the LSF Health Systems' website: <https://www.myflfamilies.com/services/substance-abuse-and-mental-health/samh-providers/managing-entities>.

By Signing this Contract, the parties agree that they have read and agree to the entire Contract, as described in 1.6.

IN WITNESS THEREOF, the parties hereto have caused this eighty-nine page Contract to be executed by their undersigned officials as duly authorized.

ATTACHMENT I

A. Services to Be Provided

1. Definition of Terms

a. Program and Service Specific Terms

Unless specifically defined in this contract, definitions for terms used in this document can be found in the Department's **Exhibit A1 - Program and Service Specific Terms**, which is incorporated herein by reference and may be located using the following link for the appropriate fiscal year:

<https://www.myflfamilies.com/services/substance-abuse-and-mental-health/samh-providers/managing-entities>

b. Program/Service Specific Terms

- (1) **Acute Care Services Utilization Database (ACSU).** Defined pursuant to §394.9082(10), Fla. Stat.
- (2) **Behavioral Health Network (BNet).** A statewide network of providers of Behavioral Health Services that serve children with mental health or substance use disorders, who are ineligible for Medicaid, and are determined eligible for Title XXI of the United States Public Health Services Act.
- (3) **Behavioral Health Services.** Substance Abuse and Mental Health (SAMH) Services defined pursuant to §394.9082(2)(a), F.S.
- (4) **Bed Count.** The Network Service Provider's daily census, which reflects the number of beds occupied and the number of beds vacant.
- (5) **Block Grants.** The Community Mental Health Services (CMHS) Block Grant, pursuant to 42 U.S.C. § 300x, et. seq. and the Substance Abuse Prevention and Treatment Recovery Services (SUPTRS) block grant, pursuant to 42 U.S.C. § 300x-21, et. seq.
- (6) **Community Prevention.** Strategies and activities aimed at changing community conditions related to substance abuse. It is aimed at larger universal populations and selected sub-populations, does not track specific individuals and includes environmental strategies designed to change one (1) or more community conditions.
- (7) **Completed Treatment Plan/Service Plan.** Network Services Providers shall ensure all treatment plan/service plans and treatment plan reviews/service plan reviews must be signed and dated by the client, legal guardian (as applicable for minors) and the service provider team member(s) to be considered complete. Exceptions to the requirement for signature of the client's legal guardian are outlined in Chapter 397 and 394 F.S.
- (8) **Consumer Satisfaction Survey.** The SAMH Community Consumer Satisfaction Survey (SCCSS) is the survey instrument to be administered, collected, and submitted by the Network Service Provider as defined by the Managing Entity in this contract. The SCCSS meets the Federal data requirements of the Consumer-Oriented Mental Health Report Card.
- (9) **Continuous Quality Improvement (CQI).** An ongoing, systematic process of Internal and external improvements in service provision and administrative functions, taking into account both in process and end of process indicators, in order to meet the valid requirements of Individuals Served. For purposes of this contract, CQI shall include quality assurance functions including, but not limited to, periodic internal review activities conducted by the Network Service Provider and external review activities conducted by the Managing Entity and the Department to assure that the agreed upon level of service is achieved and maintained by the Managing Entity and its Network Service Providers. CQI shall also include assessing compliance with

contract requirements, state and federal law and associated administrative rules, regulations, and operating procedures, validating quality improvement systems and findings.

- (10) **Co-occurring Disorder.** Any combination of mental health and substance abuse in any individual, whether or not they have been already diagnosed.
- (11) **Coordinated System of Care.** As defined by § 394.9082(2)(b), F.S.
- (12) **Crisis-Diversion Respite Services.** A short-term residential alternative to inpatient psychiatric hospitalization for individuals experiencing an acute psychiatric episode.
- (13) **Cultural and Linguistic Competence.** A set of congruent behaviors and policies that come together in a system, agency, or amongst professionals that enable effective work in cross-cultural situations that provide services that are respectful and responsive to both cultural and linguistic needs.
- (14) **DCF Data System Guidelines.** A document promulgated by the Department that contains required data-reporting elements for substance abuse and mental health services, and which can be found at the DCF website.
- (15) **Department.** Florida Department of Children and Families, unless otherwise stated.
- (16) **Electronic Health Record (EHR).** Defined pursuant to § 408.051(2)(a), F.S.
- (17) **Electronic Vault.** An information technology system designed to store, manage, and track electronic versions of original and scanned documents, and to provide remote document access to Department staff.
- (18) **Evidence-Based Practice (EBP).** As defined by Incorporated Document 2 - Evidence-Based Practice Guidelines, which is incorporated herein by reference, and is available online.
- (19) **Incorporated Document.** A document used to expand or more fully explain the terms and/or conditions of a contract which is incorporated as part of the original contract. Not all incorporated documents are directly applicable to all Network Service Providers, but are provided as reference and guidance.
- (20) **Indigent Psychiatric Medication Program,** also known as the Indigent Drug Program (IDP). Behavioral Health Services provided pursuant to § 394.676, F.S.
- (21) **Individual(s) Served.** An individual who receives substance abuse or mental health services, the cost of which is paid, either in part or whole, by the Managing Entity with Department appropriated funds or local match (matching).
- (22) **Juvenile Incompetent to Proceed (JITP).** "Child," "juvenile", or "youth" as defined in § 985.03(7), F.S., deemed incompetent to proceed for accused crimes as specified in § 985.19, F.S.
- (23) **Local Match (Matching).** Pursuant to § 394.74(2)(b), F.S., and § 394.76, F.S.
- (24) **Managing Entity.** As defined pursuant to § 394.9082(2)(e), F.S.
- (25) **Mental Health Services.** As defined pursuant to § 394.67(16), F.S.
- (26) **Mental Health Treatment Facilities.** Civil and forensic state Mental Health Treatment Facilities serving adults who have been committed for intensive inpatient treatment by a circuit court and pursuant to Chapter 394, or Chapter 916, Fla. Stat.
- (27) **Network Service Provider.** A direct service agency providing Substance Abuse or Mental Health Services that is under contract with the Managing Entity and referred to collectively as the "Network." The Network shall consist of a comprehensive array of Behavioral Health Services and programs that are designed to meet the local need, are accessible and responsive to the needs of Individuals Served, their families, and community stakeholders and include the essential elements of a coordinated system of care specified in § 394.4573(2), F.S.

- (28) **Operational Costs.** The allowable direct expenses incurred by a Network Service Provider in performing its contracted functions and delivering its contracted services.
- (29) **Opioid Settlement Trust Fund.** The purpose of the State Opioid Settlement Trust Fund within the Department is to abate the opioid epidemic in accordance with settlement agreements reached in opioid-related litigation and bankruptcy, as specified in General Appropriations Acts, pursuant to § 20.195, F.S.
- (30) **Payor Class.** Defined pursuant to §394.461(4)(b), Fla. Stat.
- (31) **Prevention.** A process involving strategies aimed at the individual or the environment which preclude, forestall, or impede the development of substance abuse problems and promote healthy development of individuals, families, and communities.
- (32) **Program Description.** The document the Network Service Provider prepares and submits to the Managing Entity for approval prior to the start of the contract period, which provides a detailed description of the services to be provided under the contract pursuant to Rule 65E-14.021, F.A.C. It includes, but is not limited to, a detailed description of each program and covered service funded in the contract, the geographic service area, service capacity, staffing information, and client and target population to be served.
- (33) **Projects for Assistance in Transition from Homelessness (PATH).** A federal grant established under 42 U.S.C. ss. 290cc-21 – 290cc-35 to support homeless individuals who are homeless or at risk of homelessness with mental illnesses, who may also have co-occurring substance abuse and mental health treatment needs.
- (34) **Protected Health Information (PHI).** Any information whether oral or recorded in any form or medium that is created or received by a health care Network Service Provider, health plan, public health authority, employer, life insurer, school or university, or health care clearinghouse; and relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual.
- (35) **Risk Assessment.** A process for evaluating the threat of damage, loss, liability, or other negative occurrence caused by external or internal vulnerabilities that may be avoided through pre-emptive action. An effective Risk Assessment prioritizes the extent and degree of appropriate monitoring activities conducted by the Managing Entity of Network Service Providers. Risk Assessment results shall guide annual monitoring plans including decisions regarding type (desk review, on-site), frequency (annual, quarterly, or monthly), and level of detail (aggregate or client level data). The Managing Entity's Risk Assessment for the SOC shall evaluate each Network Service provider on factors identified by an internal risk assessment committee in compliance with contractual and regulatory requirements.
- (36) **Safety Net.** The publicly funded Behavioral Health Services and providers that have either historically received or currently receive funding appropriated to the Department by the General Appropriations Act (GAA). The Safety Net is intended to provide funding to Network Service Providers for expenditures that would otherwise be uncompensated costs for services provided to individuals in need of services.
- (37) **Stakeholders.** Individuals or groups with an interest in the provision of treatment services for individuals with substance use, mental health, and co-occurring disorders in the county(ies) outlined in **Attachment I, Scope of Work**. This includes, but is not limited to, the key community constituents included in § 394.9082(5)., F.S.
- (38) **State Mental Health Treatment Facilities.** State Mental Health Treatment Facilities serve adults who have voluntarily admitted, or court ordered for intensive inpatient treatment by a circuit court and pursuant to Chapter 394, F.S. or Chapter 916, F.S.
- (39) **Statewide Inpatient Psychiatric Programs (SIPP).** Medicaid-funded services to children under age 18 provided in a residential treatment center or hospital, licensed by the Agency for

Health Care Administration (AHCA), which provides diagnostic and active treatment services in a secure setting. SIPP providers must be under contract with AHCA and provide these services in accordance with Chapter 394, F.S., Chapter 408, F.S., Chapter 409, F.S., and Rule 65E-9.008(4), F.A.C.

- (40) **Submission of Information.** The Submission of Information form is the tool through which the Network Service Provider shall make a formal request of the Managing Entity to modify the terms under this contract including changes related to funding and programming.
- (41) **Submit.** Unless otherwise specified, the term “Submit” as used in this Contract shall be construed to mean submission of a contractual requirement to the Managing Entity Network Manager.
- (42) **Substance Abuse and Mental Health Data System (SAMH Data System).** Collectively, the Department’s web-based data systems for reporting substance abuse and mental health services, including the Substance Abuse and Mental Health Information System (SAMHIS), the Performance Based Prevention System (PBPS), the Financial and Service Accountability Management System (FASAMS) or any replacement systems identified by the Department for the reporting of data by the Managing Entity and all Network Service Providers in accordance with this Contract.
- (43) **Substance Abuse Services.** Any of the substance abuse prevention, treatment and clinical services defined in § 397.311(26), F.S.
- (44) **Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) Outreach, Access, and Recovery (SOAR).** A Substance Abuse and Mental Health Services Administration (SAMHSA) technical assistance initiative designed to help individuals increase earlier access to SSI and SSDI through improved approval rates on initial Social Security applications by providing training, technical assistance, and strategic planning to Network Service Providers.
- (45) **Temporary Assistance to Needy Families (TANF).** As defined by 42 U.S.C. ss. 601, et seq., and Chapter 414, F.S.
- (46) **Treatment Plan/Service Plan.** The individualized treatment plan and/or service plan is an individual document developed by treatment staff and the client, which depicts goals and objectives for the provision of services within specific treatment environments.
- (47) **Treatment Plan/Service Plan Review.** The treatment plan/service plan review is a process conducted to ensure that treatment goals, objectives and services continue to be appropriate to the client’s needs and to assess the client’s progress and continued need for services. The treatment plan/service plan review requires the participation of the client and legal guardian (as required) and the treatment team identified in the client’s individualized treatment plan as responsible for addressing the treatment needs of the client. This must be completed in the timelines outlined in State and Federal Laws, Rules and Regulations. All efforts to meet timeframes shall be documented in progress notes (i.e. documentation of client session cancellations, client no-shows to appointments, etc.).
- (48) **Wait List.** The Network Service Provider’s requirement to track and provide wait list information in the manner provided by Management Entity. A master list for the Network, maintained by a Managing Entity and shows:
 - (1) The number of individuals waiting for access to the recommended service or program;
 - (2) The length of time each individual has been on the waiting list; and
 - (3) The interim services provided to the individual.

2. General Description

a. General Statement

(1) The Managing Entity is contracting with **School District of Clay County - SEDNET** as a Network Service Provider, to provide publicly funded Behavioral Health Services, as specified in this contract and in the approved program descriptions, pursuant to § 394.9082, Fla. Stat. The services and programs specified in this contract shall be available in the following county(ies) **Duval, Clay, Nassau**. The Network Service Provider understands, however, that Individuals who reside in any of the counties of the State of Florida can be served by this contract as required by law.

Funding appropriated through the Department of Children and Families for behavioral health services is for the benefit of the state of Florida as a whole. The county of residence of a person seeking behavioral health services shall not be a component of a determination of eligibility for reimbursement by the Managing Entity. Eligibility for behavioral health services funded by this contract is determined by §394.674, Fla. Stat., which does not include provision to take into account where the person seeking service resides. Therefore, the Network Service Provider understands that it is important that there is no wrong door to a person accessing services and the imposition of any residency requirement is inconsistent with this. The Department considers this to be an essential element of the behavioral health safety net, referred to in §394.9082(5)(c), Fla. Stat.

(2) The Managing Entity contracts with qualified service providers to establish a network to provide Behavioral Health Services to children, adolescents, adults, and elders, in accordance with Chapters 394, 397, 916, and §985.03, Fla. Stat., and that is consistent with the State Substance Abuse and Mental Health Services Plan dated January 2013, or the latest version thereof.

b. Authority

Sections 20.19, 39.001(2), 39.001(4), 394.457(3), 394.74, 394.9082, 397.305(2), 397.305(3), 397.321(4), Fla. Stat., and Chapter 916, Fla. Stat., provide the Managing Entity with the authority to contract for these services. Additional details regarding the statutory and regulatory framework applicable to this contract are provided in **Incorporated Document 3 - SAMH Programmatic State and Federal Laws, Rules, and Regulations**, incorporated herein by reference.

c. Scope of Work

(1) Scope of Service

The Network Service Provider is responsible for the administration and delivery of a comprehensive array of Behavioral Health Services including emergency, acute care, residential, outpatient, recovery support, consumer support and prevention services, to the target population(s) identified in **Section A.3. "Individuals to be Served"** and in accordance with the outcome measures outlined in **Exhibit B - Performance Outcome Measures** of this contract, pursuant to §394.674, F.S., and in compliance with federal requirements.

(2) The Network Service Provider shall comply with all applicable federal and state laws and regulations and all policies, directives and guidelines published by the Managing Entity and the Department. In the event the Managing Entity and/or the amends any policies, directives, or guidelines after contract execution, the Managing Entity and/or the Department shall provide electronic notice to the Network Service Provider.

(3) **Incorporated Document 3 – SAMH Programmatic State and Federal Laws, Rules, and Regulations** contains additional state and federal laws, rules, and regulations applicable to performance under this Contract.

(4) If receiving **Substance Use Prevention, Treatment, and Recovery Services (SUPTRS) and the Community Mental Health Services (CMHS) block grant**, the Network Service Provider shall be responsible for compliance with the applicable requirements. The Managing Entity shall provide technical assistance to the Network Services Provider. The Network Services Provider agrees that

failure to comply with the requirements of these federal block grants represents a material breach of this contract, and shall subject the Network Service Provider to performance deficiencies.

d. Major Contract Goals

The Managing Entity is contracting with the Network Service Provider, pursuant to § 394.9082, F.S., to plan, coordinate, and subcontract for the delivery of community mental health and substance abuse services; to improve access to care and promote service continuity; and to support efficient and effective delivery of services.

3. Individuals to be Served

a. General Description

(1) The Network Service Provider shall provide Behavioral Health Services to eligible individuals of the target population(s) checked below as detailed in **Section A.3.b.**, and, where applicable as per this contract, to individuals residing in civil and forensic state Mental Health Treatment Facilities pursuant to §394.4573, Fla. Stat., and Rule 65E-15.031 and 65E-15.071, F.A.C.

(2) The Network Service Provider shall serve the following **Minimum Number of Individuals** within the activities listed in **Exhibit L - Covered Service Rates by Program**:

Individuals to be Served

**Table 6 – Network Service Provider Output Measures
Persons Served for Fiscal Year 2025-2026**

| Program | Service Category | FY Target |
|-----------------------------------|---------------------------|--|
| Adult Mental Health | Residential Care | Refer to Exhibit B – Minimum Performance |
| | Outpatient Care | Refer to Exhibit B – Minimum Performance |
| | Crisis Care | Refer to Exhibit B – Minimum Performance |
| | State Hospital Discharges | Refer to Exhibit B – Minimum Performance |
| | Peer Support Services | Refer to Exhibit B – Minimum Performance |
| Children's Mental Health | Residential Care | Refer to Exhibit B – Minimum Performance |
| | Outpatient Care | Refer to Exhibit B – Minimum Performance |
| | Crisis Care | Refer to Exhibit B – Minimum Performance |
| Adult Substance Abuse | Residential Care | Refer to Exhibit B – Minimum Performance |
| | Outpatient Care | Refer to Exhibit B – Minimum Performance |
| | Detoxification | Refer to Exhibit B – Minimum Performance |
| | Women's Specific Services | Refer to Exhibit B – Minimum Performance |
| | Injecting Drug Users | Refer to Exhibit B – Minimum Performance |
| | Peer Support Services | Refer to Exhibit B – Minimum Performance |
| Children's Substance Abuse | Residential Care | Refer to Exhibit B – Minimum Performance |
| | Outpatient Care | Refer to Exhibit B – Minimum Performance |
| | Detoxification | Refer to Exhibit B – Minimum Performance |
| | Prevention | Refer to Exhibit B – Minimum Performance |

b. Client Eligibility

(1) The Network Service Provider shall deliver Behavioral Health services to persons pursuant to

§394.674, F.S., including those individuals who have been identified as requiring priority by state or federal law. These identified priorities include, but are not limited to, the categories in sections (a) through (i), below. Persons in categories (a) and (b) are specifically identified as persons to be given immediate priority over those in any other categories.

(a) Pursuant to 45 C.F.R. §96.131, Network Service Providers shall prioritize admissions with pregnant women that inject drugs first, pregnant women second, all other individuals that inject drugs third, followed by all other individuals;

(b) Pursuant to 45 C.F.R. §96.126, compliance with interim services, for injection drug users, by Network Service Providers receiving SUPTRS block grant funding and treating injection drug users;

(c) Priority for services to families with children that have been determined to require substance abuse and/or mental health services by child protective investigators and also meet the target populations in subsections (i) or (ii), below. Such priority shall be limited to individuals that are not enrolled in Medicaid or another insurance program, or require services that are not paid by another payor source;

i. Parents or caregivers in need of adult mental health services pursuant to §394.674(1)(a)2., F.S., based upon the emotional crisis experienced from the potential removal of children; and

ii. Parents or caregivers in need of adult substance abuse services pursuant to §394.674(1)(c)3., F.S., based on the risk to the children due to a substance use disorder.

(d) Individuals who reside in civil and forensic State Mental Health Treatment Facilities and individuals who are at risk of being admitted into a civil or forensic state Mental Health Treatment Facility;

(e) Individuals who are voluntarily admitted, involuntarily examined or placed under Part I, Chapter 394, F.S.;

(f) Individuals who are involuntarily admitted under Part V, Chapter 397, F.S.;

(g) Residents of assisted living facilities as required in §394.4574 and §429.075, F.S.;

(h) Children referred for residential placement in compliance with Chapter 65E-9.008, F.A.C.;

(i) Inmates approaching the Expiration of Sentence pursuant to Children and Families Operating Procedure (CFOP) 155-47: "Processing Referrals from the Department of Corrections;" and

(j) In the event of a Presidential Major Disaster Declaration, Crisis Counseling Program (CCP) services shall be contracted for according to the terms and conditions of any CCP grant award approved by representatives of the Federal Emergency Management Agency (FEMA) and the Substance Abuse and Mental Health Services Administration (SAMHSA).

(2) The Network Service Provider must adopt the American Society of Addiction Medicine (ASAM) level of care determination criteria for serving all persons with substance use disorders. The ASAM criteria are published at <https://www.asam.org/asam-criteria/about-the-asam-criteria>.

c. Client Determination

(1) The Network Service Provider must comply with the Department's eligibility requirements for Individuals Served, as specified in the **Incorporated Document 3 - SAMH Programmatic State and Federal Laws, Rules, and Regulations**, which is incorporated herein by reference.

(2) The Managing Entity may delegate determinations to the Network Service Providers, subject to the provisions of **Section c.(5)**.

(3) In no circumstance shall an individual's county of residence be a factor that denies access to services.

(4) The Network Service Provider shall submit a monthly attestation attached to an invoice to the

Managing Entity, declaring that, at the time of submission, no other funding source was known for the invoiced services.

(5) The Department, in accordance with state law, is exclusively responsible for defining eligibility of Individuals Served for services provided through this Contract. In the event of a dispute, the determination made by the Managing Entity in accordance with the Department is final and binding on all parties.

d. Contract Limits

(1) The Network Service Provider may not seek reimbursement from the Managing Entity for services not specified in this contract, or for services provided in excess of the funding amount specified in **Exhibit C - Projected Operating and Capital Budget**.

(2) The Managing Entity's obligation to pay for services provided under this contract is expressly limited by the availability of funds and subject to annual appropriations by the Department and the Legislature.

(3) The Network Service Provider is expressly prohibited from authorizing or incurring indebtedness on behalf of the Managing Entity or Department.

(4) The Network Service Provider is expressly prohibited from utilizing accounting practices or redirecting funds to circumvent legislative intent.

(5) Services paid for under this contract shall only be provided to eligible children and adults as outlined in **Section A.3.a. and A.3.b.**, receiving authorized services within the service area outlined in **Section A.2.a.(1)**.

(6) Pursuant to 45 CFR §96.135(a)(5), the Network Service Provider may not enter into subcontracts with a for-profit entity using Block Grant funds unless the for-profit entity subcontract is solely for providing goods and services for the Network Service Provider's own use in meeting its obligations under this Contract. A subcontract with a for-profit entity may not provide for services meeting the definition of a "subaward" as defined in 2 CFR §200.92, using Block Grant funds. Restriction on the use of funds may be obtained from the **Exhibit K - Federal Block Grant Requirements**, which is incorporated herein by reference and may be located on the Managing Entity's website.

(7) The Network Service Provider shall not subcontract development, implementation, administrative, or monitoring responsibilities without prior written approval from the Managing Entity.

B. Manner of Service Provision

1. Service Tasks

a. The Network Service Provider shall perform all functions necessary for the proper delivery of services including, but not limited to, the following:

(1) Participation in the SOC

(a) As per this contract, the Network Service Provider is part of an integrated network that promotes recovery and resiliency, and meets the Behavioral Health Service needs for the community. As part of the SOC, the Network Service Providers services and programs shall be accessible and responsive to individuals, families, and community Stakeholders, including, as applicable by this contract:

- a. Residents of assisted living facilities as required in §394.4574 and §429.075, Fla. Stat.;
- b. Persons ordered into involuntary outpatient placement in accordance with §394.4655, Fla. Stat.;
- c. Eligible children referred for residential placement in compliance with the guidance provided in Rule 65E-9.008(4), F.A.C. and the guidance document **Incorporated Document 6 - Residential Placements Using Statewide Inpatient Psychiatric Programs (SIPP) Funding and Referral Process** which is incorporated herein by reference;

- d. Inmates approaching the End of Sentence pursuant to Children and Families Operating Procedure (CFOP) 155-47;
 - e. Forensic-involved individuals pursuant to CFOP 155-18 and the guidance document **Incorporated Document 7 - Outpatient Forensic Mental Health Services** which is incorporated herein by reference;
 - f. Individuals that are currently in civil and forensic state Mental Health Treatment Facilities, committed pursuant to Chapter 394, or 916, Fla. Stat. The guidance document **Incorporated Document 8 - State Mental Health Treatment Facility Admission and Discharge Processes** is incorporated herein by reference.
 - g. Individuals who are at risk of being admitted into a civil or forensic state Mental Health Treatment Facility. This shall include diversionary community treatment and services prior to admission.
- (b) As part of the SOC, the Network Service Provider shall collaborate with the Managing Entity to provide an adequate and reasonable network of services and programs in terms of geographic distribution to meet the service needs of consumers without excessive time and travel requirements.
- (c) The Network Service Provider shall collaborate with the Managing Entity and diverse Stakeholder groups to develop and administer community-focused Behavioral Health Services with community input.
- (d) Any Network Service Provider delivering substance abuse and/or mental health treatment, prevention, and supportive services shall ensure the administration and delivery of appropriate EBPs.
- (e) If applicable per this contract, the Network Service Provider shall coordinate the transition of individuals identified as discharge ready from the civil state Mental Health Treatment Facilities back to the community.
- (f) If the Network Service Provider is a crisis stabilization unit (CSU) or hospital, they shall participate in the Agency for Health Care Administration's Event Notification System (ENS) by July 1, 2026.
- (g) If the Network Service Provider is a Designated Receiving Facility, they must enter data into the Department's Baker Act data portal.

(2) Utilization Management

- (a) The Network Service Provider shall develop and implement utilization management strategies that shall, at minimum, address the following areas:
- a. Delivery of quality, clinically necessary services to eligible individuals in a timely fashion;
 - b. Improvement of clinical outcomes;
 - c. Guidelines, standards, and criteria set by regulatory and accrediting agencies are adhered to, as appropriate, for the client population;
 - d. Clinical evidence is used to make utilization management decisions, taking into account the local SOC and the individual's circumstances; and
 - e. The utilization management strategies are integrated with the Network Service Provider's Continuous Quality Improvement (CQI) activities.

(3) Inspections and Corrective Action

In addition to the terms of **Section 5.1**, the following requirements shall apply to this Contract.

- (a) The Network Service Provider shall be monitored in accordance with §402.7305, F.S. and CFOP 75-8, Policies and Procedures of Contract Oversight. The Network Service Provider shall comply with any requests made by the Managing Entity as part of the conduct of such monitoring. At no cost to the Managing Entity, the Network Service Provider shall provide complete access to all programmatic, administrative, management, budget and financial information related to services provided under this

contract.

(b) The Managing Entity will provide a written report to the Network Service Provider within 30 days of the monitoring team's exit. If the report indicates corrective action is necessary, the Network Service Provider shall provide a proposed corrective action plan for the Managing Entity's approval, except in the case of threat to life or safety of Individuals Served, in which case the Network Service Provider shall take immediate action to ameliorate the threat and associated causes.

(c) The Network Service Provider shall cooperate at all times with the Managing Entity to conduct these reviews and shall provide all documentation requested by the reviewers in a timely manner at its administrative office or other location, as determined by the Managing Entity.

(d) The Network Service Provider shall comply with the Managing Entity and its authorized representatives contracted to conduct operational and financial audits in accordance with § 394.9082(3), F.S. At no cost to the Managing Entity or its authorized representatives, the Network Service Provider shall provide the right of access to all programmatic, administrative, management, budget, and financial information deemed necessary by the Managing Entity or its authorized representatives to complete the required operational and financial audits. This right also includes timely and reasonable access to the Network Service Provider's personnel for the purpose of interview and discussion related to such documents or this Contract in general. The Network Service Provider shall provide any data or information requested by the Managing Entity or its authorized representatives as part of these audits within one business day, unless a later submission date is expressly authorized by the Managing Entity. The operational and financial audits of the Network Service Provider shall consist of a review of business practices, personnel, financial records, related parties, compensation, and other areas as determined by the Managing Entity and shall include the following:

- (i)** The services administered, the method of provider payment, expenditures, outcomes, and other information as determined by the Managing Entity.
- (ii)** Referral patterns, including the Network Service Provider's referral volume; provider referral assignments; services referred; length of time to obtain services; and key referral performance measures.
- (iii)** Provider network adequacy and provider network participation in the Managing Entity's available bed platform, the Opioid Data Management System, the Agency for Health Care Administration Event Notification Service, and other Department required provider data submissions.
- (iv)** Audits of the Managing Entity's expenditures and claims that include the following:
 - a.** Comparison of services administered through the Managing Entity, the outcomes of the Managing Entity's expenditures, the Managing Entity's expenditures for behavioral health services, and any other information as determined by the Department.
 - b.** Analysis of services funded by the Managing Entity rendered to individuals who are also Medicaid beneficiaries to, at a minimum, assess the extent to which the Managing Entity is funding services that are also available as covered services under the Medicaid program.
- (v)** The Managing Entity's and its authorized representatives' rights of access shall last as long as the records are retained.

(e) The Managing Entity shall perform Risk Assessments to develop an annual monitoring schedule of its networked service providers. The monitoring schedule shall distinguish between onsite monitoring and desk reviews. The Network Service Provider acknowledges that the Managing Entity reserves the right to monitor the Network Service Provider at any time during the contract period. Where applicable as per this contract, the Managing Entity shall review a sample of case management records to verify that services identified in the community living support plan for

individuals residing in Assisted Living Facilities with Limited Mental Health Licenses are provided pursuant to §394.4574, Fla. Stat.

(f) The Network Service Provider shall notify the Managing Entity within 24 hours of conditions related to the Network Service Provider's performance that may interrupt the continuity of service delivery or involve media coverage.

(g) The Network Service Provider shall use the results of their compliance monitoring, quality improvement reviews, and achievement of performance outcomes measures to improve the quality of services they provide.

(h) The Network Service Provider shall develop a written fraud and abuse prevention policy and procedure within 60 days of execution that complies with all state and federal requirements to this contract. This protocol shall be approved by the Managing Entity prior to implementation. This policy and procedure shall be made available to the Managing Entity upon request.

(i) The Network Service Provider must maintain compliance with background screening for all staff and volunteers in accordance with the Lutheran Services Florida Standard Contract.

(j) The Network Service Provider is required to:

1. Afford access to services based on the needs of the Individuals Served;
2. Possess all licenses and credentials necessary to legally render the services being provided; and
3. Facilitate the execution of a Memorandum of Understanding (MOU) with the appropriate Federally Qualified Health Center (FQHC), County Health Department (CHD), publicly funded medical clinic, or tax-assisted hospital, with the exception of those Network Service Providers that only provide non-client specific services.

(4) Continuous Quality Improvement (CQI)

(a) The Network Service Provider shall maintain CQI activities that ensure the provision of quality Behavioral Health Services and consistently achieves positive outcomes. The Network Service Provider shall incorporate trending data from incidents and complaints into the quality improvement process to mitigate risk and improve quality of services.

(b) The Network Service Provider acknowledges that Managing Entity shall communicate any identified performance issues and/or trends to the Network Service Provider and the Department.

(c) The Network Service Provider shall actively participate in the Managing Entity and the Department's local and statewide processes for quality assurance and quality improvement.

(d) The Managing Entity and the Network Service Provider shall cooperate with the Department when investigations are conducted regarding a regulatory complaint relevant to a licensed facility operated by one of the Managing Entity's Network Service Providers.

(e) The Managing Entity and the Network Service Provider shall integrate the Department's current initiatives, new state and federal requirements, and policy initiatives into its operations.

(5) Training

(a) The Network Service Provider will attend all trainings and technical assistant events required by the Managing Entity.

(b) The Network Service Provider shall implement training of its staff which incorporates best practices identified by nationally recognized organizations in behavioral health, EBPs, and findings from monitoring, clinical supervision, and CQI.

(c) The Network Service Provider is required to promote the implementation of EBPs through:

1. Sub-contracting requirements;
2. Program development and design;

3. Staff Development and Training; and
4. A quality improvement process that includes internal monitoring of the implementation of EBPs.

(d) Documentation of the Network Service Provider's staff development and training must be maintained by the Network Service Provider and be available for review by the Managing Entity upon request.

(6) Data Collection, Reporting, and Analysis

(a) The Network Service Provider shall develop and implement policies and procedures that protect and maintain the confidentiality of sensitive information of Individuals Served, relative to paper and computer-based file system (mainframes, servers and laptops).

(b) The Network Service Provider shall comply with the Health Insurance Portability and Accountability Act (HIPAA) of 1996, 42 U.S.C. and 45 C.F.R. Part 164, and require that all subcontractors that come into contact with protected health information comply with HIPAA.

(c) The Network Service Provider shall develop and submit within 30 days prior to termination or transition of program services or 90 days prior to contract expiration, a record transition plan to be implemented in the case of contract termination or non-renewal by either party, in accordance with the **Incorporated Document 11 - Managing Entity Expiration/Termination Transition Planning Requirements**, which is incorporated herein by reference. The plan shall comply with HIPAA and 42 C.F.R. requirements. The Lutheran Services Florida Standard Contract sets forth and outlines the termination provisions and transition activities of this contract.

(d) The Network Service Provider must maintain accurate and timely data entry required for performance outcomes measurement, in accordance with established business requirements for data submission, and §394.74(3)(e), F.S. The data must:

- i. Enable expenditures to be tracked by program, fund type, and service;
- ii. Capture service utilization by type and recipient; and
- iii. Document quality of care, access to services, and outcomes for each individual served within the Network.
- iv. Capture client-specific data, such as:
 1. Client demographics;
 2. Procedure codes;
 3. Primary and secondary diagnoses;;
 4. Any relevant Z code(s); and
 5. Provider type.

(e) The Network Service Provider shall electronically submit all data, as specified in DCF Data System Guidelines, to the Managing Entity in the manner provided by Managing Entity by the eighth (8th) of each month and ad hoc requests in adherence to the identified deadline. The Managing Entity may require alternative reporting due dates for certain programs through the incorporated programmatic guidance documents. The Managing Entity reserves the right to require certain data that is needed for specified ad hoc, federal discretionary grants, or other needs prior to the eighth (8th) of each month.

(f) If a data reporting system is down, inaccessible, or otherwise unusable, all data required for submission under this Contract must be submitted to the Department as soon as the system is available, or alternative solutions will be provided.

(g) The Network Service Provider is responsible for notifying the Network Manager within five (5) business days of any changes to personnel access to all Managing Entity reporting systems;

Department web portal accounts, including access to IRAS and the Department of Corrections (DOC) Aftercare Referral System; so that the Management Entity can terminate access to accounts, as applicable.

(h) The Network Service Provider's data officer or designee shall participate in the Managing Entity's Data conference calls, meetings, and training events.

(i) The Network Service Provider is responsible for the fidelity and validity of submitted data provided to the Managing Entity.

(j) The Network Service Provider shall correct any erroneous/rejected records for resubmission to the Managing Entity in the manner provided by the Managing Entity within ten (10) business days of receipt of error/rejection message. In the event that correction is not possible, the Network Service Provider will collaborate with the Managing Entity to correct the error as quickly as possible.

(k) In the event the Network Service Provider's total monthly submission per data set results in a rejection rate greater than five percent for two consecutive months, the Network Service Provider shall submit a Corrective Action Plan (CAP) within ten (10) business days of the second deficient month that includes a timeline for correcting all prior data rejections and outlines a solution to correctly submit the required records.

(l) The Managing Entity will provide a monthly data acceptance rate report to the Network Service Provider. The Network Service Provider shall maintain a minimum 95% data acceptance rate. In the event the Network Service Provider's total monthly submission per data set results in an acceptance rate less than 95% for two consecutive months, the Network Service Provider shall submit a Corrective Action Plan (CAP) within ten (10) business days of the second deficient month that includes a timeline for correcting all prior data deficiencies and outlines a solution to correctly submit the required records.

(m) Pursuant to §394.461(4)(a)-(c), Fla. Stat., any Network Service Provider that has a facility designated as a public receiving facility, and is a part of the Managing Entity's SOC, shall report the appropriate SAMH-related Payor Class data. The Network Service Provider shall submit Payor Class data for the fiscal year ending June 30th, in the format and directions provided by the Managing Entity, no later than sixty (60) days following the end of the state fiscal year.

(n) The Network Service Provider is required to collect and submit all data required as a result of this contract, including Federal and State grant awards. Data shall be submitted accurately and completely within the specified timeframes as established by the Managing Entity.

(o) The Network Service Provider must discharge client records in the Managing Entity's reporting system after six months of inactivity.

(p) If the Network Service Provider is a public receiving facility, detoxification facility, and/or an addictions receiving facility, the Network Service Provider must collect and submit the acute care service utilization data specified in § 394.9082(10), F.S., according to the timeframes established therein, using a file transfer protocol process or a web portal developed by the Managing Entity.

(7) Fiscal Responsibility Function

(a) The Network Service Provider shall comply with **Incorporated Document 19 – Federal Grant Financial Management Requirements**.

(b) The Network Service Provider and entities the Network Service Provider subcontracts with shall be fiscally sound, and can adequately ensure the accountability of public funds.

(c) The Network Service Provider's financial management and accounting system must have the capability to generate financial reports by fund source, individual service recipient utilization, and cost, which, at minimum, will meet federal requirements for the Block Grants.

(d) The Network Service Provider shall ensure that it budgets and accounts for revenues and expenditures are in accordance with Chapter 65E-14, F.A.C.

(e) The Network Service Provider shall ensure that all accounting systems and accounting procedures and practices conform to generally accepted accounting principles and standards.

(8) Incident Reporting

(a) The Network Service Provider is required to notify the Managing Entity of all possible critical incidents, as defined in the Department CFOP 215-6 Incident Reporting and Client Risk Prevention (dated April 1, 2013 or most recent version), which is incorporated herein by reference. This requirement is met through the Network Service Provider's direct reporting into the Department's Incident Reporting and Analysis System (IRAS), within twenty-four (24) hours of the incident occurring.

(b) The Network Service Provider must have written policies and procedures in place to ensure the timely and accurate reporting of critical incidents to the Managing Entity.

(c) The Network Service Provider shall designate at least one (1) staff person to be the Incident Coordinator, or similar title, for the provider/agency. This person shall manage the Network Service Provider's incident notification process, and shall be the identified single point of contact for the Managing Entity regarding incident reporting. Additional staff may be designated to enter incident information into the IRAS at the discretion of the Network Service Provider.

(d) The Network Service Provider shall notify the Managing Entity's CQI Specialist in writing of the name and contact information of the designated Incident Coordinator(s).

(e) The Network Service Provider shall, within five (5) business days, submit written notification to the Managing Entity's CQI Specialist of any change in the Incident Coordinator position, identifying the name and contact information of the successor.

(f) The Network Service Provider is required to notify the Managing Entity of all possible critical incidents, via direct data entry into IRAS within 24 hours of the incident occurring. This includes weekends and holidays.

(g) In the event of a death of an individual served which occurs on any of the Network Service Provider's service delivery sites, the Network Service Provider is required to provide an electronic submission into IRAS and notify the Managing Entity via telephone of the death within 24 hours of the occurrence. Calling the Managing Entity, in addition to IRAS submission, also applies to elopement of a child or court-ordered adult and any incident involving active media involvement. Network Service Providers may call the Managing Entity's Access to Care Line, requesting to speak to a member of the Clinical Department at (877) 229-9098.

(h) When information is found to be missing from an incident report, a request by the Managing Entity shall be sent to the Network Service Provider for completion. Network Service Providers have 24 hours from the date/time of the request to submit missing information back to the Managing Entity, as well as update the incident report in the IRAS system.

(i) The Network Service Provider shall cooperate with the Managing Entity and Department when investigations are conducted regarding a regulatory complaint relevant to a licensed facility operated by one of the Managing Entity's Network Service Providers.

(9) SAMH Community Consumer Satisfaction Survey (SCCSS)

(a) The Substance Abuse and Mental Health (SAMH) Community Consumer Satisfaction Survey (SCCSS) is based on a survey instrument for adults and children originally developed by the Mental Health Statistics Improvement Project (MHSIP) Task Force sponsored by the SAMHSA, Center for Mental Health Services (CMHS), to meet the Federal data requirements of the Consumer-Oriented Mental Health Report Card.

(b) The Network Service Provider is responsible for collecting and submitting survey data as specified in this contract, and per DCF Data System Guidelines. The Managing Entity has developed a collection and reporting system in which the required survey data is measured each quarter and reviewed on an ongoing timeline throughout the year. The Department requires that the content of the survey instrument remain the same. The core questions and domains for these questions cannot be modified, but additional questions may be incorporated if the Managing Entity has cause to add items.

(c) The Network Service Provider shall:

1. Have written policies and procedures in place for the collection and ongoing submission of consumer satisfaction survey data to the Managing Entity in the manner provided by Management Entity.
2. Meet each quarterly survey submission quota by the quarterly deadline as defined by the Managing Entity for each program area the Network Service Provider serves. Failure to meet quarterly compliance and/or end-of-year compliance may result in a CAP.
3. Collect and report survey data for Individuals Served in each of the following four program areas, as specified in this contract:
 - a. Group 1: Adult Mental Health (AMH)
 - b. Group 2: Adult Substance Abuse (ASA)
 - c. Group 3: Children's Mental Health (CMH)
 - d. Group 4: Children's Substance Abuse (CSA)

DIRECTION TO PROVIDERS ON HOW TO CALCULATE QUARTERLY SURVEY SUBMISSION TOTALS

| | AMH | | CMH | | ASA | | CSA | |
|----------|-----------------|--------------------------------|-----------------|--------------------------------|-----------------|--------------------------------|-----------------|--------------------------------|
| | Prior FY Served | Sample Size | Prior FY Served | Sample Size | Prior FY Served | Sample Size | Prior FY Served | Sample Size |
| Provider | | See DCF Data System Guidelines | | See DCF Data System Guidelines | | See DCF Data System Guidelines | | See DCF Data System Guidelines |

Quarterly Quota for (PROVIDER NAME HERE): _____ ANNUAL QUOTA: _____

To calculate quarterly quota: take the annual minimum sample size total and divide by 4 to identify quarterly target for surveys, repeat for each program area.

Per DCF Data System Guidelines:

Short-term programs with less than 30 days length of stay are exempt from the survey guidelines. These programs include, but may not be limited to, the following: detoxification-only, CSU-only, assessment-only services or non-client specific services (e.g., prevention).

4. The Network Service Provider shall submit electronically all consumer survey responses to the Managing Entity in the manner provided by Management Entity.

(10) Wait List

Wait list information may be used by the Managing Entity as part of the utilization management and continuous quality improvement plans to identify needs and gaps in services across the SOC.

(a) The Network Service Provider shall:

1. Have written procedures in place to accurately track and ensure the maintenance of a complete wait list, by program or service type, for their agency. Procedures should include reference to the submission of data to the Managing Entity in the manner provided by the Managing Entity.
2. Only Prevention and Non-Client Specific services are exempt from maintaining a wait list. All other program services must track access and availability of care via maintenance of a wait list.
3. Count those individuals who have been screened and meet criteria and are deemed in need of substance abuse or mental health treatment services from the Network Service Provider.
4. When an individual is receiving interim services while awaiting admission into the recommended treatment service, that individual is reported on the wait list as waiting for the recommended service.
5. The provider is required to identify and note any interim services being provided to the consumer while on the wait list.
6. The Network Service Provider is required to enter consumers on a wait list in accordance with the DCF Data System Guidelines and via the manner provided by the Managing Entity.
7. The provider may be subject to a CAP as a result of identified reporting issues or deficiencies.

(b) General Policies and Considerations

The following time frames shall be used for placing an individual on the wait list:

1. Any individual waiting longer than four (4) days for a residential bed for either mental health or substance abuse shall go on a wait list.
2. Any individual waiting longer than four (4) days for a bed in Detox shall go on a wait list.
3. Any individual waiting longer than fourteen (14) days for outpatient services (both mental health and substance abuse), intervention (substance abuse only), or methadone services, shall go on a wait list.
4. Any individual waiting longer than fourteen (14) days for a non-mental health funded service shall go on a wait list.
5. Any individual referred to a state treatment facility shall go on a wait list once the packet is considered complete.

Guidelines for maintaining a wait list specific to Substance Abuse Services:

1. Any individual who has been screened and is in need of substance abuse treatment shall go on a wait list. This applies only to an in-person screening for services.
2. In order for the individual to remain on the wait list, an in-person meeting, telephone contact or other documented contact must have taken place at least within 30 days of the initial contact and at least every 30 days thereafter. The contacts should be more frequent than every 30 days, however, the individual must be contacted within the 30-day time period.
3. Individuals in treatment, but waiting for the appropriate level of service, should be counted as waiting for the appropriate level of service. For example, an individual receiving one hour

of outpatient treatment once a week while waiting to enter a residential program should be counted on a wait list for residential treatment.

4. Each individual counted on a wait list must have supporting documentation, i.e., the Wait List Documentation Form, maintained in a file separate from the client's clinical record. The information on this form shall be used to verify what is reported on the wait list.

5. Wait list information must be updated on a monthly basis. Any individual who has not had an in-person, telephone or other documented contact in the last 30 days should be removed from the wait list.

6. Incarcerated individuals are not counted as waiting for treatment. Exceptions apply when an incarcerated individual's only condition for being released is admission into a substance abuse treatment program. In this case, the incarcerated individual shall be counted on a wait list.

(11) Bed Count

(a) The Managing Entity must have the ability to immediately provide accurate and real time data on current bed status information to Department. This information includes, but may not be limited to, the number of available beds by payor source and program type across the SOC.

(b) All Network Service Providers with licensed bed capacity shall report daily bed count data in the manner provided by Management Entity.

(c) Additionally, the Managing Entity shall systematically review bed count information to identify trends in utilization and potential opportunities to improve access to care within the SOC.

(d) All Network Service Providers with licensed bed capacity shall:

1. Maintain 100% compliance with entering and updating bed count information for the following:

a. Residential (all levels) and Room and Board (all levels): for each program and bed type daily.

b. ACSU Facilities (Crisis Stabilization, Hospital licensed as Public Receiving Facility, and Substance Abuse Detoxification and Addiction Receiving Facility): for each program, bed type and payor source daily.

2. Have written policies and procedures in place to ensure the maintenance of an accurately completed daily bed count. Procedures shall include reference to the data entry of bed count in the manner provided by Managing Entity.

3. Provide the Managing Entity with the name and contact information of the designated point of contact for bed count compliance within 30 days of contract execution.

4. Respond to requests from the Managing Entity for additional information regarding bed count within twenty-four (24) hours of receipt of the request.

(12) Eligibility to be a Network Service Provider

(a) **Exclusionary Criteria.** The Network Service Provider acknowledges that any of the following would prohibit a contract with the Managing Entity:

1. Is barred, suspended, or otherwise prohibited from doing business with any government entity, or has been barred, suspended, or otherwise prohibited from doing business with any government entity in accordance with s. 287.133, F.S.;

2. Is under investigation or indictment for criminal conduct, or has been convicted of any crime which would adversely reflect on its ability to provide services, or which adversely reflects its ability to properly handle public funds;

3. Has had a contract terminated by the Department for failure to satisfactorily perform or for cause;
4. Has failed to implement a corrective action plan approved by the Department or any other governmental entity, after having received due notice; or
5. Is ineligible for contracting pursuant to the standards in § 215.473(2), F.S.
6. Regardless of the amount of the subcontract, the Managing Entity shall immediately terminate a subcontract for cause, if at any time during the lifetime of the subcontract, a Network Service Provider is:
 - a. Found to have submitted a false certification under § 287.135, F.S., or
 - b. Is placed on the Scrutinized Companies with Activities in Sudan List or
 - c. Is placed on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or
 - d. Is placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.
7. The Network Service Provider agrees that services funded by this Contract other than those set out in this Contract, will be provided only upon receipt of a written authorization from the Network Manager. The Managing Entity and Department have final authority to make any and all determinations that affect the health, safety, and well-being of the people of the State of Florida.

(b) Provisions for Compliance. The Network Service Provider and any of its subcontractors shall comply with:

1. OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments;
2. OMB Circular A-122, Cost Principles for Non-profit Organizations;
3. OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations;
4. The Reference Guide for State Expenditures, which is incorporated herein by reference and may be located at: <https://www.myfloridacfo.com/docs-sf/accounting-and-auditing-libraries/state-agencies/reference-guide-for-state-expenditures.pdf>;
5. Chapter 65E-14, F.A.C.;
6. Block Grant requirements, including maintenance of effort;
7. State and federal grant requirements;
8. TANF requirements, if applicable;
9. Chapter 427, Fla. Stat., Part I, Transportation Services, and Chapter 41-2, F.A.C., Commission for the Transportation Disadvantaged, if funds under this contract will be used to transport individuals served; and
10. Department or Managing Entity policies related to the delivery of service.

(c) Task Limits. The Network Service Provider shall perform only Managing Entity approved tasks and services with Managing Entity funding. With the exception of individuals served from statewide Mental Health Treatment Facilities, services shall only be provided in the following county(ies): **Duval, Clay, Nassau**; however, Individuals who reside in any of the counties of Florida can be served by this contract in accordance with §394.674, Fla. Stat.

(13) Bed Hold

(a) For SAMH-funded individuals admitted to and being treated in a residential setting (Detox, Res 1-4, etc.) who require a leave of absence or transfer from the facility due to:

- a. Psychiatric emergency;
- b. Medical emergency; or
- c. When the leave of absence is an explicit part of the treatment plan of the Individual Served and is clearly documented in the clinical record;

the Managing Entity shall continue to pay the contracted rate to hold the bed during the leave of absence for a period not to exceed seventy-two (72) hours from the date of transfer/leave of absence. For absences that continue in excess of seventy-two (72) hours, the Network Service Provider shall submit **Exhibit M - Bed Hold Request Form**, to the Managing Entity to request continued authorization for payment.

The Managing Entity will authorize bed hold requests for no more than seven (7) days at a time. If a bed hold request exceeds seven (7) days, the Network Service Provider submitting the request should resubmit an additional **Exhibit M - Bed Hold Request Form** and participate in a staffing held by the Managing Entity.

(b) Regarding leave of absence due to elopement or leaving treatment against medical advice, in most circumstances, the Managing Entity will not pay for bed days when an Individual Served is not physically present to receive the services, except as outlined above. Therefore, the Managing Entity can be invoiced for the date the Individual Served eloped as well as the date they return to treatment, if they return to the Network Service Provider's facility.

(14) Reporting to the Office of Inspector General

Network Service Providers and their subcontracted agencies shall comply with the provisions of CFOP 180-4 with respect to reporting requirements to the Office of the Inspector General.

(15) Requests for Modification

Network Service Providers shall utilize the **Exhibit G - Submission of Information Form** to request changes from the Managing Entity as it relates to the programs operated under this agreement. This form shall encompass changes to programs, funding and allocations.

(16) The Network Service Provider must participate in any Managing Entity and Department-sponsored Network Service Provider satisfaction surveys.

2. Staffing Changes

a. The Network Service Provider shall comply with their staffing plan contained in the Managing Entity-approved **Exhibit C - Projected Operating and Capital Budget, Exhibit D - Personnel Detail Record, and Exhibit E - Agency Capacity Report**, in accordance with Rule 65E-14.021, F.A.C.

b. The Network Service Provider shall, within five business days, submit written notification to the Network Manager if any of the following positions are to be changed and identify the individual and qualifications of the successor:

- (1) Chief Executive Officer (CEO);
- (2) Chief Operations Officer (COO);
- (3) Chief Financial Officer (CFO);
- (4) Chief Information Technology Officer (CITO); or
- (5) Any other equivalent position within the Network Service Provider's organizational chart.

3. Network Service Provider Subcontracts

a. This contract allows the Network Service Provider to subcontract for the provision of all services, subject to the provisions of the Lutheran Services Florida Standard Contract. Written requests by the Network Service Provider to subcontract for the provision of services under this contract shall be routed through the Managing Entity's Network Manager for this contract. Prior written approval by the Managing Entity for any subcontracting of services is required. Subsequent changes to any approved subcontract agreement must also receive prior approval from the Managing Entity. The act of subcontracting shall not in any way relieve the Network Service Provider of any responsibility for the contractual obligations of this contract.

b. If this contract allows for the subcontract of services, as defined above, the Network Service Provider shall not subcontract for Behavioral Health Services with any person or entity which:

(1) Is barred, suspended, or otherwise prohibited from doing business with any government entity, or has been barred, suspended, or otherwise prohibited from doing business with any government entity in accordance with §287.133, Fla. Stat.;

(2) Is under investigation or indictment for criminal conduct, or has been convicted of any crime which would adversely reflect on its ability to provide services, or which adversely reflects its ability to properly handle public funds;

(3) Has had a contract terminated by the Managing Entity or the Department for failure to satisfactorily perform or for cause;

(4) Has failed to implement a corrective action plan approved by the Managing Entity or the Department or any other governmental entity, after having received due notice; or

(5) Is ineligible for contracting pursuant to the standards in § 215.473(2), F.S.

(6) Regardless of the amount of the subcontract, the Network Service Provider shall immediately terminate a subcontract for cause, if at any time during the lifetime of the subcontract, the subcontractor is:

- a. Found to have submitted a false certification Found to have submitted a false certification under § 287.135, F.S., or
- b. Is placed on the Scrutinized Companies with Activities in Sudan List or
- c. Is placed on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or
- d. Is placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel List.

(7) The Managing Entity agrees that services funded by this Contract other than those set out in this Contract, will be provided only upon receipt of a written authorization from the Network Manager. The Department has final authority to make any and all determinations that affect the health, safety, and well-being of the people of the State of Florida.

4. Service Location and Equipment

a. Service Delivery Location

The location of services shall be as specified and described in the program description which is to be submitted by the Network Service Provider in the manner provided by the Managing Entity.

b. Changes in Location

(1) The Network Service Provider shall notify the Managing Entity's Network Manager, in writing, at least 10 calendar days prior to any changes in locations where services are being provided. Changes must continue to meet the service needs of consumers without excessive time and travel requirements.

(2) The Network Service Provider shall notify the Managing Entity's Network Manager, in writing, a minimum of 30 days prior to making any changes in location that will affect the Managing Entity's

ability to contact the Network Service Provider.

c. Equipment

(1) The Network Service Provider shall supply all equipment necessary to provide services and fulfill the terms and conditions of this contract, including but not limited to; computers, telephones, copier, and fax machines, supplies and maintenance, and necessary office supplies.

(2) The Network Service Provider shall comply with requirements in the **Incorporated Document 13 - Tangible Property Requirements** and document compliance through the submission of **DCF's Template 1 – Provider Tangible Property Inventory Form**, which is incorporated herein by reference.

5. Deliverables

a. Services

The Network Service Provider shall deliver the services specified in and described in the Program Description submitted by the Network Service Provider and as set forth in **Exhibit H - Funding Detail**. Changes to the services offered under this contract are subject to approval of the Managing Entity in advance of implementation.

b. Records and Documentation

(1) The Network Service Provider shall protect the confidentiality of all records in its possession from disclosure and protect confidential records from disclosure and protect the confidentiality of Individuals Served in accordance with federal and state law, including but not limited to: §§394.455(3), 394.4615, 397.501(7), 414.295, Fla. Stat.; 42 C.F.R. §2, and 45 C.F.R. Part 164.

(2) The Network Service Provider shall notify the Managing Entity of any requests made for public records within 10 business days of receipt of the request and shall assume all financial responsibility for records requests, records storage, and retrieval costs.

(3) The Network Service Provider shall maintain adequate documentation of the provision of all tasks, deliverables, expenditures related to its operations, including but not limited to:

(a) Total number of Individuals Served;

(b) Names (or unique identifiers) of individuals to whom services were provided; and

(c) Date(s) that the services were provided, so that an audit trail documenting both the provision of service, and expenditure can be maintained.

(4) The Managing Entity shall monitor the maintenance of Network Service Providers documentation of the provision of all services, sufficient to provide an audit trail.

c. Reports

(1) The Network Service Provider shall submit all required documentation specified in **Exhibit A - Required Reports**, by the dates specified therein.

(2) The Network Service Provider shall ensure that its independent financial audit report is completed in compliance with and shall include the standard schedules that are outlined in Rule 65E-14.003, F.A.C.

(3) The Network Service Provider shall submit service data to the Managing Entity as required in §394.74(3) (e), Fla. Stat., and Rule 65E-14.022, F.A.C., and the Network Service Provider shall submit the data electronically by the eighth (8th) of each month for the previous month's services, as specified by this contract and in accordance with the DCF Data System Guidelines.

(4) The Network Service Provider shall:

(a) Ensure that the data submitted clearly documents all Individuals Served admissions and discharges which occurred under this contract;

(b) Ensure that all data is submitted electronically to the Managing Entity is consistent with the data maintained in the Network Service Provider's Individuals Served files;

(c) Review File Upload History and error reports to determine number of records accepted, updated, and/or rejected. It is the responsibility of the Network Service Provider to download any associated error files to determine which records were rejected and to ensure that rejected records are corrected and resubmitted within specified timeframes.

(d) Resubmit corrected records no later than the next monthly submission deadline. In the event that the Network Service Provider's total monthly submission per data set results in a rejection rate greater than five percent (5%) for two consecutive months, the Network Service Provider shall submit a CAP within 30 days of the second deficient month that includes timeframe for correcting all prior data rejections; and

(e) In accordance with the provisions of §402.73(1), Fla. Stat., and Rule 65-29.001 F.A.C., CAPs may be required for noncompliance, nonperformance, or unacceptable performance under this contract. Penalties may be imposed for failures to implement or to make acceptable progress on such CAPs.

(5) The Network Service Provider shall make all requested documentation available electronically. The Network Service Provider shall ensure that all documents are clearly legible and are sent in the original format. All reports and plans or changes to existing reports and plans shall be uploaded within five (5) business days of the change or Managing Entity's approval, when approval of a plan is required.

(6) Prior to the start the Network Service Provider's contract period, the Network Service Provider shall submit, for the Managing Entity review and approval the **Exhibit C - Projected Operating and Capital Budget, Exhibit D - Personnel Detail Record, and Exhibit E - Agency Capacity Report** pursuant to Rule 65E-14.021, F.A.C. The Managing Entity shall re-approve the Projected Operating and Capital Budget prior to any change to a Network Service Provider's unit rates.

(7) Following the fiscal year, the Network Service Provider must submit the **Exhibit C-1 - Statement of Revenue and Expense and Exhibit D-1 - Statement of Revenue and Expense Personnel Detail** to reconcile LSF Health System payments with Network Service Provider actual expenditures per CFDA/CSFA numbers.

(8) For all client non-specific services where unit rates are set pursuant to Rule 65E-14.021, F.A.C., the budgeted SAMH funding per covered service shall be updated to reflect the utilization pattern established in the previous fiscal year(s) of the contract period.

(9) Where this contract requires the delivery of reports to the Managing Entity, mere receipt by the Managing Entity shall not be construed to mean or imply acceptance of those reports. The Managing Entity reserves the right to reject reports as incomplete, inadequate, or unacceptable according to the parameters set forth in this contract, and must notice the Network Service Provider electronically within fifteen (15) days of receipt of the report by the Managing Entity. The Managing Entity, at its option, may allow additional time within which the Network Service Provider may remedy the objections noted by the Managing Entity or the Managing Entity may, after having given the Network Service Provider a reasonable opportunity to complete, make adequate, or acceptable, such reports, declare the contract to be in default.

(10) The Network Service Provider is required to comply with **Attachment III** to the Lutheran Services Standard Contract.

d. General Performance Specifications

The Network Service Provider shall be solely and uniquely responsible for the satisfactory performance of the tasks described in this Contract and its Incorporated Documents and Exhibits. By execution of this Contract, the Network Service Provider assumes responsibility for the tasks,

activities, and deliverables described herein; and warrants that it fully understands all relevant factors affecting accomplishment of the tasks, activities, and deliverables and agrees to be fully accountable for the performance thereof whether performed by the Network Service Provider or its Subcontractor(s).

e. Performance Measures for Acceptance of Deliverables

(1) In addition to any criteria for approval of deliverables and services for payment, the Network Service Provider must meet the performance outcomes measures specified in **Exhibit B - Performance Outcome Measures** and document monthly progress toward compliance with the targets.

(2) Performance outcome measures shall be evaluated monthly and during each annual monitoring of the Network Service Provider. The Network Service Provider is responsible and accountable for meeting all performance outcomes measure targets, as specified in this contract.

(3) The performance outcome measures targets are subject to periodic review by the Managing Entity or the Department and adjustments to the targets or the measures may be made by mutual agreement between the Managing Entity and the Department.

(4) The Network Service Provider agrees that the SAMH data system shall be the source for all data used to determine compliance with performance outcomes measures, understanding that the Network Service Provider submits all data in the manner provided by Management Entity, and once validated by the Managing Entity, the Managing Entity then submits that data to FASAMS. Performance of the Network Service Provider shall be monitored and tracked by the Managing Entity. The Managing Entity shall provide applicable technical assistance to Network Service Provider and initiate corrective actions, as required, and will report to the Department.

(5) Department performance measure compliance determinations are final. Once performance measures have been calculated using the data submitted in the SAMH Data System, performance data may not be altered or amended. Subsequent performance data submission will not impact the initial performance measure compliance determination.

(6) The Network Service Provider shall submit all service related data for Individuals Served that are funded in whole or in part by SAMH funds and local match.

f. Performance Measure Terms

PAM 155-2 provides the definitions of the data elements used for various performance outcomes measures and contains policies and procedures for submitting the required data into the Managing Entity's Data System in the manner provided by the Management Entity.

g. Performance Measure Methodology

The methodology and algorithms to be used in assessing the Network Service Provider's performance are outlined in the guidance document **Incorporated Document 14 - Performance Outcomes Measurement Manual**, which is incorporated herein and may be located on the Managing Entity's website.

h. Performance Standards Statement

By execution of this contract, the Network Service Provider hereby acknowledges and agrees that its performance under the contract must meet the standards set forth above and shall be bound by the conditions set forth in this contract. If the Network Service Provider fails to meet these standards, the Managing Entity, at its exclusive option, may allow a reasonable period, not to exceed three months, for the Network Service Provider to correct performance deficiencies. If performance deficiencies are not resolved to the satisfaction of the Managing Entity within the prescribed time, and if no extenuating circumstances can be documented by the Network Service Provider to the Managing Entity's satisfaction, the Managing Entity may terminate the contract. The Managing Entity has the exclusive

authority to determine whether there are extenuating or mitigating circumstances. The Network Service Provider further acknowledges and agrees that during any period in which the Network Service Provider fails to meet these measures, regardless of any additional time allowed to correct performance deficiencies, payment for deliverables may be delayed or denied and financial consequences may apply.

i. Failure to Perform

If the Network Service Provider fails to perform in accordance with this contract, or fails to perform the minimum level of service required by this contract, the Managing Entity will apply financial consequences provided for in the Lutheran Services Florida Standard Contract, Paragraph 21. The parties agree that the financial consequences provided for under this section constitute financial consequences under §§287.058(1)(h); and 215.871(1)(c), Fla. Stat. The foregoing does not limit additional financial consequences, which may include, but are not limited to, refusing payment, withholding payment until deficiency is cured, tendering partial payments, applying payment adjustments for additional financial consequences to the extent that this contract so provides, or termination pursuant to the terms of the Lutheran Services Florida Standard Contract, and requisition of services from an alternate source. Any payment made in reliance on the Network Service Provider's evidence of performance, which evidence is subsequently determined to be erroneous, will be immediately due as an overpayment in accordance with the Lutheran Services Standard Contract, to the extent of such error.

j. Corrective Action Plan for Performance Deficiencies

By execution of this contract, the Network Service Provider hereby acknowledges and agrees that its performance under the contract must meet the standards set forth above and will be bound by the conditions set forth in this contract. If performance deficiencies are not resolved to the satisfaction of the Managing Entity within the prescribed time, and if no extenuating circumstances can be documented by the Network Service Provider to the Managing Entity's satisfaction, the Managing Entity may terminate the contract. The Managing Entity has the exclusive authority to determine whether there are extenuating or mitigating circumstances.

Corrective action may be required for noncompliance, nonperformance, or unacceptable performance under this contract. Financial consequences may be imposed for failure to implement or to make acceptable progress on such corrective action as identified and set forth in the Lutheran Services Standard Contract, Financial Penalties for Failure to Take Corrective Action.

6. Network Service Provider Responsibilities

The Network Service Provider shall:

(1) Collaborate with the Managing Entity to amend into this contract all applicable requirements of any appropriations, awards, initiatives, or Federal grants received by the Managing Entity and the Department;

(2) Cooperate with the Managing Entity and the Department when investigations are conducted regarding a regulatory complaint;

(3) Integrate the Managing Entity's and the Department's current initiatives, new state and federal requirements, and policy initiatives into its operations;

(4) The Network Service Provider shall coordinate with the Community Based Care lead agency, or agencies, as appropriate, to further the child welfare role of the Department, pursuant to §409.996(12), Fla. Stat. Such coordination shall be in accordance with **Incorporated Documents 6, 16, 28, and 30**, which are incorporated herein by reference;

(5) The Network Service Provider shall coordinate with the judicial system, the criminal justice system, and the local law enforcement agencies in the geographic area, to develop strategies and alternatives for diverting individuals from the criminal justice system to the civil system. Such diversion shall be as provided under pt. I of ch. 397, Fla. Stat., and §394.9082, Fla. Stat., and apply to persons with substance use and mental health disorders who are included in the priority population pursuant to §394.674, Fla. Stat., who are arrested for a misdemeanor;

(6) The NSP shall coordinate with the judicial system to provide services covered through this contract that address the substance abuse and mental health needs of children and parents in the child welfare system and the juvenile justice system;

(7) The NSP shall integrate the Managing Entity's current initiatives, new state and federal requirements, and policy initiatives into its operations and

(8) Comply with 45 C.F.R. Section 164.504(e)(2)(ii).

7. Managing Entity Responsibilities

a. Managing Entity Obligations

(1) The Managing Entity shall provide technical assistance and support to the Network Service Provider as necessary, concerning the terms and conditions of this contract.

(2) The Managing Entity shall collaborate with the Community Based Care lead agencies to integrate other services with the substance abuse and mental health treatment and supports, and shall require Network Service Providers to participate on family or clinical teams, pursuant to §409.996(12), Fla. Stat.

(3) The Managing Entity shall coordinate with the judicial system to provide services covered through its contract that address the substance abuse and mental health needs of children and parents in the child welfare system and the juvenile justice system in collaboration with Network Service Providers; and

(4) The Managing Entity shall participate in the interagency team meetings created as a result of the Interagency Agreement for child-serving agencies, in collaboration with Network Service Providers where appropriate.

b. Determinations

The Network Service Provider agrees that services funded by this contract other than those set out in this contract, shall be provided only upon receipt of a written authorization from the Managing Entity Network Manager. The Department has final authority to make any and all determinations that affect the health, safety, and well-being of the people of the State of Florida.

c. Monitoring Requirements

(1) The Network Service Provider shall be monitored in accordance with §394.741, Fla. Stat., §402.7305, Fla. Stat., CFOP 75-8, Contract Monitoring Operating Procedures, and shall be monitored on its performance of any and/or all requirements and conditions of this contract. The Network Service Provider shall comply with any requests made by the Managing Entity's evaluator(s) as part of the conduct of such monitoring. At no cost to the Managing Entity, the Network Service Provider shall provide complete access to all programmatic, administrative, management, budget and financial information related to services provided under this contract.

(2) The Managing Entity shall provide a written report to the Network Service Provider within 30 days of the monitoring team's exit. If the report indicates corrective action is necessary, the Network Service Provider shall provide a proposed corrective action plan for the Managing Entity's approval, except in the case of threat to life or safety of Individuals Served, in which case the Network Service Provider shall take immediate action to ameliorate the threat and associated causes. The Network Service Provider's Corrective Action Plan is to be completed and returned to the Managing Entity for approval within fifteen (15) days of receipt of the monitoring report.

(3) In addition to the monitoring outlined above, the Managing Entity shall assess the overall performance of the Network Service Provider.

(4) Assessment shall include, but may not be limited to, reviews of procedures, data systems, program service delivery, accounting records, financial management policies and procedures and support documentation, internal quality improvement reviews, and documentation of service of Individuals Served. The Network Service Provider shall cooperate at all times with the Managing Entity to conduct these reviews and shall provide all documentation requested by the reviewers in a timely manner at its administrative office or other location, as determined by the Managing Entity.

C. Method of Payment

1. Payment Clause

This Contract is comprised of federal and state funds, subject to reconciliation. The **Exhibit H - Funding Detail** identifies the type and amount of funding provided. At the beginning of each fiscal year, the **Exhibit H - Funding Detail** shall be amended into this Contract, and the total contract amount shall be adjusted accordingly, on an annual basis.

The Contract total dollar amount shall not exceed **\$1,096,668.00**, subject to the availability of funds from the Department. The Managing Entity shall pay the Network Service Provider a prorated amount not to exceed one-twelfth of the contracted amount each month.

a. The Managing Entity shall pay the Network Service Provider for the delivery of services provided in accordance with the terms and conditions of the **fee-for-service** payment methodology.

(1) If the Network Service Provider has special funding with varying method of payments, the special funding Attachment will outline the method of payment for that program.

(2) For all special funding paid using a fixed rate payment methodology:

(a) The total monthly payment amount shall not exceed one-twelfth of the fixed rate portion of the contract amount. The payment amount shall be included as a line item in the Network Service Provider's Exhibit I Invoice under the regular contract with the following documentation provided as support.

(b) The Network Service Provider shall submit the **Exhibit O – Expenditure Reconciliation Report** which will outline expenses incurred. This report shall be submitted on or before the 8th of the month following the end of each quarter. The Managing Entity reserves the right to request monthly Expenditure Reconciliation reports, depending on the Network Service Providers rate of spending, to perform an invoice reconciliation at any point within a fiscal year.

(c) All funds paid under the fixed rate methodology must be accounted for through this reconciliation process and any funding not accounted for is subject to repayment to LSF Health Systems.

(d) LSF Health Systems reserves the right to request substantiating documentation to support the line items submitted by the Network Service Provider in the Expenditure Reconciliation Report.

(e) LSF Health Systems will audit substantiating documentation outlined on the Expenditure Reconciliation Report as part of its monitoring and oversight process.

(f) Network Service Provider shall return to LSF Health Systems any unused funds and unmatched grant funds, as documented in the final Expenditure Reconciliation Report, no later than 60 days following the ending date of the subcontract.

(g) The Department of Children and Families CFOP 75-02 and Uniform Guidance govern fixed rate under this contract. The provisions therein are incorporated herein by reference.

(h) Reimbursement shall be made for actual, allowable expenditures within the limits of the latest version of the approved budget at the time that the invoice is processed.

(i) Mileage for travel will be reimbursed at a rate not to exceed \$0.445 per mile, the current rate established by the State of Florida.

(3) For all special funding paid using a cost reimbursement payment methodology:

(a) The total monthly payment amount shall not exceed one-twelfth of the contract amount. The payment amount shall be included as a line item in the Network Service Provider's Exhibit I Invoice under the regular contract with the following documentation provided as support.

(b) The Network Service Provider shall submit the **Exhibit P - Cost Reimbursement Report - Part 1 and Part 2** which will outline expenses incurred. This report shall be submitted on or before the 8th of the month following the month for which payment is being requested along with all substantiating documentation and/or receipts.

(c) All funds paid under the cost reimbursement methodology must be accounted for through the Cost Reimbursement Report and any funding not accounted for is subject to repayment to LSF Health Systems.

(d) LSF Health Systems reserves the right to request substantiating documentation to support the line items submitted by the Network Service Provider in the Cost Reimbursement Report.

(e) LSF Health Systems will audit substantiating documentation outlined on the Cost Reimbursement Report as part of its monitoring and oversight process.

(f) Network Service Provider shall return to LSF Health Systems any unused funds, as documented in the final Cost Reimbursement Report, no later than 60 days following the ending date of the subcontract.

(g) The Department of Children and Families CFOP 75-02 and Uniform Guidance govern cost reimbursement under this contract. The provisions therein are incorporated herein by reference.

(h) Reimbursement shall be made for actual, allowable expenditures within the limits of the latest version of the approved budget at the time that the invoice is processed.

(i) Mileage for travel will be reimbursed at a rate not to exceed \$0.445 per mile, the current rate established by the State of Florida.

2. Invoice Requirements

a. In accordance with the terms and conditions of this contract, the Network Service Provider shall submit monthly data to generate an invoice no later than 5pm on the 8th calendar day following the month for which payment is being requested, in the form of person and non-person specific data with adequate supporting documentation and appropriate data on service utilization and individuals served, in accordance with the DCF Data System Guidelines;

(1) The Network Service Provider shall attest and certify as to each monthly data submission for invoicing that, at the time of submission, no other funding source was known for the included services. This attestation shall be contained in the body of the electronic message when submitting the invoice by 5pm on the 8th.

(2) Allowable covered services within a bundled rate, as defined by the FASAMS Pamphlet 155-2, must be reported as the actual covered service (i.e. Case Management, Medical Services, etc.). This is also known as "encounter data".

b. Failure to submit properly complete and accurate invoice data shall prevent the authorization of payment;

c. Within ten (10) business days of receipt of properly completed invoice data from the Network Service Provider, the Network Manager shall either approve the invoice for payment or notify the Network Service Provider of any deficiencies that must be corrected by the Network Service Provider;

d. Failure to submit the required documentation shall cause payment to be delayed until such

documentation is received;

e. The Managing Entity shall make payment not more than thirty-five (35) days from the date eligibility for payment is determined, subject to the availability of funds from the Department;

f. When the Managing Entity fully implements the electronic invoice process, the Network Service Provider will be paid based upon the accepted data entered into the Managing Entity's reporting system.

g. Following the conclusion of each state fiscal year, the Network Service Provider shall submit invoice data for the final invoice to the Managing Entity no later than July 31st.

h. The Managing Entity reserves the right to request additional documentation to support the payment of an invoice at any time.

3. Local Match Calculation

a. The Network Service Provider shall maintain, at minimum, an accounting of local match, and report local match to the Managing Entity upon request. The **Exhibit J - Local Match Calculation Form** shall be submitted upon request of the Managing Entity.

4. Allowable Costs

a. All costs associated with performance of the services contemplated by this Contract must be both reasonable and necessary and in compliance with the Cost Principles pursuant to 2 CFR Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 CFR Part 300.1 – Adoption of 2 CFR Part 200, 45 CFR Part 75 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards Requirements for HHS Awards - Subpart E, The Reference Guide for State Expenditures, and Ch. 65E-14, F.A.C.

b. Unless otherwise specified in writing by the federal grant issuing agency, none of the funds provided under any federal grants may be used to pay the salary of an individual at a rate in excess of Level II of the Executive Schedule, published but the U.S. Office of Personnel Management at: <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/>

c. Any compensation paid for an expenditure subsequently disallowed as a result of the Network Service Provider's non-compliance with state or federal funding regulations shall be repaid to the Managing Entity upon discovery.

d. Invoices must be dated, signed by an authorized representative of the Network Service Provider and submitted in accordance with the submission schedule in this contract, with appropriate service utilization and Individuals Served data accepted into the Managing Entity's Data System, in accordance with PAM 155-2.

e. The Network Service Provider is required to submit a new Form W-9 through the DFS website at <http://flvendor.myfloridacfo.com>. This website provides a new substitute Form W-9 that is unique to Florida and collects and integrates the information with other electronic data to facilitate payment. Consequently, all Network Service Providers, regardless of their business type, size, or tax status, who have not already completed this requirement must use this website and complete the required information. The DFS W-9 system includes a verification of the data submitted with the Internal Revenue Service (IRS). Mismatches shall be identified and returned to the grant recipients for resolution. DFS shall reject invoices from grant recipients who have not submitted a new substitute W-9 that has been validated by the IRS.

5. Third Party Billing

a. The Managing Entity and the Department are intended to be Payors of last resort. The Network Service Provider shall adhere to the following guidelines for payment of services billed:

(1) The Network Service Provider shall not bill the Managing Entity for services provided to:

(a) Individuals who have third party insurance coverage when the services provided are paid under the insurance plan; or

(b) Medicaid enrollees or recipients or another publicly funded health benefits assistance program, when the services provided are paid by said program.

(2) The Network Service Provider shall comply with the terms and conditions of 65E-14, F.A.C. in determining which individuals to bill to the Managing Entity.

b. The Network Service Provider shall report Medicaid earnings and earnings from other publicly funded health benefits assistance programs separately from all other fees.

c. For all Medicaid-enrolled Network Service Providers, prior to invoicing the Managing Entity for any services provided to any Medicaid-enrolled recipients, the agency must document that they have:

(1) Submitted a prior authorization request for any Medicaid-covered services provided.

(2) Appealed any denied prior authorizations.

(3) Provided assistance to appeal a denial of eligibility or coverage.

(4) Verified the provided service is not a covered service under Florida Medicaid, as defined in Chapter 59G-4, F.A.C., or is not available through the individual's MMA Plan.

(5) In cases where the individual's Medicaid-covered service limit has been exhausted for mental health services, an appropriately licensed mental health professional has issued a written clinical determination that the individual continues to need the specific mental health treatment service provided.

(6) In cases where the individual's Medicaid-covered service limit has been exhausted for substance use disorder treatment services a qualified professional as defined in § 397.311(35), F.S., has issued a written clinical determination that the individual continues to need the specific service provided.

6. Temporary Assistance to Needy Families (TANF) Billing

The Network Service Provider must comply with the applicable obligations under Part A or Title IV of the Social Security Act. The Network Service Provider agrees that TANF funds shall be expended for TANF participants as outlined in the guidance document **TANF – Incorporated Document 21**, which is incorporated herein by reference and Temporary Assistance to Needy Families (TANF) Guidelines, which is incorporated herein by reference and may be located at:

<https://www.myflfamilies.com/services/substance-abuse-and-mental-health/samh-providers/managing-entities>

7. Payments from Medicaid Health Maintenance Organizations, Prepaid Mental Health Plans, or Provider Services Networks

Unless waived in **Section D** (Special Provisions) of this contract, the Network Service Provider agrees that sub-capitated rates from a Medicaid health maintenance organization, prepaid mental health plan, or provider services network are considered to be "third party payor" contractual fees as defined in Rule 65E-14.001, F.A.C. Services that are covered by the sub-capitated contracts and provided to persons covered by these sub-capitated contracts must not be billed to the Managing Entity. The Network Service Provider shall ensure that Medicaid funds shall be accounted for separately from funds for this contract, and reported to the Managing Entity as per **Section C** (Method of Payment) **5b.** (Third Party Billing.)

8. Information and Referral and Crisis Support Emergency

Network Service Providers who are contracted for the Information and Referral and Crisis Support Emergency covered services will receive reimbursement up to an agreed percentage of the total payment due for each applicable OCA on the monthly invoice.

D. Special Provisions

1. Termination

The provisions of **Section 6.2.1** and **Section 6.2.2** are hereby modified and superseded as follows. The remaining clauses of **Section 6** remain in effect.

- a.** Notwithstanding the provisions of **Section 6.2.1**, in accordance with Section 22 of PUR 1000 Form, this Contract may be terminated by the Managing Entity without cause upon no less than 180 calendar days' notice in writing to the Network Service Provider unless a sooner time is mutually agreed upon in writing.
- b.** Notwithstanding the provisions of **Section 6.2.2**, this Contract may be terminated by the Network Service Provider upon no less than 180 calendar days' notice in writing to the Managing Entity unless a sooner time is mutually agreed upon in writing.

2. Dispute Resolution

The following Dispute Resolution terms shall apply to this Contract:

- a.** The parties agree to cooperate in resolving any differences in interpreting the Contract. Within five working days of the execution of this contract, each party shall designate one person, with the requisite authority, to act as its representative for dispute resolution purposes. Each party shall notify the other party of the person's name and business address and telephone number. Within five working days from delivery to the designated representative of the other party of a written request for dispute resolution, the representatives shall conduct a face-to-face meeting to resolve the disagreement amicably. If the representatives are unable to reach a mutually satisfactory resolution, either representative may request referral of the issue to the Network Service Provider's Chief Executive Officer (CEO) and the Managing Entity's Chief Executive Officer (CEO). Upon referral to this second step, the respective parties shall confer in an attempt to resolve the issue.
- b.** If the CEOs are unable to resolve the issue within 10 days, the parties' appointed representatives shall meet within 10 working days and select a third representative. These three representatives shall meet within 10 working days to seek resolution of the dispute. If the representatives' good faith efforts to resolve the dispute fail, the representatives shall make written recommendations to the Department's Secretary who shall work with both parties to resolve the dispute. The parties reserve all their rights and remedies under Florida law. Venue for any court action shall be in Leon County, Florida.

3. MyFloridaMarketPlace Transaction Fee

This contract is exempt from the MyFloridaMarketPlace Transaction Fee in accordance with Rule 60A-1.032(1) (d), F.A.C.

4. Contract Renewal

This contract may be renewed for a term not to exceed three years or for the term of the original contract, whichever period is longer. Such renewal shall be made by mutual agreement and shall be contingent upon satisfactory performance evaluations as determined by the Managing Entity and shall be subject to the availability of funds. Any renewal shall be in writing and shall be subject to the same terms and conditions as set forth in the initial contract and any subsequent amendments.

5. Insurance Requirements

In addition to the provisions of **Section 4.8**, the following Special Insurance Provisions shall apply to this Contract. In the event of any inconsistency between the requirements of this section and the requirements of **Section 4.8**, the provisions of this section shall prevail and control.

- a.** The Network Service Provider shall notify the Network Manager within 30 calendar days if there is a modification to the terms of insurance, including but not limited to, cancellation or modification to policy limits.

- b.** The Network Service Provider acknowledges that as an independent contractor, the Network Service Provider at all tiers are not covered by the State of Florida Risk Management Trust Fund for liability created by §284.30, F.S.
- c.** The Network Service Provider shall obtain and provide proof to the Managing Entity and the Department of comprehensive general liability insurance coverage (broad form coverage), specifically including premises, fire and legal liability to cover managing the Network Service Provider and all of its employees. The limits of Network Service Provider's coverage shall be no less than \$300,000 per occurrence with a minimal annual aggregate of no less than \$1,000,000.
- d.** With the exception of any state agency or subdivision as defined by § 768.28(2), F.S., the Managing Entity shall cause all Network Service Providers, at all tiers, who the Managing Entity reasonably determines to present a risk of significant loss to the Managing Entity or the Department, to obtain and provide proof to the Managing Entity and the Department a comprehensive general liability insurance coverage (broad form coverage), specifically including premises, fire and legal liability covering the Network Service Provider and all its employees. The limits of coverage for the Managing Entity's Network Service Providers, at all tiers, shall be in such amounts as the Managing Entity reasonably determines to be sufficient to cover the risk of loss.
- e.** If any officer, employee, or agent of the Network Service Provider, at all tiers, operates a motor vehicle in the course of the performance of its duties under this contract, the Network Service Provider shall obtain and provide proof to the Managing Entity and the Department of comprehensive automobile liability insurance coverage. The limits of the Network Service Provider's coverage shall be no less than \$300,000 per occurrence with a minimal annual aggregate of no less than \$1,000,000.
- f.** If any officer, employee, or agent of the Network Service Provider, at all tiers, provides operates a motor vehicle in the course of the performance of the duties of the Network Service Provider, the Managing Entity shall cause the Network Service Provider to obtain and provide proof to the Managing Entity and the Department of comprehensive automobile liability insurance coverage with the same limits.
- g.** The Managing Entity and the Department shall be exempt from, and in no way liable for, any sums of money that may represent a deductible or self-insured retention under any such insurance. The payment of any deductible on any policy shall be the sole responsibility of the Network Service Provider purchasing the insurance.
- h.** The Network Service Provider shall obtain and provide proof to the Managing Entity of professional liability insurance coverage, including errors and omissions coverage, to cover the Managing Entity and all its employees. If any officer, employee, or agent of the Network Service Provider administers any prescription drug or medication or controlled substance in the course of the performance of the duties of the Network Service Provider under this contract, the professional liability coverage shall include medical malpractice liability and errors and omissions coverage, to cover the Network Service Provider and all its employees. The limits of the coverage shall be no less than \$300,000 per occurrence with a minimal annual aggregate of no less than \$1,000,000.
- i.** If any officer, employee, or agent of the Network Service Provider, at all tiers, provides any professional services or provides or administers any prescription drug or medication or controlled substance in the course of the performance of the duties of the Network Service Provider, the Managing Entity shall cause the Network Service Provider, at all tiers, to obtain and provide proof to the Managing Entity and the Department of professional liability insurance coverage, including medical malpractice liability and errors and omissions coverage, to cover all Network Service Provider employees with the same limits.
- j.** The Managing Entity and Department shall be exempt from, and in no way liable for, any sums of money that may represent a deductible or self-insured retention under any such insurance. The payment of any deductible on any policy shall be the sole responsibility of the Network Service Provider purchasing the insurance.
- k.** All such insurance policies of the Network Service Provider, at all tiers, shall be provided by insurers licensed or eligible to do and that are doing business in the State of Florida. Each insurer must have a

minimum rating of “A” by A.M. Best or an equivalent rating by a similar insurance rating firm, and shall name the Managing Entity and the Department as an additional insured under the policy(ies). The Network Service Provider shall use its best good faith efforts to cause the insurers issuing all such general, automobile, and professional liability insurance to use a policy form with additional insured provisions naming the Managing Entity and the Department as an additional insured or a form of additional insured endorsement that is acceptable to the Managing Entity and Department in the reasonable exercise of its judgment.

(1) The Network Service Provider will provide the Managing Entity, at the time of the execution of this contract, a Certificate of Insurance indicating general, automobile, and professional liability coverage. The Certificate of Insurance must contain an endorsement naming “Lutheran Services Florida, Inc., d/b/a LSF Health Systems” and “Florida Department of Children and Families” along with the respective facility address as additional insured and certificate holder. The Certificate of Insurance must also contain a waiver of subrogation in favor of “Lutheran Services Florida, Inc., d/b/a LSF Health Systems” and “Florida Department of Children and Families”. The Network Service Provider also agrees to indemnify the Managing Entity and the Department from and against any and all costs, claims, judgments suits or liabilities including attorney’s fees related to or arising from the Network Service Provider and their performance of services under this contract. This indemnification obligation will survive the termination of this contract as applicable.

I. All such insurance obtained by the Network Service Provider shall be submitted to and confirmed by the Network Manager on an annual basis.

m. In addition to the requirements of **Section 4.8**, the Network Service Provider shall comply with the publicity requirements mandated in § 394.9082(5)(u), F.S.

6. Employment Eligibility Verification (E-Verify)

a. Definitions as used in this clause:

(1) **“Employee assigned to the contract”** means all persons employed during the contract term by the Network Service Provider to perform work pursuant to this contract within the United States and its territories, and all persons (including subcontractors of the Network Service Provider) assigned by the Network Service Provider to perform work pursuant to this contract with the Managing Entity.

(2) **“Subcontract”** means any contract entered into by a Network Service Provider to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

(3) **“Subcontractor”** means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime provider or another Network Service Provider.

b. Enrollment and Verification Requirements

(1) The Network Service Provider shall:

(a) Enroll as a provider in the E-Verify program within 30 calendar days of contract award or amendment.

(b) Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility. All new employees assigned by the Network Service Provider or a Subcontractor to perform work pursuant to the contract with the Managing Entity shall be verified as employment eligible within three business days after the date of hire.

(2) The Network Service Provider shall comply, for the period of performance of this contract, with the requirement of the E-Verify program enrollment.

(a) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Network Service Provider’s enrollment and deny access to the E-Verify system in accordance with the terms of the enrollment. In such case, the Network Service Provider shall be

referred to a DHS or SSA suspension or debarment official.

(b) During the period between termination of the enrollment and a decision by the suspension or debarment official whether to suspend or debar, the Network Service Provider is excused from its obligations under paragraph (b) of this clause. If the suspension or debarment official determines not to suspend or debar the Network Service Provider, then the Network Service Provider must re-enroll in E-Verify.

(c) Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: <http://www.dhs.gov/E-Verify>.

(d) The Network Service Provider is not required by this clause to perform additional employment verification using E-Verify for any employee whose employment eligibility was previously verified by the Network Service Provider through the E-Verify program.

(e) Evidence of the use of the E-Verify system shall be maintained in the employee's personnel file.

(f) A photocopy of the employee's driver's license used to complete the I-9 Form must be maintained in the personnel file.

(g) The Network Service Provider shall include the requirements of this section, including this paragraph (f) (appropriately modified for identification of the parties), in each subcontract.

(h) The Subcontractor at any tier level must comply with the E-Verify clause as subject to the same requirements as the Network Service Provider.

(3) The Network Service Provider shall comply with the provisions of § 448.095, F.S.

7. Preference to Florida-Based Businesses

The Network Service Provider shall maximize the use of state residents, state products, and other Florida-based businesses in fulfilling its contractual duties under this contract.

8. Financial Attestations

The Network Service Provider shall ensure compliance with Rule 65E-14.018, F.A.C., by obtaining a financial attestation from each consumer to validate their due diligence for fiscal stewardship of State funding. The financial attestation must include the annual household income, family size, client name, client identification number, a client signature, date of signature, staff signature and date staff signed the attestation. Financial eligibility will be determined based off of Health and Human Services Poverty Guidelines that are updated and released annually and where the household income is at 150% above Federal poverty level or less. Once a consumer reaches 151% above the Federal poverty level, the Network Service Provider shall enact their sliding fee scale to all services delivered.

9. Sliding Fee Scale

A copy of the Network Service Provider's sliding fee scale that reflects the uniform schedule of discounts referenced in Rule 65E-14.018, F.A.C., shall be kept in the Network Service Provider's contract file. The Network Service Provider shall submit to the Network Manager, within 15 days of the execution of this contract, a copy of the Network Service Provider's sliding fee scale.

10. Trust Funds for Individual Served

a. The Network Service Provider shall comply with 20 C.F.R. Section 416 and 31 C.F.R. Section 240, as well as all other applicable federal laws, regarding the establishment and management of individual client trust accounts when the Network Service Provider is the representative payee, as defined as, the entity who is legally authorized to receive Supplemental Security Income, Social Security Income, Veterans Administration benefits, or other federal benefits on behalf of Individuals Served.

b. The Network Service Provider assuming responsibility for administration of the personal property and funds of clients shall follow the Department's Accounting Procedures Manual AMP 7, Volume 6, incorporated herein by reference (7APM6). The Managing Entity and the Department personnel or their

designees, upon request, may review all records relating to this section. Any shortages of client funds that are attributable to the Network Service Provider shall be repaid, plus applicable interest, within one week of the determination.

c. Notwithstanding 7APM6 Section 15, the Network Service Provider shall maintain all reconciliation records on-site for review.

11. National Provider Identifier (NPI)

a. All health care providers, including the Network Service Provider, are eligible to be assigned a Health Insurance Portability and Accountability Act (HIPAA) National Provider Identifiers (NPIs). However, Network Service Providers who are covered entities meeting the requirements of 45 CFR Part 162 must obtain and use NPIs.

b. An application for an NPI may be submitted online at:

https://hmsa.com/portal/provider/zav_pel.ph.NAT.500.htm

c. Additional information can be obtained from one of the following websites:

(1) The National Plan and Provider Enumeration System (NPPES):

<https://nppes.cms.hhs.gov/NPPES>

(2) The CMS NPI:

<https://www.cms.gov/Regulations-and-Guidance/Administrative-Simplification/NationalProvdentStand/>

12. Files of Individuals Served

The Network Service Provider is required to maintain all current and subsequent medical records and clinical files of Individuals Served. In the event a Network Service Provider program closes, the Network Service Provider shall:

(1) Maintain all inactive records documenting services provided with SAMH funds in compliance with the records retention requirements of **Section 5**; and

(2) Coordinate the transition of active records documenting services provided with SAMH funds to a successor Network Service Provider for the program, as identified by the Managing Entity, in compliance with any service transition requirements in the terminated subcontract or a transition plan developed in coordination with the successor Network Service Provider.

13. Community Persons Served Satisfaction Survey

The Network Service Provider shall conduct satisfaction surveys of Individuals Served pursuant to PAM 155-2.

14. Notification of Adverse Findings

The Network Service Provider shall report any adverse finding or report by any regulatory or law enforcement entity to the Managing Entity within 48 hours.

15. Medicaid Enrollment

The Network Service Provider shall enroll as a Medicaid provider. Exceptions to this requirement include instances where the Network Service Provider presents evidence that the services it renders under this contract are not payable by Medicaid or other circumstances approved by the Managing Entity.

16. Mobile Response Teams (MRTs)

The Network Service Provider must provide contact information for its local Mobile Response Teams to parents and caregivers of children, adolescents, and young adults between ages 18 and 25, inclusive, who receive behavioral health services.

E. Program Specific Requirements

The Network Service Provider shall incorporate any additional program-specific funds appropriated by the Legislature or contracted for Behavioral Health Services. Any increases shall be documented through an amendment to this contract, resulting in a current fiscal year funding and corresponding service increase. Such increase in services must be supported by additional deliverables as outlined in the amendment.

The Network Service Provider shall adhere to the Exhibits and Incorporated Documents for program specific funds as outlined in Appendix A of this contract.

All Exhibits and Incorporated Documents can be found on the LSF Health Systems website: <https://www.lsfhealthsystems.org/contract-documents/>.

Appendix B outlines all of the exemptions pertaining to this contract.

Appendix C outlines all special attachments, beyond Attachment IV, pertaining to this contract.

Appendix D outlines all negotiated performance measure targets pertaining to this contract.

DRAFT

ATTACHMENT II
CERTIFICATION REGARDING LOBBYING
CERTIFICATION FOR CONTRACTS, GRANTS, LOANS AND
COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or an employee of any agency, a member of congress, an officer or employee of congress, or an employee of a member of congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of congress, an officer or employee of congress, or an employee of a member of congress in connection with this federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

ATTACHMENT III FINANCIAL COMPLIANCE

The administration of resources awarded by the Department of Children and Families to the Managing Entity to the Network Service Provider may be subject to audits as described in this Attachment.

1. MONITORING

1.1. In addition to reviews of audits conducted in accordance 2 CFR 200.521-200.521 and §215.97, F.S., as revised, the Department or Managing Entity may monitor or conduct oversight reviews to evaluate compliance with contract, management, and programmatic requirements. Monitoring or oversight reviews include on-site visits by the Department or Managing Entity staff, agreed-upon-procedures engagements as described in 2 CFR §200.425, or other procedures. By entering into this agreement, the Provider shall comply and cooperate with any monitoring or oversight reviews deemed appropriate by the Department or the Managing Entity. In the event the Department or the Managing Entity determines that a limited scope audit of the Provider is appropriate, the Provider shall comply with any additional instructions provided by the Department or the Managing Entity regarding such audit. The Provider shall comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department's Inspector General, the state's Chief Financial Officer or the Auditor General.

2. AUDITS

2.1. Part I: Federal Requirements

2.1.1. This part is applicable if the Provider is a state or local government, or a nonprofit organization as defined in 2 CFR §§200.500-200.521.

2.1.2. In the event the Provider expends \$750,000 (\$1,000,000 for fiscal years beginning on or after October 1, 2024) or more in federal awards during its fiscal year, the Provider must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR §§200.500 - 200.521. The Provider shall provide a copy of the single audit to the Department's Single Audit Unit and LSF Health Systems Contract Manager. In the event the Provider expends less than \$750,000 (\$1,000,000 for fiscal years beginning on or after October 1, 2024) in federal awards during its fiscal year, the Provider shall provide certification to the Department's Single Audit Unit and its LSF Health Systems Contract Manager that a single audit was not required. If the Provider elects to have an audit that is not required by these provisions, the cost of the audit must be paid from non-federal resources. In determining the federal awards expended during its fiscal year, the Provider shall consider all sources of federal awards, including federal resources received from the Department of Children and Families, federal government (direct), other state agencies, and other non-state entities. The determination of amounts of federal awards expended shall be in accordance with guidelines established by 2 CFR §§200.500 - 200.521. An audit of the Provider conducted by the Auditor General in accordance with the provisions of 2 CFR Part §§200.500-200.521, will meet the requirements of this part. In connection with the above audit requirements, the Provider shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR §200.508.

2.1.3. The audit's schedule of expenditures shall disclose the expenditures by contract number for each contract with the Department in effect during the audit period. The audit's financial statements shall disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number.

2.2. Part II: State Requirements

2.2.1. This part is applicable if the Provider is a non-state entity as defined by §215.97(2), F.S.

2.2.2. In the event the Provider expends \$750,000 or more in state financial assistance during its fiscal year, the Provider must have a state single or project-specific audit conducted in accordance with §215.97, F.S.; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (non-profit and for-profit organizations), Rules of the Auditor General. The Provider shall provide a copy of the single audit to the Department's Single Audit Unit and its LSF Health Systems Contract Manager. In the event the Provider expends less than \$750,000 in state financial assistance during its fiscal year, the Provider shall provide certification to the Department's Single Audit Unit and its LSF Health Systems Contract Manager that a single audit was not required. If the Provider elects to have an audit that is not required by these provisions, the cost of the audit must be paid from non-state resources. In determining the state financial assistance expended during its fiscal year, the Provider shall consider all sources of state financial assistance, including state financial assistance received from the Department of Children and Families, other state agencies, and other non-state entities. State financial assistance does not include federal direct or pass-through awards and resources received by a non-state entity for federal program matching requirements.

2.2.3. In connection with the audit requirements addressed in the preceding paragraph, the Provider shall ensure that the audit complies with the requirements of §215.97(8), F.S. This includes submission of a financial reporting package as defined by §215.97(2), F.S., and Chapters 10.550 or 10.650, Rules of the Auditor General.

2.2.4. The audit's schedule of expenditures shall disclose the expenditures by contract number for each contract with the Department in effect during the audit period. The audit's financial statements shall disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number.

2.3. Part III: Report Submission

2.3.1. Audit reporting packages (including management letters, if issued) required pursuant to this agreement shall be submitted to the Managing Entity within thirty 30 (federal) or 40 (state) days of the Provider's receipt of the audit report or within nine months after the end of the Provider's audit period, whichever occurs first, directly to each of the following unless otherwise required by Florida Statutes:

2.3.1.1. LSF Health Systems

LSF Health Systems Data System – Carisk Partners

2.3.1.2. Department of Children & Families, Office of the Inspector General, Single Audit Unit Hqw.IG.Single.Audit@myflfamilies.com.

2.3.1.3. Reporting packages required by Part I of this attachment shall be submitted, when required by 2 CFR §200.521(d), by or on behalf of the Provider directly to the Federal Audit Clearinghouse using the Federal Audit Clearinghouse's Internet Data Entry System, located at: <https://www.fac.gov/>, and other federal agencies and pass-through entities in accordance with 2 CFR §200.512.

2.3.1.4. Reporting packages required by Part II of this agreement shall be submitted by or on behalf of the Provider directly to the state Auditor General (one paper copy and one electronic copy) at:

Auditor General
Local Government Audits/251
Claude Pepper Building, Room 401
111 West Madison Street
Tallahassee, Florida 32399-1450
flaudg-en_localgovt@aud.state.fl.us

The Auditor General's website (<https://flauditor.gov>) provides instructions for filing an electronic copy of a financial reporting package.

2.3.2. When submitting reporting packages to the Department and Managing Entity for audits done in accordance with 2 CFR §§200.500 - 200.521 or Chapters 10.550 (local governmental entities) or 10.650 (non-profit or for-profit organizations), Rules of the Auditor General, the Provider shall include correspondence from the auditor indicating the date the audit report package was delivered to Provider. When such correspondence is not available, the date that the audit report package was delivered by the auditor to the Provider must be indicated in correspondence submitted to the Department and Managing Entity in accordance with Chapter 10.558(3) or Chapter 10.657(2), Rules of the Auditor General.

2.3.3. Certifications that audits were not required shall be submitted within 90 days of the end of the Provider's audit period.

2.3.4. Any other reports and information required to be submitted to the Department pursuant to this attachment shall be done so timely.

2.4. Part IV: Record Retention

The Provider shall retain sufficient records demonstrating its compliance with the terms of this agreement for a period of six years from the date the audit report is issued and shall allow the Department or the Managing Entity or its designee, Chief Financial Officer or Auditor General access to such records upon request. The Provider shall ensure that audit working papers are made available to the Department or the Managing Entity or its designee, Chief Financial Officer, or Auditor General upon request for a period of three years from the date the audit report is issued, unless extended in writing by the Department or the Managing Entity.

ATTACHMENT IV

The purpose of this Attachment was to outline the terms and conditions governing the Network Service Provider's access to and use of Protected Health Information and provides the permissible uses and disclosures of protected health information by the Network Service Provider, but this is now referenced in the Standard Contract in **5.3**.

REMAINDER OF THIS ATTACHMENT INTENTIONALLY LEFT BLANK

DRAFT

ATTACHMENT V

This Attachment contains the terms and conditions governing the See You at the Top (SYATT) program which School Board of Clay County – SEDNET, hereinafter referred to as “Network Service Provider,” will administer in Duval, Clay, and Nassau counties. The terms of this Attachment shall be effective July 1, 2025 and shall continue through expiration of the Standard Contract to which this document is attached.

Section 1. Financial Consideration

1.1. Award Amount

School Board of Clay County – SEDNET has been awarded an amount for costs associated with administration of the See You at the Top (SYATT) program at its agency, not to exceed the specified program funding as set forth in the Exhibit H - Funding Detail, for both current fiscal year and carry forward funds from previous fiscal years, if applicable. This award is subject to availability of funds from the Department of Children and Families.

1.2. Payment

This award shall be paid using a fee-for-service methodology, subject to the availability of funds. The Network Service Provider shall comply with the terms of such methodology, including documentation and data reporting, as outlined in the body of the contract to which this document is attached.

Section 2. Program Administration

2.1. Program Objectives and Goals

- 2.1.1. See You at the Top (SYATT) Program: a youth-guided transitional program developed to address the unique needs of transition-aged youth who are at risk of substance abuse and mental health disorders. The group is made up of 10-12 children with a DSM diagnosis who have been referred by a school, mental health agency and are having difficulty within the community/school.

2.2. Admissions and Discharge

- 2.2.1. Refer clients from Family Service Planning Team (FSPT).
- 2.2.2. Referrals from community mental health agencies, schools, DJJ, churches, community advocacy groups, parents, local CBC's, Baker Act Facilities, and DCF.
 - 2.2.1.1 SEDNET shall review all applications and meet with the parents to determine appropriateness of the referral.
- 2.2.3. Child has an IQ above 70, whose primary diagnosis is not Autism or intellectually disabled and is a community child.
- 2.2.4. All admissions are voluntary and require consent and participation.
- 2.2.5. Length of stay in the SYATT program is based on individual need.

2.3. Staffing and Professional Qualifications

2.3.1 The Network Service Provider shall maintain an adequate administrative organizational structure and support staff sufficient to perform its contractual responsibilities.

2.3.2 The Network Service Provider shall maintain the following minimum programmatic Full-Time Equivalent (FTE) staff for the provision of the services described herein.

2.3.2.1 1.0 FTE Project Manager

- a. This position shall, at minimum, possess:
 - i. A Masters degree in Health Services, and
 - ii. A minimum of ten years of experience working with children or adolescents with behavioral health needs.
- b. The Network Service Provider shall ensure staff in this position have received supplemental topic-specific training in family systems, crisis intervention, teenager or young adult suicide prevention and trauma-informed care.
- c. The Network Service Provider shall ensure staff in this position have received supplemental topic-specific training in co-occurring substance abuse and mental health disorders and treatment.

2.3.2.2. 1.0 FTE Support Specialist

- a. This position shall, at minimum, possess:
 - i. A Bachelors degree in Health Services; or
 - ii. A minimum of four to five years of experience working with children or adolescents with behavioral health needs.
- b. The Network Service Provider shall ensure staff in this position have received supplemental topic-specific training in family systems, crisis intervention, teenager or young adult suicide prevention and trauma-informed care.
- c. The Network Service Provider shall ensure staff in this position have received supplemental topic-specific training in co-occurring substance abuse and mental health disorders and treatment.

2.3.2.3. 0.5 FTE Therapist

- a. This position shall, at minimum, possess:
 - i. A Bachelors degree in Health Services; or
 - ii. A minimum of two years of experience working with children or adolescents with behavioral health needs.

- b. The Network Service Provider shall ensure staff in this position have received supplemental topic-specific training in family systems, crisis intervention, teenager or young adult suicide prevention and trauma-informed care.
- c. The Network Service Provider shall ensure staff in this position have received supplemental topic-specific training in co-occurring substance abuse and mental health disorders and treatment.

2.3.2.4. 0.5 FTE Teacher

- a. This position shall, at minimum, possess:
 - i. A Bachelors degree in Health Services; or
 - ii. A minimum of two years of experience working with children or adolescents with behavioral health needs.
- b. The Network Service Provider shall ensure staff in this position have received supplemental topic-specific training in family systems, crisis intervention, teenager or young adult suicide prevention and trauma-informed care.
- c. The Network Service Provider shall ensure staff in this position have received supplemental topic-specific training in co-occurring substance abuse and mental health disorders and treatment.

2.3.3. The Network Service Provider must have these staff as part of the team; however, the number of staff and the functions they perform may vary in response to local needs and as approved by LSF Health Systems.

2.3.4. The Network Service Provider shall document that staff has adequate education and all other training necessary to perform the duties for which they are assigned and meet all applicable licensing or certification requirements for their respective disciplines.

2.3.5. The Network Service Provider must inform the Network Manager when positions become vacant.

2.4. The Network Service Provider shall maintain the following clinical documentation for individuals served in the program.

2.4.1. Intake/Assessment Documentation Requirements

2.4.1.1. The file contains basic demographic information, which includes; Name, address, telephone number, date of birth, names and addresses of guardian.

2.4.1.2. The file contains Release of Contact Information signed and dated by the student or guardian, which authorizes SEDNET to share contact information amongst the students and parent of the SYATT, and other agencies and/or providers involved with the student (i.e., Martial Arts program, school, or therapist).

2.4.1.3. The file contains Risk and Protective factors of client.

- 2.4.1.4. The file contains Consent for Treatment explaining goals of counseling, risks/benefits of counseling, confidentiality and agreement signed and dated by the student, guardian, and therapist/coach.

2.4.2. Treatment Services Requirements

- 2.4.2.1. The file contains documentation that an individual intervention plan was completed within 45 days of admission.
- 24.2.2. The individual intervention plan includes goals and objectives designed to reduce the severity and intensity of factors associated with substance abuse.
- 24.2.3. The individual intervention plan goals and objectives were derived from the initial assessment of the resident's needs and strengths.
- 24.2.4. The individual intervention plan goals and objectives are: Achievable; Reasonable timeframes; and stated in terms of measurable and observable changes.
- 24.2.5. For each goal or objective in the intervention plan the actions needed to attain that goal and the responsible individual(s) are listed.
- 24.2.6. The file contains documentation that the intervention plan was developed with and signed by the student or guardian and the staff who developed the plan. If the student or guardian refuses to sign, the reason for this, if determinable, is documented in the file.
- 24.2.7. New intervention plans shall be created once goals are reached and/or change.
- 24.2.8. The file contains documentation that the intervention plan was reviewed and updated every 60 days and signed by student and the staff who developed the plan.

Section 3. Documentation

3.1. Description of Services as described in 65E-14.021, F.A.C

- 3.1.1. Intervention (Individual and Group) focus on reducing risk factors generally associated with the progression of substance abuse and mental health problems. Intervention is accomplished through early identification of persons at risk, performing basic individual assessments, and providing supportive services, which emphasize short-term counseling and referral. This covered service shall include clinical supervision provided to a service provider's personnel by a professional qualified by degree, licensure, certification, or specialized training in the implementation of this service.
 - 3.1.1.1. Examples of services include travel to and from SYATT groups, preparing chart/notes for group and facilitating group. Network Service Provider may bill LSFHS up to 3 people (Project Manager, Therapist, and/or Teacher) per child in the SYATT group for facilitating. Total hours for travel and chart/notes shall be divided equally by the number of children in the SYATT group.
- 3.1.2. Incidental Expenses are temporary expenses incurred to facilitate continuing treatment and community stabilization when no other resources are available. Allowable uses of this Covered Service include: transportation, childcare, housing assistance clothing, educational services,

vocational services, medical care, housing subsidies, pharmaceuticals and other incidentals as approved by the department or Managing Entity.

3.1.2.1. Examples of expenses include purchase of Alhambra tickets for a group of SYATT children that promotes social skills or tutoring lessons. All incidentals must be tied back to a child and his/her goals.

3.1.2.2. When billing for incidental expenses, the Network Service Provider shall follow F.A.C. 65E-14.021(4)(k)4.b.(V).

3.2. Costs

3.2.1. Professional Services Rendered: Invoices for professional services must include a general statement of the services provided, the time period covered by the invoice, the hourly rate, the number of hours worked, and the total payment required. Evidence of payment of the invoice must also be included.

3.2.2. Postage and Reproduction Expenses: Outside vendors purchases must include invoices with evidence of payments made or receipts with itemization. In-house postage and reproduction must be supported by usage logs or similar reports.

3.2.3. Travel: Travel reimbursements shall be made in accordance with the Department's CFOP 40-1, § 287.058(1)(b), Fla. Stat. and §112.061, Fla. Stat. Receipts for direct expenses (e.g., airfare, car rental, parking, tolls) shall be provided in support of such expenses. For mileage reimbursements, submissions shall include date(s) of travel, amount of mileage (support of mileage may include either map routes or odometer readings), purpose of travel, origin and destination.

3.2.4. General Expenses not otherwise specified: Receipts or invoices with evidence of payment should be provided.

3.3. Services Rendered

3.3.1. The Network Service Provider shall maintain records documenting the total number of clients and names/unique identifiers of clients to whom services were rendered and the date(s) on which services were provided. The Network Service Provider shall make such information available to LSF Health Systems upon request and during monitoring of the program administration.

3.4. Client Charts

3.4.1. Client Charts shall be maintained in accordance with the applicable parameters established by 65D-30, F.A.C. Audit documentation shall be in accordance with 65E-14.021, F.A.C.

3.5. Reporting

3.5.1. **Appendix A – Persons Served and Performance Measures**: A monthly report persons served and performance measures for the reporting month. This report is due to the Network Manager and Children's System Care Manager by the 8th of every month. The template for this report is incorporated herein.

3.5.2. Ad Hoc and additional reporting may be required as determined necessary by LSF Health Systems or the Florida Department of Children and Families.

3.6. Performance Measures

3.6.1. Individuals receiving services shall attend an average of 80% percent of school days.

3.6.1.1. The numerator is the number of school days attended by youth receiving services.

3.6.1.2. The denominator is the total number of school days available.

3.6.2. Youth in the program will receive 40% or less disciplinary actions (i.e., discipline referrals, suspensions, etc.) in their educational setting.

3.6.2.1. The numerator is the number of youth who received disciplinary actions (i.e., discipline referrals, suspensions, etc.) during the reporting period.

3.6.2.2. The denominator is the total number of youth receiving services.

3.6.3. 70% percent of individuals receiving services shall improve their GPA between admission to discharge.

3.6.3.1. The numerator is the number of individuals whose discharge GPA is greater than their admission GPA. Measure improvement is based on the change between the admission and discharge GPA. A higher GPA score from admission to discharge indicates that the GPA improved.

3.6.3.2. The denominator is the total number of individuals discharged during the reporting period.

3.6.4. 80% of youth will earn their High School Diploma or GED.

3.6.4.1. The numerator is the number of youth who earned their High School Diploma or GED.

3.6.4.2. The denominator is the total number of youth eligibility to obtain their High School Diploma or GED.

3.6.5. 40% of less youth will be Baker Acted during the reporting period.

3.6.5.1. The numerator is the number of youth Baker Acted during the reporting period.

3.6.5.2. The denominator is the total number of youth enrolled in the program.

3.6.6. 80% of youth will be actively engaged in the program.

3.6.6.1. The numerator is the number of youth engaged with the SYATT provider (attending appointments, following recommendations, participation in assessments, etc.) during the reporting period.

3.6.6.2. The denominator is the total number of youth enrolled in the program.

3.6.7. A total of 96 individuals will be served annually.

Section 4. Miscellaneous

- 4.1. Other contractual requirements in effect under the remaining portions of this contract apply to the administration of the program described herein.
- 4.2. Renewal of the provisions of this Attachment and the program it governs are contingent on performance under the terms and subject to availability of funding from the Department.
- 4.3. The provisions of this Attachment are subject to revision and amendment by LSF Health Systems.
- 4.4. Any ambiguity in this Attachment shall be interpreted to permit compliance with laws, regulations and codes in effect within the State of Florida.

DRAFT

Minimum Performance Measures

EXHIBIT B

B.1. The Network Service Provider shall meet the performance measures in **Table 3**, as appropriate to the services and target populations in its Contract, listed in Exhibit L – Covered Service Rates by Program.

| Table 3 – Network Service Provider Performance Measures | |
|---|--|
| Measure Description | |
| The Network Service Provider shall increase diversions from acute care services. The readmission rate is equal to or less than 20% the first year and increases 1% thereafter. Numerator: Number of readmissions. Denominator: number of discharges all multiplied by 100. | |
| Travel time for 50% or fewer individuals residing in the Region in urban counties and seeking services is within 30 miles and takes less than 60 minutes. The readmission rate is equal to or less than 20% the first year and increases 1% thereafter. Numerator: Number of readmissions. Denominator: number of discharges all multiplied by 100. | |
| Travel time for 50% or fewer individuals residing in the Region in rural counties and seeking services is within 50 miles and takes less than 120 minutes. This shall increase 10% per year thereafter, up to 70%. Numerator: Number of individuals who traveled a maximum of 120 minutes and 50 miles to access care. Denominator: Total number of individuals seen multiplied by 100. | |
| Network Service Providers shall demonstrate progress by reducing the average number of days individuals remain on the on the Forensic and Priority Population Wait List. | |

B.2. The Network Service Provider shall meet the targets in **Table 4**, as appropriate to the services and target populations in its Contract, listed in Exhibit L – Covered Service Rates by Program.

| Table 4 – Network Service Provider Measures | | Target |
|---|--|--------|
| Adults Community Mental Health | | |
| MH003 | Average annual days worked for pay for adults with severe and persistent mental illness | 40 |
| MH703 | Percent of adults with serious mental illness who are competitively employed | 24% |
| MH742 | Percent of adults with severe and persistent mental illnesses who live in stable housing environment | 90% |
| MH743 | Percent of adults in forensic involvement who live in stable housing environment | 67% |
| MH744 | Percent of adults in mental health crisis who live in stable housing environment | 86% |
| Adult Substance Abuse | | |
| SA753 | Percentage change in clients who are employed from admission to discharge | 10% |
| SA754 | Percent change in the number of adults arrested 30 days prior to admission versus 30 days prior to discharge | 15% |
| SA755 | Percent of adults who successfully complete substance abuse treatment services | 51% |
| SA756 | Percent of adults with substance abuse who live in a stable housing environment at the time of discharge | 94% |
| Children Mental Health | | |
| MH012 | Percent of school days Seriously Emotionally Disturbed (SED) children attended | 86% |

Minimum Performance Measures

EXHIBIT B

| | | |
|---------------------------------|--|-----|
| MH377 | Percent of children with Emotional Disturbances (ED) who improve their level of functioning | 64% |
| MH378 | Percent of children with SED who improve their level of functioning | 65% |
| MH778 | Percent of children with ED who live in a stable housing environment | 95% |
| MH779 | Percent of children with SED who live in a stable housing environment | 93% |
| MH780 | Percent of children at risk of ED who live in a stable housing environment | 96% |
| Children Substance Abuse | | |
| SA725 | Percent of children who successfully complete substance abuse treatment services | 48% |
| SA751 | Percent change in the number of children arrested 30 days prior to admission versus 30 days prior to discharge | 20% |
| SA752 | Percent of children with substance abuse who live in a stable housing environment at the time of discharge | 93% |

B.3. The Network Service Provider shall provide timely access measures in **Table 5**, as appropriate to the services and target populations in its Contract, listed in Exhibit L – Covered Service Rates by Program.

| Table 5 – Network Service Provider Timely Access Measures | | | |
|---|--|--------------------|--------------------|
| Measure Description | Minimum Acceptable Network Service Provider Performance | | |
| | Effective 7/1/2025 | Effective 7/1/2027 | Effective 7/1/2029 |
| Appointments for urgent services (services needed to preclude a crisis) provided within 48 hours of a request. | 70% | 80% | 90% |
| Appointments for rapid intervention for children, families, or individuals in distress or at risk for entry into foster care, justice systems or more intensive services within 72 hours from the date of a referral or request for assistance. | 70% | 80% | 90% |
| Appointments for outpatient follow-up services provided within 7 days after discharge from an inpatient or residential setting | 70% | 80% | 90% |
| Appointments for initial assessment are provided within 14 days of a request for treatment. | 70% | 80% | 90% |

B.4. The Network Service provider shall ensure they cumulatively reach the annual output measures in **Table 6**.

| Table 6 – Network Service Provider Output Measures Persons Served for Fiscal Year 2025-2026 | | |

**** Table 6 is unique for each Network Service Provider and will be distributed separately.**

B.5. If the Network Service Provider fails to perform in accordance with this Contract or fails to perform the minimum level of service required by this Contract, the Managing Entity will apply financial consequences as stated herein. The parties agree that the financial consequences provided for under Exhibit B constitute financial consequences under § 287.058(1)(h); and § 215.971(1)(c), F.S. The foregoing does not limit additional financial consequences, which may include but are not limited to refusing payment, withholding payment until deficiency is cured, tendering partial payments, applying payment adjustments for additional financial consequences to the extent that this Contract so provides, or termination pursuant to the terms of **Section 6.2**, and requisition of services from an alternate source. Any payment made in reliance on the Network Service Provider's evidence of performance, which evidence is subsequently determined to be erroneous, will be immediately due as an overpayment in accordance with **Section 3.5**, to the extent of such error.

B.6. Corrective Action for Performance Deficiencies

B.6.1. By execution of this Contract, the Network Service Provider hereby acknowledges and agrees that its performance under the Contract must meet the standards set forth above and will be bound by the conditions set forth in this Contract. If performance deficiencies are not resolved to the satisfaction of the Managing Entity within the prescribed time, and if no extenuating circumstances can be documented by the Network Service Provider to the Managing Entity's satisfaction, the Managing Entity may terminate the Contract. The Managing Entity has the exclusive authority to determine whether there are extenuating or mitigating circumstances.

B.6.2. In accordance with the provisions of § 402.73(1), F.S., and Rule 65-29.001, F.A.C., corrective action plans shall be required for noncompliance, nonperformance, or unacceptable performance under this Contract, and penalties shall be imposed for failure to comply with a Managing Entity's approved corrective action plan unless the Managing Entity determines that extenuating circumstances exist.

CONTRACT REVIEW PROCESS FOR "ALL" CONTRACTS

A contract is defined as an agreement between two or more parties that is intended to have legal effect. This may include MOUs, Interlocal Agreements, Service Agreements and Contracts. Contracts document the mutual understanding between the parties as to the terms and conditions of their agreement, contain mutual obligations, and clearly state the agreement's consideration. The term consideration includes the cost of the services and/or products to be provided by second party (vendor or service provider) and any non-monetary performance. No school, department, or other organizational unit has authority to contract in its own name. All Board contracts must be made in the legal name of the Board, "The School Board of Clay County, Florida". The School or Department may extend this name to include the school or department as follows, "The School Board of Clay County, Florida o/b/o _____ (insert the school or department name)" where o/b/o means "on behalf of".

All contracts shall be reviewed and approved by the School Board Attorney and/or the Supervisor of Purchasing to ensure legality, compliance with Board policy, and to ensure the Board interests are protected before the authorized signatory may execute the contract.

All contracts having a value of \$100,000 or more shall be authorized by the Board at a regular or special meeting and signed by the Board Chairman. All approved contracts having a value of less than \$100,000 may be executed by the Superintendent or appropriate District administrator based on the value of the contract.

1. All approved contracts having a value of \$50,000 or more, but less than \$100,000 shall be signed by the Superintendent, or the person who has been designated, in writing by the Superintendent, as the Superintendent's Designee at the time of the contract signing. All contracts executed pursuant to this subparagraph shall be reported to the School Board in a separate entry as part of the monthly financial report.
2. All approved contracts having a value of \$25,000 or more, but less than \$50,000, shall be signed by the Superintendent, or the Assistant Superintendent for Business Affairs.
3. All approved contracts having a value of less than \$25,000 and contracts of any value described in Board Authorized Contracts above that are exempt from the requirement for Board approval, may be signed by the Superintendent, or the Assistant Superintendent for their Division, or Chief Officers, or Directors, or Principals.
4. The Superintendent is authorized to approve contract amendments or change orders for the purchase of commodities and services up to the amount of ten (10) percent or \$50,000, whichever is less, of the original contract amount that was previously approved by the Board.

Employees who enter into agreements without authority may be personally liable for such agreements, whether oral or written.

Step 1: Contract Initiator and Vendor prepare draft contract
(School Board Attorney Office (SBAO) Template Contracts available on SBAO webpage are strongly encouraged)

Step 2: Complete Contract Review Form, attach Required Documents to include the UNSIGNED Contract by the District / School.

For Contracts using Budgeted Funds or For No Cost / Master (County Wide) Contracts:
Initiator submits Contract Review Package to Purchasing Department - See Step 3

For Contracts using Internal Funds Individual to each School:
Initiator submits Contract Review Package direct to SBAO - See Step 4

IMPORTANT

Step 3: If Funded by Budgeted Funds, submit the Contract Review Package to the Purchasing Department. Purchasing will begin the contract review process and submit the contract to the SBAO for review. SBAO may reach out to Initiator and/or other Departments (Risk, IT,) with questions or concerns and will assist with contract revisions. SBAO will send the Contract Review Package back to the Purchasing Department for final processing and the return to Initiator.

Purchasing will log "District" Contracts (Cost/No Cost) on Contract Review Log and save copy of the Contract Review Package PLUS the Final Signed Contract you've return to Purchasing in the Contract Review Team Drive.

Step 4: If Funded by Internal Account (IA), submit the Contract Review Package directly to SBAO.
Email: contractreview@myoneclay.net
The SBAO will begin the contract review process and return it directly to Initiator

Step 5: The Initiator is responsible for finalizing the Contract which includes:
Addressing Comments/Revisions, Obtaining Required Signatures, Send District Final Signed Contract to Purchasing OR Retain Internal Accounts Final Signed Contract at School per School Board Record Policy.
If there is a Cost associated with Contract, the Initiator must work with their Bookkeeper to finalize the Purchasing Process.
Budgeted Funds require a District Purchase Order. Internal Accounts require an IA Purchase Order.

For assistance with legal-related matters, please visit the [School Board Attorney's Office \("SBAO"\) webpage](#) or call 904-336-6507
For assistance with insurance-related matters, please visit the [Business Affairs - Risk Management webpage](#) or call 904-336-6745
For assistance with District Purchasing, please visit the [Business Affairs - Purchasing webpage](#) or call 904-336-6736

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C14 - Proposed Allocation Changes for 2025-2026

Description

Staff allocation documents clarify how each school, district department and division is staffed for the 2025-2026 school year. The School Board is required to take action on all staff allocation changes.

Gap Analysis

These allocation changes are required to ensure the adequate staffing of the district and schools.

Previous Outcomes

The district and schools are adequately staffed.

Expected Outcomes

Staffing will be sufficient to meet the needs of the various schools and district departments.

Strategic Plan Goal

The district ensures fiscal responsibility and equitable distribution of resources.

Recommendation

Approve staff allocation plan as submitted.

Contact

Ms. Dawn Posey, CPA, Assistant Superintendent for Business Affairs, (904) 336-6721, dawn.posey@myoneclay.net

Financial Impact

Reflected in attachment.

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C15 - Deletion of Certain Items Report - August, 2025

Description

The items listed have been surveyed by the Coordinator of Property Control, at the request of the Cost Center Property Manager, and the recommended disposition is noted. These items are either obsolete, unusable or beyond economical repair. These items should be removed from active inventory and disposed of in the manner indicated. Deletions are for property items received in the month of July, 2025.

Gap Analysis

N/A

Previous Outcomes

Property Records followed State mandate on trackable assets, Chapter 274.05.

Expected Outcomes

Tangible Personal Property shall be controlled and supervised from acquisition through transfer or disposal. Disposal of property shall be in accordance with Section 274.05, Florida Statutes. All deletions of items with a value of \$1,000.00 or more will be approved by the School Board of Clay County prior to disposition.

Strategic Plan Goal

Goal 5: Strategy 5.4; Enhance fiscal practices that enable the district to maximize effectiveness and efficiency.

Recommendation

Approve Deletion of Certain Items Report - August, 2025 as submitted.

Contact

Dawn Posey,
Assistant Superintendent for Business Affairs
(904)-336-6721
dawn.posey@myoneclay.net

Financial Impact

Provides additional storage space and eliminates the need to account for unusable property. Reduces the dollar value of Tangible Personal Property.

Title

C16 - Contract Renewal - County-Wide Professional Mechanical/Electrical Engineering Services Architect/Engineer Agreement

Description

Renew Contract as required per FS 287, DOE 6A-1.012 and School Board Policy

County-Wide Mechanical/Electrical Engineering Services Architect/Engineer Agreement: Contract Period is October 5, 2025 through October 4, 2026. The contract period is for one (1) year and is the final renewal option.

Gap Analysis

The District requires contractors to provide services to ensure our facilities and equipment are maintained and functional. The District requires vendors to provide products and/or services to ensure our students and staff receive the products and/or services to meet their needs.

Previous Outcomes

Original Contract was Board approved and has been used successfully during the past term to provide quality services and products to the district.

Expected Outcomes

Upon approval by the Board; we expect the contractors and vendors to continue providing quality services and products at the same terms and conditions as when the original Bid were awarded.

Strategic Plan Goal

Goal 5; Strategy 5.4; Enhance fiscal practices that enable the district to maximize effectiveness and efficiency.

Recommendation

Extend renewal as follows:

County-Wide Mechanical/Electrical Engineering Services Architect/Engineer Agreement:

- H2 Engineering, 2246 NW 40th Terrace Suite B, Gainesville, Florida 32605
- Haddad Engineering, Inc., 3030 Hartley Rd Suite 290, Jacksonville, Florida 32257
- Mitchell Gullledge Engineering, Inc., 204 SW 4th Ave, Gainesville, Florida 32601

Contact

Ms. Dawn Posey, Assistant Superintendent for Business Affairs, Phone: (904)336-6721, Email: dawn.posey@myoneclay.net

Financial Impact

All funding necessary for the Mechanical/Electrical fees resulting from this contract are budgeted within the Educational Facilities Plan. Fiscal impact will be based on the budget of the individual projects.

Title

C17 - BID Renewal

Description

Renew BID as required per FS 287, DOE 6A-1.012 and School Board Policy Unleaded Gasoline, #2 Undyed Diesel and Dyed Diesel Fuel Bid #22-BA-128. Contract Period is for a three (3) year period from December 1, 2025 through November 30, 2028. The contract period is for three (3) years and is the final renewal options. The Cooperative Bid was established for the purchase and delivery of Unleaded Gasoline, #2 Undyed Diesel and Dyed Diesel Fuel needs for The School Board of Clay County, Clay County Board of County Commissioners, The City of Green Cove Springs and The Town of Orange Park.

Gap Analysis

Participating Agencies require vendors to provide products and services to ensure uninterrupted operations throughout the County.

Previous Outcomes

Prior Board approved Bid will expire, but was used successfully during the past terms to provide quality services and products to Clay County.

Expected Outcomes

Upon approval by the Board, we expect the vendor to provide quality services and products at the terms and conditions listed in the Cooperative Bid.

Strategic Plan Goal

Goal 5; Strategy 5.4; Enhance fiscal practices that enable the district to maximize effectiveness and efficiency.

Recommendation

Extend renewal as follows:

Unleaded Gasoline, #2 Undyed Diesel and Dyed Diesel Fuel Bid #22-BA-128:

-Gate Fuel Services, Inc., PO Box 23627, Jacksonville, FL 32241

Contact

Ms. Dawn Posey, Assistant Superintendent for Business Affairs, Phone: (904)336-6721, Email: dawn.posey@myoneclay.net

Financial Impact

Unleaded Gasoline, #2 Undyed Diesel and Dyed Diesel Fuel Bid #22-BA-128: Total estimated expenditure for the three (3) year contract will vary based on individual agency usage. The School Board of Clay County estimates \$5,500,000 from General Revenue

Title

C18 - Supplemental Spot Survey to the Current Educational Plant Survey to Finalize Moving All or a Portion of Sixth Grade Students from Ten Elementary Schools to Two Junior High Schools

Description

A spot survey is required by the Department of Education when any change/addition or deletion is made to a school facility. The school board must approve the spot survey.

The shift of sixth grade students from ten elementary schools to two junior high schools required a supplemental spot survey to the current educational plant survey. That survey recommends that the junior high schools be redesignated as follows:

1. Lake Asbury Junior High grades 6, 7 and 8
2. Oakleaf Junior High grades 6, 7 and 8

These seven elementary schools be redesignated as PK-5 schools because all of sixth grade was moved:

1. Coppergate Elementary
2. Discovery Oaks Elementary
3. Lake Asbury Elementary
4. Oakleaf Village Elementary
5. Plantation Oaks Elementary
6. Rideout Elementary
7. Shadowlawn Elementary

These three elementary schools will keep the designation of PK-6 schools because only a portion of the sixth-grade population was moved:

8. Doctors Inlet Elementary School
9. Middleburg Elementary School
10. Tynes Elementary School

This recommended date of this change to the educational plant survey is July 28, 2025.

Gap Analysis

Not approving the spot survey will result in a gap in reliable facilities data about the student population for the facilities in scope. As a result, future decisions would not be based on factual data regarding student enrollment and projections.

Previous Outcomes

The School Board has approved educational plant supplemental spot surveys in the past.

Expected Outcomes

It is expected the School Board will approve the supplemental spot survey for the two junior high schools: Lake Asbury Junior High (6-8) and Oakleaf Junior High (6-8) as well as the ten elementary schools: Coppergate Elementary (PK-5), Discovery Oaks Elementary (PK-5), Lake Asbury Elementary (PK-5), Oakleaf Village Elementary (PK-5), Plantation Oaks Elementary (PK-5), Rideout Elementary (PK-5), Shadowlawn Elementary (PK-5), Doctors Inlet Elementary (PK-6), Middleburg Elementary (PK-6) and Tynes Elementary (PK-6).

Strategic Plan Goal

Ensure fiscal responsibility through the effective management of district operations in an effort to maximize available resources necessary to provide an environment that is safe, efficient, and conducive to learning.

Recommendation

Approve the supplemental spot survey for the two junior high schools: Lake Asbury Junior High (6-8) and Oakleaf Junior High (6-8) as well as the ten elementary schools: Coppergate Elementary (PK-5), Discovery Oaks Elementary (PK-5), Lake Asbury Elementary (PK-5), Oakleaf Village Elementary (PK-5), Plantation Oaks Elementary (PK-5), Rideout Elementary (PK-5), Shadowlawn Elementary (PK-5), Doctors Inlet Elementary (PK-6), Middleburg Elementary (PK-6) and Tynes Elementary (PK-6).

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C19 - Prequalification of Contractors

Description

Section 1013.46 of Florida Statutes requires school boards to prequalify contractors prior to their being able to bid on construction projects for the district. The rules for prequalification are stipulated in the State Requirements for Educational Facilities (SREF). The attached list identifies the contractors to be approved this month. As this is an annual requirement, the attached list may contain both new contractors and contractors seeking to renew their prequalification status. Per Florida Statutes, only those contractors currently prequalified at the time of bidding may bid on a school board construction project.

Gap Analysis

Prequalification of Contractors is an annual requirement.

Previous Outcomes

CCDS complies with contractor prequalification as required by Florida Statutes and SREF (State Requirements for Educational Facilities).

Expected Outcomes

CCDS will remain in compliance by certifying the contractors recommended for prequalification meet the requirements of Section 1013.46 FS, the State Requirements for Educational Facilities (SREF) and School Board Policy.

Strategic Plan Goal

Ensure fiscal responsibility through the effective management of district operations in an effort to maximize available resources necessary to provide an environment that is safe, efficient, and conducive to learning.

Recommendation

Approve the attached contractor prequalification list.

Contact

Bryce Ellis, Assistant Superintendent for Operations, (904) 336-6853, bryce.ellis@myoneclay.net

Lance Addison, Director for Facility Planning and Construction, (904) 336-6852, lance.addison@myoneclay.net

Financial Impact

None.

SBCC PRE-QUALIFIED CONTRACTORS

The following contractors are being submitted to the School Board for Contractor Pre-Qualification approval having met all requirements of Chapter 1013.46 F. S., as determined by the Pre-Qualification Committee consisting of Lance Addison, Clayton Anderson, Bertie Staefe, Chris Deely-Isais and Beth Clark. The pre-qualification certification is valid for one year from the end of the month in which Board approval is obtained.

| COMPANY | TRADE CATEGORY | BOND LIMIT | EXPIRATION DATE |
|-------------------------------------|--------------------------------|------------------|--------------------|
| A3 Communications | Electrical Contractor | \$15,000,000.00 | September 30, 2026 |
| Allstate Construction, LLC | General Contractor | \$150,000,000.00 | September 30, 2026 |
| National Building Contractors, Inc. | General and Roofing Contractor | \$10,000,000.00 | September 30, 2026 |

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C20 - Change Order #3 (Direct Purchasing) for Lake Asbury Junior High School Classroom Addition

Description

Direct purchasing change orders are almost always deductive and are the sole initiative of the owner. These change orders represent the purchase of materials and/or equipment directly by the School Board in order to save sales tax. This change order reconciles direct purchasing and returns unused funds to the Contractor.

Gap Analysis

N/A

Previous Outcomes

Sales tax savings have been used in the past to fund capital projects that may otherwise have not been funded.

Expected Outcomes

Money saved with sales tax savings will be used for capital projects that may otherwise have not been funded.

Strategic Plan Goal

Ensure fiscal responsibility through the effective management of district operations in an effort to maximize available resources necessary to provide an environment that is safe, efficient, and conducive to learning.

Recommendation

Approve Change Order #3.

Contact

Bryce Ellis, Assistant Superintendent for Operations, (904) 336-6853, bryce.ellis@myoneclay.net

Lance Addison, Director of Facility Planning and Construction, (904) 336-6852, lance.addison@myoneclay.net

Financial Impact

This change order will increase the contract amount by \$44,963.12. Architect fees will not increase as a result of this change order. This addition to the construction contract will not impact the budget.

School Board of Clay County

September 4, 2025 - Regular School Board Meeting

Title

C21 - Change Order #2 (Days Only) for Oakleaf Village Elementary School Fire Alarm Repair/Replacement

Description

Change orders are initiated by the contractor, architect/engineer or owner, and may increase or decrease the scope of the project as defined by the plans and specifications. Change orders are reviewed by the architect/engineer and staff prior to submission to the School Board for approval. This change order is for four (4) days to be added to the contract due to increased procurement times for backordered materials required to complete the project.

Gap Analysis

N/A

Previous Outcomes

N/A

Expected Outcomes

Construction will proceed immediately translating to an on time completion.

Strategic Plan Goal

Ensure fiscal responsibility through the effective management of district operations in an effort to maximize available resources necessary to provide an environment that is safe, efficient, and conducive to learning.

Recommendation

Approve Change Order # 2.

Contact

Bryce Ellis, Assistant Superintendent for Operations, (904) 336-6853, bryce.ellis@myoneclay.net

Lance Addison, Director for Facility Planning and Construction, (904) 336-6852, lance.addison@myoneclay.net

Financial Impact

If approved, this change order will not increase the contract amount. The substantial completion date will now be August 5, 2025. Final completion date is September 5, 2025. Architect fees will not increase as a result of this change order.

Title

C24 - Thunderbolt Elementary School HVAC Repair/Replacement Contract Award

Description

The Thunderbolt Elementary School HVAC Repair/Replacement project was listed and approved by the School Board as part of the 2025/26 Educational Facilities Plan (EFP). The district will be utilizing the DCPS RFP N 08/19 –TW –HVAC Maintenance Bid. Per School Board policy, contracts over \$500,000.00 must be approved by the School Board of Clay County; therefore, this contract is being presented for approval.

Gap Analysis

Thunderbolt Elementary School is in need of HVAC Repair/Replacement.

Previous Outcomes

N/A

Expected Outcomes

Upon approval by the Board, we expect the awarded vendor to provide quality construction services as specified for the Thunderbolt Elementary School HVAC Repair/Replacement.

Strategic Plan Goal

Ensure fiscal responsibility through the effective management of district operations in an effort to maximize available resources necessary to provide an environment that is safe, efficient, and conducive to learning.

Recommendation

Award the contract to Trane U.S., Inc. using the DCPS RFP N 08/19 –TW – HVAC Maintenance Bid in the amount of \$507,460.80.

Contact

Bryce Ellis, Assistant Superintendent for Operations, (904) 336-6853, bryce.ellis@myoneclay.net
Lance Addison, Director for Facility Planning and Construction, (904) 336-6824,

Financial Impact

The contract amount of \$507,460.80 is available in the Educational Facilities Plan.

Trane Turnkey Proposal

CCSB Thunderbolt ES Chiller Replacement 2026

Proposal is valid for 30 days.

Customer must obtain credit approval and release order to production within 60 days of proposal date.

Prepared For:
Josh Goff

Date:
August 18, 2025

Job Name:
CCSB Thunderbolt ES Chiller Replacement 2026

Proposal ID:
8331803-2

Delivery Terms:
Freight Allowed and Prepaid – F.O.B. Factory

Payment Terms:
Net 30

State Contractor License Number:
CM-C1249843

Proposal Expiration Date:
30 Days

Scope of Work

“Scope of Work” and notations within are based on the following negotiated scope of work with Josh Goff and based on the site surveys performed.

Turnkey Installation of HVAC Equipment

- Provide pre- and post- Test & Balance for one (1) chiller
- Demo one (1) existing 250-ton chiller
- Install one (1) owner-provided 250-ton chiller

Mechanical Installation

- Disconnect piping to existing chillers, demo and dispose of off-site
- Install one (1) new chiller (250-ton, owner-provided, not included in this proposal)
- Fabricate and install CHW piping including temperature gauges, thermometers and controls wells, isolation valves, and strainers
- Fill and vent piping and leak check
- Insulate new piping with foam glass insulation (aluminum metal jacket)
- Trane Factory Start up included
- Remove job generated debris from site
- Mechanical permit and permit fees included

Electrical Installation

- Disconnect electrical power from existing chiller and make safe for removal
- Replace breakers and/or conductors if needed to power new chiller
- Provide and install new stainless steel disconnect for new chiller
- Provide and install new surge protection and power filtering devices for two (2) chillers
- Connect power to new chiller
- Electrical permit and permit fees included

Building Automation System Scope

- Disconnect existing control wiring from existing chiller and save for reuse.
- Reconnect controls wiring to new chiller and land appropriate wiring for start/stop and status control
- Ensure proper controls communications and operation
- All existing controllers, sensors, cabinets, conduit, wiring, etc... will be reused

Proposal Notes/ Clarifications

- **Payment and Performance Bond is included**
- **This proposal does NOT include temporary HVAC or chilled water generation.**
- **This proposal does not include water treatment.**
- Price is valid for 30 Days
- 25% of the contract amount will be billed at the beginning of the job for equipment release and mobilization.
- Please expect progress billings for projects lasting more than one month.
- **This proposal does not include engineering or engineered plans.**
- All work to be performed during normal business hours (8am to 5pm, M-F, non-holidays)
- Proposal does not include "Premium Time" or Price Contingency therefor
- Equipment Order Release and Services rendered are dependent on receipt of PO/Subcontract and credit approval
- Trane will not perform any work if working conditions could endanger or put at risk the safety of our employees or subcontractors
- 1-year workmanship warranty on all installed materials is included
- **Asbestos or hazardous material abatement removal, if needed, shall be performed by customer**
- This proposal does not include anything NOT mentioned in the scope above

TERMS AND CONDITIONS – COMMERCIAL INSTALLATION

"Company" shall mean Trane U.S. Inc. for Work performed in the United States or Trane Canada ULC for Work performed in Canada.

1. Acceptance; Agreement. These terms and conditions are an integral part of Company's offer and form the basis of any agreement (the "Agreement") resulting from Company's proposal (the "Proposal") for the commercial goods and/or services described (the "Work"). **COMPANY'S TERMS AND CONDITIONS AND EQUIPMENT PRICES ARE SUBJECT TO PERIODIC CHANGE OR AMENDMENT.** The Proposal is subject to acceptance in writing by the party to whom this offer is made or an authorized agent ("Customer") delivered to Company within 30 days from the date of the Proposal. Prices in the Proposal are subject to change at any time upon notice to Customer. If Customer accepts the Proposal by placing an order, without the addition of any other terms and conditions of sale or any other modification, Customer's order shall be deemed acceptance of the Proposal subject to Company's terms and conditions. If Customer's order is expressly conditioned upon Company's acceptance or assent to terms and/or conditions other than those expressed herein, return of such order by Company with Company's terms and conditions attached or referenced serves as Company's notice of objection to Customer's terms and as Company's counteroffer to provide Work in accordance with the Proposal and the Company terms and conditions. If Customer does not reject or object in writing to Company within 10 days, Company's counteroffer will be deemed accepted. Notwithstanding anything to the contrary herein, Customer's acceptance of the Work by Company will in any event constitute an acceptance by Customer of Company's terms and conditions. This Agreement is subject to credit approval by Company. Upon disapproval of credit, Company may delay or suspend performance or, at its option, renegotiate prices and/or terms and conditions with Customer. If Company and Customer are unable to agree on such revisions, this Agreement shall be cancelled without any liability, other than Customer's obligation to pay for Work rendered by Company to the date of cancellation.

2. Connected Services. In addition to these terms and conditions, the Connected Services Terms of Service ("Connected Services Terms"), available at <https://www.trane.com/TraneConnectedServicesTerms>, as updated from time to time, are incorporated herein by reference and shall apply to the extent that Company provides Customer with Connected Services, as defined in the Connected Services Terms.

3. Title and Risk of Loss. All Equipment sales with destinations to Canada or the U.S. shall be made as follows: FOB Company's U.S. manufacturing facility or warehouse (full freight allowed). Title and risk of loss or damage to Equipment will pass to Customer upon tender of delivery of such to carrier at Company's U.S. manufacturing facility or warehouse.

4. Pricing and Taxes. Unless otherwise noted, the price in the Proposal includes standard ground transportation and, if required by law, all sales, consumer, use and similar taxes legally enacted as of the date hereof for equipment and material installed by Company. Tax exemption is contingent upon Customer furnishing appropriate certificates evidencing Customer's tax-exempt status. Company shall charge Customer additional costs for bonds agreed to be provided. Equipment sold on an uninstalled basis and any taxable labor/labour do not include sales tax and taxes will be added. Within thirty (30) days following Customer acceptance of the Proposal without addition of any other terms and conditions of sale or any modification, Customer shall provide notification of release for immediate production at Company's factory. Prices for Work are subject to change at any time prior to shipment to reflect any cost increases related to the manufacture, supply, and shipping of goods. This includes, but is not limited to, cost increases in raw materials, supplier components, labor, utilities, freight, logistics, wages and benefits, regulatory compliance, or any other event beyond Company's control. If such release is not received within 6 months after date of order receipt, Company reserves the right to cancel any order. If shipment is delayed due to Customer's actions, Company may also charge Customer storage fees. Company shall be entitled to equitable adjustments in the contract price to reflect any cost increases as set forth above and will provide notice to Customer prior to the date for which the increased price is to be in effect for the applicable customer contract. In no event will prices be decreased.

5. Exclusions from Work. Company's obligation is limited to the Work as defined and does not include any modifications to the Work site under the Americans With Disabilities Act or any other law or building code(s). In no event shall Company be required to perform work Company reasonably believes is outside of the defined Work without a written change order signed by Customer and Company.

6. Performance. Company shall perform the Work in accordance with industry standards generally applicable in the area under similar circumstances as of the time Company performs the Work. Company may refuse to perform any Work where working conditions could endanger property or put at risk the safety of persons. Unless otherwise agreed to by Customer and Company, at Customer's expense and before the Work begins, Customer will provide any necessary access platforms, catwalks to safely perform the Work in compliance with OSHA or state industrial safety regulations.

7. Payment. Customer shall pay Company's invoices within net 30 days of invoice date. Company may invoice Customer for all equipment or material furnished, whether delivered to the installation site or to an off-site storage facility and for all Work performed on-site or off-site. No retention shall be withheld from any payments except as expressly agreed in writing by Company, in which case retention shall be reduced per the contract documents and released no later than the date of substantial completion. Under no circumstances shall any retention be withheld for the equipment portion of the order. If payment is not received as required, Company may suspend performance and the time for completion shall be extended for a reasonable period of time not less than the period of suspension. Customer shall be liable to Company for all reasonable shutdown, standby and start-up costs as a result of the suspension. Company reserves the right to add to any account outstanding for more than 30 days a service charge equal to 1.5% of the principal amount due at the end of each month. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due and otherwise enforcing these terms and conditions. If requested, Company will provide appropriate lien waivers upon receipt of payment. Customer agrees that, unless Customer makes payment in advance, Company will have a purchase money security interest in all equipment from Company to secure payment in full of all amounts due Company and its order for the equipment, together with these terms and conditions, form a security agreement. Customer shall keep the equipment free of all taxes and encumbrances, shall not remove the equipment from its original installation point and shall not assign or transfer any interest in the equipment until all payments due Company have been made.

8. Time for Completion. Except to the extent otherwise expressly agreed in writing signed by an authorized representative of Company, all dates provided by Company or its representatives for commencement, progress or completion are estimates only. While Company shall use commercially reasonable efforts to meet such estimated dates, Company shall not be responsible for any damages for its failure to do so. Delivery dates are approximate and not guaranteed. Company will use commercially reasonable efforts to deliver the Equipment on or before the estimated delivery date, will notify Customer if the estimated delivery dates cannot be honored, and will deliver the Equipment and services as soon as practicable thereafter. In no event will Company be liable for any damages or expenses caused by delays in delivery.

9. Access. Company and its subcontractors shall be provided access to the Work site during regular business hours, or such other hours as may be requested by Company and acceptable to the Work site owner or tenant for the performance of the Work, including sufficient areas for staging, mobilization, and storage. Company's access to correct any emergency condition shall not be restricted. Customer grants to Company the right to remotely connect (via phone modem, internet or other agreed upon means) to Customer's building automation system (BAS) and/or HVAC equipment to view, extract, or otherwise collect and retain data from the BAS, HVAC equipment, or other building systems, and to diagnose and remotely make repairs at Customer's request.

10. Completion. Notwithstanding any other term or condition herein, when Company informs Customer that the Work has been completed, Customer shall inspect the Work in the presence of Company's representative, and Customer shall either (a) accept the Work in its entirety in writing, or (b) accept the Work in part and specifically identify, in writing, any exception items. Customer agrees to re-inspect any and all excepted items as soon as Company informs Customer that all such excepted items have been completed. The initial acceptance inspection shall take place within ten (10) days from the date when Company informs Customer that the Work has been completed. Any subsequent re-inspection of excepted items shall take place within five (5) days from the date when Company informs Customer that the excepted items have been completed. Customer's failure to cooperate and complete any of said inspections within the required time limits shall constitute complete acceptance of the Work as of ten (10) days from date when Company informs Customer that the Work, or the excepted items, if applicable, has/have been completed.

11. Permits and Governmental Fees. Company shall secure (with Customer's assistance) and pay for building and other permits and governmental fees, licenses, and inspections necessary for proper performance and completion of the Work which are legally required when bids from Company's subcontractors are received, negotiations thereon concluded, or the effective date of a relevant Change Order, whichever is later. Customer is responsible for necessary approvals, easements, assessments and charges for construction, use or occupancy of permanent structures or for permanent changes to existing facilities. If the cost of such permits, fees, licenses and inspections are not included in the Proposal, Company will invoice Customer for such costs.

12. Utilities During Construction. Customer shall provide without charge to Company all water, heat, and utilities required for performance of the Work.

13. Concealed or Unknown Conditions. In the performance of the Work, if Company encounters conditions at the Work site that are (i) subsurface or otherwise concealed physical conditions that differ materially from those indicated on drawings expressly incorporated herein or (ii) unknown physical conditions of an unusual nature that differ materially from those conditions ordinarily found to exist and generally recognized as inherent in construction activities of the type and character as the Work, Company shall notify Customer of such conditions promptly, prior to significantly disturbing same. If such conditions differ materially and cause an increase in Company's cost of, or time required for, performance of any part of the Work, Company shall be entitled to, and Customer shall consent by Change Order to, an equitable adjustment in the Contract Price, contract time, or both.

14. Pre-Existing Conditions. Company is not liable for any claims, damages, losses, or expenses, arising from or related to conditions that existed in, on, or upon the Work site before the Commencement Date of this Agreement ("Pre-Existing Conditions"), including, without limitation, damages, losses, or expenses involving Pre-Existing Conditions of building envelope issues, mechanical issues, plumbing issues, and/or indoor air quality issues involving mold/mould and/or fungi. Company also is not liable for any claims, damages, losses, or expenses, arising from or related to work done by or services provided by individuals or entities that are not employed by or hired by Company.

15. Asbestos and Hazardous Materials. Company's Work and other services in connection with this Agreement expressly excludes any identification, abatement, cleanup, control, disposal, removal or other work connected with asbestos, polychlorinated biphenyl ("PCB"), or other hazardous materials (hereinafter, collectively, "Hazardous Materials"). Customer warrants and represents that, except as set forth in a writing signed by Company, there are no Hazardous Materials on the Work site that will in any way affect Company's Work and Customer has disclosed to Company the existence and location of any Hazardous Materials in all areas within which Company will be performing the Work. Should Company become aware of or suspect the presence of Hazardous Materials, Company may immediately stop work in the affected area and shall notify Customer. Customer will be exclusively responsible for taking any and all action necessary to correct the condition in accordance with all applicable laws and regulations. Customer shall be exclusively responsible for and, to the fullest extent permitted by law, shall indemnify and hold harmless Company (including its employees, agents and subcontractors) from and against any loss, claim, liability, fees, penalties, injury (including death) or liability of any nature, and the payment thereof arising out of or relating to any Hazardous Materials on or about the Work site, not brought onto the Work site by Company. Company shall be required to resume performance of the Work in the affected area only in the absence of Hazardous Materials or when the affected area has been rendered harmless. In no event shall Company be obligated to transport or handle Hazardous Materials, provide any notices to any governmental agency, or examine the Work site for the presence of Hazardous Materials.

16. Force Majeure. Company's duty to perform under this Agreement is contingent upon the non-occurrence of an Event of Force Majeure. If Company shall be unable to carry out any material obligation under this Agreement due to an Event of Force Majeure, this Agreement shall at Company's election (i) remain in effect but Company's obligations shall be suspended until the uncontrollable event terminates or (ii) be terminated upon 10 days' notice to Customer, in which event Customer shall pay Company for all parts of the Work furnished to the date of termination. An "Event of Force Majeure" shall mean any cause or event beyond the control of Company. Without limiting the foregoing, "Event of Force Majeure" includes: acts of God; acts of terrorism, war or the public enemy; flood; earthquake; tornado; storm; fire; civil disobedience; pandemic insurrections; riots; labor/labour disputes; labor/labour or material shortages; sabotage; restraint by court order or public authority (whether valid or invalid), and action or non-action by or inability to obtain or keep in force the necessary governmental authorizations, permits, licenses, certificates or approvals if not caused by Company; and the requirements of any applicable government in any manner that diverts either the material or the finished product to the direct or indirect benefit of the government.

17. Customer's Breach. Each of the following events or conditions shall constitute a breach by Customer and shall give Company the right, without an election of remedies, to terminate this Agreement or suspend performance by delivery of written notice: (1) Any failure by Customer to pay amounts when due; or (2) any general assignment by Customer for the benefit of its creditors, or if Customer becomes bankrupt or insolvent or takes the benefit of any statute for bankrupt or insolvent debtors, or makes or proposes to make any proposal or arrangement with creditors, or if any steps are taken for the winding up or other termination of Customer or the liquidation of its assets, or if a trustee, receiver, or similar person is appointed over any of the assets or interests of Customer; (3) Any representation or warranty furnished by Customer in this Agreement is false or misleading in any material respect when made; or (4) Any failure by Customer to perform or comply with any material provision of this Agreement. Customer shall be liable to Company for all Work furnished to date and all damages sustained by Company (including lost profit and overhead).

18. Indemnity. To the fullest extent permitted by law, Company and Customer shall indemnify, defend and hold harmless each other from any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to real or tangible personal property, to the extent caused by the negligence or misconduct of their respective employees or other authorized agents in connection with their activities within the scope of this Agreement. Neither party shall indemnify the other against claims, damages, expenses or liabilities to the extent attributable to the acts or omissions of the other party. If the parties are both at fault, the obligation to indemnify shall be proportional to their relative fault. The duty to indemnify will continue in full force and effect, notwithstanding the expiration or early termination hereof, with respect to any claims based on facts or conditions that occurred prior to expiration or termination.

19. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT CONSEQUENTIAL, OR PUNITIVE OR EXEMPLARY DAMAGES (INCLUDING WITHOUT LIMITATION BUSINESS INTERRUPTION, LOST DATA, LOST REVENUE, LOST PROFITS, LOST DOLLAR SAVINGS, OR LOST ENERGY USE SAVINGS, INCLUDING CONTAMINANTS LIABILITIES, EVEN IF A PARTY HAS BEEN ADVISED OF SUCH POSSIBLE DAMAGES OR IF SAME WERE REASONABLY FORESEEABLE AND REGARDLESS OF WHETHER THE CAUSE OF ACTION IS FRAMED IN CONTRACT, NEGLIGENCE, ANY OTHER TORT, WARRANTY, STRICT LIABILITY, OR PRODUCT LIABILITY). In no event will Company's liability in connection with the provision of products or services or otherwise under this Agreement exceed the entire amount paid to Company by Customer under this Agreement.

20. CONTAMINANTS LIABILITY

The transmission of COVID-19 may occur in a variety of ways and circumstances, many of the aspects of which are currently not known. HVAC systems, products, services and other offerings have not been tested for their effectiveness in reducing the spread of COVID-19, including through the air in closed environments. **IN NO EVENT WILL COMPANY BE LIABLE UNDER THIS AGREEMENT OR OTHERWISE FOR ANY INDEMNIFICATION, ACTION OR CLAIM, WHETHER BASED ON WARRANTY, CONTRACT, TORT OR OTHERWISE, FOR ANY BODILY INJURY (INCLUDING DEATH), DAMAGE TO PROPERTY, OR ANY OTHER LIABILITIES, DAMAGES OR COSTS RELATED TO CONTAMINANTS (INCLUDING THE SPREAD, TRANSMISSION, MITIGATION, ELIMINATION, OR CONTAMINATION THEREOF) (COLLECTIVELY, "CONTAMINANT LIABILITIES") AND CUSTOMER HEREBY EXPRESSLY RELEASES COMPANY FROM ANY SUCH CONTAMINANTS LIABILITIES.**

21. Patent Indemnity. Company shall protect and indemnify Customer from and against all claims, damages, judgments and loss arising from infringement or alleged infringement of any United States patent by any of the goods manufactured by Company and delivered hereunder, provided that in the event of suit or threat of suit for patent infringement, Company shall promptly be notified and given full opportunity to negotiate a settlement. Company does not warrant against infringement by reason of Customer's design of the articles or the use thereof in combination with other materials or in the operation of any process. In the event of litigation, Customer agrees to reasonably cooperate with Company. In connection with any proceeding under the provisions of this Section, all parties concerned shall be entitled to be represented by counsel at their own expense.

22. Limited Warranty. Company warrants for a period of 12 months from the date of substantial completion ("Warranty Period") commercial equipment manufactured and installed by Company against failure due to defects in material and manufacture and that the labor/labour furnished is warranted to have been properly performed (the "Limited Warranty"). Trane equipment sold on an uninstalled basis is warranted in accordance with Company's standard warranty for supplied equipment. **Product manufactured by Company that includes required startup and is sold in North America will not be warranted by Company unless Company performs the product start-up.** Substantial completion shall be the earlier of the date that the Work is sufficiently complete so that the Work can be utilized for its intended use or the date that Customer receives beneficial use of the Work. If such defect is discovered within the Warranty Period, Company will correct the defect or furnish replacement equipment (or, at its option, parts therefor) and, if said equipment was installed pursuant hereto, labor/labour associated with the replacement of parts or equipment not conforming to this Limited Warranty. Defects must be reported to Company within the Warranty Period. Exclusions from this Limited Warranty include damage or failure arising from: wear and tear; corrosion, erosion, deterioration; Customer's failure to follow the Company-provided maintenance plan; refrigerant not supplied by Company; and modifications made by others to Company's equipment. Company shall not be obligated to pay for the cost of lost refrigerant. Notwithstanding the foregoing, all warranties provided herein terminate upon termination or cancellation of this Agreement. No warranty liability whatsoever shall attach to Company until the Work has been paid for in full and then said liability shall be limited to the lesser of Company's cost to correct the defective Work and/or the purchase price of the equipment shown to be defective. Equipment, material and/or parts that are not manufactured by Company ("Third-Party Product(s)") are not warranted by Company and have such warranties as may be extended by the respective manufacturer. **CUSTOMER UNDERSTANDS THAT COMPANY IS NOT THE MANUFACTURER OF ANY THIRD-PARTY PRODUCT(S) AND ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS ARE THOSE OF THE THIRD-PARTY MANUFACTURER, NOT COMPANY AND CUSTOMER IS NOT RELYING ON ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS REGARDING THE THIRD-PARTY PRODUCT THAT MAY BE PROVIDED BY COMPANY OR ITS AFFILIATES, WHETHER ORAL OR WRITTEN. THE WARRANTY AND LIABILITY SET FORTH IN THIS AGREEMENT ARE IN LIEU OF ALL OTHER WARRANTIES AND LIABILITIES, WHETHER IN CONTRACT OR IN NEGLIGENCE, EXPRESS OR IMPLIED, IN LAW OR IN FACT, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND/OR OTHERS ARISING FROM COURSE OF DEALING OR TRADE. COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, INCLUDING WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. ADDITIONALLY, COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND REGARDING PREVENTING, ELIMINATING, REDUCING OR INHIBITING ANY MOLD, FUNGUS, BACTERIA, VIRUS, MICROBIAL GROWTH, OR ANY OTHER CONTAMINANTS (INCLUDING COVID-19 OR ANY SIMILAR VIRUS) (COLLECTIVELY, "CONTAMINANTS"), WHETHER INVOLVING OR IN CONNECTION WITH EQUIPMENT, ANY COMPONENT THEREOF, SERVICES OR OTHERWISE. IN NO EVENT SHALL COMPANY HAVE ANY LIABILITY FOR THE PREVENTION, ELIMINATION, REDUCTION OR INHIBITION OF THE GROWTH OR SPREAD OF SUCH**

CONTAMINANTS INVOLVING OR IN CONNECTION WITH ANY EQUIPMENT, THIRD-PARTY PRODUCT, OR ANY COMPONENT THEREOF, SERVICES OR OTHERWISE AND CUSTOMER HEREBY SPECIFICALLY ACKNOWLEDGES AND AGREES THERETO.

23. Insurance. Company agrees to maintain the following insurance while the Work is being performed with limits not less than shown below and will, upon request from Customer, provide a Certificate of evidencing the following coverage:

| | |
|------------------------------|----------------------------|
| Commercial General Liability | \$2,000,000 per occurrence |
| Automobile Liability | \$2,000,000 CSL |
| Workers Compensation | Statutory Limits |

If Customer has requested to be named as an additional insured under Company's insurance policy, Company will do so but only subject to Company's manuscript additional insured endorsement under its primary Commercial General Liability policies. In no event does Company waive its right of subrogation.

24. Commencement of Statutory Limitation Period. Except as to warranty claims, as may be applicable, any applicable statutes of limitation for acts or failures to act shall commence to run, and any alleged cause of action stemming therefrom shall be deemed to have accrued, in any and all events not later than the last date that Company or its subcontractors physically performed work on the project site.

25. General. Except as provided below, to the maximum extent provided by law, this Agreement is made and shall be interpreted and enforced in accordance with the laws of the state or province in which the Work is performed, without regard to choice of law principles which might otherwise call for the application of a different state's or province's law. Any dispute arising under or relating to this Agreement that is not disposed of by agreement shall be decided by litigation in a court of competent jurisdiction located in the state or province in which the Work is performed. To the extent the Work site is owned and/or operated by any agency of the Federal Government, determination of any substantive issue of law shall be according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government. This Agreement contains all of the agreements, representations and understandings of the parties and supersedes all previous understandings, commitments or agreements, oral or written, related to the subject matter hereof. This Agreement may not be amended, modified or terminated except by a writing signed by the parties hereto. No documents shall be incorporated herein by reference except to the extent Company is a signatory thereon. If any term or condition of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, all other terms and conditions of this Agreement will nevertheless remain in full force and effect as long as the economic or legal substance of the transaction contemplated hereby is not affected in a manner adverse to any party hereto. Customer may not assign, transfer, or convey this Agreement, or any part hereof, or its right, title or interest herein, without the written consent of the Company. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of Customer's permitted successors and assigns. This Agreement may be executed in several counterparts, each of which when executed shall be deemed to be an original, but all together shall constitute but one and the same Agreement. A fully executed facsimile copy hereof or the several counterparts shall suffice as an original.

26. Federal Requirements. The Parties shall comply with all United States federal labor law obligations under 29 CFR part 471, appendix A to subpart A. THE FOLLOWING PROVISIONS ARE INCORPORATED HEREIN BY REFERENCE: Executive Order 11701 and 41 CFR §§ 60-250.5(a), 60-300.5; Executive Order 11758 and 41 CFR § 60-741.5(a); U.S. immigration laws, including the L-1 Visa Reform Act of 2004 and the H-1B Visa Reform Act of 2004; and Executive Order 13496. The Parties shall abide by the requirements of 41 CFR 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to protected veteran status or disability. The Parties certify that they do not operate any programs promoting DEI that violate any applicable United States anti-discrimination laws and acknowledge and agree that their compliance with all applicable federal anti-discrimination laws is material to the federal government's payment decisions. The Parties acknowledge and agree that their employment, procurement, and contracting practices shall not consider race, color, sex, sexual preference, religion, or national origin in ways that violate United States federal civil rights laws.

27. Export Laws. The obligation of Company to supply Equipment and/or Services under this Agreement is subject to the ability of Company to supply such items consistent with applicable laws and regulations of the United States and other governments. Company reserves the right to refuse to enter into or perform any order, and to cancel any order, under this Agreement if Company in its sole discretion determines that performance of the transaction to which such order relates would violate any such applicable law or regulation. Customer will pay all handling and other similar costs from Company's factories including the costs of freight, insurance, export clearances, import duties and taxes. Customer will be "exporter of record" with respect to any export from the United States of America and will perform all compliance and logistics functions in connection therewith and will also comply with all applicable laws, rules and regulations. Customer understands that Company and/or the Equipment and/or Services are subject to laws and regulations of the United States of America which may require licensing or authorization for and/or prohibit export, re-export or diversion of Company's Equipment and/or Services to certain countries, and agrees it will not knowingly assist or participate in any such diversion or other violation of applicable United States of America laws and regulations. Customer agrees to hold harmless and indemnify Company for any damages resulting to Customer or Company from a breach of this paragraph by Customer.

28. U.S. Government Work.

The following provision applies only to direct sales by Company to the US Government. The Parties acknowledge that all items or services ordered and delivered under this Agreement are Commercial Items as defined under Part 12 of the Federal Acquisition Regulation (FAR). In particular, Company agrees to be bound only by those Federal contracting clauses that apply to "commercial" suppliers and that are contained in FAR 52.212-5(e)(1). Company complies with 52.219-8 or 52.219-9 in its service and installation contracting business.

The following provision applies only to indirect sales by Company to the US Government. As a Commercial Item Subcontractor, Company accepts only the following mandatory flow down provisions in effect as of the date of this subcontract: 52.203-19; 52.204-21; 52.204-23; 52.219-8; 52.222-21; 52.222-26; 52.222-35; 52.222-36; 52.222-50; 52.225-26; 52.247-64. If the Work is in connection with a U.S. Government contract, Customer certifies that it has provided and will provide current, accurate, and complete information, representations and certifications to all government officials, including but not limited to the contracting officer and officials of the Small Business Administration, on all matters related to the prime contract, including but not limited to all aspects of its ownership, eligibility, and performance. Anything herein notwithstanding, Company will have no obligations to Customer unless and until Customer provides Company with a true, correct and complete executed copy of the prime contract. Upon request, Customer will provide copies to Company of all requested written communications with any government official related to the prime contract prior to or concurrent with the execution thereof, including but not limited to any communications related to Customer's ownership, eligibility or performance of the prime contract. Customer will obtain written authorization and approval from Company prior to providing any government official any information about Company's performance of the work that is the subject of the Proposal or this Agreement, other than the Proposal or this Agreement.

29. Limited Waiver of Sovereign Immunity. If Customer is an Indian tribe (in the U.S.) or a First Nation or Band Council (in Canada), Customer, whether acting in its capacity as a government, governmental entity, a duly organized corporate entity or otherwise, for itself and for its agents, successors, and assigns: (1) hereby provides this limited waiver of its sovereign immunity as to any damages, claims, lawsuit, or cause of action (herein "Action") brought against Customer by Company and arising or alleged to arise out of the furnishing by Company of any product or service under this Agreement, whether such Action is based in contract, tort, strict liability, civil liability or any other legal theory; (2) agrees that jurisdiction and venue for any such Action shall be proper and valid (a) if Customer is in the U.S., in any state or United States court located in the state in which Company is performing this Agreement or (b) if Customer is in Canada, in the superior court of the province or territory in which the work was performed; (3) expressly consents to such Action, and waives any objection to jurisdiction or venue; (4) waives any requirement of exhaustion of tribal court or administrative remedies for any Action arising out of or related to this Agreement; and (5) expressly acknowledges and agrees that Company is not subject to the jurisdiction of Customer's tribal court or any similar tribal forum, that Customer will not bring any action against Company in tribal court, and that Customer will not avail itself of any ruling or direction of the tribal court permitting or directing it to suspend its payment or other obligations under this Agreement. The individual signing on behalf of Customer warrants and represents that such individual is duly authorized to provide this waiver and enter into this Agreement and that this Agreement constitutes the valid and legally binding obligation of Customer, enforceable in accordance with its terms.

30. Building Automation Systems and Network Security. Customer and Trane acknowledge that Building Automation System (BAS) and connected networks security requires Customer and Trane to maintain certain cybersecurity obligations. Customer acknowledges that upon completion of installation and configuration of the BAS, the Customer maintains ownership of the BAS and the connected network equipment. Except for any applicable warranty obligations, Customer is solely responsible for the maintenance and security of the BAS and related networks and systems. In the event there is a service agreement between Trane and Customer, Trane will provide the services as set forth in the service agreement.

In order to maintain a minimum level of security for the BAS, associated networks, network equipment and systems, Customer's cybersecurity responsibilities include without limitation:

1. Ensure that the BAS, networks, and network equipment are physically secure and not accessible to unauthorized personnel.

2. Ensure the BAS remains behind a secure firewall and properly segmented from all other customer networks and systems, especially those with sensitive information.
3. Keep all Inbound ports closed to any IP Addresses in the BAS.
4. Remove all forwarded inbound ports and IP Addresses to the BAS.
5. Maintain user login credentials and unique passwords, including the use of strong passwords and the removal of access for users who no longer require access.
6. Where remote access is desired, utilize a secure method such as Trane Connect Secure Remote Access or your own VPN.
7. For any Trane services requiring remote data transfer and/or remote user access, configure the BAS and related firewall(s) per instructions provided by Trane. This typically includes configuring Port 443 and associated firewall(s) for Outbound only.
8. Perform regular system maintenance to ensure that your BAS is properly secured, including regular software updates to your BAS and related network equipment (i.e., firewalls).

Any and all claims, actions, losses, expenses, costs, damages, or liabilities of any nature due to Customer's failure to maintain BAS security responsibilities and/or industry standards for cybersecurity are the sole responsibility of the Customer.

1-26.251-10(0325)
Supersedes 1-26.251-10(0225)

DRAFT

SECURITY ADDENDUM

This Addendum shall be applicable to the sale, installation and use of Trane equipment and the sale and provision of Trane services. "Trane" shall mean Trane U.S. Inc. for sales and services in the United States, or Trane Canada ULC for sales and services in Canada.

1. **Definitions.** All terms used in this Addendum shall have the meaning specified in the Agreement unless otherwise defined herein. For the purposes of this Addendum, the following terms are defined as follows:

"Customer Data" means Customer account information as related to the Services only and does not include HVAC Machine Data or personal data. Trane does not require, nor shall Customer provide personal data to Trane under the Agreement. Such data is not required for Trane to provide its Equipment and/or Services to the Customer.

"Equipment" shall have the meaning set forth in the Agreement.

"HVAC Machine Data" means data generated and collected from the product or furnished service without manual entry. HVAC Machine Data is data relating to the physical measurements and operating conditions of a HVAC system, such as but not limited to, temperatures, humidity, pressure, HVAC equipment status. HVAC Machine Data does not include Personal Data and, for the purposes of this agreement, the names of users of Trane's controls products or hosted applications shall not be Personal Data, if any such user chooses to use his/her name(s) in the created accounts within the controls product (e.g., firstname.lastname@address.com). HVAC Machine Data may be used by Trane: (a) to provide better support services and/or products to users of its products and services; (b) to assess compliance with Trane terms and conditions; (c) for statistical or other analysis of the collective characteristics and behaviors of product and services users; (d) to backup user and other data or information and/or provide remote support and/or restoration; (e) to provide or undertake: engineering analysis; failure analysis; warranty analysis; energy analysis; predictive analysis; service analysis; product usage analysis; and/or other desirable analysis, including, but not limited to, histories or trends of any of the foregoing; and (f) to otherwise understand and respond to the needs of users of the product or furnished service. "Personal Data" means data and/or information that is owned or controlled by Customer, and that names or identifies, or is about a natural person, such as: (i) data that is explicitly defined as a regulated category of data under any data privacy laws applicable to Customer; (ii) non-public personal information ("NPI") or personal information ("PI"), such as national identification number, passport number, social security number, social insurance number, or driver's license number; (iii) health or medical information, such as insurance information, medical prognosis, diagnosis information, or genetic information; (iv) financial information, such as a policy number, credit card number, and/or bank account number; (v) personally identifying technical information (whether transmitted or stored in cookies, devices, or otherwise), such as IP address, MAC address, device identifier, International Mobile Equipment Identifier ("IMEI"), or advertising identifier; (vi) biometric information; and/or (vii) sensitive personal data, such as, race, religion, marital status, disability, gender, sexual orientation, geolocation, or mother's maiden name.

"Security Incident" shall refer to (i) a compromise of any network, system, application or data in which Customer Data has been accessed or acquired by an unauthorized third party; (ii) any situation where Trane reasonably suspects that such compromise may have occurred; or (iii) any actual or reasonably suspected unauthorized or illegal Processing, loss, use, disclosure or acquisition of or access to any Customer Data.

"Services" shall have the meaning set forth in the Agreement.

2. HVAC Machine Data; Access to Customer Extranet and Third Party Systems. If Customer grants Trane access to HVAC Machine Data via web portals or other non-public websites or extranet services on Customer's or a third party's website or system (each, an "Extranet"), Trane will comply with the following:
- Accounts. Trane will ensure that Trane's personnel use only the Extranet account(s) designated by Customer and will require Trane personnel to keep their access credentials confidential.
 - Systems. Trane will access the Extranet only through computing or processing systems or applications running operating systems managed by Trane that include: (i) system network firewalls; (ii) centralized patch management; (iii) operating system appropriate anti-malware software; and (iv) for portable devices, full disk encryption.
 - Restrictions. Unless otherwise approved by Customer in writing, Trane will not download, mirror or permanently store any HVAC Machine Data from any Extranet on any medium, including any machines, devices or servers.
 - Account Termination. Trane will terminate the account of each of Trane's personnel in accordance with Trane's standard practices after any specific Trane personnel who has been authorized to access any Extranet (1) no longer needs access to HVAC Machine Data or (2) no longer qualifies as Trane personnel (e.g., the individual leaves Trane's employment).
 - Third Party Systems. Trane will provide Customer prior notice before it uses any third party system that stores or may otherwise have access to HVAC Machine Data, unless (1) the data is encrypted and (2) the third party system will not have access to the decryption key or unencrypted "plain text" versions of the HVAC Machine Data.

3. Customer Data; Confidentiality. Trane shall keep confidential, and shall not access or use any Customer Data and information that is marked confidential or by its nature is considered confidential ("Customer Confidential Information") other than for the purpose of providing the Equipment and Services, and will disclose Customer Confidential Information only: (i) to Trane's employees and agents who have a need to know to perform the Services, (ii) as expressly permitted or instructed by Customer, or (iii) to the minimum extent required to comply with applicable law, provided that Trane (1) provides Customer with prompt written notice prior to any such disclosure, and (2) reasonably cooperate with Customer to limit or prevent such disclosure.
4. Customer Data; Compliance with Laws. Trane agrees to comply with laws, regulations governmental requirements and industry standards and practices relating to Trane's processing of Customer Confidential Information (collectively, "**Laws**").
5. Customer Data; Information Security Management. Trane agrees to establish and maintain an information security and privacy program, consistent with applicable HVAC equipment industry practices that complies with this Addendum and applicable Laws ("**Information Security Program**"). The Information Security Program shall include appropriate physical, technical and administrative safeguards, including any safeguards and controls agreed by the Parties in writing, sufficient to protect Customer systems, and Customer's Confidential Information from unauthorized access, destruction, use, modification or disclosure. The Information Security Program shall include appropriate, ongoing training and awareness programs designed to ensure that Trane's employees and agents, and others acting on Trane's, behalf are aware of and comply with the Information Security Program's policies, procedures, and protocols.
6. Monitoring. Trane shall monitor and, at regular intervals consistent with HVAC equipment industry practices, test and evaluate the effectiveness of its Information Security Program. Trane shall evaluate and promptly adjust its Information Security Program in light of the results of the testing and monitoring, any material changes to its operations or business arrangements, or any other facts or circumstances that Trane knows or reasonably should know may have a material impact on the security of Customer Confidential Information, Customer systems and Customer property.
7. Audits. Customer acknowledges and agrees that the Trane SOC2 audit report will be used to satisfy any and all audit/inspection requests/requirements by or on behalf of Customer. Trane will make its SOC2 audit report available to Customer upon request and with a signed nondisclosure agreement.
8. Information Security Contact. Trane's information security contact is Local Sales Office.
9. Security Incident Management. Trane shall notify Customer after the confirmation of a Security Incident that affects Customer Confidential Information, Customer systems and Customer property. The written notice shall summarize the nature and scope of the Security Incident and the corrective action already taken or planned.
10. Threat and Vulnerability Management. Trane regularly performs vulnerability scans and addresses detected vulnerabilities on a risk basis. Periodically, Trane engages third-parties to perform network vulnerability assessments and penetration testing. Vulnerabilities will be reported in accordance with Trane's cybersecurity vulnerability reported process. Trane periodically provides security updates and software upgrades.
11. Security Training and Awareness. New employees are required to complete security training as part of the new hire process and receive annual and targeted training (as needed and appropriate to their role) thereafter to help maintain compliance with Security Policies, as well as other corporate policies, such as the Trane Code of Conduct. This includes requiring Trane employees to annually re-acknowledge the Code of Conduct and other Trane policies as appropriate. Trane conducts periodic security awareness campaigns to educate personnel about their responsibilities and provide guidance to create and maintain a secure workplace.
12. Secure Disposal Policies. Trane will maintain policies, processes, and procedures regarding the disposal of tangible and intangible property containing Customer Confidential Information so that wherever possible, Customer Confidential Information cannot be practicably read or reconstructed.
13. Logical Access Controls. Trane employs internal monitoring and logging technology to help detect and prevent unauthorized access attempts to Trane's corporate networks and production systems. Trane's monitoring includes a review of changes affecting systems' handling authentication, authorization, and auditing, and privileged access to Trane production systems. Trane uses the principle of "least privilege" (meaning access denied unless specifically granted) for access to customer data.
14. Contingency Planning/Disaster Recovery. Trane will implement policies and procedures required to respond to an emergency or other occurrence (i.e. fire, vandalism, system failure, natural disaster) that could damage Customer Data or any system that contains Customer Data. Procedures include the following
 - (i) Data backups; and
 - (ii) Formal disaster recovery plan. Such disaster recovery plan is tested at least annually.

15. Return of Customer Data. If Trane is responsible for storing or receiving Customer Data, Trane shall, at Customer's sole discretion, deliver Customer Data to Customer in its preferred format within a commercially reasonable period of time following the expiration or earlier termination of the Agreement or, such earlier time as Customer requests, securely destroy or render unreadable or undecipherable each and every original and copy in every media of all Customer's Data in Trane's possession, custody or control no later than [90 days] after receipt of Customer's written instructions directing Trane to delete the Customer Data.
16. Background Checks Trane shall take reasonable steps to ensure the reliability of its employees or other personnel having access to the Customer Data, including the conducting of appropriate background and/or verification checks in accordance with Trane policies.
17. DISCLAIMER OF WARRANTIES. EXCEPT FOR ANY APPLICABLE WARRANTIES IN THE AGREEMENT, THE SERVICES ARE PROVIDED "AS IS", WITH ALL FAULTS, AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT AS TO SUCH SERVICES SHALL BE WITH CUSTOMER. TRANE DISCLAIMS ANY AND ALL OTHER EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES WITH RESPECT TO THE SERVICES AND THE SERVICES PROVIDED HEREUNDER, INCLUDING ANY EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR THAT THE SERVICES WILL OPERATE ERROR-FREE OR UNINTERRUPTED OR RETURN/RESPONSE TO INQUIRIES WITHIN ANY SPECIFIC PERIOD OF TIME.

DRAFT

"ADDENDUM A" **TO CONTRACT WITH** **THE SCHOOL BOARD OF CLAY COUNTY, FLORIDA**

Notwithstanding any contractual language to the contrary, the terms and conditions of this "Addendum A" shall govern and prevail over any conflicting or inconsistent terms and conditions in the underlying contract to which this "Addendum A" is attached and/or otherwise incorporated. All references herein made to the School Board of Clay County, Florida ("SBCC") shall be interpreted to include the School Board of Clay County, Florida, Clay County District Schools ("District"), and all Board officers and employees.

1. The Company, Vendor, Agency, or Consultant, of Contract with the School Board of Clay County, hereafter collectively and individually referred to as the "Contractor".
2. CONTRACTOR represents that it is an independent contractor and that it requires that the SBCC treat it as such. CONTRACTOR agrees:
 - a. That it has no rights to any benefits extended by the SBCC to its employees [including without limitation, sick leave, vacation time, insurance coverage, etc.];
 - b. That it will not take a position contrary to their status as an independent contractor, and agrees to accept the responsibilities placed on independent contractors by federal and state law accordingly, the SBCC will not make the deductions or contributions that an employer may be required to make with respect to its employees, and the undersigned will be responsible for all federal and state tax and fund obligations, including without limitation, income tax, Social Security, unemployment compensation, etc.];
 - c. CONTRACTOR agrees, as an independent contractor and not an employee of the SBCC, it is responsible for providing their own Worker's Compensation Insurance and social security/self-employment contributions.
3. CONTRACTOR acknowledges and accepts responsibility for all risks of injury and loss associated with the performance of this Agreement. In addition to any other statutory or common law obligation to indemnify and defend the SBCC, CONTRACTOR shall indemnify, defend, and hold harmless the SBCC, its officers, and employees from any claim, loss, damage, penalty, or liability arising from the negligent acts, omissions, misfeasance, malfeasance, or intentionally wrongful conduct of CONTRACTOR, its employees, or agents relating to the performance of duties imposed upon CONTRACTOR by this Agreement. Such indemnity shall not be limited by benefits payable by or for CONTRACTOR under worker's compensation, disability, or any other employee benefits or insurance programs or policies. Contractor shall timely provide to the SBCC written notice of any claim, complaint, or demand asserted against CONTRACTOR related to the performance of this Agreement. CONTRACTOR's obligations under this section shall survive the termination of this Agreement.
4. CONTRACTOR agrees to be bound by, and at its own expense comply with, all federal, state, and local laws, ordinances, and regulations applicable to the services. CONTRACTOR shall review and comply with the confidentiality requirements of federal and state law and the SBCC policy regarding access to and use of records.
5. Reservation of Sovereign Immunity: No provision or language in the underlying contract shall be construed or interpreted to increase the scope or dollar limit of the SBCC's liability beyond that which is set forth in Section 768.28 of the Florida Statutes. Nor shall any such language be construed or interpreted to waive the SBCC's sovereign immunity from suit, or to require the SBCC to indemnify CONTRACTOR or any other person, corporation or legal entity of any kind or nature whatsoever for injury or loss resulting from any acts or omissions other than those which arise from the actionable negligence of the SBCC. The SBCC expressly reserves all other protections and privileges related to its sovereign immunity.
6. CONTRACTOR will perform the services in a thorough, efficient, and professional manner, promptly and with due diligence and care, and in accordance with the best practices of the profession, utilizing qualified and suitable personnel, equipment and materials. CONTRACTOR warrants and represents to the SBCC that it possesses the expertise, capability, equipment and personnel to properly perform the services and that it is properly and legally licensed to perform the services. CONTRACTOR acknowledges that the SBCC is relying on the warranties and representations made by CONTRACTOR.

7. Method of Payment (if applicable): Services and/or Products satisfactorily received shall be compensated in accordance with Attachment A and the following terms:
- Procurement is performed in accordance with applicable law, State Board of Education Rules, Clay County School Board Policy and other applicable rules and regulations which govern. CONTRACTOR shall be paid in accordance with the Local Government Prompt Payment Act (218.70, et seq., Florida Statutes) upon submission of detailed invoices to the appropriate location listed on the District Purchase Order and/or the School Internal Account Purchase Order, and only after delivery and acceptance of the services and/or products provided.
 - Services and/or Products, as authorized and approved by SBCC, shall be compensated by Hour Rate (cost per hour) / Fixed Fee (*includes direct and indirect costs*) / Flat Rate (*cost for scope of work*) / etc.
 - Direct reimbursement for travel expenses, as authorized by and listed in Attachment A, shall be made in accordance with the requirements and rates found at F.S. 112.061 and any applicable the SBCC policies.
 - Incurrence of other direct expenses, if any, must be pre-approved in writing by the SBCC.
 - Unless otherwise required by law, the SBCC's payment obligations (if any) arising from the underlying Agreement are contingent upon an annual appropriation by the School Board and the availability of funds to pay for the contracted services and/or products provided. If such funds are not appropriated for the underlying Agreement and results in its termination, such conditions/events shall not constitute a default by the SBCC.
8. The SBCC and CONTRACTOR have mutual rights to terminate this Agreement with or without cause and without penalty or further payment, at any time upon thirty (30) days written notice to the other party. However, if it is determined by the SBCC that the work is not being performed as agreed herein, CONTRACTOR shall be deemed to be in default, and the SBCC reserves the right to cancel this Agreement immediately.
9. Force Majeure: Neither party to this Agreement shall be liable for delays or failures in performance under this Agreement (other than obligations relating to payment, confidentiality, and protection of ownership and intellectual property rights) resulting from acts or events beyond the reasonable control of such party (a "Force Majeure Event"), including acts of war, terrorism, acts of God, earthquake, flood, embargo, riot, sabotage, labor dispute, wide spread outbreak of disease or pandemic, governmental act, failure of the internet, power failure, or energy, utility, or telecommunications interruptions, provided that the delayed party: (i) gives the other party prompt notice of such cause; and (ii) uses its reasonable commercial efforts to promptly correct such failure or delay in performance. In the event that a Force Majeure Event lasts for more than 90 days, and the party experiencing the initial delay cannot correct its failure or delay in performance during that period of time, despite using its reasonable commercial efforts to do so, the other party may terminate the affected portions of this Agreement.
10. This Agreement shall not be modified or amended except in writing, duly agreed to and executed by the parties.
11. CONTRACTOR shall not assign this Agreement in whole or in part, without the express written consent of the SBCC Purchasing Department.
12. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida and venue shall be in Clay County, Florida.
13. No other representations or promises shall be binding on the parties hereto except those representations or promises contained herein.
14. In the event that any part, term, or provision of this Agreement is, in a court of competent jurisdiction, found to be illegal or unenforceable, the validity of the remaining portions and provisions will not be affected, and the rights and obligations of the parties shall be construed and enforced as if this Agreement did not contain the particular part, term, or provision held to be so invalid.
15. Should any litigation be commenced in connection with this Agreement, the prevailing party shall be entitled to reasonable attorney fees and court costs.
16. The parties hereto represent that they have reviewed this Agreement and have sought legal advice concerning the legal significance and ramifications of this Agreement.
17. CONTRACTOR shall retain records associated with the services and/or products provided herein for a period of three years following final payment. CONTRACTOR shall, with reasonable notice, provide the SBCC access to these records during the above retention period.

18. Jessica Lunsford Act: SBCC is required to conduct background screening of CONTRACTOR (including its employees, agents, and sub-contractors) (go to [Clay County District Schools website](#) for fingerprinting procedures). CONTRACTOR represents and warrants to the SBCC that CONTRACTOR is familiar with Sections 1012.32, 1012.321, 1012.465, 1012.467, and 1012.468 of the Florida Statutes regarding background investigations. CONTRACTOR covenants to comply with all requirements of the above-cited statutes at CONTRACTOR's sole expense and shall provide the SBCC proof of such compliance upon request.

Certification: By executing this Agreement, CONTRACTOR swears and affirms under penalty of perjury that all of its employees, agents, and subcontractors will comply with these procedures, the requirements of the Jessica Lunsford Act, SBCC's finger printing procedures, and the laws of the State of Florida. Failure to comply with these procedures, the Act, SBCC's finger printing procedures, and the law of the State of Florida shall constitute a material breach of the Agreement, and SBCC may avail itself of all remedies pursuant to law. CONTRACTOR agrees to indemnify and hold harmless SBCC, its officers, employees, and agents, from and against any and all claims or causes of action, including without limitation those for personal injury, death, property damages, and attorney fees, arising out of or relating to CONTRACTOR's failure to comply with any of the above.

19. E-Verify: CONTRACTOR named herein, and its subcontractors, are required to register with and use the U.S. Department of Homeland Security's (DHS) E-Verify system to verify the work authorization status of all newly hired employees. By executing this Agreement, the CONTRACTOR certifies that it, and any sub-contractors with which it contracts, are registered with, and use, the E-Verify system for all newly hired employees, and acknowledges that it must obtain an affidavit from its subcontractors in accordance with Section 448.095(2)(b) Fla. Stat. that the subcontractor does not employ, contract with or subcontract with any unauthorized alien. The CONTRACTOR must maintain a copy of such affidavit for the duration of the Agreement. This section serves as notice to the CONTRACTOR that, pursuant to the terms of Section 448.095(2)(c) 1 and 2, Florida Statutes, the SBCC shall terminate this Agreement if it has a good faith belief that the CONTRACTOR has knowingly violated Section 448.09(1), F.S.. If the SBCC has a good faith belief that the subcontractor, without the knowledge of the CONTRACTOR, has knowingly violated Section 448.09(1) or 448.095(2), F.S., the SBCC shall notify the CONTRACTOR and order the CONTRACTOR to immediately terminate the contract with the subcontractor. If the SBCC terminates an Agreement with a CONTRACTOR pursuant to sec. 448.095(2)(c), F.S., the CONTRACTOR will not be awarded a public contract for at least one year after the date of such termination.
20. The CONTRACTOR certifies that CONTRACTOR is in compliance with the requirements of law regarding equal employment opportunity for all persons without regard to age, race, color, religion, sex, national origin, or disability and is not on the Discriminatory Vendor List pursuant to Florida Statute 287.134.
21. CONTRACTOR shall, at CONTRACTOR's sole expense, procure and maintain during the term of this Agreement, at least the following minimum insurance coverage, which shall not limit the liability of CONTRACTOR:

| <u>General Liability Policy:</u> | <u>Auto Liability Policy:</u> | <u>Worker's Compensation Policy:</u> |
|----------------------------------|---|--------------------------------------|
| \$1,000,000.00 per occurrence | \$1,000,000.00 combined single limit | \$100,000 |
| \$2,000,000.00 aggregate | \$5,000,000.00 (if charter or common carrier) | *Exempt, need signed WCAF |

**If the CONTRACTOR is exempt from Worker's Compensation insurance obligations, the CONTRACTOR must sign the Worker's Compensation Acknowledgment Form (WCAF) attached hereto as Exhibit # 1.*

All policies of insurance shall be rated "A-" or better by the most recently published A.M. Best Rating Guide and shall be subject to the SBCC approval as to form and issuing company. The SBCC shall be named as certificate holder and as an *additional insured* in the comprehensive general (including property damage) liability policy within five (5) days after execution of this Agreement. CONTRACTOR shall furnish the SBCC's Representative copies of insurance certificates evidencing that it maintains at least the insurance coverage required hereunder, and which contain the following or equivalent clause: *"Before any reduction, cancellation, modification or expiration of the insurance policy, thirty (30) days prior written notice thereof shall be given to the SBCC."* CONTRACTOR is NOT authorized to proceed with the services until all the insurance certificates have been received and accepted.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the SBCC, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of CONTRACTOR's obligation to fulfill the insurance requirements herein.

22. CONTRACTOR shall not solicit or accept brokerage or any other fees or remuneration from any provider of the SBCC insurance program.
23. CONTRACTOR recognizes and acknowledges that by virtue of entering into this Agreement and providing services hereunder, CONTRACTOR, its agents, employees, officers, and subcontractors may have access to certain confidential information and processes, including confidential student information, personal health information, financial records, and access to the SBCC networks (hereinafter "Confidential Information"). CONTRACTOR agrees that neither it nor any CONTRACTOR agent, employee officer, or subcontractor will at any time, either during or subsequent to the term of this Agreement, disclose to any third party, except where permitted or required by law or where such disclosure is expressly approved by the SBCC in writing, any Confidential Information. In addition, following expiration of said Agreement, CONTRACTOR, its agents, employees, officers, and subcontractors shall either destroy or return to the SBCC all Confidential Information. With 72-hours written notification, the SBCC reserves the right to determine whether or not Confidential Information has been destroyed and such confirmation may include inspecting the CONTRACTOR's facilities and equipment. CONTRACTOR understands and agrees that it is subject to all federal and state laws and SBCC rules relating to the confidentiality of student information. Contractor further agrees to comply with the Family Educational Rights and Privacy Act ("FERPA") 34 C.F.R. § 99. Contractor shall regard all student information as confidential and will not disclose personally-identifiable student records or information to any third party without appropriate legal authorization. Access to SBCC data or networks shall require a SBCC Data-Sharing and Usage Agreement and shall only be authorized by the SBCC IT Department.
24. CONTRACTOR is required to comply with the Florida Public Records Law, Chapter 119, Florida Statutes, in the performance of CONTRACTOR's duties under this Agreement, and will specifically:
- Keep, maintain, and produce upon request and within a reasonable period of time all data created or collected in the performance of its duties under this Agreement ("Agreement Data") which come within the definition of a "public record" under Chapter 119.
 - Provide to the SBCC, upon its request and free of charge, a copy of each record which CONTRACTOR seeks to produce in response to a public records request.
 - Ensure that all Agreement Data considered exempt under Chapter 119 are not disclosed except as authorized by law.
 - Upon completion of its obligations under the Agreement, transfer to the SBCC, at no cost, all Agreement Data in CONTRACTOR's possession or otherwise keep and maintain such data/records as required by law. All records transmitted to the SBCC must be provided in a format that is compatible the SBCC's information technology systems.
 - The SBCC is authorized to collect, use or release social security numbers (SSN) of CONTRACTOR and their employees for the following purposes, which are noted as either required or authorized by law to be collected. The collection of social security numbers is either specifically authorized by law or imperative for the performance of the District's duties and responsibilities as prescribed by law (Sections 119.07(5)(a)2 and 3, Florida Statutes):
 - Criminal history and criminal background checks/Identifiers for processing fingerprints by Department of Law Enforcement, if SSN is available [Required by Fla. Admin. Code 11 C-6.003 and Fla. Stat. § 119.07(5)(a)6]
 - CONTRACTOR that District reasonably believes would receive a 1099 form if a tax identification number is not provided including for IRS form W-9 [Required by 26 C.F.R. § 31.3406-0, 26 C.F.R. § 301.61091, and Fla. Stat. § 119.07(5)(a)2 and 6]

CONTRACTOR's failure to comply with the provisions set forth in this section shall constitute a default and material breach of this Agreement, which may result in termination by the SBCC without penalty.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, OR CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTRACTOR SHALL CONTACT THE SBCC'S CUSTODIAN OF PUBLIC RECORDS AT 900 WALNUT STREET, GREEN COVE SPRINGS, FLORIDA 32043, OR AT 904-336-6500, OR AT: PRR@myoneclay.net

25. Government Funding (if Applicable): Funding for this Agreement may be provided in whole or in part by one or more Government funding agencies (Federal, State, Local). As a result, CONTRACTOR shall comply with applicable Laws, Regulations, Executive Orders, and Governmental Agency Rules and Policies included but not

limited to Titles: 2 – Grants and Agreements (2 C.F.R. §200), Title 7 – Agriculture (NSLP), Title 34 – Education (EDGAR, FERPA), Title 44 – Emergency Management and Assistance (FEMA); U.S. Code Titles: 20,31,40,41.

To the extent that the SBCC is using Government Funds as a source of payment for this Agreement, CONTRACTOR shall execute and deliver to the SBCC the following forms, attached hereto as Exhibit # 2: (a) EDGAR Certification; (b) Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion; (c) Drug-Free Workplace Certification; (d) Non-Collusion Affidavit; and (e) Disclosure of Potential Conflict of Interest.

Masks are Mandatory and a signed COVID-19 Waiver will be required by all Vendors, Visitors, Volunteers, Non-Employees, ETC. conducting business on our property.

COVID-19 WAIVER

SCHOOL BOARD OF CLAY COUNTY, FLORIDA **RELEASE OF LIABILITY AND ASSUMPTION OF RISK RE: COVID 19 INFECTION**

In consideration of being allowed to participate in any way in any activity which takes place on Clay County School District ("CCSD") property (facilities or grounds) I, the undersigned vendor, volunteer, parent, or legal guardian, acknowledge, understand, and agree that by participating in events and activities at Clay County School District facilities/property: (1) there are certain risks to me and my child(ren) arising from or related to possible exposure to communicable diseases including, but not limited to, COVID-19, the virus "severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2)", which is responsible for the Coronavirus Disease (also known as COVID-19) and/or any mutation or variation thereof (collectively referred to as "Communicable Diseases"); (2) I am fully aware of the hazards associated with such Communicable Diseases and; (3) I knowingly and voluntarily assume full responsibility for any and all risk of personal injury or other loss that I may sustain in connection with such Communicable Diseases, and; (4) I, for myself or for my minor child(ren) or ward(s), and on behalf of my/our heirs, assigns, beneficiaries, executors, administrators, personal representatives, and next of kin, **HEREBY EXPRESSLY RELEASE, HOLD HARMLESS, AND FOREVER DISCHARGE CLAY COUNTY SCHOOL BOARD** ("The District") and its officers, officials, agents, representatives, employees, other participants, sponsors, advertisers, and, if applicable, owners and lessors of premises upon which CCSD related events and activities take place (the "Released Parties"), from any and all claims, demands, suits, causes of action, losses, and liability of any kind whatsoever, whether in law or equity, arising out of or related to any ILLNESS, INJURY, DISABILITY, DEATH, OR OTHER DAMAGES incurred due to or in connection with any Communicable Diseases, WHETHER ARISING FROM THE NEGLIGENCE OF THE RELEASED PARTIES OR OTHERWISE, to the fullest extent permitted by law.

I agree that this Agreement is intended to be as broad and inclusive as is permitted by the laws of the State of Florida, and if any portion hereof is held invalid, it is agreed that the remainder shall continue in full legal force and effect.

I certify that I am the legal parent/guardian of the MINOR CHILDREN listed below, and that I HAVE READ AND UNDERSTAND THE FOREGOING RELEASE and affirm that I, on behalf of myself and my minor child(ren), do consent and agree to the complete, total and unequivocal release of all the Released Parties as provided above.

I HAVE READ THIS RELEASE OF LIABILITY AND ASSUMPTION OF RISK AGREEMENT, FULLY UNDERSTAND ITS TERMS, UNDERSTAND THAT I HAVE GIVEN UP SUBSTANTIAL RIGHTS BY SIGNING IT, AND SIGN IT FREELY AND VOLUNTARILY WITHOUT ANY INDUCEMENT.

Exhibit # 1

WORKERS COMPENSATION ACKNOWLEDGEMENT FORM (WCAF)

The undersigned Contractor/Vendor ("Contractor") represents and acknowledges that it is an independent contractor and is not provided coverage under any self-insured workers compensation program of the School Board of Clay County, Florida (the "Board" or "District"), any primary workers compensation insurance policy purchased by or on behalf of the District, any excess workers compensation insurance purchased by or on behalf of the District, any risk sharing arrangement, risk sharing pool, or any state reimbursement fund for workers compensation payments made by the District, based on the following understandings and representations by the Contractor:

1. Contractor is not an "Employee" as defined under Chapter 440 of the Florida Statutes. The Parties agree that Chapter 440 describes remedies for employers and employees in place of Florida common law and limits the rights of independent contractors like the undersigned.
2. Contractor maintains a separate business with its own work equipment, material, and accommodations.
3. Contractor has a different federal employer identification number than the District or is a sole proprietor who is not required to obtain a federal employer identification number under state or federal regulations.
4. Contractor receives compensation for services rendered or work performed, and such compensation is paid to a business rather than to an individual.
5. Contractor maintains at least one bank account in the name of the Contractor or associated persons or entities for the purposes of paying business expenses related to the services rendered or work performed for the District.
6. Contractor performs work or is able to perform work for entities other than the District at the Contractor's election without the necessity of completing an employment application or process.
7. Contractor either provides its own workers compensation coverage or has elected to be exempt from workers compensation coverage.
8. Contractor has provided proof of other insurance, including liability insurance, to the District in the amounts required by the District.
9. Contractor had an opportunity to review and consult with legal counsel regarding this document.
10. Contractor understands that the District is relying upon the truthfulness and accuracy of representations in this acknowledgement as a material basis for the District entering into the underlying agreement(s) with Contractor.

Exhibit # 2 (a)

EDGAR CERTIFICATIONS

All purchases involving the expenditure of federal funds must be compliant with the Education Department General Administrative Regulations ("EDGAR"). The following certifications and provisions are required and apply when the School Board of Clay County, Florida ("SBCC" "School Board") expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the District shall contain the procurement provisions of Appendix II to Part 200, as applicable.

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS APPENDIX II to C.F.R. PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when School Board expends federal funds, School Board reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

Pursuant to Federal Rule (B) above, for all contracts involving Federal funds in excess of \$10,000, School Board reserves the right to terminate the contract (i) for convenience, and/or (ii) for cause by issuing a certified notice to the vendor.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to Federal Rule (C) above, when School Board expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when School Board expends federal funds during the term of an award for all contracts and subgrants for construction or repair, Vendor will be in compliance with all applicable Davis-Bacon Act provisions.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29

EDGAR CERTIFICATIONS (continued)

CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when federal funds are expended by School Board, Vendor certifies that Vendor will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award resulting from this procurement process.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by School Board, Vendor certifies that Vendor will be in compliance with all applicable provisions of Federal Rule (F) during the term of an award resulting from this procurement process.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

Pursuant to Federal Rule (G) above, when federal funds are expended by School Board, Vendor certifies that Vendor will be in compliance with all applicable provisions of Federal Rule (G) during the term of an award resulting from this procurement process.

(H) Energy Policy and Conservation Act (2 CFR §910.120, 10 CFR §600.236). Vendor agrees to comply with the mandatory standards and policies relating to energy efficiency contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

Pursuant to Federal Rule (H) above, when federal funds are expended by School Board, Vendor certifies that Vendor will be in compliance with all applicable provisions of Federal Rule (H) during the term of an award resulting from this procurement process.

(I) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (l) above, when federal funds are expended by School Board, Vendor certifies that during the term of an award resulting from this procurement process, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

(J) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (J) above, Vendor certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The Vendor further certifies that: (1) No Federal appropriated funds have been

EDGAR CERTIFICATIONS (continued)

paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement. (2) If any funds other than Federal appropriated funds have been paid to any person for influencing or attempting to influence an officer or employee of any agency, Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. (3) The undersigned shall require that the language of this certification be included in the award documents for all covered subawards in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

RECORDS ACCESS AND RETENTION

Records Access (34 CFR 80.36 (i)(10): All vendors, contracts and subcontractors shall give access to the SBCC, the appropriate Federal agency, the Comptroller General of the United States, or any of their duly authorized representative to any books, documents, papers, and records of the vendor which are directly pertinent to this specific bid/contract for the purpose of making audit, examination, excerpts and transcriptions.

Records Retention (2 C.F.R. § 200.333): Financial records, supporting documents, statistical records and all other non-Federal entity records pertinent to a Federal award must be retained for a period of three (3) years from the date of submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively, as reported to the Federal awarding agency or passthrough entity in the case of a subrecipient.

RECOVERED MATERIALS

Recovered Materials (2 CFR §200.322): Contractor must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Vendor agrees to comply with all federal, state, and local laws, rules, regulations and ordinances, as applicable. It is further acknowledged that vendor certifies compliance with all provisions, laws, acts, regulations, etc. as specifically noted above.

Exhibit # 2 (b)

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION - LOWER TIER COVERED TRANSACTIONS

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.110.

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-Procurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Instructions for Certification:

1. The prospective lower tier participant certifies, by submission of this proposal that neither it nor its principals are:
 - a) presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency;
 - b) have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in performing a public (federal, state or local) transaction or contract under a public transaction; or for violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;
 - c) are not presently indicted for or otherwise criminally or civilly charged by a government entity (federal, state or local) with commission of the offenses enumerated in this certification; or
 - d) have not within a three-year period preceding this application had one or more public transaction (federal, state or local) terminated for cause or default.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Exhibit # 2 (c)

DRUG-FREE WORKPLACE CERTIFICATION

Preference shall be given to vendors/contractors certifying their compliance with a drug-free workplace in accordance with Section 287.087, Fla. Stat., as follows:

IDENTICAL TIE BIDS – A bid or contract received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedure for processing tie bids shall be followed if none of the tied vendors has a drug-free workplace program. To obtain such preference, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions what shall be taken against employee for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee shall abide by the terms of the statement and shall notify the employer of any conviction or plea of guilty or no contest to any violation of Chapter 893 or of any controlled substance laws of the United States or the State of Florida, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

I certify that this firm complies fully with the above requirements.

This proposal is subject to your acceptance of the attached Trane terms and conditions.

TERMS AND CONDITIONS - COMMERCIAL EQUIPMENT

"Company" shall mean Trane U.S. Inc. for sales in the United States and Trane Canada ULC for sales in Canada.

1. **Acceptance.** These terms and conditions are an integral part of Company's offer and form the basis of any agreement (the "Agreement") resulting from Company's proposal (the "Proposal") for the sale of the described commercial equipment and any ancillary services (the "Equipment"). **COMPANY'S TERMS AND CONDITIONS AND EQUIPMENT PRICES ARE SUBJECT TO PERIODIC CHANGE OR AMENDMENT.** The Proposal is subject to acceptance in writing by the party to whom this offer is made or an authorized agent ("Customer") delivered to Company within 15 days from the date of the Proposal. Prices in the Proposal are subject to change at any time upon notice to Customer. If Customer accepts the Proposal by placing an order, without the addition of any other terms and conditions of sale or any other modification, Customer's order shall be deemed acceptance of the Proposal subject to Company's terms and conditions. If Customer's order is expressly conditioned upon Company's acceptance or assent to terms and/or conditions other than those expressed herein, return of such order by Company with Company's terms and conditions attached or referenced serves as Company's notice of objection to Customer's terms and as Company's counteroffer to provide Equipment in accordance with the Proposal and the Company's terms and conditions. If Customer does not reject or object in writing to Company within 10 days, Company's counteroffer will be deemed accepted. Notwithstanding anything to the contrary herein, Customer's acceptance of the Equipment will in any event constitute an acceptance by Customer of Company's terms and conditions. This Agreement is subject to credit approval by Company. Upon disapproval of credit, Company may delay or suspend performance or, at its option, renegotiate prices and/or terms and conditions with Customer. If Company and Customer are unable to agree on such revisions, this Agreement shall be cancelled without any liability.
2. **Connected Services.** In addition to these terms and conditions, the Connected Services Terms of Service ("Connected Services Terms"), available at <https://www.trane.com/TraneConnectedServicesTerms>, as updated from time to time, are incorporated herein by reference and shall apply to the extent that Company provides Customer with Connected Services, as defined in the Connected Services Terms.
3. **Title and Risk of Loss.** All Equipment sales with destinations to Canada or the U.S. shall be made as follows: FOB Company's U.S. manufacturing facility or warehouse (full freight allowed). Title and risk of loss or damage to Equipment will pass to Customer upon tender of delivery of such to carrier at Company's U.S. manufacturing facility or warehouse.
4. **Pricing and Taxes.** Within forty-five (45) days following Customer acceptance of the Proposal without addition of any other terms and conditions of sale or any modification, Customer shall provide notification of release for immediate production at Company's factory. Prices for Equipment are subject to change at any time prior to shipment to reflect any cost increases related to the manufacture, supply, and shipping of Equipment. This includes, but is not limited to, cost increases in raw materials, supplier components, labor, utilities, freight, logistics, wages and benefits, regulatory compliance, or any other event beyond Company's control. If shipment is delayed due to Customer's actions, Company may also charge Customer with storage fees. If a release is not received within 6 months following order acceptance, Company reserves the right to cancel any order. Company shall be entitled to equitable adjustments in the contract price to reflect any cost increases as set forth above and will provide notice to Customer prior to the date for which the increased price is to be in effect for the applicable customer contract. In no event will prices be decreased. The price of Equipment does not include any present or future foreign, federal, state, or local property, license, privilege, sales, use, excise, value added, gross receipts or other like taxes or assessments. Such amounts will be itemized separately to Customer, who will make prompt payment to Company. Company will accept valid exemption documentation for such taxes and assessments from Customer, if applicable. All prices include packaging in accordance with Company's standard procedures. Charges for special packaging, crating or packing are the responsibility of Customer.
5. **Delivery and Delays.** Delivery dates are approximate and not guaranteed. Company will use commercially reasonable efforts to deliver the Equipment on or before the estimated delivery date, will notify Customer if the estimated delivery dates cannot be honored, and will deliver the Equipment and services as soon as practicable thereafter. In no event will Company be liable for any damages or expenses caused by delays in delivery.
6. **Performance.** Company shall be obligated to furnish only the Equipment described in the Proposal and in submittal data (if such data is issued in connection with the order). Company may rely on the acceptance of the Proposal and submittal data as acceptance of the suitability of the Equipment for the particular project or location. Unless specifically stated in the Proposal, compliance with any local building codes or other laws or regulations relating to specifications or the location, use or operation of the Equipment is the sole responsibility of Customer. If Equipment is tendered that does not fully comply with the provisions of this Agreement and Equipment is rejected by Customer, Company will have the right to cure within a reasonable time after notice thereof by substituting a conforming tender whether or not the time for performance has passed.
7. **Force Majeure.** Company's duty to perform under this Agreement and the Equipment prices are contingent upon the non-occurrence of an Event of Force Majeure. If the Company shall be unable to carry out any material obligation under this Agreement due to an Event of Force Majeure, this Agreement shall at Company's election (i) remain in effect but Company's obligations shall be suspended until the uncontrollable event terminates or (ii) be terminated upon 10 days' notice to Customer, in which event Customer shall pay Company for all parts of the Work furnished to the date of termination. An "Event of Force Majeure" shall mean any cause or event beyond the control of Company. Without limiting the foregoing, "Event of Force Majeure" includes: acts of God; acts of terrorism, war or the public enemy; flood; earthquake; tornado; storm; fire; civil disobedience; pandemic insurrections; riots; labor/labour disputes; labor/labour or material shortages; sabotage; restraint by court order or public authority (whether valid or invalid); and action or non-action by or inability to obtain or keep in force the necessary governmental authorizations, permits, licenses, certificates or approvals if not caused by Company; and the requirements of any applicable government in any manner that diverts either the material or the finished product to the direct or indirect benefit of the government.
8. **Limited Warranty.** Company warrants the Equipment manufactured by Company for a period of the lesser of 12 months from initial start-up or 18 months from date of shipment, whichever is less, against failure due to defects in material and manufacture and that it has the capacities and ratings set forth in Company's catalogs and bulletins ("Warranty"). **Equipment manufactured by Company that includes required start-up and sold in North America will not be warranted by Company unless Company performs the Equipment startup.** Exclusions from this Warranty include damage or failure arising from: wear and tear; corrosion, erosion, deterioration; modifications made by others to the Equipment; repairs or alterations by a party other than Company that adversely affects the stability or reliability of the Equipment; vandalism; neglect; accident; adverse weather or environmental conditions; abuse or improper use; improper installation; commissioning by a party other than Company; unusual physical or electrical or mechanical stress; operation with any accessory, equipment or part not specifically approved by Company; refrigerant not supplied by Company; and/or lack of proper maintenance as recommended by Company. Company shall not be obligated to pay for the cost of lost refrigerant or lost product. Company's obligations and liabilities under this Warranty are limited to furnishing replacement equipment or parts, at its option, FCA (Incoterms 2000) factory or warehouse (f.o.b. factory or warehouse for US domestic purposes) at Company-designated shipping point, freight-allowed to Company's warranty agent's stock location, for all non-conforming Company-manufactured Equipment (which have been returned by Customer to Company). Returns must have prior written approval by Company and are subject to restocking charge where applicable. Equipment, material and/or parts that are not manufactured by Company ("Third-Party Product(s)") are not warranted by Company and have such warranties as may be extended by the respective manufacturer. **CUSTOMER UNDERSTANDS THAT COMPANY IS NOT THE MANUFACTURER OF ANY THIRD-PARTY PRODUCT(S) AND ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS ARE THOSE OF THE THIRD-PARTY MANUFACTURER, NOT COMPANY AND CUSTOMER IS NOT RELYING ON ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS REGARDING THE THIRD-PARTY PRODUCT THAT MAY BE PROVIDED BY COMPANY OR ITS AFFILIATES, WHETHER ORAL OR WRITTEN. COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, INCLUDING WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. ADDITIONALLY, COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND REGARDING PREVENTING, ELIMINATING, REDUCING OR INHIBITING ANY MOLD, FUNGUS, BACTERIA, VIRUS, MICROBIAL GROWTH, OR ANY OTHER CONTAMINANTS (INCLUDING COVID-19 OR ANY SIMILAR VIRUS) (COLLECTIVELY, "CONTAMINANTS"), WHETHER INVOLVING OR IN CONNECTION WITH EQUIPMENT, ANY COMPONENT THEREOF, SERVICES OR OTHERWISE. IN NO EVENT SHALL COMPANY HAVE ANY LIABILITY FOR THE PREVENTION, ELIMINATION, REDUCTION OR INHIBITION OF THE GROWTH OR SPREAD OF SUCH CONTAMINANTS INVOLVING OR IN CONNECTION WITH ANY EQUIPMENT, THIRD-PARTY PRODUCT, OR ANY COMPONENT THEREOF, SERVICES OR OTHERWISE AND CUSTOMER HEREBY SPECIFICALLY ACKNOWLEDGES AND AGREES THERETO.** No warranty liability whatsoever shall attach to Company until Customer's complete order has been paid for in full and Company's liability under this Warranty shall be limited to the purchase price of the Equipment shown to be defective. Additional warranty protection is available on an extra-cost basis and must be in writing and agreed to by an authorized signatory of the Company. **EXCEPT FOR COMPANY'S WARRANTY EXPRESSLY SET FORTH HEREIN, COMPANY DOES NOT MAKE, AND HEREBY EXPRESSLY DISCLAIMS, ANY WARRANTIES, EXPRESS OR IMPLIED CONCERNING ITS PRODUCTS, EQUIPMENT OR SERVICES, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF DESIGN, MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, OR OTHERS THAT ARE ALLEGED TO ARISE FROM COURSE OF DEALING OR TRADE.**
9. **Indemnity.** To the fullest extent permitted by law, Company and Customer shall indemnify, defend and hold harmless each other from any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to real or personal property, to the extent caused by the negligence or misconduct of their respective employees or other authorized agents in connection with their activities within the scope of this Agreement. Neither party shall indemnify the other against claims, damages, expenses or liabilities to the extent attributable to the acts or omissions of the other party. If the parties are both at fault, the obligation to indemnify shall be proportional to their relative fault. The duty to indemnify will continue in full force and effect, notwithstanding the expiration or early termination hereof, with respect to any claims based on facts or conditions that occurred prior to expiration or termination.
10. **Insurance.** Upon request, Company will furnish evidence of its standard insurance coverage. If Customer has requested to be named as an additional insured under Company's insurance policy, Company will do so but only subject to Company's manuscript additional insured endorsement under its primary Commercial General Liability policies. In no event does Company waive any rights of subrogation.

11. Customer Breach. Each of the following events or conditions shall constitute a breach by Customer and shall give Company the right, without an election of remedies, to terminate this Agreement, require payment prior to shipping, or suspend performance by delivery of written notice: (1) Any failure by Customer to pay amounts when due; (2) any general assignment by Customer for the benefit of its creditors, or if Customer becomes bankrupt or insolvent or takes the benefit of any statute for bankrupt or insolvent debtors, or makes or proposes to make any proposal or arrangement with creditors, or if any steps are taken for the winding up or other termination of Customer or the liquidation of its assets, or if a trustee, receiver, or similar person is appointed over any of the assets or interests of Customer; (3) Any representation or warranty furnished by Customer in connection with this Agreement is false or misleading in any material respect when made; or (4) Any failure by Customer to perform or comply with any material provision of this Agreement. Customer shall be liable to the Company for all Equipment furnished and all damages sustained by Company (including lost profit and overhead).

12. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT CONSEQUENTIAL, PUNITIVE, EXEMPLARY DAMAGES (INCLUDING WITHOUT LIMITATION REFRIGERANT LOSS, BUSINESS INTERRUPTION, LOST DATA, LOST REVENUE, LOST PROFITS), OR CONTAMINANTS LIABILITIES, EVEN IF A PARTY HAS BEEN ADVISED OF SUCH POSSIBLE DAMAGES OR IF SAME WERE REASONABLY FORESEEABLE AND REGARDLESS OF WHETHER THE CAUSE OF ACTION IS FRAMED IN CONTRACT, NEGLIGENCE, ANY OTHER TORT, WARRANTY, STRICT LIABILITY, OR PRODUCT LIABILITY. In no event will Company's liability in connection with the provision of products or services or otherwise under this Agreement exceed the entire amount paid to Company by Customer under this Agreement.

13. CONTAMINANTS LIABILITY
The transmission of COVID-19 may occur in a variety of ways and circumstances, many of the aspects of which are currently not known. HVAC systems, products, services and other offerings have not been tested for their effectiveness in reducing the spread of COVID-19, including through the air in closed environments. **IN NO EVENT WILL COMPANY BE LIABLE UNDER THIS AGREEMENT OR OTHERWISE FOR ANY INDEMNIFICATION, ACTION, OR CLAIM, WHETHER BASED ON WARRANTY, CONTRACT, TORT OR OTHERWISE, FOR ANY BODILY INJURY (INCLUDING DEATH), DAMAGE TO PROPERTY, OR ANY OTHER LIABILITIES, DAMAGES OR COSTS RELATED TO CONTAMINANTS (INCLUDING THE SPREAD, TRANSMISSION, MITIGATION, ELIMINATION, OR CONTAMINATION THEREOF) (COLLECTIVELY, "CONTAMINANTS LIABILITIES") AND CUSTOMER HEREBY EXPRESSLY RELEASES COMPANY FROM ANY SUCH CONTAMINANTS LIABILITIES.**

14. Nuclear Liability. In the event that the Equipment sold hereunder is to be used in a nuclear facility, Customer will, prior to such use, arrange for insurance or governmental indemnity protecting Company against all liability and hereby releases and agrees to indemnify Company and its suppliers for any nuclear damage, including loss of use, in any manner arising out of a nuclear incident, whether alleged to be due, in whole or in part to the negligence or otherwise of Company or its suppliers.

15. Intellectual Property; Patent Indemnity. Company retains all ownership, license and other rights to all patents, trademarks, copyrights, trade secrets and other intellectual property rights related to the Equipment, and, except for the right to use the Equipment sold, Customer obtains no rights to use any such intellectual property. Company agrees to defend any suit or proceeding brought against Customer so far as such suit or proceeding is solely based upon a claim that the use of the Equipment provided by Company constitutes infringement of any patent of the United States of America, provided Company is promptly notified in writing and given authority, information and assistance for defense of same. Company will, at its option, procure for Customer the right to continue to use said Equipment, or modify it so that it becomes non-infringing, or replace same with non-infringing Equipment, or to remove said Equipment and to refund the purchase price. The foregoing will not be construed to include any Agreement by Company to accept any liability whatsoever in respect to patents for inventions including more than the Equipment furnished hereunder, or in respect of patents for methods and processes to be carried out with the aid of said Equipment. The provision of Equipment by Company does not convey any license, by implication, estoppel, or otherwise, under patent claims covering combinations of said Equipment with other devices or elements. The foregoing states the entire liability of Company with regard to patent infringement. Notwithstanding the provisions of this paragraph, Customer will hold Company harmless against any expense or loss resulting from infringement of patents or trademarks arising from compliance with Customer's designs or specifications or instructions.

16. Cancellation. Equipment is specially manufactured in response to orders. An order placed with and accepted by Company cannot be delayed, canceled, suspended, or extended except with Company's written consent and upon written terms accepted by Company that will reimburse Company for and indemnify Company against loss and provide Company with a reasonable profit for its materials, time, labor, services, use of facilities and otherwise. Customer will be obligated to accept any Equipment shipped, tendered for delivery or delivered by Company pursuant to the order prior to any agreed delay, cancellation, suspension or extension of the order. Any attempt by Customer to unilaterally revoke, delay or suspend acceptance for any reason whatever after it has agreed to delivery of or accepted any shipment shall constitute a breach of this Agreement. For purposes of this paragraph, acceptance occurs by any waiver of inspection, use or possession of Equipment, payment of the invoice, or any indication of exclusive control exercised by Customer.

17. Invoicing and Payment. Unless otherwise agreed to in writing by Company, equipment shall be invoiced to Customer upon tender of delivery thereof to the carrier. Customer shall pay Company's invoices within net 30 days of shipment date. Company reserves the right to add to any account outstanding for more than 30 days a service charge equal to the lesser of the maximum allowable legal interest rate or 1.5% of the principal amount due at the end of each month. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due and otherwise enforcing these terms and conditions. If requested, Company will provide appropriate lien waivers upon receipt of payment. Company may at any time decline to ship, make delivery or perform work except upon receipt of cash payment, letter of credit, or security, or upon other terms and conditions satisfactory to Company. Customer agrees that, unless Customer makes payment in advance, Company will have a purchase money security interest in all Equipment to secure payment in full of all amounts due Company and its order for the Equipment, together with these terms and conditions, form a security agreement (as defined by the UCC in the United States and as defined in the Personal Property Security Act in Canada). Customer shall keep the Equipment free of all taxes and encumbrances, shall not remove the Equipment from its original installation point and shall not assign or transfer any interest in the Equipment until all payments due Company have been made. The purchase money security interest granted herein attaches upon Company's acceptance of Customer's order and on receipt of the Equipment described in the accepted Proposal but prior to its installation. The parties have no agreement to postpone the time for attachment unless specifically noted in writing on the accepted order. Customer will have no rights of set off against any amounts, which become payable to Company under this Agreement or otherwise.

18. Claims. Company will consider claims for concealed shortages in shipments or rejections due to failure to conform to an order only if such claims or rejections are made in writing within 15 days of delivery and are accompanied by the packing list and, if applicable, the reasons in detail why the Equipment does not conform to Customer's order. Upon receiving authorization and shipping instructions from authorized personnel of Company, Customer may return rejected Equipment, transportation charges prepaid, for replacement. Company may charge Customer any costs resulting from the testing, handling, and disposition of any Equipment returned by Customer which are not found by Company to be nonconforming. All Equipment damaged during shipment and all claims relating thereto must be made with the freight carrier in accordance with such carrier's policies and procedures. Claims for Equipment damaged during shipment are not covered under the warranty provision stated herein.

19. Export Laws. The obligation of Company to supply Equipment under this Agreement is subject to the ability of Company to supply such items consistent with applicable laws and regulations of the United States and other governments. Company reserves the right to refuse to enter into or perform any order, and to cancel any order, under this Agreement if Company in its sole discretion determines that performance of the transaction to which such order relates would violate any such applicable law or regulation. Customer will pay all handling and other similar costs from Company's factories including the costs of freight, insurance, export clearances, import duties and taxes. Customer will be "exporter of record" with respect to any export from the United States of America and will perform all compliance and logistics functions in connection therewith and will also comply with all applicable laws, rules and regulations. Customer understands that Company and/or the Equipment are subject to laws and regulations of the United States of America which may require licensing or authorization for and/or prohibit export, re-export or diversion of Company's Equipment to certain countries, and agrees it will not knowingly assist or participate in any such diversion or other violation of applicable United States of America laws and regulations. Customer agrees to hold harmless and indemnify Company for any damages resulting to Customer or Company from a breach of this paragraph by Customer.

20. General. Except as provided below, to the maximum extent provided by law, this Agreement is made and shall be interpreted and enforced in accordance with the laws of the state of New York for Equipment shipped to a U.S. location and the laws of the province to which Equipment is shipped within Canada, without regard to its conflict of law principles that might otherwise call for the application of a different state's or province's law, and not including the United Nations Convention on Contracts for the International Sale of Goods. Any action or suit arising out of or related to this Agreement must be commenced within one year after the cause of action has accrued. To the extent the Equipment is being used at a site owned and/or operated by any agency of the Federal Government, determination of any substantive issue of law shall be according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government. This Agreement contains all of the agreements, representations and understandings of the parties and supersedes all previous understandings, commitments or agreements, oral or written, related to the subject matter hereof. This Agreement may not be amended, modified or terminated except by a writing signed by the parties hereto. No documents shall be incorporated herein by reference except to the extent Company is a signatory thereon. If any term or condition of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, all other terms and conditions of this Agreement will nevertheless remain in full force and effect as long as the economic or legal substance of the transaction contemplated hereby is not affected in a manner adverse to any party hereto. Customer may not assign, transfer, or convey this Agreement, or any part hereof, or its right, title or interest herein, without the written consent of the Company. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of Customer's permitted successors and assigns. This Agreement may be executed in several counterparts, each of which when executed shall be deemed to be an original, but all together shall constitute but one and the same Agreement. A fully executed facsimile copy hereof or the several counterparts shall suffice as an original.

21. Equal Employment Opportunity/Affirmative Action Clause. Company is a federal contractor that complies fully with Executive Order 11246, as amended, and the applicable regulations contained in 41 C.F.R. Parts 60-1 through 60-60, 29 U.S.C. Section 793 and the applicable regulations contained in 41 C.F.R. Part 60-741; and 38

U.S.C. Section 4212 and the applicable regulations contained in 41 C.F.R. Part 60-250 Executive Order 13496 and Section 29 CFR 471, appendix A to subpart A, regarding the notice of employee rights in the United States and with Canadian Charter of Rights and Freedoms Schedule B to the Canada Act 1982 (U.K.) 1982, c. 11 and applicable Provincial Human Rights Codes and employment law in Canada.

22. U.S. Government Work.

The following provision applies only to direct sales by Company to the US Government. The Parties acknowledge that Equipment ordered and delivered under this Agreement are Commercial Items as defined under Part 12 of the Federal Acquisition Regulation (FAR). In particular, Company agrees to be bound only by those Federal contracting clauses that apply to "commercial" suppliers and that are contained in FAR 52.212-5(e)(1).

The following provision applies only to indirect sales by Company to the US Government. As a Commercial Item Subcontractor, Company accepts only the following mandatory flow down provisions: 52.219-8; 52.222-26; 52.222-35; 52.222-36; 52.222-39; 52.247-64. If the sale of the Equipment is in connection with a U.S. Government contract, Customer certifies that it has provided and will provide current, accurate, and complete information, representations and certifications to all government officials, including but not limited to the contracting officer and officials of the Small Business Administration, on all matters related to the prime contract, including but not limited to all aspects of its ownership, eligibility, and performance. Anything herein notwithstanding, Company will have no obligations to Customer unless and until Customer provides Company with a true, correct and complete executed copy of the prime contract. Upon request, Customer will provide copies to Company of all requested written communications with any government official related to the prime contract prior to or concurrent with the execution thereof, including but not limited to any communications related to Customer's ownership, eligibility or performance of the prime contract. Customer will obtain written authorization and approval from Company prior to providing any government official any information about Company's performance of the work that is the subject of the Proposal or this Agreement, other than the Proposal or this Agreement.

23. Limited Waiver of Sovereign Immunity. If Customer is an Indian tribe (in the U.S.) or a First Nation or Band Council (in Canada), Customer, whether acting in its capacity as a government, governmental entity, a duly organized corporate entity or otherwise, for itself and for its agents, successors, and assigns: (1) hereby provides this limited waiver of its sovereign immunity as to any damages, claims, lawsuit, or cause of action (herein "Action") brought against Customer by Company and arising or alleged to arise out of the furnishing by Company of any product or service under this Agreement, whether such Action is based in contract, tort, strict liability, civil liability or any other legal theory; (2) agrees that jurisdiction and venue for any such Action shall be proper and valid (a) if Customer is in the U.S., in any state or United States court located in the state in which Company is performing this Agreement or (b) if Customer is in Canada, in the superior court of the province or territory in which the work was performed; (3) expressly consents to such Action, and waives any objection to jurisdiction or venue; (4) waives any requirement of exhaustion of tribal court or administrative remedies for any Action arising out of or related to this Agreement; and (5) expressly acknowledges and agrees that Company is not subject to the jurisdiction of Customer's tribal court or any similar tribal forum, that Customer will not bring any action against Company in tribal court, and that Customer will not avail itself of any ruling or direction of the tribal court permitting or directing it to suspend its payment or other obligations under this Agreement. The individual signing on behalf of Customer warrants and represents that such individual is duly authorized to provide this waiver and enter into this Agreement and that this Agreement constitutes the valid and legally binding obligation of Customer, enforceable in accordance with its terms.

1-26.130-4 (0622)
Supersedes 1-26.130-4(1221b)

SECURITY ADDENDUM

This Addendum shall be applicable to the sale, installation and use of Trane equipment and the sale and provision of Trane services. "Trane" shall mean Trane U.S. Inc. for sales and services in the United States, or Trane Canada ULC for sales and services in Canada.

1. **Definitions.** All terms used in this Addendum shall have the meaning specified in the Agreement unless otherwise defined herein. For the purposes of this Addendum, the following terms are defined as follows:

"**Customer Data**" means Customer account information as related to the Services only and does not include HVAC Machine Data or personal data. Trane does not require, nor shall Customer provide personal data to Trane under the Agreement. Such data is not required for Trane to provide its Equipment and/or Services to the Customer.

"**Equipment**" shall have the meaning set forth in the Agreement.

"**HVAC Machine Data**" means data generated and collected from the product or furnished service without manual entry. HVAC Machine Data is data relating to the physical measurements and operating conditions of a HVAC system, such as but not limited to, temperatures, humidity, pressure, HVAC equipment status. HVAC Machine Data does not include Personal Data and, for the purposes of this agreement, the names of users of Trane's controls products or hosted applications shall not be Personal Data, if any such user chooses to use his/her name(s) in the created accounts within the controls product (e.g., firstname.lastname@address.com). HVAC Machine Data may be used by Trane: (a) to provide better support services and/or products to users of its products and services; (b) to assess compliance with Trane terms and conditions; (c) for statistical or other analysis of the collective characteristics and behaviors of product and services users; (d) to backup user and other data or information and/or provide remote support and/or restoration; (e) to provide or undertake: engineering analysis; failure analysis; warranty analysis; energy analysis; predictive analysis; service analysis; product usage analysis; and/or other desirable analysis, including, but not limited to, histories or trends of any of the foregoing; and (f) to otherwise understand and respond to the needs of users of the product or furnished service. "Personal Data" means data and/or information that is owned or controlled by Customer, and that names or identifies, or is about a natural person, such as: (i) data that is explicitly defined as a regulated category of data under any data privacy laws applicable to Customer; (ii) non-public personal information ("NPI") or personal information ("PI"), such as national identification number, passport number, social security number, social insurance number, or driver's license number; (iii) health or medical information, such as insurance information, medical prognosis, diagnosis information, or genetic information; (iv) financial information, such as a policy number, credit card number, and/or bank account number; (v) personally identifying technical information (whether transmitted or stored in cookies, devices, or otherwise), such as IP address, MAC address, device identifier, International Mobile Equipment Identifier ("IMEI"), or advertising identifier; (vi) biometric information; and/or (vii) sensitive personal data, such as, race, religion, marital status, disability, gender, sexual orientation, geolocation, or mother's maiden name.

"**Security Incident**" shall refer to (i) a compromise of any network, system, application or data in which Customer Data has been accessed or acquired by an unauthorized third party; (ii) any situation where Trane reasonably suspects that such compromise may have occurred; or (iii) any actual or reasonably suspected unauthorized or illegal Processing, loss, use, disclosure or acquisition of or access to any Customer Data.

"**Services**" shall have the meaning set forth in the Agreement.

2. **HVAC Machine Data; Access to Customer Extranet and Third Party Systems.** If Customer grants Trane access to HVAC Machine Data via web portals or other non-public websites or extranet services on Customer's or a third party's website or system (each, an "Extranet"), Trane will comply with the following:
 - a. **Accounts.** Trane will ensure that Trane's personnel use only the Extranet account(s) designated by Customer and will require Trane personnel to keep their access credentials confidential.
 - b. **Systems.** Trane will access the Extranet only through computing or processing systems or applications running operating systems managed by Trane that include: (i) system network firewalls; (ii) centralized patch management; (iii) operating system appropriate anti-malware software; and (iv) for portable devices, full disk encryption.
 - c. **Restrictions.** Unless otherwise approved by Customer in writing, Trane will not download, mirror or permanently store any HVAC Machine Data from any Extranet on any medium, including any machines, devices or servers.
 - d. **Account Termination.** Trane will terminate the account of each of Trane's personnel in accordance with Trane's standard practices after any specific Trane personnel who has been authorized to access any Extranet (1) no longer needs access to HVAC Machine Data or (2) no longer qualifies as Trane personnel (e.g., the individual leaves Trane's employment).
 - e. **Third Party Systems.** Trane will provide Customer prior notice before it uses any third party system that stores or may otherwise have access to HVAC Machine Data, unless (1) the data is encrypted and (2) the third party system will not have access to the decryption key or unencrypted "plain text" versions of the HVAC Machine Data.
3. **Customer Data; Confidentiality.** Trane shall keep confidential, and shall not access or use any Customer Data and information that is marked confidential or by its nature is considered confidential ("Customer Confidential Information") other than for the purpose of providing the Equipment and Services, and will disclose Customer Confidential Information only: (i) to Trane's employees and agents who have a need to know to perform the Services, (ii) as expressly permitted or instructed by Customer,

- or (iii) to the minimum extent required to comply with applicable law, provided that Trane (1) provides Customer with prompt written notice prior to any such disclosure, and (2) reasonably cooperate with Customer to limit or prevent such disclosure.
4. Customer Data; Compliance with Laws. Trane agrees to comply with laws, regulations governmental requirements and industry standards and practices relating to Trane's processing of Customer Confidential Information (collectively, "**Laws**").
 5. Customer Data; Information Security Management. Trane agrees to establish and maintain an information security and privacy program, consistent with applicable HVAC equipment industry practices that complies with this Addendum and applicable Laws ("**Information Security Program**"). The Information Security Program shall include appropriate physical, technical and administrative safeguards, including any safeguards and controls agreed by the Parties in writing, sufficient to protect Customer systems, and Customer's Confidential Information from unauthorized access, destruction, use, modification or disclosure. The Information Security Program shall include appropriate, ongoing training and awareness programs designed to ensure that Trane's employees and agents, and others acting on Trane's, behalf are aware of and comply with the Information Security Program's policies, procedures, and protocols.
 6. Monitoring. Trane shall monitor and, at regular intervals consistent with HVAC equipment industry practices, test and evaluate the effectiveness of its Information Security Program. Trane shall evaluate and promptly adjust its Information Security Program in light of the results of the testing and monitoring, any material changes to its operations or business arrangements, or any other facts or circumstances that Trane knows or reasonably should know may have a material impact on the security of Customer Confidential Information, Customer systems and Customer property.
 7. Audits. Customer acknowledges and agrees that the Trane SOC2 audit report will be used to satisfy any and all audit/inspection requests/requirements by or on behalf of Customer. Trane will make its SOC2 audit report available to Customer upon request and with a signed nondisclosure agreement.
 8. Information Security Contact. Trane's information security contact is Local Sales Office.
 9. Security Incident Management. Trane shall notify Customer after the confirmation of a Security Incident that affects Customer Confidential Information, Customer systems and Customer property. The written notice shall summarize the nature and scope of the Security Incident and the corrective action already taken or planned.
 10. Threat and Vulnerability Management. Trane regularly performs vulnerability scans and addresses detected vulnerabilities on a risk basis. Periodically, Trane engages third-parties to perform network vulnerability assessments and penetration testing. Vulnerabilities will be reported in accordance with Trane's cybersecurity vulnerability reported process. Trane periodically provides security updates and software upgrades.
 11. Security Training and Awareness. New employees are required to complete security training as part of the new hire process and receive annual and targeted training (as needed and appropriate to their role) thereafter to help maintain compliance with Security Policies, as well as other corporate policies, such as the Trane Code of Conduct. This includes requiring Trane employees to annually re-acknowledge the Code of Conduct and other Trane policies as appropriate. Trane conducts periodic security awareness campaigns to educate personnel about their responsibilities and provide guidance to create and maintain a secure workplace.
 12. Secure Disposal Policies. Policies, processes, and procedures regarding the disposal of tangible and intangible property containing Customer Confidential Information so that wherever possible, Customer Confidential Information cannot be practicably read or reconstructed.
 13. Logical Access Controls. Trane employs internal monitoring and logging technology to help detect and prevent unauthorized access attempts to Trane's corporate networks and production systems. Trane's monitoring includes a review of changes affecting systems' handling authentication, authorization, and auditing, and privileged access to Trane production systems. Trane uses the principle of "least privilege" (meaning access denied unless specifically granted) for access to customer data.
 14. Contingency Planning/Disaster Recovery. Trane will implement policies and procedures required to respond to an emergency or other occurrence (i.e. fire, vandalism, system failure, natural disaster) that could damage Customer Data or any system that contains Customer Data. Procedures include the following
 - (i) data backups; and
 - (ii) formal disaster recovery plan. Such disaster recovery plan is tested at least annually.
 15. Return of Customer Data. If Trane is responsible for storing or receiving Customer Data, Trane shall, at Customer's sole discretion, deliver Customer Data to Customer in its preferred format within a commercially reasonable period of time following the expiration or earlier termination of the Agreement or, such earlier time as Customer requests, securely destroy or render unreadable or undecipherable each and every original and copy in every media of all Customer's Data in Trane's possession, custody or control no later than [90 days] after receipt of Customer's written instructions directing Trane to delete the Customer Data.

16. Background checks Trane shall take reasonable steps to ensure the reliability of its employees or other personnel having access to the Customer Data, including the conducting of appropriate background and/or verification checks in accordance with Trane policies.
17. DISCLAIMER OF WARRANTIES. EXCEPT FOR ANY APPLICABLE WARRANTIES IN THE AGREEMENT, THE SERVICES ARE PROVIDED "AS IS", WITH ALL FAULTS, AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT AS TO SUCH SERVICES SHALL BE WITH CUSTOMER. TRANE DISCLAIMS ANY AND ALL OTHER EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES WITH RESPECT TO THE SERVICES AND THE SERVICES PROVIDED HEREUNDER, INCLUDING ANY EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR THAT THE SERVICES WILL OPERATE ERROR-FREE OR UNINTERRUPTED OR RETURN/RESPONSE TO INQUIRIES WITHIN ANY SPECIFIC PERIOD OF TIME.

November 2023

DRAFT

"ADDENDUM A" **TO CONTRACT WITH** **THE SCHOOL BOARD OF CLAY COUNTY, FLORIDA**

Notwithstanding any contractual language to the contrary, the terms and conditions of this "Addendum A" shall govern and prevail over any conflicting or inconsistent terms and conditions in the underlying contract to which this "Addendum A" is attached and/or otherwise incorporated. All references herein made to the School Board of Clay County, Florida ("SBCC") shall be interpreted to include the School Board of Clay County, Florida, Clay County District Schools ("District"), and all Board officers and employees.

1. The Company, Vendor, Agency, or Consultant, of Contract with the School Board of Clay County, hereafter collectively and individually referred to as the "Contractor".
2. CONTRACTOR represents that it is an independent contractor and that it requires that the SBCC treat it as such. CONTRACTOR agrees:
 - a. That it has no rights to any benefits extended by the SBCC to its employees [including without limitation, sick leave, vacation time, insurance coverage, etc.];
 - b. That it will not take a position contrary to their status as an independent contractor, and agrees to accept the responsibilities placed on independent contractors by federal and state law accordingly, the SBCC will not make the deductions or contributions that an employer may be required to make with respect to its employees, and the undersigned will be responsible for all federal and state tax and fund obligations, including without limitation, income tax, Social Security, unemployment compensation, etc.];
 - c. CONTRACTOR agrees, as an independent contractor and not an employee of the SBCC, it is responsible for providing their own Worker's Compensation Insurance and social security/self-employment contributions.
3. CONTRACTOR acknowledges and accepts responsibility for all risks of injury and loss associated with the performance of this Agreement. In addition to any other statutory or common law obligation to indemnify and defend the SBCC, CONTRACTOR shall indemnify, defend, and hold harmless the SBCC, its officers, and employees from any claim, loss, damage, penalty, or liability arising from the negligent acts, omissions, misfeasance, malfeasance, or intentionally wrongful conduct of CONTRACTOR, its employees, or agents relating to the performance of duties imposed upon CONTRACTOR by this Agreement. Such indemnity shall not be limited by benefits payable by or for CONTRACTOR under worker's compensation, disability, or any other employee benefits or insurance programs or policies. Contractor shall timely provide to the SBCC written notice of any claim, complaint, or demand asserted against CONTRACTOR related to the performance of this Agreement. CONTRACTOR's obligations under this section shall survive the termination of this Agreement.
4. CONTRACTOR agrees to be bound by, and at its own expense comply with, all federal, state, and local laws, ordinances, and regulations applicable to the services. CONTRACTOR shall review and comply with the confidentiality requirements of federal and state law and the SBCC policy regarding access to and use of records.
5. Reservation of Sovereign Immunity: No provision or language in the underlying contract shall be construed or interpreted to increase the scope or dollar limit of the SBCC's liability beyond that which is set forth in Section 768.28 of the Florida Statutes. Nor shall any such language be construed or interpreted to waive the SBCC's sovereign immunity from suit, or to require the SBCC to indemnify CONTRACTOR or any other person, corporation or legal entity of any kind or nature whatsoever for injury or loss resulting from any acts or omissions other than those which arise from the actionable negligence of the SBCC. The SBCC expressly reserves all other protections and privileges related to its sovereign immunity.
6. CONTRACTOR will perform the services in a thorough, efficient, and professional manner, promptly and with due diligence and care, and in accordance with the best practices of the profession, utilizing qualified and suitable personnel, equipment and materials. CONTRACTOR warrants and represents to the SBCC that it possesses the expertise, capability, equipment and personnel to properly perform the services and that it is properly and legally licensed to perform the services. CONTRACTOR acknowledges that the SBCC is relying on the warranties and representations made by CONTRACTOR.

7. Method of Payment (if applicable): Services and/or Products satisfactorily received shall be compensated in accordance with Attachment A and the following terms:
- Procurement is performed in accordance with applicable law, State Board of Education Rules, Clay County School Board Policy and other applicable rules and regulations which govern. CONTRACTOR shall be paid in accordance with the Local Government Prompt Payment Act (218.70, et seq., Florida Statutes) upon submission of detailed invoices to the appropriate location listed on the District Purchase Order and/or the School Internal Account Purchase Order, and only after delivery and acceptance of the services and/or products provided.
 - Services and/or Products, as authorized and approved by SBCC, shall be compensated by Hour Rate (cost per hour) / Fixed Fee (*includes direct and indirect costs*) / Flat Rate (*cost for scope of work*) / etc.
 - Direct reimbursement for travel expenses, as authorized by and listed in Attachment A, shall be made in accordance with the requirements and rates found at F.S. 112.061 and any applicable the SBCC policies.
 - Incurrence of other direct expenses, if any, must be pre-approved in writing by the SBCC.
 - Unless otherwise required by law, the SBCC's payment obligations (if any) arising from the underlying Agreement are contingent upon an annual appropriation by the School Board and the availability of funds to pay for the contracted services and/or products provided. If such funds are not appropriated for the underlying Agreement and results in its termination, such conditions/events shall not constitute a default by the SBCC.
8. The SBCC and CONTRACTOR have mutual rights to terminate this Agreement with or without cause and without penalty or further payment, at any time upon thirty (30) days written notice to the other party. However, if it is determined by the SBCC that the work is not being performed as agreed herein, CONTRACTOR shall be deemed to be in default, and the SBCC reserves the right to cancel this Agreement immediately.
9. Force Majeure: Neither party to this Agreement shall be liable for delays or failures in performance under this Agreement (other than obligations relating to payment, confidentiality, and protection of ownership and intellectual property rights) resulting from acts or events beyond the reasonable control of such party (a "Force Majeure Event"), including acts of war, terrorism, acts of God, earthquake, flood, embargo, riot, sabotage, labor dispute, wide spread outbreak of disease or pandemic, governmental act, failure of the internet, power failure, or energy, utility, or telecommunications interruptions, provided that the delayed party: (i) gives the other party prompt notice of such cause; and (ii) uses its reasonable commercial efforts to promptly correct such failure or delay in performance. In the event that a Force Majeure Event lasts for more than 90 days, and the party experiencing the initial delay cannot correct its failure or delay in performance during that period of time, despite using its reasonable commercial efforts to do so, the other party may terminate the affected portions of this Agreement.
10. This Agreement shall not be modified or amended except in writing, duly agreed to and executed by the parties.
11. CONTRACTOR shall not assign this Agreement in whole or in part, without the express written consent of the SBCC Purchasing Department.
12. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida and venue shall be in Clay County, Florida.
13. No other representations or promises shall be binding on the parties hereto except those representations or promises contained herein.
14. In the event that any part, term, or provision of this Agreement is, in a court of competent jurisdiction, found to be illegal or unenforceable, the validity of the remaining portions and provisions will not be affected, and the rights and obligations of the parties shall be construed and enforced as if this Agreement did not contain the particular part, term, or provision held to be so invalid.
15. Should any litigation be commenced in connection with this Agreement, the prevailing party shall be entitled to reasonable attorney fees and court costs.
16. The parties hereto represent that they have reviewed this Agreement and have sought legal advice concerning the legal significance and ramifications of this Agreement.
17. CONTRACTOR shall retain records associated with the services and/or products provided herein for a period of three years following final payment. CONTRACTOR shall, with reasonable notice, provide the SBCC access to these records during the above retention period.

18. **Jessica Lunsford Act:** SBCC is required to conduct background screening of CONTRACTOR (including its employees, agents, and sub-contractors) (go to [Clay County District Schools website](#) for fingerprinting procedures). CONTRACTOR represents and warrants to the SBCC that CONTRACTOR is familiar with Sections 1012.32, 1012.321, 1012.465, 1012.467, and 1012.468 of the Florida Statutes regarding background investigations. CONTRACTOR covenants to comply with all requirements of the above-cited statutes at CONTRACTOR's sole expense and shall provide the SBCC proof of such compliance upon request.

Certification: By executing this Agreement, CONTRACTOR swears and affirms under penalty of perjury that all of its employees, agents, and subcontractors will comply with these procedures, the requirements of the Jessica Lunsford Act, SBCC's finger printing procedures, and the laws of the State of Florida. Failure to comply with these procedures, the Act, SBCC's finger printing procedures, and the law of the State of Florida shall constitute a material breach of the Agreement, and SBCC may avail itself of all remedies pursuant to law. CONTRACTOR agrees to indemnify and hold harmless SBCC, its officers, employees, and agents, from and against any and all claims or causes of action, including without limitation those for personal injury, death, property damages, and attorney fees, arising out of or relating to CONTRACTOR's failure to comply with any of the above.

19. **E-Verify:** CONTRACTOR named herein, and its subcontractors, are required to register with and use the U.S. Department of Homeland Security's (DHS) E-Verify system to verify the work authorization status of all newly hired employees. By executing this Agreement, the CONTRACTOR certifies that it, and any sub-contractors with which it contracts, are registered with, and use, the E-Verify system for all newly hired employees, and acknowledges that it must obtain an affidavit from its subcontractors in accordance with Section 448.095(2)(b) Fla. Stat. that the subcontractor does not employ, contract with or subcontract with any unauthorized alien. The CONTRACTOR must maintain a copy of such affidavit for the duration of the Agreement. This section serves as notice to the CONTRACTOR that, pursuant to the terms of Section 448.095(2)(c) 1 and 2, Florida Statutes, the SBCC shall terminate this Agreement if it has a good faith belief that the CONTRACTOR has knowingly violated Section 448.09(1), F.S.. If the SBCC has a good faith belief that the subcontractor, without the knowledge of the CONTRACTOR, has knowingly violated Section 448.09(1) or 448.095(2), F.S., the SBCC shall notify the CONTRACTOR and order the CONTRACTOR to immediately terminate the contract with the subcontractor. If the SBCC terminates an Agreement with a CONTRACTOR pursuant to sec. 448.095(2)(c), F.S., the CONTRACTOR will not be awarded a public contract for at least one year after the date of such termination.
20. The CONTRACTOR certifies that CONTRACTOR is in compliance with the requirements of law regarding equal employment opportunity for all persons without regard to age, race, color, religion, sex, national origin, or disability and is not on the Discriminatory Vendor List pursuant to Florida Statute 287.134.
21. CONTRACTOR shall, at CONTRACTOR's sole expense, procure and maintain during the term of this Agreement, at least the following minimum insurance coverage, which shall not limit the liability of CONTRACTOR:

| <u>General Liability Policy:</u> | <u>Auto Liability Policy:</u> | <u>Worker's Compensation Policy:</u> |
|----------------------------------|---|--------------------------------------|
| \$1,000,000.00 per occurrence | \$1,000,000.00 combined single limit | \$100,000 |
| \$2,000,000.00 aggregate | \$5,000,000.00 (if charter or common carrier) | *Exempt, need signed WCAF |

**If the CONTRACTOR is exempt from Worker's Compensation insurance obligations, the CONTRACTOR must sign the Worker's Compensation Acknowledgment Form (WCAF) attached hereto as Exhibit # 1.*

All policies of insurance shall be rated "A-" or better by the most recently published A.M. Best Rating Guide and shall be subject to the SBCC approval as to form and issuing company. The SBCC shall be named as certificate holder and as an *additional insured* in the comprehensive general (including property damage) liability policy within five (5) days after execution of this Agreement. CONTRACTOR shall furnish the SBCC's Representative copies of insurance certificates evidencing that it maintains at least the insurance coverage required hereunder, and which contain the following or equivalent clause: *"Before any reduction, cancellation, modification or expiration of the insurance policy, thirty (30) days prior written notice thereof shall be given to the SBCC."* CONTRACTOR is NOT authorized to proceed with the services until all the insurance certificates have been received and accepted.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the SBCC, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of CONTRACTOR's obligation to fulfill the insurance requirements herein.

22. CONTRACTOR shall not solicit or accept brokerage or any other fees or remuneration from any provider of the SBCC insurance program.
23. CONTRACTOR recognizes and acknowledges that by virtue of entering into this Agreement and providing services hereunder, CONTRACTOR, its agents, employees, officers, and subcontractors may have access to certain confidential information and processes, including confidential student information, personal health information, financial records, and access to the SBCC networks (hereinafter "Confidential Information"). CONTRACTOR agrees that neither it nor any CONTRACTOR agent, employee officer, or subcontractor will at any time, either during or subsequent to the term of this Agreement, disclose to any third party, except where permitted or required by law or where such disclosure is expressly approved by the SBCC in writing, any Confidential Information. In addition, following expiration of said Agreement, CONTRACTOR, its agents, employees, officers, and subcontractors shall either destroy or return to the SBCC all Confidential Information. With 72-hours written notification, the SBCC reserves the right to determine whether or not Confidential Information has been destroyed and such confirmation may include inspecting the CONTRACTOR's facilities and equipment. CONTRACTOR understands and agrees that it is subject to all federal and state laws and SBCC rules relating to the confidentiality of student information. Contractor further agrees to comply with the Family Educational Rights and Privacy Act ("FERPA") 34 C.F.R. § 99. Contractor shall regard all student information as confidential and will not disclose personally-identifiable student records or information to any third party without appropriate legal authorization. Access to SBCC data or networks shall require a SBCC Data-Sharing and Usage Agreement and shall only be authorized by the SBCC IT Department.
24. CONTRACTOR is required to comply with the Florida Public Records Law, Chapter 119, Florida Statutes, in the performance of CONTRACTOR's duties under this Agreement, and will specifically:
- Keep, maintain, and produce upon request and within a reasonable period of time all data created or collected in the performance of its duties under this Agreement ("Agreement Data") which come within the definition of a "public record" under Chapter 119.
 - Provide to the SBCC, upon its request and free of charge, a copy of each record which CONTRACTOR seeks to produce in response to a public records request.
 - Ensure that all Agreement Data considered exempt under Chapter 119 are not disclosed except as authorized by law.
 - Upon completion of its obligations under the Agreement, transfer to the SBCC, at no cost, all Agreement Data in CONTRACTOR's possession or otherwise keep and maintain such data/records as required by law. All records transmitted to the SBCC must be provided in a format that is compatible the SBCC's information technology systems.
 - The SBCC is authorized to collect, use or release social security numbers (SSN) of CONTRACTOR and their employees for the following purposes, which are noted as either required or authorized by law to be collected. The collection of social security numbers is either specifically authorized by law or imperative for the performance of the District's duties and responsibilities as prescribed by law (Sections 119.07(5)(a)2 and 3, Florida Statutes):
 - Criminal history and criminal background checks/Identifiers for processing fingerprints by Department of Law Enforcement, if SSN is available [Required by Fla. Admin. Code 11 C-6.003 and Fla. Stat. § 119.07(5)(a)6]
 - CONTRACTOR that District reasonably believes would receive a 1099 form if a tax identification number is not provided including for IRS form W-9 [Required by 26 C.F.R. § 31.3406-0, 26 C.F.R. § 301.61091, and Fla. Stat. § 119.07(5)(a)2 and 6]

CONTRACTOR's failure to comply with the provisions set forth in this section shall constitute a default and material breach of this Agreement, which may result in termination by the SBCC without penalty.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, OR CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTRACTOR SHALL CONTACT THE SBCC'S CUSTODIAN OF PUBLIC RECORDS AT 900 WALNUT STREET, GREEN COVE SPRINGS, FLORIDA 32043, OR AT 904-336-6500, OR AT: PRR@myoneclay.net

25. Government Funding (if Applicable): Funding for this Agreement may be provided in whole or in part by one or more Government funding agencies (Federal, State, Local). As a result, CONTRACTOR shall comply with applicable Laws, Regulations, Executive Orders, and Governmental Agency Rules and Policies included but not

limited to Titles: 2 – Grants and Agreements (2 C.F.R. §200), Title 7 – Agriculture (NSLP), Title 34 – Education (EDGAR, FERPA), Title 44 – Emergency Management and Assistance (FEMA); U.S. Code Titles: 20,31,40,41.

To the extent that the SBCC is using Government Funds as a source of payment for this Agreement, CONTRACTOR shall execute and deliver to the SBCC the following forms, attached hereto as Exhibit # 2: (a) EDGAR Certification; (b) Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion; (c) Drug-Free Workplace Certification; (d) Non-Collusion Affidavit; and (e) Disclosure of Potential Conflict of Interest.

Waiver Requires Signature At Time Of Entrance On SBCC Property

Masks are Mandatory and a signed COVID-19 Waiver will be required by all Vendors, Visitors, Volunteers, Non-Employees, ETC. conducting business on our property.

COVID-19 WAIVER

SCHOOL BOARD OF CLAY COUNTY, FLORIDA RELEASE OF LIABILITY AND ASSUMPTION OF RISK RE: COVID 19 INFECTION

In consideration of being allowed to participate in any way in any activity which takes place on Clay County School District ("CCSD") property (facilities or grounds) I, the undersigned vendor, volunteer, parent, or legal guardian, acknowledge, understand, and agree that by participating in events and activities at Clay County School District facilities/property: (1) there are certain risks to me and my child(ren) arising from or related to possible exposure to communicable diseases including, but not limited to, COVID-19, the virus "severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2)", which is responsible for the Coronavirus Disease (also known as COVID-19) and/or any mutation or variation thereof (collectively referred to as "Communicable Diseases"); (2) I am fully aware of the hazards associated with such Communicable Diseases and; (3) I knowingly and voluntarily assume full responsibility for any and all risk of personal injury or other loss that I may sustain in connection with such Communicable Diseases, and; (4) I, for myself or for my minor child(ren) or ward(s), and on behalf of my/our heirs, assigns, beneficiaries, executors, administrators, personal representatives, and next of kin, **HEREBY EXPRESSLY RELEASE, HOLD HARMLESS, AND FOREVER DISCHARGE CLAY COUNTY SCHOOL BOARD** ("The District") and its officers, officials, agents, representatives, employees, other participants, sponsors, advertisers, and, if applicable, owners and lessors of premises upon which CCSD related events and activities take place (the "Released Parties"), from any and all claims, demands, suits, causes of action, losses, and liability of any kind whatsoever, whether in law or equity, arising out of or related to any ILLNESS, INJURY, DISABILITY, DEATH, OR OTHER DAMAGES incurred due to or in connection with any Communicable Diseases, WHETHER ARISING FROM THE NEGLIGENCE OF THE RELEASED PARTIES OR OTHERWISE, to the fullest extent permitted by law.

I agree that this Agreement is intended to be as broad and inclusive as is permitted by the laws of the State of Florida, and if any portion hereof is held invalid, it is agreed that the remainder shall continue in full legal force and effect.

I certify that I am the legal parent/guardian of the MINOR CHILDREN listed below, and that I HAVE READ AND UNDERSTAND THE FOREGOING RELEASE and affirm that I, on behalf of myself and my minor child(ren), do consent and agree to the complete, total and unequivocal release of all the Released Parties as provided above.

I HAVE READ THIS RELEASE OF LIABILITY AND ASSUMPTION OF RISK AGREEMENT, FULLY UNDERSTAND ITS TERMS, UNDERSTAND THAT I HAVE GIVEN UP SUBSTANTIAL RIGHTS BY SIGNING IT, AND SIGN IT FREELY AND VOLUNTARILY WITHOUT ANY INDUCEMENT.

WORKERS COMPENSATION ACKNOWLEDGEMENT FORM (WCAF)

The undersigned Contractor/Vendor ("Contractor") represents and acknowledges that it is an independent contractor and is not provided coverage under any self-insured workers compensation program of the School Board of Clay County, Florida (the "Board" or "District"), any primary workers compensation insurance policy purchased by or on behalf of the District, any excess workers compensation insurance purchased by or on behalf of the District, any risk sharing arrangement, risk sharing pool, or any state reimbursement fund for workers compensation payments made by the District, based on the following understandings and representations by the Contractor:

1. Contractor is not an "Employee" as defined under Chapter 440 of the Florida Statutes. The Parties agree that Chapter 440 describes remedies for employers and employees in place of Florida common law and limits the rights of independent contractors like the undersigned.
2. Contractor maintains a separate business with its own work equipment, material, and accommodations.
3. Contractor has a different federal employer identification number than the District or is a sole proprietor who is not required to obtain a federal employer identification number under state or federal regulations.
4. Contractor receives compensation for services rendered or work performed, and such compensation is paid to a business rather than to an individual.
5. Contractor maintains at least one bank account in the name of the Contractor or associated persons or entities for the purposes of paying business expenses related to the services rendered or work performed for the District.
6. Contractor performs work or is able to perform work for entities other than the District at the Contractor's election without the necessity of completing an employment application or process.
7. Contractor either provides its own workers compensation coverage or has elected to be exempt from workers compensation coverage.
8. Contractor has provided proof of other insurance, including liability insurance, to the District in the amounts required by the District.
9. Contractor had an opportunity to review and consult with legal counsel regarding this document.
10. Contractor understands that the District is relying upon the truthfulness and accuracy of representations in this acknowledgement as a material basis for the District entering into the underlying agreement(s) with Contractor.

Exhibit # 2 (a)

EDGAR CERTIFICATIONS

All purchases involving the expenditure of federal funds must be compliant with the Education Department General Administrative Regulations ("EDGAR"). The following certifications and provisions are required and apply when the School Board of Clay County, Florida ("SBCC" "School Board") expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the District shall contain the procurement provisions of Appendix II to Part 200, as applicable.

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS APPENDIX II to C.F.R. PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when School Board expends federal funds, School Board reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

Pursuant to Federal Rule (B) above, for all contracts involving Federal funds in excess of \$10,000, School Board reserves the right to terminate the contract (i) for convenience, and/or (ii) for cause by issuing a certified notice to the vendor.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to Federal Rule (C) above, when School Board expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when School Board expends federal funds during the term of an award for all contracts and subgrants for construction or repair, Vendor will be in compliance with all applicable Davis-Bacon Act provisions.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29

EDGAR CERTIFICATIONS (continued)

CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when federal funds are expended by School Board, Vendor certifies that Vendor will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award resulting from this procurement process.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Pursuant to Federal Rule (F) above, when federal funds are expended by School Board, Vendor certifies that Vendor will be in compliance with all applicable provisions of Federal Rule (F) during the term of an award resulting from this procurement process.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

Pursuant to Federal Rule (G) above, when federal funds are expended by School Board, Vendor certifies that Vendor will be in compliance with all applicable provisions of Federal Rule (G) during the term of an award resulting from this procurement process.

(H) Energy Policy and Conservation Act (2 CFR §910.120, 10 CFR §600.236). Vendor agrees to comply with the mandatory standards and policies relating to energy efficiency contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

Pursuant to Federal Rule (H) above, when federal funds are expended by School Board, Vendor certifies that Vendor will be in compliance with all applicable provisions of Federal Rule (H) during the term of an award resulting from this procurement process.

(I) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Pursuant to Federal Rule (I) above, when federal funds are expended by School Board, Vendor certifies that during the term of an award resulting from this procurement process, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

(J) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (J) above, Vendor certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The Vendor further certifies that: (1) No Federal appropriated funds have been

EDGAR CERTIFICATIONS (continued)

paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement. (2) If any funds other than Federal appropriated funds have been paid to any person for influencing or attempting to influence an officer or employee of any agency, Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. (3) The undersigned shall require that the language of this certification be included in the award documents for all covered subawards in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

RECORDS ACCESS AND RETENTION

Records Access (34 CFR 80.36 (i)(10): All vendors, contracts and subcontractors shall give access to the SBCC, the appropriate Federal agency, the Comptroller General of the United States, or any of their duly authorized representative to any books, documents, papers, and records of the vendor which are directly pertinent to this specific bid/contract for the purpose of making audit, examination, excerpts and transcriptions.

Records Retention (2 C.F.R. § 200.333): Financial records, supporting documents, statistical records and all other non-Federal entity records pertinent to a Federal award must be retained for a period of three (3) years from the date of submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively, as reported to the Federal awarding agency or passthrough entity in the case of a subrecipient.

RECOVERED MATERIALS

Recovered Materials (2 CFR §200.322): Contractor must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Vendor agrees to comply with all federal, state, and local laws, rules, regulations and ordinances, as applicable. It is further acknowledged that vendor certifies compliance with all provisions, laws, acts, regulations, etc. as specifically noted above.

Exhibit # 2 (b)

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION - LOWER TIER COVERED TRANSACTIONS

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.110.

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-Procurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Instructions for Certification:

1. The prospective lower tier participant certifies, by submission of this proposal that neither it nor its principals are:
 - a) presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency;
 - b) have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in performing a public (federal, state or local) transaction or contract under a public transaction; or for violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;
 - c) are not presently indicted for or otherwise criminally or civilly charged by a government entity (federal, state or local) with commission of the offenses enumerated in this certification; or
 - d) have not within a three-year period preceding this application had one or more public transaction (federal, state or local) terminated for cause or default.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Exhibit # 2 (c)

DRUG-FREE WORKPLACE CERTIFICATION

Preference shall be given to vendors/contractors certifying their compliance with a drug-free workplace in accordance with Section 287.087, Fla. Stat., as follows:

IDENTICAL TIE BIDS – A bid or contract received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedure for processing tie bids shall be followed if none of the tied vendors has a drug-free workplace program. To obtain such preference, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions what shall be taken against employee for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee shall abide by the terms of the statement and shall notify the employer of any conviction or plea of guilty or no contest to any violation of Chapter 893 or of any controlled substance laws of the United States or the State of Florida, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

I certify that this firm complies fully with the above requirements.
