Apptegy Rooms

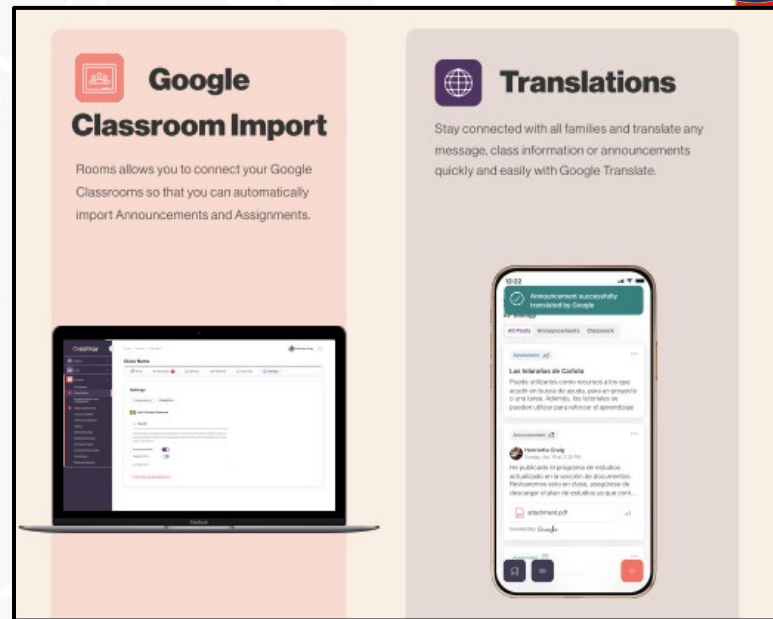

- May 19 - Invitations were texted and emailed to all students' parents and guardians to create a Rooms log in
- Will fully launch in August
- Allows for one-way and two-way communication between parents and...
 - Teachers
 - Schools
 - Coaches and Sponsors

What Is Rooms?

"Rooms" is essentially a two-way communication system designed to enhance interaction between teachers, students, and parents. Here's a breakdown of its key features and purpose:

- **Two-Way Communication:**
 - It facilitates direct communication between parents and teachers, allowing for easy messaging and interaction.
 - It also enables students to communicate directly with their teachers in a monitored and safe environment.
- **Classroom Management:**
 - Rooms helps teachers share materials, and provide updates to students and parents.
 - Features like "Class Stream" allow teachers to post announcements and assignments, keeping everyone informed.
- **Centralized Communication:**
 - The platform aims to consolidate communication, eliminating the need for various separate channels.
 - This helps ensure that everyone is on the same page and that important information is easily accessible.

Upcoming Events

On the Horizon

- August 4th: Teachers Return
- August 11th: Students Return

Thank you
