

Proposed Meal Prices 2010-11

Current Meal Prices since 2007-2008

Breakfast	Same	\$1.25
Elementary Lunch	\$1.65	\$1.50
Secondary Lunch	\$2.00	\$1.85

Due to the rising operational costs it is necessary to increase meal prices by .15. Higher cost of food, supplies and fuel are reasons for this proposed increase. In addition, in order to regularly offer Clay County students fresh fruit and vegetables, meal prices must be increased.

Food and Nutrition Services is now responsible for more expenditures than in previous years (i.e., electricity in kitchens, dumpster fees, maintenance repairs, installation of large kitchen equipment, salaries.)
