

Project Summary: Title III, Part A Supplementary Instructional Support for English Language Learners

Project Number: 100-1020A-0C001

Award Amount: \$62,576.00

Major Projects:

- (1) Pay teachers to conduct an ESOL Summer Reading Camp for Middle School Students at Green Cove Junior High School. This program is targeting struggling students based on FCAT Results and teacher recommendations.
- (2) Hire a 0.6 Technical Support Assistant to help maintain the Rosetta Stone network and school-based computer issues. This position will also support the Rosetta Stone take home laptop Computers for students and parents to utilize. Rosetta Stone focuses on English language acquisition.
- (3) Purchase supplemental classroom supplies to assist the English language learner in the form of manipulative, head phones for Rosetta Stone, math and science materials.
- (4) Purchase computers and Rosetta Stone software for schools and take home lap top programs. Expand our current Rosetta Stone program (currently levels 1-3) to levels 4-5 for middle and high schools.
