MEMORANDA

DATE: 5 February 2006

TO: School Board Chairmen, Superintendents and School Finance Officers

FROM: Sue Hershey, President
Joy Bowen, Treasurer

RE: 2007-08 FSBA Dues

Enclosed is the annual FSBA Dues statement. This annual increase is based on the Consumer Price Index of 2.5% for the year ended December 31, 2006. This increase is in accordance with the FSBA bylaws.

Now is the time for all school board members to stay together to make significant gains and to keep local control for district school boards.

FSBA will continue to provide valuable services to the local school board members. Those services include researching issues of legislative importance to school systems in Florida and representing their views before the legislature, the State Board of Education, and other organizations interested in public education. Additionally, FSBA provides leadership training for school board members and, as an added benefit, all members of the Association are covered by a \$100,000 accidental death and dismemberment insurance policy.

FSBA would like to take this opportunity to thank the local school boards for their support during the past year. We have accomplished a great deal in Florida with your assistance and we look forward to a continued close working relationship with all school districts.

Please feel free to call us if you have any questions or need assistance.
