Standard appeal: *County Office/ Superintendent or Designee
OPEN schools to accept students residing out of the schools' established zones	All other elementary schools and junior highs are OPEN based on grade level space availability.	Standard appeal: *County Office/ Superintendent, or Designee *Board Action

***** Please note:**

At the school level you may give consideration for SPR based on current Board Policy 4.06 which includes: (documented) medical condition (of the student); Seniors (those students entering their senior year); students who reside in Clay County who currently have an approved SPR will not need to reapply to continue attending that school next year. Principals will have the right to rescind the SPR at anytime attendance, grades, behavior, etc. become issues and return students to their zoned schools if necessary.

Board Policy 4.06(D) states that “Persons claiming extenuating circumstances to leave a zone which they have been redistricted to attend should be prepared to present documentation to the Superintendent and/or Designee.”

Out of district N.J.R.O.T.C. students currently enrolled in the program for (2009/2010 school year) are automatically grand-fathered to continue **if** remaining in the program for 2010/2011 and **will need** to apply by SPR to continue attending that school next year.

PLEASE be sure that all rising 8th graders make course selections at the school they are zoned to attend, **not** school of choice.

GUIDELINES FOR APPROVAL: *Board Policy 4.06(C)*, keeping projected enrollment, current space available and staff allocations as a major focus, Principals will have the right to rescind the SPR at anytime attendance, grades, behavior, etc. become issues and return students to their zoned schools if necessary.

School Board Rule 4.06(B) **Employees** are approved for Special Pupil Request/Non-Resident Admissions following the guidelines stated. Please note that **substitute teachers are NOT employees of the CCSB** for the purposes of Special Pupil Request. Students of employees must maintain successful grades, regular attendance, and good discipline.

CHILD CARE: (Applicable to students Pre-K-6 ONLY) Parents desiring a special pupil request because of before/after school care may make application provided the day care provider is located within the attendance area of the requested school **AND** the requested school is open. Your approval is based on the above stated guidelines regarding enrollment, space availability and staff. **THIS IS A CONSIDERATION - NOT part of Board Policy.**

NON-RESIDENT ADMISSIONS

The following information is applicable **ONLY** if the school has space available. Clay County's process for Non-Resident admission must be followed for all Non-Resident requests as stated below:

NON-RESIDENT ADMISSIONS: Board Policy: 4.06(B) EMPLOYEES, 4.06(E) others. PLEASE **note non-resident employees** need only obtain release from their County of residence and write a letter requesting admission giving student's full name, grade, school to attend, and parents SDCC work location. **All others** need to obtain their County's release and complete the Non-Resident Request for Admission paperwork. Guidelines for consideration, when the appropriate paperwork is received, are as follows:

EMPLOYEES: Employees' children may attend where parent requests as long as satisfactory grades, attendance, and discipline are maintained.

COACHES (contracted services): Children of coaches (hired through contracted services) may attend where the parent requests as long as satisfactory grades, attendance and discipline are maintained.

SUBSTITUTES: Substitute teachers are NOT considered full-time employees; therefore, their request for admission must be based on residency requirements and are not automatically accepted.

"FUTURE" CLAY COUNTY RESIDENTS: Parents must provide the school a notarized copy of their contract, with a copy of the Building Permit, to apply for admission into **Clay County**. The Building Permit must be active and identify a reasonable completion date (not more than four (4) months).

PRIVATE COMMUNITY SCHOOLS: No automatic privileges will be extended to Private School students. They will be considered through the normal "SPR" or "Non-Resident Admissions" process and guidelines.

KHE

CURRENT NON-RESIDENT STUDENTS: Students currently attending KHE for the 2009/10 school year may reapply for admission into Clay County at KHE for the 2010-2011 school year. This procedure applies only to non-resident business owners and non-resident school board employees.

CURRENT NON-RESIDENT STUDENTS OF BUSINESS OWNERS: School District of Clay County will accept children of business owners who operate their business within the KHE school zone during the 2010-2011 school year. The children of business owners may receive NON-Resident status in the school zone in which the business operates. Business owners must supply the following when seeking Non-Resident status.

1. Student release from school district where residence is located.
2. Valid Keystone Heights business license.
3. Title or lease agreement of property indicating business location.

Note: This special consideration is not extended to holders of business licenses for seasonal sales, door to door sales, or vehicular vending sales.

The principal of KHE will request that all students currently enrolled provide **proof of residency** to continue their enrollment at KHE for the 2010/2011 school year.
