NON-RESIDENT ADMISSIONS

The following information is applicable **ONLY** if the school has space available. Clay County's process for Non-Resident admission must be followed for all Non-Resident requests as stated below:

NON-RESIDENT ADMISSIONS: Board Policy: 4.06(B) EMPLOYEES, 4.06(E) others. PLEASE **note non-resident employees** need only obtain release from their County of residence and write a letter requesting admission giving student's full name, grade, school to attend, and parents SDCC work location. **All others** need to obtain their County's release and complete the Non-Resident Request for Admission paperwork. Guidelines for consideration, when the appropriate paperwork is received, are as follows:

EMPLOYEES: Employees' children may attend where parent requests as long as satisfactory grades, attendance, and discipline are maintained.

COACHES (contracted services): Children of coaches (hired through contracted services) may attend where the parent requests as long as satisfactory grades, attendance and discipline are maintained.

SUBSTITUTES: Substitute teachers are NOT considered full-time employees, therefore, their request for admission must be based on residency requirements and are not automatically accepted.

"FUTURE" CLAY COUNTY RESIDENTS: Parents must provide the school a notarized copy of their contract, with a copy of the Building Permit, to apply for admission into **Clay County**. The Building Permit must be active and identify a reasonable completion date (not more than four (4) months).

PRIVATE COMMUNITY SCHOOLS: No automatic privileges will be extended to Private School students. They will be considered through the normal "SPR" or "Non-Resident Admissions" process and guidelines.

KHE

CURRENT NON-RESIDENT STUDENTS: Students currently attending KHE for the 2008/09 school year may reapply for admission into Clay County at KHE for the 2009-2010 school year. This procedure applies only to **non-resident business owners** and **non-resident school board employees.**

CURRENT NON-RESIDENT STUDENTS OF BUSINESS OWNERS: School District of Clay County will accept children of business owners who operate their business within the KHE school zone during the 2009-2010 school year. The children of business owners may receive NON-Resident status in the school zone in which the business operates. Business owners must supply the following when seeking Non-Resident status.

1. Student release from school district where residence is located.
2. Valid Keystone Heights business license.
3. Title or lease agreement of property indicating business location.

Note: This special consideration is not extended to holders of business licenses for seasonal sales, door to door sales, or vehicular vending sales.

The principal of KHE will request that all students currently enrolled provide **proof of residency** to continue their enrollment at KHE for the 2009/2010 school year.
