

Recommendation for Bid Renewals May 17, 2007:

- a. Computer Aided Design & Drafting Services #05-F-185
Recommend bid be renewed with ETS(Engineering Technical Support). This is the 2nd renewal.
Allyn Tidball, P.E. and ETS responded to bid. Allyn Tidball P.E.'s price was \$75.00 per hour, ETS's price was \$37.50 per hour.
- b. Metal Door Replacement #07-MA-281
1st renewal—Door Solutions was the only vendor bidding. Due to rising cost of metal products and labor, recommend renewal to Door Solutions. Bid includes all labor, material and equipment (excluding lock cylinders) to retrofit and replace metal doors in existing jambs.
- c. FNS-03-05 Frozen Novelties
2nd renewal—received pricing from Blue Bell, DeConna and Velda Farms on original award. Bid is for ice cream products for School Food Service. Renewal is recommended due to the fact that dairy prices are increasing. Vendors are more competitive when they know there are renewal clauses in the bid. This is because schools are steady business and contributing to their cash flow.
- d. FNS-1-05 Dairy Products
2nd renewal—received pricing from Velda Farms and T.G. Lee on original award. Bid is for milk products and orange juice for School Food Service. Renewal is recommended since escalated pricing is built into bid based on USDA formula and requirement.
