

appropriate placement and course prerequisite requirements and pay the college admission application fee.

7. The credits will be included on the student's official post-secondary transcript with the designation of passed and counted toward the appropriate degree or certificate. (Following provisions of the Southern Association of Colleges and Schools, or the Council of Occupational Education, these courses will be identified as accelerated credit in the appropriate discipline and identified on the post-secondary transcript as such).
8. Additional credit hours can be earned through completion of dual enrollment courses.

This agreement shall be reviewed on an annual basis. Revisions to the Career Pathways may be made at any time with the approval of all parties. The parties agree that student data will be made available to St. Johns River Community College for the purposes of student tracking and follow-up. Articulation agreements and programs of study may be found with each institution participating in this agreement. A summary chart is attached.
