VISION HIGHLIGHTS

200+ CTE SESSIONS—VISION 2015's information-rich educational agenda will give you the opportunity to learn from your peers, hear from education experts and industry leaders, and gain practical tools that you can take back to your schools.

CAREER PAVILION—Back by popular demand and as a part of ACTE's new Career-Readiness initiative, representatives from employment sectors, such as hospitality, transportation and construction, will showcase career opportunities and offer resources to help you get your students excited about their future career path.

CAREERTECH EXPO—Featuring 200+ companies showcasing the latest CTE products and services, CareerTech Expo also offers exhibitor workshops, a new Networking Reception, and numerous opportunities to connect with the diverse community of CTE professionals.

ABUNDANT NETWORKING OPPORTUNITIES—More than 3,500 individuals, representing all facets of CTE programming and positions, will convene at VISION 2015 for four days of learning, professional development and meeting with peers, educators and thought leaders from across the nation.

STEM AND PROJECT-BASED LEARNING—Hear how educators are integrating STEM and project-based learning skills into their CTE and academic core curricula, and learn how to advocate for increased funding through the Perkins Act and other sources.

ACTE AWARDS BANQUET—Kick off VISION 2015 by celebrating distinguished CTE professionals, programs and organizations in an evening of elegance and ceremony.

GENERAL SESSIONS

FRIDAY GENERAL SESSION

ADAM BRAUN
Founder, Pencils of Promise

Founder of a nonprofit organization that has broken ground in more than 200 schools and delivered millions of educational hours across the world, Adam Braun's revolutionary "for-purpose" approach blends for-profit acumen with transformative social change. Empowering youth to find their passion and purpose, Mr. Braun was selected as one of the first ten World Economic Forum Global Shapers and is the *New York Times* best-selling author of *The Promise of a Pencil: How an Ordinary Person Can Create Extraordinary Change*.

SATURDAY GENERAL SESSION

BACK BY POPULAR DEMAND!

VISION Talks make up the General Session that's fast, fun and energetic! Speakers will have 14 minutes each to share fresh ideas that leave you ready to make a difference! ACTE is pleased to present our first three VISION Talk speakers.

TARA BERESCIK
New York Agricultural Sciences Teacher

Trained as a DuPont Agriscience Ambassador, Tara Berescik provides skill-based learning to her high school students, who regularly earn more than 500 hours of community service. She has orchestrated educational trips to Costa Rica, Australia, New Zealand, Scotland, Ireland, and Spain. Closer to home at Tri-Valley Central School in New York, Ms. Berescik and her students run an in-class flower shop and a small animal care lab.

ACTE's CareerTech
VISION
2015

KID CHEF ELIANA

Named one of the Top 10 Most Famous Kid Critics and Cooks in the world by The Daily Meal, and the 2014 Best Up and Coming Chef in Louisiana by the New Orleans' Chapter of the American Culinary Federation, Eliana is a 14 year old on the move. Hosting a global weekly radio show called "Cool Kids Cook" on VoiceAmerica Kids, her mission is to educate and encourage kids everywhere to become culinary explorers.

JASON WETZLER Student, Oklahoma State University

Studying agricultural education at Oklahoma State University, Jason Wetzler is cultivating his education and skills to serve a nonprofit organization that focuses on local and global community needs. As an undergraduate, he has conducted hundreds of visits with Members of Congress and advocated the value of agriculture, service and CTE programming at local and national levels.

SUNDAY GENERAL SESSION

DAN MEYER Digital Mathematics Curriculum Consultant

Dan Meyer works diligently to translate the world outside the classroom into an engaging and fun math problem for today's high school students. As a former high school math teacher and a current Ph.D. candidate in math education at Stanford University, Mr. Meyer has advocated for more interesting secondary and postsecondary math curriculum on CNN, "Good Morning America," "Everyday With Rachel Ray," and TED.com.
